Confession With The Jesuits No. 21: Is Billy Graham Nothing But A Vatican Shill?

Researcher Darryl Eberhart provides interesting information answering the question in the affirmative.

24 Jan 2007

By Greg Szymanski

One of the best web sites on the net to get the inside scoop about Vatican intrigue, Jesuit deception and the real story about the spiritual controllers of the New World Order is at www.toughtopics.net put together by true patriot Darryl Eberhart.

Eberhart served in the U.S. Armed Forces for twenty years, which included three overseas assignments. He spent 11 1/2 years in the USAF as an enlisted member, and 8 1/2 years in the US Army as a warrant officer and commissioned officer.

He is a Christian who loves this Republic, our U.S. Constitution & Bill of Rights and the American people. He is committed to educating the public about the unfolding New World Order and subscribes to the motto: "The true patriot does not love his government. The true patriot loves his country and watches his government."

Eberhart has contributed before to running column, Confessions with the Jesuits, having also appeared as a guest on Greg Szymanski's radio show, The Investigative Journal, on the Republic Broadcasting Network at www.rbnlive.com.

In Confession No. 21, Eberhart provides these startling revelations about the truth about Evangelist Billy Graham and his connection with the Vatican, referencing a book written by Dr. Cathy Burns entitled *Billy Graham and His Friends: a Hidden Agenda?*

Dr. Cathy Burns, author of numerous excellent books, has written a great book exposing the ecumenical, New World Order, and New Age "connections" of many of Billy Graham's "friends." This paperback book contains 788 pages (544 pages of text plus lots of endnotes, a lengthy bibliography, and an excellent "index"), and was published in 2001 by Sharing.

Many Americans are unaware of the fact that a Roman Catholic Order (the Knights of Malta - an order under the command of the Jesuit Superior General) helped make Billy Graham a famous evangelist. Yes, Knights of Malta such as William Randolph Hearst and Henry Robinson Luce - extremely powerful men in the publishing world - "puffed" Graham and gave him the publicity necessary to launch and maintain his evangelical career. Billy Graham received an honorary degree from a Catholic institute of higher learning (Belmont Abbey College) in 1967. Graham had lots of kind words for ecumenically minded Pope John Paul II during his reign as pope. In fact, he called Pope John Paul II "the world's greatest moral leader". Graham's evangelical association has for years directed Catholics (who come forward at Graham's crusades) back to their local Catholic churches. Indeed, the connection between Billy

Graham and Roman Catholicism runs very deep!

Billy Graham has also been a friend to a number of high-level Freemasons (such as 33 degree Mason Norman Vincent Peale). (According to several sources, such as Texe Marrs of "Power of Prophecy", Graham himself is a high-level Mason.) Indeed, many famous persons have spoken quite favorably about Billy Graham; however, we would do well to take note that the Bible tells us: "Woe unto you, when all men shall speak well of you..." (See Luke 6:26)

Some of the famous "friends of Billy Graham" examined by Dr. Cathy Burns are: John Foster Dulles, Bernard Baruch, publisher Henry Robinson Luce, publisher William Randolph Hearst, Martin Luther King, Jr., Andrew Young, Robert Schuller, Armand Hammer, etc.

Dr. Cathy Burns tells us the following at the beginning of her book:

"This was not an easy book to write but...it has been extensively researched and documented. Many people will not like what has been uncovered - but I believe the truth should be shared with others. Many will want to hold to their cherished beliefs (no matter how false they are) - but I just ask you to read it and then check out the facts for yourself.

Remember, it is better to be disturbed by truth than to be deceived by falsehood."

Indeed, this editor of "Tackling the Tough Topics" believes that Dr. Burns' book Billy Graham and His Friends is a must-read book, and every American should, as Dr. Burns says, "check out the facts" for themselves.

Billy Graham and His Friends is \$27.50 postpaid. To order a copy by credit card from "Power of Prophecy", please call toll-free 1-800-234-9673. Or, make check or money order payable to "Power of Prophecy", and mail it to: Power of Prophecy // 1708 Patterson Road // Austin, TX 78733-6507.

[note] Billy Graham and His Friends is available for \$21.95 from the Liberty To The Captives secure online store.

Get Involved In Stopping Vatican-Led NWO: Join 'The Tour of Hope' By Forming A Committee In Your City Or Town

The 'Tour of Hope' is catching on world wide with groups and committees to fight deception and evil forming in U.S., Canada, Norway, Italy, France and Australia.

23 Jan 2007

By Greg Szymanski

The worldwide *Tour of Hope* is gaining a life of its own as people are responding from all corners of the globe only one week after it was officially announced by Leo Zagami, former high-level Illuminati insider and recent defector to the of truth.

Zagami defected four months ago from the ranks of the influential Monte Carlo P2 Lodge and has been trying to wake-up Americans to the inner Masonic evil-doings of the Vatican-led New World Order, desperately trying to create a one world government, one world religion and universal fascism.

To fight back, Zagami is organizing what he calls a " *Tour of Hope*", which is a grass roots worldwide organization to spread truth and peace in order to counter the evil New World Order's highly organized agenda, starting in the Vatican and trickling down to every corner of the globe, including America.

"No word is stronger than the word of God and we need to organize the people who follow the true word of God in all parts of the world to counter the evil being spread by worldwide government leaders, the Vatican and especially the evil Jesuits, who are the modern day Knights Templars working through deception and black magic," said Zagami Monday on Greg Szymanski's radio show, The Investigative Journal on the Republic Broadcasting Network at www.rbnlive.com.

"I was involved in the highest levels of the Masonic Lodges in both Monte Carlo and England due to my aristocratic Sicilian and English bloodlines. I was born into it, worked on Vatican radio and TV and until I really understand the true purpose of the Vatican- led New World Order and the real evil at the top levels, I thought I could change things from the inside.

"But when I realized that was impossible, I decided to go public with all of my inside information in order to alert people of the evil hiding behind the Vatican and the government leaders of the world, including those in the U.S.

"When I was in the Monte Carlo lodge, the top people simply thought of Americans as the future slaves of the upcoming New World Order empire. It's as simple as that and Americans need to wake-up."

Zagami announced on The Investigative Journal that his "Tour of Hope" idea has "spread wings quickly" across the globe with people in Canada, America, Norway, Italy, France and Australia already contacting him to take part in the grass roots peace organization, an organization geared at spreading the "inside truth about the Vatican, Freemasonry and the numerous sell-outs and traitors who are secretly working for the New World

Order," according to Zagami.

The concept of the Tour of Hope is simple, added Zagami, with Committees of Hope to be formed in cities and towns across the globe.

"We need to organize to fight evil as the enemy is well organized," said Zagami, whose website for more information about getting involved with the Tour of Hope can be found at www.illuminaticonefessions.webfriends.it.

"We already have speaking engagements set up in Detroit, St Petersburg, Fl., in Canada and several other locations being worked on as we speak. Greg of the Investigative Journal has agreed to help out and appear the initial speeches in order to network this idea throughout America and the rest of the world."

If interested in taking part in the Tour of Hope and forming a Committee of Hope, what is needed is at least six people in each city or town. Once the Committee is formed Zagami and Greg, the host of the Investigative Journal, have agreed to come and speak to kick-off the organization and help make it grow.

"The idea is then to network, get other speakers and form a Tour of Hope web site," said Szymanski, adding the information Leo Zagami is bringing forward is vital in order that America survive and once again become a free country. "He has inside information on how the Vatican organized 9/11 as well as telling Americans who are the real culprits pulling the New World Order strings both here and abroad."

To get involved with the Tour of Hope and to form a Committee of Hope, contact Zagami at his web site or contact the Arctic Beacon at arcticbeacon@earthlink.net or call Greg personally at 509-242-9681.

Torture And Child Abuse Documented By Whistle Blower In The Drug Free America Programs

According to Jeff Fisher: "Drug Free America employs absolutely horrific methods on its victims, it receives funding for its projects from AIPAC, and has criminal leaders and players extending to the very top of the Catholic Church of Rome."

20 Jan 2007

By Greg Szymanski

Jeff Fisher came forward Thursday on The Investigative Journal radio show on The Republic Broadcasting Network (www.rbnlive.com), detailing widespread nationwide child abuse taking place under the cover of the Drug Free America program.

Fisher learned of the abuse while working as a part time teacher at the Baypoint School in Florida, the same school ousted Florida Republican Congressman Mark Foley worked as an administrator, according to Fisher.

"Drug Free America employs absolutely horrific methods on its victims, it receives funding for its projects from AIPAC, and has criminal leaders and players extending to the very top of the Catholic Church of Rome," said Fisher.

He added that Foley was aware of the abuse at Baypoint and did nothing to stop it, adding more headaches for the former Congressman who was embroiled in a scandal which broke in September 2006.

The Foley scandal centered on emails and sexually explicit instant messages sent by Foley to young men who had formally served as congressional aides. The scandal led to Foley's resignation from Congress on Sept. 29, 2006.

Besides Foley, Fisher implicated former Ambassador to Italy, Mel Sembler, with allowing the abuse to continue at Baypoint as well as other locations across the United States born and bred by "The Straights", which were controversial drug treatment centers run by Sembler, now known as Drug Free America.

For many years virtually nothing was known about Sembler in America, but behind the scenes many people have been seeking to put him behind bars for widespread child abuse documented by many families involved with "The Straights."

For 17 years, Sembler founded and ran "Straight, Inc." a network of group homes for drug addicts, whose severe methods have led to numerous legal and civil suits on the part of ex-patients.

However, according to an article appearing in The Peace Report in March of 2005 his drug-free program was steeped in controversy. The article had this to say:

"According to dozens of charges brought to court, in Sembler's centers the patients were beaten, deprived

of food, and forced to sit in the same position all day. There are instances of some clients being made to sit in their own feces, urine, and vomit. Some girls were even forced to sit in their own menstrual blood. Older members were encouraged to spit in newer members' faces, and patients were compelled to recount their most humiliating sexual experiences. Superiors ordered senior patients to abuse the newcomers. "Straight does something very close to psychic homicide," says Marge Robertson, former head of the local section of the American Civil Liberties Union, speaking about the Cincinnati center. "We're talking about the same abuses and torture that provoked scandal at Abu Ghraib," Fager insists, "At the Straight centers, that conduct was the norm."

"Some of the charges of mistreatment lead to convictions and the paying out of large settlements. One after another, the Straight group homes finally closed in 1993. Some of the directors subsequently opened new centers with different names but similar methods, but it was the end of the largest drug rehabilitation program ever founded in the United States, a business that generated almost 100 million dollars. Although its ending was inglorious, Sembler - already nominated ambassador to Australia by Bush père - escaped virtually untouched. Shopping centers built by the Mel Sembler Company continued to sprout up across the United States, especially in Florida. One of them, in Saint Petersburg, was accused of racism by the local Afroamerican community because of the methods used by security guards to target black youths and because, out of 450 employees, only one was black.

"For the most part, Sembler is known only to those who have come into contact with his group homes and shopping centers. Except for a brief appearance during the Sgreña affair, he makes little news, just another one of the many US ambassadors throughout the world. But recently he achieved a distinction which earned him an article in the Washington Post, when he bought a stupendous Roman building for the embassy for the expansion of diplomatic offices. The ambassador chose to name the newly-acquired building after himself: the Mel Sembler Building. For the first time in American history, a diplomatic building has been named after a sitting ambassador."

According to Fisher's comments on Greg Szymanski's radio show Thursday, he said the abuse is still going on under the Drug Free America program, being covered up by high level Washington politicians, high level Vatican priests and law enforcement.

"My life has been threatened just for trying to get at the bottom of the child abuse and for trying to expose the true perpetrators," said Fisher. "I have presented solid evidence to every Congressman and Senator on Capitol Hill but nobody wants to touch Sembler with a 10 foot pole. While the politicians, including Vatican priests continue to cover everything up, children are being tortured and abused, some even killed."

In Fischer's radio interview, he illustrated the following main points:

--Baypoint School and Growing Together were drug programs, born and bred by "The Straights", a controversial drug-treatment center that later became Drug Free America.

http://mp3.rbnlive.com/Greg/0701/20070118_Thu_Greg1.mp3

Drug Free America employs absolutely horrific methods on its victims, it receives funding for its projects from AIPAC, and has criminal leaders and players extending to the very top of the Catholic Church of Rome.

--The Jesuit order, especially their Zionist operatives, control and operate Drug Rehab Programs which are used for crimes so horrific that only seeing the evidence makes you know they exist.

http://mp3.rbnlive.com/Greg/0701/20070118_Thu_Greg1.mp3

--For over 50 years and counting, the Jesuit order and Catholic Guardians have covered up Mel Sembler's knight-hood in the Knights of Malta as well as his vicious and terrible crimes against innocent children and victims all over the schools.

--When justice is served, they will all be put behind bars. Taking down the DEA-sponsored Drug Free America Foundation would totally destroy the Jesuit order, it has all their worst witches and priests in

Authority positions from the bottom on up.

<http://mp3.rbnlive.com/Greg07.html>

--Joe Klock is just a taste of the horrible people that have taken over drug-rehabs, destroyed society and corrupted every part of the electorate. Dark students of the Synanon Church, Charlie Crist, Joseph Klock, Father Cassian and Father Sheridan are among the most evil people in America who are alive today and in positions of authority.

--Cardinal Egan of New York continues to help them cover it up. Further research and study will leave you left with no doubt in your mind, that this is the Anti-Christ. And the Pope leads the Anti-Christ church of the damned. For even bringing these terrible crimes up, Jeff Fisher, David Sanders and other witnesses were arrested and beaten.

Was The Devious And Inquisitive 'Curious George' Television Monkey Created After Daddy Bush?

Some say the television monkey's co-writer, Alan J. Shalleck was recently killed for wanting to expose that Daddy Bush is really the son of inventor Nikola Tesla's Nazi accountant, George H. Scherff, Sr.

18 Jan 2007

By Greg Szymanski

In February 2006, a story appeared in an Orlando Florida daily newspaper about the murder of Alan J. Shalleck, the co-writer of the "Curious George" books. He was also instrumental in bringing the very curious little monkey to television.

Here are the first three paragraphs to the story:

"Updated: 2:54 p.m. ET Feb. 9, 2006

ORLANDO , Fla. - Two men have been charged with first-degree murder in the death of Alan J. Shalleck, 76, who co-wrote "Curious George" books and helped bring the very curious little monkey to television.

Rex Spears Ditto, 29, and Vincent Puglisi, 54, were arrested shortly before midnight on Wednesday and confessed to a home invasion, murder and robbery of Shalleck, Sgt. Gladys Cannon of the Boynton Beach police said Thursday.

Shalleck's bloodied body was discovered Tuesday under a pile of plastic garbage bags in a driveway at Royal Manor Estates by a maintenance supervisor who went to haul away what appeared to be a pile of trash, police said."

What makes this story even more interesting, according to several patriot researchers, is that the inquisitive and devious little monkey was named after George H. W. Bush. Further, the creation of the monkey involves the great inventor, Nikola Tesla, two of his Jewish immigrant friends who survived the Holocaust and the "Curious George" fact that Daddy Bush may actually be the son of Tesla's traitor accountant, George H. Scherff Sr.

Regarding the creation of the "Curious George" television monkey and the recent murder of one of the monkey's creator, patriot Brother John apprised the Arctic Beacon with these very "Curious George" yet to be verified facts:

FOR THOSE OF YOU WHO DO NOT KNOW THE REAL STORY OF HOW THE CHARACTER "CURIOUS GEORGE" THE MONKEY WAS CREATED... WELL THEN, YOU ARE IN FOR A REAL TREAT...

DURING THE 1940'S, THE GREATEST INVENTOR WHOEVER LIVED, DR. NIKOLA TESLA WAS VERY GOOD FRIENDS WITH TWO JEWISH IMMIGRANTS WHO WERE WRITERS/ARTISTS: H.A. & MARGARET REY.

THE REYS HAD JUST BARELY ESCAPED FROM THE NAZIS WHILE FLEEING NAZI-OCCUPIED FRANCE ON BICYCLES...THE REYS WERE TELLING DR. TESLA ABOUT THEIR ORDEAL WITH THE NAZIS AND COMPARED THE NAZIS TO A BUNCH OF EVIL, DEVIOS MONKEYS!

TESLA LAUGHED AND THEN TOLD THEM HIS OWN STORY ABOUT AN EVIL, DEVIOS LITTLE NAZI "MONKEY" NAMED GEORGE H. SCHERFF JR. THE SON OF HIS ACCOUNTANT GEORGE H. SCHERFF SR.

TESLA TOLD THEM THAT GEORGE WAS EVIL, DEVIOS & AS "CURIOUS" AS A MONKEY! HE WAS ALWAYS SNOOPING AROUND TRYING TO STEAL FROM TESLA & GETTING INTO TROUBLE BECAUSE HE WAS JUST SO CURIOUS!

TESLA SUGGESTED TO H.A. & MARGARET REY THAT THEY WRITE CHILDRENS' BOOKS ABOUT A DEVIOS, EVIL "LITTLE" MONKEY THAT WAS ALWAYS GETTING HIMSELF INTO TROUBLE BASED ON THE "ESCAPADES" OF GEORGE H. SCHERFF JR. AKA: GEORGE H.W. BUSH. THEY NAMED THAT DEVIOS EVIL LITTLE MONKEY, "CURIOUS GEORGE!"

THE REST IS HISTORY! NOW YOU KNOW HOW THE EVIL, DEVIOS LITTLE MONKEY "CURIOUS GEORGE" WAS REALLY CREATED!

"CURIOUS GEORGE" THE EVIL, DEVIOS LITTLE MONKEY WAS NAMED AFTER GEORGE H. W. BUSH! UNLIKE THE REAL GEORGE, THE FICTIONAL CARTOON CHARACTER "CURIOUS GEORGE" IS NOT A NAZI.

THE C.I.A. HAD THE CO-AUTHOR OF CURIOUS GEORGE, ALAN J. SHALLECK MURDERED TWO MONTHS AGO. SHALLECK WAS MURDERED TO PREVENT HIM FROM TALKING ABOUT WHO CURIOUS GEORGE WAS REALLY NAMED AFTER...GEORGE H. SCHERFF JR. AKA: GEORGE H.W. BUSH! EVIDENTLY, DEAD MEN TELL NO TALES!

SHALLECK WAS MURDERED BY THE C.I.A. JUST THREE DAYS BEFORE A MOVIE ABOUT CURIOUS GEORGE THE MONKEY WAS TO BE RELEASED IN MOVIE THEATERS WORLDWIDE. COINCIDENCE? NAH!

Regarding information that Daddy Bush is actually named George H. Scherff, Jr., and the son of Tesla's traitor Nazi account, Eric Orion of Florida provided this information as related to the Arctic Beacon after Orion received the following information from notorious Nazi criminal, Otto Skorzeny.

Is George H.W. Bush Really Prescott Bush's Son? Or Is He The Son Of Inventor Nikola Tesla's German-Born Accountant, George H. Scherff, Sr.?

Eric Orion in his yet to be published book, The Bush Connection, claims SS Nazi, Otto Skorzeny, told him in a death bed confession that Bush has been lying all along about his identity and was born in Germany, the son of Tesla's accountant.

21 Jan 2006

By Greg Szymanski

The history books say Hitler's personal body guard and henchman Otto Skorzeny died in 1975.

Eric Orion of Florida says the former Nazi killer was alive and well only a few years ago, living under a fake CIA alias as a south Florida carpenter.

According to Orion, Skorzeny died several years ago at the ripe old age of 95 but not before he spilled out his guts to him in a death bed confession.

And after hearing Skorzeny's story -- a story so bizarre and incredible -- it simply leaves mouths hanging wide open, wondering how in the world this could happen in America.

"I was dating this girl in south Florida and her father turned out to be the feared Nazi SS body guard to Hitler, Otto Skorzeny," said Orion in an extended conversation from his Florida home, adding Skorzeny spilled the beans himself, not his x-girlfriend who remains tight lipped about her father's past. "When I met him, he was 90 but looked a lot younger. He was 6'4" with the biggest hand I ever shook in my life."

Recently, Orion also was a guest on Greg Szymanski's radio show, The Investigative Journal, where he claimed, based on Skorzeny's allegations, the American government has been lying since 1945 about the identities and whereabouts of thousands of former Nazis given safe haven and living in America today.

Orion also said Skorzeny gave him "a shoebox full" of never before published pictures, linking many high-ranking American officials to Nazi war criminals, as well as information that George H. Bush has been lying about his true identity and was really the adopted son of Prescott Bush.

He also claims that Hitler was given safe haven in America and Nazi criminals, Dr. Josef Mengele, nicknamed the Angel of Death, and Nazi SS killer, Reinhard Gehlen, were still alive and walking the streets of America as of three years ago.

"I met with Skorzeny on three separate occasions for roughly five hours and he said that George H.W. Bush was and is a SS Nazi spy born in Germany as George H. Scherff, Jr.," said Orion. "He told me that Bush was really the son of Dr. Nikola Tesla's German born, illegal immigrant accountant, George H. Scherff, Sr., being later adopted by Prescott Bush.

"Apparently, according to Skorzeny, in 1938, Hitler sent 14-year-old George Jr. to befriend, spy and kill Tesla, who later on Jan. 6, 1943, was actually killed by Skorzeny and SS Nazi Reinhard Gehlen. Bush, however, later forged a birth certificate while Prescott Bush, a known Nazi, adopted him, covered his real identity and later helped him join the Navy under false pretenses."

Asked if he thought Skorzeny had any reason to lie and why he was chosen to hear his deathbed confession, Orion added:

"No, I believe he is for real. His pictures matched up with the history books and he told me he was coming forward with this information because the Bush family had cheated him out of a lot of money over the years. In the end, I think he wanted to get even and there were so many specifics that later I verified, leading me to believe he was telling me the truth.

"I also spent five years researching this information and have written a book, called The Bush Connection, yet to be published. Like I said my book took five years of painstaking research to complete and my motivation was to show Americans how our government illegally brought over 50,000 Nazis to America to create a New World Order and Fourth Reich in America under the guidance of George H. Bush.

"I also want to say that I've learned throughout the course of my research that our government is still protecting these Nazis, like they did Skorzeny up until his death."

After learning about the damaging Bush information and the underground network to hide Nazis, Orion went to the Justice Department for help but instead received nothing but harassment and death threats.

"They came after me big time," he said. "Right after I told them I was at my girlfriend's house and her mother went white as a ghost after receiving a phone call. I think she was informed that I was on to her husband's

identity.

"That night after I left Skorzeny's house, I was followed, run off the road and it looked like one of the men in the car had a handgun. They are also tracking my mail, as well as hacking into my computer and keeping a close eye on my activities."

Besides the Bush allegations, Skorzeny laid several other bombshells on Orion, including the truth about Adolph Hitler's death and that Bush's role as a war hero was intentionally fabricated.

"Skorzeny told me he helped fake Hitler's suicide in 1945 and actually shot Hitler's double between the eyes, leaving him there in place of Adolph," said Orion. "He then said that he flew off with Hitler and SS Nazi pilot Hanna Reitsch to safety in Austria. Skorzeny then told me he turned himself in to Americans and later helped co-found the American CIA with Nazi George H. Scherff, Jr., aka George H. Bush."

Orion also said that Skorzeny confirmed reports that already surfaced in the New York Post made by an old war buddy of Bush, Chester Mierzejewski, who questioned Bush's account of how his plane went down during World War II, leading to his so-called "hero status."

In the article, Mierzejewski, who was a recipient of The Distinguished Flying Cross, claimed he had a bird's eye view of the Bush cockpit when he saw Bush abandon his crew and bail out, leaving his two crew members to die.

Robert Flood, a former B-17 bombardier, also claimed Bush was "no war hero," saying he violated the primary rule for a captain of a multi-crew aircraft.

"The pilot never leaves the airplane with anybody in it," said Flood.

Orion said that Skorzeny told him the CIA is really Hitler's "Third Reich" in America, the agency being created to manipulate intelligence and lie to the American people.

Going back to the stolen Tesla technology and the CIA's role, he added:

"The CIA uses stolen Tesla technology, according to Skorzeny, to spy on Americans and manipulate the weather. There are thousands of satellites orbiting the earth that project high intensity positively charged laser beams to certain areas on the earth. These positively charged laser beams enable the New World Order Nazis/C.I.A. to use their stolen Tesla Technology to manipulate the weather & to transmit extremely low frequency "elf" waves with subliminal messages for mind control purposes.

"When HAARP is active, giant space based lasers simultaneously aim their beams to a central "spot" on earth. That "spot" will then experience severe droughts, hurricanes, tornados or earthquakes. Spontaneous Human Combustion or "SHC" occurs when these lasers are pointed directly at human beings.

"Hurricane Katrina was allegedly a man-made disaster. Bush was quick to mention that it was a "natural disaster." It was created to distract America's attention away from Bush's latest unqualified fascist neo-con, Supreme Court of Injustice appointees.

"Eyewitnesses allegedly saw the levees in New Orleans being blown up by US soldiers after they had survived the storm intact. Katrina was a low, Category 3 storm. Not a CAT 4 or 5 as initially claimed! The levees were intentionally blown up to help Bush's neo-con insurance company cronies. Most homes are covered by wind damage insurance only. Not flooding. If the houses were damaged by flooding instead of wind damage then the insurance companies do not have to pay out any claims.

"This man-made diversion allowed Bush & OPEC the opportunity to "rape" the American tax payers once again by increasing the price of gas for no legitimate reason other than to make billions of dollars of profit at their expense!"

Dr. Horowitz Admits He Was "Knighthed" By Knights Hospitaller

The consumer health activist issues official statement, claiming no allegiance to Pope. A number of patriots still disagree, saying Knights Hospitaller and Knights of Malta are one in the same, having same intent and purpose

17 Jan 2007

By Greg Szymanski

Consumer health activist Dr. Len Horowitz admitted he was "knighthed" by the Sovereign Orthodox Order of the Knights Hospitaller of St. John of Jerusalem, but said he has done nothing to compromise his stance as a "true patriot."

In a phone conversation Horowitz told the Arctic Beacon he has been unjustly persecuted by "certain patriots" who claim he has sold out to Vatican interests instead of being a true patriot and advocate of the people.

Although Horowitz admitted to being knighted for meritorious service in the health industry, he said the Hospitallers are not the same as the Knights of Malta.

However, several patriots disagree, saying the Hospitallers and the two groups are essentially "tied at the hip and one in the same.

Further, the Hospitaller official web site and a Wikipedia explanation seem to agree with Horowitz's critics.

Here is the Wikipedia explanation in part. For a complete explanation go to http://en.wikipedia.org/wiki/Knights_Hospitaller

The Knights Hospitaller (also known as the Sovereign Order of Saint John of Jerusalem of Rhodes and of Malta, Knights of Malta, Knights of Rhodes, and Chevaliers of Malta) is an organization that began as an Amalfitan hospital founded in Jerusalem in 1080 to provide care for poor and sick pilgrims to the Holy Land. After the conquest of Jerusalem in 1099 during the First Crusade it became a Catholic military order under its own charter, and was charged with the care and defense of pilgrims to the Holy Land. Following the loss of Christian territory in the Holy Land, the Order operated from Rhodes, over which it was sovereign, and later from Malta where it administered a vassal state under the Spanish viceroy of Sicily. Although this state came to an end with the ejection of the Order from Malta by Napoleon, the Order as such survived.

The Sovereign Military Hospitaller Order of St. John of Jerusalem of Rhodes and of Malta (abbreviated SMOM) is considered to be the main successor to this tradition. The Order of the Dames of Malta is the female auxiliary to the Knights.

The modern Sovereign Military Order of Malta

Official flag of the Order of Malta The Sovereign Military Hospitaller Order of Saint John of Jerusalem of Rhodes and of Malta, better known as the Sovereign Military Order of Malta or SMOM, remains a Catholic order which claims sovereignty under international law and has been granted permanent observer status at the United Nations, although its claims of sovereignty are disputed by some scholars. [2] SMOM is considered to be the direct successor to the medieval Knights Hospitaller, also known as the Knights of Malta, and today operates as a largely religious, charitable and hospitaller organization.

Name and motto

The full official name is Sovereign Military Hospitaller Order of St. John of Jerusalem of Rhodes and of Malta (in English) or Sovrano Militare Ordine Ospedaliero di San Giovanni di Gerusalemme di Rodi e di Malta (in Italian). Conventionally, they are also known as the Order of Malta. The Order has a large number of local priories and associations around the world but there also exist a number of organizations with similar-sounding names that are unrelated, including several fraudulent orders seeking to capitalize on the name. The Order's motto is Tuitio Fidei et Obsequium Pauperum (Latin for Defence of the faith and assistance to the poor).

Regarding the knighting of Horowitz, which came a shock and disappointment to a number of patriots, Eric Jon Phelps, religious historian and author of Vatican Assassins, had this to say:

"Mr. Horowitz is a smart man and I can't believe he doesn't know or understand the history, intent and purpose of the organization he has joined. I think he is trying to confuse people.

"This is a great disappointment. May the risen Son of God, the Lord Jesus Christ, grant this racial Jew and professing Bible-believing Christian repentance for his infamous act.

"He has betrayed his own racially Jewish/Hebrew people---massacred by Knights of Malta who were members of Himmler's "Circle of Friends"---his racial brethren who are now slated for total annihilation here in North America thanks to Jesuit Temporal Coadjutor George Bush's "War on Terror."

In a statement released on behalf of Horowitz by Jackie Lindenbach of the his Tetrahedron Publishing Group, it said in part:

Responding to allegations that his work has been corrupted by secret societies and the papacy, Dr. Horowitz chides, "That's fine, anyone questioning my integrity and contributions to humanity should just go get vaccinated."

The full statement issued by Horowitz reads as follows:

Horowitz Knighting Irks Some Alleged "Patriots"

Hilo, HI-The meritorious knighting of consumer health activist Dr. Leonard G. Horowitz by the Sovereign Orthodox Order of the Knights Hospitaller of St. John of Jerusalem has some American patriots questioning the internationally respected humanitarian's allegiances.

The honor of knighthood was granted to Dr. Horowitz for his quarter century of humanitarian service to public health, consumer education, AIDS research, and natural healing advocacy. The ceremony required his vow that he would continue this work and his chivalry.

Questions came when a frivolous and false article was issued by Dave Gordon, a self-proclaimed American patriot, and immediately distributed over the Internet by Canadian talk show host Greg

Szymanski. Neither contacted Dr. Horowitz for comment prior to issuing the article condemning a different order of the Knights of Malta, and its Papal connection.

Responding to allegations that his work has been corrupted by secret societies and the papacy, Dr. Horowitz chides, "That's fine, anyone questioning my integrity and contributions to humanity should just go get vaccinated."

Gordon's defamation insinuated Horowitz's knighting was issued by the pope, and that the Knights of Malta presented the award. The real facts were available on www.drlehorowitz.com, the doctor's official website, since November, 2006. Gordon neglected these, and falsely claimed Horowitz was "unavailable for comment."

"For the mentally-handicapped desiring reassurance, my meritorious knighting by the Knights Hospitaller stems from my work exposing petrochemical/pharmaceutical industrialists that conduct genocide in the name of 'public health,' and under the guise of 'national security.' Knights like me are being increasingly recognized by this organization with support from leaders within the World Organization for Natural Medicine and the wholistic health care movement at large."

It is easy to discern a person's integrity, Dr. Horowitz, suggests, "Ye shall know them by the fruit of their labor."

Mr. Gordon, said to be a Christian and American patriot, seems to have dispensed with this wisdom of discernment, and attacks Horowitz whose works and educational initiatives have saved thousands of children's lives, and spared hundreds of thousands of families from the atrocities of vaccine injuries.

Besides this, Horowitz is currently advancing a global "Concert for the Living Waters" that may help fulfill the prophesy of a peaceful planet heralded in Revelation 14:1-3 (See: www.liveh2o.org). In recent weeks he freely posted his 16th book, LOVE the Real Da Vinci CODE, at www.lovetheRealdavincicode.com, a book that decrypts Leonardo Da Vinci's most famous drawing, The Vitruvian Man, that Horowitz says maps and models Divine-human communion using "the Creator's musical scale" and "The Perfect Circle of Sound."

Moreover, Judeo-Christian ministries served by the doctor are exclusively funding lawsuits against the State of Hawaii Department of Health and Department of Education to preserve rapidly diminishing religious freedoms. The legal filings have been freely downloadable from Dr. Horowitz's website, www.drlehorowitz.com, to help preserve the right for religious families to secure vaccination and TB skin testing exemptions.

"Holy-spirit-filled sovereigns are under bodily attack, along with Constitutional freedoms and civil rights, yet where are those professing to be 'Christian' and 'patriotic?'" Dr. Horowitz questions.

Horowitz is best known for his meticulously documented research that concludes AIDS sourced from tainted vaccinations and a biological weapons contractor controlled by Anglo-American industrialists.

Gordon's attack challenged Horowitz's AIDS research writing the doctor had some vested interest in furthering secret society deception. Horowitz's controversial thesis has been freely visited since 1998 at www.originofAIDS.com. The website's content is based on the science advanced in Emerging Viruses: AIDS & Ebola-Nature, Accident of Intentional?, Horowitz's first of three national bestsellers.

Publishing as a consumer advocate since 1978, Dr. Horowitz's other works have featured common sense methods of natural healing and Bible prescriptions for healthier living. Earlier this year, he received the "World Leading Intellectual" award from the World Organization for Natural Medicine. In 1998 he was honored by the World Natural Health Organization as "Author of the Year."

"When my critics accomplish half of what I have done for our Creator on behalf of humanity," Dr. Horowitz said, "then we should take them seriously. Until then, consumers beware."

Although the Knights of Malta's, aka, Hospitallers' true purpose has been a well-kept Vatican secret, people in America are being educated to the fact it is still an organized world-wide group which furthers the Vatican's upcoming "New Inquisition" by aiding, abetting and fostering the fascist takeover of America.

"It is this Russian tongue of the Knights of Malta Len Horowitz has now joined," added Phelps. "As per its site, the Russian branch "follows the precepts of Blessed Gerard," the founder of the Knights of Malta for the benefit of the Pope's bloodthirsty Crusades. (see <http://www.3saints.com/stjduties.html>

"Thus, these very Knights whom Horowitz wonderfully exposes in his masterpiece Emerging Viruses, he has now joined. I wonder if he knows that AIDS virus creator Dr. Robert C. Gallo is also a Knight and was awarded the "Sword of Ignatius Loyola" by the Order's St. Louis University in 1988?"

In the conversation with the Arctic Beacon, Horowitz said he would appear on Greg Szymanski's radio show, The Investigative Journal, only if the initial article about his knighthood was removed.

Enclosed in his official statement released, he said would grant interviews with other journalists but would not budge on his caveat issued to The Investigative Journal, adding:

"Now that you have this (statement). Kindly remove the slanderous article from your website to expunge this distraction and waste of everyone's time. If you cannot grant me this simple request and respect my wishes, I cannot accept your offer to do the radio show. I would prefer to discuss more relevant and beneficial subjects."

In response Szymanski stated:

"I stand by the story and perhaps now that Mr. Horowitz is enlightened to the truth about his organization he has joined, he would publicly rescind his knighthood. If he did that, I would then consider having him on the radio show."

Slats Grobnik Is Back Updating His Progress On Building His Roman Coliseum In A Kansas Corn Field

Calling it his 'Field of Dreams', Slats can't wait until he drags New World Order leaders into the Coliseum as gladiators. Here is the story about how a simple farmer is making Slats' dream come true.

16 Jan 2007

By Greg Szymanski

The one and only true patriot, Slats Grobnik, finished a glass of his favorite white wine while clicking the tube off after his beloved Chicago Bears Sunday earned a birth in the NFC Championship game next week against the New Orleans Saints.

"This New World Order crap gets on my nerves sometimes. No one has been fighting Vatican corruption and insane Satanists imbedded in our highest religious and political offices more than me, but sometimes its nice to act like things are normal, drink a good glass of wine and watch my Bears win a playoff game for a change," said Slats, taking last Sunday off from his arduous task of rebuilding the Roman Coliseum in his a Kansas cornfield, calling it his own *Field of Dreams*.

"I'll get to the latest on the Coliseum and, by the way, you are the only news publication covering this historic event. I hope I can finish it before the world blows up. But did you know they put Bush on 60 Minutes after the football game. What a bunch of BS and Americans are still buying it. Wait till he is in my Coliseum fighting for his life as one of the New World Order gladiators putting on a show for the American people! Just wait.

"You know, I used to drink good wine, good white. But now I can't afford it anymore and have to pretend this white wine out of a box, you know the boxes of five liters for \$12 bucks, tastes good. I guess it will do. I guess it will have to do.

"I just wanted everybody to know that I am almost finished with the replica Coliseum and it should be ready soon for business, the business of putting the New World Order members in the Vatican and others around the world in the ring as gladiators while the common men fill the seats, watching them fight for their lives. Maybe we will throw a few bears or lions in the ring to eat the bones clean, but I personally can't wait to see Bush and Cheney fight it out and Condi and Hillary matched up for a fight to the death.!"

For people unaware of the legend of Slats, a man famous in the Old Town district of Chicago and especially in Sam's Tavern for his outspoken oratory and freedom-fighting message, he has been targeted by the fascists running this country, having spent a considerable period of time in a Denver Gulag.

After being drugged and abducted by undercover agents from Sam's Tavern for calling Bush a "Satan worshipping freak of nature," Slats was hauled off to the Denver Gulag, which the best of his recollection was located in an underground hole beneath the Denver International Airport.

"I was lucky to get out with my life," recalled Slats, saying he was probably used as a "terst monkey" for the

upcoming detention of millions of Americans when "the you know what hits the fan in the next couple of years."

Upon his release, he retreated to his comfortable Chicago home, but then embarked on a Don Quixote type adventure to enlighten Americans about the coming of the New World Order and the eventual destruction of a free America.

An experienced horseman, Slats left in his old Winnebago motor home but was fully prepared to finish the journey on a proud steed if by chance his money ran out due to the high cost of fuel.

His story is most unusual in a place like America, a place where much of the population have become complacent couch potatoes content to wait out the upcoming New World upheaval behind a bag of potato chips and a can of beer.

But despite rampant apathy, five months after he left his Chicago bungalow Slats is still determined to wake up the tired masses even though his latest stop in the Kansas cornfield came as a completely unexpected surprise.

"I was going to set up a loud speaker on my motor home when I stopped in this small Kansas town," recalled Slats. "I was going to speak out about 9/11, the phony war on terror And much, much more.

"That evening I went into one of those country diners for a bite to eat. When I asked for a glass of wine, the waitress looked at me like I was from a different planet. I settled on a beer and asked if she believed we were under attack by Bin Laden and the Muslims."

"You're damn straight we are, sir," said the waitress, who looked like if I disagreed, she would have dumped a hot pot of coffee on my head.

"What makes you so sure," asked Slats.

"I'm sure just because I'm sure."

"I'll have two eggs over easy. You serve breakfast all night?"

"Yes we do, sir. I'm sure we do."

As the waitress walked away, Slats thought how he was living in another world, thinking how in the world would it ever be possible to discuss anything semi-intelligent with people so brainwashed like the waitress.

So, instead of getting in a huge argument, he decided to eat his eggs in peace, thinking:

"Maybe I'll just go home and watch football. This journey is going to be impossible."

But just before Slats slipped into a complete depression, leading to a heavy night behind the bottle, an old farmer sat next to him at the counter, saying:

"I heard what you said about the phony war on terror and Bin Laden and I believe you are right," said the farmer.

"You do?" said Slats as his spirits were suddenly lifted.

"Yes, I do. And I also believe the Vatican is behind the whole thing and all of our officials are fronting for the Rome and leading our country to hell."

"I agree."

"So what are you going to do about besides talking?"

Slats thought long and hard about the farmer said and before he could open up his big Chicago mouth, the farmer said:

"Finish your beer and then take a drive with me and tell you what you need to do."

"You're not an agent, are you?" said Slats who was still a little gun shy from his last experience with the Bush thugs at Sam's Tavern.

"No. Why, do I look like one?"

"Ah, I guess not. But what do they look like. Maybe you are undercover."

The farmer laughed, looking Slats straight in the eye.

"You'll know an agent, son, when you see one. Just look into his evil eyes and ask to shake his hand. If his hand is hot as a devil's oven and his eyes cold as ice, you know you ran into one of them."

So Slats hopped into the farmer's truck and they headed out to his 450 acre dairy farm. As they drove, the farmer began quoting scholars and outlining the New World Order plan of America as if he had inside information.

"How do you know so much? Asked Slats.

"I was a Jesuit priest and left the order after learning the hierarchy and the Jesuit General, Fr. Pete Hans Kolvenbach, are evil devil worshippers. It all slides downhill from Rome, but Americans have been brainwashed. Most of the media won't talk about the story because they are bought and paid off. And, well, the politicians are a lost cause, all sell-outs and traitors."

"So, how can we defeat them?"

"We can't. They will defeat themselves. But I guess in the meantime we can lead them to their demise with a little bit of luck, a little American ingenuity and a few good people."

"How do we do that?"

"They will eventually self-destruct because their lies are catching up to them. We are talking about hundreds of years of lies finally coming to an end.

"When?"

"As soon as you don't follow them anymore and revolt."

"Like the last American Revolution?"

"Not really. That was based on lies, too. This will be the revolution of the good hearts and minds fighting the evil ones. The battle lines will be clearly drawn and then it is up to good men to get off of their butts and fight back. But, in the meantime, what is your name, by the way?"

"Slats."

"That's a funny name. Where did you get it?"

"It's a Chicago name. Got it in the streets."

"Well, Slats, in the meantime, there is something we can do to fight the New World Order."

"What?"

"You and me can build the Roman Coliseum, an exact replica, and then when the time is right we can bring Daddy Bush and the rest of the Vatican boys to fight as gladiators in front of the American people. It would be justice served and it sure would draw a crowd."

So that was how Slats got started on his Coliseum project, his *Field of Dreams*, being built in a Kansas cornfield.

"I am about half finished now and it is taking good shape thanks to the farmer and his bulldozing equipment, his Coliseum building specs and his never-ending will and determination to fight and defeat the Vatican-led New World Order," said Slats, who promised to finish the project and continually check-in with readers on progress being made.

Monsignor Balducci, a Vatican Insider, Goes Public On TV, Saying Extraterrestrial Life Exists On Earth

Critics say the Vatican claims are a hoax designed to spread fear and control over the population.

15 Jan 2007

By Greg Szymanski

Two questions that need answers:

What are the Jesuits really doing at Mount Graham in Arizona?

And why is Monsignor Corrado Balducci, a theologian member of the Vatican Curia (governing body), and an insider close to the Pope, going on Italian national television five times, including recent months, to proclaim that extraterrestrial contact is a real phenomenon?

A third question the reader should ponder:

Do you believe UFO and alien presence exists on earth or is it a government/Vatican hoax to manipulate and scare the populace into fear and submission?

In a recent article at Illuminati News.com, Leo Zagami, a former 33rd degree freemason and a true insider and a high-member of the infamous Freemasonic P2 Lodge, gave his opinions as a high-level insider:

"I have discussed the fake UFO myth various times on Greg's radio show, The Investigative Journal, and also in several chapters of my Illuminati Confessions , like for example the following about the Jesuits in Arizona that should answer a few of your questions about there real nature of these Demons..."

Zagami went on to say:

Forget the Reptilian myth is been created by the secret services and the Demons on top to control man even further and brainwash him with complete Satanic nonsense. I want to write this article to explain to you and the other young people out there my modest opinion and the opinion of the real illuminati on the subject. There is no UFO'S, Reptilians or Anunnaki Supreme Councils, is all pure and simple rubbish and disinformation created by the Satanist in the intelligence with their programs for Mind Control (MK-ULTRA).

And you should be more aware of it and understand that Reptilians are what we define in the Middle East as HABIS RUH evil Jinn , the Legion of Satan mentioned in the Bible is made of them.

It's true they the Habis Ruhs have their own Societies and their own Kingdoms these entities but they are NOT allowed by God to interfere with us and WE ARE

SUPERIOR TO THEM, this is something you need to know because only the weak in matters of faith (now the majority of the population) or the black magicians willing to work with them are under their full control (of the evil Jinns/HABIS RUHS), but we can still rebel to them until we are free to do it EUZU BILLAHI MINE SHAYTANI RAGIM Is the key to success.

Yes the moment we have been micro chipped by the New World Order and their slaves we will completely fall into the hands of the HABIS RUHS and their High Priest in Jerusalem and the Vatican , that's what the Christians call "the mark of the Beast" the most dangerous moment in the history of humanity, and this is going to happen soon unfortunately because corrupted man has now been given the technology by their evil master.

The Jesuits represent the High Tech of Demonology and the same can also be said for their Zionist allies and their Cabala's. But if people get the power of prayers in the Sufi teachings, even the most simple man will be able to stand against their puppet shows. The puppet show work together for the establishment of the Kingdom of the illuminati Antichrist George W. Bush and Demon Master George H.Bush, the various David Rockefeller Sr. and the The Mayer Amschel Rothschild family (often referred to simply as The Rothschilds) are two example's of the evil illuminati Bankenstein Monsters and Mobsters behind this demonic conspiracy.

These are definitely not normal people they are Satanist and conspirators against the whole of humanity, but they are not Reptilians or Aliens just criminals! When the people of this planet will finally realize this in 2012 the war will start , and the High Priest of Satan will try to defend their Luciferian positions in the Vatican, and the various places of power especially in Israel were Satanism is growing every day since the end of the II World War thanks to England and the Vaticans dirty games.

We can't stop all this evil but we can prepare for the moment we will have to rebel against this satanic system, ready to fight the "Reptilians" , ready to fight those man and women who are possessed by the Habis Ruhs , they might be our next door neighbour or anyone in the street but remember they are united against us so we have to be united against them.

They dont believe in God WE INSTEAD BELIEVE IN ONE GOD that will save us all not some Anunnaki fairytale by Zeccharia Sitchin. Gods promise is the law, he is the real one who keeps the promises. In the Quran the most Glorified mentions him self as SADIQUL WAAD which means faithful to his promises. And he promises the ones with good deeds his endless mercy and complete success over the evil ones "The Reptilians". So an extraterrestrial civilization that colonized this planet along time ago is not gonna save your lives when this system is gonna crack down, its crack thanks to the evil of mankind and nobody else, and definetely not an Anunnaki. Forget it!

What a nice story: "The Anunnaki (Sumerian: those who came down from the heavens; Old testament Hebrew, Anakeim, Nefilim, Elohim; Egyptian: Neter), an advanced civilization from the tenth planet in our solar system, splashed down in the Persian gulf area around 432,000 years ago, colonized the planet, with the purpose of obtaining large quantities of gold"HAVE YOU ALL LOST YOUR MINDS? Well I think we should start talking on how to save this planet from the pollution of your cars or the frauds of your evil banking system not this rubbish!

Who then does the First Horseman of the Apocalypse represent? The seal of the Knights Templar depicted two knights riding a single horse. However, a single horseman riding on a white horse is the logo of the Council on Foreign Relations. This logo appears in the CFR magazine, Foreign Affairs. (882) Prepare for a long and uncertain ride untill these reptilians are incharge of your life your Foreign Affairs and especially your Bank account..

Regarding the Jesuits manning a space observatory in Arizona, Zagami added

At Mount Graham in Arizona , the Vatican in reality maintains its own UFO observatory , staffed with Jesuits for the purpose of doing black magic and working on very detailed astronomical calculations for their so called alchemical work.

This dark approach to the Royal Art of Alchemy is operated unfortunately by the Jesuits with the use of evil Jinns serving Satan himself the owner of Vatican HQ's. Another important role for the complex astronomical calculations is the possibility of tracing the coming of a true Messiah and the return of the true spirit of Jesus in the end of times, something they obviously dont want in Rome.

The jinn concept offers a logical approach to looking at UFO's, crypto-zoology, apparitions, magic, demons, monsters and many other mysteries.

Amidst all the far-flung theories presented to account for the presence of alien beings such as:

Intergalactic travel
Travel from the future
Travel from the Inner Earth
Archetypal projections from the Collective
Unconscious.

Very little consideration is given to the concept that some of them simply exist on the earth in a way that isn't generally perceptible to us.

We continue to assume that we can perceive everything that is "real" with our 5 senses despite all the evidence to the contrary. An overzealous belief in a science and philosophy of materialism has probably resulted in an irrational amount of faith in our physical senses.

Human beings are extremely susceptible to the fabrications of the jinn, who are used in the programs of Mind Control on a massive scale. We believe what they want us to because their impressive materializations and deceptions are tailored to fit our fantasies and belief systems.

Jinns

The jinn are real entities living on this earth which are normally invisible to us. The name comes from an Arabic word meaning "to hide or conceal". They don't live in bottles or adhere to the fairy tales told about them. They can be deceptive and influential. They are movers behind the UFO mystery as well as many other mysteries. Every culture shows the imprints of their influence in its religion and mythology.

There are myriads of hidden intelligent beings in creation. I have tended to think of many who are not human, angel or animal, as being jinn. This is useful for aiding comprehension, for getting a handle on this vast area of hidden experience. We live in the Kingdom of Names and Attributes, after all, and require these for learning and Knowing. But this is admittedly overly simplistic. It is only a beginning for the more experienced researcher.

Jinns comprise a vast array of tricksters, fairies, demons and monsters, saints and spacemen who have confounded our understanding for centuries. The materialistic science of the 20th century decided that they no longer exist, despite the huge role they have always played in our wisdoms and mythologies, and despite the large portion of the world that never forgot who they are.

Thas because the New World Order of the Nazi Jesuits and the Zionist conducted a deliberate UFO propaganda with the help of the usual evil Jinns in projects like MK-ULTRA so you could fall into this demonic trap and loose your faith (there are also good Jinns by the

way).

Carl Gustav Jung

Carl Gustav Jung , a great genius of psychology but also a member of the Freemasons and the OTO illuminati (5th degree) said himself that modern humanity had a dangerously wounded psyche because all the myths had been killed. New ones needed to emerge for humanity to experience wholeness but also for global manipulation.

The jinn have obliged by literally popping into the global consciousness as the embodiments of our sciencefiction fantasies. The flying saucer may be the first global symbol recognized by the entire world but it is probably the most satanic one.

Carl Gustav Jung was not a member of Crowley's OTO at any time but a member of the Swiss OTO founded by illuminati agent Theodor Reuss.

The so called UFO mith is not the way forward for humankind towards a clear understanding of God's hidden metaphysical Kingdom and the real beauty of creation. The devil knows that very well that's why he uses people like Scientology in this evil game piloted by the Jesuits to deceive you even further. Don't believe in what's coming out of Hollywood because at present such place is in the hands of a bunch of very evil and powerful Jinns who want to Mind Control you in the name of the evil one.

All intelligence agencies in the world are working for such deception on a massive scale (MK-ULTRA) because it is simply in their interest to not make you realize the truth of God before the Great One comes back to punish the infidels.

Lastly, regarding Monsignor Balducci's claim that extraterrestrial's exist on earth, an excerpt from an article by Richard Boylan, written Jan. 13, had this to say:

Monsignor Corrado Balducci, a theologian member of the Vatican Curia (governing body), and an insider close to the Pope, has gone on Italian national television five times, including recent months, to proclaim that extraterrestrial contact is a real phenomenon.

Balducci provided an analysis of extraterrestrials that he feels is consistent with the Catholic Church's understanding of theology. Monsignor Balducci emphasizes that extraterrestrial encounters "are NOT demonic, they are NOT due to psychological impairment, they are NOT a case of entity attachment, but these encounters deserve to be studied carefully."

Since Monsignor Balducci is a demonology expert and consultant to the Vatican , and since the Catholic Church has historically demonized many new phenomena that were poorly understood, his stating that the Church does not censure these encounters is all the more remarkable.

Balducci revealed to a visiting American professional that the Vatican is closely following this phenomenon quietly. My informant originally surmised that the Vatican is receiving much information about extraterrestrials and their contacts with humans from its Nunciatures (embassies) in various countries. But subsequent information indicated that the Monsignor has gotten his cases from other sources. Monsignor Balducci is a member of a group which acts as consultants to the Vatican on various matters concerning humans in possible contact with supernatural beings. As such, the matter of extraterrestrial encounters would fall within their purview, and possibly as well the spiritual significance of the emerging general realization of extraterrestrial contact.

Parallel information from National Security Council scientist Dr. Michael Wolf , a member of the NSC's SSG subcommittee for managing the UFO phenomenon, as well as from noted author and Vatican expert Father Malachi Martin, suggests that the Vatican is concerned that it will have a major doctrinal updating situation on its hands when extraterrestrial contact becomes authoritatively announced by world governments over the next several years

Confession With The Jesuits, No. 20: "We Know What You Are Doing, Jesuits... The Gig Is Up...Get Out Of Our Country In What Will Again Be Free America!"
Americans are beginning to understand the real deception promulgated by the Vatican and the Jesuits. Death, destruction and genocide...read the Secret Instructions of the Jesuits.
14 Jan 2007

By Greg Szymanski

The fight to expose the Jesuit Order and the Vatican hierarchy as the true spiritual controllers of the New World Order is mired in confusion, deception and protection -- protection given by their loyal Satanist followers in the U.S., Israeli and Middle East governments.

Make no mistake about it, the Jesuits and Vatican are the real puppet masters pulling the New World Order strings while fueling the fires of war as a one world government and religion are being ushered in by the followers of Satan.

Further, the Pope's "New Inquisition and Crusades" are well under way as many have been assassinated, including JFK and his son, after being declared heretics by the Pope. In fact, any freedom-minded, free-thinking individual will eventually be targeted by the Vatican-led New World Order, as America is finally directed in its evil cross-hairs and targeted for a complete fascist takeover.

How many more people have to be slaughtered under the wicked and deceptive practices of the Jesuits and Vatican, as they hide like cowards behind the robes of God? Weren't 600,000 Croats and more than 800,000 Tutsis in the Rwandan genocide enough?

Apparently Not. Apparently millions of Jews, Arabs and Christians from America will soon be added to the list if we do not wake up and stop the bloodshed before it is too late.

"We need to remove all Jesuits from American soil like they have done in so many other countries in the past," said Eric Phelps, author of the book, Vatican Assassins, adding "we must also break off all formal diplomatic relations with the Vatican after Reagan renewed relations after more than 100 years due to the Vatican's involvement in the Lincoln assassination."

In an article entitled The Cross and the Genocide, written by Rainer Chr. Hennig, in the afrol News, 2001, he said in part:

"The 1994 Rwandan genocide, killing an estimated 800,000 Tutsis and moderate Hutus, is made even more incomprehensible by the documented participation of many representatives of Rwandan church societies. How could God fearing nuns, and even a bishop, take part in the most cruel crimes against humanity committed on African soil? Even worse, several church societies allegedly were co-responsible for the growing hatred that led to the genocide. It remains an enormous contradiction to the Christian Message of Love.

In contemporary Rwanda, politically dominated by Tutsis and moderate Hutus, questions about the Catholic

Church's role in the polarisation of Rwandans, in its extreme leading towards the 1994 genocide, are openly debated. In Rwanda, before the genocide called "Africa's most Christian country," over 50 percent of the population is Roman Catholic. Some 12 percent belong to other Christian societies.

As in most African ex-colonies, the missionaries in Rwanda also embarked on a policy of divide and rule, in close cooperation with the colonial administration. In the Belgian Trust Territories of Rwanda and Burundi this meant creating the ethnicities of Hutu and Tutsi and promoting the Hutu majority against the ruling Tutsi.

The Catholic Church, effectively supporting the creation of a Hutu identity and nationalism, thus became part of the Hutu movement. The mission was rewarded by mass conversions of Rwandan Hutus, making Catholicism the dominant religion in Rwanda. As the radical Hutus gained power in Rwanda at independence in 1962, Catholic and other clergymen found themselves with personal friends in all levels of governance and with good access to the centres of power.

Unlike most African countries, however, the succeeding Hutu-dominated governments of Rwanda were gradually radicalised. The government institutionalised discrimination against the Tutsi and periodically used massacres against this targeted population as a means of maintaining the status quo. Resistance was organised by the growing number of Tutsi refugees, mostly hiding in Uganda, and grew strong through the 1980s and early 1990s.

The Killing Fields

As it became obvious that the radical government was on the defensive in the early 1990s, it embarked on a Hitlerist plan to find a "permanent solution" to the "Tutsi problem". A genocide, that was to kill between 750,000 and one million Tutsis and moderate Hutus, was carefully planned and implemented. Hate propaganda was spread throughout the country and local representatives got their orders on whom to kill and whom to involve in the killings. Surprisingly many took part in the killings, and even more incomprehensible, also many members of the clergy were involved in the genocide in some degree.

"The nuns are coming to help us. They are bringing gasoline."

Testimony against two Catholic nuns

The extreme cases include the Anglican bishop Samuel Musabyimana, who allegedly "was responsible for killing or causing serious bodily or mental harm to members of the Tutsi population with intent to destroy, in whole or in part, a racial or ethnic group". Another extreme is the sentence against two Catholic nuns, Sisters Gertrude Mukangango and Julienne Kisito, for their involvement in the slaughter of at least 5,000 civilians that had sought refuge in their monastery at Sovu.

Archbishop Augustin Nshamihigo and the coadjutor Bishop of Kigali, Jonathan Ruhumuliza, were seen describing the government responsible for orchestrating the genocide as "peace-loving" at a Nairobi press conference in early June 1994. The accusations against clergy of the Free Methodist, Presbyterian, Baptist and Seventh-Day Adventist Churches are equally shocking. According to survivors, Bishop Aaron Ruhumuliza, head of the Free Methodist Church in Gikondo, Kigali, helped the militia carry out a massacre in his own church on 9 April 1994. Michel Twagirayesu, the President of the Presbyterian Church of Rwanda and a former vice-president of the World Council of Churches, is alleged to have worked closely with the killers in the Presbyterian stronghold of Kirinda, Kibuye, betraying parishioners and fellow-clergy alike, according to a report by African Rights.

How could they? A better question may be, "how could anybody participate in this"? Historians still are puzzled by the largest genocide in world history, Nazi Germany's systematic killing of an estimated six million people, most of them Jews. Although the Nazi's Holocaust remains mostly incomprehensible, one sees clear parallels in the systematic tactics behind the organisation of the two genocides. First, the future victims were stripped off their human dignity, official propaganda labelling them "pigs" (Nazi Germany) or "cockroaches" (Rwanda), creatures without a right to live. Hate is systematically spread, the "unworthy" being

responsible for all the ills of society. Radicals and hardliners are carefully picked to organise the killings. Others are given tasks slowly making them more and more involved in the actions to come. Suddenly, there exists a nation of perpetrators.

Like the Catholics, many within the hierarchy of the Protestant churches had had close links with the Hutu regimes since independence. These links continued when the government was radicalised step by step. The profound links were clearly demonstrated when most of the Rwandan church leaders fled the country following the military defeat of the government responsible for the genocide. This did not mean that the church hierarchies were systematically involved in the planning of the genocide, but it indicated that the churches as organisations had not taken the responsibilities they were supposed to, due to their too close links to the government."

If interested reading the entire article go to http://www.afrol.com/Countries/Rwanda/backgr_cross_genocide.htm

But in this Confession with the Jesuits No. 20, we will concentrate and provide a historical look at the Secret Instructions of the Jesuits uncovered during the 30 Years' War when the Duke of Brunswick plundered the Jesuit's college at Paderborn in Westphalia.

Although lengthy, it is worth reading if you want to understand the true mission of the Jesuits, still in followed by the Society of Jesus hierarchy today.

Secret Instructions of the Jesuits

The Secret Instructions were first discovered during the 30 Years' War when the Duke of Brunswick plundered the Jesuit's college at Paderborn in Westphalia and made a present of their library to the Capuchins of the same town. Soon after reprints and translations appeared all over Europe.

The text of the Secret Instructions of the Society of Jesus reproduced here was found beneath the pallet on an adobe bed in a cottage in the Andes Mountains of Peru about a century ago. Students of the Incas recall that prior to the expedition of the National Geographic Magazine under Hiram Gingham, in 1911, archeologists from European countries probed the ruins of this people, one of the greatest civilizations in history.

In 1870 a French archeologist slipped unobtrusively into the office of the Secretary of the Scottish Rite of Freemasonry in San Francisco, California. He had been sent into the remote recesses of the Andes, where Pizarro and his army had conquered the Incas more than three centuries before. He had rented a room in a tiny village. This he used as a base of his operations. To this spot he returned periodically to rest from the dangerously high altitudes and to write his reports for shipment back to France. While he was away, the family frequently rented the same room to overnight guests. One of these happened to be a Jesuit official. On his departure he forgot a little book which he had hidden under the mattress. The French archeologist accidentally found it. It was the Secret Instructions of the Society of Jesus-the top classified manual of procedure for the trusted leaders of the Jesuit Order. It was in Latin and bore the seal, signature and attestation of the General and Secretary of the Order in Rome.

For the next few days the Frenchman labored furiously translating the work in stenographic notes into French. He then replaced the book and left. The Jesuit returned in a few days inquiring nervously about his little black packet. He also wanted to know if anyone had occupied the room since his departure. On learning of the archeologist he began a search so relentless that the Frenchman had to leave Peru. He finally reached San Francisco and entrusted his precious but dangerous burden to Edwin A. Sherman, the Secretary of the Scottish Rite of Freemasonry in California. Mr. Sherman included the Secret Instructions in his book *The Engineer Corps of Hell* published in 1882. For several years Edwin Sherman was the Masonic Historian of California. He was highly esteemed for his great accuracy and dependability.

CHAPTER I

THE MANNER OF PROCEDURE WITH WHICH THE SOCIETY MUST BE CONDUCTED WHEN CONSIDERING THE COMMENCING OF SOME FOUNDATION.

1. To capture the will of the inhabitants of a country, it is very important to manifest the intent of the Society, in the manner prescribed in the regulations in which it is said, that the Society must labor with such ardor and force for the salvation of their neighbor as for themselves. For the better inducement of this idea, the most opportunely that we practice the most humble offices, visiting the poor, the afflicted, and the imprisoned. It is very convenient to confess with much promptness, and to hear the confessions, showing indifference, without teasing the penitents; for this, the most notable inhabitants will admire our fathers and esteem them; for the great charity they have for all, and the novelty of the subject.
2. To have in mind that it is necessary to ask with religious modesty, the means for exercising the duties of the Society, and that it is needful to procure and acquire benevolence, principally of the secular ecclesiastics, and of persons of authority, that may be conceived necessary.
3. When called to go to the most distant places, where alms are to be received, they are to be accepted, no matter how small they may be, after having marked out the necessities of ourselves. Notwithstanding, it will be very convenient at the moment to give those alms to the poor, for the edification of those who do not have an exact understanding of the Society; and, but we must in advance be more liberal with ourselves.
4. All must labor as if we were inspired by the same spirit; and each one must study to acquire the same styles, with the object of uniformity among so great a number of persons, edifying the whole; those who do the contrary must be expelled as pernicious.
5. In a beginning it is not convenient to purchase property; but in case they can be found, some good sites may be bought, saying that they are to belong to other persons, using the names of some faithful friends, who will guard the secret. The better to make our poverty apparent, the property nearest our college must belong to colleges the most distant, that we can prevent the princes and magistrates from ever knowing that the income of the Society has a fixed point.
6. We must not ourselves go out to reside to form colleges, except to the rich cities; for in this we must imitate Christ, who remained in Jerusalem; and as he alone, passed by the less considerable populations.
7. We must obtain and acquire of the widows all the money that we can, presenting ourselves at repeated times to their sight our extreme necessity.
8. The Superior over each province is the one to whom we must account with certainty, the income of the same; but the amount to the treasurer at Rome, it is, and must always be, an impenetrable mystery.
9. It is for us to preach and say in all parts and in all conversations, that we have come to teach the young and aid the people; and this without interest in any single species and without exception of persons, and that we are not so onerous to the people as other religious orders.

CHAPTER II

THE MANNER WITH WHICH THE FATHERS OF THE ORDER MUST CONDUCT THEMSELVES TO ACQUIRE AND PRESERVE THE FAMILIARITY OF PRINCES, MAGNATES AND POWERFUL AND RICH PERSONS.

1. It is necessary to do all that is possible to gain completely the attentions and affections of princes and persons of the most consideration; for that, who, being on the outside, but in advance, all of them will be constituted our defenders.
2. As we have learned by experience that princes and potentates are generally inclined to the favor of the

ecclesiastics, when these disseminate their odious actions, and when they give an interpretation that they favor, as is to be noted among the married, contract with their relations or allies; or in other similar things; assembling much with them, to animate those who may be found in this case, saying to them that we confide in the assurance of the exemptions, that by intervention of us fathers, which the Pope will concede, if he is made to see the causes, and will present other examples of similar things, exhibiting at the same time the sentiments that we favor, under the pretext of the common good and THE GREATER GLORY OF GOD that is the object of the Society.

3. If at this same assembly the prince treats of doing something, that will not be agreeable to all the great men, for which we are to stir up and investigate, meanwhile, counseling others to conform with the prince, without ever descending to treat of particulars, for fear there may not be a successful issue of the matter, for which the Society will be imputed blame; and for this, if this action shall be disapproved, there will be advertences presented to the contrary that may be absolutely prohibited and put in jeopardy, the authority of some of the fathers, of whom it can be said with certainty, that they have not had notice of the Secret Instructions; for that, it can be affirmed with an oath, that the calumny to the Society, is not true in respect to that which is imputed to it.

4. To gain the good will of Princes, it will be very convenient to insinuate with skill; and for third persons, that we fathers, are a means to discharge honorable and favorable duties in the courts of other kings and princes, and more than any one else in that of the Pope. By this means we can recommend ourselves and the Society; for the same, no one must be charged with this commission but the most zealous persons and well versed in our institute.

5. Aiming especially to bring over the will of the favorites of princes and of their servants, by means of presents and pious offices, that they may give faithful notice to us fathers of the character and inclinations of the princes and great men. Of this manner the Society can gain with facility as much to one as to others.

6. The experience we have had, has made us acquainted with the many advantages that have been taken by the Society of its intervention in the marriages of the House of Austria, and of those which have been effected in other kingdoms, France, Poland, and in various duchies. Forasmuch assembling, proposing with prudence, selecting choice persons who may be friends and families of the relatives, and of the friends of the Society.

7. It will be easy to gain the princesses, making use of their valets; by that, coming to feed and nourish with relations of friendship, by being located at the entrance in all parts, and thus become acquainted with the most intimate secrets of the familiars.

8. In regard to the direction of the consciences of great men, we confessors must follow the writers who concede the greater liberty of conscience. The contrary of this is to appear too religious; for that they will decide to leave others and submit entirely to our direction and counsels.

9. It is necessary to make reference to all the merits of the Society; to the princes and prelates, and to as many as can lend much aid to the Society, after having shown the transcendancy of its great privileges.

10. Also, it will be useful to demonstrate, with prudence and skill, such ample power which the Society has, to absolve, even in the reserved cases, compared with that of other pastors and priests; also, that of dispensing with the fasts, and of the rights which they must ask and pay, in the impediments of marriage, by which means many persons will recur to us, whom it will be our duty to make agreeable.

11. It is not the less useful to invite them to our sermons, assemblies, harangues, declamations, etc., composing odes in their honor, dedicating literary works or conclusions; and if we can for the future, give dinners and greetings of divers modes.

12. It will be very convenient to take to our care the reconciliation of the great, in the quarrels and enmities that divide them; then by this method we can enter, little by little, into the acquaintance of their most intimate friends and secrets; and we can serve ourselves to that party which will be most in favor of that which we present.

13. If there should be some one at the service of a monarch or prince, and he were an enemy of our Society, it is necessary to procure well for ourselves better than for others, making him a friend, employing promises, favors, and advances, which shall be in proportion to the same monarch or prince.

14. No one shall recommend to a prince any one, nor make advances to any who have gone out from us, being outside of our Society, and in particular to those who voluntarily verified, for yet when they dissimulate they will always maintain an inextinguishable hatred to the Society.

In fine, each one must procure and search for methods to increase the affection and favor of princes, of the powerful, and of the magistrates of each population, that whenever occasion is offered to support, we can do much with efficacy and good faith, in benefiting ourselves, though contrary to their relations, allies and friends.

CHAPTER III

HOW THE SOCIETY MUST BE CONDUCTED WITH THE GREAT AUTHORITIES IN THE STATE, AND IN CASE THEY ARE NOT RICH WE MUST LEND OURSELVES TO OTHERS.

1. The care consigned to us, that we must do all that is possible, for to conquer the great; but it is also necessary to gain their favor to combat our enemies.
2. It is very conducive to value their authority, prudence and counsels, and induce them to despise wealth, at the same time that we procure gain and employ those that can redeem the Society; tacitly valuing their names, for acquisition of temporal goods if they inspire sufficient confidence
3. It is also necessary to employ the ascendant of the powerful, to temper the malevolence of the persons of a lower sphere and of the rabble against our Society.
4. It is necessary to utilize, whenever we can, the bishops, prelates and other superior ecclesiastics, according to the diversity of reason, and the inclination we manifest.
5. In some points it will be sufficient to obtain of the prelates and curates, that which it is possible to do, that their subjects respect the society; and that obstructing the exercise of its functions among those who have the greatest power, as in Germany, Poland, etc. It will be necessary to exhibit the most distinguished attentions for that, mediating its authority and that of the princes, monasteries, parishes, priorates, patronates, the foundations of the churches and the pious places, can come to our power. Because we can with more facility where the Catholics will be found mixed with heretics. It is necessary to make such prelates see the utility and merit that we have in all this, and that never will they have so much valuation from the priests, friars, and for the future from the faithful. If making these changes, it is necessary to publicly praise their zeal, although written, and to perpetuate the memory of their actions.
6. For this it is necessary to labor, to the end, that the prelates will place in the hands of us fathers, as confessors and counsellors; and if they aspire to more elevated positions in the Court of Rome, we must unite in their favor and aid their pretensions with all our forces, and by means of our influence.
7. We must be watchful that when the bishops are instituting principal colleges and parochial churches, that the faculties are taken from the Society, and placed in both vicarious establishments, with the charge of cures, and that the Superior of the Society to be, that all the government of these churches shall pertain to us, and that the parishioners shall be our subjects, of the method that all can be placed in them.
8. Where there are those of the academies who have been driven out from us, and are contrary; where the Catholics or the heretics obstruct our installation, we will compound with the prelates, and make ourselves the owners of the first cathedrals; for thus shall we make them to know the necessities of the Society.

9. Over all, we must be very certain to procure the protection and affection of the prelates of the Church, for the cases of beatification or canonization of ourselves; in whose subjects convened further, to obtain letters from the powerful and of the princes, that the decisions may be promptly attained in the Catholic Court.

10. If it shall be accounted that the prelates or magnates should send commissioned representatives, we must put forth all ardor, that no other priests, who are in dispute with us, shall be sent; for the reason, that they shall not communicate their animadversion, discrediting us in the cities and provinces we inhabit; and that if they pass by other provinces and cities, where there are colleges, they will be received with affection and kindness, and be so splendidly treated as a religious modesty will permit.

CHAPTER IV

OF THAT WHICH WE MUST CHARGE THE PREACHERS AND CONFESSORS OF THE GREAT OF THE EARTH.

1. Those of us who may be directed to the princes and illustrious men, of the manner in which we must appear before them, with inclination unitedly to the greater glory of God, obtaining-with its austerity of conscience, that the same princes are persuaded of it; for this direction we must not travel in a principle to the exterior or political government, but gradually and imperceptibly.

2. Forasmuch there will be opportunity and conducive notices at repeated times, that the distribution of honors and dignities in the Republic is an act of justice; and that in a great manner it will be offending God, if the princes do not examine themselves and cease carrying their passions, protesting to the same with frequency and severity, that we do not desire to mix in the administration of the State; but when it shall become necessary to so express ourselves thus, to have your weight to fill the mission that is recommended. Directly that the sovereigns are well convinced of this, it will be very convenient to give an idea of the virtues that may be found to adorn those that are selected for the dignities and principal public changes; procuring then and recommending the true friends of the Society; notwithstanding, we must not make it openly for ourselves, but by means of our friends who have intimacy with the prince that it is not for us to talk him into the disposition of making them.

3. For this watchfulness our friends must instruct the confessors and preachers of the Society near the persons capable of discharging any duty, that over all, they must be generous to the Society; they must also keep their names, that they may insinuate with skill, and upon opportune occasions to princes, well for themselves or by means of others.

4. The preachers and confessors will always present themselves so that they must comport with the princes, lovable and affectionate, without ever shocking them in sermons, nor in particular conversations, presenting that which rejects all fear, and exhorting them in particular to faith, hope and justice.

5. Never receive gifts made to any one in particular, but that for the contrary; but picture the distress in which the Society or college may be found, as all are alike; having to be satisfied with assigning each one a room in the house, modestly furnished; and noticing that your garb is not over nice; and assist with promptness to the aid and counsel of the most miserable persons of the palace; but that you do not say it of them, but only those who have agreed to serve the powerful.

6. Whenever the death occurs of any one employed in the palace, we must take care of speaking with anticipation, that they fail in the nomination of a successor, in their affection for the Society; but giving no appearance to cause suspicion that it was the intent of usurping the government of the prince; for which, it must not be from us that it is said; take a part direct; but assembling of faithful or influential friends who may be found in a position of rousing the hate of one and another until they become inflamed.

CHAPIER V

OF THE MODE OF CONDUCTING THE SOCIETY WITH RESPECT TO OTHER ECCLESIASTICS WHO HAVE THE SAME DUTIES AS OURSELVES IN THE CHURCH.

1. It is necessary to help with valor these persons, and manifest in their due time to the princes and lords that are always ours, and being constituted in power, that our Society contains essentially the perfection of all the other orders, with the exception of singing and manifesting an exterior of austerity in the mode of life and in dress; and that if in some points they excel the communities of the Society, this shines with greater splendor in the Church of God.
2. We must inquire into and note the defects of the other fathers [i](non-Jesuit priests), and when we find them, we must divulge them among our faithful friends, as [i]condoling over them; we must show that such fathers do not discharge with certainty, that we do ourselves the functions, that some and others recommend.
3. It is necessary that the fathers of our Society oppose with all their power the other fathers who intend to found houses of education to instruct the youths among the populations where ours are found teaching with acceptation and approval; and it will be very convenient to indicate our projects to princes and magistrates, that such people will excite disturbances and commotions if they are not prohibited from teaching; and that in the last result, the damage will fall upon the educated, by being instructed by a bad method, without any necessity; posting them that the Society is sufficient to teach the youth. In case the fathers bear letters of the Pontificate, or recommendations from the Cardinals, we must work in opposition to them, making the princes and great men to point out to the Pope the merits of the Society and its intelligence for the pacific instruction of the youths, to which end, we must have and obtain certifications of the authorities upon our good conduct and sufficiency.
4. Having notwithstanding to form duties, our fathers in displaying singular proofs of our virtue and erudition, making them to exercise the alumni (graduates) in their studies in methods of functions, scholars of diversion, capable of drawing applause, making for supposition, these representations in the presence of the great magistrates and concurrence of other classes.

CHAPTER VI

OF THE MODE OF ATTRACTING RICH WIDOWS.

1. We must elect effective fathers already advanced in years, of lively complexion and conversation, agreeable to visit these ladies, and whence they can promptly note in them appreciation or affection for our Society; making offerings of good works and the merits of the same; that, if they accept them, and succeed in having them frequent our temples, we must assign to them a confessor, who will be able of guiding them in the ways that are proper, in the state of widowhood, making the enumeration and praises of satisfaction that should accompany such a state; making them believe and yet with certainty that they who serve as such, is a merit for eternal life, being efficacious to relieve them from the pains of purgatory.
2. The same confessor will propose to them to make and adorn a little chapel or oratory in their own house, to confirm their religious exercises, because by this method we can shorten the communication, more easily hindering those who visit others; although if they have a particular chaplain, and will content to go to him to celebrate the mass, making opportune advertencies to her who confesses, to the effect and treating her as being left to be overpowered by said Chaplain.
3. We must endeavor skillfully but gently to cause them to change respectively to the Order and to the method of the House, and to conform as the circumstances of the person will permit, to whom they are directed, their propensities, their piety, and yet to the place and situation of the edifice.
4. We must not omit to have removed, little by little, the servants of the house that are not of the same mind

with ourselves, proposing that they be replaced by those persons who are dependent on us, or who desire to be of the Society; for by this method we can be placed in the channel of communication of whatever passes in the family.

5. The constant watch of the confessor will have to be, that the widow shall be disposed to depend on him totally, representing that her advances in grace are necessarily bound to this submission.

6. We are to induce her to the frequency of the sacraments, and especially that of penitency, making her to give account of her deeper thoughts and intentions; inviting her to listen to her confessor, when he is to preach particular promising orations; recommending equally the recitation each day of the litanies and the examination of conscience.

7. It will be very necessary in the case of a general confession, to enter extensively into all of her inclinations; for that it will be to determine her, although she may be found in the hands of others.

8. Insist upon the advantages of widowhood, and the inconvenience of marriage; in particular that of a repeated one, and the dangers to which she will be exposed, relatively to her particular businesses into which we are desirous of penetrating.

9. We must cause her to talk of men whom she dislikes, and to see if she takes notice of anyone who is agreeable, and represent to her that he is a man of bad life; procuring by these means disgust of one and another, and repugnant to unite with anyone.

10. When the confessor has become convinced that she has decided to follow the life of widowhood, he must then proceed to counsel her to dedicate herself to a spiritual life, but not to a monastic one, whose lack of accommodations will show how they live; in a word, we must proceed to speak of the spiritual life of Pauline and of Eustace, &c. The confessor will conduct her at last, that having devoted the widow to chastity, to not less than for two or three years, she will then be made to renounce a second nuptial forever.

In this case she will be found to have discarded all sorts of relations with men, and even the diversions between her relatives and acquaintances, we must protest that she must unite more closely to God. With regard to the ecclesiastics who visit her, or to whom she goes out to visit, when we cannot keep her separate and apart from all others, we must labor that those with whom she treats shall be recommended by ourselves or by those who are devoted to us.

11. In this state, we must inspire her to give alms, under the direction, as she will suppose, or her spiritual father; then it is of great importance that they shall be employed with utility; more, being careful that there shall be discretion in counsel, causing her to see that inconsiderate alms are the frequent causes of many sins, or serve to foment at last, that they are not the fruit, nor the merit which produced them.

CHAPTER VII

SYSTEM WHICH MUST BE EMPLOYED WITH WIDOWS AND METHODS OF DISPOSING OF THEIR PROPERTY.

1. It will be necessary to inspire her to continue to persevere in her devotion and the exercise of good works and of disposition, in not permitting a week to pass, to give away some part of her overplus, in honor of Jesus Christ, of the Holy Virgin and of the Saint she has chosen for her patron; giving this to the poor of the Society or for the ornamenting of its churches, until she has absolutely disposed of the first fruits of her property as in other times did the Egyptians.

2. When the widows, the more generally to practice their alms, must be given to know with perseverance, their liberality in favor of the Society; and they are to be assured that they are participants in all the merits of the same, and of the particular indulgences of the Provincial; and if they are persons of much consideration, of the

General of the Order.

3. The widows who having made vows of chastity, it will be necessary for them to renew them twice per annum, conforming to the custom that we have established; but permitting them notwithstanding, that day some honest freedom from restraint by our fathers.
4. They must be frequently visited, treating them agreeably; referring them to spiritual and diverting histories, conformable to the character and inclination of each one.
5. But that they may not abate, we must not use too much rigor with them in the confessional; that it may not be, that they by having empowered others of their benevolence, that we do not lose confidence of recovering their adhesion, having to proceed in all cases with great skill and caution, being aware of the inconstancy natural to woman.
6. It is necessary to have them do away with the habit of frequenting other churches, in particular those of convents; for which it is necessary to often remind them, that in our Order there are possessed many indulgences that are to be obtained only partially by all the other religious corporations.
7. To those who may be found in the case of the garb of mourning, they will be counselled to dress a little more agreeable, that they may at the same time, unite the aspect of mourning with that of adornment, to draw them away from the idea of being found directed by a man who has become a stranger to the world. Also with such, that they may not be very much endangered, or particularly exposed to volubility, we can concede to them, as if they maintained their consequence and liberality, for and with the Society, that which drives sensuality away from them, being with moderation and without scandal.
8. We must manage that in the houses of the widows there shall be honorable young ladies, of rich and noble families; that little by little they become accustomed to our direction and mode of life; and that they are given a director elected and established by the confessor of the family, to be permanently and always subject to all the reprehensions and habits of the Society; and if any do not wish to submit to all they must be sent to the houses of their fathers, or to those from which they were brought, accusing them directly of extravagance and of glaring and stained character.
9. The care of the health of the widows, and to proportion some amusement, it is not the least important that we should care for their salvation; and so, if they complain of some indisposition, we must prohibit the fast, the hair cloth girdle, and the discipline, without permitting them to go to church; further continue the direction, cautiously and secretly with such, that they may be examined in their houses; if they are given admission into the garden, and edifice of the college, with secrecy; and if they consent to converse and secretly entertain with those that they prefer.
10. To the end that we may obtain, that the widows employ their utmost obsequiousness to the Society, it is the duty to represent to them the perfection of the life of the holy, who have renounced the world, estranged themselves from their relations, and despising their fortunes, consecrating themselves to the service of the Supreme Being with entire resignation and content. It will be necessary to produce the same effect, that those who turn away to the Constitutions of the Society, and their relative examination to the abandonment of all things. We must cite examples of the widows who have reached holiness in a very short time; giving hopes of their being canonized, if their perseverance does not decay; and promising for their cases our influence with the Holy Father.
11. We must impress in their souls the persuasion that, if they desire to enjoy complete tranquillity of conscience it will be necessary for them to follow without repugnance, without murmuring, nor tiring, the direction of the confessor, so in the spiritual, as in the eternal, that she may be found destined to the same God, by their guidance.
12. Also we must direct with opportunity, that the Lord does not desire that they should give alms, nor yet to fathers of an exemplary life, known and approved, without consulting beforehand with their confessor, and regulating the dictation of the same.

13. The confessors must take the greatest care, that the widows and their daughters of the confessional, do not go to see other fathers (i.e. non-Jesuit priests) under any pretext, nor with them. For this, we must praise our Society as the Order most illustrious of them all; of greater utility in the Church, and of greater authority with the Pope and with the princes; perfection in itself; then dismiss the dream of them, and menace them, that we can, and that we are no correspondents to them, we can say, that we do not consent to froth and do as among other monks who count in their convents many ignorant, stupid loungers who are indolent in regard to the other life, and intriguers in that to disorder, &c.

14. The confessors must propose and persuade the widows to assign ordinary pensions and other annual quotas to the colleges and houses of profession for their sustenance with especially to the professed house at Rome; and not forgetting to remind them of the restoration of the ornaments of the temples and replenishing of the wax, the wine, and other necessaries for the celebration of the mass.

15. If they do not make relinquishment of their property to the Society, it will be made manifest to them, on apparent occasion in particular, when they are found to be sick, or in danger of death; that there are many colleges to be founded; and that they may be excited with sweetness and disinterestedness, to make some disbursements as merit for God, and in that they can found his eternal glory.

16. In the same manner, we must proceed with regard to princes and other well doers, making them to see that such foundations will be made to perpetuate their memory in this world, and gain eternal happiness, and if some malevolent persons adduce the example of Jesus Christ, saying, that then he had no place to recline his head, the Society bearing his name should be poor in imitation of himself, we must make it known and imprint it in the imagination of those, and of all the world, that the Church has varied, and that in this day we have become a State; and we must show authority and grand measures against its enemies that are very powerful, or like that little stone prognosticated by the prophet, that, divided, came to be a great mountain. Inculcate constantly to the widows who dedicate their alms and ornaments to the temples, that the greater perfection is in disposing of the affection and earthly things, ceding their possession to Jesus Christ and his companions.

17. Being very little, that which we must promise to the widows, who dedicate and educate their children for the world, we must apply some remedy to it.

CHAPTER VIII

METHODS BY WHICH THE CHILDREN OF RICH WIDOWS MAY BE CAUSED TO EMBRACE THE RELIGIOUS STATE, OR OF DEVOTION.

I. To secure our object, we must create the custom, that the mothers treat them severely, and show to them, that we are in love with them. Coming to induce the mothers to do away with their tastes, from the most tender age, and regarding, restraining, &c., &c., the children especially; prohibiting decorations and adornments when they enter upon competent age; that they are inspired in the vocation for the cloister, promising them an endowment of consideration, if they embrace a similar state; representing to them the insipidity that is brought with matrimony, and the disgust that has been experienced in it; signifying to them the weight they would sit under, for not having maintained in the celibate. Lastly, coming to direct in the conclusions arrived at by the daughters of the widows, so fastidious of living with their mothers, that their feet will be directed to enter into a convent.

2. We must make ourselves intimate with the sons of the widows, and if for them an object or the Society, and cause them to penetrate the intent of our colleges, making them to see things that can call their attention by whatever mode, such as gardens, vineyards, country houses, and the farm houses where the masters go to recreate; talk to them of the voyages the Jesuits have made to different countries, of their treating with princes,

and of much that can capture Me young; cause them to note the cleanliness of the refectory, the commodiousness of the lodges, the agreeable conversation we have among ourselves, the suavity of our rule, and that we have all for the object of the greater glory of God; show to them the preeminence of our Order over all the others, taking care that the conversations we have shall be diverting to pass to that of piety.

3. At proposing to then the religious state, have care of doing so, as if by revelation; and in general, insinuating directly with sagacity, the advantage and sweetness of our institute above all others; and in conversation cause them to understand the great sin that will be committed against the vocation of the Most High; in fine, induce them to make some spiritual exercises that they may be enlightened to the choice of this state.

4. We must do all that is possible that the masters and professors of the youth indicated shall be of the Society, to the end, of being always vigilant over these, and counsel them; but if they cannot be reduced, we must cause them to be deprived of some things, causing that their mothers shall manifest their censure and authority of the house, that they may be tired of that sort of life; and if, finally, we cannot obtain their will to enter the Society, we must labor; because we can remand them to other colleges of ours that are at a distance, that they may study, procuring impediment, that their mothers show endearment and affection, at the same time, continuing for our part, in drawing them to us by suavity of methods.

CHAPTER IX

UPON THE AUGMENTING OF REVENUE IN THE COLLEGES.

1. We must do all that is possible, because we do not know if bound with the last vow of him, who is the claimant of an inheritance, meanwhile we do not know if it is confirmed, to not be had in the Society a younger brother, or of some other reason of much entity. Before all, that which we must procure, are the augmentations of the Society with rules to the ends agreed upon by the superiors, which must be conformable: for that the Church returns to its primitive splendor for the greater glory of God; of fate that all the clergy shall be found animated by a united spirit. To this end, we must publish by all methods, that the Society is composed in part of professors so poor, that are wanting of the most indispensable, to not be for the beneficence of the faithful; and that another part is of fathers also poor, although living upon the product of some household property; but not to be grievous to the public, in the midst of their studies, their ministry, as are other ordinary mendicants. The spiritual directors of princes, great men, accommodating widows, and of whom we have abundant hope, that they will be disposed at last to make gifts to the Society in exchange for spiritual and eternal things, that will be proportioned, the lands and temporalities which they possess; for the same, carrying always the idea, that we are not to lose the occasion of receiving always as much as may be offered. If promises and the fulfillment of them is retarded, they are to be remembered with precaution, dissimulating as much as we can the coveting of riches. When some confessor of personages or other people, will not be apt, or wants subtlety, that in these subjects is indispensable, he will be retired with opportunity, although others may be placed anticipatedly; and if it be entirely necessary to the penitents, it will be made necessary to take out the destitute to distant colleges, representing that the Society has need for them there; because it being known that some young widows, having unexpectedly failed, the Society not having the legacy of very precious movables, having been careless by not accepting In due time. But to receive these things, we could not attend at the time, and only at the good will of the penitent.

2. To attract the prelates, canonicals and other rich ecclesiastics, it is necessary to employ certain arts, and in place procuring them to practice in our houses spiritual exercises, and gradually and energetically of the affection that we profess to divine things; so that they will be affectioned towards the Society and that they will soon offer pledges of their adhesion.

3. The confessors must not forget to ask with the greatest caution and on adequate occasions of those who confess, what are their names, families, relatives, friends, and properties, informing their successors who follow them, the state, intention in which they will be found, and the resolution which they have taken; that which they have not yet determined obtaining, having to form a plan for the future to the Society. When it is founded, whence directly there are hopes of utility; for it will not be convenient to ask all at once; they will be

counseled to make their confession each week, to disembarass the conscience much before, or to the title of penitence. They will be caused to inform the confessor with repetition, of that which at one time they have not given sufficient light; and if they have been successful by this means, she will come, being a woman, to make confession with frequency, and visit our church; and being a man, he will be invited to our houses and we are to make him familiar with ourselves.

4. That which is said in regard to widows, must have equal application to the merchants and neighbors of all classes, as being rich and married, but without children, of that plan by which the Society can arrive to be their heirs, if we put in play the measures that we may indicate; but over all, it will be well to have present, as said, near the rich devotees that treat with us, and of whom the vulgar can murmur, when more, if they are of a class not very elevated.

5. Procuring for the rectors of the colleges entrance for all the ways of the houses, parks, groves, forests, lawns, arable lands, vineyards, olive orchards, hunting grounds, and whatever species of inheritances which they meet with in the end of their rectory; if their owners pertain to the nobility, to the clergy, or are negotiators, particulars, or religious communities, inquiring the revenues of each one, their loads and what they pay for them. All these dates or notices they are to seek for with great skill and to a fixed point, energetically yet from the confessional, then of the relations of friendship, or of the accidental conversations; and the confessor meets with a penitent of possibles, he will be placed in knowledge of the rector, obtaining by all methods the one conserved.

6. The essential point to build upon, is the following: that we must so manage, that in the ends we gain the will and affections of our penitents, and other persons with whom we treat, accommodating ourselves to their inclinations if they are conducive. The Provincials will take care to direct some of us to points, in which reside the nobility and the powerful; and if the Provincials do not act with opportunity, the rectors must notice with anticipation, the crops (the field of operations) that are there, which we go to examine.

7. When we receive the sons of strong houses in the Society, they must show whether they will be easy to acquire the contracts and titles of possession; and if so they were to enter of themselves, of which they may be caused to cede some of their property to the college, or the usufruct (profit) or for rent, or in other form, or if they can come for a time into the Society, the gain of which may be very much of an object, to give a special understanding to the great and powerful, the narrowness in which we live, and the debts that are pressing us. 8. When the widows, or our married devoted women, do not have more than daughters, we must persuade them to the same life of devotion, or to that of the cloister; but that except the endowment that they may give, they can enter their property in the Society gently; but when they have husbands, those that would object to the Society, they will be catechized; and others who desire to enter as religiouses in other Orders, with the promise of some reduced amount. When there may be an only son, he must be attracted at all cost, inculcating the vocation as made by Jesus Christ; causing him to be entirely disembarassed from the fear of his fathers, and persuading him to make a sacrifice very acceptable to the Almighty, that he must withdraw to His authority, abandon the paternal house and enter in the Society; the which, if he so succeeds, after having given part to the General, he will be sent to a distant novitiate; but if they have daughters, they will primarily dispose the daughters for a religious life; and they will be caused to enter into some monastery, and afterwards be received as daughters in the Society, with the succession of its properties.

9. The Superiors will place in the channel of the circumstances, the confessors of these widows and married people, that they on all future occasions may act for the benefit of the Society; and when by means of one, they cannot take our part he will be replaced with another; and if it is made necessary, he will be sent to great distances, of a manner that he cannot follow understandingly with these families.

10. If we succeed in convincing the widows and devoted persons, who aspire with fervor to a perfect life, and that the better means to obtain it is by ceding ad their properties to the Society, supporting by their revenues, that they will be religiously administered until their death, conforming to the degree of necessity in which they may be found, and the just reason that may be employed for their persuasion is, that by this mode, they can be exclusively dedicated to God; without attentions and molestations, which would perplex them, and that it is the only road to reach the highest degree of perfection.

11. The Superiors craving the confidence of the rich, who are attached to the Society, delivering receipts of its proper hand writing whose payment afterwards will differ; not forgetting to often visit those who loan, to exhort them above all in their infinities of consideration, as to whom will devolve the papers of the debt; because it is not so to be found mention of the Society in their testament; and by this course we must acquire properties, without giving cause for us to be hated by the heirs.

12. We must also in a grand manner ask for a loan, with payment of annual interest, and employ the same capital in other speculation to produce greater revenues to the Society; for at such a time, succeeding to move them with compassion to that which they will lend to us, we will not lose the interest in the testament of donation, when they see that they found colleges and churches.

13. The Society can report the utilities of commerce, and value the name of the merchant of credit, whose friendship we may possess.

14. Among the peoples where our fathers reside, we must have physicians faithful to the Society, whom we can especially recommend to the sick, and to paint under an aspect very superior to that of other religious orders, and secure direction that we shall be called to assist the powerful, particularly in the hour of death.

15. That the confessors shall visit with assiduity the sick, particularly those who are in danger, and to honestly eliminate the other fathers, which the superiors will procure, when the confessor sees that he is obliged to remove the other from the suffering, to replace and maintain the sick in his good intentions. Meanwhile we must inculcate as much as we can with prudence, the fear of hell, &c., &c., or when, the lesser ones of purgatory; demonstrating that as water will put out fire, so will the same alms blot out the sin; and that we cannot employ the alms better, than in the maintaining and subsiding of the persons, who, by their vocation, have made profession of caring for the salvation of their neighbor; that in this manner the sick can be made to participate in their merits, and find satisfaction for their own sins; placing before them that charity covereth a multitude of sins; and that also, we can describe that charity, is as a nuptial vestment, without which, no one can be admitted to the heavenly table. In fine it will be necessary to move them to the citations of the scriptures, and of the holy fathers, that according to the capacity of the sick, we can judge what is most efficacious to move them.

16. We must teach the women, that they must complain of the vices of their husbands, and the disturbances which they occasion, that they can rob them in secret of some amounts of money, to offer to God, in expiation of the sins of their husbands, and to obtain their pardon.

CHAPTER X

OF THE PARTICULAR RIGOR OF DISCIPLINE IN THE SOCIETY.

1. If there shall be anyone dismissed under any protest, as an enemy of the Society, whatever may be his condition, or age; all those who have been moved to become the devotees of our churches; or of visiting ourselves; or who having been made to take the alms on the way to other churches; or who having been found to give to other fathers; or who having dissuaded any rich man, and well intentioned towards our Society, or giving anything; or in the time in which he can dispose of his properties, having shown great affection for his relations with this Society; because it is a great proof of a mortified disposition; and we conclude that the professions are entirely mortified; or also, that he having scattered all the alms of the penitents, or of the friends of the Society, in favor of his poor relations. Furthermore, that he may not complain afterwards of the cause of his expulsion, it will be necessary to thrust him from us directly; but we can prohibit him from hearing confessions, which will mortify him, and vex him by imposing upon him most vile offices, obliging him each day to do things that are the most repugnant; he will be removed from the highest studies and honorable employments; he will be reprimanded in the chapters by public censures; he will be excluded from the recreations and prohibited from all conversation with strangers; he will be deprived of his vestments and the uses of other things when they are not indispensable, until he begins to murmur and becomes impatient; then he can be expelled as a shameful person, to give a bad example to others; and if it is necessary to give account

to his relatives, or to the prelates of the Church, of the reason for which he has been thrust out, it will be sufficient to say that he does not possess the spirit of the Society.

2. Furthermore, having also expelled all those who may have scrupled to acquire properties for the Society, we must direct, that they are too much addicted to their own judgment. If we desire to give reason of their conduct to the Provincials, it is necessary not to give them a hearing; but call for the rule, that they are obligated to a blind obedience.

3. It will be necessary to note, whence the beginning and whence their youth, those who have great affection for the Society; and those which we recognize their affection until the furthest orders, or until their relatives, or until the poor shall be necessarily disposed, little by little, as carefully said, to go out; then they are useless.

CHEAPER XI

HOW WE MUST CONDUCT OURSELVES UNITEDLY AGAINST THOSE WHO HAVE BEEN EXPELLED FROM THE SOCIETY.

1. As those whom we have expelled, when knowing little or something of the secrets, the most times are noxious to the Society for the same, it shall be necessary to obviate their efforts by the following method, before thrusting them out; it will be necessary to obligate them to promise, by writing, and under oath, that they will never by writing or speaking, do anything which may be prejudicial to the Society; and it will be good that the Superiors guard a point of their evil inclinations, of their defects and of their vices; that they are the same, having to manifest in the discharge of their duties, following the custom of the Society, for that, if it should be necessary, this point can serve near the great, and the prelates to hinder their advancement.

2. Constant notice must be given to all the colleges of their having been expelled; and we must exaggerate the general motives of their expulsion; as the little mortification of their spirit; their disobedience; their little love for spiritual exercises; their self love, &c., &c. Afterwards, we must admonish them, that they must not have any correspondence with them; and they must speak of them as strangers; that the language of all shall be uniform, and that it may be told everywhere, that the Society never expels any one without very grave causes, and that as the sea casts up dead bodies, &c., &c. We must insinuate with caution, similar reasons to these, causing them to be abhorred by the people, that for their expulsion it may appear plausible.

3. In the domestic exhortations, it will be necessary to persuade people that they have been turned out as unquiet persons; that they continue to beg each moment to enter anew into the Society; and it will be good to exaggerate the misfortunes of those who have perished miserably, after having separated from the Society.

4. It will also be opportune to send forth the accusations, that they have gone out from the Society, which we can formulate by means of grave persons, who will everywhere repeat that the Society never expels any one but for grave causes; and that they never part with their healthy members; the which they can confirm by their zeal, and show in general for the salvation of the souls of them that do not pertain to them; and how much greater will it not be for the salvation of their own.

5. Afterwards, the Society must prepare and attract by all classes of benefits, the magnates, or prelates, with whom those who have been expelled begin to enjoy some authority and credit. It will be necessary to show that the common good of an Order so celebrated as useful in the Church, must be of more consideration, than that if a particular one who has been cast out. If all this affliction preserves some affection for those expelled, it will be good to indicate the reasons which have caused their expulsion; and yet exaggerate the causes the more that they were not very true; with such they can draw their conclusions as to the probable consequences.

6. Of all modes, it will be necessary that they particularly have abandoned the Society by their own free will; not being promoted to a single employment or dignity in the Church; that they would not submit themselves and much that pertains to the Society; and that all the world should withdraw from them that desire to depend on them.

7. Procuring soon, that they are removed from the exercise of the functions celebrated in the Church, such as the sermons, confessions, publication of books, &c., &c., so that they do not win the love and applause of the people. For this, we must come to inquire diligently upon their life and their habits; upon their occupations, &c., &c., penetrate into their intentions, for the which, we must have particular correspondence with some of the family in whose house they live, of those who have been expelled. In surprising something reprehensible in them or worthy of censure, which is to be divulged by people of medium quality; giving in following the steps conducive to reach the hearing of the great, and the prelates, who favor them, that they may be caused to fear that the infamy will relapse upon themselves. If they do nothing that merits reprehension, and conduct themselves well, we must curtail them by subtle propositions and captious phrases, their virtues and meritorious actions, causing that the idea that has been formed of them, and the faith that is had in them, may little by little be made to disappear; this is of great interest for the Society, that those whom we repel, and more principally those who by their own will abandon us, shall be sunk in obscurity and oblivion.

8. We must divulge without ceasing the disgraces and sinister accidents that they bring upon them, notwithstanding the faithful, who entreat for them in their prayers, that they may not believe that we work from impulses of passion. In our houses we must exaggerate by every method these calamities, that they may serve to hinder others.

CHAPTER XII

WHO MAY COME THAT THEY MAY BE SUSTAINED AND PRESERVED IN THE SOCIETY.

1. The first place in the Society pertains to the good operators; that is to say, those who cannot procure less for the temporal than for the spiritual good of the Society; such as the confessors of princes, of the powerful, of the widows, of the rich pious women, the preachers and the professors who know all these secrets.
2. Those who have already failed in strength or advanced in years; conforming to the use they have made of their talents in and for the temporal good of the Society; of the manner which has attended them in days that are passed; and further, are yet convenient instruments to give part to the Superiors of the ordinary defects which are to be noted in ourselves, for they are always in the house.
3. We must never expel but in case of extreme necessity, for fear of the Society acquiring a bad reputation.
4. Furthermore, it will be necessary to favor those who excel by their talent, their nobleness and their fortune; particularly if they have powerful friends attached to the Society; and if they themselves have for it a sincere appreciation, as we have already said before. They must be sent to Rome, or to the universities of greater reputation to study there; or in case of having studied in some province, it will be very convenient that the professors attend to them with special care and affection. Meanwhile, not having conveyed their property to the Society, we must not refuse them anything; for after confirming the cession, they will be disappointed as the others, notwithstanding guarding some consideration for the past.
5. Having also especial consideration on the part of the Superiors, for those that have brought to the Society, a young notable, placed so that they are given to know the affection made to it; but if they have not professed, it is necessary to take care of not having too much indulgence with them, for fear that they may return at another time, to carry away those whom they have brought to the Society.

CHAPTER XIII

OF THE YOUTH WHO MAY BE ELECTED TO BE ADMITTED INTO THE SOCIETY, AND OF THE MODE OF RETAINING THEM.

1. It is necessary that much prudence shall be exercised, respecting the election of the Youth; having to be sprightly, noble, well liked, or at the least excellent in some of these qualities.
2. To attract them with greater facility to our institute, it is necessary in the meanwhile, to study that the rectors and professors of colleges shall exhibit an especial affection; and outside the time of the classes, to make them comprehend how great is God, and that some one should consecrate to his service all that he possesses; and particularly if he is in the Society of his Son.
3. Whenever the opportunity may arrive, conducive in the college and in the garden, and yet at times to the country houses, that in the company of ourselves, during the recreations, that we may familiarize with them, little by little, being careful, notwithstanding, that the familiarity does not engender disgust.
4. We cannot consent that we shall punish them, nor oblige them to assemble at their tasks among those who are the most educated.
5. We must congratulate them with gifts and privileges conforming to their age and encouraging above all others with moral discourses.
6. We must inculcate them, that it is for one divine disposition, that they are favorites among so many who frequent the same college.
7. On other occasions, especially in the exhortations, we must aim to terrify them with menaces of the eternal condemnation, if they refuse the divine vocation.
8. Meanwhile frequently expressing the anxiety to enter the Society, we must always defer their admission, that they may remain constant; but if for these, they are undecided, then we must encourage them incessantly by other methods.
9. If we admonish effectively, that none of their friends, nor yet the fathers, nor the mothers discover their vocation before being admitted; because then, if then, they come to the temptation of withdrawing; so many as the Society desires to give full liberty of doing that which may be the most convenient; and in case of succeeding to conquer the temptation, we must never lose occasions to make them recover spirit; remembering that which we have said, always that this will succeed during the time of the novitiate, or after having made their simple vows.
10. With respect to the sons of the great, nobles, and senators, as it is supremely difficult to attract them, meanwhile living with their fathers, who are having them educated to the end, that they may succeed in their destinies, we must persuade, vigorously, of the better influences of friends that are persons of the same Society; that they are ordered to other provinces, or to distant universities in which there are our teachers; careful to remit to the respective professors the necessary instructions, appropriate to their quality and condition, that they may gain their friendship for the Society with greater facility and certainty.
11. When having arrived at a more advanced age, they will be induced to practice some spiritual exercises, that they may have so good an exit in Germany and Poland.
12. We must console them in their sadness and afflictions, according to the quality and dispositions of each one, making use of private reprimands and exhortations appropriate to the bad use of riches; inculcating upon them that they should depreciate the felicity of a vocation, menacing them with the pains of hell for the things they do.

Congressman Rangel (D-NY) Beating War Drums, Wanting To Reinstate The Draft

Rangel spoke last week on Capitol Hill, saying he will reintroduce his draft bill. Although he speaks against the war, critics claim he is a New World Order shill.

13 Jan 2007

By Greg Szymanski

Rep. Charles Rangel (D-NY) is beating the war drums again, trying to get innocents involved in the U.S. government and Vatican 's illegal war in the Middle East.

Supposedly a liberal Black representative, Rangel appears to be nothing more than a traitor and shill and a loyal New World propagandist, as he is calling to reinstitute the draft, saying the war should be shared by all young Americans not only the poor and underprivileged.

However, his thinking is flawed, according to many true patriots who clearly see through his deception.

"The draft bill is clearly geared to get more innocent boots on the ground as people are seeing that the war is illegal and unjustified," said one patriot fed up with Bush's illegal war. "Rangel says the war should be shared by all, not just the rich. But the rich always escape a draft anyway...Look at what happened with Vietnam. Cheney got a deferment and Bush never served one day in battle, taking a cushy Reserve position."

Rangel first introduced his bill over a year ago, being soundly rejected, but Thursday he spoke at the U.S. House Radio-TV Gallery, Room H-321, in the U.S Capitol Building, trying to muster support for a draft.

Rangel's bill will mandate a war time draft for all American men and women, aged 18-42, with no deferments. It will also require civilian service for those who are not drafted.

Congressman Rangel said he re-introduced the draft bill last Thursday, January 11.

With the draft proposal now on the Legislative Horizon ff politicians have there way, we may see another Vietnam draft before the end of the year, according to several observers on Capitol Hill.

Although Rangel has been an outspoken critic of President Bush's war policies, he said this week "the burden of war should be shared among all social groups," including "the children of the wealthy and privileged."

Rangel is essentially reintroducing legislation that failed to gain support last session, however, this time around I think it has a better chance of passing.

HR 163, Rangel's previous pro-draft piece of legislation, became a democratic embarrassment and a political football during the 2004 Presidential campaign.

When charges started flying that President Bush would bring back the draft if elected, Rangel's bill became an obvious political liability for Sen. John Kerry, who was taking a strong anti-draft position.

In the face of strong criticism, Rangel still strongly supports a nationwide military draft, saying it is both a deterrent to war and a mechanism to force privileged Americans to share the war's burden.

However, Bill Galvin, head of an opposition group called the Center of Conscience and War, said both arguments are totally wrong since the draft has never made the Armed Services more equitable, racially or economically.

Galvin points to the Vietnam War where mostly minority draftees disproportionately served on the front lines while the rich and privileged found loopholes to avoid serving.

"The affluent had and still have the means to gain medical deferments or to serve soft, safe positions," Galvin said, referring to people like President Bush who served stateside in the National Guard and Vice President Cheney who avoided service completely in Vietnam by obtaining a deferment.

"If Rep. Rangel and other pro draft progressives really wanted to fix social and racial inequities, they'd be advocating for jobs, education and opportunity, not equal opportunity war making."

Whether the draft becomes a reality is still in political limbo, however, no one would argue that President Bush's aggressive foreign military policies needs more warm bodies and boots on the ground.

In a Los Angeles Times article, former security advisors Brent Scowcroft and Zbigniew Brzezinski were quoted as saying the U.S. requires at least 500,000 more troops to sustain the war in Iraq and reinstatement of the draft may be unpopular but necessary.

"At best, Rangel's bill merely plays into Bush's hands," said Galvin. "At worst, it's a stealth measure intended to supply progressive political cover for pro-draft democrats."

In a political move, democrats quickly rushed the bill to the House floor where it was summarily rejected by an overwhelming majority, Rangel even voting against his own piece of legislation for obvious tactical political reasons.

Privately, however, Galvin and others fear President Bush is just waiting for the right moment "to spring the draft back on the American people" since he no longer has to worry about getting re-elected.

Oklahoma City Bomber Still Alive And Living In South America, According To Former FBI Agent

FBI Whistleblower John Peeler said McVeigh has had plastic surgery and friends at the Bureau asked if Peeler wanted to set up a meeting with the government patsy since they worked together for the Bureau.

12 Jan 2007

By Greg Szymanski

A former FBI agent, turned whistleblower, said he received "credible information from several friends at the Bureau" that Oklahoma City bomber, Timothy McVeigh, is still alive and living in South America.

Long time FBI agent and self-proclaimed hit man, John Peeler, made this startling revelation Wednesday on Greg Szymanski's radio show, the Investigative Journal, now airing exclusively on the Republic Broadcasting Network from 11am to 1pm Monday thru Friday at www.rbnlive.com

"It was all smoke and mirrors and McVeigh was never executed," said Peeler, adding he knew McVeigh was selected as a government patsy to pull off the Oklahoma City bombing.

"Several friends at the Bureau told me if I ever wanted to talk with him, it could easily be arranged. McVeigh is living in South America and he has had plastic surgery. Further, McVeigh wasn't the first selection to blow up the federal building as the original patsy didn't work out.

"I knew McVeigh personally and we both were working undercover for the Bureau when I first met him. He was an MK-Ultra experiment and they messed with his mind big time. After coming forward publicly with this information, I was hauled into the FBI and given a lie detector test which I passed with flying colors."

Peeler openly said on the radio show that he has been called a "jack boot thug" more than once in his life, even calling himself "the worst of the worst" for the downright "dirty assignments" he took on as a longtime FBI agent.

"I worked behind the scenes or had inside information about Waco, Ruby Ridge, Oklahoma City and 9/11," added Peeler. "I was also given the assignment to bring down Pastor Tony Alamo, who was a good person and squeaky clean. They wanted him out of the way in Arkansas because he knew how dirty and wouldn't support Bill and Hillary Clinton. When we couldn't get him on anything, I recommended we get set him on tax evasion charges which were of course bogus. I have since apologized Pastor Alamo and he has accepted my apology."

And for years, the veteran undercover FBI agent worked underground basically as a hit man or infiltrator, trying to nip in the bud any patriot or militia movement threatening the New World Order agenda, being privy to exactly how the government staged terrorist events like Oklahoma City and 9/11 in order to further the Illuminati agenda leading to World War III and the destruction of the West.

"I was basically one of them, a part of the New World Order," he said.

"I had a deep loyalty for America and justified my actions by thinking I was protecting my country. For a long time, I just didn't understand how the people giving the orders, including those in the White House, were deceitful, corrupt and actually trying to bring about the destruction of America.

"After 9/11, I started putting the pieces together, started connecting the dots and now fully realize from the firsthand facts I obtained while working for the FBI that Oklahoma City and 9/11 were inside jobs."

And the moment Peeler finally realized the government officials he served were "the real criminals" and he was just another minion or hired gun carrying out their dirty work, there was no turning back, as he turned in his badge and gun for a loud whistle around his neck in order to spread the truth.

Instead keeping quiet and taking the easy way out, Peeler decided to make amends for his actions by going public with his knowledge about how the use government staged Waco and Ruby Ridge, as well as providing key information about the U.S. government's role in bringing about Oklahoma City and 9/11.

"These are not conspiracy theories," said Peeler. "This is based on facts I know, leading to the conclusion that Oklahoma City and 9/11, without question, were inside government jobs."

And when Peeler refused to "play ball" with the powers that be, the hammer was slammed down hard. It was slammed down hard since it is well-known the New World Order thugs "plays for keeps," especially with people from the inside who try to leak out damaging information.

"I've had many death threats and close calls since I went public in 2001," said Peeler. "But they decided to go after my son, who was in the military, framing him for a murder he didn't commit. There was no credible physical evidence, no credible testimony, no body, no nothing. It was a frame job from the beginning to get at me and now my son sits in jail serving a life sentence for a crime he didn't commit."

Peeler said he was trying to raise public awareness to have his son's case revisited in order to obtain his release since working "inside the system with the corrupted judiciary" provides no hope for justice being served.

In another interview Peeler posted on his blog at www.johnpeeler.blogspot.com he had this to say about the inside information he obtained, leading to the public indictment against the U.S. government's criminal actions, crimes against humanity and crimes against the people of the United States.

"That's right. I volunteered and worked undercover for the United States government. I had the best intentions in the world. In 1988, the [Ku Klux] Klan was burning black churches here in Arkansas and the surrounding southern areas. But anyway, what I'm saying is a real, real complicated mess. I would like for you to pray for my son and myself. I'm no longer with the United States government.

"The only way I'm with the government now is they harass me on a regular basis and trying to figure out some way to put me in jail. The FBI came to my home a few weeks ago and threatened me. Then they forced me to take a polygraph test. I took a polygraph test, and I passed it. They are real upset because I no longer do deals for them. But they did me really dirty. What happened, I volunteered and went undercover for the government in 1988.

"They had a list of people that they had me to get to know these people, get involved with them, and then find out all about them. But most of the people who were on the list were really bad people. Most of these people were like Wilbur Hale, the high Phineas priest, the KKK, him and Richard Wayne Snell. Let me tell you what precipitated this in my conversation with you. What happened, I get Tony Alamo's newsletters most of the time. Sometimes I look at them better than others, but this last one, when I read about the Pearl Harbor thing, it sent shivers through my spine. It really did, because I was involved with a lot of the things that he's talking about in there. I know for a fact that he's one hundred percent correct. You see, Another Pearl Harbor."

Having a wealth of stored up information, damaging to the New World Order hierarchy, including the former President Clinton and Bush, Peeler added:

"I personally knew William Jefferson Clinton, also known as William Jefferson Blythe. I know the people in the Secret Service, the Bureau of Alcohol, Tobacco, and Firearms, the Federal Bureau of Investigation, the Drug Enforcement Administration, and many of these agencies work the same way. They have what they call the Violent Crime Task Force, and they go after people they want. Pastor Alamo is not violent.

"He preaches love and peace, to my knowledge, but he is on this list. He didn't sell out to the government and say what the government wants people to say, that the government is good and righteous and is doing right for the people, which they're not doing. But one of the warnings that I want to give to Pastor Alamo right now is, you notice a lot of people in the United States are dying of cancer. Now this is a scenario, okay, that could happen, okay.

"The FBI, BATF, CIA, the CIA officially did not work for the United States, but they did work in the United States and do a lot of things, but now under the new Anti-Terrorist Act and the Homeland Security Act, they can legally work in the United States, but I knew CIA agents that have been working in the United States for years doing deals.

In another admission, Peeler talks about how he knew the FBI planted a bomb in the car of Earth First environmental activist, Judi Bari, almost killing her but later finished off the job in a more sinister and diabolical way.

Trying to connect the dots of the New World Order high command, Peeler said he knew first hand all roads lead to the, adding the U.S. law enforcement agencies are really enforcing the Pope in Rome's diabolical will on U.S. citizens.

Saying that all of the secret societies pretending to be the servants and the protectors of not only the U.S. citizens but the citizens of the world are, in reality, working under the control of the evil powers that have taken over the Vatican, the real marching orders coming from Rome and then carried out throughout the world.

Regarding David Koresh, Peeler said that the BATF, DEA, and FBI's plan from the start was to kill him, never intending anything else.

"The whole plan was to kill David Koresh and as many of his followers as they could. Three weeks before the massacre, they told me they were calling it a turkey shoot," said Peeler.

"I volunteered to go to the Waco turkey shoot, Peeler said, ""They [the government] told me they were taking the most ammunition, the most weapons they ever took in the United States to a bust and that they didn't plan to take David Koresh alive. They planned to kill him. I was also involved in the Oklahoma bombing and the World Trade Center number one and number two attacks."

Regarding 9/11, Peeler added:

"It was another Pearl Harbor. Just like they said on the History Channel not too long ago, there were many people from the President, and the top upper echelons of the [Roman-controlled] United States government, that knew it was going to happen and let it happen.

"Now, since World War II, when the CIA was started, they got a lot of the old German high command and German officers of the SS and worldwide intelligence divisions, and had them to help them start the Central Intelligence Agency, and used a lot of their techniques that they had used over there [in Germany], that are very unfortunate that they have continued and passed down these techniques of going after certain people and certain organizations, for their religious or political affiliations."

Dr. Len Horowitz Becomes A Papal Knight of Malta, according to one of the organization's affiliate web sites.

True Patriots in America question whether Horowitz is nothing but a shill for the Vatican-led New World Order.

11 Jan 2007

By Greg Szymanski

Dr. Len Horowitz, who has always portrayed himself as a true patriot fighting against New World Order health crimes and disease, has recently become a member of the Knights of Malta, according to reports from one of their affiliate web sites.

The outward display of 'papal knighthood' by Horowitz comes as a shock to a number of patriots who previously placed trust in Horowitz's literary work in the field of disease prevention and emerging viruses.

"This is a great disappointment," said Eric Jon Phelps, author of the widely read book, Vatican Assassins. "May the risen Son of God, the Lord Jesus Christ, grant this racial Jew and professing Bible-believing Christian repentance for his infamous act.

"He has betrayed his own racially Jewish/Hebrew people---massacred by Knights of Malta who were members of Himmler's "Circle of Friends"---his racial brethren who are now slated for total annihilation here in North America thanks to Jesuit Temporal Coadjutor George Bush's "War on Terror."

Horowitz could not be reached for comment.

Although the Knights of Malta's true purpose has been a well-kept Vatican secret, people in America are being educated to the fact it is still an organized world-wide group which furthers the Vatican's upcoming "New Inquisition" by aiding, abetting and fostering the fascist takeover of America.

"It is this Russian tongue of the Knights of Malta Len Horowitz has now joined," added Phelps. "As per its site, the Russian branch "follows the precepts of Blessed Gerard," the founder of the Knights of Malta for the benefit of the Pope's bloodthirsty Crusades.

"Thus, these very Knights whom Horowitz wonderfully exposes in his masterpiece Emerging Viruses, he has now joined. I wonder if he knows that AIDS virus creator Dr. Robert C. Gallo is also a Knight and was awarded the "Sword of Ignatius Loyola" by the Order's St. Louis University in 1988?"

Another patriot who wanted to remain anonymous sent this comment and email to the Arctic Beacon:

"So Horowitz is a Knights of Malta damn is there anyone these people haven't got to? I knew he'd turned Christian but didn't know he'd gone Catholic although he did at one time have a dig at King James.

"Although I respected a lot of his work I knew he was a clever agent for a long time, how? Because of all

his HIV Virus theory promotion and his continuing of Dr. Strecker's disinformation on both HIV and Animal Viruses.

"Once you become fully aware of the disinformation surrounding viruses and especially HIV you can see through these people. They use your 'I want to see a devious conspiracy' mind against you in order to promote another conspiracy being an out and out LIE. So in this case in order to close the mind of a clever person they decide to tell you HIV is man made hoping to hook line and sinker you. Now when I, Rapp port and many others expose the truth on the phony virus scams you instantly clamor up and then attack us."

Phelps then elaborated on the history of the Russian Knights of Malta and its connections to the Vatican's bloodthirsty Crusades:

"As you must know, the Russian branch of the SMOM was started after Napoleon, under Jesuit control, drove the Order from Malta in 1798---thirty years after the Knights had driven the Jesuits from Malta. Now in Russia, it entered into an agreement with the acting Jesuit General to submit to the Company which had been formally recognized to exist in Russia by Pope Pius VII in 1801.

"With the Jesuits and the Knights of Malta under the protection of Tzar Paul I (who was murdered that year by the Order for his disobedience in befriending "heretic" Protestant Prussia), the Russian "Tongue" of the Knights of Malta would be "Orthodox"---created specially for the Orthodox nobles of Russia. One such noble would later include Tzar Nicholas II, a co-conspirator in the success of the Black Pope's Bolshevik Revolution.

"Nicholas, with his English cousin and brother Knight of Malta, King George V, would use his secret police, the Okhrana, to betray the Kremlin into Bolshevik hands ending his Romanoff dynasty---the protector of the anti-Pope, Eastern Orthodox Church. Moscow, "the third Rome," was now in the hands of the Jesuits via their leading Masonic Jewish Labor Zionists smuggled into Russia from Jesuit-ruled New York City---Lenin and Trotsky's Bolsheviks. So great was the rejoicing of the Order over the fall of Moscow and the murders of over 5,000 anti-Pope priests and nuns, that "anti-communist" Jesuit Edmund A. Walsh (resident in Moscow in 1922 under the subtle excuse of a Papal Relief effort given exclusive jurisdiction from the Pope to "negotiate" with the Bolsheviks, Walsh installing Stalin as the Secretary of the Communist party that same year!) called this "the greatest historical event since the fall of the Roman Empire."

"Key to the fall of the Romanoff dynasty and the beheading of the anti-Pope Orthodox Church was the Sovereign Orthodox Knights Hospitaller of St. John of Jerusalem. The Tzar, who was the protector and member of the Order, participated in this high crime of treason against his own people for which he and his family were rewarded with a secret escape. Meanwhile, the Knights aided the new secret police, the Cheka (manned by certain former Okhrana officials), headed by a Polish Roman Catholic who was indeed a Jesuit Temporal Coadjutor---the monster Felix Dzerzhinski. Overseeing this bloody murderer was King SMOM George V via his British Secret Intelligence Service in the person of Sydney Reilly.

"To throw dust in the eyes of the pedestrian observer, Lenin expelled the Russian Orthodox Branch of the Knights of Malta in 1917, it then taking up residence in Paris until the end of the Pope's Cold War Hoax premised upon the "Mutual Airborne Nuclear War" Hoax. After Knight of Malta George H. W. Bush followed orders in ending the Cold War Hoax (which JFK attempted to end prematurely) in December, 1989, on the island nation of Malta---in the very presence of the Knights of Malta, the brotherhood was readmitted into Russia: it is at this moment headquartered in Moscow and St. Petersburg.

"Without the aid and comfort of the Russian Orthodox tongue of the Knights of Malta working with the Protestant English tongue of the Knights of Malta, **THERE COULD HAVE BEEN NO SUCCESSFUL BOLSHEVIK REVOLUTION AND THE ENSUING MASS-MURDER OF THE ANTI-JESUIT RUSSIAN PEOPLE FOR NEARLY A CENTURY!"**

Jury Still Out on Wanta's Credibility, According To Wife Of Murdered U.S. Army Colonel

V.K. Durham says Wanta isn't the "white knight" he portrays himself as and is just one of the "good old boys."

10 Jan 2007

By Greg Szymanski

Sometimes with a little bit of luck and a good roll of the dice good men prevail and evil is defeated.

In the case of the Leo Wanta story, the jury is still out whether the former Treasury agent is on the good side or the bad.

But according to the wife of a murdered U.S. Army Colonel, charged with overseeing more than 175 CIA secret bank accounts, Wanta isn't the "white knight" portrayed in many internet articles, including those on the Arctic Beacon.

V.K. Durham, the widow of Col. Russell Herman, who claims her husband was assassinated by government thugs, said Wanta is one of the good old boys, adding:

"He is part of the old BUSH-CLINTON-CONTRA "DRUG AND MONEY LAUNDERING GROUP" that found it necessary TO SHOW SOURCE OF COLLATERAL/FUNDS under new International Banking Regulations ..and did a lot FORGERY, FALSE NOTARY and BACK DATING on the "BONUS 3392-181" COLLATERAL "DEBT" Instruments owned by the DURHAM HOLDING TRUST, Tias 12087 trying to 'get legitimate' and 'make organized crime or R.I.C.O. "Murder Inc. & Murder For Profit "Legal!"

In earlier testimony, Durham elaborated on how the "good old boys" ripped off the Durham trust account:

"Two hundred and forty billion in stolen currency was obtained resulting from George H. W. Bush's presidential abuse of power, when he authorized former Treasury Secretary Nicholas Brady and former Secretary of State James Baker III to make fraudulent use of the Durham Family Trust collateral without her permission. There is evidence that Colonel Hermann's and V. K. Durham's signatures were forged on a Goldman-Sachs bank account certification requesting the conversions to U.S. currency.

"The money was never repaid since the ten-year Brady bonds--purchased before September 13, 1991 using the fraudulent collateral and gold bullion as security came due on September 12, 2001--the day after the 9.11 attacks, having allegedly been underwritten and held by the trustee, Cantor-Fitzgerald bond brokerage firm [whose offices on floors 101-105 in the North Tower of the World Trade Center (WTC) were destroyed on 9.11 along with the Brady bond evidence."

Regarding Wanta, he recently came back on the public scene, claiming he entered into an agreement with U.S. officials to repatriate \$4.5 trillion on off shore funds. He also claimed he as at odds with the last three presidential administrations who were stealing trillions in off shore funds - money dedicated under the

Reagan protocols and money under Wanta's control to return to the American people for the betterment of the economy.

Much of Wanta's story has been told in the Arctic Beacon, depicting Wanta riding the horse against the evil Bush and Clinton administrations.

However, Durham tells a different story, the flip side of the coin that must be told in order to sniff out the truth.

Apparently, according to emails made public Wanta has been communicating with Durham even though he has gone on record saying he is under a gag order and unable to talk to this editor and others interested in his story.

Although Wanta's representative, Michael C. Cottrell told the arctic Beacon he is not talking, according to Durham's post on her web site she has communicated with him in recent days in the following manner:

Mr. Wanta.

Sorry to inform you that I did not originate the issue of you being Leo Vanta.

This Leo Vanta came out of Russia..there are 19 pages. You can read it at

<http://gangstersinc.tripod.com/RussianPup1.html> .

This, in my 'opinion' ties directly in with the DRUG CARTELS mentioned in TOM FLOCCO'S article

<http://www.tomflocco.com/fs/FinancialTerrorism.htm> .

Mr. Flocco's information is part of ongoing Investigations into Organized Crime Banking Activities.

Your MEMOS to Vice President Cheney...sets your stripes..

You may be a natural born American Citizen.. But; You know what Leo? It requires one hell of a lot more than 'lip service' to be AN AMERICAN!

TRUE Americans; "Uphold, Protect and Defend the Constitution of the United States of America, Against all parties, foreign or domestic."

The CONSTITUTION; Leo..is THE LAW. Otherwise known as THE LAW OF THE LAND.

Somehow.. I just don't feel as though the two before mentioned which your name is associated, qualifies for "Upholding, Protecting and Defending" ..

I did not 'invent' Leo Vanta.. Your Russian Associates/Friends did.

Frank B Ingram SA32NV [Sector V] of The US Department of the Treasury is very much alive .. as I reconfirmed moments ago ..

As to YOUR invented Leo Vanta we collectively have absolutely no confirmation of any living individual ..

Nor am I any form of a CRIMINAL _ nor do I intend to engage in CRIMINAL ACTIVITIES as libelously stated by your groupe ..

Our OFFSHORE and LAWFUL corporate funds _ with SOURCE of FUNDS already certified in the COURT RECORDS _ will be repatriated and invested to assure Our National Security is strengthened forthwith, and never with any past _ present _ future connection to these BONUS monetary sources ..

Sorry, we apparently can not work together to serve OUR GREAT NATION ..

Thank you Mr. Wanta for acknowledging my "Intelligence" background.

When you called me yesterday.. I believe I made it clear regarding my opinion as to who you are..further stating: I do not believe you are the Frank Ingram who was the Financial Engineer who worked with my husband and the "Working Group"..because information gathered by my 'little fox's'..tells me 'our Frank Ingram is dead.'

You were also informed regarding your CHRISTOPHER STORY's arrogance, and demeaning behaviour regarding his dislike for Americans. Being a 'Brit' is no excuse for rudeness. All 'unacceptable.'

V.K. Durham, CEO

This is to: WE the People;

Many of you are not old enough to know about DOPPLEGANGERS.. But we most assuredly have a DOPPLEGANGER situation presently presenting its-self.

Too many old WWII Nazi type DOPPELGANGERS have surfaced..all 'look alike's'..

Back during the WAR OF THE PACIFIC; The U.S. NAVY had a U.S. NAVY PILOT recovered from the Pacific who alleged he had been shot down by the Japanese. The U.S. NAVY PILOT was 6'3" tall and Left Handed.

U.S. NAVAL REQUIREMENTS for pilots in WWII.. Height 5'10" ..Right Handed.

The recovered 6'3" Left Handed pilot later became OSS, OSI, the head of CIA, Vice President and then President of the United States.. pushing this Nation through unparalleled Drug and Money Laundering Operations while laundering those DRUG and MONEY through International Banking, and our U.S. Federal

Reserve affiliated BANKS..

Good men who believed in the Oath they took when entering Service of the United States Armed Forces and worked up through the ranks becoming respected officials in Office of Naval Intelligence, OSS or OSI and the private corporation known as the U.S. Central Intelligence Agency or CI-Ltd., such as COLBY, CASEY, BORDU, HERRMANN and too many bankers to count have all been MURDERED by those 'at the top' who saw a way the stolen accounts and moneys could create a NEW WORLD ORDER GOVERNMENT.

THE MUSLIM LADY(s) "Gladios" (Stay Behind)..PHILIPPINE OPERATION published December 13, 2006: "VKD/WANTA SMOKE SCREEN. Smoke has been absolutely billowing all over the Internet about the fantastic claims of Ambassador Leo Wanta. VK Durham has been anxious to sidle up to the Wanta situation, even to the point of extending an invitation to him to "come in from the cold."

What can we say about the Wanta Trillions? Not much, except that it is interesting that the total is claimed to be \$27.5 Trillion--- EXACTLY HALF of the \$55 Trillion which has been accumulated subsequent to the 1996 agreement between the United States Treasury COSMOS/GAIA. What a coincidence.

We stand ready, willing and able with THE solution to be implemented when man is ready for it. " Signed: Ron Kirzinger [end quote]

DOPPELGANGERS and GLADIOS, but none can pass the test of SHOWING SOURCE OF COLLATERAL/FUNDS and/or being authorized by "the Real McCoy" in such as the Global Alliance Investment Association, Hellenic Express International Ltd., InterAmerican Investment Corporation, InterAmerican Development Bank, The Depository Trust Co., Cosmos Seafood Energy Marketing, Ltd; Nevada ID # 1707-85.. all DOPPELGANGERS pretending to be U.S. Federal Reserve/U.S. Treasury "Corporations" with the exception of one..and that one is held in Durham Holding Trust, Tias 12087..and that ONE was the ONE my husband was murdered over, because someone thought he owned something..he did not own.

This same group of "doppelgangers" and "gladios" murdered J.F.K. corrupted the U.S. Federal Reserve Banking System and have damn near totally destroyed the CREDIBILITY of the U.S. Treasury, and in doing so have come close to allowing another DOPPELGANGER called the Federal Reserve Note allowed to 'look like and pretend to be' the U.S. DOLLAR (Gold & Silver Certificates), to conduct ORGANIZED CRIMINAL ACTIVITY OF DRUG & MONEY LAUNDERING overthrowing Sovereign Nations through PREDATORY BANKING which defies the original Purpose and Intent of the 1947 BRETON WOODS AGREEMENT/IMF first FOUR sections.

COLBY, CASEY, BORDU, LeMAY, HERRMANN and the Engineer from Mexico..are all dead now, but those men used to sit at my dining room table discussing MILITARY BUILD UP sitting across the Mexican Borders ready to roll across the borders like "shit through a hot tin horn"..

Could this recent 'incursion' down on the Arizona Borders be a 'beginning' of these "Gladios" and remnants of the DULLES plan so many years ago..?

Seems like all this 'Banking' goes through SPAIN and ITALY so..check out GLADIOS at <http://users.westnet.gr/~cgian/gladio.htm> .

As to who LEO VANTA or WANTA is..I've made my judgement call.. This is still a free country and you are free to make your own decisions..as to who he is.

But, read the following before you do so..

V.K. Durham, CEO

Further, Durham penned a story on January 5, telling the other side of the Leo Wanta, a die of the story that needs to be told before the jury of public opinion comes back with a verdict on Wanta's credibility.

Here is the article that appeared on her web site:

Date: Fri, 5 Jan 2007

WHO IS LEO VANTA (WANTA); "USEFUL IDIOTS" (Christopher Story, FRSA)

UPDATE:

WHO IS LEO VANTA (WANTA)?

All of you who have been 'cheering' Leo on had better read this written material collected by Puparo, in a warning against the Russian mobs, coming out of the former Soviet Union and you can read about it at

<http://gangstersinc.tripod.com/RussianPup1.html> .

There are a total of 19 pages worthy of 'copy' and 'print' for study.

Leo Wanta tries as he may to make everyone want to believe he was under Reagan's Executive Orders.. NO! Wanta 'contributed' \$50,000 to Reagan and this bought Wanta an Ambassadorship.. But, he got his toe hold under BILLY-ARY..in 1997-98 when they decided to do a bit of Forgery and False Notary on Durham Holding Trust, Tias 12087 Collateral Instruments.

This took some doing..but, a 'dead man's signature' was lifted and placed on what appeared to be an "assignment of interest" by this 'dead man'..(who had no interest to assign). The 'dead man's signature' was Notarized FOUR years after Date of Death. Then they proceeded to file these 'forged' and false notary documents out in Las Vegas Nevada's Clark County Recorders Records, August 10, 1998 at 8:35 A.M., Official Records 980810 Instrument: 00323.

Contained in the before-mentioned filing was DEED OF RECORD NO. 189934 owned by V.K. Durham, filed in Washington County, County Records of Thomas Ganz in Nashville, Illinois, filed August 1, 1994, Book of Deeds, page 849.. and that is what all of this ORGANIZED CRIME "MONEY LAUNDERING" of U.S. DEBT Collateral Instruments..were alleged to be based on..

You know..funny thing about husbands getting murdered, and their signatures getting forged, while the husbands Military Records are 'erased' and the wife's work histories erased..leaving the wife destitute.. You know..WIVES GET PISSED OFF! And the Wife knows something is dammed wrong and starts looking into all of this.. (it would have been better to pay the Widows Benefits, and the wife would have gone golfing).

When my records were erased..they wiped the ability to know "I" was the D.O.E. Investigator put out in the field ..to originally investigate what was known then as "OPERATION CODE NAME TROJAN."

What you are looking at with LEO VANTA (WANTA) is ORGANIZED CRIME.

Leo Wanta (Wanta) takes great delight in letting the public know he brought down THE RUSSIAN BANKS.. CNNMoney has an interesting article from 1998 which you should read..

<http://money.cnn.com/1998/08/17/economy/ruble/> .

only 2 pages, but worthy of copy.

This ORGANIZED CRIME goes into when GEORGE SOROS BOUGHT GEORGE W. BUSH and collapsed the Bank of England..

[<http://www.voltairenet.org/article30024.html>].

George Soros, James Baker III, Bush(s) and the Carlyle Group's double dealing involving Iraq can be read at

<http://archive.democrats.com/preview.cfm?term=Carlyle%20Group>

[22 pages worthy of copy & study].

DO NOT! I REPEAT: DO NOT allow the Leo Wanta, George Soros, Baker III, Bush(s), Clinton

(s), Mark Rich, CARLYLE GROUP, Whackenhut, Halliburton, Monsanto, GOLDMAN SACHS, Federal Reserve/UST (since Bill Clinton put the CIA, Fed. R. under TREASURY in 1994), RIADY GROUP, BCCI, CitiGroup, etals BANKRUPT THE UNITED STATES as they did the Bank of England, the Central Banks of Russia, Germany, France, Japan ... So quit cheering these CRIMINALS ON! The Country you lose WILL BE YOUR OWN.

Every sneaking way that could be thought of to COLLAPSE the United States and throw her into 'receivership' has been thought of.. BUT! They have not figured out how to keep from paying THE CREDITOR i.e. DURHAM HOLDING TRUST, TIAS 12087 with the WE THE PEOPLE owning 24% of the GOLD COLLATERAL calculated on one of the 7% semi annual calculations from May 1, 1875 to May 1, 1990.

When I bought 4 shares, two for Cosmos Seafood Energy Marketing, Ltd; Nevada ID # 1707-85 and DURHAM INTERNATIONAL LTD; TRUST, buying into TIAS 12087 back in 1987-88.. because "NO Company or Corporation would be allowed to do business here in the U.S. or in the International Markets without belonging to the "Trading Group"..operating out of the ONE WORLD TRADE CENTER. Who would have THUNK that all of this would have come about?! Who would have even considered all this CRIMINAL ACTIVITY would be going on?

Who would have thought we would have presidents and drug cartels involved in such as

<http://www.tomflocco.com/fs/FinancialTerrorism.htm>

tied in with THE RUSSIAN MOB

<http://gangstersinc.tripod.com/RussianPup1.html>

and that tied in with a SENATOR which you can read about at

<http://www.tomflocco.com/fs/SenClintonGrenada.htm>

and more at

http://www.theantechamber.net/V_K_Durham/SecretFinancialNetwork.htm..

THIS IS SERIOUS STUFF..the future of the UNION of the Republics of the United States hinges on what you of the Xth Amendment Governments do..

OPEN LETTER TO: KARL W.B. SCHWARZ in response "HEADS UP" and to Henri the Celt: "Who is Leo Wanta? Meet Leo Wanta!

<http://www.aci.net/kalliste/wanta.htm> .

Karl. You ask: Who is LEO WANTA?

He is part of the old BUSH-CLINTON-CONTRA "DRUG AND MONEY LAUNDERING GROUP" that found it necessary TO SHOW SOURCE OF COLLATERAL/FUNDS under new International Banking Regulations ..and did a lot FORGERY, FALSE NOTARY and BACK DATING on the "BONUS 3392-181" COLLATERAL "DEBT" Instruments owned by the DURHAM HOLDING TRUST, Tias 12087 trying to 'get legitimate' and 'make organized crime or R.I.C.O. "Murder Inc. & Murder For Profit "Legal!"

You know..- I was hoping this individual was our Frank Ingram of our old Working Group. Grape vine and ScuttleButt says our Frank Ingram is dead. Taking into consideration that sometimes GrapeVines and ScuttleButt can be 'in error'.. I stayed neutral..giving the benefit of the doubt to Mr. Wanta..

After being called a "Useful Idiot" by the Hollywood type, PUBLICIST of the LEO WANTA saga i. e., Christopher Story, FRSA.. I have come to the determination AMBASSADOR WANTA is a part of the old "DRUG & MONEY LAUNDERING GROUP" involved with BCCI, Riggs, LaSalle, Riady,

Nugan-Hand etc group working with GEORGE SOROS, E.J. and Doris J. Eloise-Ekker (and 21 Alias's registered in Kern County Cal. Records Records) William J. Clinton, GOLDMAN SACHS, CANTOR FITZGERALD, MORGAN STANLEY, ALAN GREENSPAN, NICHOLAS BRADY, and the others such as George H.W. Bush who had his own 'desk' at BCCI Bank when he called me back in 1988 for the underwriting of his 'buddy Saddam Hussein's agricultural program.'

These individuals still, to this day operate their MONEY LAUNDERING OPERATIONS under the Tias 12087..of the CONTRAS. Don't let anyone tell you it does not exist, because it does. You can read about it at

<http://www.theantechamber.net/VkDocuments/Tias12087/Tias12087Index.html> .

LEO WANTA is an old pro..in the 'Psy-Ops Games'.. Lets face it! He just so happened to get his teet in the wringer and cannot show investigators in all these banking investigations, here in the U.S. and Abroad his SOURCE OF FUNDS/COLLATERAL.

Being an old pro.. he like the others i.e., COLBY, CASEY, BORDU, LeMAY, HERRMANN (HERRMAN-HERMAN) and even the Engineer from Mexico..TRUSTED the wrong individuals in the White House and GOLDMAN SACHS-FEDERAL RESERVE.

BILL CLINTON and his "Short Term Notes" Rubin as Secretary of the Treasury, formerly of GOLDMAN SACHS allowed the U.S. Federal Corporations of Tias12087 to be incorporated by the AIQaeda Underwriters..and those are the very same individuals involved with the WHITE HOUSE as mentioned in TomFlocco's Article at

<http://www.tomflocco.com/fs/FinancialTerrorism.htm> .

This AIQaeda Underwriting group came into being under BUSH & CLINTON and the CFR which can be verified in their own PUBLIC NOTICE at

<http://www.theantechamber.net/VkDocuments/DocGroupG/Gpage4.html> ...

This added fuel to the already dangerous BCCI BANKING GROUP'S FINANCIAL FIRE directed at the Equity Infra Structure of WE the People.

It became a financial nightmare for THE WHITE HOUSE and PRESIDENT GEORGE H.W. BUSH 'privatized' aka SOLD OFF property he had no Constitutional Authority to Sell and you can read about it at

<http://www.theantechamber.net/UsHistDoc/Exord12803/Exord12803Index.html>

and you can read about who owns SOCIAL SECURITY at

<http://www.theantechamber.net/Mirror/StatutoryInstrument1997.html> .

These presidents have committed TREASON..and that is the short and simple of it all!

Henry Paulson...if the scuttle-butt is true..has his own problems which should bring in Rubin, Lawrence Summers, Greenspan, Brady, Baker III, Bush(s), Clinton(s), SOROS and even WANTA because the mans hands are not clean, in my opinion..

You can read about Henry Paulson's Treasury at

<http://www.thenation.com/doc/20060619/prins> .

In all fairness Karl; I am not impressed with individuals who delight in tearing the GOVERNMENT of WE THE PEOPLE to shreds through the FinancialTerrorism(s) of the Banking of the FEDERAL RESERVE BANKS, GOLDMAN SACHS, HENRY PAULSON'S, ALAN GREENSPAN'S and etc's.. Not impressed at all!

In furtherance; I believe this LEO WANTA SAGA is a DIVERSIONARY TACTIC to keep the WE the People's minds off INVASIONS AND THE BORDER INCURSIONS such as are happening in Arizona..as this nation is attacked from WITHIN and WITHOUT. Our Nations sustenance has been 'eaten' by those who are intent on causing us grievous harm and possible loss of THE REPUBLICS.

Karl; You know me, and you know: I AM AN AMERICAN FIRST, LAST AND ALWAYS there are NO in-betweens!

LEO WANTA'S story does not WASH..not in my book. Too many murders, and too many nations have and are losing their sovereignties over all of this, including THE REPUBLIC OF THE UNITED STATES OF AMERICA.

Our People have been so uneducated they no longer know WE THE PEOPLE are the GOVERNMENT.. The feds are employees of We the People!

The People have become 'cheering sections' for ORGANIZED CRIME & MONEY LAUNDERING ..instead of doing what they should be doing, and that is HAVING A HEAD CHECK, CHECKING NAME, RANK AND SERIAL #.. as we used to say.

CHEERING ON "CRIMINAL ACTIVITY" is allowing the WHITE HOUSE to sign into law (color of law) they now have the ability to OPEN YOUR MAILS.. Yet, there are those who swallow this crap hook line and sinker..as the LEO WANTA'S keep your mind off the fact that YOU ARE UP TO YOUR ASS IN ALLIGATORS!

I really don't know if the WE the People of the Xth Amendment Governments realize how much POWER they have!

And furthermore; As the Duly Constituted, Outstanding, Primary Creditor of the United States of America and ALL Debtor Nations, I do not appreciate being called one of the "USEFUL IDIOTS" (Christopher Story, FRSA)

http://www.theantechamber.net/V_K_Durham/Usefulidiots.htm .

My husband was murdered by these individuals..and if anyone thinks I am a happy camper.. THINK AGAIN!

http://www.theantechamber.net/V_K_Durham/VkPublicNotice.html .

In my humble opinion: The man and those with whom he is associated and involved are involved in CRIMINAL ACTIVITY called: MONEY LAUNDERING and cannot show SOURCE OF COLLATERAL/FUNDS.

**Former High Level Member of Monte Carlo P2 Lodge And Illuminati Connects
The New World Dots For Americans**

**High Level Former Illuminati member, Leo Zagami, reveals inner secrets of Satanism,
Freemasonry and the Vatican Today On The Investigative Journal on RBN.**

9 Jan 2007

By Greg Szymanski

Leo Zagami, a high level Italian Illuminati defector, came on the American scene four months ago with inside information about the inner workings of Vatican corruption and the Jesuit Order's role as the real spiritual controllers of the New World Order.

"My intentions have always been to help the American people truly understand how the New World works, using my inside knowledge and personal experiences as a guide," said Zagami recently on Greg Szymanski's radio show, The Investigative Journal. "I grew up a Catholic in Italy, working at a very young age in the Vatican and I know first hand its evil role in the planned destruction of the United States."

An ex-member of the Comitato Esecutivo Massonico - Masonic Executive Committee (MEC) of Monte Carlo, Zagami was, until recently, a high level member of the Italian Illuminati, a 33rd degree freemason, a true insider and a high-member of the infamous Freemasonic P2 Lodge.

"I was the "prince", prepared to take over after the older Illuminati "king", Licio Gelli," added Zagami. "He (Gelli) is of Illuminati aristocratic bloodlines and therefore involved in the Illuminati Order since childhood.

"I decided he'd had enough of all the evil he was exposed to, and a part of, and the horrifying Satanic, black magic rituals, mind control and torture that was going on inside the lodges, behind closed doors. So I left everything and fled to Norway, where I am currently residing.

Zagami added that since he left Italy, he's been harassed and tortured and had his life threatened. He realized that the only way to hopefully stay alive is to expose to the world about what he knows and make himself known.

"History shows that this is one of the best ways to survive, although nothing is for certain," said Zagami.

Zagami will be appearing again this week on Greg Szymanski's radio show, the Investigative Journal, which now has moved to the Republic Broadcasting Network (RBN) at www.rbnlive.com.

The Investigative Journal airs from 11am to 1pm central Monday through Friday and Zagami will be appearing Tuesday. He previously has appeared on the show numerous times, making his first American radio appearance four months ago.

Recently Zagami had this to say about his credibility:

"To prove I'm real I give you my personal phone number and all the people who want to call me are welcome as long as they are genuine and honest but remember before I left the P2 I made sure to create around me a very special security force thanks to the THE AS-HERMETIS FOUNDATION created by me and a few trusted Brothers during my years in the Illuminati. We are ready to fight the war against these Demons and the Great Satan always and only want the best for humanity but no tricks as I'm fully prepared and skilled in the Art...we openly challenge the fake and corrupt Illuminati and Freemasons of most contemporary Grand Lodges, because they are at present full of evil and lies a Brethern with no true meaning serving the Devil. The Freemasons secretly tolerate and promote at the highest levels Satanism these days this has been proven by me several times in my research and my work within the illuminati Orders and is something most Freemasons should talk about and fight for their own good instead of tolerating...FREEMASONS OF THE WORLD HOW CAN YOU TOLLERATE SATANISM AND ALL THE PERVERSIONS THAT GO WITH IT?

"I FEEL A SENSE OF SHAME FOR MY TIME IN THE ITALIAN ILLUMINATI AND THE ENGLISH FREEMASONS. My phone number is: +4798411581 and obviously the phone is under strict surveillance so I suggest you for your own good dear Brothers no jokes and only talk about serious topics regarding the REAL GREAT WORK."

One of Zagami's strengths is to connect the European Illuminati network with its U.S. counterpart, all working together for America's demise.

In a recent article appearing on his web site at www.illuminaticonfessions.webfriend.it he recently delved into the Italian Secret Police Network working together with the CIA.

**Italian Fascist Secret Police Network Uncovered
Italian History X. Gaetano Saya not a lunatic. He is
for real!**

Profile: *Saya's grandfather joined Mussolini's March on Rome. Saya is esteemed by shadowy fascist figure Licio Gelli.*

Saya was born in Messina in 1956 and was raised by his grandfather, Matteo Francesco Gesuino, a member of the pre-WWII Royal Army and a participant in Mussolini's March on Rome. From the time he was a child Saya felt attracted by the Movimento Sociale Italiano - Destra Nazionale [fascist] and at the age of 18 enrolled in the now defunct Guardians of Public Safety. Later, he was hired by the NATO Secret Services as an expert in ISPEG (Information, Sabotage, Propaganda and Guerrilla Warfare) and specializing in counterespionage and anti-terrorism.

Having rose to senior rank, Saya retired in 1997. In 1995 he was recruited into an exclusive Masonic Lodge by SISMI General Giuseppe Santovito and achieved the rank of Venerable Master in Lodge No. 1 (International). In November 1997, Saya served as state's witness for the Italian Republic in the trial of statesman Giulio Andreotti. After retirement, Saya decided to launch a fascist political movement, MSI-National Right, where he became the unchallenged chairman. Saya holds a university degree in Criminal Justice and Political Science and is a Knight of the

International Order of Peace. In December 2002, he was named Honorary President of the National Law Enforcement Union, the first labor union representing inter-agency national police. He was recently given the post of Director-General, Interagency Anti-Islamic Terrorism Police, Department of Strategic Studies on Terrorism -

In November 2004, he was charged with disseminating literature promoting white supremacy and racial hatred. The trial has been postponed until October 2005.

Negroponte. Ledeen. Boykin. North. These figures have always made me queasy because nothing stands between them and their goals, especially values and the law. The murder of Il Diario reporter Endo Baldoni and the hit on Giuliana Sgrena which killed Niccola Calipari smell of the involvement of shadowy organizations operating on the margins.

An Italian investigation has uncovered an underground, parallel police network with possible links to the CIA which may be involved in the slaying of Niccola Calipari and Il Diario reporter Enzo Baldoni, the extraordinary rendition of Abu Omar and Nigergate.

The investigation is ongoing. On the surface, it looks like a scam. But somehow, it has the same perfume of the deliberate quasi-legality we saw in Iran-Contra.

From Il Corriere della Sera:

Underground police network discovered in Italy. Investigation by the Genoa Public Prosecutor's Office reveals anti-terror police staffed by Freemasons and shadowy CIA operatives. Two are arrested. Dozens of police and security force personnel involved. The network is discovered amidst an investigation into an Italian security contractor slain in Iraq.

A parallel, covert antiterrorism police force has been uncovered inside the Department of Strategic Studies on Anti-terrorism. This is the conclusion of the DIGOS [Divisione Investigazione Generali e Operazioni Speciali, or Department of General and Special Operations, a police investigative unit] of the Genoa Public Prosecutor's Office. So far two individuals have been arrested and 25 warrants have been issued in ten regions across the country. Another 24 are being investigated, including 12 members of the police. Gaetano Saya and Riccardo Sindoca, both Freemasons and DSSA directors with links to the extreme right and intelligence organizations beyond the oversight of Italian Parliament have been placed under house arrest. Saya resides in Florence and Sindoca in Pavia.

Officials uncovered the network while investigating the death of Fabrizio Quattrocchi, an Italian private security contractor slain in Iraq in 2004. Chief Public Prosecutor Giuseppe Lalla, Inspector Salvatore Presenti and DIGOS-Genoa chief Giuseppe Gonan have excluded any involvement of Quattrocchi with DSSA, despite a claim in an Italian magazine last May. Connection to any Italian political figure is also excluded. It is likely that the name of Quattrocchi was used by the organization to credential itself as a parallel intelligence outfit. While investigating private security contractors working overseas, agents on Gonan's investigation team crossed paths with a secret, illegal investigation by the DSSA using shadowing, investigations, illegal use of badges and insignia carried by legitimate police.

So far, no subversive activity on the part of the DSSA in the strictest sense of the word has emerged but the impression is that the aims of the investigation launched by the Genoa Public Prosecutors Office is to prevent further wrongful conduct by the organization and to identify persons involved from law enforcement acting as secret agents who even might have joined in good faith. Saya and Sindoca have been charged with conspiracy to commit crime and usurpation of public office in law enforcement. In substance, the investigation team believes that DSSA (an organization which does not exist legally) intended to finance its operations by using funds from domestic and international agencies.

Four rifles, tasers, a knife, a sabers, machetes, dozens of outdoor survival kits, ID cards, badges and insignia were found by the Florence branch of DIGOS during separate searches of the residences of seven suspected DSSA members in the Florentine capital after a search warrants were received from the Genoa Public Prosecutor's office. The residence of Gaetano Saya, placed under house arrest, was used for meetings of the network. Among other suspects are a junior officer with the Fiscal Police in Florence, two prison police and three civilians, including a construction company owner and a businessman.

Before the arrests, the DSSA ran a website (taken down after the arrests) where it described itself as follows: The Department of Strategic Studies on Antiterrorism, a institute recognized by Republic of Italy interagency law enforcement and police, offers highly-specialized investigation and research support to the personnel of organizations under a potential terrorist threat.

Gaetano Saya and Riccardo Sindoca are founders of a political organization called Destra Nazionale - Nuovo Msi [The National Right - Italian Socialist Movement] and claim to be ex-members of Gladio. This is a right-wing terrorist outfit once funded by the CIA and thought to be responsible for 1980 Bologna Railway Station bombing which killed 87 and wounded 177, including several US students on holiday].

From the website of G.Saya: The evil which has descended upon us finds in men like George Bush in America and Gaetano Saya in Italy, an impregnable bulwark: God-fearing men, harded and pure individuals who, enlightend by God, have descended into the valley of the shadow of death to defend the Judeo-Christian faith and the West. The righteousness which these men represent will defeat the anti-Christ. God is on their side. On the website, Saya affirms that his a member of the exclusive P-2 Masonic Lodge and that in November 1997 he was state's witness for the Public Prosecutor of Palermo in the trial of Giulio Andreotti [Andreotti was an Italian statesman accused of links to the Mafia] in which Andreotti was accused of ordering the murder of anti-Mafia investigator General Dalla Chiesa. Saya testified that he was told that this was so by fraternal [Masonic] companion and friend Giusseppe Santovito, a former P-2 Lodge member, who at the time was Director-General of SISMI [Servizio Informazioni Sicurezza Militare, or Military Intelligence Service].

From La Repubblica

The Department of Strategy Studies on Antiterrorism. This is what the organization, which represented itself as a parallel law enforcement agency combatting terrorism, called itself. According to investigators, the aims of the organization was to credential itself with major domestic and international agencies, including foreign intelligence, for funding.

In the early hours of this morning, the DIGOS of Genoa carried out 28 searches in nine Italian regions (Liguria, Piedmont, Lombardy, Emilia Romagna, Tuscany, Lazio, Molise, Sicily and Sardinia). 21 persons belonging to the National Police, the Carabinieri, Fiscal Police and the Prison Police are under investigation. Two individuals who are not members of law enforcement but who are know to be part of the organization have been arrested: Gaetano Saya and Roberto Sindoca, both well-known leaders of the National Right, which is the present-day incarnation of the organization MIUS. [Movimento italiano di unità sociale, or Italian Movement for Social Unity, a fascist organization] founded by Giorgio Almirante [a

notorious racist and anti-semite, member of Mussolini's infamous Republic of Salò under Nazi tutelage]. Saya, an former Freemason, was state's witness in the trial of Giulio Andreotti. Considered a figure close to Italian intelligence, he often boasted of his ties to SISMI. Saya and Sindoca have been placed under house arrest in Florence and Pavia, respectively.

Several members from law enforcement joined the secret network in good faith. The DSSA carried out surveillance and searches in airports with few results. Some of the members had direct access to the Ministry of Interior data banks.

The charges: So far there have been 20 separate investigations. The crime in question is criminal conspiracy using money from domestic and foreign agencies.

The unconfirmed aim of the organization, explains Genoa Chief Public Prosecutor Giuseppe Lalla, was to credential DSSA and to run a network which would obtain financing from foreign nations such as the United States and Israel or organizations such as NATO. Among their boasted activities was the tracking down of fugitive Italian terrorists living abroad, ex-Red Brigades, or members of other organizations such as the example of Cesare Battisti.

Several members may have joined the secret network in good faith. The DSSA carried out surveillance and searches in airports with little result. Some of the members had direct access to the Ministry of Interior data banks.

Name of Fabrizio Quattrocchi is mentioned. The Weekly News had recently run a story saying mercenary Fabrizio Quattrocchi, slain in Iraq, was a member but investigators believe that this was not the case. While looking into Italian mercenaries working abroad, Deputy Chief Investigator, Giuseppe Gonan crossed paths with an illegal investigation run by DSSA employing shadowing, background investigation, and illegal use of badges and insignia belonging to legitimate law enforcement. Thanks to the complicity of several of its members, the organization was able to retrieve confidential information directly from Ministry of the Interior databanks.

Weapons stash in Florence. Seven searches were carried in the Florentine capital, among them Saya's. Four rifles, some tasers, a Rambo knife, sabres and machetes, dozens of outdoor survival kits, IDs, badges, insignia and police hats. It was at Saya's resident that DSSA held its monthly meetings. The

homes of a junior officer of the Fiscal Police, two Prison Police and three civilians were also searched.

Searches in Rome. The Rome DIGOS are carrying out five searches of homes belonging to two law enforcement officers, two private security workers and a physician.

Searches in Milan. Seven searches were conducted in a parallel investigation. Milan DIGOS personnel worked together with those of Genoa and found material documents implicating Police and Carabinieri. The persons investigated were a Deputy Superintendent and two assistants working for the National Police, a retired Carabinieri, a retired police officer, a Carabinieri Marshal and one civilian.

The Milan Public Prosecutor's office is following a line of investigation slightly different from that in Genoa . DSSA members impersonated police, displayed DSSA badges very similar to that of law enforcement, and used police insignia and automobile lights.

AND NOW?

Obviously nothing all this happened in Italy...nice pizza, nice pasta and alot of Gladiators.

Spokesman For U.S. Treasury Secretary Denies He Was Arrested in Germany Over Wanta Funds

Treasury officials also claim they have never tried to steal or divert the \$4.5 trillion Wanta money earmarked for the American people.

6 Jan 2007

By Greg Szymanski

A spokesman for the Secretary of the U.S. Treasury, Henry M. Paulson, Jr., on Friday officially denied reports that Paulson was arrested by German authorities for trying to divert \$4.5 trillion dollars, known as the Wanta funds, earmarked for the American people.

Earlier in the week Treasury officials neither confirmed or denied the story, but according to print journalist, Rob Walters, Paulson's assistant categorically denied being detained in Germany or having anything to do with stealing or diverting \$4.5 trillion dollars.

"I picked up the "Paulson arrested in Germany" story over on Cloak the other day, and followed it to World Reports," said Walters, who contacted the Arctic Beacon with the latest Treasury information.

"Like many others, I was perplexed that nobody had much to say on the matter, not even a peep about it on Rense. A bunch of skeptics on "Amazing Randi's" blog all said it was a bunch of bull, without bothering to do any investigation.

"So just a few minutes ago, I went and called up the US Dept. of Treasury and got someone on the phone to officially deny the story. This call was recorded on my portable MP3 player, and I can make it available if you're interested. Paulson's spokeswoman says he wasn't arrested or detained, and that he didn't steal \$4.5 trillion dollars.

"Nor did the spokesperson think Paulson had ever been arrested, although Paulson admits to being arrested (not convicted) back in the August 1969 for "pool hopping."

Regarding Paulson's pool hopping incident, he had this to say in June 2006 report in USA Today:

"In mid-August 1969, I climbed the fence of a swimming pool in West Lafayette, Indiana, and swam in the pool after hours. I was arrested for [criminal] trespassing and fingerprinted. Subsequently, all charges against me were dropped." -- Henry Paulson, Senate Finance Committee questionnaire (Reuters)

Earlier in the week reports surfaced that the German legal hammer has come down hard on Paulson, according to Michael C. Cottrell, treasurer of the Leo Wanta financial group trying to repatriate \$4.5 trillion in off shore funds to the American people.

Cottrell said on Wednesday Paulson was recently held in custody and then subsequently released by German officials for trying to divert the Wanta funds and refusal to honor and agreement entered into with Wanta in

May to repatriate the vast sum of money.

Concerning the recent incident in Germany, Cottrell told the Arctic Beacon Wednesday that Paulson was detained by German authorities since Paulson asked the German Chancellor personally to divert the Wanta funds, amounting to a fraudulent and illegal action.

"He was held and released," said Cottrell, "with the stipulation that if he releases the money to Ambassador Wanta as previously agreed upon, all charges will be dropped.

"This is a huge story in Europe as major banks are concerned of possible defaults that could worse than what happened in the 'Great Depression'. I want the American people to know that all the information released at worldreports.org comes from me. We chose to release it in diary form to let the parties know we are serious about getting the U.S. government to honor the \$4.5 trillion agreement.

"We know where the money has been held and we know that the U.S. officials in the administration have been making about \$4.5 trillion illegally every two weeks by holding back the funds and essentially using the money to make money for themselves.

"Leo has not been talking to anyone because he is under a gag order according to the agreement."

For those unfamiliar with the story, Wanta in May entered into an agreement with New World Order minions to get back only a portion (\$4.5 trillion) of the estimated \$27.5 trillion under his financial control according to the Reagan protocols.

However, the Bush administration under recently appointed U.S. Treasury Secretary, Henry M. Paulson, have stolen the Wanta money that Cottrell traced to being illegally transferred for New World profits in several large U.S. and German banks.

Once the money is released, if ever, approximately \$1.5 trillion is earmarked for the U.S. Treasury for taxes and the remainder to be reinvested to jump start the American economy. But as the months pass Wanta and Cottrell have been unable to penetrate a media and Congressional black out on the massive theft by three presidential administrations, indicating both entities remain firmly in the pocket of the Vatican-led New World Order.

Wanta surfaced publicly in May, telling Americans about massive corruption by the last three presidential administrations. He said the corrupt former Presidents and officials pilfered hundreds of trillions of dollars, using the off-shore money for covert purposes instead of using it to protect and defend the U.S. as intended by former President Reagan when he passed financial legislation at the end of the Cold War concerning off shore transactions and methods of massive money making, according to Wanta.

Wanta went public, saying he was the architect of the financial plan to destroy the Russian Ruble at the end of the Cold War while amassing a fortune in American dollars intended to be returned to benefit the American economy.

However, instead, Wanta was jailed for the better part of a decade after not "playing ball" with the likes of Bush Sr. and Bill Clinton, both who Wanta claims used the money for their own evil purposes and covert operations.

Devil Worshipping Preacher, Pat Robertson, Shoots Off His Vatican Bought and Paid Off Evil Mouth Again

The Phony preacher predicting 'mass killing' by nukes in late 2007, saying God told him this on Tuesday.

5 Jan 2007

By Greg Szymanski

The long time propagandist and New World Order devil worshipping preacher, Pat Robertson, is showing his true colors and allegiance this week, predicting a "mass killing" in the U.S. to occur in late 2007.

Robertson, bought and paid off by the Jesuit Order and the Vatican hierarchy, is coming forward this week, saying God told him on Tuesday "that a terrorist attack would result in a mass killing late in 2007."

Although Robertson portrays himself as being an evangelist preacher with a close connection to God, true and just religious researchers have tagged him as nothing more than "fear monger" under the control of the Vatican-led New World Order, his assignment being to spread fear and terror among the easily manipulated masses.

This time Robertson wasted no time sounding the alarm of death and destruction, saying the following on January 3 in one of his 700 Club TV taped broadcasts:

"I'm not necessarily saying it's going to be nuclear," he said during his news-and-talk television show "The 700 Club" on the Christian Broadcasting Network. "The Lord didn't say nuclear. But I do believe it will be something like that."

Listening to Robertson, Americans need to realize he neither speaks to God or any other higher power, but is only a shill bought and paid off by the Jesuits and Vatican hierarchy, who are pushing for the ultimate destruction of freedom and prosperity in America by using a phony war on terrorism as their trump card.

Further, Americans need to realize evangelists like Robertson in this country by backing the World Order, as his 700 Club rakes in millions of dollars a year based only on lies, deception and supposed "visions from God."

"Robertson doesn't talk to God," said one avid Arctic Beacon reader who sent Robertson's latest ramblings to the attention of the editor. "He is handed a script by the Vatican led New World Order, shoots off his mouth and then gets paid a lot of money."

Although some skeptics laugh at Robertson, one thing for sure he has an inside track to the evil being pushed on the American people and his recent prediction can either be classified as the official Bush administration and New World agenda or just another Jesuit tactic to keep the population under constant fear and intimidation.

The following is a propaganda piece released by the Robertson people where he made his latest evil predictions:

Pat Robertson predicts 'mass killing'

Wed Jan 3, 5:32 AM ET

VIRGINIA BEACH, Va. - In what has become an annual tradition of prognostications, religious broadcaster Pat Robertson said Tuesday God has told him that a terrorist attack on the United States would result in "mass killing" late in 2007.

ADVERTISEMENT

"I'm not necessarily saying it's going to be nuclear," he said during his news-and-talk television show "The 700 Club" on the Christian Broadcasting Network. "The Lord didn't say nuclear. But I do believe it will be something like that."

Robertson said God told him during a recent prayer retreat that major cities and possibly millions of people will be affected by the attack, which should take place sometime after September.

Robertson said God also told him that the U.S. only feigns friendship with Israel and that U.S. policies are pushing Israel toward "national suicide."

Robertson suggested in January 2006 that God punished then-Israeli Prime Minister Ariel Sharon with a stroke for ceding Israeli-controlled land to the Palestinians.

The broadcaster predicted in January 2004 that President Bush would easily win re-election. Bush won 51 percent of the vote that fall, beating Democratic Sen. John Kerry of Massachusetts.

In 2005, Robertson predicted that Bush would have victory after victory in his second term. He said Social Security reform proposals would be approved and Bush would nominate conservative judges to federal courts.

Lawmakers confirmed Bush's 2005 nominations of John Roberts and Samuel Alito to the Supreme Court. But the president's Social Security initiative was stalled.

"I have a relatively good track record," he said. "Sometimes I miss."

In May, Robertson said God told him that storms and possibly a tsunami were to crash into America's coastline in 2006. Even though the U.S. was not hit with a tsunami, Robertson on Tuesday cited last spring's heavy rains and flooding in New England as partly fulfilling the prediction.

Wanta Group Verifies Head of U.S Treasury Detained In Germany Over Failure To Release \$4.5 trillion in Wanta Funds

Mainstream U.S. and European press silent on issue. White House and Treasury officials will not comment.

3 Jan 2007

By Greg Szymanski

The German legal hammer has come down hard on Henry M. Paulson Jr., secretary of the U.S. Treasury, according to Michael C. Cottrell, treasurer of the Leo Wanta financial group trying to repatriate \$4.5 trillion in off shore funds to the American people.

Cottrell verified on Wednesday Paulson was recently held in custody and then subsequently released by German officials for trying to divert the Wanta funds and refusal to honor and agreement entered into with Wanta in May to repatriate the vast sum of money.

Both the White House and officials and the U.S. Treasury have neither confirmed or denied whether Paulson was detained by German officials. Further no reports have surfaced in either the mainstream American and European news outlets.

Since the story first appeared at www.worldreports.org, hundreds of emails have poured into the Arctic Beacon, questioning the veracity of the story and further questioning why nothing in the mainstream or alternative media has surfaced regarding the Wanta story and Paulson's recent detainment.

Besides the British outlet at World Reports, the Arctic Beacon has been the only U.S. outlet covering the Wanta story, having written numerous stories and conducted numerous radio interviews with Cottrell and Wanta in hopes of getting to the bottom of the story.

Further, Arctic Beacon and World Reports differ on who are the real culprits behind the scene blocking the Wanta settlement, the Arctic Beacon questioning Vatican horseplay while World Reports saying this is out of the question and preposterous.

"This is really the only place that Christopher Story and I differ," said the Arctic Beacon editor. I know he has questioned my intentions when I brought up a Vatican connection, but I can assure everyone I have only been trying to search for the real truth behind the Wanta story ever since I began communicating with Leo about a year and a half ago.

"From my experience and research expertise concerning Vatican Banking corruption and scandals, I cannot see how Mr. Story can ignore their involvement and for this must question his motives and intentions although much of what he says appears credible."

Concerning the recent incident in Germany, Cottrell told the Arctic Beacon Wednesday that Paulson was

detained by German authorities since Paulson asked the German Chancellor personally to divert the Wanta funds, amounting to a fraudulent and illegal action.

"He was held and released," said Cottrell, "with the stipulation that if he releases the money to Ambassador Wanta as previously agreed upon, all charges will be dropped.

"This is a huge story in Europe as major banks are concerned of possible defaults that could worse than what happened in the 'Great Depression'. I want the American people to know that all the information released at worldreports.org comes from me. We chose to release it in diary form to let the parties know we are serious about getting the U.S. government to honor the \$4.5 trillion agreement.

"We know where the money has been held and we know that the U.S. officials in the administration have been making about \$4.5 trillion illegally every two weeks by holding back the funds and essentially using the money to make money for themselves.

"Leo has not been talking to anyone because he is under a gag order according to the agreement."

According to Cottrell's diary reports which were reprinted at World Reports, the main points about the Paulson detainment are as follows:

"Records exist confirming that International Court of Justice subpoenas were issued against Henry M. Paulson, the U.S. Secretary of the Treasury, and Vice President Richard Cheney, citing inter alia money-laundering, misappropriation or diversion of colossal amounts of money, and non-performance on the Wanta Plan Settlement funds of \$4.5 trillion, subject of www.worldreports.org postings since June 2006. This is an inevitable consequence of the corruption exposed on this website over the Wanta Settlement, for the past six months and more.

"A senior official within the US Treasury was placed under a gag order and was subpoenaed to travel to Germany to testify against Henry M. Paulson. The official has been in Germany for the past two weeks, testifying before US Consulate and Tribunal officials, and Germany's Attorney General. The subject of his testimony has been the struggle that Ambassador Leo Wanta and his corporate Treasurer, Michael C. Cottrell, M.S., have been having to endure, in order to procure payment of the \$4.5 trillion Wanta Plan Settlement signed in May 2006 by the President of the United States, US Supreme Court Judges, and other prominent US parties, and warmly welcomed by the Group of Eight (G-8) countries in July 2006."

Wanta surfaced publicly in May, telling Americans about massive corruption by the last three presidential administrations. He said the corrupt former Presidents and officials pilfered hundreds of trillions of dollars, using the off-shore money for covert purposes instead of using it to protect and defend the U.S. as intended by former President Reagan when he passed financial legislation at the end of the Cold War concerning off shore transactions and methods of massive money making, according to Wanta.

Wanta went public, saying he was the architect of the financial plan to destroy the Russian Ruble at the end of the Cold War while amassing a fortune in American dollars intended to be returned to benefit the American economy.

However, instead, Wanta was jailed for the better part of a decade after not "playing ball" with the likes of Bush Sr. and Bill Clinton, both who Wanta claims used the money for their own evil purposes and covert operations.

After years of silence and while the trillions grew to a massive illegal war chest that some financial experts claim to be more than 300 trillion, Wanta went public with documentation that he and his financial group, Ameri-trust Inc., entered into a \$4.5 trillion settlement (\$1.5 trillion to immediately being placed in the Treasury for back taxes) with George W. Bush and Treasury Secretary, Henry M. Paulson.

He further stated the money was going to be used to jump start an American economy in the midst of being decimated by the global elite, the Vatican-led Illuminati and the enemies working within our government intent

upon the destruction of a free America.

However, six months have passed without one red cent being returned as Wanta and his financial treasurer, Michael C. Cottrell, have continuously cried foul, saying Bush and his cronies have been holding up payment while reinvesting and essentially stealing the money right before the eyes of the American people.

For the last several months Wanta has remained out of the public eye as he works behind the scenes trying to gain release of the money.

"He'd like to talk but he just can't at this time," said Cottrell who also promised to keep the American people abreast of the status and whereabouts of the \$4.5 trillion."

For the last six months, the Wanta story has generated tremendous interest around the world in terms of human interest and, more importantly, creating shockwaves in international financial circles as the U.S. has been accused of not being able to honor its commitments.

And for those who back Wanta, they call him the "ultimate patriot" trying to "buck the system" while stopping the global elite and Vatican-led Illuminati, trying to destroy America on all fronts.

But for those more skeptical readers, they claim Wanta is not telling the whole story, adding the powers that be never will release such a large sum of money or do anything to benefit the economy. They further claim Wanta could be used as a smokescreen to cover the real thievery of trillions going on behind the scenes, including involvement by high level Vatican officials and their minions working in the U.S. government.

As previously stated and for necessary background for those unfamiliar with the story, Wanta in May entered into an agreement with New World Order minions to get back only a portion (\$4.5 trillion) of the estimated \$27.5 trillion under his financial control according to the Reagan protocols.

However, the Bush administration under recently appointed U.S. Treasury Secretary, Henry M. Paulson, have stolen the Wanta money that Cottrell traced to being illegally transferred for New World profits in several large U.S. and German banks.

Once the money is released, if ever, approximately \$1.5 trillion is earmarked for the U.S. Treasury for taxes and the remainder to be reinvested to jump start the American economy. But as the months pass Wanta and Cottrell have been unable to penetrate a media and Congressional black out on the massive theft by three presidential administrations, indicating both entities remain firmly in the pocket of the Vatican-led New World Order.

"Paulson and Bush have proved to be nothing more than thieves guilty of treason for purposely bringing down the American economy," said Cottrell in an extended conversation recently from his East Coast home. "The dollar is tanking and it is directly related to the thievery of trillions of this off shore money.

"The country is about to experience the worst financial nightmare since the 1920s. The economy is tanking because of the idiocy of Bush and Paulson. By Jan. 1 2007, you will see heavy mortgage defaults as prices skyrocket since the dollar has no value.

"These criminals in power are stealing the cash and without the war in Iraq they have no way to mask their thievery. All I can say is we are doing everything in our power to secure the \$4.5 trillion for the betterment of the American people before it's too late. These traitorous acts by Bush, Paulson and others deserve strong and decisive action and this is exactly what we are trying to do."

Asked what was the real importance of the Wanta story, he said it clearly showed how the Bush administration has violated the rule of law by not honoring its financial commitments, demonstrating the administration was more concerned with lining the pockets of global banksters and "privateers" with trillions of dollars instead of doing the right thing by enforcing offshore tax payments and stabilizing the American economy.

Cottrell added that since President Reagan passed Executive Order 12333, the last three presidential administrations have illegally used offshore money for their own nefarious purposes without paying U.S. taxes to the tune of more than \$100 trillion dollars.

As further background, Wanta has been at odds with the powers that be ever since he was declared legal trustee of more than \$27.5 trillion accumulated as a result of his financial efforts on behalf of President Ronald Reagan to destabilize the Russian currency at the end of the Cold War.

Furthermore, Wanta was jailed for the better part of a decade for trying to return trillions to the American people, as Reagan had dictated, but later was backstabbed by the following three presidential administrations who instead wanted to illegally pocket the money for their own personal use, according to Wanta.

Previously, Wanta came forward with these allegations, presenting documentation of more \$745 billion in misdirected and stolen money, attributing the thievery to those occupying the White House after Reagan left office.

Vatican Insider Who Denounces Evil In Jesuit Order Contracts Bone Cancer
Former Archbishop of Guatemala who is warning Americans of Vatican evil is recovering
from cancer and will make his second U.S. radio appearance in January.

28 Dec 2006

By Greg Szymanski

A former Catholic Archbishop of Guatemala and Vatican insider, who pinned the Jesuit Order with infiltrating and undermining the American people and its government, has contracted bone cancer in his home in Vancouver, Canada.

Now a born again Christian, Archbishop Gerard Bouffard, a true lover of freedom, is undergoing treatment for a serious form of cancer which has kept him from speaking out publicly about Vatican deceit and deception.

Bouffard rose to a high position in the Catholic Church and worked in the Vatican, where he first learned how the hierarchy of the Church really operated with the Jesuit General calling the shots and the Pope taking orders.

"When I found out the real evil of the high leaders of the Church, I had to leave," said Bouffard during a recent interview on Greg Szymanski's radio show, The Investigative Journal.

Bouffard said the Jesuit hierarchy are the real spiritual controllers of the New World Order who are relying on deception and deceit to further their goal of a one world takeover with a Satanic religion and fascist government as their ultimate goal.

He added that Catholic Church leaders use Freemasonry as a cover for their duplicitous operations with many high-ranking priests becoming high Masonic members, a strict violation of Canon Law.

"I know because I became a 37th degree Mason," said Bouffard. "But now I have denounced this evil and want the world to know the truth about the Jesuits, the Catholic hierarchy and their real evil Satanic intentions. Once I feel better in January I will try to make another radio appearance as it is important that the truth be known."

For hundreds of years, the Jesuits and the Vatican have hidden behind the duplicitous cloak of God while they have attempted to destroy free-thinking and God-faring people.

Although Americans have been misled by their leaders and even by many members of the alternative press, including some of the top radio hosts, who are cashing in on Vatican money, the truth is slowly coming to the surface with the help of people like Archbishop Bouffard.

Although it's difficult to trap the real propagandists hiding behind the cloak of truth radio and the press, usually they can be detected by keeping the Vatican story and their main critics off the air waves and out of the print headlines.

"We know who they are they are really more dangerous than the mass media propagandists because these guys profess to be telling the truth," said one alternative media reader who is tired of only getting half the story. "Archbishop Bouffard and all the other people who know the truth about the Vatican should be commended and the other cowards should be revealed for what they really are-propagandists and cowards." In a recent interview with the Arctic Beacon Bouffard added:

"Yes, the man known as the Black Pope controls all major decisions made by the Pope and he in turn controls the Illuminati.

"I know this to be true since I worked for years in the Vatican and traveled with Pope John Paul II. The Pope takes his marching orders from the Black Pope as the Jesuits also arte the leaders of the New World Order, with the task of infiltrating other religions and governments of the world in order to bring about a one world fascist government and a one world religion based on Satanism and Lucifer.

"People can't imagine how evil and how much destruction they have caused and will cause while, at the same time using the perfect cover of hiding behind black robes and professing to be men of God."

Bishop Bouffard's first hand knowledge of the evil lurking within the hierarchy of the Vatican and particularly the Jesuit Order confirms the testimony of other researchers, including Bill Hughes, author of the shocking books *The Enemy Unmasked* and *The Secret Terrorists*, as well as preminent researcher of the Jesuit Order, Eric Jon Phelps, author of *Vatican Assassins*.

Besides painting a dark picture of the Black Pope in Rome, Bishop Bouffard claims the evil power of the Jesuits extends throughout the world, including solid infiltration of the U.S. government, the Council on Foreign Relations (CFR) and major religious organizations.

Bishop Buffard claims the Jesuits act like the perfect chameleons, taking on the identity of Protestants, Mormons, Baptists and Jews with the intention of bringing about the downfall of America as well as bringing the country under a one world religion based in Jerusalem and under the control of their leader, Lucifer.

"I know first hand that the Vatican controls and monitors everything in Israel with the intention of destroying the Jews," said Bishop Bouffard, adding the true purpose of the Jesuit Order is to orchestrate and control all leaders of the world in order to bring about a major worldwide conflict which will eventually destroy America, the Middle East and Israel. "They destroy everything from within and want to bring about the destruction of the Catholic Church, as well, in order to usher in a one world religion based on Satanism. This is also seen in the way priests worship in the Mass, actually worshipping the dead. Also, signs of Satanism are seen in many outward symbols, customs and vestments displayed by the Church."

After his service in Rome, Bishop Bouffard spent time in Africa and Guatemala, rising to a position of power within the Church. However, with this religious power came affiliation and membership as a Freemason, becoming a 37 Degree Masonic member, something supposedly frowned upon in the Roman Catholic Church since, according to Canon Law, membership in a Masonic Lodge brings immediate excommunication.

According to Bishop Bouffard, Freemasonry is used by the Church to carry out its secret plans, as many other high-level priest, bishops, cardinals and even popes have joined secret societies along with others in positions of power in other religions and governments, many working together to further the evil Illuminati agenda.

And his statements back up reports which surfaced in Italian and French newspapers in the early 1980's, reporting more than 150 high level priests with membership in Freemasonry, including the P2 Masonic Lodge and other secret societies.

"I finally was born again and denounced the Catholic Church," said Bishop Bouffard, who now is a practicing Christian following the word of God through the Bible. "We must always pray for our leaders by openly denouncing evil and exposing the Jesuits for what they really are."

After leaving the Church, Bishop Bouffard also made amends and asked the late Jesuit priest, Fr. Alberto Rivera for his forgiveness. Fr. Rivera was one of the few Jesuit priests with the courage to expose the evil intentions of the Society of Jesus, coming forward telling how he worked as one of the Jesuit Order's infiltrators in America with the job of infiltrating Protestant and Baptist churches with the intent of destroying them from within.

"When I was a bishop and still loyal to the Church, I once wrote a letter denouncing Fr. Rivera and advocating his death," said Bishop Bouffard. "When I realized the truth, I searched out Fr. Rivera and asked his forgiveness. We became good friends and I know he was telling the truth. He was an honest man who also found God.

"I know the Jesuits tried to change the truth, saying he never was a priest and destroying all evidence backing that up. They have tried to do the same to me, but Fr. Rivera was telling the truth without question. I know that for a fact and even was with him several weeks before his death. He was suffering terribly after being poisoned with acid. Like I said, you can't imagine the suffering and destruction that has been caused and will be caused by the Jesuits"

In an article entitled Alberto: the Big Brou-haw-haw, an unknown writer who followed Bishop Bouffard's career and his connection with Fr. Rivera had this to say, including the Vatican's difficulty in trying to cover-up both Rivera and Bouffard's accusations:

"Then there's the corroborating testimony provided by Fr. Gerard Bouffard. He was a high ranking bishop born in Quebec, Canada. He rose from lower levels of his orders to become an assistant for many years to Popes such as Paul VI and John Paul II. He converted to protestantism and claims he was the man who received the order to eliminate Rivera. In a documentary called Unveiling the Mystery Behind Catholic Symbols, Bouffard shows a fancy 18-carat gold plated pen containing a special disappearing ink with which the Holy Office authorities sign top secret documents. He claims, "With this pen that I am holding, I signed the order to kill Dr. Rivera". Pretty dramatic cloak and dagger stuff! His previous high profile position would make him an easy target for discrediting... Yet the silence is deafening.

"The Vatican also has its own credibility problems to contend with. From a historical context, Alberto's claims to be a Jesuit working undercover to destroy protestant churches is not as far flung as it might seem. The Jesuits were created in 1541 by Ignatius De Loyola for that very purpose (although some Jesuits dispute this, naturally). They engaged in countless dirty tricks, assassinations, and treasonous plots during their heyday. The Office of the Inquisition was an outgrowth of their mission which resulted in the torture and/or murder of millions of innocent people for "heresy". That department has since been renamed The Holy Office, but the Jesuits have never bothered with a name change. How much their goals have changed with time is also uncertain. Neither organization is very transparent and both serve the interests of the Pope. Bad reputations are not easily forgotten.

"If Alberto's story is a lie, it's brilliant piece of fiction with amazing consistency. There are certainly other conspiracies that have been dreamed up which are equally vivid and intricate. The JFK assassination conspiracy and the UFO /Majestic 12 conspiracy come foremost to mind. But these conspiracies were created and improved by hundreds of people over a long period of time, then pieced together and rearranged until they formed a plausible narrative. After twenty or so years of "public input" and revisions, a semi-"official" version is adopted. If any particular part of it is proven to be false, it morphs into a slightly different version without the disproven parts.

"Alberto had none of these resources. His own story came from him alone. It wasn't revised and honed for decades by committee before Chick published it. On the contrary, it was published in its entirety and then sublimated with additional volumes (five more comics) giving more names and dates but no retractions. If he in fact "made it all up", then he certainly deserves a prize for literary genius. Especially as far as his own biographical intrigues are concerned (move over Baron von Munchausen?).

"After twenty years of investigation, all the Pope's resources have failed to "prove" Alberto was a fake. Of course, Alberto failed to "prove" his allegations against the Vatican as well. So at best, the contest is still a

draw. Maybe future developments will yield something dramatic. But don't count on it. We'll probably never know if Alberto was really "real" unless the Pope were to come straight out and confess it. (And that stands about as much of a chance of happening as a flying saucer landing on the White House lawn.) It is definitely delicious food for thought, however, and far more scary than any premise aired on X-files.

To read a defense of Alberto from the Chick site, go here:

Throughout history, the Jesuit Order has been tied together with war and genocide, being formally removed from many countries, including France and England. As researchers claim the Jesuits are the real spiritual controllers of the New World Order, author Phelps has also called for the Order's banishment in this country.

However, with more than 28 major universities from coast to coast, the Order has created a strong political and financial foothold here, including secret control of the CFR and control of many banks like Bank of America and the Federal Reserve banking system, making Phelps' call for banishment a difficult if not improbable task.

"Wanta Claus" Didn't Deliver \$4.5 Trillion Christmas Present to American People

Readers question what has really happened to the trillion dollar Wanta settlement. Six months have passed while Wanta and American people have not seen one red cent.

27 Dec 2006

By Greg Szymanski

The holidays have come on gone and the American people never received their \$4.5 trillion Christmas present, as promised by former Treasury agent Leo Wanta.

"There is a lot more going on behind the scenes of this story than meets the eye," said one avid Arctic Beacon reader who has closely followed the story. "You must ask: Who really is controlling the trillions of dollars, will the money ever be released fore the betterment of the economy and, of course, what are the real intentions of all the parties involved?"

The reader is referring to the complex financial scenario surrounding the Wanta trillions and the hold-up of the \$4.5 trillion settlement agreed upon in May between Wanta and certain high-level U.S. officials regarding off-shore and off-the-books money amassed at the end of the Cold War.

Wanta surfaced publicly in May, telling Americans about massive corruption by the last three presidential administrations. He said the corrupt former Presidents and officials pilfered hundreds of trillions of dollars, using the off-shore money for covert purposes instead of using it to protect and defend the U.S. as intended by former President Reagan when he passed financial legislation at the end of the Cold War concerning off shore transactions and methods of massive money making, according to Wanta.

Wanta went public, saying he was the architect of the financial plan to destroy the Russian Ruble at the end of the Cold War while amassing a fortune in American dollars intended to be returned to benefit the American economy.

However, instead, Wanta was jailed for the better part of a decade after not "playing ball" with the likes of Bush Sr. and Bill Clinton, both who Wanta claims used the money for their own evil purposes and covert operations.

After years of silence and while the trillions grew to a massive illegal war chest that some financial experts claim to be more than 300 trillion, Wanta went public with documentation that he and his financial group, Ameri-trust Inc., entered into a \$4.5 trillion settlement (*\$1.5 trillion to immediately being placed in the Treasury for back taxes*) with George W. Bush and Treasury Secretary, Henry M. Paulson.

He further stated the money was going to be used to jump start an American economy in the midst of being decimated by the global elite, the Vatican-led Illuminati and the enemies working within our government intent upon the destruction of a free America.

However, six months have passed without one red cent being returned as Wanta and his financial treasurer, Michael C. Cottrell, have continuously cried foul, saying Bush and his cronies have been holding up payment while reinvesting and essentially stealing the money right before the eyes of the American people.

"The money hasn't been released and the Bush administration are in direct violation of the law by not living up to their agreement," said Cottrell recently, adding his group has been tracking the misappropriation of the \$4.5 owed to Wanta under the terms of the settlement overseen and sanctioned by at least two U.S. Supreme Court Justices.

"We are confident the money will be released, but the question is when!"

For the last several months Wanta has remained out of the public eye as he works behind the scenes trying to gain release of the money.

"He'd like to talk but he just can't at this time," said Cottrell who also promised to keep the American people abreast of the status and whereabouts of the \$4.5 trillion."

For the last six months, the Wanta story has generated tremendous interest around the world in terms of human interest and, more importantly, creating shockwaves in international financial circles as the U.S. has been accused of not being able to honor its commitments.

For example, one reader interested in the story said: "I was thinking perhaps you should add something like "trillions??" since so many people still don't know who Leo Wanta is, even though this is the most important story of the decade."

As the reader indicated, the story has been called by some observers as the "most important story of the decade" because it traces the masses amount of thievery by the likes of Bush Sr. Clinton and George W.

And for those who back Wanta, they call him the "ultimate patriot" trying to "buck the system" while stopping the global elite and Vatican-led Illuminati, trying to destroy America on all fronts.

But for those more skeptical readers, they claim Wanta is not telling the whole story, adding the powers that be never will release such a large sum of money or do anything to benefit the economy. They further claim Wanta could be used as a smokescreen to cover the real thievery of trillions going on behind the scenes, including involvement by high level Vatican officials and their minions working in the U.S. government.

As previously stated and for necessary background for those unfamiliar with the story, Wanta in May entered into an agreement with New World Order minions to get back only a portion (\$4.5 trillion) of the estimated \$27.5 trillion under his financial control according to the Reagan protocols.

However, the Bush administration under recently appointed U.S. Treasury Secretary, Henry M. Paulson, have stolen the Wanta money that Cottrell traced to being illegally transferred for New World profits in several large U.S. and German banks.

Once the money is released, if ever, approximately \$1.5 trillion is earmarked for the U.S. Treasury for taxes and the remainder to be reinvested to jump start the American economy. But as the months pass Wanta and Cottrell have been unable to penetrate a media and Congressional black out on the massive theft by three presidential administrations, indicating both entities remain firmly in the pocket of the Vatican-led New World Order.

"Paulson and Bush have proved to be nothing more than thieves guilty of treason for purposely bringing down the American economy," said Cottrell in an extended conversation Monday from his East Coast home. "The dollar is tanking and it is directly related to the thievery of trillions of this off shore money.

"The country is about to experience the worst financial nightmare since the 1920s. The economy is tanking

because of the idiocy of Bush and Paulson. By Jan. 1 2007, you will see heavy mortgage defaults as prices skyrocket since the dollar has no value.

"These criminals in power are stealing the cash and without the war in Iraq they have no way to mask their thievery. All I can say is we are doing everything in our power to secure the \$4.5 trillion for the betterment of the American people before it's too late. These traitorous acts by Bush, Paulson and others deserve strong and decisive action and this is exactly what we are trying to do."

Asked what was the real importance of the Wanta story, he said it clearly showed how the Bush administration has violated the rule of law by not honoring its financial commitments, demonstrating the administration was more concerned with lining the pockets of global banksters and "privateers" with trillions of dollars instead of doing the right thing by enforcing offshore tax payments and stabilizing the American economy.

Cottrell added that since President Reagan passed Executive Order 12333, the last three presidential administrations have illegally used offshore money for their own nefarious purposes without paying U.S. taxes to the tune of more than \$100 trillion dollars.

He also said the thievery continues on a large scale, including the illegal use of the \$4.5 trillion earmarked for Wanta.

"Instead of the U.S. officials honoring the Wanta agreement and the rule of law entered into last May, we have caught them using the money illegally and filling financial holes to cover their tracks," said Cottrell.

As background, Wanta has been at odds with the powers that be ever since he was declared legal trustor of more than \$27.5 trillion accumulated as a result of his financial efforts on behalf of President Ronald Reagan to destabilize the Russian currency at the end of the Cold War.

Furthermore, Wanta was jailed for the better part of a decade for trying to return trillions to the American people, as Reagan had dictated, but later was backstabbed by the following three presidential administrations who instead wanted to illegally pocket the money for their own personal use, according to Wanta.

Previously, Wanta came forward with these allegations, presenting documentation of more \$745 billion in misdirected and stolen money, attributing the thievery to those occupying the White House after Reagan left office.

Slat's Is Back With A Christmas Message

We will overcome, according to Grobnik

23 Dec 2006

By Greg Szymanski

Slats Part Two: A Christmas treat:

Slats Grobnik Rallies America Around "Credo For Peace" As He Devises Plan To Defeat The New World Order

Fresh out of a Denver gulag, Slats wants everyone in America to repeat his 'Credo' at 1:03 pm central time on Monday, as starters to rid America of the enemy within.

24 Jun 2006

By Greg Szymanski

Slats Grobnik left Sam's Tavern about two months ago and hasn't been seen in public since. Slats dropped by his favorite tavern for a quick beer after being released from an extended 30 day stay at a Denver gulag at the request of the U.S. Gestapo.

After the gulag experience, he realized America had fallen over the cliff and there was no crawling back. He realized the ship had sunk, the captain was 'drunk-nuts' and loonies were running naked in the White House using the Constitution for toilet paper.

So Slats retired to his red brick Chicago bungalow, wondering whether to drink his life away watching *NBA basketball* or do something positive.

If America was normal, he would have chosen the former. But since things were going haywire, he chose the later.

So Slats, the most unlikely of candidates to awaken the masses, set out to enlighten his fallen, brainwashed brothers and sisters. And by no means was it an easy task, as he spent the first two weeks at home finishing up a case of Old Style, waiting patiently for the *Miami Heat* and *Shaq* to win the NBA title.

With the series over in six, Slats knew he had till next year before the playoffs started to get the job done so he spent the next two weeks reading *Don Quixote* and several other inspirational books in order to prepare his plan.

He also read about all the patriots on the war path in America, rallying here and riding motorcycles there, hoping to end the spiral of unstoppable horror being propagated in Washington. He read about the 9/11 truth symposiums, thinking how he went to many *JFK* rallies in the 70s and 80s, finally opting to stay home after becoming tired of listening to speaker after speaker rant on and on while justice was never being served.

He then continued reading about all the political, scientific and medical experts, fighting fascism with big words and high-fangled theories of freedom and justice. Slats had also grown tired of big words, as it usually indicated the 'fix was in' once the hot air cleared off the table.

He then found an article about *Frosty Wooldridge* riding his motorcycle cross country for freedom, which he rather liked, but decided against a similar course of action since he never had ridden a motorcycle.

He thought about Frosty riding and it made him feel good, as it made him think about how the true leaders of freedom and justice usually came from unusual places, and it usually coming from the common folk, not from the so-called experts or professional speakers who end up boring the people to death due to rather large and inflated egos.

Although Slats had big ideas too, especially when he sat alone on his couch while his Great Dane, *Charlie*, was sleeping at his feet, this time he felt almost helpless, thinking this time it might be better to close his eyes for good.

In fact, one evening Slats closed his eyes, dreaming of a better day, dreaming how the killing had ended and how the American population finally awoke from a deep slumbering sleep to take back their country.

When he finally awoke, he thought for a brief moment he had died and gone to heaven. But quickly he came to his senses, saying out loud as Charlie looked at him like he was crazy:

"I have the plan! It won't be easy but nothing hard ever is and good always triumphs over evil and it starts with each person making a commitment to the truth and never wavering or giving in to the evil enemy within our country."

And for the next several days Slats wrote down his plan of action, which was quite intense, complicated and tedious, a plan involving going to at least three continents.

But since every long journey begins with one small step, he decided to concentrate on writing his "*Call to Action*" or his feeble attempt for one Average American to do one outstanding thing in his life before passing on to a better place.

But not being a writer or having any professional experience with the written word, Slats mumbled to himself, trying desperately to be organized yet inciteful:

"I'll make it short and sweet. I'll ask people to repeat the words over and over, as that usually works. I'll make the words become a *credo of peace* for the entire country. I'll ask them to say it for the first time at 1:03 pm Monday, June 26. Why 1:03 I don't know? But I hope millions will say it together that day and then millions more saying the same words over and over again every single day."

It sounded crazy, he thought, as he prepared pen and paper, but then crazier things have worked in a pinch.

So in the quiet of the night, Slats began writing his words similar to *Tom Paine's Common Sense* trying to rally the troops around the Revolutionary War. But Slats message was much, much shorter than Paine's effort since he thought most people don't read much anymore and if it was good, maybe some radio host or newspaper would give it "sound bite" attention since, after all, that's how Americans are used to reading or listening anyway.

So it was written:

A Quiet Revolution
By Slats Grobnik

A quiet revolution is taking place as we speak, as we drive down the lonely highway of life and as we ponder the ultimate fate of America in the quiet solitude of our homes.

This silent revolution, hinging on understanding not violence, is quite effective. It's quite effective since it's a peaceful revolution based deep within the soul of good men, as one by one each man, women and child chooses for himself and without the influence of the Brotherhood, to no longer be ruled by the elite or be pushed around by an American government gone drunk with power.

And within this quiet revolution, the lid has finally come off the pickle barrel of corruption, exposing the true perpetrators who are none other than the Vatican through the Jesuit Order, working their evil magic through their minions in government and business.

And let this humble collection of words be a resounding call for all Americans far and wide to rid our country of the evil Jesuits and those in government and business who work on their behalf.

And let these humble collection of words be a resounding call for all Americans far and wide to become educated, read history, understand the Bible and join their souls, spirits and hearts together, starting Monday at exactly 1:03 pm central with everyone together reciting together the following words:

I, as a God-loving American, no longer pledge allegiance to the corrupt government of the United States, demanding their immediate removal

I, as a God-loving American, no longer knowingly or unknowingly pledge allegiance to the Vatican through the Jesuit Order, demanding their immediate expulsion from the United States.

I, as a God-loving American, no longer will allow the Jesuits and the United States government to deceptively steal my liberty, freedom, mind, body and soul.

I, as a God-loving American, promise never to back down from the forces of evil, including the United States government, the Vatican, the Jesuits and all other minions of evil advancing their evil ways.

I, as a God-loving America, would rather die than live under this tyranny.

I, as a God-loving American, pledge from this day forward to expose and expel the real spiritual controllers of the New World Order and their faithful temporal workers destroying America.

I, as a God-loving American, ask God to guide and direct the hands of all good men while protecting them from evil. Amen.

**Slats Takes A Well-Deserved Christmas Break From Fighting Vatican And NWO
Grobnik builds NWO detention center for Illuminati**

22 Dec 2006

By Greg Szymanski

Slats Grobnik is taking a well deserved Christmas break as he is about half-way done with his project of rebuilding the Roman Coliseum in Kansas like Kevin Costner built his field of dreams. Slats' intent is to bring the New World minions together and have them fight as gladiators and have the American people watch in delight.

Since Slats is taking a well-deserved holiday rest, here are a few of his past stories so you don't forget his important mission:

Slats Grobnik Reveals Secret Illuminati "One Man Show"

The Ghost of 9/11 Truth has returned to help Slats write his theatre performance set to open in 2007.

4 Nov 2006

By Greg Szymanski

Act 1, Scene I: Voices from the heavens can be heard, the souls of 3,000 dead talking, as the silhouette of a lone figure center stage is seen standing with hands raised to the sky. In the background the Twin Towers can be seen with the Vatican and St. Peter's square superimposed behind the tall buildings as the Pope and Black Pope are both lighting matches, placing the WTC aflame. A single deep voice of truth can now be heard.

Explosions inside the WTC. Bodies falling from windows high above, one landing on a fireman killing him on the spot. A young pregnant mother running for her life but dropped in her tracks by falling debris.

Two men trapped in a sub basement elevator seconds after an airplane hit high above. A man being burned to a crisp in a basement hallway from a fireball in an elevator shaft.

It's all remembered five years later as a chaotic dark cloud that hung over New York on 9/11. But there is much, much more to tell, isn't there?

Of course there is, but telling it gets hard when the disinformation agents and Vatican/government hacks won't shut.

However, to expect more in modern day America is asking way too much. Might as well turn on tube and puke with the rest of the world until hell freezes over. Might as well take a shot and a beer – take

3,000 shots and beers for every single 9/11 victim -- since these devil lords on high, these pricks without a conscience never will shut up, will they.

Of course not. They'll never shut up. Those bastards never will shut up till the money runs out or their eyes turn greedy-green and pop out of their sick heads so poor kids finally get a chance to play marbles with them on the already blood-soaked inner city streets.

And the thought comes to mind while the smell of blood is fresh, thinking back about 9/11, what a way to go, what a way to die. Think about it. Think about burning to death for a second or jumping from a 90 story building, floating like a dead bird with eyes wide open yelling "God, what has this world come to."

So, with arms spread like an eagle, I jumped into the New York sky. It seemed better to be with the birds than to burn to death with the devil on the 90th floor, as I knew he would be laughing over my shoulder.

And as I flew to my grave on the pavement, my arms spread wide, I smiled since I will have the last laugh, devil, telling the whole world the truth about 9/11. Rather strange, isn't it? Rather strange to think I could find the truth in 10 short seconds before my body spattered into a million pieces on the New York pavement .

But it happened and, in the wake of that horrible event and for the sake of the many thousand innocents who died needlessly, you should know the unblemished truth behind 9/11 and its subsequent cover-up.

By the way, I guess by now you have figured out that I am dead, haven't you? But God works in strange ways. And I guess even the black magician Jesuits would attest to that since they know oh so much, don't they?

And I guess even the Jesuits didn't expect me to return so quickly. And make no mistake about it the Ghost of 9/11 Truth has returned, the man who they remember only as plummeting to his death has finally returned, returning to haunt every last co-conspirator until every last one of their evil bodies rots in the fiery flames of hell they so easily lit here on earth on 9/11.

So, let the evil games begin, my dear Vatican friends as my first stop will be a visit to Borgo Santo Spirito 5 to have a serious talk with the devil's best friend, Jesuit General Peter Hans Kolvenbach.

The beginning of your end, my dear Vatican friends! The beginning of your end, for you may think you control the world with your black magic but you never will get my soul as I saw the truth. And the truth will now be toll and you will finally tell it my deceptive Jesuit friends and temporal, perverted co-conspirators in the media and White House. May you rot in hell for eternity for what you have done. May you rot in hell while all the honest souls spit on your dirty graves

It had been a very long night for **Slats Grobnik** , as he wrote the last name of Hans Kolvenbach and finished the opening draft of his new "One Man Show: A Man's Solemn Search for the Truth", a theatrical event he was planning to take in front of the American people in 2007 in order to awaken their sleeping eyes.

He had been working on the *One Man Show*, strictly in his mind, for months now since his release from a Denver gulag after being locked away by CIA operatives for openly calling George W. Bush a Satanic pervert who laid naked in a coffin in a 1968 Yale Skull and Bones ceremony.

Although true, the strange thing about his abduction was that he was taken by the crook of the neck and drugged after making his accusations in a small Chicago local bar called Sam's Tavern and not on nationwide TV, vividly illustrating how there is a total lock down on freedom of speech in Nazi-America.

Since being released, Slats left his Chicago home on a mission, a self-imposed truth mission to awaken the public about the real spiritual controllers of the New World Order. His intent: to stop them dead in their evil tracks before they destroyed America, killing millions of innocents along the way.

After pondering his fate while enjoying last year's NBA playoffs, he finally embarked on his journey after the Miami Heat prevailed, first stop being an Iowa corn field where a convinced a bankrupt family farmer to build "Slats' Field of Dreams."

Call it fate or God's divine intervention, but the farmer was immediately receptive to Slats' politics and his quest to expose the Vatican. The farmer listened intently since his son was once ordained a Jesuit priest who was now living in seclusion in Costa Rica after having his tongue cut out when the Jesuit General feared he would expose Vatican secrets.

So, with the farmer even letting Slats use his heavy equipment, together they embarked on Slats' dream project, an immense plan to build a life-size replica of the Roman Coliseum.

Like the baseball diamond in the movie "Field of Dreams," Slats insisted the Coliseum be built to the exact specifications used by the Romans and his intentions for its use were similar once construction was complete.

Slats told the farmer, who agreed wholeheartedly, that he planned to use the Coliseum for modern-day gladiator games. But instead of using peasants and enemies of the State like Rome did, Slats intended for Americans to round up all the evil New World Order minions, including all the worldwide Neo-cons and Vatican-led Illuminati, dividing them into teams and using the big shots as gladiators.

"I'd love to see Condi fight Hillary to the death or Daddy Bush engage Clinton in mortal combat," quipped the farmer who even began to count ticket sales and revenue earned as a possible means to save his farm on the verge of going into foreclosure.

With the Coliseum project about half complete, Slats sat back in his favorite recliner with his feet up, drinking a cold beer as he pushed aside the initial writing of his *One Man Show*. He planned to use the One Man Show as a public relations device to sell tickets for his upcoming Neocon gladiator games.

As he was about to doze-off thinking how he could never could come up with all the ideas, stage props and sound equipment needed for his show, he couldn't help but think about his main character, the *Ghost of 9/11 Truth* and the man who jumped from 90 stories to his untimely death.

With his beer getting warm and just before closing his eyes into midnight slumber, Slats felt something tapping him on his shoulder. Looking over his shoulder, he saw a faint, ghostlike image sitting in chair at the dining room, looking like the outline of a handsome man in a very elegant three-piece suit.

As Slats intently focused his attention on the outline of what looked like a business man coming to life right before his very eyes, he quickly chugged the remainder of his warm beer.

"Yes, Slats, don't say a word," said the ghostlike figure now looking real. Don't be frightened, because I am the *Ghost of 9/11 Truth* and I am the man who jumped to his death, seeing the whole truth and nothing but the truth as I flew through the air.

"I will write the *One Man Show* for you, Slats, and we will together visit all the sons-a-bitches who killed me and killed thousands of others. We will expose their cowardice to the entire world. And, yes, you are right to start with Jesuit Kolvenbach. But let's not forget Mayor Giuliani, Daddy Bush, Clinton, Cardinal Egan and many more disciples of the devil who all were 9/11 co-conspirators."

He paused for a moment as honesty and integrity seemed to fill the room.

"Slats?"

"Yes,"

"Can you do me a big favor?"

"Yes"

"Get me a beer. It's been a long time."

As Slats hurried to the refrigerator to pop open a cold one, he thought about working even harder to finish construction on the Coliseum in order make his debut on stage, which was turning out to be "one helluva show", as they say in Hollywood.

One helluva show, of course, only since the unexpected arrival of the main character, the true *Ghost of 9/11 Truth*.

Future Concentration Camp Uncovered In Wyoming

Writer and photographer who wishes to remain anonymous says the "truth is out" and a Halliburton-built concentration camp is found.

20 Dec 2006

By Greg Szymanski

The number of military bases and other guarded facilities tagged to be used as concentration camps when the New World Order invasion and takeover becomes a reality has been a hotly debated subject among alternative media websites and a well kept secret among those in the know at the Pentagon.

Pentagon officials dismiss the possibility as "conspiracy theory nonsense" while truth seekers on the other hand have said numerous camps exist in all corners of the country.

But despite the speculation and difference of opinions one writer, who wishes to remain anonymous for security reasons, has found one facility in Wyoming, which he states categorically and without question, is a Halliburton-built and Nazi-like concentration camp, being built to house American dissidents, political prisoners and those who oppose the Vatican-led New World Order takeover.

The story first appeared on an obscure blog called Pittsburgh After Dark in April, but the unknown writers observations, inside knowledge and accompanying photos are worth printing, as it stands to reason if millions of Americans are expected to protest the destruction of their country, the powers that be need to find a way to exterminate them just like they did in World War II.

Here is the story by the unknown writer, complete with photos and other data backing up his premise that "at least one concentration exists in America":

The truth is out. The "truthiness" is no longer in doubt. There is a minimum of one confirmed concentration camp built on American soil in rural Wyoming.

Okay, many have heard the rumors, dismissed them as kook theories, believed by nobody, perpetuated by the ABB (Anybody but Bush) crowd or as a topic of interest for the Art Bell and Jeff Rense radio audience.

An undisclosed DHS (Department of Homeland Security) order was placed with DigitalGlobe to photograph the near completed work camp facility only listed by location as "central Wyoming" on the mistakenly published photographs.

DHS accidentally placed these photos on a publicly accessible portion of their website on March 28th and they were pulled within one hour. Fortunately Google had cached the images. They too though have been removed in the past 48 hours. The images are not gone forever though.

I am employed by a civil rights organization and due to the sensitive nature of these images I wish to remain anonymous. However these images must get out. Someone must be the whistleblower, someone

must warn the American public what the Bush Administration has in store for dissidents, political opponents, civil libertarians and "fifth columnists" as defined by the Justice Department.

There has been plenty written about this topic and plenty of historical evidence to back up this is a clear and present danger.

2006 Press Releases (Official KBR Press Release)

FOR IMMEDIATE RELEASE: January 24, 2006

KBR AWARDED U.S. DEPARTMENT OF HOMELAND SECURITY CONTINGENCY SUPPORT PROJECT FOR EMERGENCY SUPPORT SERVICES

ARLINGTON, Virginia – KBR announced today that its Government and Infrastructure division has been awarded an Indefinite Delivery/Indefinite Quantity (IDIQ) contract to support the Department of Homeland Security's (DHS) U.S. Immigration and Customs Enforcement (ICE) facilities in the event of an emergency. KBR is the engineering and construction subsidiary of Halliburton (NYSE:HAL).

With a maximum total value of \$385 million over a five-year term, consisting of a one-year based period and four one-year options, the competitively awarded contract will be executed by the U.S. Army Corps of Engineers, Fort Worth District. KBR held the previous ICE contract from 2000 through 2005.

"We are especially gratified to be awarded this contract because it builds on our extremely strong track record in the arena of emergency operations support," said Bruce Stanski, executive vice president, KBR Government and Infrastructure. "We look forward to continuing the good work we have been doing to support our customer whenever and wherever we are needed."

The contract, which is effective immediately, provides for establishing temporary detention and processing capabilities to augment existing ICE Detention and Removal Operations (DRO) Program facilities in the event of an emergency influx of immigrants into the U.S., or to support the rapid development of new programs. The contingency support contract provides for planning and, if required, initiation of specific engineering, construction and logistics support tasks to establish, operate and maintain one or more expansion facilities. Ohio Political Prisoner Sentenced To 8 Year Prison Term

Elsebeth Baumgartner was expecting probation but judge backed-out of plea bargain. Former Ohio attorney still sits in an Ohio jail, hoping to be released on bond for Christmas.
19 Dec 2006

By Greg Szymanski

The Ohio attorney who has fought corruption tooth and nail has finally had the wicked hand of fascism turn the jailhouse key, locking her away for a long and unwarranted prison term.

Elsebeth Baumgartner was sentenced Monday by Cuyahoga County Judge, Shirley Saffold, to 8 years in prison on felony charges of intimidation and retaliation, charges Baumgartner said were "trumped up and bogus."

Although Baumgartner was facing more than 109 years in jail and had already served more than 250 days behind bars, the sentence was dished out according to a last minute plea bargain which was supposed to be for probation, not jail time.

"The judge didn't live up to the deal handed to Else by prosecutors, but she was given a \$50,000 bond to stay out of jail pending appeal," said her husband, Joe Baumgartner, Monday from his Ohio home. "The only problem is she is now serving 120 days on a misdemeanor contempt charges and she is having trouble being released on those charges.

"We are also looking for a way to overturn the sentencing since it wasn't hat Else agreed to under the arrangements of the plea bargain. It appears again that the powers that be just flaunt justice and do whatever they want while Else is literally being persecuted."

Baumgartner's unique case has sent shockwaves through the patriot community as her many radio appearances illustrate how she has become one of America's No. 1 political prisoners, showing just how far down the road of fascism this country has gone.

But in the mainstream press her story remains a virtual secret, unreported and hidden, showing how the press has become nothing but a propaganda arm for a fascist government hiding the red, white and blue American flag.

What makes Baumgartner's case so outrageous is that all her troubles began over trying to do the right thing by uncovering corruption in her home state of Ohio which led all the way to the doorstep of the White House.

As incredible as it sounds and despite what Ohio and federal officials say, Baumgartner's only crimes come from speaking out a city council meeting, sending emails in a non-threatening manner to a sitting Ohio judge and running a highly informative and controversial web site exposing massive corruption.

"If we can't express ourselves and try to do good then what has our country become," said Baumgartner recently on Greg Szymanski's radio show, The Investigative Journal, one of the few alternative outlets even

covering her story.

Close friend, Angie Caputo, who has been following Baumgartner's travesty of justice, had this to say about Monday's 8 year prison sentence:

"Else just called. She got her appellate bond, \$50,000, Saffold sentenced her to 8 years in prison, 4 years on intimidation, four years on retaliation to be served consecutively.

"DuBois (her former web site partner) didn't show, but Markus, Bratton, Mulligan did---Markus gave a "victim's impact statement", his hot button is that Else's charge that he's over billing the state and that the visiting judge system is illegal.

"Bratton, sheriff Ottawa County, also there, testified that he has been monitoring the phone calls between Else and me, that she has shown no signs of remorse and is going to keep on suing people. One of her conditions is that she can't criticize public officials and that she can't discuss any the terms for publication, other words, if I print anything she tells me, it will violate her.

"Plain Dealer was there, Channel 5. She wasn't allowed to bring up any mitigation evidence. Now the deal is why 6th District won't rule on the motion for a stay on the contempt and an appellate bond. If she's got an appellate bond on felony convictions with 8 year sentence, why won't they give her appellate bond on 120 day contempt of which she's already served 20% of the sentence.

"Will tell you more when I learn it. She's holding tough, sounds strong and in control. The good news is that Helen Prosowski of Bay View finally produced the arrest report from the Erie County chase and she claims that the arrest warrant that Bratton produced was for failure to appear which of course is incorrect. Derek Farmer filed a motion to dismiss in that case based on that fact, and that the judge, Adkins I think it was, made a false statement when issuing the warrant therefore the underlying warrant which they used to initiate all the other charges was totally defective and void.

"However, so far, neither Bratton nor Prosowski will produce the arrest warrant. But can you imagine, 8 freaking years in prison for criticizing public officials. No one in this country is safe.

"In that Bratton used my phone calls, which I paid for at \$16 and \$17 a pop and I'm gonna tell him he and Ottawa County owe me. Plus there's now a block placed on my phone by Evercom who claims I don't have an account with them. Bull crap. My collect calls are paid through my phone bill to my phone company who in turns pays the long distance providers. I don't need a separate account with Evercom. Here comes another story. They can try prior restraint in Else but it won't fly with me. Now that it's out of Saffold's clutches, I think the real games will begin."

In earlier Arctic Beacon stories, Baumgartner, who graduated first in her class from the University of Toledo Law School, said this about some of her past jail experiences:

"I was essentially put in a hole for 10 days and held incommunicado as a domestic terrorist," said Baumgartner. "I wasn't allowed legal counsel, the right to clergy and even the opportunity to make a phone call."

And if anyone thinks Americans don't already have two feet buried deep into the mud of fascism, pay close attention to how and why Baumgartner was originally jailed for 234 days on a misdemeanor charge.

"I basically was jailed for standing up and speaking at a city council meeting," said Baumgartner about the night in 2001 leading to arrest five days later on technical charges of Falsification.

The charges stemmed from statements she made questioning a huge ferry boat contract awarded to an Ohio businessman, citing affidavits from some of her clients alleging the boats were being used for illegal drug running with full knowledge of state politicians, law enforcement and federal officials.

Further, she questioned the legality of awarding the lucrative Lake Erie contract since it amounted to nothing

more than "a political favor" as another company was overlooked who was more competent and provided the same ferry boat service for less money.

"All I did was speak out and use my right as a citizen to question our government," said Baumgartner, adding that she must have struck a nerve that night, leading to corruption at the highest levels of Washington, as well as the Ohio Governor, the Chief Justice of the Supreme Court and the Ohio Attorney General.

Baumgartner said five days after the city council meeting she was arrested, the state twisted the law to say she falsified statements at an official public hearing.

However, legal observers say the technical law used in her "illegal arrest and incarceration" was never intended for mere statements made at open forum city council, but rather the Falsification misdemeanor law was intended for official government hearings when witnesses are placed under oath.

"They just twisted the law and I was jailed," said Baumgartner. "As a lawyer, respected in my community, I never thought this could happen in America, but I am living proof it can and it's not over yet."

As a bio-tech attorney representing influential clients, Baumgartner's original troubles also began when she notified state and federal authorities about sensitive bio-tech information being hi-jacked, information which could have been used to wage bio-tech warfare against the U.S.

But instead of receiving cooperation from the feds, she claimed any serious investigations were stonewalled, as she became the brunt of harassment and illegal surveillance for reporting the alleged bio-tech misappropriation of information.

Besides the bio-tech and ferry boat matters, Baumgartner also tried to save her local school district \$1.5 million involved in a contract scam she uncovered, a scam involving top officials and only the tip of the ice berg, leading to how money may have ended up in the coffers of George W. Bush's 2004 re-election campaign as a for return on political favors.

"I think they wanted to contain the scandal brewing to the state and local levels and this why they came down hard on me," added Baumgartner.

Political Prisoner Elsebeth Baumgartner Jailed Again For 120 Days
Former Ohio attorney who uncovered massive corruption leading all the way to the White House reluctantly accepts plea deal and will be sentenced Monday on other felony charges
18 Dec 2006

By Greg Szymanski

Political prisoner and former Ohio attorney Elsebeth Baumgartner, again jailed for 120 days on contempt charges in November as retaliation for uncovering massive corruption leading to the White House, will be sentenced on felony charges Monday before Judge Shirley Saffold in Cuyahoga County.

Baumgartner reluctantly accepted a plea deal after retaining a new attorney, Frank Gasper, as well as getting protection for her husband who was brought into her case on bogus drug charges related to a home invasion in violation of his 4th amendment search and seizure rights.

For those following Baumgartner's case and the numerous bogus charges filed against her by corrupt Ohio officials, it has been called by insiders as one the most clear-cut examples of fascism, abuse of power and a Nazi-like approach to silencing someone who uncovered high-level corruption.

Baumgartner has been jailed already for more than 250 days, not counting her most recent 120 sentence on 27 contempt charges.

"I uncovered massive corruption at the state and federal level, tried to speak up at a city council meeting and ever since then I have been the target of what usually happened to political dissidents in the Soviet Union and Nazi Germany," said Baumgartner recently before being jailed when she appeared on Greg Szymanski's radio show, The Investigative Journal.

Baumgartner now faces sentencing on felony charges Monday which could add to her 120 sentence. Besides having the law twisted and being charged with a crime of speaking out at a public meeting, other charges include eight counts of intimidating a judge, four counts of falsification, two counts of retaliation and possession of criminal tools, a laptop computer.

Baumgartner and her web site partner were arrested last summer following a secret indictment which alleged that they had intimidated Markus by allegedly sending him emails expressing their opinions about various issues before him.

Called the ultimate travesty of justice by court observers and by her husband, Joe Baumgartner, this most recent jailing on 27 counts of contempt illustrates the kangaroo court-like atmosphere present in Ohio, as her case also clearly illustrates a total breakdown of the rule of law and respect for the rights of an individual, according to court room observers.

"I've been kept in a legal matrix and have all my due process and free speech rights violated," said Baumgartner.

Last year, for example, prior to a trial date in Dec. 2005 that never materialized, she wrote a letter to Daniel Kasaris, assistant Cuyahoga County prosecutor and the FBI, explaining the blatant abuse of power taking place in the Ohio judiciary.

Here is a copy of the letter telling why she is probably one of America's most prominent political prisoners:

Dear Mr. Kasaris: In response to your letter dated Dec, 2, 2005 attached hereto please be advised of the following:

1) The intimidation statute does not allow for charging people for sending emails. The statute and Ohio Jury Instructions require that a false document of a legally significant nature is filed, recorded or otherwise used in a malicious or otherwise illegal manner. Examples of false documents prosecuted as a form of intimidation under the intimidation statute include false liens, indictments, bankruptcy petitions, and sight drafts. I've researched the law nationwide and not a single jurisdiction criminalizes communications to a judge criticizing conduct of the case. Indeed, to date you have provided no discovery that proves any false statements of fact were knowingly made by me in any communications. Emails are forms of communication like letters or facsimiles and charges may be filed only for truly threatening communications. For example, several recent newspaper articles report that people making serious threats such as threats to kill, maim and or rape could only be charged with menacing by stalking or aggravated menacing for sending threatening communications such as letters or posting threats on the internet.

Finally, to the extent that communications are related to pending litigation the communications are absolutely privileged under Ohio and federal law from all liability.

2) Any actions taken by me in allegedly sending any emails occurred in Florida from the time frame June 2004 until Sept. 4, 2004; and in Michigan from Sept. 5, 2004 until May 20, 2005. The emails you have provided in discovery concerning Aug. 15, 2005 emails (Counts 1, 2, of the Indictment) were not sent from presto4701 but were sent to Judge Markus from email addresses affiliated with people in North Carolina and California. Thus no act was committed by me in Ohio let alone Cuyahoga County.

3) Ohio case law has held that communications to a public official that travels as part of their job (and you have yet to provide discovery proving the essential element that Judge Markus is a public official such as his commission, oath of office and bond) occur at the location of the public office.

In this case Judge Markus, if in fact he can be shown to be a lawfully appointed Ottawa County Common Pleas Court Judge under the law of Ohio, would be deemed to receive communications in Ottawa County, Ohio. Moreover, Judge Markus conceded that any alleged criminal actions occurred in Ottawa County and indeed he had a duty to disclose everything by filing 32 unsworn criminal contempt of court citations against me in Ottawa County Common Pleas Court on Dec. 10, 2004. This was prior to ever reporting any imagined crimes to you on Dec. 21, 2004 as part of his interaction with you in Cuyahoga County criminal cases.

Similarly, my co-defendant is also subject to criminal charges in Ottawa County involving the same civil case Judge Markus presided over in Ottawa County Common Pleas Court. Again, the criminal indictment was obtained in February 2005, well prior to the facially defective indictment obtained by you in Cuyahoga County on June 30, 2005.

Indeed, I am waiting for you to disclose the sworn affidavit disclosing court officer misconduct allegedly stolen from the Ottawa County case file by Ottawa County prosecutor Mark Mulligan on Dec. 3, 2004, all transcripts of trial and all hearings in that case as well as exhibits sealed by Judge Markus that prove he awarded over \$26,000 in sanctions against my husband based on fraudulent legal invoices as exculpatory evidence. These withheld documents will provide a substantial basis for my contention that Judge Markus appeared to collude with parties in my civil cases to award pre-determined outcomes and to aid and abet insurance fraud.

Similarly, I await disclosure of statements from BCI investigators in the possession of your associate James Gutierrez concerning interviews with Krista Harris and Debbie Pribanic about alleged drug trafficking,

weapons running, abuse of public resources, having coerced sex with a murder trial witness, suborning perjury in a murder trial and other crimes committed by Erie County prosecutor Kevin Baxter. These statements are relevant to my defense in both Cuyahoga and Erie Counties. As you know Erie County prosecutor Kevin Baxter hand selected you to prosecute me in Erie County for allegedly stealing my own company car among other things in early June 2005 prior to your obtaining the indictment against me in this case.

Finally, your office has failed to disclose the affidavit of my husband filed with the Ohio Supreme Court which confirms my allegations and is thus exculpatory and the Complaint for Writ of Prohibition also filed with the Ohio Supreme Court. Your office defended Judge Markus in the case which concerned his filing 32 counts of criminal contempt of court in Ottawa county related to legal documents exposing attorney and judicial misconduct in case no's 01-CVC-136 and 01-CVC-223.

Incredibly those charges are unsworn, and date back to Dec. 10, 2004 well before Judge Markus seeking to have me indicted in Cuyahoga County for Ottawa County acts. I am being forced to go to trial before yet another retired visiting judge who is insisting I'm not entitled to a jury trial, notice of charges or any other fundamental right accorded criminal defendants despite the fact I am facing over nine years in jail. Bill Mason and Assistant Cuyahoga County prosecutor Jon Oebker argued on behalf of Judge Markus that sworn charges and notice of charges are not necessary to invoke indirect criminal contempt jurisdiction.

Next in June 2005, I requested Assistant Prosecutor Malamud provide me evidence of contracts and invoices for services related to Cuyahoga County employees providing legal services to other counties including James Gutierrez, Paul Soucie's and your services to Erie County and the services provided by Jon Oebker to Ottawa County on behalf of Judge Markus and or for personal purposes of county employees such as Bill Mason in personal lawsuits. To date he has failed to produce any documentation so I have to assume Cuyahoga County is allowing its employees to moonlight on taxpayers' time without contract or compensation. Thus your office is under a mandatory duty to disqualify itself because Bill Mason and many assistant prosecutors are necessary witnesses in my defense to prove my statements that judges and prosecutors are misusing their offices for personal gain as alleged in some of the emails attributed to me.

4) You have provided much material in discovery but unfortunately none of it is relevant to the elements you must prove in a case of intimidation, retaliation and possession of criminal tools. The Affidavit of Disqualification is already a matter of record with the court. The Ohio Supreme Court sent it to the Cuyahoga County Common Pleas Court on Nov. 10, 2005. As you know that created a stay in the case. However, you continued to file documents in the case and involve yourself in hearings after knowledge of the stay. For example, you filed a Motion to Incorporate Competency Ruling in this case on Nov. 15, 2005 while I sat illegally in jail and you didn't serve me with the pleading. You also provided additional discovery by fax to my husband while I was incarcerated. Finally you failed to serve me with Erie County material while I sat in jail but instead mailed the materials to my home and faxed the materials to my husband's fax.

I do not object to receiving materials at my husband's fax number when I am not incarcerated and or no stay is pending from the Ohio Supreme Court. My objection was and continues to be that you improperly served me while I was illegally in jail without cause or hearing and violated the Ohio Supreme Court stay in order to harass my husband and me. My husband is a likely defense witness for Mr. DuBois and certainly is a key witness for me and continues to be intimidated by the State as reported to the court in early October 2005. In fact while I was incarcerated the State of Ohio through Judge Markus and Ottawa County Prosecutor Mark Mulligan allegedly extorted \$700 from him in order to drop a civil contempt of court charge related to my husband filing an affidavit of bias against Judge Markus with the Ohio Supreme Court. Discovery provided by you shows you are actively communicating with Mr. Mulligan and are well aware of the fact that he allegedly stole a sworn affidavit from civil case no 01-CVC-136 in Ottawa County Common Pleas Court.

My husband decided it was easier and cheaper to pay than fight a fixed system wherein he would have to pay a lawyer to defend him against a civil contempt charge for filing an affidavit of bias against Judge Markus, shut down his pharmacy for the day only to have the decision adjudicated by the self interested Judge Markus.

I do not deny that presto4701 is my email address. However many other people had access to my email account. Moreover I categorically deny sending communications to Judge Markus from anywhere in the State

of Ohio or admitting to sending Judge Markus an email that I knew would be downloaded in Cuyahoga County.

Judge Markus represented to me that he was an Ottawa County Common Pleas Court Judge and he encouraged me to use his corporate owned email address for his alleged visiting judge duties to communicate with him concerning Ottawa County matters after I caught him and opposing counsel communicating ex parte in my civil cases. Based on Ohio case law his office for purposes of communicating with me about Ottawa County cases is deemed to be located in Ottawa County, Ohio.

More importantly, you have yet to produce any proof that I made a false statement. Indeed you haven't even stated with any specificity what statements are false, that I knew the statements were false at the time or how Judge Markus was intimidated. Instead you've unjustly inundated me and the court with inflammatory documents intended to assassinate my character [this is a pattern with Kasaris] simply because I am a well educated Christian female who associates with diverse people and holds political, religious and or social beliefs that differ from your own and Judge Markus. I believe the justice system to be corrupt, unaccountable and in need of change while you and Judge Markus both of whom profit from the current system enjoy the status quo and unlawfully enrich yourself at the expense of the public and the integrity of the justice system. This is my opinion, an opinion I am entitled to hold under the US Constitution. Americans are not prosecuted for thought crimes or their opinions.

5) You claim that Supplemental Discovery is intended to provide me with "notice of the evidence the government may introduce against you." I've asked for Notice of Intent to use evidence against me and to date you have failed to respond. Moreover as noted above, you have failed to produce any relevant evidence other than the alleged emails themselves, two of which were not even sent by presto4701 that provides a scintilla of evidence to prove each and every element of your case against me.

Instead you have inundated me with irrelevant, inflammatory and highly prejudicial evidence while withholding exculpatory evidence in the State's possession. For example if you intend to use my disbarment, my pharmacy revocation, and falsification conviction as evidence against me, I insist you enter the entire case files so the jury can discern whether or not these actions were supported by credible evidence or if in fact they were political prosecutions conducted without due process in order to muzzle me about case manipulation via special prosecutor and or visiting judge appointments as well as the enormous problem of substance abuse among the bar and judiciary.

Further, you have claimed at a pre-trial that my opinion that Judge Markus is protecting the sexual abuse of children is false. In order to prove that is a false statement beyond a reasonable doubt you must prove the opposite is true beyond a reasonable doubt. In other words you must prove Judge Markus actively reports and ensures all allegations of child abuse are rigorously investigated, as he is required to do under the Ohio Revised Code as a mandatory reporter.

In order to carry your burden you must produce evidence that Judge Markus did in fact report the alleged rape and or emotional/physical abuse by Benton Carroll Salem Local School officials of [name withheld] to proper authorities as reported to him by me in Ottawa County cases and by my husband, a member of the BCS Board of Education in his Affidavit of Bias as provided to the Ohio Supreme Court which was copied to Judge Markus. You must show that the state conducted an investigation proving [name withheld] was never allegedly sexually abused by the brother of Democratic House Minority leader Chris Redfern as he and his mother claim or emotionally and physically abused by BCS School officials. In regard to this latter issue, I have specific findings from the Ohio Department of Education that BCS School official and Attorney Charles Burns in his capacity as Superintendent did in fact violate [name withheld] civil rights.

You must also produce an explanation of why Judge Markus argued as an attorney for Porter & Wright while serving as a private judge in the State of Ohio for allegedly concealing the names of reported child abusers to the taxpayer supported Cuyahoga County Ombudsmen Office in a case at the Ohio Supreme Court. Thankfully, Judge Markus lost that argument and the people have the right to know the names of reported pedophiles so they can take steps to protect their children and ensure that alleged child abusers are vigorously prosecuted instead of receiving protection due political influence with a judge prosecutor or law enforcement

officer.

6) As noted above, you intentionally violated a stay in this case issued by the Ohio Supreme Court and faxed documents to an address for service when you knew I was illegally incarcerated. Further, your discovery to date has consisted of irrelevant and redundant material with no proof of the elements of your case. Thus, your self serving statement that supplemental discovery is not intended to harass and annoy is disingenuous. Annoying and harassing my family and me is the only possible reason you would intentionally violate a stay, allow me to be incarcerated without cause or hearing and send voluminous irrelevant documents to me at an improper address while incarcerated.

Finally you knowingly provided false information to the media through Jamie Dalton concerning the basis of the revocation of bond while a stay was pending on Nov. 14, 2005. You then unlawfully participated in two hearings that afternoon to harass me and fabricate evidence to support the revocation. While the stay was pending you filed a motion seeking to incorporate a finding a competency in this case, which is no longer relevant due the abuse suffered from the unlawful revocation, which has medically compromised my ability to defend myself. (See article published at www.erievoices.com Dec. 5, 2005 which includes the transcript of the Nov. 14, 2005 morning session.

Your office then filed a misleading pleading with the Ohio Supreme Court while representing Judge Saffold intentionally withholding from the court the fact that my bond was revoked without hearing or cause while the stay was pending simply because I asked for a continuance and expressed off the record my intent to amend the affidavit of bias against me to include additional evidence of prejudice and collusion in the case between the court bailiff and your office.

Consequently, I will not agree to your suggested stipulation for the following specific reasons: a) Far from being a legitimate criminal proceeding, this case is a transparent attempt to misuse the criminal justice system to advance a private cause of libel under the guise of criminal libel in order to chill speech critical of the Cuyahoga County prosecutor's office and the special prosecutor, visiting and or retired judge schemes in Ohio that allow the politically connected to manipulate case outcomes for their own financial benefit, to misappropriate public resources and or to target political enemies and whistleblowers.

For example, your office amazingly seeks to incarcerate me, a non-violent Christian civil rights activist, 50 years old married mother of two for 66 years for sending emails critical of retired judge Richard Markus conduct in my civil cases while at the same time seeking to incarcerate Ronald Dudas 60 years for trying to hire a hit man to kill Judge David Matia. When Judge Kathleen Sutula was the victim of an attempted hit due a shooting at her home, your office could only obtain a conviction for one count of intimidation. Yet your office seeks to incarcerate my co-defendant former Marine Corporal Bryan DuBois, editor of www.erievoices.com for over 16 years for questioning and reporting as an internet based investigative reporter on Judge Markus alleged case manipulation in Ottawa County on behalf of politicians Charles Burns and Kellen Smith who financially benefited from illegal public contracts in the BCS district.

Judge Markus, a client of your office and you both have financial interests in the case which require the disqualification of the Office of Cuyahoga County prosecutor. Most egregiously while I was incarcerated the Cleveland Plain Dealer reported that at least one Cuyahoga County Judge agrees with me that there needs to be greater accountability on retired judges and that Judge Markus was actively lobbying Cuyahoga County Common Pleas Court judges on behalf of continuing the accountable nature of the systems that personally insure him.

Your office has repeatedly proven itself to be unworthy of belief. In closing my response to your suggestion is that you dismiss this case pursuant to your duties under the Code of Professional Responsibility, Ohio and Federal law.

Very truly yours,
Elsebeth M. Baumgartner

Close friend, Angie Caputo, who has been following Baumgartner's case, added:

"Elsebeth is a truly awesome and courageous woman. Her case exposes the blatant corruption that exists in Ohio alone. She does not deserve this. I just hope that Judge Saffold does not pile on more jail time.

"Her attorney is Frank Gasper, a retired Cuyahoga County prosecutor. He told Else he has never seen anything like this. He seems to be working in her best interests so I am grateful that she was able to retain him even though it was less than a week before her trial. That was a lot of the reason why she accepted the plea deal. They offered her a 3-county global package that offered protection to her husband concerning the bogus drug charges and guarantees of an appellate bond in Cuyahoga County."

The Hidden Truth About The Pope's Middle East Crusade

Unknown Israeli author tells you everything you wanted to know about the war but were never told.

15 Dec 2006

By Greg Szymanski

Author of *Vatican Assassins* Eric Phelps has always tried to find the truth and speak from the heart, his meticulous research uncovering the purposely hidden Vatican and Jesuit Order's duplicitous role as the real spiritual controllers of the New World Order.

Concerning the Middle East conflict, he doesn't mince words or pull any punches either, recently uncovering "the greatest analysis of the war I have ever read."

"Written by an unknown Israeli," said Phelps, "it is a must read for anyone who wants to know the real truth behind the Pope's war. Added to the fact that the Black Pope controls the US via the Council on Foreign Relations, and controls Britain via the Royal Institute of International Affairs, we now know the source and purpose for the continuing conflict.

"The leaders of both sides are minions of the Jesuit General. (For example, previously Arafat has had EIGHT MEETINGS with Pope John Paul II since the Oslo Accord.) Those who do not "play ball" - like Anwar Sadat of Egypt, King Fiesal of Iraq and Yitzak Rabin of Israel are eliminated through the Black Pope's unified International Intelligence Community. That Community is directly controlled, organized and overseen by the Pope's Crusaders, the Sovereign Military Order of Malta.

"Notice that the mentor and immediate master of Ariel Sharon is none other than CFR Henry Kissinger. Masonic Kissinger, the intimate associate of Knight of Malta Alexander Haig, Jr., is without question a Jesuit Temporal Coadjutor, as the Order began to admit the Pope's "Court Jews" to the Company in 1946 - about the time of the stoking of the Middle East conflict.

"Further, it has been learned that the former head of NATO and key figure in the governing of the Pope's Zionist government of Israel is a Franciscan priest - Javier Solana - the intimate friend of the "King of Jerusalem," King Juan Carlos of Spain, whose immediate master is the Grandmaster of the SMOM, Fra Andrew Bertie.

"Further, the reason why the Order has used the Federal Reserve Bank's American Military Industrial Complex to arm every Arab nation in the Middle East is not to destroy the Pope's Zionist-controlled Israel, remembering that sixty percent of all the land in Jerusalem is owned by the Vatican - including the Temple Mount. The purpose is to be able to use these arms against the present American/British-led Papal Crusade having been planned over thirty years ago, prior to the deliberately faulty construction of the WTC (the "X" bracing being only bolted and not welded to the buildings) back in the 1980s. It was Cardinal Cooke's Knight of Malta and director of the CIA's counterintelligence branch manning both "the Israeli desk" and "the Vatican desk" within the Agency, James "Jesus" Angleton, who advocated a "Crusade" against the Moslem peoples way

back in the mid 1970s."

According to a reviewer the writings of the unknown Israeli are "a truly objective analysis of this subject, without the baggage Jews and Arabs have been fed via their national leaderships, reveals that the Middle East conflict would have ended decades ago had foreigners not kept it alive. The continuation of the conflict serves their interests- i.e., oil supplies, recycling petrodollars, or multi-billion dollar weapons sales. The Palestinian-Israeli "situation" is thus merely a fig leaf for the FE, allowing their other agendas can be pursued undetected.

We need to devise a solution based on the actual cause for the continuation of the conflict, and not accept solutions presented via the mainstream media.

The hatred between the two peoples doesn't come from the hearts of Middle Eastern Arabs and Jews; it is created and stoked from abroad. Arabs and Jews must see through the propaganda and understand that this conflict is being created for them. Every time it looks like it is coming to an end, foreigners breathe new life into it by insisting that they have a "new peace initiative" which they claim will bring peace. It never does.

The FE's intervention in the affairs of the Middle East has been a tragedy for the Arab peoples - socially, economically, and politically. Arabs and Jews of the Middle East need to admit that they are both victims of the foreigners. By working together, they can remove the cancer of foreign intervention that keeps the conflict alive.

The following are the first two chapters of a collection of observations compiled to help Jews and Arabs understand why the Middle East conflict continues to fester. The intention of the writer is to promote the realization that these two peoples are not each other's worst enemy; a third player, the Foreign Elite (FE), is why the Middle East remains unstable.

Chapter One

The core and essence of the Middle East conflict

For more than 75 years, western diplomats have been coming up with "peace initiatives" to solve the Arab - Israeli conflict. Yet they always fail.

Why? What keeps the Middle East conflict going?

If we are going to devise a solution, we must first understand why the conflict continues to exist. To do this, we have to view the situation from the top down, rather than from the bottom up.

Granted, this is completely opposite to the way most Jews and Arabs have been conditioned to look at "the situation." Jews focus on the damage Arab/Palestinians cause, and believe that damage to be the cause of the conflict, when it is really only a result of it. They view the conflict and its origins from the bottom up. Arabs/Palestinians concentrate on the damage Israel causes and believe this to be the cause of the conflict, when it is really only a result of it. They too relate to the situation from the bottom up.

To understand what really causes the Middle East conflict to continue, one must look at the issue from the top down.

To get a more accurate picture of what lies behind the continued existence of the conflict, let's acknowledge these five factors which serve to perpetuate - rather than solve - the problem:

1)The vested interests of the Foreign Elite (FE): There is a "third entity" in the conflict in addition to the Israelis and the Arabs: the foreigners (in order of importance, the US, Britain, China, France, Germany). Without them, there would be no Middle East conflict because it is the foreign influence that keeps the "situation" from being resolved. Unfortunately, both Palestinian Arabs and Israeli Jews

believe they are each other's worst enemy - without considering the third element - the foreigners - that is the enemy of both. The thing that Arabs and Jews have most in common is this common enemy, yet the leaders on both sides (not being legitimate or independent) tell their people that the other side is their number one enemy. Hence the conflict continues.

2) Control of Middle East oil: The foreigners interfere in the Arab-Israeli conflict in order to exploit and control the vast petroleum resources in the region. If there were no oil, there would be no petrodollars to recycle; the foreigners would have no reason to dominate the region.

3) Weapons sales: If there was a worldwide ban on arms sales to the Middle East, there would be no more "radical Arab dictators" with modern arms. If the foreigners stopped selling advanced weaponry to nations of the Middle East, the conflict would end.

4) The mainstream media: If the mainstream media in the West stopped reporting on the "search for peace in the Middle East," peace would soon be found. By keeping the region's "unstable" image alive, the media, as the sole source of information by which people can formulate their perceptions, provide an excuse for the foreigners to interfere, and at the same time serve to convince everyone that these western nations want peace, despite the fact that they have been "seeking" it for over 50 years, in vain. The media never question the intentions or agendas of the FE. The media thus provide the glue which keeps the conflict going. Without the mainstream media constantly reporting on the conflict, there would be peace, as everyone would forget that the Middle East is "unstable" and thus in need of "stabilizing" via new "peace initiatives."

5) Corrupt national leadership of both sides: It isn't peace between Arabs and Jews that interests the FE, but rather the continuation of the conflict. The way they do that is by corrupting/controlling the national leaders of both sides. The reason why legitimate, popular leaders are not at the helms of countries in the Middle East is because the FE will topple any leader who doesn't cater to their desires before the needs of their own people. If Middle East leaders are selected and deemed popular by their own people, the FE will demonize them as "radicals/extremists," "terrorist leaders" or "enemies of peace," and thus de-legitimize them in the world arena. How can genuine co-existence take hold if the leaders of both sides are more interested in pleasing their foreign masters than their own peoples?

Unless these five basic factors are understood, the true causes that extend the conflict will never be understood. Instead, each side will go on blaming the other - seeking to take the high moral ground and convince their own people and those from abroad that they are right, and the other side is wrong. This will lead only to more death and destruction.

The technique is called "divide and rule," and it has been a favorite of the FE for decades.

Why Is There A The Middle East Conflict?

Let's deconstruct the conflict and look at all its parameters:

1) The Palestinian-Israeli conflict is how the pro-Arab camp refers to it. It claims Israel is oppressing the Palestinians and that, as a result, the entire Middle East remains unstable, and will continue to be unstable unless the Palestinians have their own state.

2) The Arab-Israeli conflict is how Israel defines the situation. Until the Oslo process began, Israel claimed the conflict existed because: "The Arabs don't recognize Israel's right to exist." Now Israel says the conflict continues because the Palestinian leaders "support terrorism."

These conclusions are fed to the Arab and Israelis peoples so as to enable them each to take the high moral ground and focus their hatred on each other. And this in turn directs their attention away from their number one enemy: the foreigners.

By having the Arabs believe Israel is at fault for "oppressing" the Palestinians, while having Israelis

believe the conflict exists because the Arabs fail to recognize the Jewish state or seek its destruction (i.e. support terrorism) the foreign interests succeed in hiding the bigger picture: what the foreigners are doing when it comes to controlling the Arab nations' only natural resource, and how they are selling massive amount of weapons to the oil-producing regimes.

To keep up this fraud, the foreign elements must control the national leaders of both peoples, and ensure that the mainstream media don't stray too far from the cover stories: "Israel is acting immorally against the Palestinians" or "Palestinian leaders support terrorism."

Creating either a viable Palestinian state or peace between Arabs and Jews is not the goal of the foreigners. Whether stated publicly or not, their intention is to extend the Middle East conflict, not resolve it. Unless this basic truth is understood by Arabs and Jews, the foreign elements, via the mainstream media, will continue to manipulate the perception of both sides as to why the conflict continues.

Taking the high moral ground in the Middle East conflict

The only way the foreigners can sustain the conflict is to have each side blame the other for its continuation. In this way neither side can discover the real causes, which are the oil and arms deals made between the rich oil states and the foreign powers. One aspect of the conflict serves as convenient camouflage for the other.

To keep this fraud in place, the "moral argument" is employed to have the world focus on the "morality" of the Palestinian-Israeli conflict. In this way, everyone is forced to take a side. The pro-Arab side claims Israel is morally flawed, while the pro-Israel side claims the Arabs are morally flawed.

Thus any public discussion is structured in such a way that the peoples in the region and those abroad are forced to believe one side's claim or the other. The pro-Israel version is that the Arabs want to destroy Israel and are employing terrorism to reach this goal. The pro-Arab side claims Israel 's actions against the Palestinians are immoral because they violate the Palestinians' right to self-determination and their human rights and dignity. In short, the parameters of the debate consist of choosing sides. No other option is given. No other participant in the conflict is presented.

In spite of all the vested foreign interests at work in the region, namely oil and arms, the entire discussion of the conflict centers on one of these two positions: either you are pro-Israel or pro-Arab.

This moralizing is the way the foreigners control the debate so that the actual causes are never allowed to surface. Israel's national leaders can moralize about how inhumane Arab suicide bombers are; Palestinian leaders can moralize about how horrible Israel's treatment of the Palestinians is. The US State Department can moralize about Israel's human rights record. The Jews in America are morally aligned with Israel; the countries of the Third World identify with the Arabs. The Europeans are perceived to be anti-Israel. The Christian fundamentalists in the US support Israel for moral reasons. The Israeli Left takes the high moral ground when it publicly condemns its own government for its treatment of the Palestinians. The Israeli Right waves a finger at Yasser Arafat and proclaims: "Arafat is not doing enough to stop terrorism." The Palestinians claim Sharon is not "serious about peace" .

"The Palestinians must learn they will never achieve anything through violence," says one group. "The Palestinians deserve their own state," declares another

Yet with all this "morality" flying around, nobody ever points a finger at the foreign countries or accuses them of acting immorally by selling arms to Middle East dictators and exploiting the natural resources of the region.

Instead, people around the globe are told what to believe regarding the reason for the continuation of

the Arab-Israeli conflict, as if their opinions and feelings are actually relevant to what is happening on the ground.

This long-distance exercise in morality is what the media focus on when nothing much is happening in the region, to point out how important "peace in the Middle East" is for everyone. Yet the only thing about such stories that can be believed is that the continuation of the conflict is important to the media.

Why the Middle East conflict never gets solved

Everyone in the world is morally bound up with the Arab Israeli conflict. Yet can it be possible that the entire conflict is based on the lack of morality of one side or the other? Can all that has happened in the region over the past half century be the result of one people not behaving nicely toward the other? What other regional conflicts are defined in this way? What other regional conflicts continue for more than a half a century, look like they are finally being solved, and then come roaring back in the way the Middle East conflict has?

Let's think for a moment, and ask: Do regional wars and conflicts continue for seven decades because one side isn't acting nicely toward the other? Is the conflict's existence merely due to the actions of each or both sides - the 5 million Jews and the 4 million Arabs - who simply don't like each other?

Can that really be the answer?

That is certainly the way the mainstream press and the academic world present it. Oil and arms sales are never part of the explanation. How could so many newspapers and TV stations miss out on this side of the region's affairs and focus solely on "new peace initiatives"?

One could argue, with justification, that the Israelis are not acting nicely toward the Palestinians - that they oppress them, restrict their movements, blow up their houses, etc. But that alone still doesn't account for the continuation of the conflict. The Israelis are right when they argue that the Palestinian Authority is corrupt and the Palestinian leadership hasn't done enough to crack down on terrorism, but that too doesn't explain why this 75-year-old conflict is still with us.

And while it may even be true that the Arabs don't recognize Israel's right to exist, Israel doesn't stop existing because of that. The refusal of the Arabs to recognize Israel's existence is not the reason why the Middle East still festers.

So why has this conflict been going on for nearly a century?

Not only does the Middle East conflict continue to exist, it actually gets worse decade after decade. What other regional conflict actually looks like it is being solved, and then, 10 years later, returns to a state much worse than before?

What is special about the Middle East?

One unique thing about the Middle East conflict is that it is institutionalized.

Think of the annual budgets for all the organizations whose sole purpose is to do "Middle East moralizing." How much does it cost to fund all the activist organizations, the lobby groups, the news publications, the charities, the think tanks which exist solely to cast blame on either the Israeli or Arab side?

The Middle East conflict is a "cottage industry" in the US and Europe. It isn't that way with other regional conflicts. Why is it that way with this one?

The pro-Israel camp has its lobbies, organizations, think tanks, magazines, support groups, Internet user groups, etc. which put out one simple message: "The Arabs are wrong; we're right. We are more morally upstanding than them." The pro-Arab camp has its lobbies, organizations, think tanks, magazines, support groups, and Internet user groups which put out one simple message: "The Israelis are wrong; we're right. We are more morally upstanding than them."

Both sides are basically saying the same thing to the other side: "you're morally deficient, you're not acting nicely, and it is because of you that we don't have a solution." What is incredible is that each side is right, and for the most part, each side's argument is valid. Each side does do terrible things to the other, and both are morally deficient. Yet that still doesn't account for the continued existence of the conflict.

Consider. The Arabs say: "The media in America is controlled by the Zionists and our side never gets a proper hearing," while the pro-Israel camp says, "The media is anti-Israel." Both claims have a basis of truth, yet they cancel each other out. The same is also true when the Palestinians claim that Israel is "denying the Palestinians a state." The Israeli version is "The Arabs don't recognize the Jewish state." Two completely balanced arguments serve to keep the claims of both sides in perfect symmetry.

The media are responsible for promoting this "morality" aspect. If a politician in the US or Europe says: "I am disturbed by Israel's treatment of the Palestinians," that becomes a media item, even though the statement had nothing to do with what happens on the ground. Thousands of kilometers away, in Europe and the US, the Middle East conflict has a life of its own. The obsession that the mainstream media have about anything and everything to do with the Middle East proves that the mainstream media are responsible for sustaining it. The conflict would have faded away long ago, if it weren't for this media attention.

This is important because, before we can look for a solution to the Middle East conflict, we need to determine why it exists in the first place.

Why should we support the establishment of a Palestinian state as a way to bring peace to the region if the lack of such a state is not the reason for the conflict? While it may be desirable to the Arabs to have a viable Palestinian state, and while the Palestinians certainly deserve their own national territory, we must ask ourselves: "Does the conflict exist just because the Palestinians don't have their own state?"

Perhaps all those on the pro-Arab side should think about what would happen if a Palestinian state is created, yet doesn't lead to prosperity and stability? The mere existence of a Palestinian state will not solve the regional conflict. Thus perhaps the absence of a Palestinian state is not the reason why peace does not exist today.

If the foreigners were truly interested in peace, and believed the creation of a Palestinian state would serve that goal, they would have forced Israel to accept it decades ago. They didn't, and not because Israel controls the US political process, as some Arab intellectuals believe, but because they don't want peace in the Middle East. That is why Arafat was allowed to funnel most of the \$4 billion in foreign aid the Palestinian Authority received from 1993-2000 into 17 different security forces, rather than using the money for socio-economic development.

Compared to other regional conflicts caused by wrongs committed by one side on the other, the continued existence of the Middle East situation makes no sense. By now it should have either been resolved or have petered out.

Why does this problem never get solved?
Chapter Two

Israel is not the number one enemy of the Arabs

While Israel may be perceived as a threat to the Arab world, the actual threat comes from the foreigners who for decades have been corrupting Arab leaders and exploiting their nations' natural resources. The foreigners are the reason the Palestinians has had such a miserable 50 years. Sometimes the foreigners keep Arabs and Palestinians oppressed via Israel, sometimes they do it on their own; the end result is the same - the Arabs get screwed.

It is foolish to blame Israel for the continued existence of the conflict. Israel had no reason to want to enflame the conflict with the first intifada, or the second one. The last thing Israel wants is for the whole world to be talking about how Israel must create a state for the Palestinians. Thus Israel has no reason to ignite the conflict.

Israel doesn't keep the Arab-Israeli conflict simmering, and thus can't be blamed for the instability in the Middle East. While what Israel may do to the Palestinians is wrong and harmful, it is not the reason the conflict continues.

So by blaming Sharon or the Likud party, the Arabs are playing right into the hands of the foreigners. The foreigners want all Arabs to focus their anger at Israel so they won't catch on as to how the foreigners are controlling their nations' resources and corrupting their leaders. The Middle East conflict began long before Sharon, the Likud or the West Bank settlements came into the picture. By having the Arabs focus on Israel as the culprit, nobody will look at the foreigners and realize the truth.

If Arabs want to know who their number one enemy is, they have to go right back to the beginning, when the foreigners first started to colonize the Middle East. While the formation of Israel was part of that colonizing effort, the Jews weren't the ones who put the deal together. The Jewish people have also been used and exploited by the foreigners, but in different ways.

If the role of the foreigners in the Middle East was exposed, the Arabs could then choose between one of the other two sides: Israel or the foreigners.

Before making that decision, all Arabs, and especially the Palestinians, should remember that from 1948-1967, Israel was responsible for huge rises in the standard of living of the Israeli Arabs, just as it was with the West Bankers and Gazans from 1967-1992. Despite all the wrongs Israel may have committed against the Palestinians, then and now, the fact remains that the Israelis were the only non-Arab population interested in raising their standard of living and quality of life.

The foreigners - with all of their aid, peace plans, initiatives, road maps and UN refugee agencies - were never able to do that. For 50 years the Palestinian refugee problem remained unsolved because the foreign powers did not want it solved. Certainly Israel would have been in favor of putting the refugees in permanent homes, and would have done so if they had been permitted to. The foreigners didn't let Israel do that, and instead had the UN administer the needs of the refugees so that the refugee problem would remain unsolved - all in order to keep the conflict alive.

So who is the true friend of the Arabs of Palestine, and who portrays themselves as such but keep the tragedy going, year in, year out? With which religion do Arabs have more in common, Judaism or Christianity? Who is better equipped to help the Palestinians develop their economy, Israelis or the foreigners?

To solve the conflict, both Arabs and Jews must realize that they are not each other's number one enemy, and that a third element is the reason the regional conflict continues. If we want to solve this seemingly never-ending human tragedy we must first understand where it comes from, and why it is still here. Then we can prescribe a remedy.

To get that ball rolling, the Arabs must see that Israel isn't responsible for creating the tension and hostility in the Middle East. It isn't Israel which is keeping radical Arab leaders in business; Israel isn't that powerful. The foreigners are bigger and stronger than Israel. If they wanted Israel to stop all settlement activity and withdraw to the 1967 border, they would have long ago forced Israel to do that.

The existence of the settlements is the foreigners' guarantee that there will always be a reason to shake a finger at Israel.

The foreigners never get tough with Israel because solving the conflict is not their end goal. If the western countries boycotted Israel economically, broke off diplomatic relations, and cut off foreign assistance, the Israeli national leadership would do anything the foreigners demanded. This doesn't happen because the foreigners want the conflict to continue.

When Arabs accept the argument that "we hate America because of America's support for Israel," they are serving the foreign agenda. Arabs should hate America for what America has done to them directly - for corrupting Arab leaders, for keeping the Arab masses socially and economically backwards, for exploiting the Middle East's natural resources, and for wasting the Arab nations' financial resources on arms instead of regional economic development.

Jews and Arabs must realize that despite what foreign leaders say in public, the last thing they desire is peace in the Middle East. Since the first intervention by the British in the first decade of the 20th century, the primary cause of strife is the foreign elements and their desire to control the region's natural resources.

The Arabs are not a threat to the State of Israel

For the entire history of the Arab-Israeli conflict the Israeli public has been told two lies: that the Arabs in general - and the Palestinians in particular - are a threat to the continued existence of the Jewish state, and that the reason there is no peace in the region is because the Arabs don't "recognize" Israel.

Why would any country call its own existence into question by insisting that its neighbors acknowledge that it exists?

What it really means is that if an Arab country does acknowledge Israel's right to exist, it can expect something in return. So if Israeli diplomatic strategists had been smart, decades ago they would have announced that, the Israeli government doesn't acknowledge the existence of any Arab country. Then, if an Arab country decided to acknowledge Israel's existence, and asked what Israel would give it in return, Israel could say, "Israel will acknowledge your country's existence." Instead, Israeli leaders called their own nation's legitimacy into question by asking the Arabs to grant it legitimacy.

Israel is, therefore Israel is, and no recognition from any country - Arab or otherwise - is needed to confirm that fact. It matters not at all if Tunisia, Bahrain, Oman, Yemen, Libya, Syria or Iraq fails to acknowledge Israel's existence. In the past half century, not only has Israel survived without her existence being acknowledged by the majority of the Arab world, it has flourished.

The claim that the Arabs threaten Israel's existence is also wrong. Even if the Arab world wanted to destroy Israel, this doesn't mean it can. Israel has the seventh largest military infrastructure in the world, and is technologically light years ahead of the Arab world. Despite Israel's clear military superiority, its national leadership keeps the Israeli public focused on the "Arab threat" so that the Israelis will continue to believe they are embroiled in a conflict with the whole Arab world.

To dispel the notion that the Arabs are a threat to Israel, take a close look at any Arab country. They are usually overpopulated, undereducated, economically undeveloped, and led by a dictatorship. No Arab country is able to produce its own weapons. No Arab country possesses any significant technological abilities, or has any real political or economic influence in the world.

So why should Israelis be afraid of Arab nations?

The only reason why Arab dictators are feared by the Israeli public is because the world's media present these dictators as "radicals" and "disturbers of regional peace" when in fact their nations are helpless, powerless, poor and weak.

Why should Israel fear that Arab dictators like Saddam Hussein could destroy or seriously harm the Jewish state when we know that all the weapons and military technology Iraq has acquired is from companies in the US, Britain, France, and Germany? If Israelis were to fear for their security, they should point a finger at these countries and accuse them of trying to destroy Israel by supplying military technology and weapons to "unstable" Arab dictators.

But that isn't what the Israeli national leadership tells its citizenry. It tells them "Arabs want to destroy Israel" rather than direct their collective anger at the western countries that approved these weapons sales. By doing so, it keeps the Israeli public convinced that the Arabs are the reason why the conflict continues.

Another falsehood presented by Israel's leaders - particularly those on the Right - is that if a Palestinian state were created it would promote terrorism and those terrorists would threaten the security of Israel. While terrorism is a problem for Israel, it doesn't pose a threat to her existence.

And while the Palestinian Authority definitely promoted terrorism right from the start of the Oslo Accords, the terrorism never came anywhere near destroying the Jewish state.

Since the early 1980s, Israel's leaders have been warning that Iran is "five years away from attaining nuclear weapons." Twenty years later, on June 5, 2003, Israel's foreign minister declared that "Iran would have Weapons of Mass Destruction (WMD) by 2006."

Why do Israeli national leaders try to scare the Israeli public into thinking the Arabs are a much bigger threat than they really are?

Oslo and beyond

One of the enigmas about the Oslo Accords is why the Israeli government agreed to allow the Palestinian Authority to maintain armed security forces, and why Israel even armed those security personnel with Israeli weapons? We were told that the Palestinian Authority needed those weapons to keep radical Palestinian groups in check. Yet from the very beginning, when Hamas began its suicide bombing in 1994, the Palestinian Authority never cracked down on the organization. While the Israelis complained to all who would listen that this was happening, no foreign entity ever criticized Arafat for not stopping the rise of Hamas in the West Bank and Gaza.

Israel's leaders at the time knew full well that the result was going to be a terrorist state, yet they agreed to this because that is what the foreigners wanted from Oslo - to strengthen the Palestinian side and weaken the Israeli side so the conflict could continue. The goal of Oslo's planners was never peace and stability; it was further bloodshed. That is why Oslo and Hamas came on the scene at the same time.

As for the reasons why the second intifada broke out, the mainstream press told us Arafat "was pissed because at Camp David in August 2000 Barak and Clinton didn't give him enough honor and respect" and thus Arafat was "posturing." The mainstream media also gave us another version - that because Sharon dared walk around on the Temple Mount, this "enflamed" the Palestinians.

That it could have been arranged (and thus didn't have to happen) never enters into the debate. Nobody asks whether Arafat thought he could really win a war against Israel. No western leader criticized Arafat for reneging on an international agreement which he signed with Israel never to return to war. Instead, the Middle East conflict was once again ignited, serving the foreigners while causing more death and destruction for the people who live in the region.

Sharon plays his part by remarking after every Hamas suicide bombing attack that Arafat is to blame, even though we are told the PA can't control Hamas. Then Bush throws the "moral card" out there and accuses Arafat of not doing enough to stop terrorism, so we are led to believe that Arafat is being morally irresponsible by initiating terrorism against Israel.

Presto. The Middle East conflict has been recharged. Israel's high moral ground is that "Arafat is behind the terrorism" and the Arabs' "high moral ground" is that Israel is "oppressing the Palestinians." Both claims are true, yet neither is the reason why the conflict continues. Such a scenario - whether by design or not - keeps the "you're wrong. No, you're wrong" structure of the conflict in place.

Like most things that happen between Israelis and Arabs, anything the Israelis do will be held up by the Arab side as proof that "Israel isn't serious about peace" (i.e. they are morally flawed), and by the same token, anything the Palestinians/Arabs do is held up by Israel as proof that "you see, the Arabs are not serious about peace" (i.e. they are morally deficient). This is the basic configuration of the conflict. Each side blames the other while the real culprits remain in the shadows.

Back in the early 1990s the only way to keep the Palestinian-Israeli conflict alive was to re-energize Arafat - arm his henchmen, and provide the PLO with a base of operations close to Israel. So if the Palestinian Authority supports terrorism it is with the complete knowledge and consent of Israel's leaders. Blaming Arafat merely serves the goal of the foreigners, which is to keep the conflict from dying out and to give the Israeli public an enemy to blame.

Therefore it really makes no sense for Israelis to continue to blame the Palestinians for the conflict not being solved, as neither Arafat nor anyone else in the Palestinian Authority has any real political or economic power. They aren't pulling any of the world's strings, so why concentrate on whether Arafat does or does not really want to put an end to terrorism? Whatever Arafat or any other Palestinian leader does or doesn't do will not have any impact on whether the conflict remains alive. The Palestinians/Arabs don't have the power required to keep the Middle East conflict alive. Only foreign elements do. The continued attempt to brainwash the Israeli public into thinking that the Arabs are a threat to Israel's security and survival is one reason why the conflict continues. If you want to have a conflict, you have to convince both sides that the other is to blame, always and forever. This is the way the Arabs and Jews have been pitted against each other.

Instead of rational explanations for why Middle East leaders do what they do, we are handed "morally-inspired" rationale. For instance, President Bush declared that Arafat had to be made "irrelevant" because, according to the US leader, he "disappointed him by not doing enough to stop terrorism." Having taken the high moral ground, Bush then began yet another Middle East peace initiative with the Roadmap. Once again, the mainstream media failed to present the picture as anything other than a moral crusade of the President to put his weight behind the peace process.

The public was told that the American plan envisioned a Palestinian state being created by 2005 (18 months from then) without any media source presenting the alternative view that such a plan was unreasonable and unlikely to take place. Instead of presenting the public with quality information and analyses, the media served the foreign interests and the Middle East conflict kept right on rolling.

Reagan Sold-Out America And P2 Masonic Leader, Licio Gelli, Was Right By His Side

Are Americans finally waking up from a deep, dark sleep? They better or the likes of Satanists, Pope Benedict and Daddy Bush, known as Magog, will usher in Nazism quicker than you can blink an eye.

13 Dec 2006

By Greg Szymanski

The fight against the Illuminati continues in small "truth circles" around the country as more and more Americans are waking up from a deep, dark sleep to realize their country has been turned into an evil fascist state under the guise of liberty and freedom.

To the Illuminati big wigs, including Satanist supreme George H. Bush, known as Magog to his sick-minded friends, liberty and freedom stand for death, destruction and Nazism.

It's a sad state of affairs to realize top U.S. leaders like Daddy Bush, his Satanic son, Henry Kissinger, Ronald Reagan and many others are nothing but sell-outs, traitors and dedicated to the Vatican-led New World Order takeover.

But it's true just as it is true Benedict XVI is a Satan worshipper with a 24-year-old gay lover, facts verified by Illuminati insiders from Italy and the powerful Monte Carlo P2 Lodge.

So, it's all down hill here from here unless Americans wake-up, fight back and finally identify and nab the true spiritual controllers of this fascist take-over.

"The Vatican and the Jesuit Order must be stopped," said author Eric Jon Phelps, author of Vatican Assassins. "Throw the Jesuits out and end formal diplomatic relations before it's too late, diplomatic relations reinstated after more than 100 years by one of the biggest American traitors ever – Ronald Reagan."

The fact Reagan sold out his country is no secret amongst historians and researchers looking for the truth and not covering it. The following connection between Reagan and Licio Gelli, the Italian Grandmaster of the P2 Masonic network, proves he was working to bring about Satanic rule under the evil New World Order.

Gelli now is in his 80's and dying of cancer. He also was photographed right behind Reagan during his inauguration, although most all Americans never recognize the real evil behind the Presidency.

But Gelli is the real deal, the real evil lurking behind the Masonic structure spreading its Satanic tentacles through Lodges worldwide with the help and "blessings" of the Vatican and their henchmen, the Jesuit Order led by Jesuit "Satanic" General, Fr. Peter Hans Kolvenback, known as the Black Pope and the real power in the Vatican controlling Benedict.

But to show how the New World Order is progressing behind the shield of Freemasonry, the Jesuits and

Vatican duplicity, they are now arrogantly telling the world about their evil plans and the characters involved. For example, recently Henry Kissinger was announced as an official Papal advisor. Remember, both Benedict and Kissinger are closet Nazis spreading war by saying it is peace and spreading freedom under the guise of fascism.

And as Kissinger and his Satanic crew go public so is Gelli going public overseas, telling people in a recent video how proud he was to be one of Hitler and Mussolini's "young soldiers."

Although Gelli's story is unknown to Americans, Italians and other Europeans understand his connections and power. It is story worth telling since he was seated and the right hand of Reagan, indicating the power he wielded even in the U.S.

"He is dying of cancer and perhaps the Illuminati are paying tribute to him in their own twisted way," said former high level Illuminati whistleblower from the Monte Carlo P2 Lodge, Leo Zagami. "I know Gelli and before I defected their was much talk for me to take over in his place as new aristocratic blood was needed.

"He was a key New World Order strategist between the Vatican, the United States and the rest of the Illuminati Freemasonic structure that at the high-levels seek to institute Nazism even in America."

Thinking about the recent video about Gelli, released over seas and listed below, Zagami reflected about Gelli's power and how it connects to Freemasonry, the Vatican, all secret societies and the powerful government leaders around the world, all working together to bring about war and destruction.

Even more astounding, Gelli admits in the newly released video that the Vatican controls the intelligence services of the world, wielding tremendous power among all the top world leaders.

"Brother Licio Gelli, Past Worshipful Master of the P2, proudly continues the piloted opening of his image showing a photo with Hitler and Mussolini at the beginning of the interview, and later we see him talking about the infamous pictures of the Pope wearing a swimming costume (a demented scandal of the time involving the Pope half-naked by the swimming pool)," said Zagami.

"And last but not least Brother Gelli reveals that Opus Dei is a Catholic form of Freemasonry. The Brother Gelli starts talking about the Secret Services of the Vatican, described by him as a very powerful Secret Service for a very powerful State...yes one of the two headquarters of Satan in the end of times (the other being Jerusalem).

"Gelli says that the Opus Dei is defined also as white Freemasonry and P2 as black freemasonry (the dark side of the force). In a Masonic Temple we find on the floor white and black that symbolize the good and the evil side of mankind, the Vatican and the Jesuits have obviously control over what's good and what's evil as they think they are God as I told you in earlier articles.

"But Gelli never mentions the SMOM and the Jesuits in this video as such topics are considered off limits, as some secrets must never be revealed.

"In the State archive in Pistoia they have opened the heavy door of the room dedicated to the affairs of Licio Gelli at the beginning of 2006, he donated part of his archive which was transferred from his home called Villa Wanda.

"It is an extraordinary archive containing letters of Illuminati agents Torquato Tasso, Napoleon Bonaparte, Giuseppe Garibaldi, Adolph Hitler, Giuseppe Verdi, yes a very sick collection indeed.

"Some say it's a truly God-given gift for historians and for expert archivists but in reality Gelli kept the best bits of this collection for himself, including all the dirty work for the SMOM and his Jesuit Masters."

More Illuminati Persecution In Norway

Roy Saetre says he was viciously attacked by Norway police dogs for no reason and Leo Zagami, Illuminati insider, says he won't stop talking despite police threats.

12 Dec 2006

By Greg Szymanski

Leo Zagami, the former high level Illuminati insider turned whistleblower, is not the only one being harassed in Norway, as the evil arm of fascism exists on both sides of the Atlantic.

Americans take notice of what lies ahead.

Roy Saetre of Sandefjord says his illegal detainment is a case of mistaken identity, but Norwegian police claim he is a "terrorist law breaker" even though police admitted Saetre wasn't their man.

Although Saetre has apparently been cleared, he claims police harassment continues, including an episode where he was viciously attacked by a police dog leading to a hospital stint.

"I have been harassed by the police in Sandefjord in Norway in the deepest way you can think of," said Saetre from his home in Norway . "I have done nothing wrong, but was mistaken for a terrorist/lawbreaker.

"Although there is proof I am not the police have found another way to harass me. Help! Now the police are saying I am cooperating with terrorists and this is just not true. I have done nothing wrong, but their dog tore up my foot so I had to be transported by the same police to the hospital where they left me without proper medical care, holding me without any charges being filed.

"I believe that the Norwegian authorities are corrupted and part of the New World Order. Look at Stoltenberg, Peterson, Bondevik, and the rest of our leaders, all selling out to eventually allow world dominance by one leader. I am trying to stop this and I know there are a lot of other people thinking the same way."

Regarding Zagami, who lives in Oslo, his web site was recently shut down and police made an unexpected visit to his house, trying to threaten and coerce him to stop publishing articles exposing Satanism and New World Order corruption leading to the Vatican and the White House.

However, Zagami refuses and here is his most recent observations:

Key Satanist of today is Cardinal William Levada who is running the Congregation from the Doctrine of the Faith (CDF) Piazza del S. Uffizio.

Cardinal William Nevada was the Bishop of San Francisco were Anton Lavey use to have is Black House HQ's.

On the 13th of May 2005, Benedict XVI announced Archbishop William J. Levada of San Francisco was his choice to head the CDF. Ratzinger held the post of CDF Prefect for close to 25 years under secret direct Jesuit control. Levada, is the first American illuminati in history to hold such a senior position in the Vatican and he is not a distinguished academic theologian, unlike his predecessor but a good friend of the Jesuits since Levada holds a doctorate from Rome 's reputed Jesuit-run Gregorian University and has worked in the CDF for six years from 1976 to 1982. He was a member of the Vatican commission to draft a Catechism for the Catholic Church, a source book on the fundamentals of the faith, a bit scary the idea that these kind of people have control over the faith of millions around the world, especially somebody who comes from San Francisco Satanic HQ's. . Since 2000, he has been a full member of the Congregation from the Doctrine the modern version of the Holy Inquisition.

Levada's asset is his rich pastoral experiences as a bishop for about 20 years. Levada worked with the California Catholic Conference of Bishops and the archdiocese of Los Angeles before being appointed as Archbishop of Portland in 1986 and Archbishop of San Francisco in 1995.

As Archbishop of San Francisco, the unofficial capital of Satanism and gay activism in the U.S., he has been in the forefront of opposition to same-sex marriages maintaining the great hypocrisy of the Vatican in these matters as the Vatican elite is (as we all know by now) full of gay men and many deviant ones who like very much young children. So it seems that hypocrisy is a must for the Catholic Clergy these days.

And with people like Anton Lavey the founder of the Church of Satan first and Lt .Col.Michael Aquino founder of the Temple of Set after, the CIA and the illuminati of America maintain a close and intimate contact with the Vatican clergy. These dangerous criminals from the Satanic Vatican Mafia participate in ritual sexual abuse of children all over the United States. These Satanist form and constitute together the most advanced weapon to submit mankind to a state of slavery using MIND CONTROL something they love in their satanic and corrupt PSYOP departments loyal to the Vatican Church Satan.

So the new representative of the Congregation for the Doctrine of the faith had to be from San Francisco, so to honor in secret their Past Satanic Master Anto LaVey and more important all the various evil practices done in the name of Satan in California since Crowley chartered is own illuminati Lodge in the early 1940s the U.S. based O.T.O. Lodge, Agapé, led by 'Jack' Parsons (1914-1952).

This O.T.O. lodge was the home of many evil things to come including the Scientology cult, Dianetics, and L. Ron Hubbard a proud disciple of the Beast A. Crowley and a IXo O.T.O. member!

Like the "Invocation of my Demon Brother" a filmed ritual that Anton La Vey did at the end of the 60's with infamous Kenneth Anger and Bobby Beausoleil at a mansion that used to be the Russian Embassy .

Bobby Beausoleil soon after became an evil puppet in the hands of is satanic illuminati Masters like Kenneth Anger so to manipulate the sheep towards satanism and terminate the Hippie-movement once and for all . That's why Frater Bobby got involved with the Manson Crew of brainwashed psychedelic puppets, and after that became one of the assassins of the infamous Manson killings.

Beasoleil who was arrested wrote and performed in prison the music for the famous Illuminati Satanic film "Lucifer Rising" of Kenneth Anger that was later edited and mastered in the basement of the famous Rock musician Jimmy Page a member of the Ordo Templi Orientis/Illuminati who works these days with the OHO of the O.T.O. William Breeze.

Breeze participated to a Black Mass in the Vatican with the General of the Jesuits in May 2000 e.v. with Alberto Moscato IXo OTO ,Massimo Introvigne XIo OTO/OTOA and Michela Mercenaro from the Order of Zion and a few other very important satanist.

Charlie Manson was a member of the Ordo Templi Orientis Solar Lodge of Jean Brayton's , The 'Caliphate' often claims that Brayton's group was irregular in O.T.O. terms, but Phyllis Seckler, a protagonist in the founding of the 'Caliphate', has admitted that it was a genuine O.T.O. lodge. To exaggerate for a moment, you might say that without Manson the 'Caliphate' OTO would not even exist.

During Crowley's lifetime there was only one active O.T.O. lodge in the USA, the so-called 'second' Agapé Lodge in California, yes the place were all this evil started and the home of Cardinal William Levada and and his sick crew. An insight into the prevailing spirit at the Lodge in the 1940s was given by Harry Hay, the founder of the modern gay movement in California : during their performance of the Gnostic Mass, he was present sitting at a piano playing the tune "Yes, We Have No Bananas" and the gay catholic clergy present apparently liked it very much ; he remembered thinking to himself that anyone who hadn't belonged to the O.T.O. would have had a very hard time

not bursting out laughing at such a comical Mass but after all they were a bunch of illuminati pervets.

One of its members Grady Louis McMurtry, received some special instructions from Crowley which stated that in "case of emergency" McMurtry was to take over this lodge, subject to the approval of Crowley's heir insofar as the O.T.O. went, a German called Karl Germer. Germer did not think much of McMurtry (calling him a "Minus" and saying that the US was a "spiritual desert"), and he closed Agapé on 7 September 1953. Germer now favored H.J. Metzger from Switzerland as his own O.T.O. successor. With that, McMurtry completely lost interest in the O.T.O. When he heard of Germer's death and the question as to the succession arose, on 25 October 1963 McMurtry stated "there is nothing I can do at the moment."

In the 1960's, a former member of Agapé called Mildred Burlingame "initiated" Jean Brayton with some of Crowley's O.T.O. rituals;

Brayton's Solar Lodge of the O.T.O. had existed well before the modern 'Caliphate' lodge did; So what exactly did Manson do in the Solar Lodge? As witnesses have reported, Brayton began putting on "profane parties" to draw in recruits for the illuminati from the public, attracting people to the idea of a special, semi-secret organization which performed magical rituals, and which involved "sex and strange doings and good drugs and groovy people." About fifty outsiders were involved, including Hollywood figures like Jerry Kay, who had been the art director on the film 'Easy Rider'. Kay left the Solar Lodge around August 1967, having done little more than take the 'Oath of a Probationer' (an A.'A.'. "degree"); the one thing he took with him on his departure was a copy of the 'Book of the Law', which he decorated with illustrations, and later sold.

The most famous guest at Brayton's parties was Manson, who, like Brayton, believed he was the reincarnation of Aleister Crowley (another one...hi..hi..) and Sister Brayton an agent of the illuminati gave Manson the possibility of being initiated to the highest degree of this corrupt and sick illuminati Order the Ordo Templi Orientis .

McMurtry who was a key agent of the illuminati for their future satanic propaganda informed on Brayton to the FBI to avoid the FBI investigating him (a piloted move of the illuminati do get out of any future reference). He also provided the journalist Ed Sanders with material about the affair - and in return Sanders made no mention of McMurtry in his book "The

Family" about the Manson murders. Now McMurtry, together with his wife Phyllis Seckler founded a group called 'The Continuum', and started publishing Crowley material.

The Continuum was the nucleus of the 'Caliphate' a new O.T.O. founded in 1977 for the purpose of receiving tax-free status as a religious body, and to benefit from the royalties generated by Crowley copyrights worldwide.

The scandals surrounding the Solar Lodge happened at the same time as the Manson 'Family' was committing the murders of Sharon Tate and her friends - seven people in all - in August 1969; and both sets of events took place within a few miles of each other. This, and the similar occult backgrounds of Manson and Brayton, made the tabloid press leap to the conclusion that there must be a direct connection between the Manson murders, and the Solar Lodge scandals - a highly tenuous connection, to say the least.

But there is one more dependable, if unusual link between the characteristics of the 'Family' and Brayton's Solar Lodge, and other O.T.O. groups. One member of Manson's 'Family' called Robert Beausoleil lived together with celebrated underground filmmaker and occultist Kenneth Anger. Before he became embroiled in the Manson affair, Beausoleil had acted the rôle of Lucifer in Anger's film 'Lucifer Rising'. While imprisoned as a result of the murders, Beausoleil occupied his time in composing a musical score for the film. Anger was also instrumental in founding Anton LaVey's 'Church of Satan' - and allegedly LaVey played the rôle of Satan in Roman Polanski's film 'Rosemary's Baby' (which is in fact not true); Sharon Tate, one of the Manson murder-victims was Polanski's wife.

While Karl Germer had refused to accept Anger as an O.T.O. member, today, Anger is a close friend of William Breeze, the 'Caliph' or leader of the 'Caliphate'. He is an IX° and as a member of the VIII°-Areopagus has a say in this Order's fate. Breeze gave Anger the IX° for his knowledge and services, that is his so-called art and Crowley collection.

But who is really this disciple of A. Crowley known to the profane as Major Grady Louis McMurtry but to the Illuminati as

HYMENAEUS ALPHA 777

Born on October 18, 1918 EV in Big Cabin, Oklahoma to Grady and Bee Ivery Puckett McMurtry. He became a member of Ordo Templi Orientis in June 1941 when he

was initiated to the O^o and I^o at Agapé Lodge, Pasadena . His first profession was that of a soldier and later intelligence officer; he served in the European theatre during WWII, enabling him to become a personal student of Aleister Crowley (with time off for D-Day, and the liberation of France and the low countries). In Fall 1943 he was initiated by Baphomet XI^o into the IX^o O.T.O. It was also Crowley who suggested he take the name `Umenaios A (Hymenaeus Alpha), which in Greek gematria adds to 777. A.C. wrote many letters discussing him as a Caliph, a future successor. Crowley was guarding against the possibility that Karl Germer (Saturnus X^o), his "heir apparent," might fail of an heir himself and endanger the continued existence of the O.T.O.

In the late 1950's he worked as a management analyst for the State Department of Labor in Sacramento, moving in 1961 to Washington, D.C. to work for the Labor Department and the Washington Shakespeare Society. Karl Germer died in 1962 and did indeed fail of an heir-- McMurtry therefore returned to California and used his emergency powers from 666 as Caliph and de facto head of the Illuminati O.T.O., presiding over the rebirth of the O.T.O. In his last years he did battle once again--in a courtroom rather than a beachhead. Here also his victory was complete--the world, as well as the Secret Master, acknowledged him King of this Templar Order. But the final victory of Grady McMurtry is yet coming as the Satanic powers and George W. Bush and the grandson of A. Crowley are in charge of humanity.

Vicious Fascist Hand Knocks On Door Of Illuminati Insider
Nazism is now officially here in all parts of world, including U.S., according to former
Monte Carlo P2 Lodge Illuminati whistleblower, Leo Zagami.

8 Dec 2006

By Greg Szymanski

The vicious and diabolical hand of fascism Wednesday knocked on the door of former Illuminati insider, Leo Zagami, threatening him with jail and loss of custody of his young children.

Zagami resides in Oslo, Norway, but his inside information about how the secret societies of the Vatican-led Illuminati have been heard loud and clear across the Atlantic in America.

For the last three months, Zagami has tried to warn Americans about how the Jesuits, Vatican hierarchy, Freemasonry and the corrupted U.S. government are targeting America for social and financial instruction.

After having his highly informative web site shut down, Zagami had an unexpected knock on his door late Wednesday evening as police and intelligence officials warned him if he didn't stop printing Illuminati secrets involving Satanism in the highest levels of the Vatican, European Union and U.S. government, he could lose custody of his children due to incarceration.

After the unexpected visit from what he calls fascist authorities, he released this statement, warning Americans Nazism has officially arrived:

"Two police officers, one intelligence officer and one other defined as Social worker (childcare officer) came to visit me at 10.30 pm, and they said if I go on with my web site and my work, I could loose the custody of my children.

"The Illuminati pedophilia mafia is moving against me and my family . They are criminals in Norway and I want to expose them further on Monday on the radio show if they don't arrest me before that.

"Spread the News NAZISM IS ARRIVED OFFICIALY IN THE USA AND EUROPE To protect Vatican Satanism. My life is dedicated to God I'm ready to die or be persecuted for him.

"THEY ARE CRIMINALS AND I WILL EXPOSE THEM ON MONDAY'S SHOW, I took out the documents I have against their government and they shut up and left me alone but I will not give up.

"I want the help of true Muslims, of all true Christians, of all true Jews to help me now to protect my family against the Satan who wants to stop me spreading the truth about their satanic conspiracy, a conspiracy to take over the world and give into the hands of pedophile ring in Rome, THE VATICAN."

Before the police visit, Zagami was notified Monday by Anthony Casalena of Squarespace, Inc., the company

hosting Illuminati Confessions, several complaints had recently been filed due to sensitive content and personal information accusing people of being Satanists.

The site was subsequently shutdown, but friends of Zagami saved much of the content, transferring it immediately to an Italian web host. Zagami returned online Tuesday afternoon at www.illuminaticonfessions.webfriend.it

Zagami's friends put this note about his background on his new web site for people unfamiliar with his story:

Background: *Leo Lyon Zagami was, until recently, a high level member of the Italian Illuminati, a 33rd degree freemason, a true insider and a high-member of the infamous Freemasonic P2 Lodge. He was the "prince", prepared to take over after the older Illuminati "king", Licio Gelli. He is of Illuminati aristocrat bloodline and therefore involved in the Illuminati Order since childhood.*

However, Leo decided he'd had enough of all the evil he was exposed to, and a part of, and the horrifying Satanic, black magic rituals, mind control and torture that was going on inside the lodges, behind closed doors. So he left everything and fled to Norway, where he is currently residing. Since he left, he's been harassed and tortured and had his life threatened.

He realized that the only way to hopefully stay alive is to expose to the world what he knows and make himself known. History shows that this is one of the best ways to survive, although nothing is for certain. Leo quickly started this website, Illuminati Confessions, where he reveals the secrets to the world, one by one. I strongly advise you to check it out and download it to your computer, in case they decide to silence him for good, and this website will be shut down. There is a lot of extremely important information here, and much of it can't be found anywhere else. Leo has also been a guest several times at Greg Szymanski's radio show.

Too Good To Be True: Is Daddy Bush's Illegal Financial NWO Empire Collapsing?

Yes, according to Michael C. Cottrell and the Wanta group trying to recover \$4.5 trillion of off shore money for the American people. Further, photos uncovered by former NYPD detective showing Bush Sr. allegedly involved in huge White House pedophile ring.

6 Dec 2006

By Greg Szymanski

It's been a bad couple of days for George H. Daddy Bush as, according to inside sources, his Illuminati financial empire is collapsing before his evil eyes while, at the same time, a photo recently surfaced showing him pictured with Johnny Gosch, a 1982 child kidnapping victim involved in the much talked about White House pedophile ring.

For those Americans who read the 'real news' and not the New York Times, Daddy Bush has for a long time been considered as the New World Order kingpin in America and the key point man for the Vatican-led Illuminati efforts to destroy America from within.

Although Bush has been the center of controversy in most every major American scandal since the JFK assassination, he has escaped prosecution or even harsh criticism in the mainstream press since he has been well protected by a virtual wall of criminals in the same manner the *Teflon Don* or mafia boss, John Gotti, insulated himself from prosecution through bribery and murder.

But since all empires fall as did Gotti's, Bush's Satanist stranglehold on America may be in jeopardy if what two insiders say is finally acted upon by an American public fed-up with fascism brought on deceptively by the Bush family ever since the National Archives and the U.S. Congressional Record documented former Sen. Prescott Bush, as being a Nazi traitor while financing Hitler.

Although it is hard to imagine Daddy Bush as broke and penniless after stealing trillions of dollars of off shore money as documented in the Leo Wanta story, Wanta's financial agent said his sources said Bush Sr. was actually reduced to tears Tuesday when he learned much of his stolen financial empire, held in Vatican Bank accounts, has been lost through complicated financial transactions related to the unpaid \$4.5 trillion owed Ambassador Wanta as well as the American people.

Cottrell would not elaborate on how Bush lost trillions of illegal dollars he has amassed since the end of the Cold War, but said he was told by credible sources he "cried like a baby" when he learned much of his stolen empire had been wiped-out.

"I can't get into specifics but let me tell you this," said Cottrell from his East Coast home Tuesday late Tuesday evening. "We are going to get the \$4.5 trillion but this country is headed for the worst financial nightmare since the depression due to the amount of thievery by Bush and the last three presidential administrations."

Cottrell ended speculation that the Vatican was involved in the Wanta settlement as he mentioned Bush recently communicated with Vatican officials as a last ditch effort to save his empire. With Cottrell's comments, speculation has been reduced to more hard evidence that the Vatican, with its major real estate holdings worldwide, is deeply involved in the efforts to destroy freedom and financial prosperity in America along with New World Order minions like Bush.

"Bush has a lot of his money tied up with the Vatican," added Cottrell. "I was also recently contacted by Vatican officials, telling us that the Wanta money would be released in a matter of days."

Although verbal assurances have been made to release the \$4.5 trillion to Wanta which would jump start the American economy, nothing has come to fruition since the promises were made in mid November.

"The next two days are critical," added Cottrell, "and once something happens, I will come on your radio show (The Investigative Journal) to explain what is happening behind the scenes. I will say this Bush's financial empire is crumbling."

If what Cottrell says is true about Bush, Americans still need a full accounting of all the perpetrators, including those in the Vatican hiding behind the robes of Jesus, involved in the biggest bank heist in financial history, amounting to more than \$100 trillion dollars of off shore more illegally used for covert purposes to essentially destroy America since the end of the contrived and phony Cold War.

One Arctic Beacon reader who is following the Wanta story, said: "It sounds too good to be true but we will have to wait and see because I know for a fact the Vatican or those in power in Washington want nothing good to happen to America or its people."

Besides Daddy Bush's supposed financial headaches, Jim Rothstein, a former New York Police Detective who investigated the huge pedophile scandal in the late 70's and 80's which continues today, reported on Greg Szymanski's radio show, The Investigative Journal, that a photo was uncovered, showing Bush with Johnny Gosch, kidnapped in 1982.

"We haven't gone public with the photo but it was sent to Noreen Gosch, Johnny's mother, who has been trying to find her son since 1982," said Rothstein Tuesday when he appeared as a guest on The Investigative Journal. "I have been helping her try to uncover the huge pedophile ring which took her son for the last two years and the recent photos that surfaced showing Johnny and other kids bound and gagged was a big break-thru."

"The one picture definitely shows Bush Sr. and I know they will try to hit us hard and discredit us once we go public with it. The source is credible and cannot be revealed for obvious reasons, but the Noreen is being discredited by the media while the FBI is in charge of protecting the high level officials involved instead of trying to help Noreen find out what happened to her son, Johnny, who was caught up in the biggest pedophile ring in our country involving our top leaders."

"I have never stopped trying to get at the truth even after I was forced out of the NYPD since my investigations uncovered the Vatican and Cardinal Spellman were involved with high level politicians. Spellman was in fact the most evil and biggest criminal degenerate of them all, according to many of my credible informants. He was well protected and one of the most powerful men in America, controlling our own government."

Illuminati Shuts Down Insider's Web Site To Protect New World Order Secrets
High Level Illuminati whistleblower reopens web site in Italy. Leo Zagami says his free speech rights were violated and he is already being harassed in Italy only one day after opening his controversial insider web site exposing Vatican and Masonic corruption leading all the way to the White House.

6 Dec 2006

By Greg Szymanski

The fascist Vatican, European Union and U.S. government powers are clamping down on free speech as former Illuminati insider Leo Zagami's web site has been shut down after only two months of trying to tell the inside story of how the New World Order really operates.

Zagami was notified Monday by Anthony Casalena of Squarespace, Inc., the company hosting Illuminati Confessions, several complaints had recently been filed due to sensitive content and personal information accusing people of being Satanists.

The site was subsequently shutdown, but friends of Zagami saved much of the content, transferring it immediately to an Italian web host. Zagami returned online Tuesday afternoon at www.illuminaticonfessions.webfriend.it

Here is the email by Casalena that caused Zagami's site to be shut down. Zagami claims high level Illuminati pressure from Norway and other parts of Europe and America who want their evil secrets kept secret caused a clamp down on his free speech rights. Further, Zagami's site was becoming extremely popular in America, as a refreshing outlet to people starved for the truth by the corrupt U.S. controlled media.

Here is the email from his former web host:

Hi there,

We've received a number of complaints related to the content on your Squarespace account -- which appears to contain a large amount of controversial content.

While we don't restrict the content of sites based on our member's opinions, we do prohibit the publishing of other individual's personal information without their consent -- especially in relation to statements which may harm an individual.

For example, in: <http://www.illuminaticonfessions.squarespace.com/journal/2006/12/1/the-eternal-lie-and-the-so-called-oslo-eternal-peace-flame.html> You state: "THE PHONE NUMBER OF JOHN FAERSETH IS +47 98808387"

And it appears you're referring to this individual as a "satanist", etc.

Could you please remove his phone number immediately -- and additionally -- we'll further request the removal of content that personally attacks various individuals. While we're not taking any sides here, this sort of content isn't the sort of thing we allow.

Please elaborate on this matter when you can. Thanks.

Before moving to a new Italian web host, Zagami responded:

Please re-open again my site as you are violating the contract you have with me and you are supporting openly satanism and the NEW WORLD ORDER BY DOING THIS. It's not a good idea, I can take away the number DEAR ANTONY of the Secretary of the ORDO TEMPLI ORIENTIS, John Faereth, but you can't destroy 2 months of my work!

THERE are 200 CHAPTERS OF MY FUTURE BOOK ON YOUR SITE, I am going public to the press about it and will ruin the image of SQUARE SPACE AROUND THE WORLD. If you act of behalf of NWO criminals who want my site to be conveniently eliminated. Go and Google on my name (LEO ZAGAMI) and you will see this is not a game and not a joke if you will act this way.

The guy you are protecting (John Faereth) had started posting the phone numbers and address of me and my family members on the comments of my site so I reacted by EXPOSING THEIR OWN NUMBERS to get them to leave me and my family alone, but we can go in front of a court of law dear Anthony no problem and I will show you I'm not taking this injustice lightly. Tomorrow on US Radio and the MEDIA I will announce publicly what you did if don't immediately put back on the web site IMMEDIATELY.

IT'S 2 MONTHS OF WORK ON IT BY AN HONEST PERSON WHO IS FIGHTING AGAINST CORRUPTION AND DISONESTY IN HIGH PLACES DONT EVER FORGET THAT ,I HAVE ALOT OF ENEMIES. YOU MIGHT NOT HAVE KNOWN WHAT THEY DID TO ME IN THE PREVIOUS DAYS AND MY REACTION MIGHT HAVE NOT THE RIGHT ONE BUT PLEASE DONT ACT THIS WAY IS A BIG DISAPOINTMENT AND YOU ALSO OWN ME THE MONEY I HAVE GIVEN YOU.

Regards Leo Lyon Zagami

From Norway today, Zagami added that he is also "getting heat" from the powers that be in Italy, saying "They are already trying to censor me in Italy and we seem to be the most dangerous web site on the planet. This is serious stuff, but my friends in Italy are going to resist in the name of anti-fascism."

Zagami's friends put this note about his background for people unfamiliar with his story:

Background: *Leo Lyon Zagami was, until recently, a high level member of the Italian Illuminati, a 33rd degree freemason, a true insider and a high-member of the infamous Freemasonic P2 Lodge. Bush Thugs Steal Trillions From American People To Purposely Bring Down Economy

Wanta \$4.5 Trillion at the crux of trillions stolen by last three presidential administrations. Media and Congress complicit in treason for trillion dollar heist and should be ousted, according to Michael C. Cottrell, treasurer of the Wanta group trying to repatriate trillions back to American people.

5 Dec 2006

By Greg Szymanski

The common thieves in the White House and its illegal occupant, George W. Bush, are engaged in treasonous acts on a daily basis, according to Michael C. Cottrell, treasurer of an American corporation trying to repatriate \$4.5 trillion in off shore money.

Cottrell is helping former U.S. Treasury agent and Ambassador Leo Wanta recover the stolen trillions earmarked for the American economy but hijacked by the black squad of Vatican-led Bush Illuminati thugs firmly in control of the fascist U.S. government.

Wanta has been trying to repatriate the money for years, while alerting Americans how three presidential administrations have stolen more than \$70 trillion dollars of off shore and off-the-books money used for covert operations.

For his efforts, Wanta has been threatened, tortured and jailed simply for not giving into George H. Bush who has personally led a campaign to steal trillions from the American people for his New World Order agenda.

Recently, Wanta entered into an agreement with New World Order minions to get back only a portion (\$4.5 trillion) of the estimated \$27.5 trillion under his financial control according to the Reagan protocols.

However, the Bush administration under recently appointed U.S. Treasury Secretary, Henry M. Paulson, have stolen the Wanta money that Cottrell traced to being illegally transferred for New World profits in several large U.S. and German banks.

Once the money is released, if ever, approximately \$1.5 trillion is earmarked for the U.S. Treasury for taxes and the remainder to be reinvested to jump start the American economy. But as the months pass Wanta and Cottrell have been unable to penetrate a media and Congressional black out on the massive theft by three presidential administrations, indicating both entities remain firmly in the pocket of the Vatican-led New World Order.

"Paulson and Bush have proved to be nothing more than thieves guilty of treason for purposely bringing down the American economy," said Cottrell in an extended conversation Monday from his East Coast home. "The dollar is tanking and it is directly related to the thievery of trillions of this off shore money.

"The country is about to experience the worst financial nightmare since the 1920s. The economy is tanking

because of the idiocy of Bush and Paulson. By Jan. 1 2007, you will see heavy mortgage defaults as prices skyrocket since the dollar has no value.

"These criminals in power are stealing the cash and without the war in Iraq they have no way to mask their thievery. All I can say is we are doing everything in our power to secure the \$4.5 trillion for the betterment of the American people before it's too late. These traitorous acts by Bush, Paulson and others deserve strong and decisive action and this is exactly what we are trying to do."

Asked what was the real importance of the Wanta story, he said it clearly showed how the Bush administration has violated the rule of law by not honoring its financial commitments, demonstrating the administration was more concerned with lining the pockets of global banksters and "privateers" with trillions of dollars instead of doing the right thing by enforcing offshore tax payments and stabilizing the American economy.

Cottrell added that since President Reagan passed Executive Order 12333, the last three presidential administrations have illegally used offshore money for their own nefarious purposes without paying U.S. taxes to the tune of more than \$100 trillion dollars.

He also said the thievery continues on a large scale, including the illegal use of the \$4.5 trillion earmarked for Wanta.

"Instead of the U.S. officials honoring the Wanta agreement and the rule of law entered into last May, we have caught them using the money illegally and filling financial holes to cover their tracks," said Cottrell.

As background, Wanta has been at odds with the powers that be ever since he was declared legal trustor of more than \$27.5 trillion accumulated as a result of his financial efforts on behalf of President Ronald Reagan to destabilize the Russian currency at the end of the Cold War.

Furthermore, Wanta was jailed for the better part of a decade for trying to return trillions to the American people, as Reagan had dictated, but later was backstabbed by the following three presidential administrations who instead wanted to illegally pocket the money for their own personal use, according to Wanta.

Previously, Wanta came forward with these allegations, presenting documentation of more \$745 billion in misdirected and stolen money, attributing the thievery to those occupying the White House after Reagan left office.

Evil Jeb Bush And His State Agents Enjoy Stealing Children From Innocent Families

More than 22,000 children taken by State in 2005; Angry parents want justice and are fighting back.

4 Dec 2006

By Greg Szymanski

Greg Pound had his four children illegally taken away by the state of Florida two years ago after one child was accidentally bitten by his sister-in-law's dog.

According to Pound, it was minor bite but in no way justified the state taking away all four of his children especially since the dog was only visiting with his sister-in-law from Michigan.

To make matters worse, in his long fight to get back his children he found out the state investigator handling his case, Megan Gallagher, falsified court documents and had been recently nabbed for doing the same thing in at least 26 other cases.

"I spent a month in the county jail for refusing to tell Judge Marion Fleming where my wife is living with their new baby (named Moses), as Judge Fleming and DCF want to take that child away too," said Pound from his Florida home.

"I have never abused my children and always provided for them with a good living and a nice house. My wife was studying to become a teacher when this happened. We need people to support us and all the other families in Florida who are having their children taken away illegally in an assault by the state.

"I can only see one of my children for one hour a week, and they now have cavities and health problems. Also, parents are required by State of Florida to teach sexual deviations to their children as part of their case plan, which is against the Christian religion.

"Many scandals are going on in the Florida Department of Children and Family Services (DCF), but why are they lying about the parents to take away their children? It is all about money from federal grants that DCF receives for abducting children at a rate that is 35% higher than the national average.

And Pound's case is not the exception but the rule as the number of Florida children removed from their homes hit a record high in 2005 of more than 22,000. Pound will appear Monday at 4pm on Greg Szymanski's radio show, The Investigative Journal, on the Genesis Communications Radio Network www.gcnlive.com

"We the people of Florida need your help," added Pound. "Our children are being systematically taken from us with the help of the corrupt court system for money, to destroy families and to abuse children."

Furthermore, a web site has been started to alert Americans at www.freeourkids.com headlining other cases. Here are some of the headlines and if you want to listen to the corresponding short videos, don't hesitate to click on the above link for the shock of your life as another sign of fascist America reveals its ugly head.

The Story of Justin, Part I and II

Eleven year old boy burned with cigarettes by DCF foster parents, beaten unmercifully by other kids in the foster home, all because he would not break into a person's house and steal for the foster parents. Child is tortured by being stabbed with pencils and burnt with a lighter while handcuffed. DCF Case managers were notified, but ignored the child's pleas for help. Child had a black eye, numerous injuries, was completely emaciated with his rib cage showing, yet DCF does nothing to the foster parents.

The Foster mother was taking pills, smoking dope and usually passed out while the child was being abused, all for three long years with no intervention by DCF. The Mother of the abused child lost her 3 daughters and son because her husband died and she was venerable to the DCF and the "Safe Children Coalition", as she had no funds to fight back. The "Safe Children Coalition" said her home wasn't big enough, even though she had a 5 bedroom home available. No charges were ever brought against her, but they took her kids anyway.

The "Safe Children Coalition" takes children from Christian families and puts them in unsafe locations so that they can continue to be funded by your tax dollars. The "Safe Children Coalition" only takes children from poor people, as they do not have the money to fight back against the system.

Father Loses Children for Accidentally Tripping Over Electrical Chord

Father trips over a cord and falls on child and breaks the child's leg, all the children are taken away by DCF and the husband put in prison. The case plan was completed by the mother as ordered by the State, but Judge Marion Fleming gave as a reason "you didn't learn anything", so she cannot get her children back.

Her new daughter, born July 22nd, was taken from the mother as soon as she was born. DCF said her children would be taken for adoption "because they were blond hair and blue eyes and they would go quick."

Father Loses Job And Kids

Man has a heart attack and loses his job, and DCF and the "Safe Children Coalition" tells him he has 30 days to get back on his feet or he will lose his children. They totally ignore the Florida statute that requires DCF to make every reasonable effort to financially assist poor people so they can keep their families together. In fact, you will not see rich people lose their children, because they can hire a lawyer, who can buy their children out of the system. No, only poor people lose in the Florida "Just-Is" System, as it preys on poor people. The Dept of Children and Families has not helped this man who had a heart attack in any way, shape or form.

No School Dance

Christian lady loses her child because her child was not allowed to go to the school dance. Don't miss this short one minute video.

No Spanking

Woman with 6 children, child was spanked by husband and he was kept out of the house by DCF. They turned to the newspapers, and got their kids back, but were taken away a second time and given an impossible case plan. The husband committed suicide due to stress.

Horrible DCF Imposed Conditions

Horrible overcrowded conditions with 20+ children crammed into a DCF child care. Still, you must leave your children in these "hell-holes" due to court order from the Sixth Judicial Circuit.

Other DCF Methods To Take Children

No "Reasonable Effort" made by DCF to keep the family together, and any "false positive" on a drug test that is caused by a prescribed medication can cause your children to be taken away, for years, even though no abuse has happened.

Another Accident Causes State To Take Children

A mother said her son accidentally fell on her grandson, the grandkids are taken away and the son is locked up in jail. She warns us to teach our kids their phone number so that when they are abducted by DCF, so they can call you. Kids do better at home, but DCF makes money destroying families. It is all about money, for DCF.

Mother Accidently Falls; Can't Keep Children, According to Florida

Woman fell with her son, and took him to the hospital, children were taken away for three years. The DCF caseworker lied (again) to make this happen. After three years, and \$11,000 spent by this family, all charges were dropped. But, the mother was locked up for seven months while pregnant, supposedly to "protect her children." DCF regularly attempts to break up families to get Federal grant money. THERE WAS ABSOLUTELY NO ABUSE IN THIS CASE, only an accident, yet the children were removed, the mother incarcerated, and the family destroyed, with their own tax dollars, and to get more of their tax dollars. And, they were made to pay child support while their children were held hostage by DCF.

Four children were taken away from the home by DCF when the father died. The nine year old son was then forced to steal for DCF provider, and was burned with cigarettes and stuck with pins if he did not steal. Plus, the Foster parent was selling drugs, but of course, DCF never investigates its own minions, just the parents.

No Toy Guns

Woman's son was charged with a felony weapons charge for possessing a toy gun, and then taken from the home.

Tests Negative To Drugs But Loses Children

Mother working two jobs is accused of taking drugs, but tested negative and lost her kids. She is having to go through a year of drug testing for no reason, other than DCF is trying to hassle her to get her to abandon her kids. Only real abuse should be the reason to remove children.

No Due Process

Even without abuse, the investigators have the power to take the children. When someone calls in a complaint, you cannot face your accusers, contrary to law. Children rapidly deteriorate under DCF "care". It is all about money, and DCF is not concerned about the children. They are a lawless agency, and do not have to follow trial by jury, or any of the laws of the land.

Anyone can call and you can lose your children. For this woman, the refrigerator broke and the heat went out, the landlord was there when DCF arrived and said the problem would be corrected, but they took her children away because they said her son was in an "unhealthy environment." Her eighteen month old child was placed in 3 different foster homes, suffered hypothermia, caught chicken pox, bite marks, cigarette burns, and then struck by foster parent - at only 18 months old. There are hundreds of people this is happening to, and the children are suffering.

Editor's Note: According to the video makers and those involved in the web site, these case histories were created with just a few visits to the Pinellas County Courthouse. There are HUNDREDS of people with the exact same story. We could have created "overkill" by putting HUNDREDS of these videos online, but if the ones we have listed above do not convince you that FLORIDA HAS A DCF PROBLEM, then nothing will. So here is where we stopped. May God deliver us from this evil system.

Kissinger Blocks Truth About POWs With Pentagon Appointment
POW activist Bob Dumas says Kissinger twisted hands in Washington to get 'unqualified lapdog' to head up Department of Defense's POW office.

3 Dec 2006

By Greg Szymanski

According to POW activist Bob Dumas, Henry Kissinger now has his "greasy little Nazi fingers" in top Pentagon affairs, recently appointing lapdog, Charles Ray, to head up the Defense Department's POW Affairs office.

Dumas, who has been searching for his POW brother for 50 years since the Korean War, said he was tipped-off by a Pentagon insider about the recent appointment, claiming Kissinger wants to keep a lid on the truth behind the explosive POW issue by appointing an "unqualified yes man."

"Former Congressman Bob Dornan was also told about Kissinger's underhanded maneuver and he's mad as hell," said Dumas from his home in Connecticut. "Kissinger must have seen the recent POW video we aired in Connecticut, showing how thousands of soldiers have been left behind even though the government knew these men were still alive.

"I have been lied to for 50 years as I know my brother was alive, held behind enemy lines, even though the government told me he was dead. Many families have been fighting for the truth for many years despite government lies from men like John McCain and John Kerry.

"Now we know from an inside source that Kissinger called Rumsfeld and said he wanted Ray to take over the POW office. Ray has absolutely no experience and knows nothing about the POW issues. In fact, he doesn't even know the history of the Korean War and is being put in by the same old boys that have been lying to the families for years."

Dumas said Dornan recently called White House and Pentagon officials, demanding he be considered for the POW Affairs job since he was far more qualified than Ray.

According to Dumas, Dornan is very angry over Kissinger's interference as the former California Congressman was one of the few lawmakers in recent memory who tried to force the truth out about how POW family members have been lied to about the whereabouts of their lost loved ones.

"I just talked to Bob this weekend and he is still deciding if he wants to run for President in 2008," added Dumas, saying Dornan was pushed out of Congress after he wouldn't back down on the POW issue. "Nothing has changed after the elections and nobody in Congress has the guts to tell the truth about how the government lies about leaving men behind enemy lines.

"We also know that Kissinger still runs the show in Washington from behind the scenes. He recently met on at least three occasions with Bush at the White House and recently was appointed a Papal advisor to

Pope Benedict XVI. And Dornan and I know he is doing more than advising – he's still calling the shots."

Dumas will be appearing Monday at 4pm central on Greg Szymanski's radio show, The Investigative Journal, at www.gcnlive.com to discuss the POW issues at length as well as discuss Kissinger's recent appointment which is meant to block the truth about how the government has lied to family members and the U.S. public about declaring many POW's dead when, in fact, they were still alive behind enemy lines.

The POW issue has long been a thorn in the side of government, a problem politicians keep pushing under the rug. Despite credible evidence soldiers were left behind and are still living in political prison camps in North Korea and Vietnam, high-powered, two-faced Senators, like Kerry and McCain, are the main culprits for keeping the truth from the American people.

And for 50 long years, Dumas has been looking for his younger brother, Roger, after he was taken prisoner during the Korean War. But despite traveling to the ends of the earth and trying to uncover every small stone imaginable, his brother's whereabouts still remain a mystery.

However, Dumas says, a mystery which could have easily been solved decades ago if it wasn't for the criminal activity and outright lies of the United States government by and through many two-faced, high ranking politicians and military officers still lurking on Capital Hill today.

Two of the major corrupt politicians he wants to expose as liars and two-faced traitors, in what he calls the "biggest military cover-up in the history of our country, are former Presidential candidate and Sen. John Kerry (D-Mass.) and Sen. John McCain (R-Ariz.), a former Vietnam POW declared a national hero."

"He's no hero," said Dumas, 74. "He's anything but a hero. Ask why he had the Senate, through Kerry's influence, seal all his POW records in Vietnam? He had these records sealed for life and is hiding the true story of how he sided with the North Vietnamese to save his own skin."

According to Dumas, more than 93,000 POW's, from World War I through the Gulf Wars, have been left to rot by the U.S. government. Dumas filed and won a landmark federal court case to change his brother's POW's status from 'presumed dead' to 'prisoner of war' but ruling had no teeth as military ignored court opinion.

Dumas says the major problem with our country's stance toward POW's is that we refuse to negotiate for the safe return of our captured soldiers instead declaring them "missing and presumed dead' as an easy way out.

He even filed and won a landmark federal court case in 1985 to get Roger's POW official status changed, the judge ruling in his favor. But after government trickery using legal jargon as an escape hatch, the military lawyers simply declared Roger dead, saying even though the court found him to be a POW, there was no need to investigate further essentially closing the case.

"The government just ignored the ruling and it basically had no teeth as nothing really changed," recalls Dumas, who added that two witnesses on his behalf died suspiciously before testifying and a third, who testified, did so after being repeatedly threatened and harassed.

In the case of Roger, Dumas' younger brother captured in North Korea, his story is a perfect example of how many lost soldiers are put "out of sight and out of mind" by the U.S. government's policy of lying to family members about the real status of their missing loved ones.

Besides Kissinger's interference in the POW issue, he was recently appointed Papal advisor and political consultant to Pope Benedict, providing more evidence Washington D.C and the Vatican have eroded the separation of Church and State while adding fuel to the fire that the Vatican really controls U.S foreign and domestic policy.

Kissinger Becomes Official Papal Advisor For Pope Benedict XVI

If anyone thinks U.S. government not in the pocket of Vatican, why is Kissinger an official political consultant to the Pope? Read story that recently appeared in the National Catholic Register and Italian newspapers but virtually overlooked here.

1 Dec 2006

By Greg Szymanski

If anyone thinks there isn't a strong connection between the U.S. government and the Vatican, think again.

And if the two entities aren't working together hand-in-glove, mixing Church and State, then why was former Secretary of State, Henry Kissinger, recently appointed an official Vatican political consultant and advisor to Pope Benedict XVI?

Although this appointment was ignored by the mainstream media, it didn't pass the watchful eye of *Arctic Beacon* reader, David Thomas, who thought the appointment strange and rather suspicious.

Thomas, who adds his name to the list of the growing number of Americans realizing the Vatican and its Jesuit Order henchmen are the real spiritual controllers of the New World Order and behind the strategic attempt to destroy America, forwarded this article appearing in the Nov. 26-Dec. 2, 2006 edition of the *National Catholic Register*, announcing the Kissinger appointment.

Everyone should read this propaganda piece coming out of Rome and question further the Vatican influence on American foreign and domestic policy.

Kissinger to Serve As Papal Adviser?

*Pope Benedict XVI has invited Henry Kissinger, former adviser to Richard Nixon, to be a political consultant and he accepted. November 26-December 2, 2006 Issue
Posted 11/22/06 at 8:00 AM*

VATICAN CITY - Over the course of his long and controversial career, former U.S. Secretary of State Henry Kissinger has had many titles. Now he reportedly has one more - adviser to the Pope.

According to the Italian newspaper La Stampa, Pope Benedict XVI has invited the 83-year-old former adviser to Richard Nixon to be a political consultant, and Kissinger has accepted.

Quoting an "authoritative" diplomatic source at the Holy See, the paper reported Nov. 4 that the Nobel laureate was asked at a recent private audience with the Holy Father to form part of a papal "advisory board" on foreign and political affairs.

As the Register went to press, Kissinger's office was unable to confirm or deny the report. La Stampa stood by its story, although the Italian press is less rigorous in its authentication of stories as is the United States Press.

If true, there is speculation on which issues Kissinger would advise the Holy Father. Relations with Islam, Palestine and Israel, and Iraq - Kissinger has been critical of the conduct of the war but opposes a quick withdrawal - are likely to be high up on the agenda.

It has also been speculated that, in view of the Muslim hostility to Benedict's recent Regensburg speech, Kissinger might provide advice on dealing with an increasingly fractious Islamic world.

Furthermore, like the Pope, Kissinger has analyzed the challenges of globalization and might provide advice in this area as well.

"The idea [of his appointment] sounds like a good one," said veteran Vatican journalist Sandro Magister. "But so would it also be to consult other experts on geopolitics with different orientations."

As possible expert advisers with different perspectives, Magister listed Catholic philosopher and former diplomat Michael Novak; Bernard Lewis, professor of Near Eastern Studies at Princeton University; and foreign policy experts such as Charles Kupchan and G. John Ikenberry.

Expert Advice

The recruitment of Kissinger would not be unprecedented. Experts from a variety of disciplines, including the realm of economics, politics and philosophy, are regularly invited to advise popes and Vatican officials on current affairs.

Pope John Paul II was close friends with Zbigniew Brzezinski, the Polish-born national security adviser to President Jimmy Carter, partly because both had a common Polish heritage (though this caused the Soviets to suspect the Vatican of "fixing" the election of Karol Wojtyla, which occurred during the Carter presidency).

Similarly to John Paul and Brzezinski, Benedict and Kissinger are close in age and were both born in Bavaria (a Jew, Kissinger and his family fled Nazi Germany before World War II).

In recent years, other figures invited to share their expertise with the Holy See have included Paul Wolfowitz, a former President Bush adviser and now president of the World Bank; Michel Camdessus, the former director of the International Monetary Fund; American economist Jeffrey Sachs and Hans Tietmeyer, former governor of Germany's central bank.

The pontifical academies also regularly call on academic luminaries as consultants, such as Nobel laureates Gary Becker, the successor to Milton Friedman at the Chicago School of Economics, and Italian medical researcher Rita Levi-Montalcini.

In comments to the Register, Novak said that "many, maybe most" of these experts are not Catholic, but that the Pope "can call in certain experts he wants to talk to, or hear a paper from, with discussion in a small group."

Novak said this is true of both Benedict XVI and John Paul II, whom he described as having "very curious and searching minds."

Any appointment of Kissinger is likely to cause some unease, however. One Iranian radio station is already reporting the news as a "papal-Jewish conspiracy," while others object to the Pope consulting with someone who has been widely identified with the realpolitik school of political analysis, an approach that places practical considerations before morality.

'Different Voices'

Yet like Pope John Paul II, Benedict XVI is winning recognition for his intellectual ability and his capacity to discuss international issues with a diverse spectrum of world figures, ranging from the Dalai Lama to the late atheist polemicist Oriana Fallaci and to Mustapha Cherif, an Algerian Muslim philosopher whom he met this month.

"Such an appointment would really show Benedict XVI to be contrary to his media image, as someone who's willing to listen to other voices not in accordance with his views," said one Holy See diplomat about the reported enlistment of Kissinger as a papal adviser. "It's always helpful to hear different voices offering different views ." --BY EDWARD PENTIN, *National Catholic Register* Writer.

Are Threats And Controversy Surrounding Pope Benedict Another Illuminati Show To Incite More Hatred And War

Former Assassin of Pope John Paul II now claims from his Turkish cell he is the real Messiah or the Jesus of the end times.

29 Nov 2006

By Greg Szymanski

The mainstream press and television outlets have been running stories, claiming Pope Benedict's life may be in grave danger. These media trumpeted threats come on the heels of his recent outbursts critical of Muslims made in Germany.

After the inflammatory comments, Benedict XVI back peddled on his statements, saying they were taken out of context or misunderstood.

However, a Vatican insider and former Illuminati member of the powerful Monte Carlo P2 Masonic Lodge claims the statements were made on purpose to further fuel the evil engine of war as well as being choreographed by none other than the Black Pope, Jesuit General Fr. Peter Hans Kolvenbach, the real force behind the Vatican-led Illuminati New World Order.

As controversy and possible violence now surrounds the Pope, an evil voice out of the past sounded loud and strong this week as the Turkish assassin who shot and wounded Pope John Paul II in 1981 declared from his prison cell that he is the new Messiah or the Jesus of the end times.

At the time of the shooting of John Paul II, the act was quickly blamed on the KGB, pitting immediate hatred between the East and West during the time of the Cold War.

Although this was the mainstream world conception, critics and insiders claim the shooting was an "inside job" devised to ignite hatred instead of bringing the world closer together in peace.

And as the controversy swirls around Benedict, the same critics are saying the threats presented in the media are a precursor for another "inside job" on the Pope, this time pinning the threats of violence or future violence on fundamental Muslim extremists in an effort to further the flames of war in Iraq and Iran and gaining dwindling support for the Middle East war among Americans.

In an effort to get the "other side of story," former higher-up Illuminati member and Italian aristocrat, Leo Zagami, who recently visited Turkey, had this to say about the shooting of Pope John Paul II as it relates to the latest controversy surrounding Benedict XVI.

"In the last few hours Mehmet Ali Agca (born January 9, 1958) the Turkish assassin who shot and wounded Pope John Paul II on May 13, 1981 as declared from prison that he is the new Messiah, yes the new Jesus of the

end of times.

"This news arrives to us as no surprise in this never ending Illuminati theatre.

"Let's make it clear to everyone that Mehmet Ali Agca went to visit the Scontrino Lodge in Sicily and Prince "Alliata di Monreale (my illustrious Mentor) the Puppet Master of LA ROSA DEI VENTI AND GLADIO before going to Rome to execute is GLADIO PLANED MISSION : KILLING JOHN PAUL II

"The Pope was just a Illuminati puppet of this evil show that still goes on twenty years later...

WAKE UP TURKEY SATAN IS VISITING YOUR HOLY LAND!

"Mehmet Ali Agca as also said yesterday to the Turkish Press that the Vatican is about to fall in the Abyss of chaos and destruction, and soon we will all face Armagedon , so these are indeed the end of times also for our dear PSYOP puppet A?ca!

"Khaled Saifullah Khan will pray for these infidels, including our new MK-ULTRA brainwashed Jesus Mehmet Ali Agca and that corrupt muslim called Erdogan who recently invited P2 illuminati Brother Silvio Berlusconi for his daughters wedding. And the finance minister of Turkey as already joined the Bilderberg Mafia two years ago.

"The Vatican Illuminati and their Zionist brothers have already made their plans to use and abuse Turkey in the next few years as a Trojan horse for the rest of the muslim world, and at the end of the day the city of Troy his in Turkey...what a coincidence.

"And on top of all this Buyukanit as been nominated as new General in charge of the defense headquarters. The problem is that General Buyukanit is a Jewish Zionist and a Freemason close to the Vatican Neo Illuminati and his Masters from Jerusalem.

"So why are Turkish citizens falling into this New World Order trap and Erdogan submits willingly to Vatican Luciferian powers by meeting the Nazi Pope Ratzinger?

"Well, Turkey is desperate to join the European Union and enjoy the wealth and decadence of the western Satanic powers under firm Vatican Jesuit Zionist control, and it seems to me that Turks are falling into this trap willingly , because of the level of satanic infiltration in their society and in the religious institution of their country, something that only one man in Turkey could eventually stop and that man is Fethullah Gulen, a true master of his country who as to stand up now against Satan before his country is completely under Vatican/Zionist control.

"Last but not least the so called communist of the PKK (a bunch of dangerous CIA/MOSSAD puppets) have been used to scare away until recently the foreign investors interested in Turkey. This evil plan is put in action so the illuminati sharks with the help of their Rotarian Masonic Network can buy everything cheap before joining officially the EU and making the prices go up like crazy and make loads of money.

"These meetings to decide the future of Turkey and the rest of the Muslim world have already been made, and the most important ones have been the gathering of all the masonic Lodges connected to the CLIPSAS network on the 30th of October 2005, the Rotary 100 years anniversary gathering with Comandante Giorgio Hugo Balestrieri in Ankara in April 2005 and last but not least the usual Bildeberg meeting of a couple of years ago.

"To finalize the corruption of Erdogan, the Vatican Satan and the Italian illuminati slave State, had already sent 3 years ago their most loyal Opus Dei servant Fini from Alleanza Nazionale to Ankara with a message and a warning from illuminati Puppet and Puppet Master Silvio Berlusconi.

"At that point they started brainwashing Erdogan with the following: you have to distance yourself from all religious leaders including Fethullah Gulen otherwise you cant join Europe that's our main request coming from Vatican HQ's. And after they started to insist on this point more and more, until they initiated Erdogan in the illuminati Lodges and they said to him, NOW YOU ARE ONE OF US AND WE ARE THE ONES RULING THE WORLD so the only chance to be a part of Europe is to become a part of us the great Satan.

"But our dear Brother Erdogan Prime Minister of Turkey is a simple village peasant and went on falling more and more into the hands of Satan like most people with his background who are given important positions by the Puppet Masters of Nato, they finally had another puppet for their evil games, another Neo illuminati under Vatican/Zionist control.

"Well now you know the truth Turkey, its your turn to act against those people who are bringing pornography, drugs and weapons into your country to slowly make out of a great city like Istanbul another Babylon. Please don't fall for it my dear Muslim Brothers and rebel before is to late and you are also trapped like the United States citizens in the Matrix of Satan.

"Last but not least Mehmet Ali Agca said that he was the guy who inspired Dan Brown for the Da Vinci Code

and that he has written a 100 pages book called *THE VATICAN CODE*.

"Well what next?"

Pedophile And Human Trafficking Ring Takes More Than 100,000 Children A Year

Noreen Gosch, mother whose son was kidnapped in 1982, can't understand why authorities including Bush White House not interested in finding her son after "big time" evidence surfaced three months ago.

23 Nov 2006

By Greg Szymanski

She has received death threats. She has been ridiculed and abused by authorities. And she has been laughed at by some mainstream media outlets, treating her story like a dog and pony show.

Noreen Gosch of Des Moines, IA., feels more like an outcast or common criminal instead of loving parent, trying to locate her missing son, Johnny, mysteriously kidnapped on Sept. 5, 1982.

And Gosch is not afraid to publicly say her son became an unwilling victim in a huge child and human trafficking ring, taking more than 100,000 children a year.

She is also not afraid to sadly admit -- although it hurts -- that her son has become just another young face put on a milk carton, a face she has seen only in her dreams for more than 20 years as all leads have taken her down the proverbial dead end street.

But then in August, out of the blue, Gosch received what she claims to be an important lead in the case, a package arriving on her doorstep, strangely arriving on her birthday.

"On my birthday," said Gosch in a message posted on a web site she since started, "I received a package with the following pictures inside. The first photo is of my son Johnny, shortly after he was kidnapped on Sept. 5th, 1982. He was still wearing the clothing he had on the day he was taken. He is bound and gagged."

Since the photo of her kidnapped son arrived, other photos and information started pouring in, including more photos of her young son along with photos of other alleged kidnapped children.

Although some of the photos have been identified as coming from an "exclusive members only" porno site and some of the other children have been identified by their families, Gosch remains perplexed at the lack of interest by law enforcement and the hush-hush attitude taken by legislators, including the Bush White House.

"There is something we can all do to help plead the cause of protecting innocent children," said Gosch in an October plea to officials.

"Please send letters to President Bush, and e-mails to Vice President Cheney and your State Senators, Representatives and Governors at the following addresses, asking that 'jacobstales' and other pedophilia websites like it be investigated.

"Tell them that you do not understand why a website with pictures of a kidnapped child (Johnny Gosch) has not been investigated and continues to be allowed to promote pedophilia. Please spread the word and get as many people as you can to write as we join together to try to make a difference! When you write, please provide them with your name and address and tell them you look forward to their response."

As officials turn a blind-eye to the Gosch case, she is also concerned about a particular Florida detective who has taken a special interest in the case, but for what she suspects are other reasons than finding her son.

On Oct. 19 she wrote:

"The detective from Florida has once again tried to convince the public that Johnny was not in the photo of the three boys, who were bound and gagged on a bed. We had this photo on my website for a time. Three weeks ago. we were contacted by the parents of two of the boys. We have verified that the children were missing /abducted and have removed that photo by request of the parents. We also have an eye witness who identified all three boys,(including Johnny) the communication was made possible by the attorney representing the witness. From the moment I received the photos I stated that it was my intent to try and locate the parents to bring some peace to them. We have done that and we are now concentrating on resolving the origin of Johnny's photos. The other parents do not want further press coverage at this time in their lives so we are respecting their wishes.

"Yesterday, the Greta show on Fox TV called me to discuss the current photos on my website of Johnny and the latest from the Florida detective. Greta show said "there is a different bedspread in one photo of Johnny than the other and that constituted a discrepancy." I did suggest that the young woman speaking to me, consult a dictionary and look up the word discrepancy. I then explained that pedophiles always take many photos of their victims, changing backgrounds, poses, clothing or not and buy/sell them just like people do with baseball cards. But there is certainly no discrepancy.

"I declined to appear on Greta's show last night, I believe the intent was to make a "dog and pony show" out of this situation. She had the Florida detective on who still made his claims that the photo was not Johnny. He still cannot find his files, folders or any information, because it was kept on index (recipe) cards. He also stated that he responded to an anonymous note, then a phone call from a 40 year old man who claimed he was the boy in the photo and it was not Johnny. How can he make a determination with just a phone call. That 40 yr. old man could be anyone making a call. Why is the public to believe any of this is accurate?

"This Florida detective has such an "unusual interest" in Johnny and this case, it makes me wonder WHY. Pedophiles are a reality... they are doing business as usual... but the recent media attention to a "kidnapped boy from WEST DES MOINES IOWA ending up on a pedophile website is publicity I am sure they did not want and are eager to see this come to an end. So here comes the Florida detective with his recipe cards to do just that.... try to put an end to it. It only took them a few days to come up with this after the second photo of Johnny was posted on my website. Is anyone else noticing the timing of these statements coming out of Florida?"

Recently, the mother of another missing boy pictured in a photo with Johnny, Patricia Johnson-Holm, appeared on Greg Szymanski's radio show, The Investigative Journal, telling the same nightmarish story as Gosch, indicating she has run into a brick wall when trying to get at the truth behind the photos and the whereabouts of her son, David, kidnapped in 1985.

Gosch makes reference to Johnson-Holm's on her web site, saying:

"From the day I posted the photo of the three boys the following has taken place (See photos at her website at www.johnnygosch.com

"I received emails from people saying I shouldn't have placed this photo on my website because it was disturbing. Then shortly after the middle boy was identified but no info could be released due to the parent not wanting publicity. I received emails telling me "YOU HAD BETTER POST WHAT YOU KNOW ABOUT THIS BOYS IDENTITY..... ASAP OR YOU WILL LOSE ALL CREDIBILITY". In other words a threat.

"Approximately three weeks later, the mother of the boy in the middle did reconsider and wanted to tell her story. We placed a few paragraphs of information about David Johnson on the site.

"Since that date, I have received a number of emails from people who seem to have issues concerning Patricia Johnson Holm. I have received threatening email and written attacks directed towards me.

"My intent from the moment I received the photos was to identify the photos of the boys, who were found on a pedophile web site, perhaps some people have lost sight of that part of this tragedy. We have received more photos of unidentified boys which have been turned over to the National Center For Missing Children for comparison in their database of missing children. Human trafficking is a huge problem, nearly 100,000 children yearly are trafficked. It is still my mission to continue protecting children and gaining information on the hundreds of children who are unidentified to date.

"If anyone has any issues concerning Patricia or her son, it would be best if you contact her directly as she would be better able to answer your questions. Her email address is: ruprose2002a@yahoo.com"

Recently, Gosch has consented to appear on the Investigative Journal after the Thanksgiving holiday, but asked if a matter could be cleared up concerning a prior report appearing in the *Arctic Beacon*.

"I am sorry I haven't gotten back to you. I had hurt my back at work and not been able to do much emailing or anything else. I did get a print out of an interview or recap of an interview with Patricia Johnson, regarding her son and some information on Johnny," wrote Gosch, concerning the possibility of Jeff Gannon being her son, Johnny.

"There were a few errors in the report that I did want to talk to you about. It concerned Jeff Gannon.... there was a reference that I was "Unable to get a court order for a DNA test on Gannon". That is not correct, I did not ever seek a court order. If at some point you could correct that statement I would appreciate it.

"I am not sure where that came from but Jeff Gannon is a very vindictive person and I do not want any back lash from him, I am sure you understand. He sits and waits for his next "15 minutes of fame in the limelight" and it matters not to him... at who's expense it might be.

"When were you thinking of for an interview. I would be happy to schedule one with you. Please let me know some times so I can work around my job schedule."

Concerning the connection between the Gosch and Holm's boys revealed through the photo of the two lying next to one another bound and gagged on a bed, Gosch said the same Florida detective tried to publicly discredit their identities on a recent mainstream television show.

"Three weeks ago, we made contact with Patricia Johnson Holm," said Gosch on her web site on Oct. 24, "the mother of one of the boys in the photo which had been brought to my door.

"At that time she did not want additional publicity. Since that time she has seen the interview the Florida Detective did with Fox TV/Greta Show and is shocked that the detective is again trying to discredit the photo and both of our sons. She has now reconsidered and is willing to share her story and the photo.

"David Johnson is the boy in the middle in the photo of the three boys. The boy on the left is another boy from the Seattle area and the boy on the right is my son Johnny Gosch (see photo on her website)."

Besides the "bad wrap" given to Gosch and Holm and the Fox/Greta Show, when the photos surfaced two months ago, others in the mainstream picked-up her story, treating it cautiously and with a tone of skepticism.

However, a Sept. 22 Des Moines Register story, seems to give Gosch the benefit of the doubt, something other mainstream outlets haven't done.

Here is a part of the Register article which also can be found in its entirety on Gosch's web site. However, the paper refused to print the photos of the boys, saying it "was not clear where the images came from."

"She made news around the globe, telling how photos arrived on her doorstep in late August — 24 years after her son Johnny disappeared. Some doubted Noreen Gosch's claims that the photos included images of her long-lost 12-year-old after a Florida investigator publicly debunked her theory last week. But that investigator now admits that the Hillsborough County, Fla., sheriff's office cannot find any evidence proving the photos were actually from a case he worked in 1979, as he recalled.

"It's been like searching for a needle in a haystack," former detective Nelson Zalva said Thursday. "We're talking cases that were kept on index cards here." Zalva said he wished any of the youths in the photos or the anonymous person who originally tipped police to his years-old investigation would step forward to help prove the photos predated Johnny Gosch's disappearance. Noreen Gosch, meanwhile, was back on the offensive with authorities this week, urging police to explore any and all leads related to the photos. Among them:

Gosch said — and police have confirmed — that the photos she received were posted for some time on a Web site, www.jacobstale.com, that features scantily clad adolescent boys. Gosch said as far as she knows, neither state nor federal authorities were investigating the site's origins or questioning its creator, even though it appears the site caters to pedophiles. (Some of the photos that Gosch believed to be of her son have since been removed.)

- Jim Rothstein, a former New York police detective who has helped Gosch follow leads, said they have been in contact with an Illinois woman who claims to have been a victim in the same sex ring with Johnny Gosch and who positively identified the former newspaper carrier in the pictures. Rothstein said the Springfield, Ill., woman's story is similar to other reports he heard about a sex ring operating out of Chicago, and her story deserves investigating.

Gosch said she also received a photograph of a man that others have claimed was one of the "perpetrators who molested her son." She said she wants authorities to investigate the photograph's origins. Even so, she would not say how the photo came into her possession.

The digitally reproduced photos sent to Gosch and several people close to the case the weekend of Aug. 27 generated a surge of public interest and a range of claims by individuals who purported to know what happened to the paperboy whose face became synonymous with child abductions in the 1980s. Gosch said it's important police look into all allegations, regardless of how strange they might seem.

"People get real caught up in what I say, but I think maybe they've forgotten what's like to be me," she said. "I really thought the police would jump into this with both feet, but they haven't. "Here you have a kidnapped child on a pedophilia Web site. ... C'mon, boys, let's get busy."

Besides the negativity and threats, Gosch added that she has received an "overwhelming amount of support" from Americans who are encouraging her never to stop searching for the truth even if it leads to the doorstep of the White House.

"Thank you for all of the loyal people who visit my site and have taken the time to write very kind, encouraging emails to me, said Gosch. "The pain a parent goes through when a child is taken is unthinkable. If they did this to my son and me... they can do it to anyone's child."

Illuminati 13 Year Cycle of Rebellion Makes 2010 Important Year
America, time is running out as Vatican-led Illuminati has a fast-approaching deadline for destruction.

22 Nov 2006

By Greg Szymanski

The outlook for America doesn't look good and it's time to put a timeframe on the Vatican-led Illuminati's worldwide destruction campaign as it relates to the U.S.

And if you think you have plenty of time to mount a resistance and get your affairs in order, think again. Why? Look to the Illuminati' 13 year "Cycle of Rebellion" for a clue, leading to 2010 as an important date.

"Greg, I'm 100 percent convinced that everything Leo Zagami is telling you is true," said researcher and reader Jack Fermanian. "Just looking at all of these facts and understanding what I have studied over the last five years, it is obvious that we are fast approaching the final end of the Republic of the United States of America as we know it today.

According to Zagami, a former high level Illuminati insider from the Monte Carlo P2 Masonic Lodge who appeared Monday on Greg Szymanski's radio show, The Investigative Journal, complete Illuminati control of America is set for no later than 2010, as the years preceding will usher in more terrorism on a larger scale than 9/11.

To make matters worse, Zagami claims Americans will "finally see the Illuminati writing on the wall," beginning as early as 2008.

"And here we are with the secret spread of a fascist disease under the seemingly innocent spoils of a new Masonic Organization , an Order full of strange irregularities called the Regular Grand Lodge of England and the Masonic High Councils that include the important REGULAR GRAND LODGE OF VIRGINIA ," said Zagami Tuesday from his home in Norway. "Yes, my friends is the beginning of new dictatorship coming to town in the U.S., when Brothers like Klaus Schmidt are around establishing this kind of bases and illuminati camps. See www.regulargrandlodgeofvirginia.com

"But that's only one of the many preparations for the most difficult period in recent history starting in 2008. It will then start to become clear for you in front of the total *NAZIFICATION* of the western countries by 2010 before the economic situations starts to badly crack for everyone. Then social tension will hit a peak never seen before and internal conflicts could eventually become in 2012: CIVIL WAR!

"All of these events are carefully calculated and orchestrated by the Jesuits in their Arizona Astronomical Observatory and the various Illuminati headquarters, who are preparing their secret bases and bunkers for survival of the elite and yet more control after the disaster, they think that technology will save them from radioactivity poor fools and that's a fatal error on the 21st of December 2012 for these infidels."

And to add a historical reference to Zagami's claims, Illuminati researcher Fermanian provided this very in depth historical account, verifying 2010 as a pivotal year.

"When I read this about Zagami it immediately put up a flag, because it directly relates to a study I have made," said Fermanian. "I have put together a short study on the cycles of 13 years. Thirteen in the Bible means rebellion and the data I have gathered either shows Rebellions starting or rebellions ending.

"Please note that the next 13 year cycle of rebellion just so happens to be in the year 2010. I also found an article by Courtney Philip [2]. I was researching for what happened in 1906 so I can fill in the gap in my study and

"According to this article named "What else happened on September 11" the following events occurred: On September 11, 1792: The Hope Diamond is stolen. The article which I directly quote below also mentions that this diamond was related to the French Revolution.

"This immediately threw up even more flags. Here is the amazing *World History* brought to you by non other than the Illuminati:

September 11, 1792: The Hope Diamond is stolen. "

Long thought to bring a curse of misfortune upon its holders, the Hope Diamond was stolen on September 11, 1792 from King Louis XIV during the French Revolution. He and Marie Antoinette were in prison when the blue, 45.52 carat diamond was taken. The Hope Diamond currently resides in the Smithsonian Natural History Museum. "

September 11, 1906: Gandhi begins the non-violent protest movement in South Africa."

"Before Mahatma Gandhi used non-violent tactics to kick the British out of India, he was working for the British Army stationed in South Africa. In South Africa, Gandhi was treated poorly for being a man of color and denied the right to vote by a newly passed South African law. Gandhi first tested his theories of non-violent protest at a September 11, 1906 gathering to protest the treatment of Indians living in South Africa.

"September 11, 1962: The Beatles make the third and most widely distributed recording of Love Me Do.

"The first Beatles recording of Love Me Do featured Pete Best on drums. Best, you might not remember, was the fifth Beatle who quit right before the band achieved overnight super-stardom. The second recording of Love Me Do had Ringo Starr playing drums, and badly enough the studio executives wanted a better recording.

2010 The NEXT BIG YEAR OF REBELLION?

"From this study and the recent new information from your article today and from the other one by Courtney Phillip, I 'm that much more convinced that the 13 year rebellion cycle is something that the Illuminati always carry out.

"Interesting to note there was an 11 year cycle of events from between when George H.W. Bush announced the emerging of the 'new world order' and the September 11, 1990 WTC attacks.

"Again this shows that the Illuminati plans were executed according to a very old plan which spans decades and centuries .

"Greg, I'm 100% convinced that everything Leo Zagami is telling you is true. Just looking at all of these facts

and understanding what I have studied over the last five years, it is obvious that we are fast approaching the final end of the Republic of the United States of America as we know it today.

"Daniel Chapter 8 and Hitler's and the United States 's version of Pergamos:

"Over the last five years I have also studied Daniel Chapter 8 and it clearly speaks of a great horn / super power that will fly across the earth without touching the ground and strike the old Persian empire or what we know today as Iran.

"The Bible says that the he-goat which literally means the "devil-goat" is the one th at leads a military coalition because the "he-goat" is also referenced as the "notable horn" or "first king" (i.e primary leader/power).

"It is significant to note that the angel explained to Daniel about the vision of who the rough-goat is. It was explained as being the leader from the "realm of Grecia" or today's Western Powers. Others have also discovered that the US capital, Washington DC is in the shape of a pentagram (i.e. the shape of a devil-goat).

"But the most striking evidence that I have found from my studies was straight out of the Bible and from a Rand McNally map. I have found that the US Military and Government Seat of Power (Washington DC) is directly west of Pergamos which in Revelation 2:13, Jesus Christ called it Satan's seat.

"I have also found out that the Axis of Evil which starts in Pergamos and goes through Casablanca, Mexico City and Pyongyang is a real line or axis that goes through these and many other capitals.

"Rev 2:13 I know thy works, and where thou dwellest, [even] where Satan's seat [is]: and thou holdest fast my name, and hast not denied my faith, even in those days wherein Antipas [was] my faithful martyr, who was slain among you, where Satan dwelleth.

"Last night I found out on the History Channel that Hitler was going to build his new capital city called "Germania" in Berlin and that he was basing one of his architectural buildings on the

"Pergamum Altar. This again is told in the Book of Revelation as being the seat where satan dwelleth and so I find it curious why even Hitler wanted to be the New Pergamus?

"Daniel Chapter 8 says that after the war on Iran the super power will be broken. (as an army, nation and people/country) and it will be transformed. The Bible says that after the war, when the Super Power is strong, that it will be broken and for it, (in it's place) will arise the little horn.

"I see this coming transformation of the US into what Daniel Chapter 8 talks about. I see the coming breaking up and dividing unto the four winds of heaven / world government and then I see the coming rise of the little horn (i.e the antichrist along with the false prophet /false church that promotes the beast government).

"I just want to thank you again, Greg, for your many excellent articles and your continually flow of news. Americans do need to wake up and wake up fast, just please read the facts, read history and most importantly read the Bible! And don 't let anyone tell you that Daniel Chapter 8 was already fulfilled, because it wasn 't."

Bush And Blair: "Complete Satanists," According To High-Level Illuminati Defector

Italian aristocrat and freedom fighter, Leo Zagami, says look out for a man by the name of Klaus Schmidt, who has come to America to usher in complete fascism through the Virginia Grand Masonic Lodge.

21 Nov 2006

By Greg Szymanski

Time is running out and if Americans don't rally and act quickly, according to former high level Illuminati, Leo Zagami, the U.S. will be soon thrown into a complete dictatorship.

Most people in America suspect something evil and strange is taking place or are choosing to ignore the signs of fascism, holding on like children to a phony American dream now completely obliterated.

But one thing for sure most Americans will be ill-prepared when the final dictatorial show falls, leaving them helpless slaves to the Vatican-led/Jesuit controlled Illuminati New World Order.

The question looms: How much time before America is reduced to a total dictatorship, completely under the yoke of Satan's minions?

According to Zagami, who appeared Monday on Greg Szymanski's radio show, The Investigative Journal, complete Illuminati control of America is set for no later than 2010, as the years preceding will usher in more terrorism on a larger scale than 9/11.

"They use terrorism to put you under the stick, as we liked to say in the Monte Carlo P2 Lodge," said Zagami, adding since he defected last June he is aware of attempts on his life by who he calls the evil Jesuits.

"They know me quite well, and they know because of my aristocratic bloodlines, my death can only be authorized by Count Hans Kolvenbach (The Black Pope) and the gay Pope himself, Ratzinger. So, if I am killed, you know who authorized the killing. But I doubt if they will do it as I have left the Catholic Church, becoming a Muslim and they know if they kill me, I will become a Muslim martyr and I don't think they want that."

Zagami, during his two-hour radio interview, told how a man named Klaus Schmidt, a Nazi-trained law enforcement agent in Bavaria recently visited America, attending a Freemason Grand Lodge get together in Virginia, a high-level Illuminati Lodge where Schmidt is instructing members and beginning a serious charge for complete dictatorship in America.

Zagami claims Schmidt is a key Illuminati figure working with American Satanists to usher in complete fascism.

"He is a man Americans need to watch," added Zagami.

Here is Schmidt's background:

Klaus Schmidt, a Senior Police Officer from the Bavarian State Police with more than 40 years of service, is a veteran of all EU Police Missions in Albania.

He was born in 1945 and is a native of Fuerth/Bavaria where he joined the Police after serving his time in the military.

Mr. Schmidt is a graduate of the Senior Command Course in Germany, the FBI National Academy, the FBI Executives training at Quantico, Virginia and at the University of Princeton, the DEA Commander training and the West Point Leadership and Command training.

He studied from 1985 to 1990 Political Science and Sociology at the University of Wuerzburg and was granted a scholarship for the University of Southern California where he graduated the Delinquency Control Institute. He is a Graduate of the Senior Executive Class on Counterterrorism at the College for Security Studies in Germany.

Mr. Schmidt held several senior positions within the Bavarian State Police, the German Senior Command College, the European Drugs Unit and at Europol. He served as Commander of the MAPE Mission, Head of Operations with the ECPA-A Mission and Deputy Head of Mission with PAMECA (2002-2004).

His service in the Police includes several years in the Bomb Squad of the Bavarian State Police, where he also received training as a diver for underwater demolition.

Mr. Schmidt worked during this period of time as instructor for Special Forces in Bavaria, on federal level and abroad. His main professional experience lies within combating Serious and Organised Crime.

Mr. Schmidt received several decorations for his service including the West Point Leadership Award.

As Head of the Mission he represents the project on high level towards the Albanian authorities, the European Commission, the EU Member States and the International Consortium of Donors. He orchestrates and monitors PAMECA's activities and evaluates the quality of reports and analysis.

According to a decision of the Government of the Republic of Albania dated 23 June 2005, Mr. Schmidt was appointed as Professor for International Strategic Management for his role of implementing a new national command, leadership and management system for the ASP.

Besides Schmidt, Zagami told Americans no matter what the outcome of the recent elections, the American government is still in the firm control of the Vatican-led Illuminati with George H. Bush as the top Satanist with everything under his evil control.

"We have documents that Bush was close to Anton Levay, the master Satanist, and even planned the birth of his son George W. to become the puppet Satanist in control after Bush Sr. went behind the scenes again," said Zagami. "I also warned people about the complete evil behind Prime Minister Tony Blair, but nobody listened. He has also been connected to a baby-killing sacrifice at Bohemian Grove.."

Besides the well-known and documented Bush family connections to the Nazis, documented in the National Archives and the Congressional record, Zagami recently wrote how Bush, "the ultimate Anti-Christ family, will rule no matter what the political outcome."

"Wake up dear Brothers and Sisters," added Zagami. "It doesn't matter who is gonna be in the White House Show any longer, because he is the chosen one of the evil side and if you add up the name 'George Bush' in Hebrew letters it comes out:

G = 3 (gimel)

e = 5 (heh)

o = 70 (ayin)
r = 200 (resh)
g = 3 (gimel)
e = 5 (heh)
B = 2 (beth)
u = 70 (ayin)
s = 300 (shin)
h = 8 (cheth)
Total = 666 (Antichrist)

"But let's all remember that God is always the ultimate Puppet Master not man in any way, even when man unfortunately likes to think he is God. So just see for yourself the future developments in the Satanic Vatican CIA headquarters of the Knights of Malta and their evil Zionist friends in Jerusalem land of the Synagogue of Satan.

"And remember to not rationalize to much as this will eventually bring you like most westerners in the hands of Satan, this is a war of faith starting not a wild night in Casablanca.

"The most prominent modern Satanist to fully abuse 666 is A. Crowley who can also be identified as the Beast of Revelation and a key figure used by Satan for the end of times. Crowley was the main alchemist of evil in the illuminati of all times, he is the Brother in charge of taking on himself all the curses of the world (AS STATED IN A OFFICIAL OTO/ILLUMINATI DOCUMENT SIGNED BY HIM) and waking up the Beast with the Choronzon 333 Ritual in the middle of the Sahara desert. Officially starting the XIo degree OTO/ILLUMINATI workings to open the gates of Hell and bring humanity further into the Abyss of evil and deception before the return of the Messiah and the big confrontation between good and evil."

Americans: Look What Happened at Jasenovac Concentration Camp
Horrific tales of murder and torture as Pope justifies killing. Are Americans next?

20 Nov 2006

By Greg Szymanski

In a recent hearing in the case of *Alperin v. Vatican Bank*, Pope Benedict's personal attorney admitted the Vatican was involved in the genocide committed in Croatia during World War II, killing more than 500,000 Serbs and Jews.

It is also undisputed that the Vatican worked hand-in-hand with the Nazi Party to accomplish this horrendous mass murder, as attorney for the genocide victims, Jonathan Levy, is now trying to get financial reparations for his clients, accusing the Vatican Bank of post war money laundering of genocide profits.

What's incredible about the case being argued in a San Francisco federal court, besides the media keeping the case away from the public eye, is the Pope's attorney had the audacity in a November hearing to claim the Vatican was justified in partaking in mass murder as it was "permissible under international law."

Although the Pope's attorney stopped short in saying the Vatican is above the law, his outlandish arguments fit nicely with Canon Law, stating the Roman Catholic Church has the right to kill heretics without the killings being a violation of Church or international criminal law.

And for purposes of clarification, a heretic, as defined by Canon Law, is anyone who does not give his undying loyalty to the Pope or follow the Church's doctrines, which in the eyes of the Church officials justifies murder of innocents such as the Serbs and Jews during World War II.

"The same Canon Law applies today," said author of *Vatican Assassins*, Eric Jon Phelps. "The Vatican justifies murder, acting above the law and they plan on using its Office of Inquisition, still in existence today, to exterminate anyone they determine to be heretics and do not render complete obedience and loyalty to the Pope."

Although not part of the law suit, a recent video came to light implicating the Vatican and the Nazis, connecting them to the horrors of a concentration camp called Jasenovac. Previously, a well-guarded secret from the West, the following is an explanation of what when on in Jasenovac by the presenters of the video.

"Situated not really behind the iron curtain, Jasenovac concentration camp and its unsurpassed cruelty on Serbs, Jews and Gypsies have never been acknowledged in the west. One is for the desire of communist president Tito (of Croatian descent) to impose ideology of "brotherhood and unity" to former Yugoslavia, and the other is lack of awareness in the West, of the victimization of Serbian people fighting the fascism, including the cruelest Ustashe (Croatian nazi), the only Hitler's puppet state that imposed the same racial laws as Nazi Germany against Jews, Gypsies and Serbs.

"Watch this educational documentary and discover the shameful role of Vatican in the genocide. Citizens of

the world owe it to 700,000 victims. Serbia, Serb, Srbija, Kosovo, ethnic cleansing, etnicko ciscenje, Croat, paramilitary, mujahedeen, al-qaeda."

Here is a link to the video for viewing: <http://video.google.com/videoplay?docid=4506666011464565164&pr=goog-sl>

Regarding *Alperin*, Levy said the case is reaching a very delicate point and is reserving comment, but stands on a recent statement he made in November:

"On the one hand the Vatican is quick to condemn Israel and Serbia in recent years but in essence says it's OK to butcher 500,000 people, steal their belongings and stash it in the Vatican Bank. Pope Benedict should be concerned that the moral integrity of his Papacy is being undermined in a Federal Court."

According to Levy, *Alperin v. Vatican Bank* was originally filed in Federal Court in San Francisco in November 1999. The plaintiffs are concentration camp survivors of Serb, Jewish, and Ukrainian background and their relatives as well as organizations representing over 500,000 Holocaust victims.

The plaintiffs also seek an accounting and restitution of the Nazi Croatian Treasury that according to the U.S. State Department was illicitly transferred to the Vatican bank and other banks after the end of the war. Named defendants currently include the Vatican Bank, Franciscan Order, and the Croatian Liberation Movement. Levy said these defendants combined to conceal assets looted by the Croatian Nazis from concentration camp victims, Serbs, Jews, Roma and others between 1941-1945.

Levy is also quick to point out the heart of the Vatican Bank lawsuit is based on information chronicled in the book, *The Secret War Against the Jews*, co-authored by John Loftus who also serves as the plaintiffs expert witness in this case.

He added that from the authors of the bestselling, *The Secret War Against the Jews*, comes another explosive work, *Unholy Trinity*, exploring links between the Vatican and the Nazis, featuring startling new information that redefines the Catholic Church's role in twentieth-century history.

"I have filed another lawsuit, *Levy v. CIA*, filed under the Freedom of Information Act, seeking release of U.S. Intelligence agency files regarding the notorious Vatican spymaster, Fr. Krunoslav Draganovic. New records on Draganovic were released as a result of that lawsuit in 2001," said Levy.

Levy, who has appeared several times on Greg Szymanski's radio show, *The Investigative Journal*, is licensed in California and the District of Columbia, as well as having represented organizations and individuals in a variety of Holocaust and World War II related lawsuits including banking, insurance, and slave labor matters. Levy is also a member of the International Criminal Bar in The Hague.

Confession No.19: We Return To Main Question 'Who Are Real Spiritual Controllers Of The New World Order And U.S. Government'?

Former military veteran, Darryl Eberhart, provides insights, saying "we can no longer remain silent about the Vatican and Jesuit Order."

18 Nov 2006

By Greg Szymanski

The main question presented in this ongoing series *Confessions with the Jesuits* is who are the real spiritual controllers of the New World Order and U.S. government.

It is vital that this question be answered, as the enemy within America needs to be properly identified before the country can be saved from fascism and ultimate destruction.

Many writers have contributed their views during the last year and we have made much progress in our search for the truth despite the media's lack of attention to the Vatican's role in the New World Order.

This week we look to Darryl Eberhart, who has served in the U.S. Armed Forces for twenty years, including three overseas assignments. During his military career, he spent 11 and a half years in the U.S.A.F. as an enlisted member, and 8 and half years in the U.S. Army as a warrant officer and commissioned officer.

Eberhart is a Christian who loves this Republic, our U.S. Constitution & Bill of Rights and the American people. He is committed to educating the public about the unfolding New World Order and subscribes to the motto: "The true patriot does not love his government. The true patriot loves his country and watches his government."

Eberhart's is a frequent guest on Greg Szymanski's radio show, *The Investigative Journal*, and his writings can be found at www.toughtopics.net The following is an article by Eberhart entitled *The Real Controllers of the USA*. Although a bit lengthy, please read it as it may open up your eyes.

The questions of the day concerning these very powerful controllers:

- (1) Are they "the Jews, Israel, & the Zionists", or are they the Vatican and her Jesuits?
- (2) Who really choreographed World War II - was it "the Jews and the Zionists", or was it the Vatican and her Jesuits?

((NOTE: All emphasis throughout this newsletter, unless otherwise noted, is by the editor of "Tackling the Tough Topics (TTT)". Some issues of my TTT newsletters and my "Examining the Tough Issues (ETI)" newsletters can be read on the following three Internet web sites:

www.tacklingthetoughtopics.net, www.calltodecision.com, and www.libertytothecaptives.net. The last site has a link to the first site.))

WARNING: This issue of the TTT newsletter may seriously "disturb" some folks' "comfort zones". However, TRUTH is more important than any of our "comfort zones".

IMPORTANT NOTE #1: I (the editor of the ETI & TTT newsletters) am not a Roman Catholic; I also most definitely am not anti-Roman Catholic as far as individual Roman Catholics go. My dad and 90% of my relatives are Roman Catholic; my best friend is Roman Catholic; and the majority of my friends are Roman Catholic. I am, however, against the top levels of secret societies (from the hierarchy of the Jesuit Order to the hierarchy of Freemasonry). This is because these secret societies control the leadership of the Roman Catholic Church (through the Jesuit Order and P2 Masonry). These secret societies also control the leadership of most of the larger, non-Catholic, Christian denominations. I am also against any religious hierarchy that tries to place itself equal to or above the Lord Jesus Christ, the Son of God - or equal to or above God's Holy Word (i.e., the Holy Bible) and His Ten Commandments!

IMPORTANT NOTE #2: We can no longer afford to REMAIN SILENT on these issues for fear of offending any particular group - in this case, Roman Catholics. Please carefully consider this quote by author Dave Hunt: "We are told to love one another as Christ has loved us. Pop psychology trivializes that command by equating it with a 'positive' attitude. Forgotten is the first duty of love: to speak the truth (Ephesians 4:15). Real love does not flatter or soothe when correction is needed but [rather] points out the error which is blinding and harming the loved one. Christ said, 'As many as I love, I rebuke and chasten; be zealous therefore, and repent' (Revelation 3:19). Instead, the idea is now current that love excludes rebuke, ignores the truth, and seeks unity at any price. Only disaster can result."

Why Am I Writing More & More About Roman Catholicism?

This editor of the ETI and TTT newsletters has been writing more on the Roman Catholic Church's hierarchy, and especially its Jesuit Order, in recent newsletters because I keep uncovering more and more about the deep hatred that the hierarchy of the Roman Catholic Church has for independent Bible-believing Christians, Protestants, Orthodox Christians, and Jews. We Americans have, for the most part, been largely ignorant of the well-documented history of the Roman Catholic Church in conducting brutal religious genocide (via Inquisition, 'holy' wars, and 'holy' crusades) against all the afore-mentioned groups. (Please see my TTT newsletters entitled "Death by Government and Death by Church" and "Bloody Hands & Wicked Hearts" on the following Internet web sites: www.tacklingthetoughtopics.net and www.calltodecision.com.) Sadly, many Americans believe the "ecumenical rhetoric" of the Roman Catholic Church's hierarchy - i.e., that she has "changed her ways" and now loves all the "separated brethren". However, my study of the Papacy shows me that this is just a RUSE. (Per Webster's New World Dictionary a "ruse" is: "a stratagem" [which is] "any trick or scheme for achieving some purpose".) The "purpose" is to bring all non-Catholic Christian denominations under the "umbrella" (i.e., the authoritative and totalitarian rule) of the Papacy!

Yes, the Papacy, despite its "ecumenical rhetoric", has not changed a bit over the many centuries in the following categories:

- Its deep hatred of Jews, all independent Bible-believing non-Catholic Christians, Protestants, and Orthodox Christians (as recently as the 1940s we find the Roman Catholic Ustashi in Croatia, led on by priests, monks, and friars, brutally slaughtering from 600,000 to one million Serb Orthodox Christian men, women, elderly, and children);
- Its long-held dream to bring all non-Catholic Christians under its monopolistic, totalitarian, ecclesiastical control;
- Its long-held dream to head up a totalitarian one-world religious organization; and,
- Its long-held dream to bring all world leaders - especially those in "Christian" countries - under the temporal power of the pope. (That is, the Papacy would be the top player and "controller" in a one-world government - just like it was the top player and "controller" on the European continent for many centuries! Kings indeed bowed before popes.)

Indeed, power - absolute power - has long been the Vatican's "primary objective". History has recorded the Vatican's deep hatred for religious liberty and freedom of conscience. The U.S. Constitution, with its "Bill of Rights" guaranteeing such liberties, has long been hated by the Vatican. (For a good example of this hatred of religious liberty and freedom of conscience, read the Syllabus of Errors that was issued in 1864 by Pope Pius

IX.) I have heard that there is an acronym in use by some Knights of Columbus in America. This acronym is "M.A.C.": "Make America Catholic". America is the last "roadblock" in the way of the Vatican and the rest of the globalist rich and power elite in their dreams for one-world government and one-world religion. Is America scheduled for a religious genocide - another Inquisition - as occurred in the 1940s in Croatia? I believe the danger is very real and possibly quite imminent - and that is why I am writing about the Roman Catholic Church's hierarchy, its long-held dreams for domination, and its well-documented history of religious genocide!

DEFINITIONS (Listed, hopefully, alphabetically):

((Please carefully read all these definitions - they are critical to understanding this newsletter.))

"ADL" (per Editor of TTT): The Jewish Anti-Defamation League - a sub-organization of the Jewish Masonic B'nai B'rith organization.

"B'nai B'rith" (per Editor of TTT): A Jewish Masonic organization.

"B'nai B'rith" (per 1955 World Scope Encyclopedia): "(Hebrew [for] 'Sons of the Covenant'): Oldest and largest Jewish service and fraternal organization in the U.S. Founded [in] 1843; membership in this country and Canada, 1950, was 345,000... Lodges also exist in more than a score of foreign countries... National Headquarters are located at Washington, D.C."

"Freemason" (per Webster's New World Dictionary): "A member of an international secret society having as its principles brotherliness, charity, and mutual aid."

"Front" (per Webster's New World Dictionary): (Meaning #15): "A person or group used to cover or obscure the activity or objectives of another controlling person or group."

"Illuminati" (per Webster's New World Dictionary): "1. People who have, or profess to have, special intellectual or spiritual enlightenment. 2. Any of various societies, usually secret, composed of such people."

((Ed. Comment to the preceding definition: The modern version of the Illuminati was formed on May 1, 1776 by Jesuit-trained Adam Weishaupt, who taught Catholic Canon Law at Jesuit Ingolstadt University in Bavaria (in southern Germany). Weishaupt pretended to leave the Jesuit Order (i.e., he was 'sheep dipped' - see definition of 'sheep dipping' listed later in this newsletter) so that he could set up a front group called the Illuminati (that the Jesuits could use for their own purposes). This Jesuit front group, the Illuminati, fomented and orchestrated the bloody French Revolution of 1789-1799. Thus, by using this "front group", the Jesuit Order was given a great degree of "plausible deniability" as to its role in the French Revolution.))

"Israel" (per Webster's New World Dictionary): (Meanings #5 through #7): "5. Country between the Mediterranean Sea and the country of Jordan: established (1948) by the U.N. as a Jewish state... 6. The Jewish people, as descendants of Jacob. 7. Any group of Christians regarding themselves as chosen by God."

"Jesuit" (per Webster's 1828 Dictionary of the English Language): "One of the Society of Jesus, so called, founded by Ignatius Loyola; a society remarkable for their cunning in propagating their principles."

"Jesuitism" (per Webster's 1828 Dictionary of the English Language): "[1.] The arts, principles and practices of the Jesuits. 2. Cunning; deceit; hypocrisy; prevarication; deceptive practices to effect a purpose."

((IMPORTANT NOTE: Please carefully read the following excerpts about the Jesuit Order.))

"Jesuit Order" or "Jesuits" (Excerpts from the 1955 World Scope Encyclopedia):

"Jesuits, or Society of Jesus: A monastic order of the Roman Catholic Church, founded (1536) in Paris by Ignatius of Loyola. Originally the special function of the order was to care for the sick and to fortify the position of the Pope within the [Roman Catholic] Church. [Ed. Note: The Jesuit Order was primarily founded to counter the Protestant Reformation.] The latter function soon became the principal one of the order and

thus it is not surprising that the order was approved by Pope Paul III as early as 1540, the first generalship being vested in the founder. By the time Ignatius died in 1566...his order had increased from 60 to more than 1000 members. The members had to vow not only chastity, poverty, and implicit obedience to authority...but, especially, compliance with the commands of the Pope in going to any country and under any conditions to convert heretics and infidels, especially Moors and Jews.

...Their special obedience to the Pope naturally caused the Jesuits to fight against the greatest danger to the Catholic Church, Protestantism. Through this fight, the Jesuits developed political talents which soon made the members of the order the most versatile representatives of the Catholic Church in worldly affairs. In order to achieve this goal, a complicated organization of the utmost rigidity was developed. The Jesuits received the rights both of mendicant orders and of secular priests. They recognized only the superiority of their general [Ed. Note: the Jesuit Superior General] and the Pope. This gave them great worldly power. Furthermore, from their inception they devoted much interest to education, and early in their history were appointed to many highly important chairs of theology at the leading universities of Europe.

...Associated with all layers of society, from the humble to the powerful, the Jesuits combined great intellectual versatility and a shrewd political apprehension with a deep religious mysticism which was especially connected with the adoration of the Blessed Virgin. A certain soldierly spirit was furthered by the constitution of the order which provided severest punishment for members who did not comply with their vows.

...The Jesuits tried also to restrain nationalistic tendencies everywhere and to emphasize the universality of the Catholic Church. Their missionary branch was no less important. Due to the fact that they [initially] worked principally in the Indies, Japan, China, and Abyssinia, the Jesuits' spiritual work was often connected with the play of power politics. [Ed. Note: And it still is!] Thus they often played, directly or indirectly, a vital role in the political and economic conquest of the countries in which they served. ...Flourishing particularly in Spain and Portugal, members of the [Jesuit] order were among the first to set foot on the Spanish and Portuguese colonies in America.

Their remarkable rise in power at European courts [Ed. Note: where they became father confessors to kings (and their mistresses), queens, princes, and other leading figures in the royal court] and among the people led many institutions of learning, their teachers, and the non-Jesuit clergy to fear the Jesuits. It was largely for this reason that the parliament of France resisted the Jesuits in their attempts to obtain a foothold.

...By 1710, the order had more than 19,000 members and more than 22,000 by 1749. Increasingly feared and suspected by many European rulers [Ed. Note: most of whom were Roman Catholic], they were first driven out of Portugal (1759), and other countries followed suit. [Ed. Note: This occurred because the Jesuits had a very nasty habit of fomenting wars and revolutions, and of assassinating heads of State who wouldn't "play ball" with them.] In France...they were finally expelled in 1764. [Ed. Note: The French Revolution was "payback" for that expulsion.] Three years later Spain revoked its approval of the order. [Ed. Note: By 1931, according to Canadian historian J.E.C. Shepherd, the Jesuits had been expelled from 83 countries, city-states, and cities.]

In 1773, Pope Clement XIV suppressed ["forever"] the entire Jesuit Order by a papal bull, but in 1814, it was restored by Pope Pius VII. [Ed. Note: Pope Pius VII restored the Jesuit Order in exchange for his release from prison, where he had spent five years thinking over his decision to restore the Jesuits.]

...Later in the 19th century, however, the Jesuits were alternately driven out and permitted to exist in various European countries. They had to leave Italy in 1861, but were allowed to return in 1929. They were expelled from Germany in 1872, but permitted to exist there again after the fall of the Empire in 1918. In France the order was frequently expelled and restored after 1830 and finally permitted to return in 1919. England, Ireland, and the U.S., however, never passed any laws against the Jesuits. [Ed. Note: This was not a very smart move!] At present [Ed. Note: this was written around 1955], the order totals about 25,000 members in 50 'provinces' [Ed. Note: each supervised by a Jesuit Provincial General], several of them in the U.S. Their influence on the hierarchy of the [Roman] Catholic Church has increased continually since about 1860. In the U.S. they possess a large number of educational institutions, the most noteworthy being in New York City; Washington and Georgetown, D.C.; Baltimore; Buffalo, New York; St. Louis, Missouri; New Orleans, Louisiana; Denver, Colorado; Cincinnati and Cleveland, Ohio; Omaha, Nebraska; and San Francisco, California."

"Jew" (per Webster's New World Dictionary): "1. A person descended, or regarded as descended, from the ancient Hebrews of Biblical times. 2. A person whose religion is Judaism."

"Knights of Columbus" (per Webster's New World Dictionary): "An international fraternal, benevolent, and

proselyting society of Roman Catholic men, founded in 1882." [Ed. Note: I have heard that it is also called "the Pope's militia".]

((Ed. Comment concerning the preceding 'definition': Author and publisher Jack T. Chick tells us the following about the Knights of Columbus in his 1983 book Smokescreens: "The legions of Rome are awesome. More than one million practicing Catholics make up the ranks of the Knights of Columbus. They are fraternally pledged to the ideal of bringing America under papal rule. They are powerful, wealthy, [and] loyal."))

"Knights of Malta" (per excerpts from the Order's own historical data as provided to Eric Jon Phelps, author of the well-researched book Vatican Assassins):

"The Order of St. John [Ed. Note: which later became the Knights of Malta] was founded before the taking of Jerusalem in 1099 by the armies of the First Crusade [Ed. Note: by Roman Catholic Crusaders, and in accordance with the proclamation calling for 'Holy Crusade' by Pope Urban II]. It began as a monastic community dedicated to St. John the Baptist, which administered a hospice-infirmery for pilgrims to the Holy Land. Originally connected with the Benedictines, it became, under Blessed Gerard (1120), an independent organization. By the [papal] Bull of 15 February 1113, addressed to Gerard, Pope Pascal II approved the confraternity of the Hospital of St. John, placed it under the protection of the Holy See, and ensured its right of freely electing its heads...without any interference from other ecclesiastical or any lay authority. In virtue of this [papal] Bull and of subsequent Papal acts, the Hospital became an exempt Order of the [Roman Catholic] Church.

Owing to the political situation after the setting up by the Crusaders of the Kingdom of Jerusalem, the Order... was obliged to assume military functions for the protection of the sick, the pilgrims, and the Christian territory which the Crusaders had won back from the Muslims. Accordingly, the Order of the Hospital of St. John acquired the additional character of an Order of Knighthood. The Knights were thus also Religious, bound by the three monastic vows of Obedience, Chastity, and Poverty. It thus became a persona mixta, a religious-military Order.

...In 1291 Acre, the last Christian stronghold in the Holy Land was lost and the Order settled temporarily in Cyprus.

...With the occupation of the island of Rhodes, completed in 1310...the Order acquired territorial sovereignty as well (and the Knights of St. John came to be called Knights of Rhodes).

...The Knights gallantly repulsed numerous Turkish assaults, until the Sultan Suleyman the Magnificent attacked Rhodes... On Christmas Eve of 1522 the Knights were forced to capitulate and, on 1 January 1523, left the island with military honors. For the next seven years the Order, while vested with international sovereignty, was deprived of territory, until the cession by the Emperor Charles V...of the islands of Malta, Gozo, and Comino, as well as Tripoli in North Africa, in sovereign fief.

...The navy of the Order of St. John (or of Malta as it now came to be called) became one of the most powerful in the Mediterranean ...

...In 1607 and, again, in 1620, the dignity of Grand Master was conjoined with the title of Prince of the Holy Roman Empire and in 1630 with the style of Eminence.

...In 1798 [Napoleon] Bonaparte, engaged in a campaign against Egypt, occupied the island of Malta and drove out the Order.

...After temporary seats in Messina, Catania, and Ferrara the Order finally established itself in 1834 in Rome, where it holds, extra-territorially, the Malta Palace... From 1805 the Order was ruled by Lieutenants, until in 1879 when Pope Leo XIII restored the Grandmastership and the honors of a Cardinal attaching to it.

...The Order of Malta constitutes the sole unbroken continuation of the Order of the Hospital of St. John recognized in 1113. It alone is a religious Order of the Catholic Church and at the same time a Catholic Order of Knighthood.

...On April 28, 1927 at the special request of...Pope Pius XI, the Supreme Council of the Sovereign Military Order of Malta granted a Constitution (Charter) creating the: American Chapter of the Knights of the Sovereign Military Order of Malta."

((Interesting Note by Editor of TTT: The Hospitallers (later to become the Knights of Malta) were one of three religious-military orders founded in the 12th century - the other two being the Knights Templar (or, the Templars) and the Teutonic Knights. Concerning the Templars we are told the following by the 1955 World Scope Encyclopedia: "The Templars were founded in Jerusalem... The new order was given lodgings near the

so-called Temple of Solomon... It was formally confirmed by Pope Honorius II in 1128. ...The order became...the international bankers of their time. They were the predecessors of the great banking families such as the Medici. ...The Templars were brought down by [King] Philip IV of France, and Pope Clement V. ... The order [i.e., the Knights Templar] was disbanded in 1312, and much of their great wealth was given to the Knights of St. John [which later became the Knights of Malta]." This is indeed very important to remember - that this Roman Catholic Military Order, the Knights of Malta, which is co-located with the Jesuit Superior General in Rome, inherited "much" of the "great wealth" of the Knights Templar! Also quite interestingly, at least three Knights of Malta have headed up the CIA: William "Wild Bill" Donovan, John McCone, and William Casey. Another Knight of Malta, James Jesus Angleton, for many years was the chief of the Counterintelligence Division at the CIA - as well as heading up both the Vatican and Israel "Desks" at the CIA - and, was the CIA liaison to the Warren ("Whitewash") Commission.)

"Mafia" (per Webster's New World Dictionary): (Meaning #2): "A secret society of criminals thought [Ed. Note: it has been well proven] to exist in the U.S. and other countries, engaging in blackmail, illicit trade in narcotics, etc."

((Ed. Comment to the preceding definition: If you doubt that the Mafia exists, then please read the book Double Cross by Sam and Chuck Giancana. This book reveals connections between "the Mob" and the CIA - especially in the assassination business. It is \$10.45 postpaid from "Radio Liberty". To order a copy by credit card, please call their toll-free order line at 1-800-544-8927.))

"Masonry" (per Webster's New World Dictionary): (Meaning #3): "Same as Freemasonry."

"Opus Dei" ((per The World Book Dictionary (1989)): "An international religious organization of Roman Catholic laymen and priests, founded in Spain." ((Ed. Question: Might the primary objective of this organization, which includes in its membership a fair number of wealthy and powerful Roman Catholics, be to advance the New World Order agenda of the Papacy?))

"P2 (or P-2) Masonry" (per John Daniel, author of the book The Grand Design Exposed): "There is a Masonic Propaganda group, number two...known as the 'P-2 Club', with its headquarters being in Rome. ...The P-2 Club is a propaganda society of the world's elite which includes high-ranking Roman Catholic prelates and, of course, Jesuits."

((Ed. Comment to the preceding 'definition': P2 Masonry had its fingerprints all over the murder of Pope John Paul I, who was eliminated when he decided to "clean house" at both the Vatican and the Vatican bank - i.e., he had learned that many top-level Roman Catholic prelates, including cardinals, were high-level Masons and he had made plans to remove them from power. If you have trouble believing that Pope John Paul I was murdered, then I suggest that you read the book The Murder of John Paul I by Vance Ferrell. This book is \$6.50 postpaid. It provides very strong evidence that Pope John Paul I was murdered by his Masonic enemies inside the Vatican. To order a copy, please make check or money order payable to "Harvestime Books" and mail it to: Harvestime Books // P.O. Box 300 // Altamont, TN 37301. To order a copy by credit card, please call 1-931-692-2777.))

"Papacy" (per Webster's New World Dictionary): "1. The position, authority, or rank of the pope. 2. The period of time during which a pope rules. 3. The succession of popes; popes collectively. 4. The government of the Roman Catholic Church, headed by the Pope."

"Red Herring" (per Webster's New World Dictionary): (Meaning #2): "Something used to divert attention from the basic issue."

"Scapegoat" (per Webster's New World Dictionary): (Meaning #2): "A person, group, or thing upon whom the blame for the mistakes or crimes of others is thrust."

"Sheep dipping" (per author Craig Roberts in his excellent book The Medusa File):

"An individual who was 'sheep-dipped' was discharged from the military 'on paper', but during his absence his

time in grade, promotions, retirement years and other perks continued just as if he had never left the service. After serving with the CIA, the person could return to his regular branch [of military service] and continue just as if he had never left. ...During the Cold War, and later Vietnam, it [i.e., sheep dipping] was done to provide the CIA - by now referred to as 'the Company' because of the number of contract agents being handled - with a system of 'Plausible Deniability'."

(Ed. Comment to the preceding definition: The Vatican has done the same thing for centuries through its Jesuit "temporal coadjutors" - i.e., its "Jesuits of the short robe" - men who infiltrate governments, publishing companies, newspapers, other church denominations, other churches' seminaries, revolutionary movements, etc., in order to "steer" (i.e., direct) these governments, organizations, institutions, and movements in the direction that the Vatican (or the Jesuit Superior General) desires! Jesuit-trained Adam Weishaupt (who taught Catholic Canon Law at Jesuit Ingolstadt University in Bavaria) is a classic example of this "Jesuit sheep dipping". Weishaupt, who pretended to leave the Jesuit Order (i.e., he was 'sheep dipped'), set up a front group called the Illuminati on May 1, 1776 that the Jesuits could use for their own nefarious purposes. This Jesuit front group, the Illuminati, fomented and orchestrated the bloody French Revolution of 1789-1799. Thus, the Jesuit Order was given a great degree of "plausible deniability" as to its major role in fomenting & orchestrating this bloody revolution.)

"Smoke screen" (per Webster's New World Dictionary): (Meaning #2): "Anything said or done to conceal or mislead."

"Tammany Society [a.k.a., Tammany Hall] (per 1955 World Scope Encyclopedia): "A powerful Democratic political organization of New York City, incorporated in 1789 and historically often associated with bossism and other political abuses."

((Ed. Comment to the preceding definition: It has been reported that one cannot run for dog catcher in New York City (and certain other large cities in the USA) without the blessing of the Roman Catholic Knights of Columbus!))

"Vatican" (per Webster's New World Dictionary): "1. The papal palace, consisting of a group of buildings in Vatican City . 2. The papal government or authority."

"Vatican City" (per Webster's New World Dictionary): Independent papal state, constituted in 1929 as an enclave in Rome..."

"Zionism" (per Webster's New World Dictionary): "A movement formerly for reestablishing, now for supporting, the Jewish national state of Israel."

"Zionist" (per Editor of TTTT): "A member of the Zionist movement (i.e., Zionism)."

HERE ARE SOME RELEVANT QUOTATIONS:

"Aware that the Rothschilds are an important Jewish family, I looked them up in [the] Encyclopedia Judaica and discovered that they bear the title 'Guardians of the Vatican Treasury'... The appointment of Rothschild gave the Black Papacy [i.e., the hierarchy of the Jesuit Order] absolute financial privacy and secrecy. Who would ever search a family of orthodox Jews for the key to the wealth of the Roman Catholic Church?"
F. Tupper Saussy (Author of the book Rulers of Evil)

"The Rothschilds were Jesuits who used their Jewish background as a façade to cover their sinister activities. The Jesuits, working through Rothschild and [financier Nicholas] Biddle, sought to gain control of the banking system of the United States."
Bill Hughes (Author of The Secret Terrorists and The Enemy Unmasked)

"The Jesuits function like the Papacy's secret worldwide police. They are very secretive and go to great lengths to keep their operations secret. They tell no one that they are Jesuits. To all outside appearances, they appear as normal people."

Bill Hughes

"...The [Roman Catholic] Church to rule the world; the ['White'] Pope to rule the Church; [and] the Jesuits [Ed. Note: headed by the 'Black Pope', the Jesuit Superior General] to rule the ['White'] Pope - such was and is the program of the Order [i.e., Society] of Jesus [i.e., the Jesuit Order]."

John Daniel (Author of the book *The Grand Design Exposed*)

"The Jesuit Order at last reached the pinnacle of its power and prestige in the early eighteenth century [i.e., the early 1700s]. It had become more influential and more wealthy than any other organization in the world. It held a position in world affairs that no oath-bound group of men has ever held before or since... 'Nearly all the Kings and Sovereigns of Europe had only Jesuits as directors of their consciences [i.e., as confessor-priests], so that the whole of Europe appeared to be governed by Jesuits only.'" (1927; using a short quote by Jesuit Cordara)

Boyd Barrett (Ex-Jesuit)

((Ed. Comment to the preceding quote: The Jesuits are "back", stronger today than they ever were in the past! And much of their power base is here in the USA (e.g., Georgetown!))

"There was no disguise they (the Jesuits) could not assume, and therefore, there was no place into which they could not penetrate. They could enter unheard the closet of the Monarch, or the Cabinet of the Statesman. They could sit unseen in convocation or General Assembly, and mingle unsuspected in the deliberations and debates.

There was no tongue they could not speak, and no creed they could not profess, and thus there was no people among whom they might not sojourn, and no church whose membership they might not enter and whose functions they might not discharge. They could execrate [i.e., sharply denounce] the Pope with the Lutheran, and swear the Solemn League with the Covenanters."

J.A. Wylie (Rev.; Author of *The History of Protestantism*)

"There are other secret and semi-secret organizations such as the International Bankers, the Council on Foreign Relations, the Bilderberger Group, [the] Club of Rome, the Trilateral Commission, the New Age Movement, the Illuminati, and Freemasonry, who are all deeply involved in global politics, and who actively promote the uniting of the people of our planet under a New World Order. However...these all are but mere 'front' organizations, behind which the true source of power [Ed. Note: the Vatican and its Jesuits] hides and uses to distribute and channel its designs. And, as in any conspiracy, secrecy and shifting attention and blame away from itself is paramount to its success."

John Daniel

"The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country... It is they who pull the wires which control the public mind, who harness old social forces and contrive new ways to bind and guide the world..." (1928)

Edward Bernays (Called by some the "Father of Public Opinion")

"Power tends to corrupt, and absolute power corrupts absolutely."

'Lord' John E. E. Dalberg Acton (1843-1902; English historian)

"Men and women become accomplices to those evils they fail to oppose."

I. INTRODUCTION

One of the most important topics of our day that needs to be openly and fully discussed is this: "Who is really running America, and much of the western world, today - who is really at the top of the power elite pyramid? Is it 'the Jewish bankers, Jewish Masonry such as B'nai B'rith and the Anti-Defamation League (ADL),

Zionists, Jewish neo-conservatives in the current U.S. Administration, and Israel' (collectively known to some as 'the Jews'), OR is it the Vatican State/Papacy with her Jesuit Order, Opus Dei, Knights of Malta, Knights of Columbus, numerous monastic orders, and large priesthood?" Indeed, surely "inquiring minds" would like to know.

Another very important question that we must ask is this: "Who controls the very powerful top levels of Freemasonry?"

Another very important question that we need to consider: "Where do organized crime and big political machines (such as 'Tammany Hall') fit into the picture of globalist elite control of nations?"

Let's take a brief look at some interesting history (such as the attempts to restore papal authority in England in the 1500s; the bloody French Revolution [1789-1799]; the secret meetings at Vienna, Verona, and Chieri; World War I; and, World War II), and then we will try to ascertain who is running the USA today.

I covered some interesting "territory" concerning World War II in my TTT newsletter entitled "World War II" and in my TTT newsletter entitled "Death by Government and Death by Church". Both of these newsletters can be viewed on these two Internet web sites: www.tacklingthetoughtopics.net and www.calltodecision.com.

True history is indeed often "stranger than fiction".

II. ATTEMPTS TO RESTORE PAPAL AUTHORITY IN ENGLAND IN THE 1500s

What happened in England in the 1500s and following centuries actually has a lot to do with what has happened in the history of the United States!

Here is a statement I made in a recent article that I wrote: "Editor of ETI and TTT has come to the following conclusion after studying the history of the Roman Catholic Church and Europe: It is virtually impossible to clearly understand European history from the 16th century to the present time without 'viewing' it through the 'lens' of the 'Reformation-Counter Reformation', Roman Catholic efforts to bring England back under papal authority, and the Jesuit Order."

Indeed, the Vatican tried mightily, especially through her Jesuit Order, to return England under papal authority by force. This "force" included attempts to assassinate various English monarchs, such as Queen Elizabeth I and King James I; attempts to foment revolution and civil war in various parts of Great Britain; and an actual direct "frontal assault" invasion attempt (i.e., the launching of the infamous Spanish Armada in 1588).

Please consider this quote from an article that I wrote on December 28, 2005:

"The Vatican (and especially her Jesuit Order from the mid 1500s) tried to bring England back under papal authority by force and subversion. A number of popes and European monarchs conspired to assassinate British monarchs, to foment revolutions in the British Isles, and to actually land foreign troops on British soil. These attempts to bring England back under the pope's authority by force reached their zenith in 1588 when the 130-ship Spanish Armada, carrying 20,000 troops, sailed for the British Isles. Pope Sixtus V had promised Spanish King Phillip II 200,000 crowns the moment the armada sailed, and another 100,000 crowns when troops were placed on shore in England. Researchers have examined British, French, and Spanish 'State papers' - and Vatican documents, for this era. These State papers and Vatican documents clearly show the Vatican's involvement not only in the planned invasion of England by the Spanish Armada, but also in numerous attempts to assassinate Queen Elizabeth I!

Sadly, Roman Catholic writers, editors, and apologists have made, and continue to make, tremendous efforts to rewrite and revise history and, in the process, whitewash the Vatican and her Jesuit Order's frequent involvement in court intrigues, assassinations and attempted assassinations of heads of State, fomenting of revolutions and wars, infiltration of governments, orchestration of religious genocide, etc. Fortunately, a number of researchers and authors, such as Albert Close, have examined various nations' State papers and/or actual Vatican documents, which substantiate totally the nefarious activities of the Vatican and her Jesuit Order

in Britain throughout the past four centuries!"

When the Vatican and her friends amongst the European Catholic monarchs saw that their efforts to bring England back under papal authority through force were not working out, they decided to bring England back under the pope's thumb through massive infiltration of the British government, British publishing interests, churches and seminaries in Great Britain, etc. Where force had failed, infiltration succeeded beyond the Papacy's wildest dreams!

When the Vatican and her friends amongst the European Catholic monarchs saw that their efforts to destroy the American Constitutional Republic (with religious liberty) through force, they decided to destroy the American Constitutional Republic through massive infiltration of its government, its publishing interests, its churches and seminaries, etc. Where force had failed, infiltration succeeded beyond the Papacy's wildest dreams! ((If you don't believe this, then please check out F. Tupper Saussy's quotes in Section X., A.))

III. THE FRENCH REVOLUTION (1789-1799)

The modern version of the Illuminati "took the heat" for fomenting and orchestrating the bloody French Revolution of 1789-1799. But who were the real culprits, working as they usually do, "behind the scenes"?

Remember how we earlier described Jesuit-trained Adam Weishaupt, founder of the modern version of the Illuminati, as a Jesuit who had been "sheep dipped". In other words, Adam Weishaupt pretended to forsake the Jesuits while continuing to work "under cover" for the Jesuits. (Please see again the definition for "sheep dipping" at the beginning of this newsletter.) By the way, Weishaupt died "in the good graces" of the Roman Catholic Church!

Here are a number of quotes concerning the French Revolution by Bill Hughes, author of the two excellent books *The Secret Terrorists* and *The Enemy Unmasked*:

"[Jesuit Adam] Weishaupt established the [modern version of the] Illuminati specifically to be a front organization behind which the Jesuits could hide. After being [formally] abolished by [Pope] Clement XIV in 1773, the Jesuits used the Illuminati and other organizations to carry out their operations. Thus, the front organizations would be blamed for the trouble caused by the Jesuits."

"Why would the Jesuits use their implacable enemy, the Jews, to further their designs for world dominion? The Jesuits never do anything out in the open where they can be exposed. If they are recognized as the culprits, they will be blamed and suffer the consequences, but if they can use someone else as the 'cause of the world's problems', especially an enemy they can destroy in the process, then they have simultaneously accomplished two of their objectives. The Jewish people are the perfect scapegoat. Since the Rothschilds are Jesuit agents operating under a Jewish cover, using them in forming the Illuminati back in 1776 effectively throws the onus of this conspiracy on the Jews. The Rothschilds are certainly not the only Jesuit agents that operate under a Jewish front.

The following sources [Ed. Note: Bill Hughes lists a number of books at the end of this paragraph] indicate that [Jesuit] Adam Weishaupt and the Rothschilds [Ed. Note: the "Guardians of the Vatican Treasury"] were the brains and the wealth behind the French Revolution."

"The Jesuits, [Jesuit Adam] Weishaupt, and the Rothschilds managed to cast the blame for the French Revolution on their front organization, the Illuminati!"

Front organizations, "sheep dipping", scapegoats, red herrings, and smoke screens - all of these are SOP (standard operating procedures) for the Jesuit Order!

IV. WHO CONTROLS THE TOP LEVELS OF FREEMASONRY?

This is indeed a very important question. I have listed many top-level Freemasons who have served in powerful positions in the U.S. government and in U.S. Intelligence agencies in a number of my TTT newsletters. For example, J. Edgar Hoover, longtime director of the FBI, was a high-level Freemason. Allen Dulles, the CIA

director whom JFK fired, was a high-level Freemason. A number of U.S. presidents have also been high-level Freemasons, such as Franklin Delano Roosevelt, Harry S. Truman, and Gerald Ford. So it is indeed very important that we know who or what controls the top levels of Freemasonry.

Please carefully consider the following quotes:

"...If you trace up Masonry, through all its Orders, till you come to the grand tip-top, head Mason of the World, you will discover that the dread individual and the Chief [i.e., the Black Pope, the Superior General] of the Society of Jesus [i.e., the Jesuits] are one and the same person." - James Parton (American historian)

"This inner and invisible Freemasonry is international in extent, and it is within the Inner Circle that the Jesuits conceal themselves, work, and mastermind the projects that suit their goals." - John Daniel (Author of The Grand Design Exposed)

Now consider the ramifications of this: The Jesuit Superior General, the "Black Pope", not only controls his own Jesuit Order and his powerful Knights of Malta, but also the high-level Freemasons. Considering how many high-level Freemasons and Knights of Malta have been directors and assistant directors at such organizations as the CIA and FBI ought to tip us off as to who often directs and steers "covert operations" and other nefarious activities, such as assassinations, here in the USA!

V. THE SECRET MEETINGS AT VIENNA, VERONA, AND CHERI

Sadly, many Americans are largely unaware of three very important secret meetings that took place in the 19th century. These meetings took place in:

- Vienna, Austria (1814-15);
- Verona, Italy (1822); and,
- Chieri, Italy (1825).

You see, dear reader, this American "experiment" with religious liberty for all, democratic representative government under a constitutional republic, freedom of speech, etc., greatly disturbed both the Papacy and the Roman Catholic European monarchs. They feared that this "disease" of freedom might, if unchecked, spread to Europe. Thus, the American Constitutional Republic, with its religious liberty (and populated mainly by Protestants), was targeted for destruction soon after the birth of this republic! ((If you doubt this, then please read the Vatican's own words of hatred for religious liberty and for the U.S. Constitution in the next section (i. e., Section VI.!!))

Here is what Bill Hughes, author of the two excellent books *The Secret Terrorists* and *The Enemy Unmasked*, has written about these three important historical meetings:

"These three meetings, at Vienna, [Austria in 1814-15,] Verona, [Italy in 1822,] and Chieri, [Italy in 1825] were held with as much secrecy as possible. However, one man attended the first two meetings that would not be silenced. British foreign minister George Canning contacted the U.S. government to warn them that the monarchs of Europe [Ed. Note: with the encouragement and support of the Papacy and its Jesuits] were planning to destroy the free institutions of America."

"During this Congress [of Verona, Italy in 1822], it was decided that America would be the target of Jesuit emissaries and that America was to be destroyed at all costs. Every principle of the [U.S.] Constitution was to be dissolved and new Jesuitical principles were to be put into place in order to exalt the Papacy to dominion in America."

"[American Secretary of the Navy R.W.] Thompson pinpointed exactly who would be the agents used by the monarchs of Europe to destroy the republic of America, namely, the Jesuits of Rome! Since 1815 there has been a continual assault on America by the Jesuits to try to destroy the constitutional rights of this great nation. The famous inventor of the Morse code, Samuel B. Morse, also wrote of this sinister plot [of the Jesuits]

against the United States ."

"The Monroe Doctrine was America's response to the Jesuits' Congresses of Vienna [in 1814-15] and Verona [in 1825]. America would consider it an act of war if any European nation sought colonial expansion in the Western Hemisphere. The Jesuits have been able secretly to attack and infiltrate America to accomplish exactly what the Monroe Doctrine was stated to protect against. They [i.e., the Jesuits] have been able to get away with it because it was done with utmost secrecy and under the façade of being a church.

...The Monroe Doctrine challenged any advance on America by Europe. However, [President] Monroe did not really understand that the crafty Jesuits would not initially use the force of arms to gain their objectives. They [i.e., the Jesuits] would use cunning, craftiness, and utmost secrecy. They would appeal to men's basest points. They would plant their agents in positions of wealth and power [Ed. Note: such as in the U.S. Congress and in U.S. intelligence agencies] and then use their influence to gain their great prize - the subversion and destruction of every Protestant principle as outlined in the Constitution of the United States."

VI. THE VATICAN'S HATRED OF RELIGIOUS LIBERTY AND THE AMERICAN CONSTITUTIONAL REPUBLIC

"The unrestrained freedom of thinking and of openly making known one's thoughts is not inherent in the rights of citizens and is by no means worthy of favor and support."

Pope Gregory XVI

"These false and perverse opinions [of democracy and individual freedom] are so much the more detestable, by as much as they...hinder and banish that salutary influence which the [Roman] Catholic Church, by the institution and command of her Divine Author, ought freely to exercise, even to the consummation of the world, not only over individual men, but [over] nations, [over] peoples, and [over] sovereigns." (Quanta Cura; December 8, 1864)

((This quotation was taken from page 120 of the book A Woman Rides the Beast by Dave Hunt.))

Pope Pius IX (1792-1878; pope: 1846-1878)

"The State has not the right to leave every man free to embrace whatever religion he should deem true.

...The [Roman Catholic] Church has the right to require that the Catholic religion shall be the religion of the State, to the exclusion of all others.

...Cursed be those who assert liberty of conscience and of worship and such that maintain that the [Roman Catholic] Church may not employ force."

The Syllabus of Pope Pius IX (December 1864)

"No man has a right to choose his religion. Catholicism is the most intolerant of creeds. It is intolerance itself. We might as rationally maintain that two and two does not make four as the theory of Religious Liberty. Its impiety is only equaled by its absurdity." (1864)

John Hughes (Roman Catholic Archbishop of New York)

((What now follows is some proof of this hatred of religious liberty, freedom of conscience, and/or representative government that has appeared in several Roman Catholic publications.))

"...We do not accept it [i.e., the Constitutional Republic of the United States of America], or hold it to be any government at all... If the American Republic is to be sustained and preserved at all, it must be by the rejection of the principle of the [Protestant] Reformation, and the acceptance of the Catholic principle..."

Catholic World (August 1871; page 735)

((Ed. Comment to the preceding quote: Let me get this straight: If we want our American Republic "to be sustained and preserved at all", then this can only take place if we reject "the principle of the [Protestant] Reformation" (i.e., religious liberty for all, freedom of conscience, and freedom of the press) and accept "the Catholic principle" (i.e., no religious liberty, ecclesiastical tyranny, and the extermination of all who disagree with the Catholic principle). That's certainly an interesting choice!))

"Fascism is the regime that corresponds most closely to the concepts of the Church of Rome." - Civiltà Cattolica (House organ of the Jesuits)

"The [Roman Catholic] church has persecuted. Only a tyro [i.e., novice] in church history will deny that...one hundred and fifty years after [Roman Emperor] Constantine, the Donatists were persecuted and sometimes put to death. ...Protestants were persecuted in France and Spain with the full approval of the [Roman Catholic] church authorities. ...When she [i.e., the Roman Catholic Church] thinks it good to use physical force, she will use it."

The Western Watchman (A Roman Catholic publication out of St. Louis)

((And here are some more quotes showing the Vatican's hatred of religious liberty and of America's Constitutional Republic.)):

"Have not the popes [e.g., Pope Pius IX in his Syllabus of Errors] publicly and repeatedly anathematized the sacred principle of Liberty of Conscience? Have they not boldly said, in the teeth of the nations of Europe, that Liberty of Conscience must be destroyed - killed at any cost? Has not the whole world heard the sentence of death to liberty coming from the lips of the old man of the Vatican [i.e., the pope]?"

Charles Chiniquy (Ex-Catholic priest; personal friend of President Abraham Lincoln)

"The Constitution of the United States was condemned by the Papacy because it separated church and state and prohibited the establishment of any religion [Ed. Note: as an official State-sponsored religion] by the government. The popes, on the other hand, had long required governments to make Roman Catholicism the official religion and to prohibit the practice of any other." - Dave Hunt (Author of numerous books)

"During a sermon in 1850, [Roman Catholic] Archbishop John Hughes of New York, the nation's leading Vatican spokesman, acknowledged that a conspiracy to subjugate free America did exist after all. The Catholic press was ecstatic. An excerpt from 'Shepherd of the Valley', the official journal of the [Roman Catholic] Bishop of St. Louis, declared, 'If Catholics ever gain a sufficient numerical majority in this country, religious freedom is at an end. So our enemies say, so we believe.' [Catholic Archbishop] Hughes' own paper, the 'New York Freeman' brazenly announced, 'No man has a right to choose his religion.'" - Dr. William P. Grady

"For over 200 years, the goal [of the Jesuits] has been the complete destruction of the United States Constitution.

...In the religious arena, the goal of the Jesuits is to wipe out any trace of Protestantism and other religions, and to restore worldwide domination by the pope."

Bill Hughes (Author of The Secret Terrorists and The Enemy Unmasked)

VII. "Tammany Hall" and ORGANIZED CRIME

Should anyone find it difficult to believe what follows in this section, then I most highly recommend that such a person obtain the book Double Cross by Sam and Chuck Giancana. This book reveals connections between "the Mob" and the CIA - especially in the assassination business. It can be ordered from "Radio Liberty" for \$10.45 postpaid by calling their toll-free order line at 1-800-544-8927.

There are many connections between Organized Crime, the U.S. government (including the Central Intelligence Agency), and the Vatican (such as in the world of banking). The afore-mentioned book describes the relationship between the CIA and the Mob - a relationship that led to cooperation on assassinations (such as the JFK assassination) within the U.S. borders!

Oh yes, we can't forget about "Tammany Hall". Tammany Hall, "a powerful Democratic political organization of New York City", quickly became synonymous with bribery, corruption, and many other forms of criminal activity. Heavy Roman Catholic immigration for decades headed for America's largest cities, such as New York City, Boston, etc. Organized crime quickly developed in these cities. Politicians soon either had to be Roman Catholic to run for any important office - or, if non-Roman Catholic, had to have the endorsement of such Catholic organizations as the Knights of Columbus. Many large cities soon became cesspools of prostitution,

racketeering, drugs, etc. Did all of this occur by accident, or was it planned?

Indeed, the ties between the Mafia, the CIA, and the Vatican run deep. By the way, the money generated by CIA-controlled criminal activities helps to fund their "covert operations".

Please consider the following three quotes about Roman Catholic political power:

"The fact is that very few Protestants [Ed. Note: or other non-Catholic Christians] have realized how entirely Rome is a political church, and that she always makes her political advancement her first object." (1896)
M. F. Cusack (Ex-nun of Kenmore; author of the book *The Black Pope*)

"But we recognize in the Roman Catholic priesthood, and the Jesuit brotherhood, two distinct political organizations, united in purpose and using religion as a mask for political purpose, as they always have done in all ages and countries."

J. Wayne Laurens (American historian; author of the book *The Crisis: Or, the Enemies of America Unmasked*)

"There is no doubt that the American Catholic hierarchy has entered the political arena, and that it is becoming more and more aggressive in extending the frontiers of Catholic authority into the fields of medicine, education, and foreign policy... As we shall see in this book [Ed. Note: *American Freedom and Catholic Power*], the Catholic hierarchy in this country [i.e., the USA] has great power as a pressure group, and no editor, politician, publisher, merchant or motion-picture producer can express defiance openly - or publicize documented facts - without risking his future."

Paul Blanchard (Journalist and author) (1949; Quote was taken from his book *American Freedom and Catholic Power*.)

((Important Ed. Note: Due to newsletter length considerations, I will not get into the Vatican/Jesuit involvement in the U.S. Civil War and in the assassination of President Abraham Lincoln. Please read my TTT #60, "The Civil War and Abraham Lincoln", that can be found on the first two Internet web sites listed at the beginning of this newsletter. Suffice it to say here, the evidence of the Vatican/Jesuit involvement in the assassination of President Lincoln was so overwhelming that the U.S. government broke all diplomatic relations with the Vatican in 1867, shortly after the trial of one the conspirators, John Harrison Surratt. If you doubt this, then you need to read the two-books-in-one volume concerning the Lincoln assassination that will be listed at the end of this newsletter.))

VIII. WORLD WAR I

The Vatican and her Jesuits were clearly responsible for the carnage that occurred in both World War I and World War II. Please carefully consider the following quote by Edmond Paris:

"The public is practically unaware of the overwhelming responsibility carried by the Vatican and its Jesuits in the starting of two world wars - a situation which may be explained in part by the gigantic finances at the disposition of the Vatican and its Jesuits, giving them power in so many spheres, especially since the last conflict."

Please consider this quote by Pope Pius X (1835-1914; pope: 1903-1914):

"It would certainly have been better if Austria-Hungary had punished the Serbians for all the wrongs they had done." (1913)

((Ed. Comment to the preceding quote: In *The Secret History of the Jesuits*, Edmond Paris points out that, contrary to Catholic Church propaganda, Pope Pius X actually helped instigate hostilities between Austria-Hungary and Serbia. Clearly both the Hapsburg dynasty (rulers of Austria-Hungary) and the Vatican saw the growing power of Serbia [made up mostly of Orthodox Christians] as a "threat". In fact, in late 1913 Prince Schonburg had an audience with Pope Pius X, who told Schonburg the words contained in the preceding quote. In other words, the Roman Catholic pope was letting this Roman Catholic European power (Austria-Hungary) know that it was past time to "take care of" the Serbian "problem"!))

IX. WORLD WAR II

Please carefully consider the following quotations concerning World War II contained in this section:

"Actually, nobody has a right to be more angry at the Rothschild clique than their fellow Jews. The Warburgs, part of the Rothschild empire, helped finance Adolph Hitler. There were few if any Rothschilds or Warburgs in the Nazi prison camps! They sat out the war in luxurious hotels in Paris or emigrated to the United States or England. As a group, Jews have suffered most at the hands of these power seekers. A Rothschild has much more in common with a Rockefeller than he does with a [Jewish] tailor from Budapest or the Bronx."
Gary Allen (Author of the book None Dare Call It Conspiracy)

((Ed. Comment to the preceding quote: German Roman Catholic Knight of Malta Franz von Papen and the German Roman Catholic Centrum (or, Zentrum) Party in Bavaria helped put Hitler into power. American Knights of Malta (big financiers) helped finance Hitler's rise to power. And who controls the Knights of Malta? The answer: The Jesuit Superior General controls the Knights of Malta. Thus the Vatican and its Jesuit Order, which for centuries have hated and butchered large numbers of Jews (e.g., during the Crusades), were able to butcher millions more during World War II. Roman Catholic dictators were installed all over Europe prior to and during the early stages of World War II - Hitler in Germany, Mussolini in Italy, Jesuit Monseigneur Tiso in Slovakia, Ante Pavelic in Croatia, etc. Then these Roman Catholic dictators were able to slaughter the Jews, Protestants, and Orthodox Christians in Europe - all favorite and historic targets of the Vatican - with great vigor and great efficiency.))

Eric Jon Phelps, author of the well-researched book VATICAN ASSASSINS: Wounded in the House of My Friends, lets us know the names of the Roman Catholic dictators throughout Europe during World War II (dates shown are born/died dates):

"The Jesuits, in control of [Adolph] Hitler's occultic and homosexual Third Reich..., installed puppet dictators throughout Europe. They were:

- Bavarian Germany and the Third Reich - [Adolph] Hitler [1889-1945]
- Italy - [Benito] Mussolini [1883-1945]
- 'Vichy' France - [Henri Philippe] Petain [1856-1951]
- Spain - [Francisco] Franco
- Austria - Seyss-Inquart
- Poland - Frank
- Slovakia - [Jesuit] Priest [Monseigneur] Tiso
- Croatia - [Ante] Pavelitch ((Ed. Note: alternate spelling: Pavelic))
- Belgium - Degrelle.

All these Roman Catholic, Jesuit-controlled, Jew-hating dictators were loyal to the greatest war criminal of all, Papal Caesar Pius XII and his master, Jesuit [Superior] General Wlodimir Ledochowski."

"The declaration of [Roman Catholic Jesuit] Monseigneur [Ed. Note: French spelling of 'Monsignor'] Tiso, chief of the Slovakian state, stating his intention to build up Slovakia according to a Christian [sic] plan, has the full approval of the Holy See [i.e., the Papacy]."
(June 1940) - Radio Vatican

((Ed. Comment to the preceding quote: This Jesuit monster (Tiso) was put into power by Hitler's Nazi Germany, with the blessings of the Vatican. Tiso, using his 'Christian' plan, brutally persecuted Protestants and Jews in Slovakia, sending them to concentration camps!))

"I have learnt most of all from the Jesuit Order. ...So far, there has been nothing more imposing on earth than the hierarchical organization of the [Roman] Catholic Church. A good part of that organization I have transported direct to my own [Nazi] party. ...The Catholic Church must be held up as an example. ...I will tell you a secret. I am founding an order [Ed. Note: the Nazi SS]. ...In [Heinrich] Himmler [who would become head of the Nazi SS] I see our Ignatius de Loyola [Ed. Note: the founder of the Jesuit Order]."

Adolph Hitler (1889-1945; Nazi leader and chancellor of Germany from 1933-1945)

"In Hitler's Pope, award-winning journalist John Cornwell shows that Eugenio Pacelli, Pope Pius XII, was instrumental in negotiating an accord that helped the Nazis rise to unhindered power - and sealed the fate of the Jews in Europe.

Drawing upon secret Vatican and Jesuit archives to which he had unprecedented access, Cornwell tells the full, tragic story of how narcissism, long-standing personal antipathy for the Jews, and political and 'spiritual' ambition combined to make Pius the most dangerous churchman in history. Not just a firm and final indictment of Pius XII's papacy, Hitler's Pope is also a searing exploration of its lingering consequences for the Catholic Church today."

Hitler's Pope: The Secret History of Pius XII (book by John Cornwell)

Why did I list all of the above quotations? I did so because the Vatican planned, fomented, and orchestrated two world wars in an attempt to achieve Vatican objectives in Europe. The Vatican also planned, fomented, and orchestrated those two bloody world wars in order to slaughter millions of the favorite "targets": Jews, Protestants, and Orthodox Christians! Indeed, the Vatican and her Jesuits have been at the forefront of almost every major bloody war and major bloody revolution in the western world in the past four centuries.

Numerous historians have documented this. Please see the section entitled "What Can We Do?" - it will contain a number of books that document this nefarious history of bloodshed and violence.

Questions: If "the Jews" (i.e., Jewish bankers, Zionists, etc.) run the banking in the USA and in Europe, then why in blazes did they finance Hitler, Mussolini, and many other Catholic dictators in Europe during World War II? If "the Jews" have been running the USA and western European countries for ages, then why did they help ensure that millions of Jews would be slaughtered during World War II by supporting Catholic Fascist dictators? The answer is quite simple: It was NOT "the Jews" running the show in Europe during World War II, but rather the Vatican with her Jesuits and her powerful and wealthy Knights of Malta - with the help of a few rich secular Jews who work with the Vatican on such enterprises as world wars.

X. THE USA TODAY - WHO REALLY RUNS THIS COUNTRY?

Here's an interesting quote by author and publisher Jack T. Chick:

"I questioned Dr. [Alberto] Rivera about the briefings he received in the Vatican when he was a Jesuit priest. I asked him if he was briefed on how the Vatican planned to take over the United States. He told me [that] his indoctrination [training as a Jesuit] went back [into American history] to the time of the Pilgrims. Because of the knowledge of the Inquisition and the slaughter of Christians by the Roman Catholic system, the early immigrants in America began passing laws to keep Jesuits out of this country and to outlaw the mass...to protect themselves from a Vatican takeover. These were Christian communities deeply concerned about the 'whore of [found in the book of] Revelation'.

Jesuits began arriving in America as early as the second group of Pilgrims. They used different names with identifications. They were followed years later when the Vatican sent multitudes of Catholic families from England, Ireland, and France - posing as Protestants - into the colonies. These were 'plants'. They were holding secret masses in defiance of the laws. In those days, no Roman Catholic was to hold any position in civil government. The Jesuits made sure this part of our history was erased and removed.

The next major move by the Jesuits was to destroy or control all the Christian schools across America.

Throughout the years, Jesuits, working undercover, have gotten into special committees on school boards to remove the emphasis of the Bible and replace it with psychology as found in the Spiritual Exercises of Ignatius de Loyola, the founder of the Jesuit Society. Later, Catholic schools and universities sprang up all across the nation under the Jesuits. Today, they probably outnumber all the Christian schools and colleges put together.

The third stage was to move into the courts and legislation...to take over as judges and lawyers in order to manipulate the Constitution in their favor until it could be changed. Once this was accomplished, the thrust was into politics to capture the political parties. Then [the Jesuits moved on to] the military and the newspapers. Even back in the time of Lincoln over half the newspapers in the United States were controlled by the Vatican."

((Ed. Comments to the preceding quote:

(1) If you have any doubts about the above claims by Jack Chick concerning the power and influence of the Papacy, and especially her Jesuit Order, then you need to check out his book Smokescreens, the book A Woman Rides the Beast by Dave Hunt, the book The Secret History of the Jesuits by Edmond Paris, the book 50 Years in the Church of Rome by Charles Chiniquy, and the book Is Alberto for Real? (compiled by Sidney Hunter). These books can all be ordered via credit card by calling 1-909-987-0771.

(2) If you have any doubts about the Vatican's heavy-duty takeover of much of America's newspapers, magazines, etc., then please do some research on such Jesuit-controlled Knights of Malta named William Randolph Hearst and Henry Robinson Luce.))

Here is an interesting quote by Felix Frankfurter (1882-1965; a Supreme Court justice):

"The Order's working and involvement in America is immense. The real rulers in Washington [D.C.] are invisible and exercise power from behind the scenes."

And another quote by John F. Hylan (Mayor of New York City from 1918-1925):

"The real menace of our Republic is this invisible government which like a giant octopus sprawls its slimy legs over our cities, states, and nation.

A. The U.S. Congress

Please consider the following quotations by F. Tupper Saussy, which were taken from his book RULERS OF EVIL: Useful Knowledge About Governing Bodies, along with some of my editorial comments:

"What [Professor Carol A.] Brown [of the University of Massachusetts] had learned from Carl Bernstein, I [i.e., F. Tupper Saussy] had discovered for myself over several years of private investigation: the papacy really does run United States foreign policy... Yes, [Carl] Bernstein noted that the leading American players behind the Reagan/Vatican conspiracy, to a man, were 'devout Roman Catholics' - namely,

- William Casey - Director, CIA [Ed. Note: And a Knight of Malta];
- Richard Allen - National Security Advisor;
- Judge William Clark - National Security Advisor;
- Alexander Haig - Secretary of State [Ed. Note: And a Knight of Malta];
- Vernon Walters - Ambassador-at-Large; and,
- William Wilson - Ambassador to the Vatican State.

But the reporter neglected to mention that the entire Senate Foreign Relations committee was governed by Roman Catholics as well. Specifically, Senators

- Joseph Biden - Subcommittee on European Affairs;
- Paul Sarbanes - International Economic Policy, Trade, Oceans, and Environment;
- Daniel P. Moynihan - Near Eastern and South Asian Affairs;
- John Kerry - Terrorism, Narcotics, and International Communications; and,
- Christopher Dodd - Western Hemisphere and Peace Corps Affairs."

((Ed. Comments to the previous quote:

(1) Please consider also that there are 18 Jesuit colleges and universities in the United States. One of them, Georgetown University, is famous for educating many U.S. diplomats and Foreign Service personnel. A Jesuit priest and professor at Georgetown University, 'Father' Edmund Walsh (who founded the School of Foreign Service at Georgetown University), in 1922 led the "Relief Mission" to the Soviet Union after the Bolsheviks had seized power.

(2) The Knights of Malta is headquartered with, and subordinate to, the Jesuit Superior General in Rome. Powerful Knights of Malta have held key positions in the U.S. government, in U.S. intelligence agencies (e.g., William Casey, James Jesus Angleton, William Donovan, and John McCone), in publishing (e.g., William Randolph Hearst and Henry Robinson Luce), etc.

(3) Senator John Kerry, during his presidential run, revealed his Jewish background.))

"In fact, when the 'Holy Alliance' story hit the stands [in 1992], there was virtually no arena of federal legislative activity, according to 'The 1992 World Almanac of US Politics', that was not directly controlled by a Roman Catholic senator or representative. The committees and subcommittees of the United States Senate and House of Representatives governing commerce, communications and telecommunications, energy, medicine, health, education and welfare, human services, consumer protection, finance and financial institutions, transportation, labor and unemployment, hazardous materials, taxation, bank regulation, currency and monetary policy, oversight of the Federal Reserve System, commodity prices, rents services, small business administration, urban affairs, European affairs, Near Eastern and South Asian affairs, terrorism/narcotics/international communications, international economic/trade/oceans/environmental policy, insurance, housing, community development, federal loan guarantees, economic stabilization measures (including wage and price controls), gold and precious metals transactions, agriculture, animal and forestry industries, rural issues, nutrition, price supports, Food for Peace, agricultural exports, soil conservation, irrigation, stream channelization, flood control, minority enterprise, environment and pollution, appropriations, defense, foreign operations, vaccines, drug labeling and packaging, drug and alcohol abuse, inspection and certification of fish and processed food, use of vitamins and saccharin, national health insurance proposals, human services, legal services, family relations, the arts and humanities, the handicapped, and aging - in other words, virtually every aspect of secular life in America - came under the chairmanship of one of these Roman Catholic laypersons:

Frank Annunzio Edward Kennedy Daniel Moynihan
Joseph Biden John Kerry John Murtha
Silvio Conte John LaFalce Mary Rose Oaker
Kika De la Garza Patrick Leahy David Obey
John Dingell Charles Luken Claiborne Pell
Christopher Dodd Edward Madigan Charles Rangel
Vic Fazio Edward Markey Dan Rostenkowski
James Florio Joseph McDade Edward Roybal
Henry Gonzalez Barbara Mikulski
Thomas Harkin George Miller

Vatican Council II's 'Constitution on the Church' (1964) instructs [Roman Catholic] politicians to use their secular offices to advance the cause of Roman Catholicism."
((Ed. Comment to the preceding quote: Senator John Kerry, during his presidential run, revealed his Jewish background.))

"An updating of this list will not reflect a significant change in the presence of Roman Catholic laypersons in the higher legislative reaches. According to the 'Association of Jesuit Colleges and Universities', in the 106th Congress there are 40 'Jesuit alumni' who graduated from 17 Jesuit institutions [of higher learning]. There are 5 alumni in the U.S. Senate and 35 alumni in the House of Representatives. Out of these 40 alumni, 23 received graduate or professional degrees from Jesuit universities. [Jesuit] Georgetown University has the most graduates, boasting 15 alumni in the U.S. Congress."

((Ed. Comment to the preceding quote: Please remember that these folks are graduates of Jesuit institutes of higher learning. There are other Roman Catholic institutes of higher learning that do not belong to the Jesuit Order. Many Roman Catholic laypersons that have served in the U.S. Congress have come from non-Jesuit Roman Catholic colleges and universities.))

Please also consider these two quotes by Avro Manhattan, taken from his book Murder in the Vatican:

"The Vatican is a superpower - on a par with the USA and Soviet Russia. Indeed, since at times it can act as a formulator of the policies of both, it can be reckoned as the paramount superpower of our times. Its adherents, a massive portion of mankind, nearing a billion [Ed. Note: it's now over a billion], can be made to operate in every corner of the world. [There are] sixty million [Roman Catholics] within the USA herself. ... Therefore the Vatican is a superpower in its own right. Indeed, because of its duality as a political and as a religious center, it can outbid the other two [superpowers]."

((Ed. Comments to the preceding quote:

(1) The Vatican today needs no standing armies of her own. Why is this so? It is because she can mobilize the armies of other nations to do her bidding. This happened on a massive scale during World War II - a war that was fomented and largely orchestrated by the Vatican.

(2) The Vatican is often able to "steer" (i.e., direct) the foreign policy of other nations through her many agents that she infiltrates into foreign policy-making governmental committees and organizations - and, into the most powerful intelligence agencies in the World, such as the CIA. In the USA, the Vatican is able to draw upon her powerful Jesuits, Knights of Malta, Knights of Columbus, Opus Dei, etc. - many of whom hold positions of great power in the U.S. government! Sadly, many of these powerful individuals give a far greater degree of their loyalty to the Pope and/or to the Jesuit Superior General than they do to the U.S. Constitution and to the American people!

(3) There were 60 million Roman Catholics in the USA in 1985 (when Manhattan's book was written). However, when one adds to this number the normal growth in population of 20 more years, PLUS all the illegal immigrants coming into the USA (the vast majority of whom are Roman Catholic), the number of Catholics in America today is probably closer to 100 million.))

"Thus, whereas the USA has a mere 250 million citizens [Ed. Note: Remember, this was written in 1985] and the Soviet Union about 300 million, the Vatican, via the [Roman] Catholic Church, can influence between 800 and 1000 million [i.e., one billion] Catholics.

These [now over one billion Roman Catholics], unlike the citizens of the other two superpowers (who are strictly confined within physical and political barriers), have no frontiers whatsoever. They are posted within the USA, Soviet Russia, and within hundreds of other countries, and can be made to operate independently of their own administrations, governments or regimes.

A Catholic citizen, therefore, owing to the fact that he is a member of the Catholic Church, can and often is influenced in his social and ideological attitudes by those taken by the Vatican, acting as the political facet of the Catholic Church.

It cannot be otherwise, since [Roman] Catholics, notwithstanding their disclaimer, are affected directly, tangentially, by the Vatican's political stance in the belief that such a stance is that of the Catholic Church."

And please consider this quote by Jeremiah J. Crowley (Irishman; ex-priest in the Roman Catholic Church; author of the book *Romanism: Menace to the Nation*):

"Today they [i.e., the Jesuits] are stronger in the United States than they ever were in any of the countries of Europe which expelled them as a menace to the government." (1912)

B. The Mainstream Media and Press

I would like to repeat journalist Paul Blanchard's quote again:

"There is no doubt that the American Catholic hierarchy has entered the political arena, and that it is becoming more and more aggressive in extending the frontiers of Catholic authority into the fields of medicine, education, and foreign policy... As we shall see in this book [Ed. Note: *American Freedom and Catholic Power*], the Catholic hierarchy in this country [i.e., the USA] has great power as a pressure group, and no editor, politician, publisher, merchant or motion-picture producer can express defiance openly - or publicize documented facts - without risking his future." (1949; Quote was taken from his book *American Freedom and Catholic Power*.)

Please remember that this quote was made in 1949. The power of the Roman Catholic hierarchy in the USA has not diminished from that time, but has, in fact, grown. Many powerful Knights of Malta (under the control of the Roman Catholic Jesuit Order) have held key positions in the media (e.g., Henry Robinson Luce and William Randolph Hearst), in U.S. Intelligence (e.g., CIA chiefs William Donovan, John McCone, and William Casey), in banking, in the U.S. government, etc. Top-level Knights of Columbus (e.g., Senator Ted Kennedy)

have held, and continue to hold, key positions in the U.S. government. Many of these men do NOT have the best interests of the American people at heart - rather, they serve the interests of the globalist rich and power elite and the Vatican. These men share the goals of the Vatican for one-world government and one-world religion under the leadership of the papacy!

Here are some interesting quotes about America's controlled mainstream media (which is probably the most controlled media in the western world):

"In March 1915, the J.P. Morgan interests [Ed. Note: controlled by the Rockefellers]...got together 12 men high up in the newspaper world and employed them to select the most influential newspapers in the U.S. and [a] sufficient number of them to CONTROL generally the policy of the daily press of the United States. These 12 men worked the problem out by selecting 179 newspapers, and then began, by an elimination process to retain only those necessary for the purpose of CONTROLLING. They found it was necessary to purchase CONTROL of 25 of the greatest [news] papers. The 25 [news] papers were agreed upon; emissaries were sent to purchase the policy, national and international, of these papers. An agreement was reached; the policy of the papers was bought, to be paid for by the month; an editor was furnished for each paper to properly SUPERVISE and EDIT information regarding the questions of preparedness, militarism, financial policies, and other things of national and international nature considered vital to the INTERESTS of the PURCHASERS... This policy also included the SUPPRESSION of everything in opposition to the wishes of the INTERESTS SERVED." (Statement placed in the Congressional Record in 1917)
Oscar Callaway (U.S. Congressman)

"There is probably no important magazine or newspaper in the country [Ed. Note: the USA] that is not COMMUNIST-penetrated to some degree."
Whittaker Chambers (1901-1961; American journalist; ex-member of the Communist Party of the United States)

((Ed. Comment to preceding quote: The communists are merely "front men" for more powerful forces working "behind the scenes" - controlled by secret societies, such as the Jesuits.))

Authors Texe Marrs and Dr. Cathy Burns, and other writers, have reported that such "Protestant" evangelical leaders, such as Billy Graham and Pat Robertson (both of whom are high-level Masons), were financed and set up ("puffed" in the press as they started their religious careers) by such Roman Catholic Knights of Malta as Henry Robinson Luce and William Randolph Hearst. Isn't that very interesting - "Protestant" leaders (who are Masons) being set up by Roman Catholic Knights of Malta?

Who really controls America's mainstream media? Some allege that it is "the Jews" running America's mainstream media. If that is so, then how do these powerful Roman Catholic Knights of Malta achieve such mighty positions in the world of publishing and electronic media? If "the Jews" run America's press and publishing houses, then how does a Roman Catholic pope get to be named "man of the year" in major U.S. newsmagazines? If "the Jews" run our television networks, then how does a masterful piece of propaganda on Roman Catholic Pope John Paul II get to be aired on American television? If "the Jews" run America's media, then why in blazes do popes and other Catholic prelates get wonderful press in this country? ((Remember, no one has hated and slaughtered Jews like the Vatican has! If you doubt this, please see my TTT newsletter entitled "Bloody Hands & Wicked Hearts" that is posted on the first two Internet web sites listed at the beginning of this newsletter.))

XI. RED HERRINGS, SCAPEGOATS, & SMOKESCREENS

I would like to repeat a statement I made earlier in this newsletter:

Front organizations, "sheep dipping", scapegoats, red herrings, and smoke screens - all of these are SOP (standard operating procedures) for the Jesuit Order!

One of the favorite "red herrings" [i.e., something used to divert attention from the basic issue] used by the Jesuit Order is that "such-and-such a person is a Jew". You can find various web sites that will tell you that

Hitler was a Jew - or Stalin was a Jew. First of all, let's get a few things straight from the beginning here:

- Adolph Hitler was a practicing Roman Catholic who was never excommunicated from the Roman Catholic Church. (Neither was Mussolini!) He was put into power by German Roman Catholic Knight of Malta Franz von Papen and the Roman Catholic Centrum (or, Zentrum) Party in Bavaria. And, Hitler signed a Concordat with the Vatican.
- Joe Stalin was trained by the Jesuits at the Jesuit Tiflis Seminary in Soviet Georgia.

Again, this is "standard operating procedures" for the Jesuit Order. That is, after the dastardly deeds are done, then accuse every powerful individual who was involved - usually after he is dead - of being a Jew.

Something else to consider: The Jews settled extensively throughout much of Europe, and despite warnings to the contrary, did intermarry amongst the surrounding Gentiles. Thus many Europeans probably have at least a little Jewish blood from somewhere on the "family tree". It has been reported that Adam Weishaupt was born a Jew. Even if true, so what? Adam Weishaupt was Jesuit-trained, and he taught Roman Catholic Canon Law at a Jesuit university in Catholic Bavaria (i.e., at Jesuit Ingolstadt University). Weishaupt, as already mentioned, died in the good graces of the Catholic Church (after being "sheep dipped" for a period of time). Likewise, Stalin was Jesuit-trained.

Something else to consider: I have read in several books that at one time a Jew was found in the Jesuit Order and was immediately put out of the Order - and that a rule was made that no [real] Jew could be a Jesuit. Do the Jesuits use some Jews as front men? It would certainly appear that they do.

The main point here is: It does not matter what one is born (whether Jew, Christian, Moslem, etc.), but rather whom does one serve! We can take a look at World War II and see that history recorded in great detail that the monsters who fomented, choreographed, and conducted this bloody world war were Roman Catholics who had the full support of the Vatican. And they carried out the Vatican's agenda in World War II. Take a good, close look again at the Eric Jon Phelps' quote in the World War II section that lists those Roman Catholic dictators.

As far as scapegoats go, the Vatican has for centuries used "the Jews" as their favorite "scapegoat". Again, please read my TTT newsletter entitled "Bloody Hands & Wicked Hearts" for some historical examples of this use of the Jews as a scapegoat by the Vatican. The Jesuits certainly use "the Jews" quite often as a "smoke screen" to cover their own nefarious activities!

XII. SUMMARY

History has shown us quite clearly that the Vatican hates religious liberty and loves ecclesiastical tyranny. It also shows us that she hates the Constitutional Republic of the United States of America (where religious liberty has flourished) and loves Fascist regimes.

The plans to destroy America and her Constitutional Republic were made quite early in American history. Roman Catholic monarchs and the highest levels of the Roman Catholic Church's hierarchy (to include a number of popes) CONSPIRED to destroy religious liberty and representative government. Top Catholic leaders gathered in at least three largely secret meetings to discuss how to squash religious liberty and representative government wherever and whenever they appeared - whether on the European continent or in the United States of America.

These three meetings were:

- The Congress of Vienna [Austria] from 1814 through 1815;
- The secret meeting at Verona, Italy in 1822; and,
- The secret meeting at Chieri, Italy in 1825.

Indeed, plans were carefully laid out at these meetings for the takeover of the United States through infiltration of our government, our education system, our press and media, and even our non-Catholic Christian churches and seminaries. The same plans had earlier been used quite successfully in England. The degree to which most

Americans are totally unaware of these three secret meetings (Vienna, Verona, and Chieri), Vatican and Jesuit involvement in the assassination of President Abraham Lincoln, the Vatican's involvement in fomenting both World War I and World War II, the Vatican's support of Nazi Germany and Fascist Italy (and other Fascist states in Europe) during World War II, etc., speak volumes about how successful their takeover of America's history books, publishing industry, press, and media has been!

The primary "weapon" against religious liberty, the Protestant Reformation, representative government, etc., of the Vatican for the past four plus centuries has been the infamous Jesuit Order (with its powerful Knights of Malta and its control of the top levels of Freemasonry). The primary "tool" of the Jesuit Order has been INFILTRATION. Wherever the Jesuit Order has been allowed to flourish, political intrigue, revolutions, civil wars, assassinations of heads of State, etc., have been the fruit of this den of vipers.

XIII. FINAL THOUGHTS

Question: After having read this newsletter, who do you think is the greatest threat to our Constitutional Republic and our religious liberty - the Vatican & Jesuits OR "the Jews"?

((The following paragraph is an addition for the "electronic version" of this issue of TTT that will soon, D.v., be posted on the Internet. I asked the same question as immediately above in a January 6, 2006 piece I wrote entitled "New Year's Thoughts". I think the information is worth repeating in this section of this newsletter.))

"For heaven's sake, there are 18 million Jews in the world, and over one BILLION Roman Catholics (that the Vatican State can draw on). The Vatican State not only has diplomatic relations with many nations of the world, but also has the largest (by far) and most efficient intelligence-gathering network in the world (especially through her numerous monastic orders, large priesthood, and the Confessional)! The Vatican has a well-documented history of over 1000 years of religious genocide on a massive scale ((against Jews; against Christian groups such as the Albigenses and Waldenses; against Protestants (the French Huguenots, Irish Protestants, Bohemians, etc.); and against Orthodox Christians (as recently as the 1940s)). The Vatican has a well-documented history of Inquisition (especially against Jews and Christians), and of the most brutal torture. (The Office of Inquisition STILL exists - now called the 'Congregation for the Doctrine of the Faith' - and the Catholic Church has never repudiated its 'right' to use force, torture, and extermination of all who oppose her doctrines and practices! The Vatican has a well-documented history of infiltrating governments and royal courts with her Jesuits, papal knights, etc. The Vatican's Jesuit Order has a well-documented history of infiltrating other Christian denominations and seminaries, of assassinating heads of State, of fomenting revolutions and wars, and of carrying out many other nefarious activities. The Vatican has a well-documented history of loving Fascist regimes (such as Nazi Germany and Fascist Italy in World War II) and of hating religious liberty. The Vatican also loves ecclesiastical monopoly, and regularly persecutes other religions whenever and wherever she has the power and opportunity to do so (e.g., Croatia in World War II)! Now, in view of what was stated in this paragraph, I ask you, dear reader:

Who is the greatest threat to religious liberty and conscience, and to the American Republic - "the Jews" or the Papacy/Vatican/Jesuits?"

((End of added paragraph for "electronic version" to be posted, D.v., on the Internet))

America is at the brink of destruction. And that destruction has been carefully planned. We - none of us - can afford to remain "silent" for fear of offending anyone or any institution.

Please carefully consider these quotes concerning "silence":

"Truth is violated by falsehood, but it is outraged by silence."
Henri-Frederic Amiel (1821-1881; Swiss writer and philosopher)

"When freedom is at stake, silence is not golden - it is yellow [i.e., cowardly]."
Tom Anderson (Writer)

Indeed, many of us have Roman Catholic relatives and friends. We don't do them - or ourselves - any favors by remaining "silent" concerning the hierarchy of the Roman Catholic Church and its well-documented history of:

- Hating religious liberty and freedom of conscience;
- Plotting the overthrow of the U.S. Constitution and our most basic God-given Rights;
- Assassinating heads of State, such as President Abraham Lincoln;
- Fomenting and orchestrating revolutions and wars, such as World War I and World War II;
- Planning and carrying out religious genocide on a mass scale against such groups as: Jews, Bible-believing Christians such as the Albigenses and Waldenses, Protestants such as the Irish Protestants and French Huguenots, and Orthodox Christians (as recently as the 1940s in Croatia); and,
- Planning and working to be at the very top of a one-world religion and a one-world government.

If we are worried about offending our Catholic relatives and friends, then we ought to consider this following quote by the Greek philosopher Aristotle (384-322 B.C.): "...Piety requires us to honor truth above our friends."

Some commentators continue their main focus on "the Jewish bankers, the Masonic Jews, the Jewish neo-conservatives in the U.S. Administration, the Zionists, and Israel" - sometimes lumping them all together as "the Jews". Those individuals who do so, while largely ignoring the much greater threat from the geopolitical/financial/religious powerhouse made up of the Vatican State with her Jesuits, Knights of Malta, Knights of Columbus, Opus Dei, numerous monastic orders, a large priesthood, plus control of the top levels of Freemasonry, etc., are doing the following:

- "Straining at a gnat while swallowing a camel."
- Focusing on two "growling Chihuahuas" (what they call "the Jews" and Israel) while largely ignoring ten "Bengal (Romish) Tigers" (Vatican State, Jesuits, Opus Dei, papal knights, etc.).
- Pointing out to us an "infantry squad" attacking in the middle of the battlefield while missing the "ten armored divisions" quickly enveloping us on one of our flanks.

By doing this, I believe that they are, perhaps without knowing it, aiding and abetting the most powerful enemies of our Republic and of our liberties. And everyone who remains SILENT about this great threat to our Republic and our liberties is also aiding and abetting those who desire to destroy everything we hold dear!

We can go on pretending that there is no real threat from the Vatican's designs for world domination - to be at the head of one-world government and one-world religion, or we can do some research and study to find out the truth about the Vatican and her hatred of our most precious liberties. Which brings us to the section entitled, "What Can We Do?"

XIV. WHAT CAN WE DO?

1. If you think that this issue of the TTT newsletter contains important information, then please make copies of it and give them away free-of-charge to others.
2. Please check out these two Internet web sites: www.tacklingthetoughtopics.net and www.calltodecision.com. Please read some of my TTT and ETI newsletters, especially "Death by Government and Death by Church" and "Bloody Hands & Wicked Hearts" that deal with religious genocide (to include Inquisition, papal crusades against Christians, 'holy' wars, etc.). Please also check out my TTT newsletters on "The Jesuits" (parts I through IV), and the series of TTT newsletters that I did on wars in which American troops fought. If you find that any of these newsletters contain important information, then please make copies of them to give to others. Also, please tell as many folks as you can about the above-listed web sites.
3. Please purchase good books that will tell you the truth about religious genocide, Inquisition, assassinations of heads of State, etc. Here are some that everyone should read:

(a.) Foxe's Book of Martyrs by John Foxe; 470 pages; \$11 postpaid: This book contains the stories of many victims of ecclesiastical tyranny - stories of martyrs like John Huss, William Tyndale, Hugh Latimer, Nicholas Ridley, etc. These martyrs paid the ultimate price for opposing false doctrine - some being horribly tortured - some being slowly burned (roasted) at the stake. Their stories of courage must not be allowed to die. This book is "must read" for all Christians - both Catholics and non-Catholic Christians should learn the truth about ecclesiastical tyranny! To order a copy, please call "Power of Prophecy" toll-free at 1-800-234-9673. Or, make check or money order payable to "Power of Prophecy" and mail it to: Power of Prophecy // 1708 Patterson Road // Austin, TX 78733-6507.

(b.) The Vatican's Holocaust by Avro Manhattan; 236 pages; 1986; Publisher: Ozark Books; \$9.95 postpaid: This book deals with the Roman Catholic clergy-led religious genocide against Serb Orthodox Christian peasants and farmers in Croatia during World War II, and includes photographs of both the victims and perpetrators of this barbaric genocide. To order a copy, please make check or money order payable to "Ozark Book Publishers", and mail it to: Ozark Book Publishers // P.O. Box 3703 // Springfield, MO 65808.

(c.) A Woman Rides the Beast by Dave Hunt; 550 pages; 1994; Publisher: Harvest House Publishers; ISBN 1-56507-199-9: This book is \$16.20 postpaid. It has chapters on the Croatian Holocaust of World War II, the Vatican Ratlines that helped Nazi and Fascist war criminals escape punishment at the end of World War II, and much more. To order, make check or money order payable to "Chick Publications" and mail it to: Chick Publications // P.O. Box 3500 // Ontario, CA 91761-1019. For credit card orders, please call 1-909-987-0771.

(d.) Smokescreens by Jack Chick; 95 pages; 1983; Publisher: Chick Publications; ISBN 0-937958-14-X; \$6.75 postpaid: This book has an excellent chapter entitled "A 20th Century Inquisition" that exposes the horrors of the Vatican's Holocaust in Croatia during World War II, and includes photographs of both the victims and perpetrators of this barbaric genocide. It also has a chapter dealing with other mass murders and massacres carried out on the orders of the hierarchy of the Roman Catholic Church. For credit card orders, please call 1-909-987-0771. Or, make check or money order payable to "Chick Publications" and mail it to: Chick Publications // P.O. Box 3500 // Ontario, CA 91761-1019.

(e.) The Secret History of the Jesuits by Edmond Paris; 206 pages; Publisher: Chick Publications; ISBN 0-937958-10-7; \$10.75 postpaid: This book covers the history of the Jesuit Order from its founding in 1534 through World War II. The author exposes the Jesuit-controlled Vatican's involvement in world politics, intrigues, and the fomenting of wars. This book reveals the involvement of the Vatican in helping to foment both World War I and World War II, and its involvement in supporting Nazi and Fascist regimes in Europe during World War II. Much of the slaughter that occurred in World War II can be laid at the feet of the Vatican and her Jesuits. To order a copy, make check or money order payable to "Chick Publications" and mail it to: Chick Publications // P.O. Box 3500 // Ontario, CA 91761-1019. To order by credit card, please call 1-909-987-0771.

(f.) The Grand Design Exposed by John Daniel; 411 pages; 1999; Publisher: CHJ Publishing; ISBN 0-927022-41-9; \$20 postpaid: This book is a well-documented exposé about Jesuit control of Freemasonry. It also fills in many "historical gaps" concerning the sinister activities of the Jesuit Order. This book provides evidence of some heavy-duty Jesuit involvement in fomenting the bloody French Revolution (1789-1799). (This book also deals with some very important aspects of Bible prophecy!) To order a copy, please make check or money order payable to "American Sentry Books" and mail it to: American Sentry Books // P.O. Box 14 // Crawley, WV 24931. ((If you have any questions on bulk orders, please call 1-304-392-6155.))

(g.) The Secret Terrorists by Bill Hughes; 150 pages; 2002; Publisher: Truth Triumphant; \$5 postpaid: This book deals with the assassination of a number of U.S. presidents (Harrison, Taylor, Buchanan, Lincoln, Garfield, McKinley, and JFK), and exposes those who had the motive for assassinating these men. It also reveals some fascinating facts about the sinister activities of the Jesuit Order. To order this book, please make check or money order payable to "Truth Triumphant" and mail it to: Truth Triumphant // P.O. Box 1417 // Eustis, FL 32727-1417. ((You can obtain this book and Bill Hughes' follow-on book "The Enemy Unmasked" for \$9 postpaid - and save a \$1 - each book is \$5 if ordered separately.))

(h.) The Enemy Unmasked by Bill Hughes; 160 pages; 2004; Publisher: Truth Triumphant; \$5 postpaid: This

book exposes the Jesuit Order, the Illuminati, and treasonous activities during America's history. To order, please make check or money order payable to "Truth Triumphant" and mail it to: Truth Triumphant // P.O. Box 1417 // Eustis, FL 32727-1417. ((You can obtain this book and Bill Hughes' first book "The Secret Terrorists" for \$9 postpaid - and save a \$1 - each book is \$5 if ordered separately.))

(i.) Rome's Responsibility for the Assassination of Abraham Lincoln by Brigadier General Thomas M. Harris AND The Suppressed Truth about the Assassination of Abraham Lincoln by Burke McCarty (Two books in one volume); 270 pages; available through Ozark Books; \$14.00 postpaid: Here are two books that provide proof of Jesuit involvement in the assassination of President Abraham Lincoln. To order a copy, please make check or money order payable to "Ozark Book Publishers", and mail it to: Ozark Book Publishers // P.O. Box 3703 // Springfield, MO 65808.

XV. CLOSING QUOTES TO PONDER:

"It is my opinion that if the liberties of this country - the United States of America - are destroyed, it will be by the subtlety of the Roman Catholic Jesuit priests, for they are the most crafty, dangerous enemies to civil and religious liberty. They have instigated most of the wars of Europe."

Marquis de LaFayette (1757-1834; French statesman and general; served in the Continental Army under General George Washington)

"If the American people could learn what I know of the fierce hatred of the priests of Rome against our institutions, our schools, our most sacred rights, and our so dearly bought liberties, they would drive them out as traitors."

Abraham Lincoln (1809-1865; 16th President of the United States)

((Ed. Comment to the preceding quote: While the above statement has certainly not applied to all Roman Catholic priests residing in America, either past or present, it surely does apply to the top levels of the Roman Catholic hierarchical system. A number of popes and other top-level Catholic prelates have condemned freedom of religion, conscience, and the press in the strongest possible words. For a good example of this hatred of liberty, please read Pope Pius IX's Syllabus of Errors of 1864.))

"Let America again be forewarned as to Rome's intention 'to make America Catholic'."

Larry Harrison (Publisher)

"Popes have been consistent in their declarations that freedom of religion should NOT exist, and that the Church of Rome represents the only true faith and therefore should alone be allowed to spread its doctrines." Larry Harrison

"...The Church of Rome, with its sixteen [Ed. Note: now approaching 17] centuries of intrigue, plans fifty or a hundred years ahead. The ultimate goal of the GREAT SCHEME is to throw the 'lever of time' back by restoring the Pope as the 'universal arbiter' from whom all the rulers of the earth must receive their authority to rule, as [occurred] during the Dark Ages."

Burke McCarty (Author of the book The Suppressed Truth about the Assassination of Abraham Lincoln)

"Persecution of non-Catholics in Catholic-controlled countries should warn Americans as to what will happen here if the pope ever gains full control of this country. Rome never changes." (March 16, 1960)

Raywood Frazier

"Now more than any other time since the 16th century Reformation, God is looking for Christians to stand in the gap, to be watchmen, courageous enough to pay, as [Jan] Hus did, the flaming death of martyrdom. Remember: there is a battle to be fought (Ephesians 6:16-20). There is an enemy to be overcome (1 Peter 5:8, 9). There is a watch to maintain (Jude 3,4, [and] 17-23)." - Bartholomew F. Brewer (Ex-Roman Catholic priest of the Discalced Carmelite Order)

"Who will rise up for me against the evildoers, or who will stand up for me against the workers of iniquity?" - Psalm 94:16

Vatican Behind New World Order Deception To Destroy America

Author John Daniel claims the "Holy Inquisition" is upon us and papal doctrine allows for massive slaughter for those who do not follow the Pope and his minions in the U.S. government. His new booklet, "Organized Christianity's Prostitution Cover-up, exposes the grand design behind the NWO.

17 Nov 2006

By Greg Szymanski

John Daniel, author of the book *The Grand Design Exposed* about Vatican corruption, has again hit the Roman rulers with a solid literary body blow, exposing their intentions of diabolical world domination.

Daniel has put together a quick-read, 22 page booklet called *Organized Christianity's Prostitution Cover-up*.

He appeared Thursday on Greg Szymanski's radio show, *The Investigative Journal*, encouraging listeners to read his new booklet since it reveals how the world, including America, have been deceived by the papacy who is at the center of the New World Order.

"We have all been deceived for hundreds of years and now they are preparing their takeover of America," said Daniel, who claims the Vatican's intentions through its temporal governmental and religious minions around the world is to establish a one world religion and government based in Jerusalem. "They are planning to drastically repopulate the world by two-thirds and this is coming soon."

Daniel's latest effort to alert sleeping Americans touches on tough topics, purposely hidden by the media who he claims is also controlled through Vatican power, adding vital history has been "altered, changed and stolen" from the American people.

Daniel adds that most Americans believe the Vatican and its Jesuit henchmen are God-fearing men but he claims nothing is further from the truth, saying they are really Luciferian sun worshippers who are using freemasonry, corrupt politicians and corrupt religious leaders to further the New World Order.

"War and destruction is their goal in order to set up a world under their fake Messianic leader who will rule from Jerusalem after Christians, Muslims and Jews are slaughtered in what amounts to be a modern-day bloody Crusade," added Daniel.

Besides looking into America's modern day dilemma, Daniel's booklet delves into Vatican and Roman history. He deals with such difficult subjects as:

How the organized "Christian" Church cut a deal with Roman Emperor Constantine, the result being the formation of the official State religion of the Roman Empire;

How this organized Church, the Roman Catholic Church, assumed the mantle of the Roman Pontifex Maximus when the Roman Empire fell and then began to persecute Christians, essentially wiping out hundreds

of thousands through the Holy Inquisition or crusades; and

How this organized Roman Catholic Church will soon reach the pinnacles of power she once held in Europe when her Popes ruled over kings and how they are now orchestrating another Holy Inquisition and murdering anyone who dares question the Vatican's right to once again rule the world. According to freedom fighter, Darryl Eberhart, who reviewed Daniel's latest writing, he said:

"This booklet shows the reader how the early Christians were persecuted by the pagan Roman emperors until Constantine and Bishop Eusebius obviously cut a deal in order to make the Roman Catholic Church the State religion.

"The few Christians who survived the persecutions had gone underground or fled. This left a paganized "Christian" organization, now called the Roman Catholic Church, as a pretender claiming to be the one true Church of Jesus Christ.

"And when the Roman Empire fell, the Roman Catholic Church moved into the power vacuum and basically assumed all the titled and power of Rome and the Pontifex Maximus."

As Daniel pointed out in his booklet which can be purchased for \$3 at www.vaticandesigned.com :

"But the "Christian" Roman Popes did more than just shoplift the Roman Emperor's imperial titles. They also imbued the Roman Emperor's spirit of power absolute into the very depths of their being and soul. The idea of stamping out all controversy and division, stamping out all thought, by imposing – unquestioned – one dogmatic creed upon all, was carried into practice on an unprecedented scale.

"...So it is not surprising, when the "Christian Roman Popes ruled full sway during medieval years, to read accounts of inhuman cruelties, atrocities and abominations during the crusades and the methodical butchering, breaking and mutilating human bodies done in the torture chambers of the so-called Holy Inquisition.

"The Roman Catholic Church ruled the European world for over 1200 years with an iron fist. (They plan to do it again) During these years, the Holy Word of God, the Bible, was a forbidden book..."

"These perpetrators (including their minions in the American government) are demonically ruthless. They could care less about human life – only that they achieve their New World Order goal. And besides, they are safe and secure in their underground cities and bunkers built with your tax money, while everyone else is dying and suffering horrendously outside, until the aftermath of their planned explosions and horror subsides."

The question remains will the Vatican once again in the very near future put into practice her great evil power worldwide as well as her "Great Inquisition"? According to Daniel the answer is not if but when, adding the when is only a few years away.

And according to Eberhart who reviewed Daniel's book, he added:

"We must all keep in mind that the Vatican-Jesuit-Knights of Malta-Knights of Columbus "cabal" controls the levers of power in the United States and that the Vatican-Jesuit Opus Dei-Knights of Malta "cabal" is the top power behind the scenes in much of the rest of the world, especially in Europe.

"Since the Vatican and Jesuits are the top financial, geopolitical and religious players on the global chessboard and since the Vatican and its Jesuits hate religious liberty – then surely we must all work hard to expose them and their nefarious plans to destroy our American Republic."

Chicago Resident Burns Himself To Death In Iraqi War Protest
Malachi Ritscher, a martyr for peace, leaves behind a detailed "Mission Statement"
explaining why he killed himself.

16 Nov 2006

By Greg Szymanski

"What has happened to my country? we have become worse than the imagined enemy - killing civilians and calling it 'collateral damage', torturing and trampling human rights inside and outside our own borders, violating our own Constitution whenever it seems convenient, lying and stealing right and left, more concerned with sports on television and ring-tones on cell-phones than the future of the world.... half the population is taking medication because they cannot face the daily stress of living in the richest nation in the world." -- Malachi Ritscher's dying words before lighting his body aflame in Chicago

Malachi Ritscher's dying words are a testament to man's inhumanity to man, as well as testament for millions of lost souls in America, millions who have no idea what's happening, to wake-up before it's too late.

Like the Buddhist monk during the Viet Nam war who set himself on fire in Saigon, Ritscher did the same thing recently in Chicago by a freeway off-ramp, leaving a note near his flaming body "Thou Shalt Not Kill."

After the body was removed from near the "Millennium Flame" sculpture on the Kennedy Expressway near the Ohio Exit, the Chicago media covered the incident without big headlines, dismissing the fiery suicide as an "unfortunate case of mental illness."

However, disputing the media claims, Ritscher's friends and relatives said he was not mentally ill, but killed himself in protest of the Iraqi war, becoming Chicago's first known martyr for peace.

Besides the testimony of his friends, Ritscher left a detailed explanation, called his *Mission Statement*, detailing why he decided to end his life in such a violent manner. The following statement written by Ritscher was forwarded to the *Arctic Beacon* for publication in order to wake-up Americans with hopes of ending needless bloodshed orchestrated by the New World Order leaders now leading this country into destruction.

Further, Ritscher biography compiled by Bruno Johnson was sent for distribution in an effort to inform as many Americans about the truth behind the killers now leading our country into war and eventual destruction. Both documents can be found at www.savagesound.com/gallery100.htm

Ritscher's Mission Statement

My actions should be self-explanatory, and since in our self-obsessed culture words seldom match the deed, writing a mission statement would seem questionable. So judge me by my actions. Maybe some will be scared enough to wake from their walking dream state - am I therefore a martyr or terrorist? I would prefer to be thought of as a 'spiritual warrior'. Our so-called leaders are the real terrorists in the world today, responsible for more deaths than Osama bin Laden.

I have had a wonderful life, both full and full of wonder. I have experienced love and the joy and heartache of raising a child. I have jumped out of an airplane, and escaped a burning building. I have spent the night in jail, and dropped acid during the sixties. I have been privileged to have met many supremely talented musicians and writers, most of whom were extremely generous and gracious. Even during the hard times, I felt charmed. Even the difficult lessons have been like blessed gifts. When I hear about our young men and women who are sent off to war in the name of God and Country, and who give up their lives for no rational cause at all, my heart is crushed. What has happened to my country? we have become worse than the imagined enemy - killing civilians and calling it 'collateral damage', torturing and trampling human rights inside and outside our own borders, violating our own Constitution whenever it seems convenient, lying and stealing right and left, more concerned with sports on television and ring-tones on cell-phones than the future of the world... half the population is taking medication because they cannot face the daily stress of living in the richest nation in the world.

I too love God and Country, and feel called upon to serve. I can only hope my sacrifice is worth more than those brave lives thrown away when we attacked an Arab nation under the deception of 'Weapons of Mass Destruction'. Our interference completely destroyed that country, and destabilized the entire region. Everyone who pays taxes has blood on their hands.

I have had one previous opportunity to serve my country in a meaningful way - at 8:05 one morning in 2002 I passed Donald Rumsfeld on Delaware Avenue and I was acutely aware that slashing his throat would spare the lives of thousands, if not hundreds of thousands, of innocent people. I had a knife clenched in my hand, and there were no bodyguards visible; to my deep shame I hesitated, and the moment was past.

The violent turmoil initiated by the United States military invasion of Iraq will beget future centuries of slaughter, if the human race lasts that long. First we spit on the United Nations, then we expect them to clean up our mess. Our elected representatives are supposed to find diplomatic and benevolent solutions to these situations. Anyone can lash out and retaliate, that is not leadership or vision. Where is the wisdom and honor of the people we delegate our trust to?

To the rest of the world we are cowards - demanding Iraq to disarm, and after they comply, we attack with remote-control high-tech video-game weapons. And then lie about our reasons for invading. We the people bear complete responsibility for all that will follow, and it won't be pretty.

It is strange that most if not all of this destruction is instigated by people who claim to believe in God, or Allah. Many sane people turn away from religion, faced with the insanity of the 'true believers'. There is a lot of confusion: many people think that God is like Santa Claus, rewarding good little girls with presents and punishing bad little boys with lumps of coal; actually God functions more like the Easter Bunny, hiding surprises in plain sight. God does not choose the Lottery numbers, God does not make the weather, God does not endorse military actions by the self-righteous, God does not sit on a cloud listening to your prayers for prosperity. God does not smite anybody. If God watches the sparrow fall, you notice that it continues to drop, even to its death. Face the truth folks, God doesn't care, that's not what God is or does. If the human race drives itself to extinction, God will be there for another couple million years, 'watching' as a new species rises and falls to replace us. It is time to let go of primitive and magical beliefs, and enter the age of personal responsibility. Not telling others what is right for them, but making our own choices, and accepting consequences.

"Who would Jesus bomb?" This question is primarily addressing a Christian audience, but the same issues face the Muslims and the Jews: God's message is tolerance and love, not self-righteousness and hatred. Please consider "Thou shalt not kill" and "As ye sow, so shall ye reap". Not a lot of ambiguity there.

What is God? God is the force of life - the spark of creation. We each carry it within us, we share it with each other. Whether we are conscious of the life-force is a choice we make, every minute of every day. If you choose to ignore it, nothing will happen - you are just 'less conscious'. Maybe you are less happy (maybe not). Maybe you grow able to tap into the universal force, and increase the creativity in the universe. Love is anti-entropy. Please notice that 'conscious' and 'conscience' are related concepts.

Why God - what is the value? Whether committee consensus of a benevolent power that works through humans, or giant fungus under Oregon, the value of opening up to the concept of God is in coming to the realization that we are not alone, establishing a connection to the universe, the experience of finding completion. As individuals we may exist alone, but we are all alone together as a people. Faith is the answer to fear. Fear opposes love. To manipulate through fear is a betrayal of trust.

What does God want? No big mystery - simply that we try to help each other. We decide to make God-like decisions, rescuing falling sparrows, or putting the poor things out of their misery. Tolerance, giving, acceptance, forgiveness.

If this sounds a lot like pop psychology, that is my exact goal. Never underestimate the value of a pep-talk and a pat on the ass. That is basically all we give to our brave soldiers heading over to Iraq, and more than they receive when they return. I want to state these ideas in their simplest form, reducing all complexity, because each of us has to find our own answers anyway. Start from here...

I am amazed how many people think they know me, even people who I have never talked with. Many people will think that I should not be able to choose the time and manner of my own death. My position is that I only get one death, I want it to be a good one. Wouldn't it be better to stand for something or make a statement, rather than a fiery collision with some drunk driver? Are not smokers choosing death by lung cancer? Where is the dignity there? Are not the people the people who disregard the environment killing themselves and future generations? Here is the statement I want to make: if I am required to pay for your barbaric war, I choose not to live in your world. I refuse to finance the mass murder of innocent civilians, who did nothing to threaten our country. I will not participate in your charade - my conscience will not allow me to be a part of your crusade. There might be some who say "it's a coward's way out" - that opinion is so idiotic that it requires no response. From my point of view, I am opening a new door.

What is one more life thrown away in this sad and useless national tragedy? If one death can atone for anything, in any small way, to say to the world: I apologize for what we have done to you, I am ashamed for the mayhem and turmoil caused by my country. I was alive when John F. Kennedy instilled hope into a generation, and I was a sorry witness to the final crushing of hope by Dick Cheney's puppet, himself a pawn of the real rulers, the financial plunderers and looters who profit from every calamity; following the template of Reagan's idiocracy.

The upcoming elections are not a solution - our two party system is a failure of democracy. Our government has lost its way since our founders tried to build a structure which allowed people to practice their own beliefs, as far as it did not negatively affect others. In this regard, the separation of church and state needs to be reviewed. This is a large part of the way that the world has gone wrong, the endless defining and dividing of things, micro-sub-categorization, sectarianism. The direction we need is a process of unification, integrating all people into a world body, respecting each individual. Business and industry have more power than ever before, and individuals have less. Clearly, the function of government is to protect the individual, from hardship and disease, from zealots, from the exploitation, from monopoly, even from itself. Our leaders are not wise persons with integrity and vision - they are actors reading from teleprompters, whose highest goal is to stir up the mob. Our country slaughters Arabs, abandons New Orleanians, and ignores the dieing environment. Our economy is a house of cards, as hollow and fragile as our reputation around the world. We as a nation face the abyss of our own design.

A coalition system which includes a Green Party would be an obvious better approach than our winner-take-all system. Direct electronic debate and balloting would be an improvement over our non-representative congress. Consider that the French people actually have a voice, because they are willing to riot when the government doesn't listen to them.

"Any people anywhere, being inclined and having the power, have the right to rise up, and shake off the existing government..." - Abraham Lincoln

With regard to those few who crossed my path carrying the extreme and unnecessary weight of animosity: they seemed by their efforts to be punishing themselves. As they acted out the misery of their lives it is now difficult

to feel anything other than pity for them.

Without fear I go now to God - your future is what you will choose today.

Ritscher's Biography

Chicago resident Malachi Ritscher passed away last (day of week), a (tragic, baffling, mundane) death at the age of (subtract 1954 from current year). He was the modern day version of a 'renaissance man', except instead of attaining success in several fields, he consistently failed, and didn't really worry too much about it. For example, his boxing record in Golden Gloves. The eldest son of Richard C. Ritscher, a music educator, he collected and played many exotic instruments, without mastering any. Most recently, he had been playing a vintage Conn C-Melody saxophone that once belonged to free-spirit Hal Russell. Malachi was best known for his live concert recordings, mostly of local jazz groups who couldn't afford expensive studios. His license plates said AKG C 414, after his favorite microphones. Upwards of fifty recordings were eventually released commercially, with some acclaim for their natural sound. His archive of live recordings he had documented exceeded 2000 shows. Mostly he was just a big fan.

Also he was a film photographer, with a picture of a peregrine falcon chick published in a local Audubon magazine, and related video footage shown on local television news. He wrote poetry that was not published, painted watercolors in a quirky naive style, and participated passionately in the anti-war and free speech movement. He was arrested at a protest on March 20, 2003 and spent the night in jail, then became a member of the pending class-action suit against the City of Chicago. Arrested again two years later, he successfully sued the City of Chicago for false arrest on 1st Amendment/free speech grounds. One of his proudest achievements was an ultra-searing hot sauce recipe, which he registered under the name 'Undead Sauce - re-animate yourself!' It was a blend of tropical peppers, which he grew indoors in 5-gallon buckets, and a few secret ingredients that gave it a unique flavor (pomegranate, pistachio, and cinnamon).

Born Mark David Ritscher in Dickinson, North Dakota on January 13, 1954, he lived most of his life in the mid-west, ranging from small-town Madison, South Dakota to Chicago, where he moved in 1981, changing his first name to Malachi. As a child, he was intensely afraid of many things, especially heights; he spent the rest of his life trying to face his fears, without ever coming to terms with his fear of people. He dropped out of high school and married at the age of 17, a union that lasted almost 10 years. He became an ordained minister with the Missionaries of the New Truth in 1972, and had performed several weddings. He provided for his family with a variety of trade positions, eventually reaching Journeyman High-Voltage Technician status with the electric utility in Lincoln, Nebraska. He became a Licensed Stationary Engineer in 1987. He was a member of several unions throughout his career, including IBEW, IUOE, and SEIU. He was proud to be a dues-paying proletariat intellectual.

After getting divorced, he relocated to Chicago to work with friends in an art-rock band, which inevitably led to forming a trio called 'wantnot', recording and releasing a CD in 1990, with Malachi on bass and vocals, Mike Mansfield on guitar, and Janna Brooks on drums. The cover design received an award from the American Center for Design, which didn't increase sales. He also designed skateboard decks, flyers, and t-shirts, with similar commercial results.

He was a collector of several things: books, records, meteorites, butterfly knives, keris, glass eyes, fossil tully monsters, microphones, medium-base lightbulbs, and instruments, especially snare drums. He was a man of strong contrasts, and fierce loyalties. There was a joy of life, which balanced a suspicious misanthropy. Endless pondering of existential gray areas could be interrupted by a totally spontaneous act: jumping in his car to drive downtown and participate in the Sears Tower stair-climb (2003). When he read Goethe's words "Nowhere but in his own Montserrat will a man find happiness and peace", his first thought was to find out where it is, and then book a flight there. He had memorized Pi to the 1101 decimal place, and would recite it at will. He could shave with a straight razor. He loved cinnamon rolls. He loved the smell of turpentine. He also loved motorcycles, which he wisely avoided. In the words of Stephen Wright, he was a 'peripheral visionary'. His sense of humor was droll - he theorized that surprise and not tragedy was the most important element of comedy. His favorite joke was to walk into a room, sniff the air, and observe "it smells like snot in here". His favorite word was 'ominous'. His favorite two words were 'Tahitian hiatus'. He always carried his passport with

him.

He owned and maintained several web-sites: www.savagesound.com, www.unwinnablewar.net, www.killthepresident.net, www.warwhores.us; in addition he was preparing www.publicparkingparty.org, to promote protection of residents' rights in Chicago.

A lover of literature, even more than music, he had always dreamed of being a writer. The handwritten manuscript of his 'fictional autobiography', titled "Farewell Tour", was under consideration by publishers. It had a general theme of shared universal aloneness, and was controversial for seeming to endorse suicide after the age of fifty. His favorite classic authors were Proust and Shakespeare.

The metaphor for his life was winning the lottery, but losing the ticket. In the end, the loneliness was overwhelming. He was deeply appreciative for everything that had been given to him, but acutely aware that the greater the present, the higher the price. He was a member of Mensa, and Alcoholics Anonymous since 1990. For him, sobriety was virtually getting a second chance at life. He practiced a personal and private spirituality, seeking to connect across the illusion that separates us from each other. Reportedly, his last words were "rosebud... oops".

Near his end, he was purchasing real estate in Vancouver with the intention of eventual emigration, unable to reconcile his conscience with his tax dollars financing an unjust war. He frequently took short trips to New York City and New Orleans, where he made more recordings of concerts. Europe seemed more civilized to him, and he experienced Paris and Amsterdam, Germany and Switzerland, as well as Madrid and Barcelona.

His family was far-flung, surviving parents Richard and Betty Ann, older sisters Carol and Susan, younger siblings Paul, Jon, and Ellen; nieces Laurel, Carol, Julia, Jessica, Marissa, and nephew Aaron. He had a son, from whom he was estranged (at the son's request), and two grandchildren. He had many acquaintances, but few friends; and wrote his own obituary, because no one else really knew him. He has a plot at Calvary Cemetery in Evanston, Illinois; and the epithet he chose is "I Dreamt That I Was Dreaming".

Bruno Johnson of Okkadisk will have the dubious honor of maintaining archives and dispersing collections.

Hidden Power of Papacy: A Well-Kept Secret

Vatican recognized by U.S. as a State, not only a religion. However, few Americans realize why and what are the Vatican's true intentions.

15 Nov 2006

By Greg Szymanski

The hidden power of the papacy, advanced through its evil Jesuit Order henchmen, is rarely talked about in America.

It's rarely talked about because the media on all levels is firmly controlled by Vatican power, the very evil power destroying this country.

And all those in the media who fail to address this evil power should be called nothing less than traitors, traitors for withholding vital information leading to the destruction of America.

Most journalists, however, working on the evil side, whether through compliant ignorance or outright collaboration with the Jesuits, will of course deny the existence of Vatican power. They will deny its existence simply because they are paid to deny it. They are paid traitors working for the enemy and it is simple as that.

For example, have you ever heard Tim Russert, Anderson Cooper, Ted Koppel and others on the major networks ever mention that the Vatican is fully recognized by the U.S. government as a State, not simply a practicing religion.

Have you ever heard any of the talking heads tell how this occurred? Of course not, as this would begin to unravel the ball of corruption linking major political, military and religious officials as having loyalty first to the Rome and the Pope and not to the sovereignty of the United States.

First of all, most Americans have been withheld vital history about the Vatican and Jesuit Order's infiltration and control in America's politics and religions. In fact, if the people knew the full truth, the Jesuits, as well as every single member of Congress, the Executive and the Judicial branches of government would be first labeled traitors and then banished from American soil.

And to illustrate this point it must be remembered how many other countries have expelled the Jesuits for the very same reason, the simple fact being Jesuits mix their Luciferian, fascist agenda with politics, seeking complete loyalty for the Pope and their planned one world government and religion centered in Jerusalem.

To further illustrate the point, in the 1860's patriots wise to the Vatican's real intentions, cut-off all diplomatic relations with the papacy due to the Vatican's known involvement in the Lincoln assassination? And this is just the tip of the ice-berg, as the same thing happened in the JFK assassination.

But does Tim Russert or any of the talking heads bother to make the connection or even bother to inform their listeners about America's stolen history, a history linking Vatican involvement in an attempt to destroy all

the freedoms inherent in our Constitution?

Of course not, because if they did, none of them would be seen again on television again, as our media has become nothing but a tool of Jesuit deception, a deception guiding the hands of all our major political and religious institutions, which are all overtly or covertly promoting war and violence at home and abroad.

For those interested in learning how the Vatican is recognized as a State, how it survived a lawsuit filed against it and how this recognition destroys the separation of Church and State in this country, read the following written by Tupper Saussy, as well as some other interesting Vatican tid-bits taken from his book, *Rulers of Evil*.

Few people seem to be aware that the Roman Catholic

Church in America is officially recognized as a State. How this came about makes interesting reading.

Early in his administration, President Ronald Reagan invited the Vatican City, whose ruling head is the Pope, to open its first embassy in Washington, D.C. His Holiness responded positively, and the embassy, or Apostolic Nunciature of the Holy See, opened officially on January 10, 1984.

Shortly thereafter, a complaint was filed against President Reagan at U.S. District Court in Philadelphia by the American Jewish Congress, the Baptist Joint Committee on Public Affairs, Seventh Day Adventists, the National Council of Churches, the National Association of Evangelicals, and Americans United for Separation of Church and State.

The plaintiffs sought to have the Court declare that the administration had unconstitutionally granted to the Roman Catholic faith privileges that were being denied to other establishments of religion.

On May 7, 1985 the suit was thrown out by Chief Judge John Fullam. Judge Fullam ruled that district courts do not have jurisdiction to intervene in "foreign policy decisions" of the executive branch. Bishop James W. Malone, President of the U.S. Catholic Conference, praised Judge Fullam's decision, noting that it settled "not a religious issue but a public policy question."

The plaintiffs appealed. The Third Circuit denied the appeal, noticing that "the Roman Catholic Church's unique position of control over a sovereign territory gives it advantages that other religious organizations do not enjoy."

The Apostolic Nunciature at 3339 Massachusetts Avenue N.W. enables Pontifex Maximus to supervise more closely American civil government – "public policy" – as administered through Roman Catholic laypersons. (One such layperson was Chief Judge Fullam, whose Roman Catholicism apparently escaped the attention of the plaintiffs.)

This same imperium ran pagan Rome in essentially the same way. The public servants were priests of the various gods and goddesses. Monetary affairs, for example, were governed by priests of the goddess Moneta. Priests of Dionysus managed architecture and cemeteries, while priests of Justitia, with her sword, and Libera, blindfolded, holding her scales aloft, ruled the courts. Hundreds of priestly orders, known as the Sacred College, managed hundreds

of government bureaus, from the justice system to the construction, cleaning, and repair of bridges (no bridge could be built without the approval of Pontifex Maximus), buildings, temples, castles, baths, sewers, ports, highways, walls and ramparts of cities and the boundaries of lands.

Priests directed the paving and repairing of streets and roads, supervised the calendar and the education of youth. Priests regulated weights, measures, and the value of money. Priests solemnized and certified births, baptisms, puberty, purification, confession, adolescence, marriage, divorce, death, burial, excommunication, canonization, deification, adoption into families, adoption into tribes and orders of nobility. Priests ran the libraries, the museums, the consecrated lands and treasures. Priests registered the trademarks and symbols. Priests were in charge of public worship, directing the festivals, plays, entertainments, games and ceremonies. Priests wrote and held custody over wills, testaments, and legal conveyances.

By the fourth century, one half of the lands and one fourth of the population of the Roman Empire were owned by the priests. When the Emperor Constantine and his Senate formally adopted Christianity as the Empire's official religion, the exercise was more of a merger or acquisition than a revolution. The wealth of the priests merely became the immediate possession of the Christian churches, and the priests merely declared themselves Christians. Government continued without interruption. The pagan gods and goddesses were artfully outfitted with names appropriate to Christianity. The sign over the Pantheon indicating "To [the fertility goddess] Cybele and All the Gods" was re-written "To Mary and All the Saints."

The Temple of Apollo became the Church of St. Apollinaris. The Temple of Mars was reconsecrated Church of Santa Martina, with the inscription "Mars hence ejected, Martina, martyred maid/ Claims now the worship which to him was paid."

Haloed icons of Apollo were identified as Jesus, and the crosses of Bacchus and Tammuz were accepted as the official symbol of the Crucifixion. Pope Leo I decreed that "St. Peter and St. Paul have replaced Romulus and Remus as Rome's protecting patrons." Pagan feasts, too, were Christianized. December 25 – the celebrated birthday of a number of gods, among them Saturn, Jupiter, Tammuz, Bacchus, Osiris, and Mithras – was claimed to have been that of Jesus as well, and the traditional Saturnalia, season of drunken merriment and gift-giving, evolved into Christmas. Bacchus was popular in ancient France under his Greek name Dionysus – or, as the French rendered it, Denis. His feast, the Festum Dionysi, was held every seventh day of October, at the end of the vintage season. After two days of wild partying, another feast was held, the Festum Dionysi Eleutherei Rusticum ("Country Festival of Merry Dionysus"). The papacy cleverly brought the worshippers of Dionysus into its jurisdiction by transforming the words Dionysos, Bacchus, Eleutherei, and Rusticum into... a group of Christian martyrs. October seventh was entered on the Liturgical Calendar as the feast day of "St. Bacchus the Martyr," while October ninth was instituted as the "Festival of St. Denis, and of his companions St. Eleuthere and St. Rustic." The Catholic Almanac (1992 et seq) sustains the fabrication by designating October ninth as the Feast Day of Denis, bishop of Paris, and two companions identified by early writers as Rusticus, a priest, and Eleutherius, a deacon martyred near Paris. Denis is popularly regarded as the

apostle and patron saint of France.

Playing loose with truth and Scripture in order to bring every human creature into subjection to the Roman Pontiff is a technique called "missionary adaptation." Vatican literature explains this as "the adjustment of the mission subject to the cultural requirements of the mission object" so that the papacy's needs will be brought "as much as possible in accord with existing socially shared patterns of thought, evaluation, and action, so as to avoid unnecessary and serious disorganization."

Rome has so seamlessly adapted its mission to American secularism that we do not think of the United States as a Catholic system. Yet the rosters of government rather decisively show this to be the case.

By far the greatest challenge to missionary adaptation has been Scripture – that is, the Old and New Testaments, commonly known as the Holy Bible. Almost for as long as Rome has been the seat of Pontifex Maximus, there has been a curious enmity between the popes and the Bible whose believers they are presumed to head.

Mother Tells All About White House Sex Slave Ring And Son's Kidnapping
Patricia Johnson-Holm connects the dots with Robert Gates, Jack Abramoff and Bush pedophilia ring. Mother claims son kidnapped in 1985 when he was 12, and she feels gruesome pictures reveal he was involved in the same ring who kidnapped Johnny Gosch.

14 Nov 2006

By Greg Szymanski

Patricia Johnson-Holm claims in 1985 her 12-year-old-son, David, was kidnapped by the much talked about "Bush pedophile ring," using White House power as a cover for their evil and satanic activities with young children.

Johnson-Holm, 59, has not seen her son since he mysteriously disappeared. David is now 33-years-old and she thinks he is still alive but can't be completely sure.

Recently, a photo turned up on the internet, Johnson-Holm saying it came from a whistleblower who released the photo from a subscription-only porno site. The photo shows David as a young teenager bound and gagged, lying on a double bed between two other boys also bound gagged, the one to the right of David being Young Johnny Gosch.

Besides Johnson-Holmes coming forward, Johnny's mother, Noreen Gosch, has recently gone public, trying to alert the public of the higher-up officials involved in the pedophile ring. Her website trying to get to the bottom of her son's kidnapping is at www.johnnygosch.com but be prepared for some pictures which may turn your stomach.

Gosch's story has been documented on her site, Noreen even claiming her son may actually be Jeff Gannon, but she has been unable to get a court order for DNA testing in light of possible White House involvement.

Further, the Gosch story gets even stranger since some investigators relate it to the suspicious death of writer, Hunter Thompson, who was said to commit suicide the day after Gosch and Gannon were connected publicly.

A story connecting Thomson and Gannon by an unknown writer appeared Feb. 25, 2005 on a web site called Total Information, but received no coverage in the mainstream and very little coverage in the so-called alternative media for some unknown reason. Here is a portion of the story:

As the Jeff Gannon story progressed and turned into a Bush White House homosexual prostitution scandal, Internet investigators started asking if there could be a connection to the previous Bush White House homosexual prostitution scandal.

If you recall, the stories of 15-year-old callboys wandering through the White House in the middle of the night was linked to the "Franklin Cover-Up" case exposed by Nebraska State Sen. John DeCamp. In that case, a Republican operative named Larry King was involved with procuring boys and girls from Boys Town in Nebraska and elsewhere and entrapping them in a child sex-slave and espionage ring. King, with

an annual salary of under 20K, was throwing sex parties for the powerful in a \$5,000-a-month condo in Washington, DC; apparently taping the proceedings for blackmail purposes.

One of the victims of this ring was one Paul Bonacci, who testified in court proceedings that he helped kidnap Johnny Gosch into this ring in 1982. It was apparently at 2:29 AM, Sunday, Feb. 20 that the question was first asked -- is "Jeff Gannon" really Johnny Gosch?

By the end of the day, Hunter S. Thompson was reported dead.

This is where it gets really interesting. Bonacci also testified that he was forced in July 1984 to participate in a homosexual/pedophilic/necrophilic orgy at (what has since been identified as) the Bohemian Grove; all of which was filmed. And according to Bonacci, the man in charge of the filming was someone picked up in Las Vegas on the plane headed to the Grove, a man who Bonacci was told was one "Hunter Thompson."

No doubt most people who came across this information in the past and were familiar with Thompson's work dismissed the idea that the man behind the camera could have been the famous writer. After all, this was a man who has been fighting the like of Nixon and Bush his entire career.

But could Thompson have been brought to the Grove by someone who presented it as an opportunity to investigate what the power elite was up to behind closed doors? Could Thompson have quickly found himself in over his head, compromised, by virtue of his very presence at this horrific crime, by the men he thought he was investigating undercover? (Or perhaps compromised some other way -- perhaps for instance, he was surreptitiously filmed with an adult female prostitute who was then murdered. But I digress.)

But back for now to the "Who is Jeff Gannon?" question. James D. Guckert seems to have appeared out of nowhere around 1999, setting up male escort websites. In profiles on these sites from around 2001, "Jeff" said he was 31 years old, closer to Johnny Gosch's age than James Guckert's. (Guckert/Gannon claims to be 47 today.)

Although the Gosch story has been out in the open but dramatically censored, little is known about the Johnson-Holm case. Here is the beginning of her story, in her own words, as told this weekend to the **Arctic Beacon**: *(Note: Johnson-Holm will be appearing this week on Greg Szymanski's Investigative Journal radio show. Also, in the notes below, Johnson-Holm refers to herself as Patricia, not using the more familiar "me.")*

"Here is just some of the data, more to come as available. What had been typed out seems to have disappeared of my PC. So it was necessary to retype this.

As a young Mother in 1973 trusting the Doctor particularly since you have literally grew up under his watchful care, seemed automatic. Thinking that, he, that is the same trusted Doctor would be a part in kidnapping your first born identical twin boy and telling you he was mistaken about my having twins, there really was only one child and that was David L. Johnson (actually the second born). Expecting twins two names had been chosen and if they were boys the names would be David and Daniel. Right after the birth when taking David home to his nursery he cried so much like something was wrong. Even though he was fed changed and so on, nothing comforted him something was just wrong. So when asking the Doctor Coburn (the Doctor that did the Delivery) what could be wrong, he just had a strange look on his face. And wanted to get us out of his office as soon as possible.

When David matured to the age of being able to talk, his question was "where is the other me?." Here is where things start to get very strange and not until 1999 did any of the memories start to filter back. You see as soon as David would say that to Patricia, it was forgotten. This of course created tension between David and Patricia because it looks like he felt his question went purposely unanswered. And eventually he chalked it up to his Mother just not caring about his needs, that others mattered more than him and so on. When David was just barely walking he was in the front yard with our dog. Seconds after starting thru the door, to go into the house, the dog started barking with a rather fierce sound like something was wrong. Start quickly dashing to the closest window easiest to see what was going on, there was a well dressed man

reaching over the fencegate to get David. When he saw me peering out he got into his very expensive vehicle and took off. The police would not even take a report said no harm no was done David wasn't gone so no crime. Patricia's response was what about attempted kidnapping? Didn't they want to look into it so others are not, next? 'Click' was about the total answer. This location was 633 NW 87th, Seattle, WA and come to find out that the location of the main 'call boy' control group was 6004 34NW, all to close?

Then working with real estate particularly Everett Property Mr. and Mrs. McKee wanted to negotiate with Patricia for her to buy the Everett Mansion. Pan Am Flight 103 ... Corrupt CIA officials, allowed the bombing of Pan Am 103 to proceed, because Charles McKee knew too much about "Operation Ringwind" ... The masterminds who engineered the 9/11 attacks and so much more, George Bush Sr. and Robert Gates, were passengers on the 1980 October Surprise flight to Paris. Strangely, one group of the CIA's own, a Middle East team who had knowledge of CIA illegal drug and weapons operations, was not warned. CIA agents Charles McKee, Matthew Kevin Gannon, Daniel Emmet O'Connor and Ronald Albert Lariviere died in the explosion of Flight PA-103.

In 1985 things really got serious when David was grounded and not allowed to go to Our Saviors Lutheran in Tigard, OR (just South of Portland, OR) to his favorite cousins Confirmation on Palm Sunday.

Terryle L. Holm, his step father, was supposed to stay, to care for him. However, when arriving back David was gone and Terryle didn't even seem to care, that he was. Phone call after phone call to David's friends and schoolmates was made by his mother, finally some info was gathered one term that came up, along with the location of a White Trailer was the term 'Scavenger Hunt.' To shorten this after going to this trailer over and over. Cops not being any help- and getting very questionable response from the White Trailer people. Sounds were heard coming from the trailer of muffled thumping, but was hard to hear due to traffic. Waiting out in front of the Trailer a thin 30s looking man, came to the door and said very rudely you'll get ---- waved his hand and went back in.

What seemed like forever, finally knocked again and a boy that looked like David was shoved out at Patricia. The reason for saying he looked like David was it was obvious from his hunched over attitude if that was David he had extremely changed within those few hours. Then the next thing that came out, was a band aid put on David just prior to leaving for Tigard came off as Denton his younger brother scuffled around with him. And there was no reason to have the band aid (that BTW was a different kind than was available at 20426 Damson Rd. Lynnwood, WA) on his right arm. When getting back, David was significantly shorter than the mark that had been made on the Kitchen door frame. He was shorter than the David known to Patricia. When cutting his hair, he did not have the birthmark David was born with. Many other points just were NOT the same. Since a boy was in Patricia's custody that answered to the name David, it was beyond hard to get ANYONE to take a report let alone investigate.

Time after time when trying to talk to someone, well such as Captain Pompei of the Green River Task Force. Which by the way included Dave Reichert demanding to know what Patricia wanted from Captain Pompei. Right after that transpired, Captain Pompei just happened to end up dead in scuba diving 'accident' and Officer DUNN was with him at the time. Years later isn't it fascinating that Jennifer DUNN just happened to step down so Dave Reichert could win her position in US Congress? Same deadly type of events just different circumstances, go for Officer Dale Eggers, who tried to talk to Terryle L. Holm and ended up dead shortly there after.

In 1980s a KENN BOREK approached Patricia with a Real Estate deal that included the Ft. Steilacoom Apts.(almost on a side note). When looking into the situation with the Apts. it came out that the ones doing the financing failed to give a pay off figure to be able to refinance the Apartments, so as to clear the title properly, then everyone including Nahanni(acting as Mgr. of Apts) should be able to go their own way. None of the background was told to Patricia by Borek. And Nahanni's associate Adnan Khoshoggi asked some strange questions. One was when were you born? Another, how many children do you have? Do you have twins? When these questions were repeated, it seemed rather non sensical to Patricia at the time. What did that have to do with Judge Healy's court proceedings? As Adnan Khashoggi seemed to be convinced that this Patricia was not the one born July 9th that birthed identical twins (as the celebration of Najeh indicated in the Iranian Prophecy). Some pieces that went missing from the Iraqi Museum depicted the one, of this same Prophecy. What seems to be lost in the translation is that this one is the One to bring people back to the understanding of the Blessing of the House of David. The House of Stuart's direct heir holds

that Blessing of the House of David. As things unraveled it was quite apparent that Nahanni felt he was very spiritual. So he appeared to feel his was right in denying any court ordered info and started screaming lifetime vendettas against Patricia for trying to get Judge Healy's court to straighten things out. Nahanni felt quite righteous in doing so. What was clear was there was more going on. So it was time to find out WHAT?

With research it came out that Nahanni Air (in business 1979-86) there was a leased air craft that was said to have crashed while Kenn Borek Air was involved, it all ended up in Judge Healy's courtroom in Tacoma, WA. Now what gets interesting about this is the Hostages held by the Iranians demands were made to "RETURN the IRANIAN PROPERTY in the US?" Various 'operations' were used to start, and make to continue, the Iran Iraq War. CIA supplying both sides of the war one way or another. Then of course the drugs entered into this not only from outside sources. But when finally doing a court ordered Appraisal of the Ft. Steilacoom Apts. the growing and processing of drugs came out loud and clear. Keep in mind not only were those Apartments in close proximity to Ft. Lewis and Ft. McChord AFB there were armed servicemen coming and going from the Apartments. Due to Nahanni not wanting to talk to Patricia, just a mere woman. So how he had been treated, was not available to her. Sorting out with time it appears the Banking source (BCCI Etc.) not only would not give Nahanni a pay off figure, so he was not able to give Patricia a pay off figure, and lead Nahanni to believe that if he went along with what 'they' wanted (drugs etc. supposedly for National Security) he would not have to pay off anything.

So Nahanni was upset with Patricia to say the least, for getting 'in the way.' Thus the life threatening Vendetta screamed at Patricia in the Tacoma Courthouse. When trying to get help from police or even Judge Healy the response was astonishingly just 'SO WHAT!' To make a long story short it looked as though the best thing would be for Patricia to run for her life. While doing so Doris McCorkindale who had loaned Patricia a very small amount in comparison to the millions in property handled by Patricia. Pressure was beyond serious, and so as not to treat anyone else as horrifically as Patricia was being treated, by several sources she signed over most all her properties to Doris McCorkindale. When further pressure was put on her certain ones demanded Patricia to sell out persons involved with closing some of her properties, she was given a choice to take \$10,000 to sell out and walk away. Or not to sell out and be broke and homeless. The last thing the ones trying to set Patricia up expected was for Patricia to say no to the money, but that is exactly what she did. The associates she refused to sell out, by the way were accidented shortly after that point, they were Reis and Jamison Law Partners, Lynnwood, WA.

While staying at a friends house in Lynnwood, Larry King Jr. showed up over and over. Terryle L. Holm, finding this out got quite nervous. Come to find out Larry King went to jail right after that. But NOT for the sexslave, kidnapping, illegal transportation of youth across State Lines, and so on. ONLY for the so called Franklin Credit Union connection? [What sounds like it has to do with this same type of pay off theme (no good deed goes unpunished, to the thief go the spoils) it might be interesting how much the current Franklin Templeton Investments have to do with Mr. Templeton Atty. at Law that just happened to pull some highly at least unethical if not a whole more serious items against Patricia?]

After rebuilding for some time progress had been made by 1993. However, right after a well timed phone call, once again Patricia just happened to go broke and homeless again. Isn't it interesting that George H.W. Bush just happened to be Knighted by Queen Elizabeth, later that same year?

By the later 90s Patricia had rebuilt again almost better than ever. Her resources were under her Family Trust, the JH Family Trust. Then-

As huge financial difficulties were being caused, legal assistance was in order. So an Attorney Jack Abramoff was about the only lawyer who would meet with Patricia, brought her into the conference room at Preston Gates and Ellis. Seeing that the case was quite clear, he was in the midst of saying "looks like you have a very good case ---" someone tapped on the window of the Conference room. He dropped me like a hot potato, gathering papers and headed out the conference door he stopped to the left, while Ellis was saying something to him. At first Abramoff didn't hear, so Ellis repeated 'you took her kid' is what it sounded like. Needless to say, my being ushered out as fast as possible was next. Stunned pausing in the hall, someone came out the door as though to see to my departure.

Ellis said to Jack Abramoff right in front of Patricia, 'you took her kid' is one very telling moment. This took place right in Preston Gates and Ellis Law Firm in Seattle. The same law firm Robert Gates (Bush just nominated for Sect. of Defense) is connected to. And you most likely are familiar with Jack Abramoff and his pleading guilty to various charges. The pedophile rings seem to be focused along with 'BoysTown' etc. but on Seattle area in many ways. Most likely it has to do with far more than just political. Of course within the Seattle area you have Aero Defense, High Tech, computers and telecommunications. So this creates a massive source to be able to control.

The night of July 9 - 10 1989 Craig J Spence took 15 or 16yr old boy(introduced to Ted Kopel in Nightline Studios earlier) w/ help of Secret Service Reginald deGuldre (Delta Force Operations?) brought him to the White House, a blond haired, thin fellow using the name 'Ricky.' (code [A=1,B=2] for Ricky is 66) it appears that David L Johnson was the Blond fellow. [Remember George HW Bush was in the White House in '89.] Which seems to have been known and or investigated by the SF IndyMedia Journalist Brad Will. Brad Will (real name William Bradley Roland)was the journalist killed when the police and local authorities, just shot Brad first. Even while his camera recorded his own death. This happened as part of the so called Oaxaca Mexico 'protests' situation?

Now let's consider this list of symbolism for a while:

1. 66 is reversal of 99 (99=Stuart)

2. David L. Johnson is eldest son of direct descendent of the 99 (Stuart). Information is coming out the David was a TWIN.

3. His mother was born on July 9, 1947

4. The Stuart symbolism goes way back such as 911 happenings in NYC many ways:

A. Sept 11, is considered the beginning of the American Revolutionary War when at least one of the TWIN cannons were taken by English troops.

B. Cannons were built in UK area at Stuart foundry and shipped covertly by Stuart vessels.

C. TWIN cannon(s) were carefully effaced so as not to be able to read the foundry seal. Just part of the writing the Stuarts out of history.

D. Landing location for the original Charter granted by King James Stuart as in the King James that commissioned the translation of the KJV Bible, was where the WTC buildings were placed. Stuarts have stood for God given Freedoms, and WTC cross streets happen to be Liberty and Church (TWIN TOWERS)

E. TWIN Towers had 220 floors total (110 building one/110 building two) 220 is code for David's Mother Patricia Johnson-Holm (77+95+48=220)

direct heir to the House of Stuart is Patricia Johnson-Holm

$p=16+a=1+t=20+r=18+i=9+c=3+i=9+a=1$ $16+1+20+18+9+3+9+1=77$

F. Building 7 the only other building of the WTC talked about (in other words where is the info on building 3,4,5, 6) had 47 floors. Direct heir born July 1947. Remember how many so called hijackers 19.

G. George W Bush had so called undisclosed time on 9-11-01 at Omaha, NB was that "UNDISCLOSED" time at the TWIN TOWERS Apts? (connection to "Call boy?") which goes back to Larry King Jr.? Craig J. Spence? Dwayne Spence/Ted Bundy?

H. Now how much reference is there really to the TWIN TOWERS of NotreDame? Jesuit connection?

I. When it was the Navy that experimented and jumped from 1943 - 1983 and it just so happened the Patricia Johnson-Holm's parents (BOTH of them) were NAVY. What office was directly hit in the Pentagon? the ONI? Office of Naval Intelligence?

5. Larry King Jr. just happened to make contact with Patricia Johnson-Holm May and June of 1989. WHY? Look at the connection of Craig J. Spence and Larry King Jr.?

6. Then consider the connection of Franklin 'Credit Union' charges against Larry King Jr. for Credit Card Fraud NOT Pedophilia? And look at the the Current Name of Franklin Templeton - then what you need to know is that Templeton just happens to be the name of an Attorney in Seattle area that said one thing and did another to Patricia Johnson-Holm and created the chance for MARK C. CHOW (currently running UNOPPOSED) to do some highly unethical, immoral not to mention ILLEGAL things against Patricia Johnson-Holm such as demand she shows up to a court to answer for supposed bill on work NOT having anything to do with Patricia on property she did NOT own. AND to top that off ordered Patricia to go to jail August 20, 1999 by 4pm UNDER A BOGUS NAME? Yet NOTHING has been done by the PROSECUTING ATTORNEY? Oh is that why Norm Maleng THE Prosecuting Attorney since the 70's (ALSO RUNNING UNOPPOSED in current 'election') remember the whole time some of the worst things have been happening in Seattle. Yet NO INVESTIGATION???

7. To put this simply there are so many UNOPPOSED on the Ballot out of 25 selections ONLY 4 have an opposing Candidate. That means ****21**** are UNOPPOSED.. their current version of an 'election' in Washington 'State' which is operating under a bogus Corporate Constitution. The Congressional Record and or Library of Congress can supply the correct and real constitution that goes back to 1878 and agreed to BY THE PEOPLE. All of which is still just allowed to continue? WHY? WHO really gains by doing so?"

'Big Change' in Elections Smokescreen to Pacify Public Where's the change? Will Speaker answer 'tough questions'?

13 Nov 2006

By Greg Szymanski

The "big change" called for by Congresswoman Nancy Pelosi, the new Speaker of the House, is nothing more than a political smokescreen to pacify Americans as, behind the scenes, the New World Order and Illuminati are still firmly in control over U.S. foreign and domestic policy.

This should be the headline in the New York Times but unfortunately the Vatican has a firm noose around the neck of the Times corporate owners, making them also complicit in treason against the people of the United States.

And a phone call to Pelosi's Washington D.C. office Friday illustrates how tough questions, tough question never asked by the traitors in the media never will be answered by slimy politicians until Vatican puppets like Pelosi, as well as the entire Senate and most all members of the House are removed by "the crook of the neck" and charged with treason along with their media buddies.

Before getting to the "tough questions," Drew from Pelosi's Washington office provided several politically correct answers for the easier, more common questions.

Repeal of the Patriot Act

"Congresswoman Pelosi has been opposed to the Patriot Act, but has not yet gone on record whether she will make it a priority to seek its repeal."

The War in Iraq

"She will seek to begin a troop withdrawal immediately and then a total withdrawal by the end of next year."

Robert Gates Nomination for Secretary of Defense

"Congresswoman Pelosi has gone on the record, saying Mr. Gates is well qualified for the position, but the Senate should look at him very closely before he is sworn in."

And hopefully Pelosi and others will contact Patricia Johnson-Holm of Seattle who claims Gates through his connection with the Preston, Gates and Ellis Seattle Law Firm was involved in a sex slavery ring on the West Coast, involved in kidnapping her son, David L. Johnson, involved with Jack Abramoff, involved with George H. Bush in the 80's when they illegally wire tapped Johnson-Holm, involved with illegal gun-running in Iraq and Iran through the connections of the Kenn Borek Airline Co. and his involvement with the Ft. Steilacom Apartment complex and illegal drug-running.

In response to Pelosi's statement, Johnson-Holm said: "These connections should open up a can of worms. But if you say America is in for a big change, then I hope the Senate uses its subpoena power to get to the bottom of Mr. Gates connections to all of my above allegations."

Bush Impeachment

"The Congresswoman has gone on the record saying she would not seek the impeachment of George W. Bush."

With the easy questions out of the way, here are some of the tough ones never asked by the media and never answered by the politicians. Let's see if Pelosi has the courage to answer the following in a forthright manner without sidestepping the issues or claiming ignorance. Although the following five questions are of a very general nature, they should open up a myriad of others. If you, the reader, have any specific questions for Pelosi, forward them to the Arctic Beacon as we will be contacting her office on a regular basis.

Question 1:

Will you present to the American people and to the entire House the Bush family connection to the Nazi Party, their treasonous dealings and their lack of loyalty to the United States as documented in the Congressional Record and the National Archives?

Question 2:

Do you believe 9/11 was an inside job and are you complicit in the cover-up or aware of anyone in the United States government complicit in the planning or cover-up of 9/11? Do you believe Communism was never a threat and

Question 3:

Do you believe the Vatican is in firm control of American policy, the Council on Foreign Relations and the entire United States Executive, Legislative and Judicial Branches? Do you believe all the major leaders of the world work together for the glory of Rome and a future One Word Order brought about through the proliferation of genocide and war?

Question 4:

Is your role in the Illuminati and the New World Order to be the liberal shill who appeases the American Left? Are you, in reality, knowingly selling out your country for the future one world government and one world religion sponsored by the Vatican through its henchmen Jesuits?

Question 5:

Have you ever read about the Jesuit Order's connections with the assassination of Abraham Lincoln, the poisoning of at least three other Presidents and the assassination of John F. Kennedy? Do you agree with President Reagan's decision to reinstitute diplomatic relations with the Vatican after more than 100 years due to its connection with the murder of Lincoln?

Editor's Note: If a reader could forward this article to Pelosi, it would be greatly appreciated. Further, she is invited to appear on the Investigative Journal radio show to answer any of the above questions.

Journalist Persecuted For Documenting Bush Family Connections to Nazi Regime

Although documented in the National Archives and the U.S Congressional Record, America still in denial about treasonous Bush family. John Buchanan, journalist who broke story in 2003, talks again about how he was targeted and persucuted in a Nazi-like manner for telling the truth about the Bush family.

11 Nov 2006

By Greg Szymanski

The connection between the Bush family and the Nazi regime just so happens to be well-documented in the National Archives and the U.S. Congressional Record.

And this treasonous connection, one that should have been dealt with a long time ago, was finally brought to light in 2003 by investigative reporter, John Buchanan, in an article first appearing in the New Hampshire Gazette.

Finally, after 60 years of treasonous silence by politicians and the media, the truth about how the Bush family came forward and how they were nothing more than two-bit traitors and war profiteers.

But instead of praise, Buchanan was shunned and then discredited by the mainstream media, his story ridiculed and then placed in the black hole of conspiracy propaganda read by extremists on the internet.

Instead of the treasonous information ending the Bush family reign of terror, it demonstrated just how treasonous, diabolical and devious the government ad media had become.

Instead of using this information to once and for corral the Bush family and its murderous past, the Nazi-like stranglehold on America surfaced instead, rearing its ugly head as Daddy Bush called out the attack dogs to once and for all silence Buchanan.

"I found out the hard way how the Bush family tries to silence people trying to tell the truth, especially when you cross the line," said Buchanan Thursday while appearing on Greg Szymanski's radio show, The Investigative Journal. "I was so naïve. I never thought what happened to me could happen in America, especially for a person like me who believes in freedom of speech. But I found out quickly freedom of speech doesn't exist in America when you begin uncovering the truth about the Bush family."

What Buchanan meant by "finding out the hard way" was that the Bush attack dogs, like true Nazis, on two separate occasions hauled him into custody, accusing him of plotting to kill the President, accusations that were of course unfounded but used as a scare tactic.

"I have to admit I was frightened to death because I thought at any time for no reason they could haul me away," said Buchanan, adding that his story led to him running for President of the United States in 2004, leading to more than respectable showing in the New Hampshire primaries.

"When I flew into Washington D.C. to give a speech at the press club after the New Hampshire primaries, turned out to be the first time I was apprehended by agents and held against my will for two hours," recalled Buchanan, adding that after he was released and gave his speech, he decided to take a train home to Florida instead of flying.

"I have to admit I was worried about what was going to happen when I returned home to the state controlled by Jeb, the brother of the President."

And Buchanan's worries quickly turned into a nightmare of serious legal proportions, being arrested on a bogus 14-count felony complaint for aggravated stalking against a victim the state failed to produce.

A story appearing on August 14, 2004 had this to say about the Buchanan arrest:

Republican "9/11 Truth Candidate" John Buchanan has been arrested in Florida on extremely suspicious charges. Buchanan, an investigative reporter whose revelations have caused acute embarrassment to the Bush family, is being held in most flagrant violation of US law.

Buchanan now faces an accelerated kangaroo court that, within days, could send him to prison for up to five years for "stalking" an unidentified "victim."

Buchanan's arrest happened in Dade County -- Jeb-Bush country. He has been framed and placed in jail, which will prevent him from attending the GOP convention where he hoped to challenge the nomination of George W. Bush. This way-laying of a legitimate political challenger shows the raw power of the criminal ruling elite that is now in power in Washington.

Buchanan needs to be Issue Number One throughout the convention. Demand his release and the end of suppression of his message.

Members of the web communities www.911sharethetruth.com and www.911truth.org have been in touch over the last few hours with John Buchanan, who ran against George W. Bush in the New Hampshire Republican primary as the "9/11 Truth Candidate." Buchanan was featured at the end of David Ray Griffin's book, *The New Pearl Harbor* and was interviewed in the film, *9/11: The Greatest Lie Ever Sold*.

Has Campaigning Against Bush Now Become 'Stalking'?

On February 4, while on his way to speak at an evening meeting of the National Press Club, John was kidnapped by unidentified federal agents who claimed to be Secret Service officers but apparently were not.

Four days later, upon his return home, John was arrested again. This time, on phony criminal charges contained in a 14-count felony complaint for aggravated stalking against a victim the state has failed to produce.

One is left to conclude that the "victim" is one George W. Bush. If so, that means that Buchanan's Constitutionally protected right to politically challenge a fellow Republican has been deemed "stalking."

On June 14, after the "victim" failed a second time to appear for a deposition, the judge informed the Florida state attorney that he would dismiss the charges if the victim failed a third time to appear. The victim failed to appear last Thursday.

Today, however, the judge changed his mind -- and the state attorney refused even to let John plead guilty to a misdemeanor so that he could return to Maine and his 9/11 outreach activities prior to going to the Republican Convention in NY later this month.

The state of Florida now plans to put John on trial next week. He is facing five years in prison. His new public defender has reportedly "lost" his evidence binder, which he prepared to rebut the original allegations with more than a dozen witnesses and other evidence.

Targeted for Exposing Bush Family Ties to Nazi Leaders?

The fact is, John is being persecuted by the Bush regime for his courage in reporting the "Bush-Nazi story" in the New Hampshire Gazette last fall and then taking Bush on earlier this year based on the ugly truth about 9/11. We the people of the 9/11 and anti-war/anti-corporatism movements can not sit by and watch this happen. We must all help John in any way we can -- NOW.

Given his dire situation, John needs a lot of help and moral support. Specifically, he needs some short-term financial support and legal assistance, as well as media exposure to call attention to his persecution by the state.

John has emerged as a courageous member of the 9/11 community and has made a firm commitment to continue on with the fight until the Bush administration has been held accountable. For that reason, he deserves your full and aggressive support.

Two years after the arrest, Buchanan had this to say on his radio interview:

"I remember going to court and the public defender saying he lost my file, I had no defense and I better plead guilty as I was going to jail," recalled Buchanan, adding that he broke down in tears. "I then called a 9/11 activist, Gabriel Day, who quickly helped me retain a lawyer. The lawyer then obtained a continuance and was able to persuade the judge the government had concocted the story, having no victim or evidence. The case was finally dropped but after considerable time and expense.

"Even after that experience, I was harassed by agents one more time, again accusing me of plotting to kill the President but releasing me after they said I was only in their custody for wanting to impeach the President. What a joke, I remember telling them before being released, saying if you hauled in everybody who wanted to impeach the President you would have to build another Guantanamo Bay right here in the states.

"Since then, I have lived in five states in the last year and half, now settling in a rural part of Georgia. I have written a screenplay about war profiteering, my book *Fixing America* has been selling and I am planning again to run for President.

What happened to me should prove to Americans without question that we are living in a fascist country and that Nazi-like tactics are being used against Americans."

The following story, written by Buchanan in 2003, appeared in the New Hampshire Gazette, a story still ignored by all the treasonous politicians and members of the media, as America still remains captive by the murderous and Nazi-like ways of the treasonous Bush family.

By John Buchanan

Exclusive to The New Hampshire Gazette

WASHINGTON - After 60 years of inattention and even denial by the U.S. media, newly-uncovered government documents in The National Archives and Library of Congress reveal that Prescott Bush, the grandfather of President George W. Bush, served as a business partner of and U.S. banking operative for the financial architect of the Nazi war machine from 1926 until 1942, when Congress took aggressive action against Bush and his "enemy national" partners.

The documents also show that Bush and his colleagues, according to reports from the U.S. Department of the Treasury and FBI, tried to conceal their financial alliance with German industrialist Fritz Thyssen, a steel and coal baron who, beginning in the mid-1920s, personally funded Adolf Hitler's rise to power by the subversion of democratic principle and German law.

Furthermore, the declassified records demonstrate that Bush and his associates, who included E. Roland Harriman, younger brother of American icon W. Averell Harriman, and George Herbert Walker, President

Bush's maternal great-grandfather, continued their dealings with the German industrial baron for nearly eight months after the U.S. entered the war.

No Story?

For six decades these historical facts have gone unreported by the mainstream U.S. media. The essential facts have appeared on the Internet and in relatively obscure books, but were dismissed by the media and Bush family as undocumented diatribes. This story has also escaped the attention of "official" Bush biographers, Presidential historians and publishers of U.S. history books covering World War II and its aftermath.

The White House did not respond to phone calls seeking comment.

The Summer of '42

The unraveling of the web of Bush-Harriman-Thyssen U.S. enterprises, all of which operated out of the same suite of offices at 39 Broadway under the supervision of Prescott Bush, began with a story that ran in the New York Herald-Tribune on July 30, 1942. By then, the U.S. had been at war with Germany for nearly eight months.

"Hitler's Angel Has \$3 Million in U.S. Bank," declared the headline. The lead paragraph characterized Fritz Thyssen as "Adolf Hitler's original patron a decade ago." In fact, the steel and coal magnate had aggressively supported and funded Hitler since October 1923, according to Thyssen's autobiography, *I Paid Hitler*. In that book, Thyssen also acknowledges his direct personal relationships with Adolf Hitler, Joseph Goebbels and Rudolf Hess.

The Herald-Tribune also cited unnamed sources who suggested Thyssen's U.S. "nest egg" in fact belonged to "Nazi bigwigs" including Goebbels, Hermann Goering, Heinrich Himmler, or even Hitler himself.

Business is Business

The "bank," founded in 1924 by W. Averell Harriman on behalf of Thyssen and his Bank voor Handel en Scheepvaart N.V. of Holland, was Union Banking Corporation (UBC) of New York City. According to government documents, it was in reality a clearing house for a number of Thyssen-controlled enterprises and assets, including as many as a dozen individual businesses. UBC also bought and shipped overseas gold, steel, coal, and U.S. Treasury and war bonds. The company's activities were administered for Thyssen by a Netherlands-born, naturalized U.S. citizen named Cornelis Lievense, who served as president of UBC. Roland Harriman was chairman and Prescott Bush a managing director.

The Herald-Tribune article did not identify Bush or Harriman as executives of UBC, or Brown Brothers Harriman, in which they were partners, as UBC's private banker. A confidential FBI memo from that period suggested, without naming the Bush and Harriman families, that politically prominent individuals were about to come under official U.S. government scrutiny as Hitler's plunder of Europe continued unabated.

After the "Hitler's Angel" article was published Bush and Harriman made no attempts to divest themselves of the controversial Thyssen financial alliance, nor did they challenge the newspaper report that UBC was, in fact, a de facto Nazi front organization in the U.S.

Instead, the government documents show, Bush and his partners increased their subterfuge to try to conceal the true nature and ownership of their various businesses, particularly after the U.S. entered the war. The documents also disclose that Cornelis Lievense, Thyssen's personal appointee to oversee U.S. matters for his Rotterdam-based Bank voor Handel en Scheepvaart N.V., via UBC for nearly two decades, repeatedly denied to U.S. government investigators any knowledge of the ownership of the Netherlands bank or the role of Thyssen in it.

UBC's original group of business associates included George Herbert Walker, who had a relationship with the Harriman family that began in 1919. In 1922, Walker and W. Averell Harriman traveled to Berlin to set up the

German branch of their banking and investment operations, which were largely based on critical war resources such as steel and coal.

The Walker-Harriman-created German industrial alliance also included partnership with another German titan who supported Hitler's rise, Friedrich Flick, who partnered with Thyssen in the German Steel Trust that forged the Nazi war machine. For his role in using slave labor and his own steel, coal and arms resources to build Hitler's war effort, Flick was convicted at the Nuremberg trials and sentenced to seven years in prison.

The Family Business

In 1926, after Prescott Bush had married Walker's daughter, Dorothy, Walker brought Bush in as a vice president of the private banking and investment firm of W.A. Harriman & Co., also located in New York. Bush became a partner in the firm that later became Brown Brothers Harriman and the largest private investment bank in the world. Eventually, Bush became a director of and stockholder in UBC.

However, the government documents note that Bush, Harriman, Lievense and the other UBC stockholders were in fact "nominees," or phantom shareholders, for Thyssen and his Holland bank, meaning that they acted at the direct behest of their German client.

Seized

On October 20, 1942, under authority of the Trading with the Enemy Act, the U.S. Congress seized UBC and liquidated its assets after the war. The seizure is confirmed by Vesting Order No. 248 in the U.S. Office of the Alien Property Custodian and signed by U.S. Alien Property Custodian Leo T. Crowley.

In August, under the same authority, Congress had seized the first of the Bush-Harriman-managed Thyssen entities, Hamburg-American Line, under Vesting Order No. 126, also signed by Crowley. Eight days after the seizure of UBC, Congress invoked the Trading with the Enemy Act again to take control of two more Bush-Harriman-Thyssen businesses - Holland-American Trading Corp. (Vesting Order No. 261) and Seamless Steel Equipment Corp (Vesting Order No. 259). In November, Congress seized the Nazi interests in Silesian-American Corporation, which allegedly profited from slave labor at Auschwitz via a partnership with I.G. Farben, Hitler's third major industrial patron and partner in the infrastructure of the Third Reich.

The documents from the Archives also show that the Bushes and Harrimans shipped valuable U.S. assets, including gold, coal, steel and U.S. Treasury and war bonds, to their foreign clients overseas as Hitler geared up for his 1939 invasion of Poland, the event that sparked World War II.

That's One Way to Put It

Following the Congressional seizures of UBC and the other four Bush-Harriman-Thyssen enterprises, The New York Times reported on December 16, 1944, in a brief story on page 25, that UBC had "received authority to change its principal place of business to 120 Broadway." The Times story did not report that UBC had been seized by the U.S. government or that the new address was the U.S. Office of the Alien Property Custodian. The story also neglected to mention that the other UBC-related businesses had also been seized by Congress.

Still No Story?

Since then, the information has not appeared in any U.S. news coverage of any Bush political campaign, nor has it been included in any of the major Bush family biographies. It was, however, covered extensively in George H.W. Bush: The Unauthorized Biography, by Webster Tarpley and Anton Chaitkin. Chaitkin's father served as an attorney in the 1940s for some of the victims of the Bush-Harriman-Thyssen businesses.

The book gave a detailed, accurate accounting of the Bush family's long Nazi affiliation, but no mainstream U.S. media entity reported on or even investigated the allegations, despite careful documentation by the authors. Major booksellers declined to distribute the book, which was dismissed by Bush supporters as biased and

untrue. Its authors struggled even to be reviewed in reputable newspapers. That the book was published by a Lyndon LaRouche's organization undoubtedly made it easier to dismiss, but does not change the facts.

The essence of the story been posted for years on various Internet sites, including BuzzFlash.com and TakeBackTheMedia.com, but no online media seem to have independently confirmed it.

Likewise, the mainstream media have apparently made no attempt since World War II to either verify or disprove the allegations of Nazi collaboration against the Bush family. Instead, they have attempted to dismiss or discredit such Internet sites or "unauthorized" books without any journalistic inquiry or research into their veracity.

Loyal Defenders

The National Review ran an essay on September 1 by their White House correspondent Byron York, entitled "Annals of Bush-Hating." It begins mockingly: "Are you aware of the murderous history of George W. Bush - indeed, of the entire Bush family? Are you aware of the president's Nazi sympathies? His crimes against humanity? And do you know, by the way, that George W. Bush is a certifiable moron?" York goes on to discredit the "Bush is a moron" IQ hoax, but fails to disprove the Nazi connection.

The more liberal Boston Globe ran a column September 29 by Reason magazine's Cathy Young in which she referred to "Bush-o-phobes on the Internet" who "repeat preposterous claims about the Bush family's alleged Nazi connections."

Poles Tackle the Topic

Newsweek Polska, the magazine's Polish edition, published a short piece on the "Bush Nazi past" in its March 5, 2003 edition. The item reported that "the Bush family reaped rewards from the forced-labor prisoners in the Auschwitz concentration camp," according to a copyrighted English-language translation from Scoop Media (www.scoop.co.nz). The story also reported the seizure of the various Bush-Harriman-Thyssen businesses.

Still Not Interested

Major U.S. media outlets, including ABC News, NBC News, The New York Times, Washington Post, Washington Times, Los Angeles Times and Miami Herald, have repeatedly declined to investigate the story when information regarding discovery of the documents was presented to them beginning Friday, August 29. Newsweek U.S. correspondent Michael Isikoff, famous for his reporting of big scoops during the Clinton-Lewinsky sexual affair of the 1990s, declined twice to accept an exclusive story based on the documents from the archives.

Aftermath

After the seizures of the various businesses they oversaw with Cornelis Lievense and his German partners, the U.S. government quietly settled with Bush, Harriman and others after the war. Bush and Harriman each received \$1.5 million in cash as compensation for their seized business assets.

In 1952, Prescott Bush was elected to the U.S. Senate, with no press accounts about his well-concealed Nazi past. There is no record of any U.S. press coverage of the Bush-Nazi connection during any political campaigns conducted by George Herbert Walker Bush, Jeb Bush, or George W. Bush, with the exception of a brief mention in an unrelated story in the Sarasota Herald Tribune in November 2000 and a brief but inaccurate account in The Boston Globe in 2001.

Top World Leaders Working Together To Destroy America

For freedom to survive, Americans need to view the world completely different than what's told to them in history books and on major television networks.

10 Nov 2006

By Greg Szymanski

The world is firmly in the hands of the evil Illuminati under Vatican and Jesuit control and here are a few examples illustrating the problem facing freedom fighters in America.

First, it must be understood the New World Order leaders around the world are a tight-knit group, working together to foster war in the Middle East, leading to its destruction as well as the destruction of Israel and the United States.

To accomplish this endgame of a one world religion based in Jerusalem and a world one government under a fascist/communist network of so-called independent states, it is important that the Vatican have all the major world leaders appear to be on different sides of the fence when, in fact, they are deceptively working together to bring about the Illuminati's goal of a world consisting of a commonwealth of independent (fascist) states.

In fact for freedom in America to survive, Americans need to view the world completely different than what's told to them in history books and on major television networks. Americans need to first understand they are being deceived and have been deceived for a long time.

But looking on the bright side, it's never to late to find the truth and the truth is all the major leaders of the world's governments and religions are on the same evil New World Order team with their eventual goal to destroy freedom in America.

And unless Americans realize this now and fight back in every way possible, they will sadly realize it late when unfortunately it will be too late, as those people left after America's population is greatly reduced by New World Order violence will wake up in a completely different America, an America draped in chains and fascism which is, by the way, the Vatican's government of choice.

So, the first step is to realize that Satanic leaders like Bush, Putin, Blair, Chavez and others in the Middle East, China, Japan and North Korea are all working together to instigate war and violence, necessary for the New World plan of total control to succeed.

They, of course, put on a completely different show but that is the Vatican and Jesuit plan during this time in history which should be labeled the age of deception, especially in America.

Furthermore, it has been that way for a long time in other countries around the world, but now it is just America's turn to deal with the Vatican and Jesuit deception head on.

Besides most all governments and religions of the world already being corrupted by the satanic power

emanating from the Vatican, the deceivers hiding behind the name of God use a worldwide web of Masonic Lodges to front the New World Order objectives and plans.

Listen how an Italian insider and former higher-up in the Illuminati in the Monte Carlo P2 Lodge explains how the Masonic web of Vatican deception exists in China, Russia, the Middle East and North Korea.

"Ezio Giunchiglia of Italy has been working for C.A.M.E.N (Centro Applicazioni Militari Energia Nucleare) in Pisa since 1964 and has been working for this delicate department of the Illuminati dedicated to the nuclear game for along time.

"That's why he has been chosen as the point man for the signing of a mega contract for the construction of five nuclear plants in China., working together with Itaian P2 Masonic members.

"The P2 has also numerous business projects in Shanghai, being the Chinese headquarters for the Mafia and other Illuminati projects . In Shanghai the Russians and the Italians working for the USA Illuminati and the Vatican , are making a lot of big deals at the Moment, recycling black money and using it for their benefit.

"The plan, as I know it from discussions in the Monte Carlo Lodge, is to abandon the USA at one point when America falls while establishing a worldwide Chinese Illuminati Nazi-Communitistic style as the only possibility.

"I know for a fact Ezio Giunchiglia said that America is finished to me many times and we should go and establish our wealth elsewhere as the Illuminati will always prevail by having the Vatican backing . That's why Italy recently sent a special group of Illuminati politicians including the Prime Minister recently to China.

"Russia, as we know since I spent a lot of time there, is all under Illuminati control and three new Freemason Grand Lodges directly controlled by the Illuminati have been established in India in the last 2 years.

"India is looked at by the Illuminati as being an important new business opportunity when America eventually is rendered helpless in all facets, including financial. As I learned, the stage is already set up for the death of an Empire, the great U.S. of A.

"And it should be noted that North Korea deals directly with the Duke of Cabinda, alias Rui Gabirro and alias Robert Lamar or alias whatever his name his...Satan! What we need is to get the American people to rebel in the name of true freedom before it is too late and we all become like China, a nation of Communist infidels!"

U.S. High-Level Officials Are Only Subservient Vassals For Vatican Power and Witchcraft

Luciferian Skull and Bonesman and illegal occupant of the White House, George W. Bush, has consistently appointed Roman Catholics loyal to the Vatican-led and Jesuit controlled New World Order.

9 Nov 2006

By Greg Szymanski

Although Americans are hoping the recent mid-term elections provided a glimmer of hope, it should be understood that the U.S. is really only a subservient vassal under the immense control of Vatican witchcraft and power.

For example, five of the eight U.S. Supreme Court Justices are Roman Catholic with their first allegiance to the Pope and his fascist agenda, not America.

Besides the corrupted judiciary, the U.S. is being used to subdue and destroy the Middle East for the Vatican, as many of America's top military leaders are Roman Catholics with their first allegiance to Rome, not America.

In fact every major political appointment made by the illegal occupant of the White House and Luciferian Skull and Bonesman, George W. Bush, has been consistently Roman Catholic.

Listen to a Vatican researcher who connects the dots among the Illuminati, the Bush administration and the Vatican, all trying to destroy America silently from within with lies and deceptions:

"Examples include Opus Dei John Roberts, Samuel Alito appointed to the Roman Rota of the U.S. empire- the U.S. Supreme Court, Gen. Peter Pace (Vice Chairman of the Joint Chiefs of Staff), Michael Peter Jackson to the SS of the American Reich the Department of Homeland (Romeland) Security, Alberto Gonzales to the post of U.S. Attorney General and many, many more.

"Honorary Shriner and Knight of Malta former President Ronald Reagan's administration was the most Roman Catholic but I think the Bush administration now holds that record. Former CIA director Knight of Malta George J. Tenet, Jesuit-trained at the Walsh School of Foreign Service was rewarded for his bold act of high treason with a professorship at his alma mater. Former CIA director Skull and Bonesman, Porter Goss, will be rewarded for his secretive actions. I wouldn't surprised if Georgetown or Fordham soon gives him a professorship.

"The fact that the Bush Administration is predominately Roman Catholic might be an indication that a concordat with the Unholy See was secretly signed during one of Bush's audiences with Papal Antichrist JP II. I don't know for sure.

"Recently, Luciferian Emperor Bush said that his brother Jeb became a Third Degree Knight of Columbus. And 33rd Degree Freemason, Southern Baptist devotee of the pagan goddess Gaia Al Gore is also one of

them.

"It doesn't matter who the Archbishop of New York selects the same wicked Jesuit agenda will be served by his puppet in the White House who is nothing more than a slave to the Jesuits of Georgetown University, his local boss Theodore Cardinal McCarrick who was trained by Jesuits at Fordham and ordained to the Romanist priesthood by Francis Cardinal Spellman in 1958 and his national political boss Jesuit-trained Edward Cardinal Egan."

There of course would be no problem with Catholics involved in government if history hasn't already proved that the Vatican and Jesuit Order's intentions have always been to destroy freedom, not advance it.

Here again listen to a Jesuit and Vatican researcher connect the dots between high military leaders trained at Jesuit-Georgetown and connected to the Knights of Malta, a powerful organization in America fronting Vatican power and dominance over U.S. foreign and domestic policy.

"According to a February 2006 speech by Georgetown president Jesuit-trained Knight of Malta and CFR member John "Jack" J. DeGioia USMC Gen. Peter Pace Vice Chairman of the Joint Chiefs of Staff successor of CFR member Richard Myers is a Georgetown alum having been "a member of the School of Foreign Service's Leadership Seminar 14 years ago.

"He has also come back several times to speak to current seminars as an alumnus, and has publicly lauded the program for the manner it enables connections and friendships to be made around the globe." and was awarded the President's Medal (of Georgetown University Other recipients of this award include according to DeGioia, "It has been presented to heads of state during their visits to campus, as well as three guests this evening: President Aznar, [SMOM] Secretary Nicholson in his previous role as Ambassador to the Holy See, and [Jesuit-trained] Senator Leahy. I take great pride in adding General Peter Pace, Chairman of the Joint Chiefs of Staff, to that distinguished list. General Pace, please step forward.

"SMOM DeGioia said, 'Our motto here at Georgetown is "Utraque Unum" or, "Both and One." It is often used to ensure we look at two sides of things-so it can sometimes refer to art and science, sometimes to body and soul, sometimes to mind and spirit. The motto of the Marine Corps is another Latin phrase: "Semper Fidelis" or, "Always Faithful.

'Would you please all join me in a two-part toast? First, to the Chairman of the Joint Chiefs of Staff, General Pete Pace. His "always faithful" service, integrity and loyalty as a joint officer and a Marine, as a scholar and a warrior, and as an officer and a gentleman are an inspiration to leaders everywhere. And second, to his wonderful wife, Lynne. Her care and mentorship of others at the USO, with at American With Disabilities, at overseas orphanages, and at so many other places of need show that her inner core values are easily the equal of any Marine, and of any Jesuit.'

According to another recent article, Gen. Pace in his speech to the John Carroll Society said

"I stand before you as someone who is appreciative... who truly does believe this award is in anticipation of future conduct," Pace said.

And the Vatican researcher wondered after hearing this speech:

"Could the true meaning of this quote be that the future betrayal of U.S. troops in the Middle East is anticipated by Jesuit-trained Pace and his masters-the Jesuits of Georgetown? I think so. He is being rewarded for his obedience to the Order and his future complicity in the destruction of the U.S. Armed Forces most of whom unknowingly serve the Papacy.

"I honestly believe Jesuit-trained Pace, NATO Supreme Commander James L. Jones, George Casey Jr., Georgetown Law dropout Donald Rumsfeld and CFR member John Abizaid will very soon at the command

of their Jesuit masters and their Council on Foreign Relations betray U.S. troops in the Middle East. The Jesuit connection to this war of annihilation against the Muslim peoples and at the same time U.S. soldiers most of whom are unaware that they are cannon fodder for a Jesuit-led Papal Crusade is unmistakable. It is no coincidence that these are connected to Georgetown University, Opus Dei, and the Council on Foreign Relations.

"I suspect Pace is also a member of Opus Dei given his connection to Jesuit-trained Romanist priest Peter Vaghi of the Church of the Little Flower and chaplain of the John Carroll Society of which Peter Pace, Chief Justice of the Supreme Court John Roberts who has ties to Jesuit Georgetown having been an Adjunct Professor in London, Jesuit-trained Supreme Court Justice and Opus Dei member Antonin Scalia are members." http://www.johncarrollsociety.org/new_page_7.htm

To illustrate how President Reagan sold out his country by re-establishing diplomatic relations with the Vatican, read this portion of Chapter 1. Subliminal Rome, from Tupper Saussy's book, Rulers of Evil.

When a Pulitzer Prize-winning reporter announced in his 1992 Time Magazine cover story that a "conspiracy" binding President Ronald Reagan and Pope John Paul II into a "secret, holy alliance" had brought about the demise of communism, at least one reader saw through the hype.

Professor Carol A. Brown of the University of Massachusetts fired off a letter to Time's editors saying,

Last week I taught my students about the separation of church and state. This week I learned that the Pope is running U.S. foreign policy. No wonder our young people are cynical about American ideals.

What Brown had learned from Carl Bernstein I had discovered for myself over several years of private investigation: the papacy really does run United States foreign policy, and always has.

Yes, Bernstein noted that the leading American players behind the Reagan/Vatican conspiracy, to a man, were "devout Roman Catholics" - namely, William Casey (Director, CIA), Richard Allen (National Security Advisor), Judge William Clark (National Security Advisor), Alexander Haig (Secretary of State), Vernon Walters (Ambassador-at-Large), and William Wilson (Ambassador to the Vatican State).

But the reporter neglected to mention that the entire Senate Foreign Relations committee was governed by Roman Catholics, as well. Specifically, Senators Joseph Biden (Subcommittee on European Affairs), Paul Sarbanes (International Economic Policy, Trade, Oceans, and Environment), Daniel P. Moynihan (Near Eastern and South Asian Affairs), John Kerry (Terrorism, Narcotics, and International Communications) and... Christopher Dodd (Western Hemi-sphere and Peace Corps Affairs).

Bernstein would have been wandering off-point to list the Roman Catholic leaders of American domestic policy, such as Senate majority leader George Mitchell and Speaker of the House Tom Foley. In fact, when the holy alliance story hit the stands, there was virtually no arena of federal legislative activity, according to The 1992 World Almanac of US Politics, that was not directly controlled by a Roman Catholic senator or representative. The committees

and subcommittees of the United States Senate and House of Representatives governing commerce, communications and telecommunications, energy, medicine, health, education and welfare, human services, consumer protection, finance and financial institutions, transportation, labor and unemployment, hazardous materials, taxation, bank regulation, currency and monetary policy, oversight of the Federal Reserve System, commodity prices, rents services, small business administration, urban affairs, European affairs, Near Eastern & South Asian affairs, terrorism/narcotics/international communications, international economic/trade/oceans/environmental policy, insurance, housing, community development, federal loan guarantees, economic stabilization measures (including wage and price controls), gold and precious metals transactions, agriculture, animal and forestry industries, rural issues, nutrition, price supports, Food for Peace, agricultural exports, soil conservation, irrigation, stream channelization, floodcontrol, minority enterprise, environment and pollution, appropriations, defense, foreign operations, vaccines, drug labeling and packaging, drug and alcohol abuse, inspection and certification of fish and processed food, use of vitamins and saccharin, national health insurance proposals, human services, legal services, family relations, the arts and humanities, the handicapped, and aging - in other words, virtually every aspect of secular life in America - came under the chairmanship of one of these Roman Catholic laypersons:

Frank Annunzio
Joseph Biden
Silvio Conte
Kika De la Garza
John Dingell
Christopher Dodd
Vic Fazio
James Florio
Henry Gonzalez
Thomas Harkin
Edward Kennedy
John Kerry
John LaFalce
Patrick Leahy
Charles Luken
Edward Madigan
Edward Markey
Joseph McDade
Barbara Mikulski
George Miller
Daniel Moynihan
John Murtha
Mary Rose O'Carroll
David Obey
Claiborne Pell
Charles Rangel
Dan Rostenkowski
or Edward Roybal.

Vatican Council II's Constitution on the Church (1964) instructs

politicians to use their secular offices to advance the cause of Roman Catholicism. Catholic laypersons, "whoever they are, are called upon to expend all their energy for the growth of the Church and its continuous sanctification," and "to make the Church present and operative in those places and circumstances where only through them can it become the salt of the earth" (iv, 33).

Vatican II further instructs all Catholics "by their competence in secular disciplines and by their activity [to] vigorously contribute their effort so that ... the goods of this world may be more equitably distributed among all men, and may in their own way be conducive to universal progress in human and Christian freedom ... and [to] remedy the customs and conditions of the world, if they are an inducement to sin, so that they all may be conformed to the norms of justice and may favor the practice of virtue rather than hinder it" (iv, 36).

Vatican II affirms Catholic doctrine dating back to 1302, when Pope Boniface VIII asserted that "it is absolutely necessary for the salvation of every human creature to be subject to the Roman Pontiff." This was the inspiration for the papacy to create the United States of America that materialized in 1776, by a process just as secret as the Reagan-Vatican production of Eastern Europe in 1989. What? American government Roman Catholic from the beginning?

Consider: the land known today as the District of Columbia bore the name "Rome" in 1663 property records; and the branch of the Potomac River that bordered "Rome" on the south was called "Tiber." This information was reported in the 1902 edition of the Catholic Encyclopedia's article on Daniel Carroll. The article, specifically declaring itself "of interest to Catholics" in the 1902 edition, was deleted from the New Catholic Encyclopedia (1967).

Other facts were reported in 1902 and deleted from 1967. For example, when Congress met in Washington for the first time, in November, 1800, "the only two really comfortable and imposing houses within the bounds of the city" belonged to Roman Catholics. One was Washington's first mayor, Robert Brent. The other was Brent's brother-in-law, Notley Young, a Jesuit priest.

Daniel Carroll was a Roman Catholic congressman from Maryland who signed two of America's fundamental documents, the Articles of Confederation and the United States Constitution. Carroll was a direct descendant of the Calverts, a Catholic family to whom King Charles I of England had granted Maryland as a feudal barony. Carroll had received his education at St. Omer's Jesuit College in Flanders, where young English-speaking Catholics were trained in a variety of guerrilla techniques for advancing the cause of Roman Catholicism among hostile Protestants.

In 1790, President George Washington, a Protestant, appointed Congressman Carroll to head a commission of three men to select land for the "federal city" called for in the Constitution. Of

all places, the commission chose "Rome," which at the time consisted of four farms, one of which belonged to... Daniel Carroll. It was upon Carroll's farm that the new government chose to erect its most important building, the Capitol.

The American Capitol abounds with clues of its Roman origins. "Freedom," the Roman goddess whose statue crowns the dome, was created in Rome at the studio of American sculptor Thomas Crawford. We find a whole pantheon of Roman deities in the great fresco covering the dome's interior rotunda: Persephone, Ceres, Freedom, Vulcan, Mercury, even a deified George Washington. These figures were the creation of Vatican artist Constantino Brumidi.

The fact that the national Statehouse evolved as a "capitol" bespeaks Roman influence. No building can rightly be called a capitol unless it's a temple of Jupiter, the great father-god of Rome who ruled heaven with his thunderbolts and nourished the earth with his fertilizing rains. If it was a capitolium, it belonged to Jupiter and his priests.

Jupiter's mascot was the eagle, which the founding fathers made their mascot as well. A Roman eagle tops the governing idol of the House of Representatives, a forty-six-inch sterling silver and ebony wand called a "mace." The mace is "the symbol of authority in the House." When the Sergeant-at-arms displays it before an unruly member of Congress, the mace restores order. Its position at the rostrum tells whether the House is in "committee" or in "session."

America's national motto "Annuit Coeptis" came from a prayer to Jupiter. It appears in Book IX of Virgil's epic propaganda, the Aeneid, a poem commissioned just before the birth of Christ by Caius Maecenas, the multi-billionaire power behind Augustus Caesar. The poem's objective was to fashion Rome into an imperial monarchy for which its citizens would gladly sacrifice their lives. Fascism may be an ugly word to many, but its stately emblem is apparently offensive to no one. The emblem of fascism, a pair of them, commands the wall above and behind the speaker's rostrum in the Chamber of the House of Representatives. They're called fasces, and I can think of no reason for them to be there other than to declare the fascistic nature of American republican democracy.

A fasces is a Roman device. Actually, it originated with the ancient Etruscans, from whom the earliest Romans derived their religious jurisprudence nearly three thousand years ago. It's an axe-head whose handle is a bundle of rods tightly strapped together by a red sinew. It symbolizes the ordering of priestly functions into a single infallible sovereign, an autocrat who could require life and limb of his subjects. If the fasces is entwined with laurel, like the pair on the House wall, it signifies

Caesarean military power. The Romans called this infallible sovereign Pontifex Maximus, "Supreme Bridgebuilder."

No Roman was called Pontifex Maximus until the title was given to Julius Caesar in 48 BC. Today's Pontifex Maximus is Pope John Paul II.

As we shall discover in a forthcoming chapter, John Paul does not hold that title alone. He shares it with a mysterious partner, a military man, a man holding an office that has been known for more than four centuries as "Papa Nero," the Black Pope. I shall present evidence that the House fasces represent the Black Pope, who indeed rules the world.

Later, I will develop what is sure to become a controversial hypothesis: that the Black Pope rules by divine appointment, and for the ultimate good of mankind.

Sen. Larry Craig (R-Idaho) Claims Wanta Allegations of Stolen Trillions "Erroneous"

First U.S. Senator to open his mouth and respond in writing about \$4.5 trillion Wanta settlement; Michael C. Cottrell, treasurer of Wanta's financial group, says Sen. Craig is "full of Idaho potatoes."

8 Nov 2006

By Greg Szymanski

The first U.S. Senator came forward with a written response to the Leo Wanta \$4.5 trillion settlement, saying Wanta's claims are "erroneous" and the U.S. government has "always remained fiscally responsible" without engaging "in any sort of fraud or theft on the level of Mr. Wanta's allegations.

The written response to the Wanta settlement, entered into with U.S. Supreme Court assistance in June, came from longtime Neo-con and New World Order propagandist, Sen. Larry Craig (R-Idaho) in a letter sent to Peter Petticolos, one of his constituents who demanded answers regarding the theft of trillions of off-shore and off-the-books money by the last three presidential administrations.

"Thanks for the hard work, Greg. I took the challenge of taking on one of our Idaho U.S. Senators. As a professional Financial Advisor I really do not buy his Sen. Craig's) response," said Petticolos in an email Tuesday to the *Arctic Beacon*.

It should be noted Sen. Craig never addressed the issue of off-shore money being used illegally by high ranking members of the U.S. government, but instead attacked Wanta's allegations based on the government's faulty "on the books" financial data, not accounting for any type of "black money" whatsoever.

In response to Sen. Craig's letter calling Wanta's claims erroneous, Michael C. Cottrell, treasurer of Wanta's financial group set to distribute \$4.5 trillion of stolen off-shore money initially amassed by Wanta right after the Cold War, said the Idaho Senator was not properly addressing the issues as he refers to "The Reagan Trust Fund when there was no such thing."

"He is obviously full of Idaho potatoes," said Cottrell Tuesday after being read Craig's letter. "It's not even worth responding to. He obviously doesn't know what he is talking about or is intentionally misleading people."

Updating the Wanta story, Cottrell said the \$4.5 trillion was still being illegally held up by the Bush administration. He added that the administration remains between a rock and hard place since releasing the money means to tacitly admit the thievery of trillions more by three presidential administrations who have been using the off-shore booty as their own New World Order/Illuminati slush fund.

Although the Wanta trillions have not been released, the story is important since it reveals how the American Illuminati and George H. Bush in particular have been financing the downfall of America, as well as U.S. government sponsored terrorism, drug running and the illegal war waged in the Middle East.

Regarding the trillions of offshore money generated by Wanta at the end of the Cold War, he said it was always the intention of President Reagan to use the money for the benefit of the American people. But after Reagan left the political spotlight, Wanta was indiscriminately and illegally jailed by operatives working for the last three presidential administrations, who have instead pilfered trillions for their own agenda and personal gain.

After Wanta's release from a Wisconsin jail in 2005, he was instructed in a 2003 memorandum opinion by Federal Judge Gerald Bruce Lee of the U.S. District Court, Eastern District of Virginia, to try and return the \$27.5 trillion to U.S. coffers according to President Reagan's instructions.

The \$4.5 trillion settlement is a culmination of his efforts after finding a dark and ominous financial trail of theft, bribery and deception, discovering in his quest to retrace the whereabouts of the offshore money that much of it had been stolen or diverted for private use by the last three presidential administrations.

Wanta also discovered to his dismay that a CIA disinformation campaign had been waged, spreading false rumors of his death, making it easier for those criminals inside the government to abscond with trillions.

To date he has provided the Arctic Beacon with documentation of more than \$745 billion in stolen funds, including accounts leading to Bush, Sr., Neil Bush and former President Clinton.

Wanta added that at the time he entered into the settlement in May he had further identified upwards of \$2 trillion in stolen funds from accounts under his control, keeping the documentation as financial leverage in case the \$4.5 trillion settlement falls through.

And since President Bush was notified in writing of the settlement in July, observers claim his "false American colors" have come shining through as he placed an immediate illegal hold on the money in an effort to protect the "financial dike from exploding" and the criminals in government being exposed instead of doing the right thing and injecting an immediate trillion dollar boost into the American economy.

After learning of the Wanta settlement and the fact the Ambassador was still alive, the Chinese set the Sept 7 due date for the return of their investment money, long since frozen by U.S. authorities in what has become known as the "China Foundation Money."

"The link between Ambassador Wanta and the \$32 trillion owed the Chinese goes back to the days of World War II-Cold War and connections with his Chinese business partner, Howe Kwong Kok," said Cottrell. "Out of loyalty and respect, the Chinese have thrown their support behind Ambassador Wanta and have applied added pressure so that U.S. authorities release the money.

The following is a copy of the letter sent by Sen. Craig to Peticolas, commenting about the Wanta story:

Dear Peter:

Thank you for contacting me regarding the Reagan Trust Fund. I appreciated hearing from you and apologize for the delay in my response.

After extensive research by my staff on this issue, I was unable to confirm any of the concerns you expressed in your letter. Greg Szymanski, of arcticbeacon.com, wrote on July 20, 2006 that \$27.5 trillion was stolen by previous administrations from a fund set up by former President Reagan near the end of the Cold War. He further claims that the fund's original \$27.5 trillion has doubled to \$55 trillion, and that Mr. Wanta recovered \$4 trillion of the fund, which would equal \$1.575 trillion after taxes. However, he does not specify where the \$2.925 trillion in taxes went; if the recovered money was returned to the federal government as part of a settlement with Wanta, there would be no reason to tax it because the government would, in effect, be taxing itself. Furthermore, even if the \$1.575 trillion were to be returned, that sum would increase the current \$2.8 trillion budget by over 50%.

In 1990, when Mr. Wanta claims that President Reagan set up his trust fund, the total U.S. budget

was approximately \$1.253 trillion. This means that if the Reagan Trust fund actually existed, the original fund would have been over 2,000% more than 1990 federal budget. The cumulative total of the U.S. federal budget since 1990 is approximately \$22.083 trillion, which is still \$5 trillion less than what Mr. Wanta claims the trust fund started with. Additionally, the total U.S. budget in the thirty-five years preceding the alleged creation of the fund equaled only \$24.576 billion, which is still \$3 trillion less than the original fund. Assuming that \$27.5 trillion simply disappeared from taxpayer money when the entire federal budget for the thirty-five years before the fund's creation, or the fifteen years after, did not even come within \$3 trillion of the alleged stolen amount is fanciful, at best.

Another example of Mr. Wanta's erroneous claims can be shown in terms of gross domestic product (GDP), which is a useful tool in determining the amount of useable money in the world. GDP is the market value of products, including goods and services, that a country produces in a given time frame. In 1990 the total world GDP was only \$22.722 billion (adjusted for inflation) as reported by the International Monetary Fund. The idea that anyone could introduce a sum totaling \$27.477 trillion more than the value of the entire world's economy without any discernable market effect is simply impossible.

I also question Mr. Wanta's reliability as a source due to the multiple discrepancies in his stories. For example, while he claims to have been imprisoned for over a decade, the case *The State of Wisconsin v. Leo E. Wanta* shows that he was sentenced for four counts of fraud and was to serve two years per count concurrently. So, although he was sentenced to a total of eight years, he only served two years and paid a tax evasion fine of \$14,128.

I have paid close attention throughout my career as a United States Senator to ensure that the government is fiscally responsible and accountable to American taxpayers. While there is much work to be done in this area, I am confident that the government has not engaged in any sort of fraud or theft on the level of Mr. Wanta's allegations.

Again, I appreciated your letter on this subject, and I hope this information proves useful to you. Please let me know if I may be of any assistance in the future.

Sincerely,

LARRY E. CRAIG
United States Senator

More High Level Illuminati Inside Info From Monte Carlo P2 Masonic Lodge Defector

Pope inflamed Muslims on purpose to further war on directions of Black Pope, according to Italian insider.

7 Nov 2006

By Greg Szymanski

According to high level Monte Carlo Lodge P2 Masonic Lodge Illuminati insider, Leo Zagami, Pope Benedict XVI purposefully inflamed Muslims with his recent speech in Germany on directions of Jesuit General, Fr. Peter Hans Kolvenbach.

Kolvenbach, who Zagami calls the top Satanic evil leader giving the Pope his marching orders, also claims his loyal Jesuits are the leading "black Satanists and magicians" leading the New World Order charge to destroy America.

"I know for a fact Kolvenbach meets with the Pope almost every Friday at 1pm in order to get his weekly instructions," said Zagami Monday on Greg Szymanski's highly popular international truth-telling radio show, The Investigative Journal, called by many patriots the "alternative to the alternative media."

"I also know for a fact the Satanist and Nazi, Benedict, has a 24-year-old gay lover and that Satanic worshipping does go on at the Vatican. Most recently, in May of 2000, a Black Mass was celebrated with Satanist Aleister Crowley's follower William Breeze present, as well as Satanists Alberto Moscato and Massimo Introigne, who are intermediaries for the Jesuits.

"Could you imagine if we could one day use the secrets that locked away in the vaults of the Vatican for good instead of evil? The Jesuits know about their own eventual fall, the fall of Rome again and the future of America. This is all in their plans but they think they are Gods when in fact they are nothing but little people following the Devil's command. It must be stopped."

Zagami, born a Catholic who worked for Vatican television and radio stations, said his top-level Illuminati affiliation came from his bloodlines, born into Sicilian aristocracy on his father's side and his mother being from the aristocratic Lyon family.

He defected from the clutches of the Monte Carlo P2 Lodge in June, trying to spread the word of peace, truth and inter-religious dialogue among all truthful Christians, Muslims and Jews.

He made his third American radio appearance Monday, hoping to open up the sleeping eyes of America who have no idea about the sinister control that Vatican has over its country and its satanic leaders, namely Satanist George H. Bush and his many followers.

"You must understand, it's all a show, good theatre," said Zagami. "If they present a good front, with suits and ties, then everything in the background can be decadent and corrupt. I know for a fact from high-level

members of the Monte Carlo P2 Lodge that George H. Bush is one of the most perverted of them all, who wields tremendous evil power through his Masonic and Jesuit connections, all who are Satanists."

To explain how the Illuminati really works, Zagami told the Arctic Beacon:

"Only the real perverts and criminals get to the top of this Illuminati satanic chain of deception and true evil finally become Grand Masters of their own puppets . Their perversions and their strange practices are all very easy to blackmail and manipulate for the Jesuits, so that's great for Vatican HQ's and serves their evil purpose of total domination and Mind Control slavery in the hands of the Antichrist.

"And for the so called "honest ones" who don't participate in this kind of perversions but are still a key part of the New World Order plot? Well the Illuminati can still manage to buy them out offering them a powerful positions in any field, and lots of money to make them shut up and keep on serving the Satan in their Masonic Lodge or at the local Rotary.

"So the Jesuits keep everybody by the stick using people in the Monte Carlo P2 Illuminati GLADIO MAFIA to coordinate and control Secret Societies, these people are the Vatican Assassins for real and no jokes are allowed with the Don's of Monte Carlo. Anybody who gets out of control will die from the mysterious hands of the Mob (not so mysterious after all..) So nobody talks they are all very scared of even opening the mouth in front of certain Brothers. But in the last 3 years I started a small Revolution within the European Illuminati and many support me knowing my inside work and many efforts to make them go in the right direction, but very few at the present time have the courage to do it openly especially now I've completely gone public about it.

"Remember that at the top levels of the various occult groups working for the Jesuits, and pulling the strings of this idiotic fake Templar game in the hands of a bunch of corrupt European Aristocrats are as usual the Knights of Malta. In England the Masonic Knights Templar is also Knights of Malta because it is just a common Great Priory show for poor middleclass idiots in the hands of the Queen and the Vatican but they don't have the same privileges as the Vatican Knights of Malta. The Knights of Malta were actually the enemies of the Templars and made a deal with the Vatican 700 years ago to eliminate the real Templars and take their Churches and all their possessions . And now after eliminating any trace of genuine Templarism the Knights of Malta, they work with the Jesuits to control the fake Templars and the Freemasons.

"It's actually ridiculous that people still believe the real Templars still exist , because they don't, they were eliminated with their Grand Master Jacob de Molay and everything that comes later is just Vatican rubbish to rule the military side of the New World Order plot with another fake myth created by the usual suspects as all modern Templar Orders are simply Vatican driven sheep . At the top level the Monte Carlo P2 Lodge in super Catholic Monte Carlo is simply a Knights of Malta center for ultimate PSYOP manipulation and blackmail plus the usual business deals.

"The P2 and the Jesuits keep their privileges alive in Monte Carlo because they blackmail even the gay Prince Alberto II of Monte Carlo who has been doing orgies with two black gay men and one black woman at the same time not knowing there was a P2 Brother with a camera living next door. The woman actually had a son from the Prince because of one of theses encounters , as some of you in the gossip field might remember. And for more P2 gossip from Monte Carlo let's also talk of the common female lover that P2 / Priory of Sion Brother Jean Pierre Giudicelli shares with the Prince of Monte Carlo...well..well ...well...

"To fight such evil and decadence in the coming years I have to first of all protect the few people that secretly support me in all the secret Societies and in the intelligence world. This I will do by never mentioning their names otherwise the Illuminati will probably eliminate them soon after. But I have now a growing number of Masons and Templars that in the coming months want to openly support me against the Zionist, the Illuminati and the Vatican infidels...but I don't trust anyone until they completely reject all those idiotic rituals of Freemasonry and the Illuminati and finally embrace the one God with honest intentions.

"But I must say that I start to receive daily reports of aristocrats wanting to switch sides , but it is not so simple and we all know that very well since corruption in fact will not be tolerated or accepted at any level of my project so let's see what happens."

Asked if the Illuminati and the Vatican-led New World Order also control the Middle East, Zagami said:

"Wahabi or wahibi as you call them were created by the Zionists and their English friends who think they are the lost tribe of Israel as the same happened with Arafat and the so called Muslim Brotherhood created by the English intelligence.

"ALL MANIPULATION, ALL THEATRE even the Emir of Qatar works with the Illuminati and the UK Freemasons and I have enough evidence in my hands to prove it but I'm keeping so I can release it at a later date to ruin the show of these idiotic Masons , who are publishing around the internet that I'm a Nazi working for the Emir of Quatar.

"And what a surprise when I will bring out that the Gran Mufti of Qatar works with the P2 Illuminati and the United Grand Lodge of England Nazi perverts like Brother Jonathon Boulter. Jonathon who is actually producing on the side "spanking films" ar approved in Qatar when he is not working with the Emir.

"I can already see the face of the poor Emir...that's hot stuff and it involves the GRAN MUFTI OF QATAR and well known P2 Brothers like Jonathon Boulter (Double Horizon 9269 UGLE) and Troy Southgate (P2 REGULAR GRAND LODGE OF ENGLAND/Grand lodge No.1) connected to evil secret societies and right wing operations for the UK intelligence."

Wife of Flight 175 Victim Won't Talk About Government Involvement in 9/11
Julie Sweeney said this week she'll talk about her husband, Brian, a former Navy veteran who made one of the two cell phone calls, but "nothing about the government."

6 Nov 2006

By Greg Szymanski

Joseph and Samia Iskandar believe the government version of 9/11. Linda Gay stands behind the Bush administration hook, line and sinker.

Frank Calley accepted the government's version of his wife's death without blinking an eye even though an abundance of evidence shows the government version of 9/11 has proven to be a blatant lie.

And now Julie Sweeney this week came forward, saying she has no reason to question the Bush version of the 9/11 story, saying she'll talk about her husband death but "nothing about the government."

What all these people have in common is that they all lost loved ones on 9/11 and all of them were on board one of the flour doomed flights, according to the official story.

Further, Sweeney now joins a growing list of family members who lost loved ones on the 9/11 planes and who seem to be satisfied with the government story.

Including the abovementioned people and at least 10 other family members contacted by the *Arctic Beacon* who refuse to talk, this comes in stark contrast to numerous family members of Ground Zero victims who are outspoken, demanding justice and claiming 9/11 is an inside job.

Why such a discrepancy? Why do many of the WTC family members cry out for justice when most all airline family members, save lone wolf Ellen Mariani, remain quiet as church mice?

Are they hiding something? Are the whereabouts of the airplane victims kept a state secret? Are some living while others killed in remote locations other than the WTC, The Pentagon and Shanksville?

Or do all of the flight families really believe the government, defying the odds when considering how many of the Ground Zero families disbelieve? Is it a coincidence or does the secret of the 9/11 mystery lie in the truthful testimony of the flight families?

Whatever it may be, after five years there is so much of the 9/11 mystery that doesn't make sense, leaving investigators with their mouths hanging open, looking for answers and searching for clues.

Besides Mariani who lost her husband, Neil, on Flight 175, according to the official story, the rest of the jetliner family community has never publicly questioned the government's official 9/11 story and has pretty much stayed quiet in the background, out of the public eye.

As stated, what makes this downright suspicious, is that it is in stark contrast to the majority of family members who lost loved ones at Ground Zero, a group that has hundreds of outspoken critics of the government's official story, a group unafraid to publicly blame the Bush administration for being the real culprits behind 9/11.

For example, there are literally hundreds of survivors and family members from Ground Zero who protest the government regularly, saying Bush and the neo-cons are hiding the truth about 9/11 to protect their own skin.

But in stark contrast only Mariani has gone public denouncing the government story, a fact that shouldn't be ignored when trying to unweave the complex web of deceit woven by the neo-con culprits behind 9/11. It also should be noted that Mariani's story still deserves scrutiny due to some unexplainable inconsistencies

Regarding the across the board silence or confirmation of the official 9/11 story from the airline family community why have they not bother to question NORAD's slow response, flight manifest irregularities and, basically, the total lack of a serious investigation regarding their missing relatives.

Ask yourself: If you lost a loved one, wouldn't you go to the end of the earth if there was the slightest question, the slightest doubt remaining about who was the real perpetrator? Of course, the answer is yes. But why then do all the flight families seem satisfied?

Let's first look at some of the glaring oddities about the airplane family members and why the government's story should have at least sparked some doubt among them:

According to Bureau of Traffic Safety (BTS) statistics both flights officially never took-off on 9/11, as well as showing no elapsed run-way time, wheels-off time and taxi-out time. However, Flights 11 and 77 on both 9/10 and 9/12 had all the recorded data properly logged.

Why the discrepancy? No one has ever given an official explanation for the BTS missing flight data, even though it is well known that airports are extremely meticulous about recording accurate BTS data for each and every flight in and out of its airport for liability purposes.

But, more importantly, if this is a clear indication Flight 11 and 77 were only 'phantom flights" and never existed, why then wouldn't some of the family members publicly voice their concerns?

With this glaring data even making it suspect whether the flights even existed, why then would Sweeney in a telephone conversation Sunday respond in this manner:

"Brian's story is one thing but anything about the government is another. I just want to put it behind me. It is what is and it's done," said Sweeney who added that she would submit to a longer interview Monday evening but would not talk about the government or its possible involvement in 9/11.

It might be added that Sweeney was contacted last year by the Arctic Beacon, saying she would submit to an interview but then failed to return phone calls for two weeks.

"My husband left a cell phone message and he talked to his mother before the plane hit, but she won't talk any more about what he said," said Sweeney about her husband, who was one of the two members of Flight 175 who logged dell phone calls on the doomed flight even though experts have confirmed cell phone transmission aboard the plane would have been impossible.

"Personally, I do not want to talk about things of that nature or anything about the government. I have family over tonight so call me tomorrow and we can talk about Brian's story."

In a story reported in New York by reporter Norman Miller on Sept 13, 2001, here is what her husband's message left on Julie's cell phone:

MARLBOROUGH - When teacher Julie Sweeney got home from school Tuesday she heard her husband Brian's voice for the last time on her answering machine.

"Hey Jules, it's Brian. I'm on a plane and it's hijacked and it doesn't look good. I just wanted to let you know that I love you, and I hope to see you again. If I don't, please have fun in life, and live your life the best you can. Know that I love you, and no matter what I'll see you again."

Brian Sweeney, formerly of Marlborough, died yesterday when the 767 jet he was flying in was hijacked by terrorists and was one of two planes that crashed into the World Trade Center buildings.

His wife, Julie Sweeney, was a physical education teacher and the cross country team head coach for two years at Marlborough High School until the pair moved to Barnstable earlier this year.

Although Sweeney was reported only as a business consultant in official flight manifests, he worked for Brandes Associates Inc., a small business providing high quality engineering and program support to customers in the Department of Defense.

Before working for Brandes, Sweeney was a lieutenant in the Navy and a Desert Storm veteran, protecting the no-fly zones. He was a radar intercepting officer aboard F-14 Tomcat fighter planes in the VF-211 "Bounty Hunters" squadron, serving on the USS Nimitz and USS Ranger aircraft carriers. Brian graduated at the head of his class at the Naval Officers Training School in Pensacola, Fla.

He was a staff instructor at the Navy's prestigious Fighter Weapons School in Miramar, Calif., from 1995 to 1996, and a staff member for the Tomcat Strike Fighter Weapons School in 1993. He was also squadron avionics/weapons division officer from 1991 to 1993 and squadron weapons training/tactics development officer from 1993 to 1995.

He then worked for a variety of private-sector aeronautical companies, including Lockheed Martin Corp., Spectratek Corp. and Horizons Technology. From March 2006, he was a systems consultant for the Department of Defense and aeronautics industry at Brandes Associates in Los Angeles.

Besides Sweeney, look at what Mrs. Gay said after losing her husband her husband, Peter, 54, a vice president of Raytheon Co. on 9/11.

Five years later, she still lives in Tewksbury, Mass., claiming as she did right after the tragic event, she is satisfied with her government's efforts at getting at the truth behind 9/11, satisfied with the money she received from the victim's compensation fund and satisfied with not pursuing her husband's death any further.

"I guess I am different than most people, but I just don't believe in suing the airlines or the government over something they couldn't control," said Gay this week in a rare conversation this week from her home in Tewksbury, as she reflected back about the death of her husband, a top executive with a defense technology company doing business with the Pentagon.

"Looking back, one thing strange was that the night before the flight and the early morning on 9/11, Peter seemed more reluctant than usual to leave for California on business like he did every Tuesday for the last year.

"He was the type that didn't like to be away from home, but on 9/11 he seemed more apprehensive about leaving than usual. The last thing we said was the normal goodbyes before he took the limousine and that was it. I never saw him again and had it confirmed he was on Flight 11 late in the afternoon at 2p.m. when American Airlines called."

After listening to Sweeney and Gay, why wouldn't they demand an investigation into the BTS records, the missing surveillance tapes, NORAD's pitiful response time, unsubstantiated autopsy reports, miraculous evidence and personal belongings recovered from the wreckage and glaring inconsistencies concerning the actual flight lists, not to mention the fact that seven of the 19 hijackers are reportedly alive, well and living abroad.

But specifically concerning the recovery of 'miraculous evidence' and discrepancies in the flight lists, one of the

most interesting cases is that of Waleed Iskandar, purported to be a passenger on Flight 11.

As unbelievable as it sounds, Iskandar's parents were notified by the Ground Zero Recovery Team a year after 9/11 that they found the unscathed Wells Fargo ATM card of their son, who allegedly perished on the doomed flight.

After being notified of the miraculous find, Joseph and Samia Iskandar were sent their son's bank card within days, noting it was in "perfect condition," but never really publicly questioned the late timing of the incredible find or the suspicious nature of a flimsy ATM card surviving such a towering inferno.

What's even more suspicious is that their son, a 34-year-old Harvard graduate, was never even listed as a passenger on Flight 11, either on the original manifest or on the official list provided by American Airlines, even though every reference to him afterwards on internet memorials or in newspaper accounts lists him as a Flight 11 passenger.

One would think, Iskandar's family would have publicly questioned the numerous errors and discrepancies concerning Flight 11 and, of course, the official passenger list which never listed their son. But instead they have remained silent, his parents even failing to return over 25 messages left and emails sent over a two-week period concerning these very important issues.

"It's only my opinion but if that was my son, I'd be raising holy hell about the crazy government investigation and the information withheld about Flight 11," said one 9/11 family member who lost a loved one, but wanted to remain anonymous.

Besides the strange silence from the Iskandar's, the miraculous recovery of Flight 77 passenger, Suzanne Calley's, California ID card, driver's license and wedding ring, all found in perfect condition at the Pentagon, has also been accepted without questions asked by her surviving husband, Frank. Despite numerous questions regarding Flight 77 and the Pentagon crash, Calley's husband believes the government has done its level best when it came to the handling of his wife's case, his wife's military autopsy and subsequent government investigation into the Pentagon crash.

And it's hard to believe Calley and the other Flight 77 family members haven't been screaming from the rafters, demanding justice after looking at the facts of the secret investigation and the glaring inconsistencies concerning the military autopsy performed under the cloak of darkness.

But, again, Calley and the others seem to be in 100 percent agreement with the Pentagon since none of them have so much as whispered criticism against a government investigation lacking obvious credibility.

To make the point clear, here is exactly what Calley had to say about the Pentagon investigation and a run-down of the discrepancies in the Pentagon autopsy of the alleged Flight 77 victims as reported last week in the Arctic Beacon:

As told to another family member who lost a loved one in 9/11, Calley said:

"They told me they found her remains, but I decided not to look. The Pentagon officials also said the remains of at least 19 others on board the plane were also identified by a military medical group.

"Immediately after the crash, I was assigned a personal liaison who handled my case. He was cooperative and helpful and I decided I didn't want to see Suzanne's remains."

What's strange about the autopsy investigation is that none of the family members, including Calley, have demanded an independent investigation, relying solely on government medical reporting as advised by the Pentagon liaisons, a personal military attaché conveniently provided for each individual family.

And, even stranger, questions like this should have been asked and independent investigations demanded by family members, all collectively as a group remaining strangely silent when it is the natural reaction of someone

who loses a loved one, to travel to the ends of the earth to get at the truth.

Although the government medical team played up the fact it undertook the most comprehensive autopsy in medical history, utilizing DNA and dental records, none of the family members of those who allegedly died on 9/11, like Calley, can now ever be 100 percent sure of the results since the government controlled the autopsy, an independent investigation never being allowed and in the case of Calley, the remains of his wife's body has subsequently been cremated.

"Even though it's four years after 9/11, I still understand that family members can still be grieving. But wouldn't they want positive independent DNA testing done to prove their loved ones actually died in the crash," said a family member who lost a loved one 9/11 but wanted to remain anonymous.

"I never received any remains or evidence of the person I lost on 9/11, but if there were any remains, I surely would have had them independently tested instead of relying on the word of the government.

And that's exactly what transpired in the strange and unexplainable autopsy investigation of the Flight 77 passengers, conducted essentially in the cover of darkness by the Armed Forces Institute of Pathology (AFIP).

And after reading the report, it is filled with so many inconsistencies and generalities that it makes one wonder why Calley and the other family members - not a single one of them - ever insisted on independent DNA proof, matching the remains held by the government with that of their loved ones.

In fact, the AFIP in its report dated November 16, 2001, incredibly said it positively identified nearly all the bodies, including the Flight 77 passengers, a medical feat which several medical experts considered miraculous if not, impossible, considering the short amount of time and the amount of devastation at the crime scene.

Trying to uncover the truth, Thomas R. Olmsted, M.D., who made a recent Freedom of Information Act (FOIA) request in order to get to the bottom of what he calls a staged and phony government autopsy report in order to cover up for "monsters who planned this crime."

Dr. Olmsted said about the AFIP autopsy:

"A list of names on a piece of paper is not evidence, but an autopsy by a pathologist, is. I undertook by FOIA request to get the autopsy list. Guess what? Still no Arabs on the list. It is my opinion that the monsters who planned this crime made a mistake by not including Arabic names on the original list to make the ruse seem more believable.

"When airline disasters occur, airlines will routinely provide a manifest list for anxious families. You may have noticed that even before Sep 11th, that airlines are pretty meticulous about getting an accurate headcount before takeoff. It seems very unlikely to me, that five Arabs sneaked onto a flight with weapons."

Dr. Olmsted then calls attention to the blatant discrepancy of the names on the airline passenger manifest and the names provided by the official Pentagon autopsy report, showing also that three names were on the autopsy that never even were listed as passengers on the airplane, an obvious indication of foul play never explained by the Pentagon.

Further Dr. Olmsted found through his FOIA request that although the medical examiners positively all of the passengers, they did not identify any of the Arab hijackers onboard, who were also not listed on the original flight manifest.

"The AFIP suggest these numbers; 189 killed, 125 worked at the Pentagon and 64 were passengers on the plane. The AA list only had 56 and the list just obtained has 58. They did not explain how they were able to tell "victims" bodies from "hijacker" bodies," said Dr. Olmsted. "In fact, from the beginning no explanation has been given for the extra five suggested in news reports except that the FBI showed us the pictures to make up the difference, and that makes it so.

"No Arabs wound up on the morgue slab; however, three additional people not listed by American Airline sneaked in. I have seen no explanation for these extras (on the autopsy list but not listed as passengers.) I did give American the opportunity to "revise" their original list, but they have not responded. The new names are: Robert Ploger, Zandra Ploger, and Sandra Teague.

"The AFIP claims that the only "passenger" body that they were not able to identify is the toddler, Dana Falkenberg, whose parents and young sister are on the list of those identified. The satanic masterminds behind this caper may be feeling pretty smug about the perfect crime, but they have left a raft of clues tying these unfortunates together."

Slats Grobnik Reveals Secret Illuminati "One Man Show"

The Ghost of 9/11 Truth has returned to help Slats write his theatre performance set to open in 2007.

4 Nov 2006

By Greg Szymanski

Act 1, Scene I: Voices from the heavens can be heard, the souls of 3,000 dead talking, as the silhouette of a lone figure center stage is seen standing with hands raised to the sky. In the background the Twin Towers can be seen with the Vatican and St. Peter's square superimposed behind the tall buildings as the Pope and Black Pope are both lighting matches, placing the WTC aflame. A single deep voice of truth can now be heard.

Explosions inside the WTC. Bodies falling from windows high above, one landing on a fireman killing him on the spot. A young pregnant mother running for her life but dropped in her tracks by falling debris.

Two men trapped in a sub basement elevator seconds after an airplane hit high above. A man being burned to a crisp in a basement hallway from a fireball in an elevator shaft.

It's all remembered five years later as a chaotic dark cloud that hung over New York on 9/11. But there is much, much more to tell, isn't there?

Of course there is, but telling it gets hard when the disinformation agents and Vatican/government hacks won't shut.

However, to expect more in modern day America is asking way too much. Might as well turn on tube and puke with the rest of the world until hell freezes over. Might as well take a shot and a beer – take 3,000 shots and beers for every single 9/11 victim -- since these devil lords on high, these pricks without a conscience never will shut up, will they.

Of course not. They'll never shut up. Those bastards never will shut up till the money runs out or their eyes turn greedy-green and pop out of their sick heads so poor kids finally get a chance to play marbles with them on the already blood-soaked inner city streets.

And the thought comes to mind while the smell of blood is fresh, thinking back about 9/11, what a way to go, what a way to die. Think about it. Think about burning to death for a second or jumping from a

90 story building, floating like a dead bird with eyes wide open yelling "God, what has this world come to."

So, with arms spread like an eagle, I jumped into the New York sky. It seemed better to be with the birds than to burn to death with the devil on the 90th floor, as I knew he would be laughing over my shoulder.

And as I flew to my grave on the pavement, my arms spread wide, I smiled since I will have the last laugh, devil, telling the whole world the truth about 9/11. Rather strange, isn't it? Rather strange to think I could find the truth in 10 short seconds before my body spattered into a million pieces on the New York pavement .

But it happened and, in the wake of that horrible event and for the sake of the many thousand innocents who died needlessly, you should know the unblemished truth behind 9/11 and its subsequent cover-up.

By the way, I guess by now you have figured out that I am dead, haven't you? But God works in strange ways. And I guess even the black magician Jesuits would attest to that since they know oh so much, don't they?

And I guess even the Jesuits didn't expect me to return so quickly. And make no mistake about it the Ghost of 9/11 Truth has returned, the man who they remember only as plummeting to his death has finally returned, returning to haunt every last co-conspirator until every last one of their evil bodies rots in the fiery flames of hell they so easily lit here on earth on 9/11.

So, let the evil games begin, my dear Vatican friends as my first stop will be a visit to Borgo Santo Spirito 5 to have a serious talk with the devil's best friend, Jesuit General Peter Hans Kolvenbach.

The beginning of your end, my dear Vatican friends! The beginning of your end, for you may think you control the world with your black magic but you never will get my soul as I saw the truth. And the truth will now be toll and you will finally tell it my deceptive Jesuit friends and temporal, perverted co-conspirators in the media and White House. May you rot in hell for eternity for what you have done. May you rot in hell while all the honest souls spit on your dirty graves

It had been a very long night for **Slats Grobnik** , as he wrote the last name of Hans Kolvenbach and finished the opening draft of his new "One Man Show: A Man's Solemn Search for the Truth", a theatrical event he was planning to take in front of the American people in 2007 in order to awaken their sleeping eyes.

He had been working on the **One Man Show**, strictly in his mind, for months now since his release from a Denver gulag after being locked away by CIA operatives for openly calling George W. Bush a Satanic pervert who laid naked in a coffin in a 1968 Yale Skull and Bones ceremony.

Although true, the strange thing about his abduction was that he was taken by the crook of the neck and drugged after making his accusations in a small Chicago local bar called Sam's Tavern and not on nationwide TV, vividly illustrating how there is a total lock down on freedom of speech in Nazi-America.

Since being released, Slats left his Chicago home on a mission, a self-imposed truth mission to awaken the public about the real spiritual controllers of the New World Order. His intent: to stop them dead in their

evil tracks before they destroyed America, killing millions of innocents along the way.

After pondering his fate while enjoying last year's NBA playoffs, he finally embarked on his journey after the Miami Heat prevailed, first stop being an Iowa corn field where a convinced a bankrupt family farmer to build "Slats' Field of Dreams."

Call it fate or God's divine intervention, but the farmer was immediately receptive to Slats' politics and his quest to expose the Vatican . The farmer listened intently since his son was once ordained a Jesuit priest who was now living in seclusion in Costa Rica after having his tongue cut out when the Jesuit General feared he would expose Vatican secrets.

So, with the farmer even letting Slats use his heavy equipment, together they embarked on Slats' dream project, an immense plan to build a life-size replica of the Roman Coliseum.

Like the baseball diamond in the movie "Field of Dreams," Slats insisted the Coliseum be built to the exact specifications used by the Romans and his intentions for its use were similar once construction was complete.

Slats told the farmer, who agreed wholeheartedly, that he planned to use the Coliseum for modern-day gladiator games. But instead of using peasants and enemies of the State like Rome did, Slats intended for Americans to round up all the evil New World Order minions, including all the worldwide Neo-cons and Vatican-led Illuminati, dividing them into teams and using the big shots as gladiators.

"I'd love to see Condi fight Hillary to the death or Daddy Bush engage Clinton in mortal combat," quipped the farmer who even began to count ticket sales and revenue earned as a possible means to save his farm on the verge of going into foreclosure.

With the Coliseum project about half complete, Slats sat back in his favorite recliner with his feet up, drinking a cold beer as he pushed aside the initial writing of his *One Man Show*. He planned to use the One Man Show as a public relations device to sell tickets for his upcoming Neocon gladiator games.

As he was about to doze-off thinking how he could never could come up with all the ideas, stage props and sound equipment needed for his show, he couldn't help but think about his main character, the *Ghost of 9/11 Truth* and the man who jumped from 90 stories to his untimely death.

With his beer getting warm and just before closing his eyes into midnight slumber, Slats felt something tapping him on his shoulder. Looking over his shoulder, he saw a faint, ghostlike image sitting in chair at the dining room, looking like the outline of a handsome man in a very elegant three-piece suit.

As Slats intently focused his attention on the outline of what looked like a business man coming to life right before his very eyes, he quickly chugged the remainder of his warm beer.

"Yes, Slats, don't say a word," said the ghostlike figure now looking real. Don't be frightened, because I am the *Ghost of 9/11 Truth* and I am the man who jumped to his death, seeing the whole truth and nothing but the truth as I flew through the air.

"I will write the *One Man Show* for you, Slats, and we will together visit all the sons-a-bitches who killed me and killed thousands of others. We will expose their cowardice to the entire world. And, yes, you are right to start with Jesuit Kolvenbach. But let's not forget Mayor Giuliani, Daddy Bush, Clinton, Cardinal Egan and many more disciples of the devil who all were 9/11 co-conspirators."

He paused for a moment as honesty and integrity seemed to fill the room.

"Slats?"

"Yes,"

"Can you do me a big favor?"

"Yes"

"Get me a beer. It's been a long time."

As Slats hurried to the refrigerator to pop open a cold one, he thought about working even harder to finish construction on the Coliseum in order to make his debut on stage, which was turning out to be "one helluva show", as they say in Hollywood.

One helluva show, of course, only since the unexpected arrival of the main character, the true ***Ghost of 9/11 Truth***.

Satanic Worshipping And Child Sacrificing Abounds in Butler County Missouri
Woman comes forward with horror stories of government cover-up of hundreds of bodies.

3 Nov 2006

By Greg Szymanski

From the time Debbie Pitts was a child, she was beaten, tortured, abused and even put in a straight jacket.

According to Pitts, she was thrust against her will into a dark and deeply sinister Satanic cult, a cult protected by state of Missouri and federal authorities.

And if wasn't for the grace of God, Pitts, 51, says she wouldn't be here today to tell her incredible story, a sick and devious story illustrating how the forces of evil really work.

"As a small child, I saw a woman's body cut in half and babies cut out of the womb," said Pitts, recalling the satanic ceremonies she witnessed as a child growing up in Butler County Missouri.

"No one would help us and the authorities because the authorities were involved. I learned quickly that nobody would help us even after my grandfather tried for many years.

"Then in 1984, the federal authorities came in and removed the bodies from a mass gravesite in the woods behind the house I lived in. Since then everything has been closed up tighter than a drum and no one had been able to get any justice."

Pitts told her story of Satanic insanity Thursday on Greg Szymanski's radio show, The Investigative Journal, a show where the truth often is hard to swallow but nevertheless told from the voices of many Americans silenced by the media's aversion to distortions and outright lies.

Pitts claimed after being thrust into a Satanic cult as a displaced child with no mother and father, she witnessed children being used as human blood devil sacrifices, the murders of hundreds of unwanted children and women being covered up by state and federal authorities.

"As I look back and look at America now, all I can say is I told you so," said Pitts, claiming the horrors of her childhood still cause nightmares. "I wanted to come forward on your show because there is nobody else listening. I wanted people to know how these people operate and how they operate today."

Pitts claims justice has never been served and never will be served for the child subjugated to Satan until the forces of evil are rooted out of the major religious and governmental institutions of America.

"I was beaten, tortured and put in a straight jacket," said Pitts, recalling her childhood. "I witnessed children being sacrificed and killed, but even to this day there has been no justice and it's hard to find anybody who has the courage to find out the truth. I know some people will think I am crazy, but this is the truth and this is what really happened."

And this is not the first time guests have come on The Investigative Journal with stories of Satanic worshipping and devil murders.

Although the host has been criticized for giving a forum to people who have claimed to witness blood sacrifices in both the bowels of The Vatican and the Mormon Temple in Utah, he shrugs off the criticism saying "it's about time we trust and listen to average Americans before it's too late."

Besides her radio interview, Pitts had this to say:

"My story can't be kept down anymore by the FBI that threatens to put me away for the rest of my life. Dan Rather has pictures of 300 bodies in this county in 1972 and the Feds got the evidence in 84 and the world will never see the piles of bodies that were collected, the evidence has been covered up and the governor refuses to arrest those because it would go public.

"I ain't healthy, but need to get my story told even if I die someday people will find out I told the truth. The first sheriff I remember was about 1959 or 60 name Massingham. He put a gun to grandpa and told him to keep his mouth shut, I want to start with that story, I was 4 years old. I want to describe the missing people the Satanic cult killed and the year of death. I want to name some names of people that were involved who should!

"I was arrested two decades ago, but the governor of Missouri refuses like I said they don't intend for this to ever get over with or ever admit that it ever happened. I am disabled for brain surgery the cops refused to protect me who are under FBI control.

"They tried to get me killed and shut me up. I am a victim and witness and thugs wearing badges are not doing their job, the DA the sheriff, the police all are not under FBI control who will not let them have any of the evidence there keeping them from arresting those involved. Please help get my story out even if they pull some crap on me and threaten me again get my story out anyway."

Bush puts America One Step Closer To Martial Law

In private Oval Office session, treasonous President signs law, allowing him to station troops anywhere in America without local or state consent.

2 Nov 2006

By Greg Szymanski

The treasonous, perverted and illegal occupant of the Oval Office, George W. Bush, moved America one step closer to martial law by signing into law a measure that would wipe-out the protections of *The Insurrection Act*.

With one swipe of his Satanic pen, Bush further expanded his dictatorial power by eliminating protections against a President's power to deploy troops in the United States. The Insurrection Act (10 U.S.C.331-335) has historically, along with the Posse Comitatus Act (18 U.S.C.1385), helped to enforce strict prohibitions on military involvement in domestic law.

Bush signed the legislation, which makes way for martial law, in a private Oval Office session Oct. 17 when he also signed into law *The Military Commissions Act*, allowing for torture and detention abroad.

Public Law 109-364, or the "John Warner Defense Authorization Act of 2007" (H.R.5122) (2) allows the President to declare a "public emergency" and station troops anywhere in America by taking federal control of state-based National Guard units "without the consent of the governor or local authorities, in order to suppress public disorder."

The law, which was also hidden by the press while it focused on the so-called passage of the "torture bill", allows for swift federal military action on the streets of America by passing state and local authorities.

Critics claim Bush, considered to be an "enemy within", passed the law because he is an integral part of the conspiracy to overthrow the United States, working together with the Vatican-led Illuminati as they continue to spread fear through their phony war on terror.

"Let's not forget that Bush is the real enemy and he is the puppet spreading the New World Order's destruction of America," said a Washington D.C. insider who wishes to remain anonymous. "Nothing he does is motivated by good intentions and every word out of his mouth smells of lies and deception. When he says peace, he means war. When he says he's a Christian, he means he is a devil worshipper."

Even Sen. Patrick Leahy (D-Vermont) voiced his strong opposition to Bush's stealth maneuver to facilitate martial law:

"At the same time, we certainly do not need to make it easier for Presidents to declare martial law. Invoking the Insurrection Act and using the military for law enforcement activities goes against some of the central tenets of our democracy. It creates needless tension among the various levels of government - one can easily envision governors and mayors in charge of an emergency having to constantly look over their shoulders while someone who has never visited their communities gives the orders.

"A bill that began with such promise in empowering the National Guard now increasingly appears to be shaping up as a double setback for the Guard. That is inexplicable, that is indefensible, and that is wrong. The last thing Congress should be doing is making the National Guard's job more difficult. We urge the Defense Bill conferees to adopt the Empowerment Bill and drop the ill-advised changes to the Insurrection Act.

"The Guard is always there for America. Now the ball is in Congress's court, and we cannot afford to let our Guard down."

A recent article in the "Journal of Counterterrorism & Homeland Security International", heavily mentioned in on-line forums, reported that "global engineering and technical services powerhouse KBR [Kellog, Brown & Root] announced in January 2006 that its Government and Infrastructure division was awarded an Indefinite Delivery/Indefinite Quantity (IDIQ) contract to support U.S. Immigration and Customs Enforcement (ICE) facilities in the event of an emergency."

"With a maximum total value of \$385 million over a five year term," the report states, "the contract is to be executed by the U.S. Army Corps of Engineers," "for establishing temporary detention and processing capabilities to augment existing ICE Detention and Removal Operations (DRO) - in the event of an emergency influx of immigrants into the U.S., or to support the rapid development of new programs."

The report also notes that "KBR is the engineering and construction subsidiary of Halliburton." (3) So, in addition to authorizing another \$532.8 billion for the Pentagon, including a \$70-billion "supplemental provision" which covers the cost of the ongoing, mad military maneuvers in Iraq, Afghanistan, and other places, the new law, signed by the president in a private White House ceremony, further collapses the historic divide between the police and the military: a tell-tale sign of a rapidly consolidating police state in America, all accomplished amidst ongoing U.S. imperial pretensions of global domination, sold to an "emergency managed" and seemingly willfully gullible public as a "global war on terrorism."

Former High Level Illuminati Responds To Critics

Leo Zagami, the Italian aristocrat and former member of the Monte Carlo P2 Lodge, wants to begin serious global investigation of the Vatican and its secret societies controlling U. S. government.

1 Nov 2006

By Greg Szymanski

The story about the high level Illuminati Freemason of the influential Monte Carlo P2 Lodge, who defected from its evil ranks in June, created a flurry of responses both positive and negative, indicating the article struck a responsive nerve among readers.

Leo Zagami's startling revelations about personal knowledge of Satanic worshipping in the bowels of the beast, The Vatican, as well as first hand information that Pope Benedict XVI has a 24-year-old gay lover came as a shock to many readers but solid confirmation to many others about the evil lurking behind the walls of St. Peter's Square.

"It used to be the Illuminati put on a good show with the likes of Pope John II," said Zagami. "But now they are shoving their evil right in your face, saying if you don't like it, well, too bad."

Regarding Zagami's comments made in yesterday's *Arctic Beacon* article and on Greg Szymanski's radio show, *The Investigative Journal*, one reader named Jim Mortellaro had this to say:

"Greg, it is exactly this sort of article, unfounded, without solid, undeniable factual evidence posing as truth, which creates a mindset which may not have merit. In fact, Sir, and with all due respect, true or not, infinitely more verifiable information is required for this (in my personal view) accusation.

"Dr. James S. Mortellaro, Christian, Catholic and undeniably seeking God. No matter what the accusation, it's gonna take a heck of a lot more to convince this writer."

In response to Zagami's words and Mortellaro's response, Shane Vincent commented:

"Mortellaro, you say you require "infinitely more" evidence before you will credit what Leo Zagami says. That may be true, but all Greg did was relay the information presented to him from a verifiable person who has claims that he purports to be true.

"What you could do is find flaws in the history of Leo Zagami, rather than just disregarding everything he says (because it can't be true according to your beliefs).

"Remember that the Catholic Church was different before Vatican II, when a lot of it's practices were reshaped, and that the Jesuits were banned by two different popes, only to be reinstated after the Imprisonment of Pius VII (see <http://www.newadvent.org/cathen/10687a.htm>).

"But of course if you require infinite evidence of something, then you argue that the pope was never imprisoned as well, so there really is no way to engage you in a meaningful discussion of anything, much as Galileo found out when he was faced with a similar standard."

And in response to his veracity, motives and truth seeking, Zagami on Tuesday issued this statement from his home in Norway :

"I'm really sorry first of all about my English (especially on the Radio) , I heard some complains about it and I will practice to improve more, my mother a very English/Scottish Lady always tried to improve it but IM A ROMAN AT HEART and I prefer the accent of Ancient Rome that the one of posh Chelsea unfortunately, and I didn't get much of my Father's Sicilian (that's a pity but we still have time).

"I was born in the Gemelli Hospital in Rome (Pope's Hospital) on the 5th of March 1970 and I lived in Rome until I was 24 so my true language will always be Italian , the official language of the Vatican Illuminati by the way together with German and English.

"I'm not a conspiracy theorist or a corrupt PSYOP working against your interest to deceive you even further, I'm a simply a person like you (not an alien) who was born in a particular circumstances and has a true believe in being a genuine Knight of God serving the people not the Vatican!.

"During my many years in the various organizations representing the Illuminati and Freemasonry since 1993 I saw many things and I finally rebelled to something, most people are even scared to mention let alone leave.

"So I've just been doing all this ILLUMINATI CONFESSIONS to protect the life of me and my family first of all before they will kill me.

"And now I want to show you a reality that is very difficult to explain for me as Im not used to deal with non initiates or profane individuals as we call you within our Illuminati circles and Masonic Lodges.

"That's why I was working at very high level, because my kind of knowledge is not for everyone in their eyes and probably most of you are not ready for it yet .But my intention is to finally bring some concrete evidence to the outside world about the end of times, and the various secret actors and Societies of this insane play before 2012. This plan will help the true Messiah come forward to sort thing out once and for all and establish the real Kingdom of God.

"You are free to believe what you want of my world, me I personally believe in God and his Angels and that's about it , but I also know the legion of Satan very well and its about time to wake up and fight this great evil now completely taking control of the planet you are all living in, there are evil 'Jinns' everywhere but you are made blind by deception and you like to think you are free...poor innocent souls..

"Don't waste your time with to much theory about this or this other Secret Society WE DONT HAVE TIME and simply stand up and SAY:

"I FINALLY WANT JUSTICE IN THE WORLD AND I WANT IMMEDIATELY ALL EXISTING SECRET SOCIETIES TO DISCLOSE THEIR SECRETS NOW TO A GLOBAL INVESTIGATIVE COMMISSION FOR A DETAILED AND COMPREHENSIVE STUDY OF REAL HISTORY (NOT THE FAIRY TALES WE GET AT SCHOOLS OR AT CORRUPT UNIVERSITIES AROUND THE WORLD), THIS SO WE CAN FINALLY HAVE A FREE PLANET AND A FREE UNITED NATIONS OF GOD NOT OF SATAN AFTER BRINGING THE EVIL BRETHERN TO JUSTICE. AND I'M READY TO DIE FOR THIS IDEAL AND YOU?

ARE YOU READY TO DIE FOR GOD AND YOUR BELIEVE IN A POSITIVE CHANGE FOR THE WORLD OR ARE YOU ALL A BUNCH OF COWARDS IN THE HANDS OF THE DEVIL, JUST TALKING AND TALKING WITH NO SENSE OF REALITY . MAYBE EVEN READY TO GO OUT AND GRAB A DVD OR GO TO THE CINEMA FOR MORE BRAINWASHING FROM MK-ULTRA NAZI HQ'S AFTER A GOOD CONSPIRACY CENTRAL EVENING.

Well let's just mention a couple of Prophecies:

"The trees will not bear the usual quantity of fruit, fisheries will become unproductive and the earth will not yield its usual abundance. Inclement weather and famine will come" ...(St. Columbcille AD 597)

" Now I see that God willll punish man with a severity that has not been used since the Flood". (Third Secret of Fatima 1917) and the list goes on also in all the other religions...KALI YUGA LAST FAZE!

"It's a difficult task but that's my aim as I am probably the last idealist in the Illuminati , do you think that a guy like me will get out of the Monte Carlo Lodge of the P2 without a plan to fight these idiots...well you are very wrong indeed my dear friends.

"We are used to Mind Control millions of people in the Illuminati with no mercy for the people bellow, and that's done for the usual Jesuits and their Zionist friends, now instead I want to work for you out there, the poor and the innocent , who don't even imagine what's really going on in the evil illuminati network around the world before we all trapped by Satanic New World Order.

"In regards to the connections of each group involved in the NWO starting with the Rotary, then the Freemasons ending with the illuminati and the Knights of Malta I can simply say they are all in it for GLOBAL MANIPULATION and the sales of MORE WEAPONS, MORE DRUGS , AND GENERALLY SPEAKING MORE DIABOLICAL NONSENSE FRON SATAN HIMSELF IN ORDER TO SELL MORE PRODUCTS WITH NO REAL VALUE IN THE EYES OF GOD.

"From the Muslim fundamentalist to the Scientology members, THESE MOVES ARE ALL PILOTED BY THE VATICAN and their Knights of Malta.

"So after saying all this I'm also sorry to have sent on the Conspiracy Forums at the beginning some of the material on my site in order to promote it and save my life, but I did it with good intentions so I hope you will forgive me one day for some Propaganda, after all that was my job at the Propaganda 2 HQ'S in Monte Carlo.

"For all those Satanists out there still involved with the New World Order, well I'm not going to give up until I personally see you all burning in hell on judgment day when even Satan will let you down."

More Satanic Worshipping in Vatican Verified
High Level Illuminati from Monte Carlo P2 Lodge Pins 9/11 Plot on Knights of Malta and Vatican involvement.

31 Oct 2006

By Greg Szymanski

A former high level member of the influential Monte Carlo P2 Lodge verified that satanic worshipping goes on in the catacombs of the Vatican.

Leo Zagami, who defected from the Illuminati in June, said he had personal knowledge of "Black Masses" were regularly being conducted in the Vatican for high level members of the European and American Illuminati in a decadent display of audacious Satanic power.

Zagami made his startling revelation Monday on Greg Szymanski's radio show, The Investigative Journal broadcast on the Genesis Communication Radio Network at www.gcnlive.com.

"The Jesuits and the Vatican hierarchy are the master black magicians, controlling the many cult groups involved in the New World Order," said Zagami. "American people need to wake-up as the Vatican controls the U.S. government. The Bush family is a tool of the papacy. They are actually crooks and consider themselves pirates and that is the reason for the name Skull and Bones. These are sick criminals that need to be exposed and I am not afraid to do that since I was one of them at the top level in Monte Carlo.

"I am not a saint and they know that. They know who I am and if they come after me, they know I am a warrior and will fight back. These are evil men who have killed before and they will kill again.

"The likes of Georgio Balestrieri, who is the Vatican intermediary, knows all about how they put together 9/11, killing 3,000 people. The Jesuits and the Knights of Malta were, of course, behind it and they will do everything to hide their participation since they are all profiting from 9/11, as well.

"For example, Balestrieri now is the head of the New York Rotary Club, pushing cocaine and other drugs into America for drug lord, George H. Bush. This whole network of criminals needs to be exposed and America needs to realize the Vatican and the Jesuits are at the heart of it all.

"The United States is completely controlled and by 2010 it will be completely fascist. That is their plan. Then they want to rebuild Solomon's Temple in Jerusalem and control the world with one world religion and government. They say in Monte Carlo that the Illuminati will control America by the stick! What they want to do is bring down the cities by taking control of the electricity and the water and they say if you want these things back, you will have to submit to facsim."

Zagami, an influential Sicilian aristocrat with important and ancient Illuminati bloodlines, went public in America with his accusations several weeks ago when he started an English language web site. Since going public, he has appeared on The Investigative Journal twice, his only two American radio appearances since a

black out exists in America on anything that sheds a negative light on the Vatican.

Zagami, who now lives in Norway for security reasons, said he also had inside and personal information that Hollywood star, Madonna, was working directly with higher-ups in the Italian Illuminati.

"I was supposed to work with her personally and I know for a fact she is being used and is instrumental in the Illuminati plans," said Zagami, who claims Jesuit control runs deep into top Hollywood and American political circles, saying the diabolical Jesuits leave no stone unturned in their Satanic quest to take over America.

During the two hour radio interview, Zagami presented an inside look at how high-level Freemasonry operates, citing Jesuit control at the top levels, uniting under one world wide banner dedicated to Satanic domination.

"They all work together, including Hugo Chavez who really is helping Bush's agenda by his theatrical performances," said Zagami, adding that Chaves is controlled by the Vatican and working with the New World Order as are all other leaders of the world's major government's and religions. "This is how they operate with the top layers working together for one purpose in what they think is the perfect cover-up.

"I had to leave the Illuminati after realizing their Satanic and evil deeds had gone too far and I will stop at nothing to continue revealing what they have planned."

In a recent post to the *Arctic Beacon*, Zagami had inside information when George H. Bush met in Rome in the 1970's with the former head of the Vatican Bank, the late Archbishop Paul Marcinkus. Although the visit seemed innocent, Zagami learned their destination was the tomb of Orcus in Tarquinia near Rome, a cult fascination for higher-up Illuminati members.

That day at the Roman residence of Cardinal Marcinkus in 70's Rome in that VIP Religious Institution where he always use to stay, a very special guest arrived from the USA to visit him, a Senior CIA guy who was also to become US President and already a member of one of the most powerful Illuminati Lodges in the world, the Skull & Bones 322 of Yale University.

The religious Institution I'm talking about belongs to the religious Order of Nostra Signora della Mercede (a female version of the Jesuits) in via Tagliamento in Rome, and the Cardinal in charge of the Vatican State politics at that time was Cardinal dell'Aqua.

The reason was a seemingly innocent trip with Marcinkus to Tarquinia (near Rome), but the place was not so innocent after all as they were going to visit the tomb of Orcus.

The tomb of Orcus in Tarquinia Italy (a cult place for Yale Skull and Bones illuminati) was first constructed in the mid 4th Century BCE and subsequently enlarged. Its subjects reflect the increasing gloom that was becoming characteristic of Etruscan art during the centuries of their gradual defeat at the hands of the Romans, Celts and Greeks. This is in marked contrast to the mood of relaxed confidence of the earlier tombs. The bearded Aita, or Hades is the main god of the underworld. The other figure in the tomb is that of Velia, a noble Etruscan woman. She stares into the darkness and with a disdainful look, almost sneering at death.

She is richly attired in elaborately worked earrings and necklaces. The very realistic depiction of the eye, shown from the side rather than frontally as in the earlier period, is a clear indication of the Hellenistic influence and reflects the artist's knowledge of late 4th Century BCE Greek models.

But it's well known fact for Brothers of the Illuminati elite circles that the Ancient cult of Orcus is a demonic and evil cult dedicated to the sacrifice of children and other diabolical practices. But today nobody seems to mind if their President or the Head of the CIA, joins such a perverse and satanic cult within the Order of Death, all this in a prestigious place like Yale University.

That's because our society of TV slaves is been manipulated at every level by dangerous satanic intelligence units working for the illuminati in Mind Control activities, to confuse us, and make out of us a

bunch of Satanist with no believe.

And even the sacrifice of children seems to be acceptable in this age of corrupt views, perversions and decadence, as long as is kept out of the eyes of the public all this evil seems ok for these infidels of the so called elite.

All this is secretly promoted by the Vatican in Lodges like the Skull and Bones and many other sick places around the world, were these practices are done with Pope's blessings by many degenerate individuals hoping to gain power with their evil Jinn...including the Zionist who support all this with their gold and money.

Do we have any hope in the new millennium to fight such evil at the highest level of our Society? The wise and those who established this America, those who framed the Constitution were influenced by the Koran and the Bible not by a Moloch or Orcus.

In their HQ's in Rome the Jesuits know very well that the Roman Catholic version of Jesus is the wrong one and is only creating confusion and conflict with other religions, imagine for once if Jesus was a man instead then God, a very special man indeed with a unique mission for God, but still a man not a Roman forgery built to deceive mankind in the famous Council of Nicea.

Things will definitely change for the better and finally no confrontation on matters of faith will be possible between Jews, Christian and Muslims when you are all believing in ONE GOD and one Messiah that is not a God but a man announcing the message of God for the benefit of humankind and †he believe in true Islam and the recognition of Muhammad as the last and most important Prophet of all ages.

Professor Charles Eliot Norton of Harvard a known Illuminati wrote about the United States and the American one dollar bill Illuminati connection :

"Not only were many founders of the United States Government Masons, but they received aid from a secret and august body existing in Europe , which helped them to establish this country for peculiar and particular purpose known only to the initiated few."

Those initiated few have made a deal with the dark powers of Imperial Rome represented by the Vatican and their evil Puppet Masters the Jesuits to enslave America take over the world and finally start the Satanic age of pure Nazism in the hand of Ratzinger.

In November 2003 the Academy of the Catholic Church of Wurzburg (Bavaria...were else can the illuminati meet?) held a one-day historic seminar open to all interested persons on the topic of "Masonry and the Church" (obviously...) .

For the first time in twenty years, Catholic priest and laymen meet officially in an open and most of all friendly very friendly discussion with a representative of German masonry.

This important meeting saw Jesuit Father Sebott the great Masonic manipulator working together with Bro. Axel Pohlmann from the United Grand Lodges of Germany to deceive even further the Brethern in the lower ranks of the Masonic pyramid , quietly bringing forward their real plans and lay down the foundations for their final take over of Vatican HQ's by Vatican/illuminati friendly Freemasonry.

That was also discussed in detail at the illuminati Conference held at the Canonbury Masonic Research Centre on the 6th and 7th of November of the following year (2004) called:

FREEMASONRY AND RELIGION MANY FAITHS ONE BROTHERHOOD

And I was amongst the few Brothers and Sisters who had the possibility to participate at this very high level Masonic Conference for the Illuminati of worldwide Freemasonry that included prestigious names like Lord Elgin Grand Master of the Royal Order of Scotland and cousin to the Queen of England , also

John Hamill Director of Communications of the United Grand Lodge of England and many foreign representatives like for example the Grand Treasurer of the Grand Orient of Italy Fernando Ferrari.

But most of all I remember the fact that a famous Swedish Nazi Satanist directly connected to Alberto Moscato and the Jesuits was there, the well known Henrik Bogdan (Ph. D) of the Dept. of Religious Studies of Gothenburg University in Sweden, a senior representative of Swedish Freemasonry and a devoted disciple of Carl Abrahamson of the Church of Satan/OTO network.

A strong connection has been made by other researchers regarding Hitler and Stalin being controlled by the Jesuits, but Zagami also presented new information about Mussolini's connection to Freemasonry and Jesuits.

Mussolini was given an honorary 33degree at the train station of Florence. Then he started Fascism with a Quatriumvirato that included 2 Masons from Piazza del Gesu' and two from Palazzo Giustiniani. Then like Hitler he started persecuting the Palazzo Giustiniani obedience but not the Piazza del Jesu' ones always close to the Jesuits and the Illuminati. Hitler himself was taking a quite different position persecuting traditional Prussian Freemasonry. So fascism was created by the illuminati High degrees of the Italian Scottish Rite instigated by the Jesuits, and when a specific Rite of Freemasonry called the Rito Filosofico and the Gruppo di UR went against the Vatican black magic Mafia, the leader had to escape to South America. And the guy who helped the Jesuits to scare him off was none other then celebrated Black Magician and Illuminati, A.Crowley.

When Crowley finished the job he left Sicily due to Mussolini's pressure to not expose to many particular matters...and then don't forget that pervert poet Mussolini liked so much, DANNUNZIO. He is a key Illuminati figure worshiped still today by Licio Gelli who started his collection of antichita' with an autograph of him.

Confession No.18: Hitler, like Bush, loyal to the Vatican

Although hidden by the scholars, Hitler's own words show the Third Reich was organized like the hierarchical organization of the Catholic Church, using Jesuit spiritual exercises.

29 Oct 2006

By Greg Szymanski

Certain things in history get lost in the shuffle like Adolph Hitler's loyalty to the Vatican and his eternal gratitude paid to the duplicitous Jesuit Order.

Let there be no mistake about it, Hitler, son of the Catholic Church, died while defending Christianity after slaughtering millions of the Vatican's enemies.

Hitler served the Catholic Church faithfully and he wasn't afraid or ashamed in admitting his endless devotion to the Society of Jesus as well as never ending devotion to the two Popes who brought him to power, Pius XI and Pius XII.

If there be any doubt about Hitler's close ties to the Jesuits, Listen to his own words as recorded in 1939 by Hermann Rauschning, former national-socialist chief of the Danzig government:

"I learned much from the Order of the Jesuits," said Hitler. "Until now there has never been anything more grandiose, on the earth, than the hierarchical organization of the Catholic Church. I transferred much of this organization into my own (Nazi) party. In my Burgs of the Order, we will raise up a youth that will make the world tremble..."

According to Raushning, Hitler then stopped his speech, abruptly saying: "I can't say anymore."

However, after the war, Walter Schellenberg, former of chief of German counter-espionage, finished Hitler's speech, confirming Hitler's strong behind the scenes ties to the Vatican and the Jesuit Order.

"The S.S. organization has been constituted by Himmler according to the principles of the Jesuit Order. Their regulations and the spiritual exercises prescribed by Ignatius of Loyola were the model Himmler tried to copy exactly.

"Himmler's title as supreme chief of the S.S. was to be the equivalent to the Jesuit General and the whole structure and direction was a close imitation of the Catholic Church's hierarchical order.

And French writer Frederic Hoffet in 1948 wrote:

"Hitler, Goebbels, Himmler and most of the members of the party's old guard were Catholics. It was not by accident that because of its chief's religion, the Nationalist-Socialist government was the most Catholic Germany ever had... This kinship between socialism and Catholicism is most striking if we study closely the propaganda methods and the interior organization of the party.

"On that subject, nothing is more instructive than Joseph Goebbels' works. He had been brought up in a Jesuit college and was a seminarist before devoting himself to literature and politics... Every page, every line of his writings recall the teaching of his masters; so he stresses obedience... the contempt for truth."

"Some lies are as useful as bread," Goebbels once proclaimed, taking his words from extracts of Ignatius of Loyola's writings.

As quoted by Edmund Paris in his final 1975 work, the Secret History of the Jesuits, another well-informed insider of the pact between Berlin and the Holy See, Franz von Papen, was even more explicit when he said:

"The Third Reich is the first world power which not only acknowledges but also puts into practice the high principles of the papacy."

And what essentially was put into practice was 25 million victims of concentration camps, the official figure once released by the United Nations. But do such barbaric acts belong to the past?

By no means, barbarianism continues today as evidenced by the U.S. government's illegal invasion in the Middle East as well as its own siege on U.S. citizens by advancing a bogus war on terror.

And if one looks closely, President George W. Bush has the same look, feel and rhetoric of a modern day Hitler. In fact, he can be looked at as the Vatican's new boy on the block or its Americana version of Hitler as he pushes his fascist-war mongering agenda on the people of the United States and the people of the world.

Why else were diplomatic relations restored with the Vatican by President Reagan after more than 150 years when U.S. officials realized the Vatican and the Jesuits were behind the assassination of Abraham Lincoln?

No one can argue that all the signs of the Third Reich are creeping into American society, including imperialistic invasions of foreign countries, the passage of the Patriot Act, the erosion of the U.S. Constitution and the erosion of the American economic base.

"And you can bet that the Vatican and the Jesuit Order are behind everything," said Eric Jon Phelps, author of Vatican Assassins. "This is their final crusade and they will use the might of the U.S. military to destroy the Muslims while then our army will be sacrificed like Hitler's as we will then be invaded by the Chinese-Soviet front."

"You must understand their final goal is to destroy Christianity, the Muslims and the Jews, making way for a one world government and one world religion with total loyalty to the Pope who will again reside in Jerusalem."

Not only does the U.S. government appear to be on an uncontrolled killing spree with the blessings of the Vatican, these following words did not come from a speaker in the middle ages but from a 20th century Vatican official, Cardinal Lepicier, known as a notorious Jesuit follower and New World Order advocate:

"If someone professes publicly to be a heretic or tries to pervert others, by his speech or example, he can not only be excommunicated but also justly killed."

And what these words amount to is a justification by the papacy to kill anyone who does not follow the Pope's supposed holy rule. But what it really means is anyone who stands up against Satanism and the New World Order should be killed and has the Pope's hidden blessing.

So what happens to those who oppose the Vatican and Jesuit stranglehold on most religions and governments of the world, as they work together with intelligence operatives of the CIA, Mossad and KGB, to name only a few?

Of course, many have been assassinated like Lincoln and former President Kennedy, But even Popes who have

resisted, like Pope Clement XIV and Pope John Paul I, have felt the wrath of the evil Jesuits.

For example, Pope Clement XIV, who in 1758 was finally going to honor the request of several large nations wanting the Jesuits removed, was poisoned to death as many of the European head officials attributed the killing to the Jesuits.

One official at the time said: "The Jesuits, in principle at least, were no more; but Clement XIV knew very well that, by signing their death warrant, he was signing his own as well."

Pope Clement before his death was quoted as saying regarding the banishment of the Jesuit Order: "This suppression is done at last and I am not sorry about it. I would do it again if it was not done already; but this suppression will kill me.

Much has been said and written about the Jesuits over the centuries and facts don't lie. Without going into a historic litany of countries that banished the Jesuits for their evil-doings, at last count historians have counted more than 56 major banishments.

And a huge question looms, a question and answer that could ultimately decide whether America survives or not? Will there be a 57th and will it occur here?

Wanta \$4.5 Trillion Still not Turned Over By Bush Administration
According to Michael C. Cottrell, treasurer of Wanta's financial group, money being
misued by Bush as \$55 million of off-shore money recently sent to North Korea.
28 Oct 2006

By Greg Szymanski

Michael C. Cottrell, treasurer for the Wanta financial group set to repatriate \$4.5 trillion into the U.S. economy, said he received documented inside information the Bush administration sent North Korea \$55 million the day after it set off a nuclear testing device.

Cottrell's announcement Thursday came as a shock to the world since it previously was thought the U.S. was strongly opposed to North Korea's actions, publicly denouncing the nuclear testing and indicating strong financial sanctions should be imposed.

However, the transfer of money to North Korea, taken from the offshore and off-the books account earmarked for Ambassador Leo Wanta and the American people, shows the real behind the scenes intentions of the Bush administration.

Although publicly the Bush administration castigates North Korean officials for their actions, behind the scenes the \$55 million pay off is proof positive the Bush administration is working hand-in-glove with countries like North Korea to promote war not stop it.

"It looks kind of strange, doesn't it," said Cottrell Thursday while appearing as a guest on Greg Szymanski's radio show, The Investigative Journal at www.gcnlive.com and www.arcticbeacon.com "We have it from credible sources that \$55 million was transferred from the offshore money to North Korea the day after the nuclear testing took place."

Although Cottrell would not speculate on the Bush administration motives while having solid evidence the money was released, other researchers close to the North Korean scene said the \$55 million amounts to nothing more than "a pay-off for a job well done."

Cottrell's announcement also provided more evidence the Bush administration was involved in treasonous and duplicitous actions, demonstrating the interests of the American people, as well as its security and stability, were not really Bush's first priority.

"Who are the real controllers and who Bush owes his first allegiance we are not sure, but one thing we are sure of it is not the American people," added Cottrell, who appeared on the show to talk about how the Bush administration has again failed to release the Wanta \$4.5 trillion as previously agreed upon.

Concerning the \$4.5 trillion earmarked for the American people now sitting in a New York Citibank account, Cottrell said the Bush administration failed to release the money again on Wednesday, causing him to go public with further allegations of that the U.S. officials are violating the rule of law and misusing the Wanta money

while not honoring its financial commitment to Wanta.

"One thing for sure, the money will be eventually released and we have word from the Chinese that if Bush doesn't live up to his agreement with Wanta, then the Chinese are going to pay us," said Cottrell, adding \$1.6 trillion in taxes will be paid to the U.S. Treasury and \$270 billion in taxes to the state of Virginia.

Cottrell said the Treasury and the Federal Reserve Board was having "a hard time swallowing" the big chunk of cash because it appears their goal is bring America to its financial knees by extending the official U.S. debt bubble to \$10 trillion instead of trying to revitalize the economy.

"We've had to make a deal once the money is released to pay the taxes off in \$20 billion dollar chunks," added Cottrell who couldn't give a firm date on when he expected to see the \$4.5 trillion but hinted something big was going to happen within the next two weeks.

Asked what was the real importance of the Wanta story, he said it clearly showed how the Bush administration has violated the rule of law by not honoring its financial commitments, demonstrating the administration was more concerned with lining the pockets of global banksters and "privateers" with trillions of dollars instead of doing the right thing by enforcing offshore tax payments and stabilizing the American economy.

Cottrell added that since President Reagan passed Executive Order 12333, the last three presidential administrations have illegally used offshore money for their own nefarious purposes without paying U.S. taxes to the tune of more than \$100 trillion dollars.

He also said the thievery continues on a large scale, including the illegal use of the \$4.5 trillion earmarked for Wanta.

"Instead of the U.S. officials honoring the Wanta agreement and the rule of law entered into last May, we have caught them using the money illegally and filling financial holes to cover their tracks," said Cottrell.

As background, Wanta has been at odds with the powers that be ever since he was declared legal trustee of more than \$27.5 trillion accumulated as a result of his financial efforts on behalf of President Ronald Reagan to destabilize the Russian currency at the end of the Cold War.

Furthermore, Wanta was jailed for the better part of a decade for trying to return trillions to the American people, as Reagan had dictated, but later was backstabbed by the following three presidential administrations who instead wanted to illegally pocket the money for their own personal use, according to Wanta.

Previously, Wanta came forward with these allegations, presenting documentation of more \$745 billion in misdirected and stolen money, attributing the thievery to those occupying the White House after Reagan left office.

Upon his release about a year and a half ago from a Wisconsin state prison, Wanta set out on a financial quest to repatriate the money according to Reagan's directives, in May entering into a negotiated settlement with the powers that be to return \$4.5 trillion for the benefit of the U.S. economy.

However, the money has been blocked by the Bush administration since May and according to Wanta first being held up in a Virginia Bank of America account and now being held illegally in a New York Citibank account.

Besides the \$4.5 trillion supposedly earmarked for the American people with \$1.6 trillion to be paid in federal taxes, Wanta's shocking testimony opens the door to the devious way the last three presidential administrations have been bilking the American people out of trillions of dollars, using the "off the books offshore" money for covert purposes, including funding to the New World/Illuminati's quest to destroy America socially, economically and politically.

Other strange events surrounding the "trillion dollar deal" is that the Bush administration has reportedly put

incredibly tight restrictions on the release of the money, recently saying they will release the funds only when "we are God Damn ready."

Recently, The International Currency Review of England, one of the few outlets covering the Wanta story, issued a news release about the status of the \$4.5 trillion, including numerous violations of law by U.S. authorities as well as a list of banks affiliated with the Wanta money.

Here are pertinent parts of the Currency Review's release:

For the past month or so, Ambassador Leo Emil Wanta – the Principal and Trustor of the original \$27.5+ trillion (now, with accruals, worth in excess of \$70 trillion) raised from 200+ international banks in accordance with President Reagan's instructions to finance the 'post-Cold War' security regime – has refrained from public statements concerning the US authorities' defaults on their formal Settlement undertakings, which provided for \$4.5 trillion to be made available for the use of the Ambassador and his Virginia-based corporation for taxable US project operations.

His relative silence, with which the Editor of International Currency Review has voluntarily complied – in deference to, and respect for, a specific request from the US Treasury – has, predictably, been abused by the authorities, who have yet again defaulted on the Settlement.

The Editor warned at the time that the US Treasury could not be trusted to honour its obligations, let alone any lesser verbal assurances, and this has indeed again proved to be the case.

TRILLIONS OF U.S. OFFICIAL SECURITIES IN DEFAULT

Specifically, in response to the blandishments of untrustworthy US Treasury officials, Ambassador Wanta accommodated them on the basis of their worthless assurances that everything was being done to expedite the Settlement. Naturally, these repeated assurances turned out, as usual, to be as worthless as US official paper.

As of 26th October, more than \$4.275 trillion of US Treasury securities and Federal Reserve Notes (FRNs) were reported to be in default in several European financial centres, including London. Whatever band-aid arrangements have been made to mask these massive defaults – believed to include round-robin trades out of Birmingham [UK], Germany and India, crudely disguised with the assistance of a large Japanese institution, and back again to the United Kingdom – legal action is known to have been taken in the US court system against the Federal Reserve in respect of certain of these defaulted transactions. The 'Full Faith and Credit of the United States' means that when US official securities are redeemed, the United States will provide cash against the redeemed paper. This pledge can no longer be relied upon.

So the situation 'as we speak' can be summarized as follows:

** The 'Full Faith and Credit of the United States' is meaningless in an even deeper sense than was discussed in our Internet postings earlier this year – in which we pointed out with emphasis that no verbal or formal undertakings by the US Treasury and the Federal Reserve could be trusted, since the criminal operatives in charge have repeatedly demonstrated by their cavalier behaviour to date that nothing they say or undertake to do, has any meaning. This includes legally binding obligations.

** Now, with these defaults on financial market transactions, the 'Full Faith and Credit of the United States' has been shown to be non-existent. When a US Treasury security or a Federal Reserve Note is presented to a bank at maturity for fulfillment, the bank must obtain cash dollars for credit to the holder's account, or in accordance with his instructions. But when the clients of the European money center banks in question came to demand value for their securities, the banks discovered that they were unable to supply cash as officially pledged by the US authorities.

As already noted, it is understood that round-robin patch-up arrangements may have been, or are being, undertaken to cover the failed redemptions and thus to buy further time. But in any worst-case scenario, the band-aids could come unstuck within days.

States will provide cash against the redeemed paper. This pledge can no longer be relied upon.

Former High Level Italian Illuminati Comes Clean

Leo Zagami, successor to high-level Italian Illuminati figure and former Reagan unofficial Vatican advisor, Licio Gelli, switches sides from evil to good and is warning Americans about coming fascism.

25 Oct 2006

By Greg Szymanski

Very rarely does a high-level Illuminati 33 degree Freemason come forward with inside information, damaging to the Vatican-controlled and Jesuit-led New World Order.

But Leo Zagami, a Sicilian aristocrat and former high-member of the Monte Carlo P2 Lodge, is doing just that, coming forward for the simple reason he could no longer work under the forces of evil who are killing millions around the world.

The following message from Zagami, who just left the clutches of the evil Illuminati in June, is printed to show just how high-up in the Illuminati pecking order his black star had risen.

It is also printed to protect Zagami's life as he was already arrested, beaten and tortured twice since going public with a web site geared at enlightening America to the threat the Vatican-led Illuminati poses to the American people.

In fact, Zagami's information comes from the top of the Illuminati secret files and correspondence since he was even considered in his home country of Italy to be the P2 Masonic successor to the powerful Licio Gelli, who was being slowly moved out of Illuminati active duty because of his age.

Zagami only weeks ago went public with his English language web site and last week made his first public appearance on American radio, appearing on Greg Szymanski's radio show, The Investigative Journal.

Zagami is scheduled to make a second appearance next week, as his top level information has helped to connect the dots between the Vatican, the Jesuits, Freemasonry and their control over the U.S government.

Here is his most recent words and it is easy to see why the higher-ups in the Illuminati are listening to his every word and watching his every move very closely:

Remember, my dear friend, I was not your ordinary Freemason but a Senior P2 Illuminati in charge of many hidden operations and the supposed successor of illustrious Bro. Licio Gelli. We have to be very careful and then we can free Rome, Sicily and the rest of the world from all this evil Mind Control satanic network of perverts and black magicians.

The United States was founded by Freemasons who had a dream of independence, freedom, and truth, so lets see if we can bring them to realize their actual slavery from the evil Illuminati Jesuit game and change their path towards God not Satanism.

Father Sebott and others are working against honest Freemasons all over the world so let's do it before it is too late and I'm sure we can save a few souls. The deal between the Jesuit and the Freemasons of the Grande Oriente d'Italia (that include P2) was made officially in the Parioli district of Rome at "La Casa del dialogo" in 1975 with Padre Caprile and the Italian Grand Master. Present to this event most P2 members and 400 High degree Masons. Brother Maurizio Costanzo known pervert and important manipulator of the Illuminati was there. Costanzo is now in charge of Berlusconi's P2 TV brainwashing programs for the new generations of Italian chickens.

My wife recently had a dream last May and after that nothing was the same for me (dreams are very important for Sufi's) God told her that Giorgio Hugo Balestrieri was working with the Anti-Christ himself and I had to stop being a GLADIO P2 Illuminati puppet, because this people will never change even if I took control of the Order and tried to make them understand the true work of the God and the real Illuminati...you will discover I'm a big idealist and I really am trying to save the souls of people over and over again...that's what a genuine man of God does to a fellow Brother in need even at the highest levels of the corrupted Empire of Satan every soul counts.

So let's unveil the truth and help humanity being less hypocritical. Let's just tell them we are who the real Puppet Masters are in detail and how it works by fighting the Legion of Satan head on.

Everybody in the Italian Masonic circles knows I was the supposed successor of Gelli and the right hand of Ezio Giunchiglia for a long time in the Monte Carlo Lodge and the Universal Unity. So this revelation will be not big news for most High Degree Masons in Italy and making it public is no problem.

I also worked with Ezio on the new (Scottish) Rite and we followed after the 33rd Degree. Brother Ezio use to call it the *Rinnovato Rito Scozzese* (5 extra degrees made to manipulate the Monte Carlo elite even further) and this was made within the inner circle of the Ordo Illuminatorum Universalis.

I was responsible for the revision of the 38th degree called Knight of St. John of the Apocalypse and what is known as the Supreme Council of Transformation, leading to the knowledge of the true Invisible Masters of the 39th degree and last degree of the Monte Carlo illuminati system known as THE INVISIBLE MASTERS.

These invisible Masters were chosen only in the high level religious and aristocratic circles and contact with them was forbidden below the 38 degree. Why? Because there were real Illuminati and genuine Masters chosen by the dark Illuminati to keep their pyramid credible in the light of suspicions, as a nice front for the show. But also many fake and evil ones like the Jesuits or Archbishop Paul Marcinkus that were the real driving force of the Monte Carlo Lodge and GLADIO...the good side of the INVISIBLE MASTERS were not even aware of their membership in such Lodge and all this evil show for a long time until I arrived and saw what was happening.

At that point I decided to punish Satan and his friends for this terrible sin of deception with the help of God...let's see if we can really change things now and bring some light in all this darkness and ignorance but is definitely a risky affair since the Board of Directors and the Illuminati. Marcinkus was called by Ezio the keeper of the Vatican Safe keys...he always use to say "our illustrious Brother of the safe"...

P2 is the Vatican and the Vatican is the real mind of GLADIO and I'm probably a dead man as my wife is saying in the last few days but I don't care and will go on. I tell her this is for the good of humanity but she says I'm really risking too much this time.

Zagami continued with more details about the higher-levels of Freemasonry, including more details about the influential Monte Carlo Lodge:

I said 5 extra degrees and not 6 because the "Invisible Masters" were never really meeting for any ritual work in any Lodge, so no proper ritual was ever created or devised for them as they were just given this position by the Supreme Council of Transformation (another great invention of the Monte Carlo Illuminati)

to cover up in reality the dirty work of the usual "not so Invisible Masters" from the Jesuit Order and the Zionist Empire...

P2 and GLADIO were very clever in doing this for manipulating the lower structure of their P2 slaves, playing this never ending illuminati game of Gelli and Giunchiglia the two Puppet Masters of the P2 (Worshipful Master and Treasurer).

The so called Supreme Council of Transformation (Apocalypse means Transformation by the way...) will say or publish for the rest of the Brethern the following "we have been giving this honorary degree and we visited personally such and such great and illustrious Brother to recognize each other as real Illuminati" In reality the situation was quite different and the only real Invisible Masters I ever saw around there at top level meetings were all dangerous mafiosi and crooks of the Vatican, including: Knights of Malta, Jesuits and Opus Dei...

But this was obviously not the official version for our Illuminati followers of the P2 in lower levels, participants of this never ending sick show of fake Illuminati myths created by Licio Gelli and Ezio Giunchiglia. At one time they even came up with a false war with each other to deceive people even more.

Ezio to get the attention off the important business of the Monte Carlo Lodge under investigation spread the rumor outside P2 that at the end of the 70's he had broke a chair in the head of our Worshipful Master Licio Gelli...HILLARIOUS BUT TRUE!

Really creative people these Puppet Masters and is actually quite fun to see all the sheep under believing every bit of it , poor world of idiots without a God, poor Satanist.

The elite of the Monte Carlo Lodge members the Board of Directors if you prefer, meet in a very discreet and secret room given by a very prestigious Hotel in the center of Monte Carlo, and the entrance is located and the end of the entrance hall on you left where you can notice some stairs going up to this particular room. But don't try going upstairs because you might get in serious trouble with the security if you are up for a stunt. This is not a Bohemian Grove American illuminati theatrical affair for political chickens with a couple of perverts of the New World Order to eventually blackmail later. This is always a proper high level meeting of true P2, Don's doing business with USA intelligence, Cosa Nostra, Vatican Jesuits...and more...

So I warn you in advance for you own safety don't go in search of the Holy Grail in Monte Carlo if you want to stay alive, because business is business for these people and if you interfere with the Mob you want stay alive as you all know...

All other meetings of the Monte Carlo Lodge structure go under the name UNIVERSAL UNITY www.universal-unity.net and they are only made in Monasteries around Italy and France (very handy for a quick confession with a Jesuit friend of your choice) were the recruiting process starts ...go to the Monastery and join the P2!

The last meeting of the Monte Carlo board of Directors I went to was on the 1st of June 2006 and the last Universal Unity Gathering I went to the meeting in the Monastery of San Cerbone (near Lucca).

The Ancient and Accepted Scottish Rite, The Rectified Scottish Rite, The illuminati Rite of Memphis and Misraim and various other rituals and Rite's of Freemasonry under direct P2/Jesuit control are practiced elsewhere around Italy and France under various Masonic Obedience (apparently all in war with each other...the usual show) but that's all part of the Masonic Theatre not the real thing that's called UNIVERSAL UNITY and the MONTE CARLO LODGE.

New Lead In Vatican Bank Scandal Surfaces From Masonic P2 Lodge
According to Illuminati insider, Ezio Giunchiglia of the Masonic Monte Carlo P2 Board of Directors, was in communication with Archbishop Paul Marcinkus, former head of the Vatican Bank, up until his recent death. Marcinkus was at the heart of the scandal and the death of Roberto Calvi, nicknamed God's Banker.

22 Oct 2006

By Greg Szymanski

In the early 1980's, the Vatican Bank scandal erupted in Italy, bringing to light corruption of unprecedented proportions within the Catholic Church's hierarchy.

The scandal was covered on a daily basis by the Italian press, but very little was ever mentioned in America, as a veil of silence, still existing today, protects Vatican corruption from ever getting into the mainstream and even the alternative American press.

Researchers who cover the Vatican closely surmise the reason why is that the Vatican, through the many Zionist media owners it uses as a cover, is bought and paid off to keep the Vatican and their Jesuit Order henchmen quietly in the background, out of sight and out of mind.

However, for those caught in the Jesuit trap of silence and for those who never heard of the Vatican Bank scandal, it brought to light Vatican involvement in money laundering with the Mafia. Corruption embedded in the Italian P2 Masonic Lodges was also revealed when several Italian and French publications disclosed how more than 150 high-level Catholic priests, bishops, and cardinals were practicing members of Freemasonry, many of whom were tagged as being Satanists.

In several stories located in the *Arctic Beacon* archives, this publication has previously listed the names of the priests tagged with Masonic membership, along with their code names. It also should be mentioned that according to Canon Law, affiliation with Freemasonry results in immediate excommunication from the Catholic Church, something that never happened to any of the 150 or more priests mentioned by the European source of the information.

In fact, the bank scandal which brought down the Bank of Ambrosiano in Rome, leading to the execution-style murder of the bank's president, Roberto Calvi, came on the heels of the assassination of Pope John Paul I. The Pope was killed several years prior to the scandal for wanting to clean up the Vatican Bank as well as expose the Masonic involvement of many high-level bishops and cardinals.

Although the Pope's death was officially listed as being "from natural causes," he strangely died after serving only 33 days in office - an important Illuminati cult number - and was never given a proper independent autopsy or murder investigation.

In fact, when family members and friends asked to have the Pope's intestines properly examined to check for possible poisons, the late Under-Secretary to the Pope, Cardinal Jean-Marie Villot, suspected of being at the

heart of the Pope's assassination, officially released a statement that "the Pope's intestines unfortunately had already been burned."

With John Paul I out of the way, the corruption in the Church continued as usual with Archbishop Paul Marcinkus of Chicago, head of the Vatican Bank, given a clean slate and protection from Pope John Paul II, already under the wing of the Jesuits and who had been previously tagged as being a CIA/ Nazi spy working underground in Poland to sell out his people as well as liberal priests who were sent and killed in concentration camps.

Furthermore, it must be noted that Archbishop Marcinkus, who died last year in Phoenix, Arizona, was at the heart of the bank scandal, having been indicted by Italian authorities for fraud as well as being suspected of having a hand in the murder of Calvi, found hanging by the neck under the Black Friars Bridge in London.

Although Calvi's death was classified as a suicide, a proper investigation was never conducted. Family members still pursuing justice claim he was murdered by the Vatican-led Illuminati, who feared Calvi was not going to go away quietly and take the fall for his bank's demise alone.

Further, researchers surmise Calvi was killed -- found hanging with heavy bricks tied to his body -- because he was preparing to spill the beans on top-level Vatican and Italian government officials. These included Marcinkus, members of the Jesuits, P2 Masonic Lodge head Licio Gelli, and members of the U.S. government and intelligence community, all working hand-in-glove to defraud the Italian people and the European banking community.

Looking back, the story was big Illuminati news back then in Italy, with Archbishop Marcinkus indicted and at the center of both the scandal and the Calvi murder. However, with bribery being an important part of the Vatican arsenal, Marcinkus' case was never brought to trial, as the Vatican paid more than \$250,000 to the Italian government to have the case dropped.

Meanwhile Marcinkus, under the cover of night, was given diplomatic immunity by the Vatican and U.S. government, quietly being shipped away to a Catholic Parish in Phoenix where his activities were limited to saying Mass and the Rosary.

Although Marcinkus was far away from the Rome scandal, the story and Calvi's murder always haunted him until his death last year. Italian prosecutors, as well as this journalist, were hot on his trail, trying to secure an interview just prior to his death.

As for the Rome prosecutors, they recently re-opened the Calvi case, bringing several Mafia members to trial last year for their alleged involvement, as well as trying to secure testimony from Marcinkus, vital testimony being blocked by his Illuminati handlers.

As for this reporter, never allowed to interview Marcinkus in the early 80's by order of the Vatican, it was this publication's intention, better late than never, to go to Phoenix to meet with Marcinkus. A dialogue to secure the interview was being conducted with a family member only 10 days before Marcinkus was found dead at the age of 81 of an apparent heart attack in his room at the Phoenix Parish.

During the dialogue with the close family member, who insisted on Marcinkus' innocence, this reporter said he would give the Archbishop the benefit of the doubt, promising to ask questions about who then were the real culprits and promising never to release Marcinkus' video-taped testimony until the Archbishop passed on.

Leaving the conversation 10 days before his death at the point where the family member stated Marcinkus was aware of the Arctic Beacon web site and this reporter's stories, this reporter was told Marcinkus would be asked, despite his frail health, if he would consent to the interview.

Unfortunately, shortly thereafter it was reported in the Associated Press, local Phoenix papers, and the Catholic press that Marcinkus had suddenly died of natural causes due to a heart attack, passing away quietly in his sleep.

When the family member was later asked if anything suspicious was found regarding the Archbishop's death due to the interview requests by both the Rome prosecutors and this reporter, the family member denied anything suspicious, saying he only knew what was being reported by the Church, which was that Marcinkus had died of a heart attack.

With Marcinkus now gone, researchers and this reporter surmised the Jesuits were most likely pulling Marcinkus' strings since they control Freemasonry with the only names logical to pursue being the Jesuit General himself, Fr. Peter Hans Kolvenbach and one of his trusted henchmen, Jesuit Bishop Pavel Hnilica.

Of course, the Jesuit General refused a formal interview request by this publication, saying he was too busy spreading the word of God to be bothered with such trivia and trivial publications. And, with regard to Hnilica, it was recently reported by a Slovakian TV station that he recently passed away from natural causes.

With this reporter out of leads, a stroke of journalistic luck or perhaps the hand of God recently intervened when Leo Zagami, a former 33-degree Freemason from the Monte Carlo P2 Lodge, came forward with vital information which could lead to what, in fact, Marcinkus really knew, whether he was killed or died naturally, and the identity of the real Vatican-Jesuit culprits behind the bank scandal and behind the Illuminati-Freemason connection.

"Marcinkus was a member of my P2 Monte Carlo Lodge. I know that for a fact," said Zagami this week from his home in Norway, after breaking loose from the Illuminati and leaving his home country of Italy, fearing for his life.

"At the moment the majority pack of Barclays Bank is obviously in the hands of poor old Queen of England, who seems to sell out completely to the American Illuminati and their vicious games with Daddy Rockefeller and the P2.

"All major U.S. Banks have ties with the P2 but he has a special deal with Brother Ezio Giunchiglia and the Vatican . The only person allowed to have direct contact with Marcinkus at all times until his recent death was and always has been Ezio Giunchiglia of the Monte Carlo Board of Directors, the best friend of the Jesuits. Contact Ezio. He should know everything."

For a more detailed look at the new Calvi murder trial opened up in Rome in 2005, here is a report from last year by *Conrad F. Goeringer*, reprinted in part:

Among those linked to Calvi was Archbishop Paul Marcinkus. Ordained in Chicago, Marcinkus was posted to the Holy See in Rome, and served in the Vatican Secretariat of State.

He rapidly moved up within Vatican bureaucracy from personal papal bodyguard to head of the IOR -- a post he held from 1971 to 1989. There he worked closely with international financier Michael Sindona to expand the Vatican's portfolio of international holdings, transforming the Institute for Religious Works into a quiet but reliable shelter for questionable capital. Sindona, laundering money from associates in organized crime, funneled huge sums of money through Banco Ambrosiano and the IOR. The Vatican Bank also worked closely with the United States government as a cover money conduit to groups like the Solidarity Trade Union in Poland. Thanks to Marcinkus, Sindona was to become a "man of confidence" within the Vatican who enjoyed unique access to officials of the Holy See, even the pope.

Michael Sindona had been among Calvi's patrons at the Banco Ambrosiano, and helped expand the small "Catholic bank" into an international financial institution. Sindona's financial manipulations make a story of their own, and investigations after the Ambrosiano collapse would document how his elaborate international network of banks and offshore companies served as vehicle for laundering dirty money earned from everything from heroin traffic to "soft money" investments.

Perhaps the most mysterious character in the Calvi saga was Licio Gelli. A former member of the fascist Black Shirts Battalion and liaison between the Mussolini regime and the infamous Herman Goring SS Division in

World War II, Gelli survived the conflict and amassed an impressive list of contacts. He also obtained sensitive information on hundreds of key political, military and financial figures not only in Italy but throughout Europe, Latin America and elsewhere thanks to his access of files from the Italian secret service (OVRA) and possibly British Intelligence. Gelli helped to smuggle Klaus Barbie, the infamous "Butcher of Lyon" to safe haven in Argentina, and even managed to sell his services to the CIA and NATO. He also ingratiated himself with the regime of Juan Peron in Argentina

In 1963, Gelli began the takeover an obscure Italian Masonic lodge, Propaganda Due or P-2, and using the blackmail files of the OVRA and other information, began aggressively recruiting members of the military and intelligence services, as well as key financial and political figures. (The Grand Lodge of Italy quickly severed recognition ties with P-2 when it learned of Gelli's activities.) P-2 expanded its operations to Argentina, Venezuela, Paraguay, Bolivia, France, Portugal and Nicaragua. Associates of Klaus Barbie were recruited, as were leaders from death squads operating in Latin America. One member was the notorious Jose Lopez Gega, an Argentinean clerical fascist who also ran a cocaine smuggling operation into the United States.

Gelli, like Sindona, enjoyed unprecedented access to the Vatican thanks to his close friendship with Cardinal Paolo Bertoli of the Holy See's Diplomatic Corps. Bertoli is known to have introduced Gelli to Paul Marcinkus. Another close associate and member of this "Gang of Four" was Umberto Ortolani, a former OVRA Intelligence Officer and co-patron for Calvi while he was moving up in the Banco Ambrosiano. Ortolani was also tied to a secretive Roman Catholic order known as the Knights of Malta, and was elevated by Pope Paul VI to the status of "Gentleman of his Holiness." He also sponsored Licio Gelli for membership in the Knights of Malta.

As the scandal enveloping Calvi and the collapse of Banco Ambrosiano unfolded, police raided Gelli's private offices on March 17, 1981 and seized a treasure trove of documents including one of the membership lists of P-2. Among the 962 members identified in the papers were 43 generals in the Italian armed forces, eight admirals, 43 members of Parliament, all of the heads of the respective security and intelligence services, editors and publishers of major Italian papers and, of course, Michael Sindona and Roberto Calvi. Word of several other lists eventually surfaced, and one P-2 member "went public" with charges that key functionaries of the Holy See were involved in the clandestine group. The cell was shut down by prosecutors amidst evidence that Gelli and P-2 were establishing a "state within a state," and were plotting what amounted to a fascist coup. He eluded police for years, was captured in Cannes, then escaped prison and recently died.

Among those on trial in the murder of Roberto Calvi is gangster Flavio Carboni, considered a "fixer" with ties to police, political groups, intelligence services and the Vatican. Banco Ambrosiano backed a risky construction project Carboni had launched in Sardinia. He also admitted being with Gelli in London with Calvi after the embattled banker had fled in the wake of the Ambrosiano collapse. Skeptics say that Carboni was a close friend of Calvi's and had no credible motive for carrying out the murder.

A MURDER PLOT REVEALED?

Beginning in 1998, the Calvi affair was back in the news when the family of the late financier had his body exhumed. The new autopsy confirmed that Calvi was murdered elsewhere, and his corpse then hanged from beneath Blackfriar's Bridge. Investigators caught a major break in the case when in December, 2002, Mafia kingpin Antonio Giuffe told police that Calvi was murdered in part for absconding with mob money being laundered through Banco Ambrosiano.

It is known that as the bank collapsed, Calvi approached friends in the Vatican to cover losses. He allegedly told associates in the Holy See that unless Ambrosiano was protected, he would expose powerful men in Italian finance and politics. Calvi disappeared the day after those frantic phone calls to the Vatican, along with the briefcase packed with sensitive documents.

Leading the effort to solve the mystery of Roberto Calvi's murder has been Carlo Calvi, the banker's son who left Italy in 1977 and now lives in Montreal, Canada.

His father, says Carlo Calvi, "was a dynamic businessman but not a good judge of people."

Police and prosecutors have zeroed in on four suspects now on trial: Flavio Carboni; his former girlfriend Manuela Kleinzig; and Pippo Calo and Ernesto Diotallevi, two "fixers" with close ties to the Mafia.

There are concerns, though, that the four could be scapegoats for a wider conspiracy, and that significant aspects of the case implicating the Vatican, government agencies, other banks and special interests could be conveniently ignored. The judge in the current proceedings, Mario D'Andra, has been vehement in demanding a swift trial.

"Let's try to keep in mind that this is a trial about facts that happened almost 24 years ago," he declared. And Carboni's attorney, Renato Borzone has argued that there is no proof of his client's participation in any murder, charging Italian prosecutors with "relying on a phony testimony by turncoats" in order to make their case.

On the opening day of the proceedings, Borzone told the court, "Today, a new battle begins to find the truth about Calvi's death.

Carlo Calvi theorizes that while mobsters may have executed his father, "the murder was organized by politicians. The Mafia had simply the role of carrying out the murder."

Questions linger not only about who killed Roberto Calvi, but who ordered the murder.

Taking Apart The Illuminati Piece By Piece

With a little luck and a lot of inside information, America may be able to defeat the forces of evil. Italian aristocrat helps put the pieces of the evil puzzle together with a wealth of information from his days as a member in the 33rd degree of the Monte Carlo P2 Masonic Lodge.

21 Oct 2006

By Greg Szymanski

Taking apart the web of deceit and diabolical corruption within the Illuminati requires solid inside information and of course a little bit of luck. And now comes to the American scene Leo Zagami, Italian aristocrat and former Illuminati insider of the 33rd degree from the influential Monte Carlo P2 Masonic Lodge, with shocking information about how the forces of evil really work.

Zagami left the clutches of the evil Illuminati in June, saying he finally came to the light of God, now wanting to warn the American people about how the tentacles of evil are lurking deep within all of the country's sacred institutions.

When Zagami recently decided to go public with names, dates and shocking inside information, the powers that be in Europe tried to first bribe him with riches, fame and wealth. When that failed, the wrath of the Illuminati came down hard on him, arresting him on two separate occasions, including torture and beatings.

After recently getting assistance from the Norwegian government, where he now resides, Zagami decided to publish a multi-lingual web site in order to protect his life and the lives of his closest family members. He also recently made his first appearance on American radio, appearing on Greg Szymanski's show, *The Investigative Journal*, telling listeners how to be watchful of Opus Dei, the Jesuits and the Vatican since they provide the perverted guidance of the forces of evil and the New World Order.

And since going public only a couple of weeks ago, Zagami has shaken up the powers that be from Rome to New York by revealing how their network really operates. Although the Illuminati encompasses a complicated web of Masonic organizations throughout the world, he claims the heart of the demonic beast resides in the Vatican, using Opus Dei and the Jesuit Order as henchmen and infiltrators to spread evil worldwide.

This latest correspondence from Zagami to the *Arctic Beacon* illustrates how high level Illuminists are seriously worried about blowing their cover due to Zagami's decision to go public. Further, it is important to keep his name in the public eye for his protection and the protection of his family.

Here is the latest correspondence, saying to remember the names presented as many of them provide the link to the Vatican to their servants in Washington D.C.

"I know the e-mail bellow (to be translated soon) by Senior Italian OTO Illuminati is in Italian but as a researcher and for my own security I wish to forward it to you and make it public. It also involves the Cairo Illuminati gathering of 2003 and the infamous Alberto Moscato, showing very clearly how scared the

Italian OTO Illuminati were about me going public against them and exposing their satanic Illuminati control.

Moscato's was second in command (in charge of the Italian OTO Caliphate until his recent death or murder) and the author of the e-mail says "imagine what the priests will do if they know about it" and that's because some of the Opus Dei can't stand these Jesuit driven Satanists and they know it.

"When I was with Moscato in the spring of 2000 he was blabbering on and on all the time about how cool it was to live in Rome, the capital of Christianity and in defiance of the Opus Dei and the Vatican because of the total Jesuit support to his OTO satanic Lodges.

"After many phone conversations with Alberto Moscato, we finally had a four hour meeting in a Bar in the Zona Eur of Rome , AND HE WAS LIVING AT THE TIME IN AN APARTMENT OF FRIEND MASSIMO INTROVIGNE OF CESNUR.

"Alberto Moscato was an intelligence operative officially working for la Guardia di Finanza (tax police) in the internet surveillance department but also was a heroin addict with 3 wholes in his stomach due to shooting in action. Alberto, a 33 degree and Vatican Knight of Malta of the 3rd degree, loved guns, and when I use to call him he was usually in the police training center, shooting. He used to wear a little silver pistol as a necklace...a pure Satanist!

"Well, after my meeting we only spoke by phone from time to time as a member of the Council for the Cairo 2004 gathering and other internal matters. But I got in a bad conflict with him after the 2003 episode of leaving the American illuminati because he was strongly supporting the U.S. Illuminati Satanists against me and every interest of our beloved Italy, just wanting to make more profit and gain more control over his followers without showing them any truth but only more manipulation and mind control in close association with the Satanic Churches of Northern Europe (Scandinavia) controlled by disciples of Anton La Vey.

Most Italian masons supported my decision of distancing myself from OTO Calipahte Satanist because Moscato was becoming increasingly an easy target and they knew I was right in my decision. At that point the rival OTO-FHL linked with the Opus Dei invited me to have my meetings with them in Bologna instead, and they were very delighted to offer me the Opus Dei HQ's in Villa Leona for their meetings.

"Moscato died last spring in mysterious circumstances (drug overdose or a murder?) What I know for sure is that a complaint was filed against him in high places a week before. Comandante Giorgio Hugo Balestrieri, now living in New York, always knew well about Moscato's activities but was getting worried about the exposure with Satanism and Crowley.

"I must say instead that the OTO-FHL is a far more experienced body of initiates because they are much older in age and also officially independent from the American Illuminati but in reality secretly linked with the Monte Carlo Lodge as their Gran Prior (IXo degree) is also a member of the Monte Carlo Lodge and a Senior member of the Rectified Scottish Rite promoted by the Jesuits...so we are back to square one: the Jesuits are in full control as usual of Satanism even when Opus Dei are involved they take over the show.

"Same with the Opus Dei and their own Illuminati Academy in Piazza di Spagna directed by Gran Master Giuliano Di Bernardo (Past Grand Master of Italian Freemasonry) directly linked to the Duke of Kent and the English aristocracy but also once again to the Jesuit Illuminati tradition of Frater Spartacus.

"In the Conference of San Cerbone (in June) they were all there including the IXo OTO-FHL Gran Prior Count Nicholas, the Sicilian Grand Master of the Rectified Scottish Rite Luigi Piazza and last but not least Comandante Giorgio Hugo Balestrieri arriving directly from New York.

"Di Bernardo was not there because he is not welcome in the Monte Carlo Lodge anymore because of what he did in 1993 against the Italian Grand Orient supporting the english Grand Lodge with the creation of his own Obedience the Regular Grand lodge of Italy with strong Vatican support to cover up for the P2 scandal.

"But in reality at the top they are all in it together with their secret gatherings like the one of Bocca di Magra of November last year were a few decide for the many and the unknown (Crowley's motto).

"In San Cerbone, one of the main issues on the table was Rui Gabirro the Duke of Gabinda illegal activities all over the world that were exposing to much his Jesuit backing and connections, and we find a lot of accusations against this dubious Freemasons all over the net.

"The Duke is in charge of the new Masonic High Councils created since 2005 by the P2 Illuminati and the Jesuits and expanding with the blessings of the Monte Carlo Lodge worldwide at an alarming rate, even for regular Masonic observers with no degrees or inside knowledge this starts to be a clear irregularity that serves the Illuminati Jesuit plot in connection with the French Zionist lobby and the Jacobite tradition.

Photographer Who Snapped Infamous Oswald Photo Said "No Blood At Crime Scene."

Bob Jackson, former photographer for the Dallas Times Herald who captured on film Ruby shooting Oswald, reveals for the first time on American radio he didn't see a speck of blood on the body or at the crime scene.

20 Oct 2006

By Greg Szymanski

For those JFK assassination researchers and truth seekers, a startling revelation was made on American radio Thursday, as Bob Jackson, former *Dallas Times Herald* photographer, made public for the first time that there was "not a speck of blood anywhere" on the body or at the crime scene when Jack Ruby supposedly shot and killed Lee Harvey Oswald.

Jackson was on assignment for the Dallas paper on the morning of Nov. 24, 1963, when Oswald was being transferred from his holding cell and snapped the picture "seen around the world," a *Pulitzer Prize* winning photo of Oswald grimacing with Jack Ruby fully visible with pistol in hand, shooting Oswald.

After 43 years, Jackson told listeners of Greg Szymanski's radio show, *The Investigative Journal*, he witnessed no blood on Oswald after the shooting, as well as "not a speck of blood" at the crime scene leading all the way to when Oswald was put in the ambulance.

"I sure did think it was strange not to see any blood whatsoever," said Jackson, whose award-winning photo was later published first on the *Times Herald* front page and then in the *Saturday Evening Post*.

"I stayed on the scene well after Oswald was taken away in the ambulance and I never did see any blood, not one drop."

Jackson's startling revelation adds fuel to the fire of researchers who claimed Oswald was never shot by Ruby, but later killed by CIA operatives in the ambulance after Oswald was sedated against his will.

Jackson's testimony, never before released in the American media, backs up other researchers who claim Oswald and Ruby faked the shooting as a part of an undercover operation designed to eventually eliminate Oswald's knowledge of the real JFK assassination team as well as his part played as the government's patsy.

"Oswald probably was told to fake the shooting and then was double crossed by CIA operatives who killed him in the ambulance in order to eliminate any loose ends in the Kennedy assassination," said one researcher who claims Oswald was used as a patsy.

On the *Investigative Journal*, Jackson was joined by researcher Brian David Andersen, a long time JFK truth advocate, who said Jackson's testimony gives further credibility to the discrepancy to the type and angle of the wound reported in Oswald's autopsy and the angle of the gunshot would captured in Jackson's photo taken as Ruby supposedly fired the pistol into Oswald's chest.

"The bullet should have went straight through Oswald if you look at Bob's photo, but later the attending physician said the angle of the bullet was at an upward angle" said Andersen after he questioned Jackson on the radio show, indicating the possibility that Oswald was actually shot after he was placed in the ambulance. "The absence of blood also indicated this to be a real possibility."

Regarding the Kennedy autopsy, Andersen was also privy to inside information, showing the final doctor's report used by the *Warren Commission* was rigged.

"When growing up in Irving, Texas (suburb of Dallas) my neighbor was Dr. Charles Baxter M.D., the Parkland Hospital coordinating surgeon on John Kennedy," said Andersen. "On November 23 1974, while I was photographing a hand surgery being conducted by the doctor, Baxter explicated and thoroughly detailed all of the events that occurred related to him regarding the treatment of Kennedy that was purposely excluded from the Warren Commission Report. The truth is so more outlandish than any kind of fiction."

In the radio interview, Jackson added that he was also present in the presidential motorcade – seven cars behind the lead vehicle - the day Kennedy was shot, hearing three distinct shots coming from the direction of the book depository.

"I looked up after the shots and saw a rifle being pulled in from the window but I couldn't make out who it was," said Jackson . "I also remember seeing two police officers run right into the book depository and remember thinking who ever fired the shots never had a chance of getting out of the building without being caught or killed."

Regarding the Oswald photo seen by tens of millions of people, Andersen set the scene as it took place in 1963.

"In the basement of the Dallas Police Department on November 24, 1963 were two photographers. Jack Beers pointed a twin-lens reflex camera while working for the Dallas Morning News and took a photograph of Jack Ruby shooting Lee Harvey Oswald

"One sixteenth of second after Jack Beer pressed the button on his camera, Bob Jackson with a 35mm camera and working for the *Dallas Times Herald*, pressed the button on his camera.

"Beers immediately returned to the darkroom and processed his photograph that was instantly sent out on the wire services around the world. Everyone who witnessed Beer's photograph for the next two hours stated he would win the Pulitzer Prize.

"However...But...Also...and Hold On!

"The City Desk of the Dallas Times Herald ordered Bob Jackson to remain in the basement of the Dallas Police Department for over an hour and half therefore his film was not processed until two hours after Oswald had been shot.

"After Jackson's picture was printed in the darkroom, Felix McNight, managing editor of the Times Herald shouted and stomped his feet as he tried to describe the fantastic photograph to the photo editor of Life Magazine but to no avail...the magazine was under a tight publishing deadline and the Life editors believed they had the best photo therefore Beer's photo was published in the most popular American publication in 1963.

"Bob Jackson's photo was published on the front page of the Times Herald and in the Saturday Evening Post. Bob Jackson's photo won the Pulitzer Prize and numerous other awards and his photograph is an icon of American history. Jack Beer's photo became an almost forgotten footnote in American History by 1/16 of a second."

Born Into Illuminati, Italian Aristocrat Goes Public About Opus Dei, Jesuits and Vatican NWO Connections

Leo Zagami knows his life is in danger, but Illuminati insider who broke away from Satanism wants to warn Americans about the "evil enemy" destroying freedom.

18 Oct 2006

By Greg Szymanski

Leo Lyon Zagami of Sicily knows he is risking his life to rebel against Satanism and bringing to light what he knows about the evil Vatican-led Illuminati.

And Zagami isn't your typical Illuminati researcher, but someone born into the satanic New World Order by his aristocratic bloodlines, his mother being related directly to the famous Queen Mother (Lyon Family) and his father being the son of the Marchesa Di Gregorio, one of the most prestigious noble families of Sicily in charge for many centuries of the Sicilian Knights of Malta.

"That means I'm technically a Sicilian Don and a Prince of the Sacred Roman Empire and a person protected by their own Vatican secret constitutions, so they can't touch me," said Zagami from his home in Norway, adding it is no longer safe to live in Italy after he recently broke away from the satanic clutches of his former Illuminati masters.

"And that's the reason why I'm going to be making many more revelations (God permitting) until the time comes for the return of our only true Grand Master and the fall of Rome and the Anti-Christ when the terrible judge will be upon them with no mercy as the Malachi Prophecies tell us."

Zagami claims to have a boat load of inside information about influential members of the Illuminati on both sides of the Atlantic, information if revealed that could rock the very foundations of Satanism controlling the Vatican, the U.S. and Italy.

After breaking ties with the American Illuminati in 2003 and the Monte Carlo P2 Lodge (Ordo Illuminatorum Universalis in June of 2006 after a secret Conference in San Cerbone, Zagami had this to say about the Jesuit and Opus Dei connection to the Illuminati and Freemasonry.

"I had a close encounter a big friend of the Jesuit in Rome, a guy called Alberto Moscato who is a 33rd degree Mason in charge of the satanic activities of the Ordo Templi Orientis in Italy," added Zagami.

"And obviously being active in the Illuminati Rites of Freemasonry contact had to be made but I was always very skeptical of them as they are dangerous and I was closer to the Opus Dei at the time but some interesting episodes occurred and I know many of the characters who serve them like slaves.

"There is, semi-officially, a war going on between the Jesuits and the Opus Dei but at the end they are working for the same owner and the same New World Order plan, just on different levels so to please their slaves.

"The Opus Dei is the real Catholic Masonic lobby of today, as Licio Gelli said a couple of months ago in an interview and a lot of Italian Freemasons have now the double card of being Masons and Opus Dei members. They are working at very high levels in the Government and political parties like Alleanza Nazionale to take over the show.

"But the Jesuits are now in firm control of the faith and of the mind because of their underground network of Masonic Illuminati linked to Black Magic circles and all these new religious movements through people like Massimo Introvigne that you should investigate a bit more ...

"Jesuit policy as always been to act in a more subliminal and far more effective way because that's how they take control the show but Opus Dei is growing faster and faster under their eyes...

"The Opus Dei actually supported me for a while in my struggle against the evil Jesuit lobby and the satanists in Freemasonry because they are afraid of their black magic circles and many times the Opus Dei tried to break into the satanic lodges in Rome of Alberto Moscato but the Jesuits always warned Moscato also a Knight of Malta first.

"My problems actually started in Freemasonry when I started to criticize openly the way the Opus Dei wanted to copy these patterns by recreating similar circles and Illuminati lodges which they did like Di Bernardoin Italy, though the people working for the Jesuits in Freemasonry are much more involved in the esoteric and better at it unfortunately.

"At the end I gave up any support from Vatican insiders and I'm never going to trust them again they are all in it together with the devil himself, all working in the Illuminati Lodges

"The Jesuit Order is now promoting a specific Rite of Freemasonry called the Rectified Scottish Rite, which is a more Christian Rite in eyes of the Masonic sheep of today but in reality still in the hands of the same people."

Zagami recently went public with a new web site, trying to warn America and the rest of the world about how the Vatican-led Illuminati has America targeted for destruction. He also wants to protect his home country of Sicily, warning people that the Vatican "is the real Mafia."

He will appear today for two hours today on Greg Szymanski's radio show, The Investigative Journal at www.gcnlive.com, his first interview in America, naming names and telling people that the Jesuits and the Vatican have firm control over the U.S. government with the intent on turning the country into a police and fascist state, which is the Jesuit government of choice.

"As you can imagine my revelations and my war against these people have not made me so popular in Italy these days with the usual Mafia.," said Zagami. "But I'm going to try not to end up like my grandfather (a Sicilian Senator called Leopoldo Zagami) who preferred to shut up and was poisoned in the parliament because of these evil people AND I WILL TALK ONCE AND FOR ALL BECAUSE SICILY NEEDS IT , the Vatican is the real MAFIA!

"I am putting together my new web site mainly to protect my life and the life of my family by exposing them first all over the web so a murder now will not be so easy for them. I have been arrested and tortured before during my mission against the NWO Satanists and I know now that after revealing my membership in the Monte Carlo illuminati Lodge of the P2 and my connection to GLADIO I am risking my life even more, so let me tell you that Italy is still a very risky place for people like me even though I'm an aristocrat connected to those famous bloodlines that rule the show. With that said, I still prefer to live in Oslo (Norway).

"But as you can also imagine I have lots of fans worldwide (*due to Zagami's work in the arts and music*) and I have managed during my many years of work in the Freemasons, the illuminati and other groups to find a few genuine Brothers who support my cause and want to fight this incredible evil that generates from Vatican control, like the Boutros Ghali family for example.

"After I first left the American Illuminati in 2003 I tried to distance myself from them but time after time they stopped me and made me realize that there was no exit for me as I was one of them and that's because of my blood (the infamous bloodlines). My full name is in fact Leo Lyon Zagami and I'm related by blood from my mother's side to the famous Queen mother (Lyon family) and my father is the son of the Marchesa Di Gregorio, one of the most prestigious Noble families of Sicily in charge for many centuries of the Knight of Malta of Sicily (a very powerful post indeed).

"That means I'm technically a Sicilian Don and a Prince of the Sacred Roman Empire and a person protected by their own Vatican secret constitutions, so they can't touch me and that's the reason why I'm going to be making many more revelations (God permitting) until the time comes for the return of our only true Grand Master and the fall of Rome and the Anti-Christ when the terrible judge will be upon them with no mercy as the Malachi prophecies tell us.

"I don't think we are far from that moment that's why I want to openly challenge the decadent and corrupt aristocrats of Europe now, including the corrupt English Royal family though Prince Charles is not too bad and we have a common spiritual teacher in Sufism)

"Obviously my mother Jessica Lyon Young didn't want me to create all this trouble but she saw with her own eyes what they did to me after I rebelled against the Satanists and she can't stand the Freemasons, the illuminati or the Opus Dei, as my mother used to work for the Vatican in the early 80's with her own radio show on Catholic Radio!

"I started with them, I know them as I know my family and I actually used to consider them my family until I discovered the full truth of the evil game they were playing...then I got disgusted and felt a sense of shame for my corrupt religion and for my beloved city of Rome.

"But now I'm Muslim, married with two lovely kids and I'm very happy for saving my soul at last and discovering the true Jesus -- Jesus the man and the Prophet of a great new Revelation and not the false God of the Vatican made conspiracy to take over the world. Don't forget in all this the Jews of Rome...La Banda della Magliana ...the Jewish Ghetto and their Jesuit link with Andreotti and the P2. The show must go on, somebody said but for how long?"

Confession No. 18: Inside Illuminati Lodge Skull and Bones 322 Yale University
According to Italian celebrity, Leo Zagami, these our truly the end times because the Jesuit Order, firmly in control of the Catholic Church and NWO, are well known black magicians of the most powerful kind, dealing directly with the Devil himself.

17 Oct 2006

By Greg Szymanski

This *Confession to the Jesuits* features the efforts of *Leo Zagami*, an Italian fighting the forces of evil by exposing real stories about evil Satanists, hiding behind names like the Illuminati, Zionists, Freemasons, P2, GLADIO, Opus Dei, the Jesuits and the New World Order.

Zagami is a man of many talents, becoming one of Italy's most respected DJ's and a member of one of his countries successful dance music shows called *Centro Suono Sound System*.

Besides recording his own music and starting a successful record label, in 1994 he hosted a very funny night talk show on a local Roman radio, and in 1995 he became part of the now famous *HOUSE MACHINE TEAM*, hosting shows on Swiss National radio, *COLOUR 3*.

Presently, Zagami is experimenting to create the ultimate DJ concept of the future, in which he becomes the High Priest DJ of electronic music. Now, in 2006, he is one of the biggest representatives of *Cosmic Sound* in northern Europe, simply defining his music as *enlightened*.

However, besides music, Zagami is dedicated to the truth and recently started an English speaking web site, *Illuminati Confessions*, to enlighten Americans about what many Europeans know about the real intentions of the New World Order.

"My web site has everything you always wanted to know about the real story of the Illuminati and the struggle between good and evil in the end of times, before the great surprise of 2012," said Zagami.

Here is a reprint of one of Zagami's recent posts entitled *Skull and Bones and the Final Show*, raising many questions about the Jesuits and the Vatican role in the Order of the Illuminati.

INSIDE ILLUMINATI LODGE SKULL AND BONES 322 YALE UNIVERSITY : There is a devil, a Don Quixote and a Pope who has one foot sheathed in a white monogrammed slipper resting on a stone skull. The initiates are led into the room one at a time. And once an initiate is inside, the Bonesmen shriek at him. Finally, the Bonesman is shoved to his knees in front of Don Quixote as the shrieking crowd falls silent. And Don Quixote lifts his sword and taps the Bonesman on his left shoulder and says, 'By order of our order, I dub thee knight of Euloga.' (Skull and Bones Ritual/Show inside Yale University USA)

The show is very simple, it's between three characters. Which are the Pope... popi, then you have the Emperor and the Devil. But the western people has substituted the Emperor with a distorted

version of Don Quixote for the final chapter. Why Don Quixote?

Because the western has chosen the path of freedom against any temporal form of power, which means at the end communism and atheism if badly interpreted...The real Don Quixote never loses faith because without God you become a satanist. So the false western illuminati ideal of Adam Weishaupt was born out of a bunch corrupt European aristocrats, who has accepted money from the Jews selling of their states, families, servants, and even their dogs in exchange for atheism.

From the French revolution onwards we see actually a faster and faster decline of moral values, typical of the growing atheism that was going against the corrupt Catholic religion starting from the decadent aristocratic circles of that period. But let's also remember that what was created in 1776 The Order of the illuminati and the United States of America, was in the first place a group secretly working with the Vatican rebels of that time, the Jesuits! In the present time instead, the Jesuit order has been recently nominated and promoted to one of the most powerful post in the Vatican (what a surprise...). The modern inquisition otherwise known as the Congregation for the Doctrine of the Faith.

This means that the Jesuits who first brought to peoples attention to Egyptian alchemical knowledge and other secret Egyptian formulas including black magic hidden in the Vatican archives for centuries are now finally in charge of the Catholic faith.

So these our truly the end of times because the Jesuit Order are well known black magicians of the most powerful kind, dealing directly with the Devil himself and his colleagues through various sects and secret societies like the illuminati created for the corrupt Freemasons of our time .

For the Angelical side a supposed support should come from their "older Brothers" (that's how the past Pope defined them) the Jews who have at present no God but gold in their Zionist creed and want to rebuild the Temple of Solomon to place the Anti=Christ of the evil illuminati.

In the meantime, they celebrate secret black magic rituals in the underground rooms of Jerusalem, together enter with a androgen priestess belonging to the Order of Zion (another illuminati Zionist trap built in Switzerland) called Michela Mercenaro who used to be a Catholic priest called Don Michele Mercenaro officially operating in Vatican HQ' s.This before Don Michele now Michela had a sex change and marriage fully approved by the Holy Seed in the Vatican and strongly supported by the Italian Freemasons who even guested her on a TV SHOW by known P2 member Maurizio Costanzo on P2 Brother Silvio Berlusconi TV channel 5.

Now Michela Mercenaro works officially for a university in Rome, writes New Age rubbish on the net and secretly collaborates with the Italian police in cases related to the world of the occult.

Disciple of Michela Mercenaro its a known Italian Freemason at times working for the Secret Services, Bro.Roberto Amato of the powerful P2 Lodge/ GLADIO Network working with the GRAND LODGE OF NEW YORK through Commandant Giorgio Hugo Balestrieri one of the present Directors of the NEW YORK ROTARY CLUB and a big fan of Michela Mercenaro.

Bro.Roberto Amato was recently invited to join officially the GRAND LODGE OF NEW YORK with other ten members of his own Masonic Obedience the GLIDI, Bro.Amato is also the new Italian leader of the Imperial Order created by il Duce Benito Mussolini.

Bro.Amato is the writer of a book we published on our site on women freemasonry and the Devil (unfortunately we only have it in Italian at the moment).

Roberto the illuminati wants to make out of Michela Mercenaro originally a freak of nature that was half man, half woman the next Grand Master for woman Freemasonry in Italy... as he doesn't really want a real woman after all his nice words on the book but only a fake version with

balls(nice try mate).

This position of Roberto Amato was actually criticized by the woman illuminati of the Zonta international at the recent Universal Unity Conference of San Cerbone in early June 2006 e.v. but Roberto Amato is currently one of the people responsible for the Italian Masonic Federation GRANDE ORIENTE FEDERALE D'ITALIA. The GOIF is a part of the illuminati network created by Brother Rui Gabirro "the Duke of Cabinda" Grand Secretary of the Regular Grand Lodge of England and a slave of the New World Order.

So the plan we are all so desperate to know is for the New World Order to have full control of the show, terrorize everyone and place the Anti-Christ on the throne which they have already done if you were sleeping in the last 6 years...

And they will now go on for the next 6 with more destruction, pain and suffering, 6 years but on that time 21st of December 2012 a Prophet will come forward as the Prophecies say and finally fight this New World Order of Satan and the result will be ARMAGEDON that's survival of the fittest in spiritual matters, and great destruction for all delivered by God himself, followed by several wars that will eventually bring together the Kingdom of the real Messiah, the Kingdom of God, a Kingdom of peace, tolerance and truth, and that's the real Islam not the one created by the CIA and their MOSSAD Zionist friends, because that's only more mind control and slavery directed by the Antichrist.

So as we can imagine being the chosen one in this case will be a blessing and a curse. May God provide us with legions of Angels to fight the demonic forces in such difficult and demanding times in search of our true leader.

Western people wake up and smell the coffee we are about to start a war even bigger than the present onethough more invisible it is more dangerous because Satan now wants not only your body, your family or your material wealth but YOUR MIND and he calls it "freedom" but there is no freedom in the Kingdom of MIND CONTROL and credit cards. Only big Banks and their owners who are secretly linked to a chain of black magicians and evil Rabbi's who want to take over the world with the help of a few corrupt Bedouins and a gay Pope sitting in the Vatican.

So is very difficult to save your soul because Satan is at present time winning the game unfortunately and in one way or the other we are all connected to his web of materialistic nonsense and fake values.

A major demonstration of your faith towards God and his beautiful creation is the only way you can fight the Devil in the end of times but you must also be ready to confront soon his evil legion of men on earth, who will try to defend him, because they sold their soul to Satan himself in the illuminati Lodges all over the world, and they will never leave him even if he will leave them to perish like idiots and leave himself, at the very end... probably going to another destination as the mission continues Galaxy after Galaxy, Time after Time.

Supreme Court Candidate Cites Massive North Carolina GOP Corruption
Attorney Rachel Lea Hunter wants to put an end to the New World Order within her state,
citing a return to a Constitutional judiciary and government.

15 Oct 2006

By Greg Szymanski

With only a few weeks to go before the election, Rachel Lea Hunter, the outspoken and anti-New World Order candidate for Associate Supreme Court Justice of North Carolina has taken "off the gloves" and is warning voters not to be hoodwinked by the Republican Party behind massive state-wide corruption.

Hunter in the past has strongly criticized the Bush administration Neo-con agenda, calling President Bush "another Hitler" and coming out strong against the loss of civil rights and the unconstitutional Patriot act due to what she calls a phony war on terror.

Now, only weeks before the election, she is drawing attention to specific corruption within North Carolina, hoping voters will put her into office so she has the opportunity to begin "cleaning house from within."

While busy on the campaign trail, she turned her attention away from Washington D.C., wanting to go public with allegations about the corrupt GOP within North Carolina, releasing this statement to the *Arctic Beacon*:

This week, voters in North Carolina were treated to a slew of stories detailing alleged or actual misconduct from misconduct in Washington, D.C. to our own state. I will not repeat the Washington, D.C. scandals - you already know about Jack Abramoff, Tom DeLay and Mark Foley, just to name a few.

"What I am concerned with is the scandals here. Has the NC-GOP Mafia discussed this? No, not a word will you hear from them. They are too busy going after Connie Mack Berry, Jr. for the crime of exercising his right to vote.

"Instead of concentrating their efforts on Mr. Berry's activities and depriving him of his right to vote, it would be a welcome change if the NC GOP-Mafia, their operatives and the mainstream media would devote attention to where the real problem seems to lie - with the Republican judges, attorneys or officials. Since the NCGOP-Mafia will not tell you about their activities, I will.

"1. Judge Evelyn Hill, who resigned because of her statements and treatment of attorneys. If she had not done so, she was sure to face removal from office because the attorney complaints were mounting.

"2. Judge James Ethridge, who lost his law license and was disbarred for swindling an incompetent old woman of her property.

"3. Judge Doug McCullough, who was charged with DWI and speeding this past weekend.

"4. Judge Mark Badgett, who is being investigated for misconduct and misfeasance in office after numerous

attorneys and the district attorney called for an investigation. He also is accused of failing to reveal his business dealings with an attorney who won several cases before the judge.

"5. Senator John Carrington pled guilty and was sentenced for illegally exporting weapons to foreign countries.

"6. Sam Currin, former head of the NC GOP and a criminal attorney, pled guilty for his involvement in laundering money in a securities fraud scheme.

"7. Although it has not been discussed, we have Justice Martin's questionable campaign expenditures to be revealed next week. What do these people all have in common? They are all Republican.

"Are you tired of this kind of unethical and corrupt behavior yet? Early voting begins next week. Now is the time to make your voice heard that we are tired of misfeasance and misconduct and that we expect better from our leaders."

In the past as reported in the *Arctic Beacon*, Hunter, an attorney fighting the good fight against the neo con warlords, came out strong with an article ripping apart fascism entitled *The Mark of the Beast*.

In the article, Hunter claims the old cronies in government, desperate to hang onto power, are waging an "all out war" to silence her quest to change business as usual in the halls of a corrupted judiciary.

Further, she claims the old guard or what she calls "the beast" has "infiltrated every level of society, attacking anyone or anything that gets in their way with the ruthlessness and cunning of an old Chinese torture called Ling Chi or death by a thousand cuts.

"Those who are desperate to hang onto power are attacking me in much the same way," said Hunter in her recent article, adding "the beast" is trying to attack her character and credibility piece by piece with lie after lie.

"You see. I struck at the very heart of the beast that governs our society, the beast, by whatever name you call it, has infiltrated every level of our society. It has taken over the judicial system. It governs our legislature. It governs our educational system. It controls the mainstream media except it can't quite control the internet at present. The beast knows no party affiliation; it controls both sides of the equation, both Democrats and Republicans.

What's interesting about Hunter is she stands for American conservative values coming originally from inside the Republican, but defecting and denouncing the GOP after she realized corruption had reached treasonous levels.

And since entering the race and trying to buck city hall, she has been attacked "every which way but loose," now having to defend herself against frivolous bar complaints in an attempt by the attack dogs to derail her campaign.

"The beast craves power and control and it cannot tolerate any loss of the same," said Hunter in Part I of a two part article that can be read in its entirety at www.rachelforjustice.com. "Every once in awhile, however, the beast lets one person get through the cracks. The individual that succeeds is often marginalized and rendered ineffective

"Thing things will really change if we put Democrats in power? Think again. Oh, they will no doubt begin impeachment in Washington and that would be a good start, but things will not really change in our government and in our society. Most of us are too busy worrying about who is on Survivor, who will win American Idol or the latest pretty white woman that was killed or abducted to pay much attention to what the beast is really doing. The rest of us are pitted against each other in race and class warfare as the beast hopes to keep us distracted and too busy fighting each other so we will not fight back."

Hunter also claims the beast has recently been unleashing its full force against her, trying to prevent her from exposing deep-rooted corruption.

"Why? Because I pose a threat," claims Hunter. "If someone was stupid, but controllable, the beast would have no problem as long as the person had enough smarts to rule on things the way the beast dictates. Stupidity can be allowed. I can't be controlled; the beast can't get to me by normal channels. An issue might arise and I might not decide the case the way the beast wants, so I cannot be allowed to win.

"How is the beast going to stop me? They tried to get me off the ballot and when that effort failed, they filed a frivolous bar complaint. Now they have filed another and undoubtedly they will file more as the election draws near. It is death by a thousand slices.

Hunter feels most Americans feel in their hearts that something is drastically wrong, hoping with every ounce of her heart and soul enough people join forces to stop the beast before it destroys America.

"I'd like to think that if more of us paid attention to what is really going on and made an effort to fight back against the beast, me or someone like me might have a fighting chance," she said. "We might even win. And then we would bring about an American restoration to take back our country from the beast."

Wanta Money Languishing In 'Hands of the Devil'

The \$4.5 trillion still not released, but Wanta and his group, who have recently remained silent, may go public next week if money not released by Wednesday.

14 Oct 2006

By Greg Szymanski

The Leo Wanta \$4.5 trillion - earmarked for the American people - is still languishing in the "hands of the devil" and, according to Wanta and his staff, they are receiving "very little assistance" from the evil powers that be in repatriating the stolen off shore money.

Calls to top level U.S. government officials and the Washington D.C. Jesuit Order headquarters have gone unanswered as to the veracity of Wanta's story and as to the whereabouts of the \$4.5 trillion.

High level members of both the government and the Society of Jesus have been targeted as suspects in the theft of trillions since the end of the Cold War, according to several researchers following the story.

"It's turning out to be like a Dr. Strangelove situation as our efforts have pretty much been ignored," said Michael C. Cottrell, treasurer of Wanta's financial group set up to handle the money. "If we do not get the money by next Wednesday, then we are going to implement some severe measures to get it released and perhaps go public again with what has happened.

Cottrell added the "people in the White House" can't be trusted with honoring the financial deal entered into by Wanta, saying in lieu of releasing the trillions he wouldn't be surprised if the October Surprise talked about in the media turned out to be all out war in the Middle East.

Repeated attempts to contact Wanta have also gone unanswered ever since he recently went into hiding, claiming security reasons due to death threats. However, Cottrell said t Wanta may begin talking again next week if last ditch efforts to release the money fail.

"I just got off the phone with Leo and we had a long talk about what to do," said Cottrell.

Wanta has been at odds with the powers that be ever since he was declared legal trustor of more than \$27.5 trillion accumulated as a result of his financial efforts on behalf of President Ronald Reagan to destabilize the Russian currency at the end of the Cold War.

Furthermore, Wanta was jailed for the better part of a decade for trying to return trillions to the American people, as Reagan had dictated, but later was backstabbed by the following three presidential administrations who instead wanted to illegally pocket the money for their own personal use, according to Wanta.

Previously, Wanta came forward with these allegations, presenting documentation of more \$745 billion in misdirected and stolen money, attributing the thievery to those occupying the White House after Reagan left office.

Upon his release about a year and a half ago from a Wisconsin state prison, Wanta set out on a financial quest to repatriate the money according to Reagan's directives, in May entering into a negotiated settlement with the powers that be to return \$4.5 trillion for the benefit of the U.S. economy.

However, the money has been blocked by the Bush administration since May and according to Wanta first being held up in a Virginia Bank of America account and now being held illegally in a New York Citibank account.

Besides the \$4.5 trillion supposedly earmarked for the American people with \$1.6 trillion to be paid in federal taxes, Wanta's shocking testimony opens the door to the devious way the last three presidential administrations have been bilking the American people out of trillions of dollars, using the "off the books offshore" money for covert purposes, including funding to the New World/Illuminati's quest to destroy America socially, economically and politically.

Other strange events surrounding the "trillion dollar deal" is that the Bush administration has reportedly put incredibly tight restrictions on the release of the money, recently saying they will release the funds only when "we are God Damn ready."

Since his release even more questions linger as to whether Wanta is being used as a patsy by the powers that be, including high level officials in both the U.S. government and the Vatican.

Wanta has never addressed whether Vatican involvement has ever determined the fate of the trillions stolen and used by the New World Order to bring down the American economy, saying he was always a loyal servant working on the directions of President Ronald Reagan, who he considered to be an American hero.

It should be noted Reagan was the first President since the middle 1860's to reinstitute formal diplomatic ties with the Vatican after ties were broken to widespread knowledge the Vatican and Jesuit Order assisted in the assassination of President Abraham Lincoln.

Although Wanta has declared loyalty and admiration of Reagan, many others consider him to be an American traitor in the first degree by allowing the Vatican-led New World Order to flourish and continue its devious take over of this country.

Furthermore, the Wanta story has up until now succeeded in creating serious agitation among the American people who are expecting to see some "financial light at the end of the tunnel" while creating, at the same time, a financial uproar around the world, attacking the full faith and credit of our nation while adding more fuel to the firestorm and downfall of our economy.

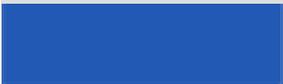

And if you look closely, isn't that exactly what the Vatican-led New World Order has planned for this country, planning a complete financial, social, political and moral destruction.

The questions regarding the Ambassador Wanta story need to be answered in hopes that the release of his money will help the cause of freedom and not further fuel the diabolical fires of fascism, working behind the scenes to destroy this country.

It is also hoped that if Wanta decides to talk again he will address issues concerning Vatican involvement, if any, as well as setting the record straight about many things concerning the first placement of the \$4.5 trillion in the Jesuit-owned Bank of America and then in Citibank in the firm control of many Knights of Malta members.

Illuminati Numbers Pop Up Again: Bush Sr. Appears on Larry King 33 days Before Election

Read Bible and Illuminati cult calendar for clues to Neo-con agenda.

11 Oct 2006

By Greg Szymanski

The Bible and the Illuminati cult calendar are two important sources, according to researcher Jack Fermanian, providing specific clues to the Neo-con agenda and the destruction of America.

Fermanian has contributed to the *Arctic Beacon* before regarding the Illuminati cult numbering system and how it corresponds to important events in the news.

But now he comes forward with even more 'illuminating' theories about Waco, George H. Bush's recent appearance on the Larry King Show, the axis of evil and the 33rd parallel, Bohemia Grove, Pyongyang North Korea and excerpts from the Bible revealing the Illuminati's real purpose.

Here are Fermanian's latest thoughts put to pen and paper, including references:

I have the same interest in studying and following the Illuminati whom I see as the biggest threat to the United States of America . I have been continuously following what I believe is a 33 day Illuminati calendar from the start of the Iraq II war.

The following quote may not mean much to most, it came from an article from globalresearch.de about the North American Union. Some may conclude that the location of the signing in Waco, Texas is meaningful because it was there that the Clinton regime executed and murdered innocent men, women and children. But there are some other points that I wanted to point out:

Bush, Fox and Martin in fact signing the SPP agreement in 2005 in Waco, Texas.

Waco, Texas is exactly parallel to Jerusalem.

Waco, Texas was the location of the symbolic killing of the Branch Davidians.

Waco, Texas was the location of the secret deal to end the sovereignty of the USA and to finalize the plans for the rise of the 'new world order' and North American Union.

These are just but a few of the signs that occur frequently that I try to observe and figure out.

My studies on the Axis of Evil, 33rd Degree, Roman Line, Roman Pentagon, Jerusalem/Waco Line, the Pergamos/Washington DC line and others has shown me that that this world has been run by the satanic elite for a long, long time (at least since the days of Nimrod) and they always choose to takeover and settle their seats of power, build their Masonic temples and capitals in certain locations. I have also been shown that these ruling elite like to leave tell tale signs that they are in control.

Just recently George H.W. Bush was on Larry King Live with his daughter talking about their beloved son and brother (the little emperor) and the job he is doing.

I picked up some comments and lo and behold this interview took place exactly 33 days before the elections. Again George H.W. Bush performed his subtle Illuminati act.

And only those who understand these Illuminati bastards would pick up the fact that he was sending a message that his son is in control and so will the elections.

At the end of the interview Larry King was literally crying in tears; it was sick, it was show of darkness and it revealed just how whorish the main stream media is.

I also want to point there are many clues to what is going on today from the Bible.

The Bible is a Map and Key to Understanding:

By far the Bible has shown the locations, political structures and future events with exact detail that can not just be ignored and that points out some very interesting historical facts.

Take it for what it is worth, the day is coming that the fulfillment of Daniel Chapter 8 will come to pass.

It is clear in the Book of Daniel that after this war between a devil-goat (District of Columbia) and a Ram (old Persian Empire), that the he-goat

Or the 'great horn'/Super Power/US will be 'broken' as an army, nation and a people and will be transformed 'unto the four-winds' of heaven'. (i.e. world government).

After this will arise, in it's place; a 'little horn' which is the final antichrist.

Besides a man/world leader called the 'antichrist ' which implements a 'mark' or tracking chip in order to buy or sell, there is an all powerful 'beast ' that rises out of the sea:

Along with a 'false prophet ' (Fake Church and/or Christian leaders) who will promote and glorify the beast. (kind of sounds like FEMA and all the false pastors who have already plotted for the takeover).

Rev 13:1 And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.

From what I have been shown over the last 5 years; the US is the ' new Atlantis' as described in some new documentaries The Secret Mysteries of America' s Beginnings and volume two;

The Secret Architecture of Washington DC.(see www.cuttingedge.org). Also see Texe Marrs' book Codex Magica for more information about the Illuminati. <http://infowars-shop.stores.yahoo.net/temacoma.html>)

There are also many other subtle signs out there for the truth seeker to find; like on the back side of the one dollar bill and other symbols like the showing of the twin towers burning and falling when you fold the 20 dollar bill in a certain way.

Please note that Atlantis is not just some myth, but was once a powerful world government that ruled the earth until it was destroyed by a flood or sunk during Noah 's days.

Gen 6:4 There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare [children] to them, the same [became] mighty men which [were] of old, men of renown.

Jos 24:15 And if it seem evil unto you to serve the LORD, choose you this day whom ye will serve; whether the gods which your fathers served that [were] on the other side of the flood, or the gods of the Amorites, in whose land ye dwell: but as for me and my house, we will serve the LORD.

Jos 13:12 All the kingdom of Og in Bashan(33rd Degree)., which reigned in Ashtaroth and in Edrei, who remained of the remnant of the giants: for these did Moses smite, and cast them out.

Following Atlantis' collapse, the 'giants' or the fallen angels returned after the flood to set up a new world government. This time using Nimrod and the Tower of Babylon (33rd Degree).

In the Book of Jasher it is clearly written that Nimrod was building the tower of Babylon (gateway to heaven) to transport his army to get to heaven to fight against the LORD Jesus Christ.

He wanted to take revenge for what God did to those fallen angels and to rebuild the advanced civilization that ruled the earth BEFORE the flood.

There are other occult books like the Book of Thoth that I have read bits and pieces of which speak about Thoth (a god/fallen angel) supposedly wrote. In these writings Thoth says that a spaceship was hid underneath the sphinx in Egypt. Thoth also describes Atlantis and how they discovered powerful 'crystals' (type of nuclear energy) and blew themselves up and later they were sunk. The Illuminati swear to restore Atlantis and the world government. To understand the global elite, who they are, how they worship satan/lucifer and how they plan to bring the antichrist to power is to understand the Bible and the past.

Please note that the LORD, Jesus Christ Himself came down to earth on the 33rd degree to stop Nimrod and the Babylonians by confusing their tongues/languages and dispersing them throughout the earth (these divisions of the nations occurred during the days of Peleg). Christ did this so man would not advance again so quickly as they did before the flood.

The importance of the 33rd degree and the "axis of evil" should not be missed as it always a place or line on the earth that enables special space/time travel. (Roswell, NM is also on the 33rd degree and so are many other military bases). (Led Zeppelin a satanic group has a song called Kashmir. Kashmir is on the 33rd degree latitude; also Kashmir is at +77.7 degrees Longitude, the EXACT opposite of Washington DC (-77.7 degrees)

I also believe there is a concerted effort to take over all points of the earth where these lines cross. Hitler who was also very involved with the occult, tried to do the same things during his reign.

Gen 11:6 And the LORD said, Behold, the people [is] one, and they have all one language; and this they begin to do: and now nothing will be restrained from them, which they have imagined to do.

Gen 11:7 Go to, let us go down, and there confound their language, that they may not understand one another's speech.

Note the above verse is 7-11 backwards. Please also note that when Jesus was Transfigured on Mount Hermon, it was again at the 33.3333 degree latitude. When He was transfigured, Moses and Elijah showed up talking to him (i.e. they came down from heaven). These are just some points that I want to make to have you understand that the Bible is full of stuff that is so deep that many still do not see or hear about these things even when they are most significant.

The different languages is one reason we have independent nations, peoples, and cultures. It was done on purpose by God to stop the satanic rebellion and the rebuilding of Atlantis/World Government.

When the world becomes unified again by a world government, world currency, world religion, world language, again you have the new Atlantis and the same old tyranny and oppression that occurred before the flood of which God Almighty has to judge a bring to end:

Gen 6:11 The earth also was corrupt before God, and the earth was filled with violence.

Gen 6:12 And God looked upon the earth, and, behold, it was corrupt; for all flesh had corrupted his way upon the earth.

Gen 6:13 And God said unto Noah, The end of all flesh is come before me; for the earth is filled with violence through them; and, behold, I will destroy them with the earth.

Choosing Jerusalem:

There was one particular location that God later chose to put 'His name there', this location was given to King David, the leader of God's new 'peculiar people' the Hebrews.

This location was Jerusalem.

Deu 12:5 But unto the place which the LORD your God shall choose out of all your tribes to put His name there, [even] unto his habitation shall ye seek, and thither thou shalt come:

Throughout some extraordinary line drawing on maps I have discovered that Rome, Jerusalem and a third location which I'm now calling the Gate of Atlantis has very significant meaning and shows me without a doubt who and what the players are in the last days and how that from the beginning of the Creation, the struggle between the satanic fallen angels and God's Holy Angels and His saints has played out.

All of what I'm saying can be proved in the Bible, geography and history. For example, the following is a reference to ancient Pergamos.

Rev 2:13 I know thy works, and where thou dwellest, [even] where Satan's seat [is]: and thou holdest fast my name, and hast not denied my faith, even in those days wherein Antipas [was] my faithful martyr, who was slain among you, where Satan dwelleth.

Axis of Evil:

The 'Axis of Evil' starts in Pergamos, Turkey and go to Fes (location of a Christian massacre, headdress of the masons and recently the location of Bush 's new terror prison),

Then crosses the Guantanamo Bay Prison, Mexico City, Mexico and then to Pyongyang, capital of North Korea, Tbilisi, Georgia, Trebizond and Ankara Turkey and back to Pergamos which by the way were all capitals or ancient capitals at one time.

If you go directly west of Pergamos, you come directly to Washington, the District of Columbia or Lucifer (I have a study on what the word 'Columbia' means and why Christopher Columbus, the DC Snipers, the Columbine Shootings, the Columbus Ohio Highway Shooter, the blowing up of the space shuttle Columbia and Bush's remarks , Columbia was a sacrifice lifted up " means and how these is all related to the Illuminati). If you keep going west of DC you go through Cincinnati, and then Aspen, Colorado the Illuminati playground of the elite where they sacrificially murdered Ken Lay of Enron.

If you keep going west you cross Carson City, the capital of Nevada and about 33 miles south when you go west into California 's infamous Bohemian Grove.

Bohemian Grove is the pedophile, homosexual, satanic worshiping center for almost all Senators, Republican Presidents, Congressman, Schwarzenegger and other

High ranking political figures (they totally more corrupt than Foley, Ken Lay and the other of the blackmail able members of our so called 'government'.

Bohemian Grove is the satanic playground for the Illuminati where they worship Molech and the Owl of Babylon. Then keep going west and you come to Pyongyang, North Korea.

As noted Kashmir and DC are also directly related, they are exactly on the opposite sides of the earth from each other. (Evil has indeed found it's resting place).

I bring up just a few more of the many points because I can not dismiss them as being 'coincidences'.

If you know the basic Bible doctrine of the 'last days', then you can understand that sometime in the future a world government is going to arise, declare itself supreme,

Persecute Christians, instigate a new ID and tracking chip and attempt to tyrannize the earth.

This last day kingdom will only last a short space (about 3.5 years) but all of the plagues and catastrophes written in the Book of Revelation and others will be fulfilled

During these times and the Bible says to get ready and prepare to endure unto the end. Yet Christians today are taught not too worry and that a rapture will take them away safely before any of this happens. But the frog is boiling now and our country is already heading headlong into a world government.

I look for current events and try to interpret them with what the Bible says. What started out as a revelation by the Holy Spirit a few days after 9/11/2001 has become

An in-depth study into areas I never could have imagined. And during the years more and more confirmation has come to pass that shows me that there is trouble ahead.

I further hope to connect the dots as my understanding grows and I discover more facts and truths. For instance, just a few days ago while reading the Book of Esdras (a book of the Apocrypha in the original King James Bible of 1611 (there is that number 7-11 or Sep -11). In this book I found the following verse that goes something like this:

Seven parts make the whole.

The whole is 360. This number is used for the number of days in a year in God 's true calendar and for the full degrees in a circle.

If you multiply 360 x 7, this comes out to 2,520.

If you divide 2,520 by 33.333333 it comes out to 75.6 or 7-11

Anyway, I just thought I would share this with you.

**More Articles and Information Surface About Leo Wanta's Past
Even famous White House reporter, Sarah McClendon, put pen and paper to the Wanta
story in two 1997 articles.**

9 Oct 2006

By Greg Szymanski

Digging into the Leo Wanta story a little deeper, several old newspaper articles and interviews surfaced from the late 1990's filling in a few more pieces of the mysterious puzzle surrounding the man who has been dubbed *The \$27.5 Trillion Dollar Man*.

Two of the articles were written in 1997 about Wanta's Wisconsin tax evasion case by the late Sarah McClendon, a senior White House correspondent who covered 10 Presidents.

Several other interviews, one in particular written around the same time by a lesser known journalist, severely questioned Wanta's credibility, calling him an international high finance con man instead of a trusted former Treasury agent fighting for the rights of the American people, as he has claimed and been depicted in numerous recent articles.

Although the full details of Wanta's past may never be fully known, those who believe him claim he is an honorable, God-fearing man who has uncovered and trying to expose trillions of offshore money stolen by the last three Presidential administrations.

However, those more skeptical of Wanta's true intentions claim he is either being used by the powers that be or working together with them for a larger purpose unknown to the people. If this be the case, who the real controllers in the background also remain unknown, but several researchers point to the Vatican and the Jesuit Order.

As background, Wanta assumed the name, *The \$27.5 Trillion Dollar Man*, after recently going public with an incredible story of huge offshore slush funds and CIA undercover intrigue, including a failed attempt to arrest international criminal Marc Rich and \$250 million handed over by Wanta to Vince Foster in Switzerland only two weeks before his untimely death in a Washington D.C. park.

As the Wanta story unfolded during the last year, he claimed to be the legal trustor of more than \$27.5 trillion in offshore money amassed after he was assigned by President Reagan to destabilize the Russian currency at the end of the Cold War.

After Reagan left the scene, Wanta claimed to be at odds with the last three presidential administrations since their intentions were to use the money for their own covert purposes instead of using the money like Reagan intended for the betterment of the American people.

For his steadfast loyalty, Wanta was first jailed in Switzerland for 133 days and then spent the better part of a decade in a Wisconsin jail for what he has called a bogus tax evasion charge.

Upon his release about a year and a half ago, he set out on a quest to repatriate the money and in June supposedly entered into a deal with U.S. authorities to return \$4.5 trillion for the betterment of the U.S. economy.

But instead of the money being used properly, it has been supposedly languishing in either a Bank of America or Citibank account, being held up by the Bush administration who Wanta claims is using it for their own nefarious purposes.

While waiting for the money to be released or while watching the story be used as another ploy to help further a downfall of the U.S economy, here are the McClendon 1997 articles and several others about Wanta reprinted in order to fill in some of the missing gaps.

It should be noted in response to the article highly critical of Wanta by Mike Miller of the *Capitol Times*, Wanta has claimed the target of a massive CIA smear campaign as well as being targeted with numerous death threats.

Two other interviews with Wanta are also included as well as other interesting comments made in and around the same time frame of 1997.

SARAH McCLENDON'S WASHINGTON REPORT

3133 Connecticut Avenue
Suite 215
Washington, D.C. 20008

By Sarah McClendon

Washington , D.C. --- Leo Wanta, whose purchase of huge sums in Russian rubles is credited with bringing down the Soviet Union in the Cold War, will be put through a third party lunacy test in Madison, Wisconsin circuit court on Tuesday. He has successfully been declared of sound mind in two previous lunacy tests under the Wisconsin state attorney general's office. His own attorney, James Shellow of Madison, Wis., is instituting this test. Shellow says that under the rules for attorneys in Wisconsin he has to notify the court that he thinks the lunacy test should be given. Shellow admits to being a former attorney for a deceased Mafia chief in Wisconsin named Belistiari. Shellow thinks Wanta will be declared sane in the upcoming hearing on Tuesday, but Shellow claims to know nothing as to how Wisconsin was able to extradite Wanta in chains and shackles from Switzerland, where he was doing business with Swiss banks after having given up his citizenship in Wisconsin. Wanta claims that he had just been made ambassador to Switzerland and Canada when Wisconsin state officials seized him bodily in Switzerland. Wanta claims that they took his briefcase from him at that time which contained billions in Treasury bills and Promise software technical equipment which the U.S. was using to get inside information about foreign treasuries.

Although the briefcase was taken by Wisconsin authorities in 1993, it has never been returned to Wanta nor has he any knowledge of what happened to its contents.

The charge is that he owed Wisconsin originally approximately \$14,000. He claims to have paid back that amount in 1992. The state attorney general's office seized his house worth \$120,000 and sold it for \$60,000, but there is no record of this in the Department of Revenue in Wisconsin nor is there any trace of the proceeds from the sale.

Wanta was buying rubles from Russia at the request of the President, Ronald Reagan. Wanta had worked at the White House, the National Security Council, the Central Intelligence Agency and six other government agencies during his career.

He and President George Bush set up the Ameritrust account in the Credite Suisse bank for the U.S. government to use in case it needed to counter terrorists from overseas, according to Pat Cameron, Los Angeles attorney for Wanta. Wanta says that when former president George Bush sought to withdraw funds from the \$210 billion on deposit that Wanta, a co-signer of the account, refused to give his signature for the withdrawal because the funds, he said, belonged to the U.S. government, not to an individual.

Washington , D.C. --- Mystery increases as to how state officials of Wisconsin can abduct a man no longer a resident, charge him with state income tax evasion, shackle him in arm and leg irons, and bring him back into this country and hold him in an arrest for four years. Leo Wanta did not have an American passport as he had surrendered that when he was named briefly ambassador to Canada and Switzerland.

Wanta had lived in Austria since 1988 but was charged by Wisconsin Attorney General with not having paid \$14,000 in state income taxes in 1989.

[Wanta] says he cannot get the Civil Rights Commission to take any interest in his case. Wanta thinks now that only President Clinton and Vice President Al Gore could free him.

He says he has paid Wisconsin the \$14,000 twice but can get no receipt. In the meantime he says he had billions of dollars in U.S. Treasury certificates in his briefcase when taken and no report on what state officials did with its contents.

Why does he not simply walk away from the imprisonment which he describes as illegal?

"They would charge me with walking away without bail when I want clearance", he said.

"But what I wonder--if state officials can do this to one citizen, could not other citizens be in danger of a similar action from some other state officials seeking to claim back taxes"?

The case involves why the U.S. State Department is not seemingly interested in protecting an ambassador who alleges that he still holds that rand and why is not the Justice Department not interested in protecting the civil rights of this man?

Wanta refuses to buy his way out with the state officials. He says he has billions on deposit in various companies in banks in foreign countries but he does not wish to pay any sums to Wisconsin authorities.

His attorney, Pat Cameron of Los Angeles, has not been able to get any information about his repayment of taxes to the department of revenue of Wisconsin. When the \$14,000 was first levied against him, he was sentenced to 18 years in state court for not having paid, a sentence which Cameron described as "unconscionable".

It looks as if this house arrest of Wanta and his refusal to assign any of his fortune in the billions to Wisconsin as a citizen will go on forever. He claims that he once owned a house worth about \$120,000 which the state sold for \$60,000 without giving him any return or receipt.

Wanta served nine different government agencies in the past including the Central Intelligence Agency and the White House.

'DELUSIONAL' CON MAN GETS EIGHT-YEAR TERM

BY MIKE MILLER THE CAPITAL TIMES

Leo Wanta, the Appleton man who claimed to be an international businessman with connections to government agencies but was portrayed by prosecutors as an international con artist, will be spending the next few years in Wisconsin prisons.

Wanta, 55, who was convicted in May of tax evasion, was given an eight-year prison term Monday by Dane County Circuit Judge Michael Torphy, who also ordered a six-year probation to follow.

For his part, Wanta -- described as delusional by his own attorney -- continued his scam to the end, claiming the court had no jurisdiction over him, that he was a victim of a vicious Department of Revenue and state Justice Department.

"I know there is a conspiracy and subterfuge here," Wanta said when given a chance to speak.

At various times he has claimed to be a CIA agent, an ambassador from Somalia, a close friend of former Presidents Ronald Reagan and George Bush, and an international businessman.

Assistant Attorney General Douglas Haag, who prosecuted the case, and attorney Steven Epstein, who represented Wanta, disagreed mightily over who Wanta was and what he should get for a sentence.

"As tax fraud cases go, this one is big-time," said Haag, who established during the trial that Wanta made \$?166,000 in 1988 and claimed to have made nothing, and made \$?63,000 in 1989 and claimed zero on his taxes.

Haag said that money came from a \$ 750,000 scam in which Wanta got people to invest in a currency exchange deal.

"Mr. Wanta is in fact a con man, nothing more and nothing less," he said. "He is a con man who cons con men."

Haag said Wanta was arrested in Switzerland in 1993 for attempting an \$ 781 million bank fraud. Wanta claimed diplomatic immunity in that case, contending he was the Somalian ambassador to Canada. The Swiss deported him to the United States, where he was arrested in New York on the Wisconsin tax fraud charge.

Wanta is also described in the book, "A Thieve's World," as being involved in an attempted scam involving Russian rubles.

"He is a world class con man," said Haag. "A snake oil salesman. But he was unable to sell that snake oil to the jury."

Haag asked for a sentence of 13 years in prison and another 12 on probation.

Epstein, on the other hand, said Wanta clearly is delusional.

He called Haag's allegations "a lot of shadows and smoke and allegations of wrong doing around the world," but pointed out Wanta has never before been convicted of a crime.

"The portrait that has been painted by Doug Haag is not the real Leo Wanta," said Epstein.

"He exists in a different world," Epstein said of his client. "The fact of the matter is he is in a different orbit," Epstein said, adding that Wanta actually believes the stories he tells.

Epstein, who said the tax evasion sentences of Leona Helmsley, Michael Milken and even the notorious Al Capone were less than Haag's recommendation, asked Torphy to let Wanta go for the 444 days he has spent in jail since he was arrested.

Wanta, a portly, gray-haired man, then arose and began an extended speech in which he blamed his woes on others, cutting short his remarks only when Torphy reminded him that the case had already been tried.

"I just want to be left alone," Wanta said, adding that if that was done, "I won't sue them for false arrest."

Torphy said he was sentencing Wanta only on the tax matter.

"I don't purport to sentence him as a con man," the judge said. "I don't purport to sentence him as a swindler."

But he said the tax evasion was serious enough to warrant prison time and as deterrent both to Wanta and to others.

LEO WANTA INTERVIEW: HE BLOWS THE LID

Facsimile Transmission
9-21-97 Tom of Venice

TOM: Are you under house arrest in Wisconsin?

WANTA: Yes. It's illegal.

T: When did you go to work for the U.S. government?

W: September 20, 1963.

T: In what capacity were you hired?

W: DEA and CIA with Senator Alexander Wiley(R-WI) as my sponsor.

T: What were your overall project jobs?

W: Aerospace, munitions, and currency.

T: When did you go to work for the Republican Party?

W: 1965.

T: Did you work for the Nixon campaign in 1968?

W: Yes, with Ray Fleming in communications.

T: Did you play a role in the Indochina conflict?

W: Yes, in tank projects and "B" bombers.

T: What was your capacity or role with the president?

W: I worked in the Department of Defense.

T: Did this role continue in the Carter Administration?

W: Yes. It was non-political. My skills were in demand.

T: In 1980 when President Reagan was elected, did your role in government expand?

W: Yes, I went to work for Jim Baker who helped me get work with Bill Casey in the CIA special operations branch -- Black Ops.

T: What role did Vice President George Bush play?

W: He was the Supervisor of Record.

T: Please explain your operation in the old Soviet Union.

W: We dealt with the fusion bomb and the destabilization of the Soviet economy. My partner was Kok Howie Kwong of the Chinese Secret Service.

T: The Chinese worked with the United States in the ruble destabilization?

W: You bet!

T: You were detained in Switzerland on July 7, 1993?

W: Yes. The Swiss police arrested me on Wisconsin State tax charges.

T: What happened next?

W: I spent 130 days in a dungeon.

T: What happened next?

W: Prime Minister Rabin of Israel wrote a letter to the Swiss demanding my release, given I was chairman of the AmeriTrust account.

T: What happened next?

W: The Swiss government released me and I was sent to New York state.

T: What happened next?

W: The federal judge in New York state released me, but I was arrested by the state of Wisconsin on the steps of the federal courthouse as I left the building.

T: This is while you were still Somalian Ambassador to Switzerland?

W: Yes, of course. I had previously been Ambassador to Canada.

T: You were in Switzerland to execute a 70 billion dollar credit for the U.S. Treasury?

W: Yes. Along with Vince Foster and Geneva Farrell. We were to meet at the Hotel Dekpix in Switzerland.

T: What was the role of George Bush in the AmeriTrust account?

W: Bush felt he could never lose the election and would be able to grab(?) all the money himself.

T: Of course, Clinton won the election.

W: Yes. And Vince Foster and Mickey Lee Cantor called me and drew up an instrument for \$250,000,000 for the credit of the Children's Defense Fund.

T: What about the rest of the fund?

W: There was \$210 billion in the account, \$250 million to the Children's Defense Fund, \$70 billion was to be assigned to the White House, and some to be directed to foreign nations.

T: Why was Vince Foster silenced?

W: He was upset about me and felt the AmeriTrust funds were being misdirected.

T: What was Foster's role with Bill Casey?

W: The Contra/arms laundering in Arkansas.

T: What is your understanding of the role of Ken Starr?

W: Protect the Clintons.

T: Explain to us your meeting with John Brown of Little Rock, Arkansas.

W: Mr. Brown drove up to Lacrosse, Wisconsin and said he was a Registered Agent of Ken Starr. He demanded that I give him documents in my possession.

T: Did you give him the documents?

W: Yes. I was under house arrest and felt a great deal of pressure.

T: What were the documents about?

W: They were files relating to Mena, the DEA, Barry Seal, and the Chinese COLA accounts.

T: What do you know about Mena?

W: It involved the Arkansas Development Finance Authority run by Bob Nash which used Mitsui Mfg Bank to launder Japanese yen.

T: What else do you know about Mena?

W: It involved Bill Clinton, George Bush, Vince Foster, Bill Hakr and Webb Hubbell. Japanese yen was laundered through the Bank of China in exchange for U.S. dollars.

T: What else should we know about Mena?

W: Of course Barry Seal was the pilot bringing in the drugs. He reported to Bill Casey.

T: Did George Bush know about the murder of Barry Seal?

W: You bet!

T: What about the arms operation in Arkansas?

W: Arms were shipped through Honduras through the Chinese COLAs accounts. My partner was eventually murdered with the help of Chinese Intelligence.

T: That partner was Kwong?

W: Yes.

T: What was the role of Hillary Clinton?

W: She was president of Standard LaFarge and helped launder the arms profits through its headquarters in Quebec, Canada.

T: There is a hearing due on the 23rd of September, 1997.

W: I am hoping that my attorney's request for a summary judgment will be accepted.

T: That would lead to your release?

W: Yes, I hope.

T: Would you testify before the Senate Intelligence or Banking Committee?

W: Certainly.

T: Thanks for your cooperation.

07/21/97 Tom from Venice on Putnam & Briem Shows

The Continuing Saga of Leo Wanta

There is an individual who calls in to the Putnam and Briem shows.

He refers to himself as Tom from Venice. [Venice, California] Putnam remarks from time-to-time about Tom's high level Democrat contacts. Putnam seems to feel that Tom has a fair amount of credibility. And Tom does seem to get his hands on timely and not publicly known information.

On August 19 and 20, Tom phoned in to the Putnam program and then the Briem program, respectively. The following information was offered up with the report that documents in-hand confirmed it's validity.

I apologize in advance for the hodgepodge posting. I gleaned it from two different shows. It may be a little jumbled. But it's late, and this will have to do.

I can neither confirm or dispute the information. It may be very accurate. Then again, it may not be. I merely present it for your access. Any references to 'we now know' or similar statements, should be viewed as having been stated by Tom from Venice.

Documents were provided to Putnam by Tom, that support Tom's conclusion that there's a potential meltdown on the horizon in Washington, D.C.

Even though our main stream press doesn't want to cover it.

Under house arrest in Switzerland at this time is the former Somali Ambassador to Switzerland, Leo Wanta. Mr. Wanta is a supposed lifetime operative of the CIA, and a United States Citizen. Mr. Wanta did work for George Bush and Republican party partisans. Wanta was appointed Ambassador on behalf of the Somalis in April of 1993.

Wanta goes back a long time in association with our government. Before becoming the Somali Ambassador to Switzerland, he was Ambassador to Canada on behalf of the Somalis. But even before this, he worked his entire life in the Republican party, supported Ronald Reagan, then was hired by George Bush.

Here we have a United States Citizen who worked for the CIA, the Department of the Treasury, the US Customs Service, the US State Department, and the NSA being appointed the Ambassador of a foreign nation.

Tom was in contact with Mr. Wanta's attorney. Documents were provided to Tom who passed them on to Putnam. Putnam admitted to having received these documents.

Now Mr. Wanta was in Switzerland one month prior to Vince Foster's death which was ruled a suicide by Starr, but we have yet to see his documentation and justifications for his conclusions.

Mr. Wanta has documents showing that Vince Foster made reservations for him and a Geneva Ferelle at the Hotel De La Pleau in Geneva, Switzerland. Mr. Ferelle is believed to work for the Italian Secret Police.

Carrying a valise with bearer bonds, Mr. Wanta met with Foster at the hotel. Bearer bonds are immediately negotiable and could be tendered at a bank in Switzerland. [most likely any bank in Switzerland]

According to a White House document by FBI Agent Frank B. Ingram, Attorney Foster, Attorney Marvin Grobmeyer, and Secretary Donna Shalala are still holding a copy of Foster's letter of intent to meet Wanta, visa vi a \$250,000,000 Ameritrust Corporation withdrawal to be placed in the Children's Defense Fund.

Tom states that Wanta was essentially masquerading as the Somali Ambassador to Switzerland, while working for the United States Government. He was doing this with full knowledge that he was helping the government with anational security situation.

What we now know from the Ingram memo, which is an accurate memo and not a forgery, specifically referring to paragraph nine at this point, is that Ingram refers to Mao Palo Limited Investments of Hong Kong, and states that he believes that MIA funds should be re- allocated to the investigation of the death of Foster. Ingram further states that, "We now believe that Credit Swiss is either indirectly or directly connected to Foster's demise.

Tom continues by referencing the Mao Palo Limited [Hong Kong based Chinese Slush funds] funds as being intelligence community related. And speaks of documents in his possession that reveal Japanese laundered Yen currency in it's direction by way of the Arkansas Development Finance Authority. [ADFA] These documents may implicate Clinton... Bush... and possibly the Secretary of the Treasury at

that time, Mr. Bensen. Tom references a document at this point that shows billions headed toward Mao Pala.

Specialist in counter-intelligence FBI Agent Frank B. Ingram's signature appears on a document reportedly confirming that Vince Foster did arrive in Switzerland on July 7, 1993. Foster arrived in Switzerland with an irrevocable bank transfer. This bank transfer was to facilitate a withdrawal of \$250,000,000 from an Ameritrust Corporation account kept in Switzerland. Which Wanta also had a controlling interest in, as well as George Bush.

According to this FBI document these funds were withdrawn for the purpose of being deposited at a later time in the Children's Defense Fund. Of course the Chairman of the Children's Defense Fund was none other than Hillary Rhodam.

Other documents obtained, show involvement with this account in some money laundering associated with computer software leading back to Inslaw.

Vince Foster as you know was very heavily tied to Systematics Inc, Jackson Stevens...
[interrupted here]

Host had a scheduled guest appearing in a couple of minutes, and had to cut this short. But Tom concluded by stating that he feels that the two NSA binders removed from Foster's office by Deborah Ghoram, contained information relating to Promise Software, and a \$47,000,000 wire transfer that took place in 1988, which Tom feels was related to laundered money associated with Systematics and Steven's Inc.

Regarding Kenneth Starr, evidently Wanta was facing Wisconsin tax charges. He made contact with Starr for representation. Within a week of Wanta contacting Starr, Mr. Starr was hired by the Wisconsin Education Department, with which Donna Shalala is closely connected.

Tom also stated that he didn't get pleasure out of bringing to light information that might reflect poorly on the intelligence community. He felt those agencies had been set up to support our nation. But they had been abused by greedy individuals has subverted those organizations to their own benefit, blackmailing anyone who could blow the lid off their operation.

Tom wanted people to seriously consider two words.

Confession No. 17: Vatican and Jesuit Corruption Questioned at Chicago 9/11 Truth Conference

Average Americans starting to get wise to Vatican tyranny.

6 Oct 2006

By Greg Szymanski

A growing number of American researchers are coming to the conclusion that the real controllers of the Illuminati/New World Order are the Vatican and Jesuit Order.

A recent email from Shaw to the *Arctic Beacon* highlights how average Americans are also catching on, better late than never, to Vatican tyranny. The email said:

"Really appreciate your courage to expose the Vatican and the Jesuits. I would like to send you some dvd's on the history of the Jesuits that I feel in my many years of researching this secret society are the best around. I have downloaded many of your mp3's and am listening to them in the car...we had a booth in Chicago earlier this year for the 9-11 truth conference and we were exposing the Jesuits and the Vatican, as you can imagine we were the only ones there doing this."

Shaw then directed the Arctic Beacon to an informative web site entitled *Exposing Deceptions*, where a highly informative article appeared, explaining how one American came to the conclusion beyond a reasonable doubt that the Jesuits and Vatican are the true devilish culprits controlling the New World Order's quest to destroy America.

Since the Jesuits, called the "Great Educators" with 28 major universities in America, have been adept at erasing true American history from the bookshelves, the article at *Exposing Deceptions* is reprinted in an effort to enlighten and fill some of the missing gaps.

Remember, those who control the past control the future. And hopefully this article will slow down the duplicitous Jesuit misinformation freight train, trying to lead us all to hell.

JESUIT

Vatican Tyranny

ORIGINALLY INSTITUTED (Portugal/Spain, 1534) BY THE VATICAN, FOR THE SOLE PURPOSE OF EXTERMINATING THE REFORMATION,

THE ORDER WAS SUPPRESSED 21 JULY 1773 BY POPE CLEMENT XIV (for which he was promptly poisoned). THE ORDER WAS

RE-INSTITUTED 1814 AND GIVEN THE "SECRET TREATY OF VERONA"

FOR THE EXPRESS PURPOSE OF CARRYING OUT ITS DICTATES.

THIS EDICT WAS FINALLY RATIFIED BY ITS CONTRACTING PARTIES OCT 1822:

CAUSING PRESIDENT JAMES MONROE, WITH THE ASSISTANCE OF THOMAS JEFFERSON, UPON LEARNING OF ITS EXISTENCE, TO WRITE THE MONROE DOCTRINE, AS RECORDED IN THE: CONGRESSIONAL RECORD-SENATE., VOLUME 53, PART 7, PAGE 6781 OF THE 64th CONGRESS, 1st SESSION, 25 April 1916.

THIS WORK IS DEDICATED TO EX-JESUIT PRIEST: DR. ALBERTO ROMERO RIVERA, WHO'S LIFE STORY INSPIRED.

"Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves."

(Matt,7:15)

I read a book some years ago that started my research, that I am still involved in today. The information I have, I believe, if it were ever brought to a trial, would prove so conclusively of what I am about to tell you that not even the perpetrators themselves would try to deny it. In the past, when confronted with their prior history of atrocities, their only response has been: "we don't do that anymore", or sneer at its improbability, or a gratuitous imputation of bigotry and intolerance against the writer, while at the same time telling all their followers: "we never change". As you read it will become only too apparent that the latter is the case.

Before I begin, and you start thinking I'm an "extremist", let me say that I'm not the only person to find this information. It is readily available (at the finger tips of those on the internet) to anyone willing to put in a little time and research. I have found, what I believe to be, the common denominator for a very large percentage (if not all) of the events perpetrated and/or carried out by departments of government and/or its agencies, that are totally negative to the rights and freedoms of the American people, hence, also to the United States Constitution, its Bill of Rights and the Declaration of Independence. This organization is responsible for the wholesale slaughter of multi-millions of peoples all over the world. It is responsible for the "Dark Age" (inquisition) period leading up to the founding of this country: As you will learn, this organization, though having periods of civil and military power fluctuation (due to losses from their own tyrannical acts and resultant exposure) not only still exists: but is far more powerful (lethal) today than ever before: This is especially true in the United States, where the order has its highest concentration (at least seventeen times that of any other country).

A zeal for the discovery of new territory marked the fifteenth century. The first navigations for this purpose were concerted and directed by prince Henry. Born 1394, the fourth son of John I. king of Portugal. His valor in the assault and capture of the city: Ceuta in Africa 1415, presaged the fame he afterward acquired. From this period he devoted himself to naval expeditions for the discovery of unknown countries. His ships subjected divers parts of Africa and the neighboring islands to the dominion of Portugal. After the success in doubling cape Bojadoy, he gave to his father and successors all the land he discovered, or might discover, and applied to Pope Martin V to ratify the donation. He engaged that in all their expeditions the Portuguese should have mainly in view the extension of the Roman church and authority of its pontiff. Pope Martin granted the prince's request. In his bull of ratification, which was about the year 1430, it is declared that: "whatever might be discovered from the said cape to the utmost India, should pertain to the Portuguese dominion." Edward, brother of prince Henry, succeeded to the throne of Portugal 1433, on the death of John I. Pope Eugene IV. by his bull in 1438, ratified, to Edward, the grant made by Martin V. A bull of Nicholas V. dated 8 Jan 1454, refers to the aforesaid bulls of his predecessors, Martin and Eugene. It recites the declaration prince Henry made of his achievements "that for 25 years he had not ceased to send annually almost an army" of Portuguese, "with the greatest dangers, labors and charges, in the most swift ships, to search out the sea and maritime provinces toward the southern parts and Antarctic Pole." that these ships "came at length to the province of Guinea, and took possession of some islands, havens and sea adjoining" that "sailing further, war was waged for some years with the people of those parts, and very many islands near

thereunto were subdued and peaceably possessed, and were still possessed with the adjacent sea" that "many Guineans and other negroes were taken then by force, and some by barter." The bull describes Henry as "a true soldier of Christ, a most courageous defender and intrepid champion of the faith, aspiring from his early youth with his utmost might to have the glorious name of Christ published, extolled and revered throughout the world." It recognizes the exclusive right of Portugal to the acquisitions and possessions aforesaid, in virtue of the letters of Popes Martin and Eugene, which granted to the king of Portugal and prince Henry "free and ample faculty to invade, search out, expunge, vanquish and subdue all pagans and enemies of Christ whosoever placed, and their persons to reduce to perpetual slavery, and all their kingdoms, possessions and goods to apply and appropriate," etc. Pope Nicholas's letter then goes on to "decree and declare, the acquets already made, and what hereafter shall happen to be acquired, after that they shall be acquired, have pertained, and forever of right do belong and pertain to the aforesaid king and his successors, and not to any others whatever." It forbids, on the severest penalties, all Christian powers from settling in the countries discovered by the Portuguese, or any way molesting them in their expeditions for the discovery and conquest of unknown countries. It speaks of prince Henry's plan and his prosecution of it as "a most pious work, and most worthy of perpetual remembrance, wherein the glory of God, where the interest of the commonwealth of the universal church are concerned."

Thus was prince Henry's views and operations sanctioned by the highest authority, at that time, acknowledged in Christendom. A right derived from a source so venerable was then undisputed. The Roman pontiff bound princes at his pleasure, and as Vicar of Christ, was allowed to have at his disposal all the kingdoms of the earth. This grant of Pope Nicholas was confirmed by his successor: Calixtus III. 6 August 1458.

On the death of Edward, his son Alphonsus, then in his minority, succeeded to the throne of Portugal, 1438, and died 1481. Prince Henry died 1460-63. At his death the spirit of discovery languished, but revived with the accession of John II., son of Alphonsus. The year after his accession (1482), sent an embassy to Edward IV. of England, to acquaint him with the title acquired by the Pope's bull to the conquest in Guinea: requesting him to dissolve a fleet, which some English merchants were fitting for the Guinea (slave) trade. The king of England showed great respect to the ambassadors and granted all they required. The king of Portugal assumed, and the king of England gave him, this style, Rex Portugalie et Algarbiorum citra at ultra mare in Africa. Pope Sixtus IV., not long before his death (12 Aug 1484), confirmed all the grants made by his predecessors, to the kings of Portugal and their successors.

In 1481 John II. sent 100 artificers, 500 soldiers, and all necessities to build a fort in Guinea. The large kingdoms of Benin and Congo were discovered 1484-85, and the Cape of Good Hope 1486. The Portuguese built forts and planted colonies in Africa: established a commercial intercourse with the powerful kingdoms, and compelled the petty princes, by force of arms, to acknowledge themselves vassals.

At this period, and by these means, the power and commerce of the Portuguese in Africa were well established. The wholesome decrees of five successive Roman pontiffs granted, conveyed and confirmed to the most faithful king a right to appropriate the kingdoms, goods and possessions of all infidels, wherever to be found, "to reduce their persons to perpetual slavery or destroy them from the earth", for the declared purpose of bringing the Lord's sheep into one dominical fold, under one universal pastor. Succeeding kings of Portugal have not forfeited the large grant by any undutifulness to their holy father. Portugal long enjoyed the trade to Africa and the East Indies without interference of any European power. For more than half a century, before exporting any negroes from Africa, she made and held them slaves in their native country.

The Portuguese first imported slaves into Hispaniola 1508, and into their Brazilian colonies 1517. Their sugar works were first set up in these colonies 1580. Their union with Spain, at that time, was most unfortunate for them. The Dutch became their enemy, who took their East-India and Brazilian conquests and parts of their African colonies.

They recovered Brazil and their African establishments 1640, but not that of India.

After the Dutch gave up Brazil and the gold mines were discovered, the trade of Portugal improved and a great importation of slaves took place: carrying yearly from Loango to Brazil: 25,000, also many thousands from Goango and Cape Lopes. They themselves say they carry to Brazil 50,000 and more every year from Melinda, on the Mozambique coast. Such had been the increase of their Brazilian and African colonies for a century that their increase in English goods, annually, was greater than that of Portugal and Spain combined prior to 1700.

Spanish America received slaves from the Genoese, Portuguese, French and English. Every state purchased from Spain seceded from the union (1861). The Vatican was the only country to acknowledge sovereignty to the Confederacy. Before, during and long after the African slave trade ended: the heads of state of Spain and Portugal were addressed (and may still be), in formal title, by foreign dignitaries/heads of state, as: "His/Her Catholic Majesty" (U.S. State Dept. records): thereby acknowledging them, only, as emissaries of the pope.

Catholic priest's dealing in the African slave trade is testified to, in this poem, by the famous nineteenth century poet, J.G. Whittier:

A poem, on the slave block in New Orleans.

THE CHRISTIAN SLAVE

BY J. G. WHITTIER

A CHRISTIAN! going, gone!

Who bids for Gods own image?-for His grace

Which this poor victim of the market-place

Hath in her suffering won?

My God! can such things be?

Hast thou not said that whatsoe'er is done

Unto Thy weakest and Thy humblest one,

Is even done to thee?

In that sad victim, then,

Child of Thy pitying love, I see Thee stand,

Once more the jest-word of a mocking band,

Bound, sold, and scourged again!

A Christian up for sale!

Wet with her blood your whips-o'ertask her frame,

Make her life loathsome with your wrong and shame,

Her patience shall not fail!

Cheers for the turbaned bey

Of robber-peopled tunis! he hath torn

The dark slave-dungeons open, and hath borne

Their inmates into day:

But our poor slave in vain

Turns to the Christian shrine her aching eyes-

Its rites will only swell her market price,

And rivet on her chain.

God of all right! how long

Shall priestly robbers at Thine alter stand,

Lifting in prayer to thee the bloody hand

And haughty brow of wrong!

O, from the fields of cane,

From the low rice-swamp, from the traders cell-

From the black slave-ship's foul and loathsome hell,

And coffle's weary chain-

Hoarse, horrible, and strong,

Rises to heaven that agonizing cry,

Filling the arches of the hollow sky,

How Long, O Lord, how long!

For those who think the Vatican's attitude, toward black people, may have changed through the ages bear this in mind: (1)the biggest race riot in American history(1864, Brooklyn, New York City) was instigated by Archbishop Hughes (in response to Lincoln creating a draft for more union soldiers), including the burning, and trampling to death of the occupants, of a black orphanage. (2)when the U.S. Army occupied Rome during WWII, Pope Pius XII made it clear to American generals there were to be no black soldiers garrisoned in Rome. (3)over 80% of St. Louis, New York City, Chicago etc. police are Knights of Columbus: bear this in mind when you learn that over 75% of these cops sell drugs; and when reviewing the facts of the Fred Hampton murder by the Chicago police, 4 Dec 69, 6:00AM: every shot fired in the apartment was from fully automatic weapons used by the police (no return fire); Amadou Diallo: four cops randomly "check out" Diallo: telling him to show his I.D.: while reaching for his wallet, in compliance with their "order" the cops open up on him: 41 shots fired, 19 striking his body: one bullet traveling almost vertically up each lower leg and another thru the bottom of the right shoe, proves Diallo was flat on his back when the shots were fired: Diallo was unarmed. Officer McMellon - bruised his tail bone falling from stoop; officer Carroll - injured his ankle in fall from steps: evidently, these four of "New York's finest" conducted themselves with all of the professionalism and expertise of Daffy Duck. If this is "New York's finest" I can't imagine what could possibly be their worst. The cops, defense lawyers and judge all had a party after the trial. Every unarmed black being shot in New York City (by police) is a working immigrant. Special Forces Group's (snipers) have been giving weapons training (and illegally selling weapons) to the KKK in Alabama in exchange for info on black leaders that lead to the murder of Martin Luther King Jr. and was financed through, New Orleans godfather: Carlos Marcello (direct associate of J. Edgar Hoover: Knight of Malta; 33d degree Mason). Portuguese, Raul Maori (director of James Earl Rays movements and actions that set him up as a patsy: actual shooter of Martin Luther King Jr.) is a drugs and weapons smuggler for Carlos Marcello. To see a direct connection between the KKK, GBI and the FBI, see the docudrama:

"Who Murdered Atlanta's Children?" Blacks are being systematically squeezed out of welfare, while legal and illegal catholic immigrants receive unending welfare. Blacks fear the police more than street gangs. Every American city has a predominate catholic influence, and the proportion of mafia/catholic power and influence and crime rate is consistent from city to city: <http://www.thelinkup.org>

Entire tribes of western American Indians were annihilated under the direct orders of the brown robed butchers, i.e. Coronado and his Spanish Conquistadors 1519-1540's. Not to mention the Aztecs and Incas of Mexico, Central and South America, Cuba, Haiti, Grenada, Guam, Philippines etc. With the likes of Almagro, Cortez, Pizarro, Valverde, de Meza, Gregory, Sepulveda, Valega and, yes, Christopher Columbus (imprisoned by Queen Isabella of Spain for his atrocities against the natives of Grenada), robbing them of all their national wealth and enslaving the people (try finding that in your public school history books. In the late middle age discoveries, the Vatican viewed all natives of the Americas as "indigenous natural slaves":

"Battle of Wounded Knee" (slaughter at wounded knee): With the Sioux, unarmed (except for a few skinning knives) and herded together like cattle: a man in a black robe (jesuit) asked the indians if they wanted to prey. After preying (non-catholic) the "man in the black robe" spoke to the cavalry officer, who then ordered the cavalry troops to form a line across in front of the defenseless indians, then ordered them to open fire.

Until 1960 you could read, in any public library, books detailing Vatican/Jesuit atrocities throughout the European middle age/dark age inquisitions, since 1960 there has been a systematic removal of all publications (after web pages, like this one, became known, several hundred books suddenly disappeared from the Library of Congress; example: "Confessions of The Conspirators" {to Lincoln's assassination}): evidencing a systematic takeover of all educational material: remember the "book burnings" in Berlin 1933?). This is further evidenced by the remote location of Machu Picchu. And all in the name of their "holy mother", the Church of Rome. Our own war of independence was called a war of spiritual freedom: after seeing the purposeful destruction of every church and synagogue in every city, village and town the British Red Coats marched through. Every church that is except Roman Catholic. That's recorded in: "The Light and the Glory", by: Peter Marshall and David Manuel. Though the authors never mention the Jesuit's as the perpetrators of these atrocities other records leave little doubt ["British Canadian Sir Henry Clinton: commander-in-chief in North America, his troops made up of Oliver Delaney's and Cortlandt Skinner's brigades, New York Volunteers, Queens Rangers, Orange Rangers, Loyal Americans, Pennsylvania Loyalists, Maryland Loyalists, Roman Catholic Volunteers, West Jersey Volunteers, Chasseurs, Royal Americans

Reformees, Volunteers of Ireland (Catholic), British Legion, Guides and Pioneers" (Secret History of the American Revolution, by: Carl Van Doren)]. In fact the authors try to exonerate the Jesuits. However in that attempt they accept the information of a man who was on the team of translators of the "American Standard version" of the bible. How anyone could put their trust in a person who would associate himself with a group of men of which 33% were known affiliates with communist fronts and causes is beyond me ("None Dare Call It Treason", by: John H. Stormer, 1964). The correlation of the Vatican's role in the instigation and continuance of the Revolutionary War is clearly evidenced in: "The Paris Peace Treaty of 1783". A synopsis of Vatican orchestrated atrocities can be seen when reading: "Foxes Book of Martyr's". This book also shows the direct correlation between the submission demands placed on the inquisition victims, by Priests, and the Papal encyclical to the Second Vatican Council, promulgated 25 May 1965 i.e. recognizing the Pope as the vicar of Christ (Christ incarnate); taking part in communion that recognizes the wafer of unleavened bread (Eucharist) as the literal body and blood of Christ, and making it an essential part of being a member of the body of Christ.

For this to be a part of R.C. dogma is of no consequence, but to say that the R.C. Church has not only the authority, but the obligation and duty to God to apply it to every person, of every religion, that has been baptized in Christ's name (willing or unwilling), and that the sole purpose of the Vatican and its ecumenical movement is to bring about this end, is to expose the fact that the Vatican has not changed its dogma, stand, purpose or methods since the start of the inquisitions. Here are a few paragraphs: "We can now ask how much further we must travel until that blessed day when full unity in faith will be attained and we can celebrate together in peace the Holy Eucharist of the Lord. The greater mutual understanding and the doctrinal convergences already achieved between us, which have resulted in an affective and effective growth of communion, cannot suffice for the conscience of Christians who profess that the Church is one, holy, Catholic and apostolic. The ultimate goal of the ecumenical movement is to re-establish full visible unity among all the baptized" (page 35, last paragraph). "It is already possible to identify the areas in need of fuller study before a true consensus of faith can be achieved: 1) the relationship between sacred scripture, as the highest authority in matters of faith, and Sacred Tradition, as indispensable to the interpretation of the Word of God; 2) the Eucharist, as the Sacrament of the Body and Blood of Christ, an offering of praise to the Father, the sacrificial memorial and Real Presence of Christ and the sanctifying outpouring of the Holy Spirit; 3) Ordination, as a Sacrament, to the threefold ministry of the episcopate, presbyterate and diocanate; 4) the Magesterum of the Church, entrusted to the Pope and the Bishops in communion with him, understood as a responsibility and an authority exercised in the name of Christ

for teaching and safeguarding the faith; 5) the Virgin Mary, as Mother of God and Icon of the Church, the spiritual Mother who intercedes for Christ's disciples and for all humanity" (page 36, paragraph 7).

"Consequently, for the out come of dialogue to be received, there is needed a broad and precise critical process which analyzes the results and rigorously tests their consistency with the Tradition of faith received from the Apostles and lived out in the community of believers gathered around the Bishop, their "legitimate" pastor" (page 37, paragraph 3). The enormity of the implications of this edict so staggers the imagination that to refuse to acknowledge this threat to American freedoms and rights, and the enormity of its scope, can only be construed as complicity with its intentions. If you have any doubts at all about this all you have to do is read this edict. It is titled: "That They May Be One". It is interesting that the pope uses the word "they" and not "we", obviously excluding himself. After all, being the vicar of Christ (Christ incarnate), he can't consider himself a mere mortal (power is intoxicating, even to the extent of total distortion of logic). This edict has been given full approval by Skull & Bones: Pat Robertson, of the 700 Club. Also read the first and second points of the second week of "The Spiritual Exercises of Saint Ignatius of Loyola". Ignatius of Loyola, who's real name was Inigio Lopez De Recalde, founded the Society of Jesus (Jesuits) 1534 in Spain, and also the Illuminati (holder of the light) [later instituted 1 May 1776 by Adam Weishaupt (German Jesuit, who's picture is on our one dollar bill) at Ingelstadt (Jesuit) University, where he was Professor of Cannon Law, under the direct orders of the "Black Pope" (who is a member of the Masonic Lodge of Europe) and financed by the "House of Rothschild" (In 1777 Weishaupt was initiated into the Masonic Order, the Lodge of Good Council, in Munich, to infiltrate and control it. At the Masonic International Congress at Wilhemsbad July 1782 the Masonic leaders received Illuminati indoctrination) (U.S. branch of the Illuminati is: "Council on Foreign Relations", of which U.S. Supreme Court judges: Ruth Bader Ginsburg (Catholic), Stephen Breyer (Catholic) and Sandra Day O'Conner are members, Bill Clinton, George Bush, Newt Gingrich, etc.); "Trilateral Commission" and "Skull & Bones" of Yale University]. De Recalde was also a Crusader (Vatican army that raped Israel, and most of Europe, in the dark age inquisitions). Interlocked Illuminati fronts are: United Nations, Bilderberg Group, Club of Rome, Royal Institute For International Affairs (England), Tri-Lateral Commission and Council On Foreign Relations.

Jesuit spiritual exercises are a daily ritual for Jesuits. A copy is easily obtainable thru the Internet. Let me quote a couple of lines: "The first point is to put before me a human king chosen by God our Lord, whom all Christian princes and men reverence and obey. The second, to look how this king speaks to all his people, saying: It is my will to conquer all the land of unbelievers. Therefore, whoever would like to come with me is to be content to eat as I, and also to drink and dress, etc., as I: likewise he is to labor like me in the day and watch in the night, etc., that so afterwards he may have part with me in the victory, as he has had it in the labors". Third week, first day, fifth point:

"The fifth to consider how the Divinity hides itself, that is, how it could destroy its enemies and does not do it, and how it leaves the most sacred Humanity to suffer so very cruelly". In the bull: Unam Sanctam (by: Pope Boniface VIII, promulgated 18 Nov 1302) we see the Vatican's intention of using governments and their agencies to achieve Vatican goals: "We are informed by the texts of the gospels that in this church and in its power are two swords; namely the spiritual and the temporal. For when the Apostles say: "Behold here are two swords" [Lk 22:38] that is to say, in the church, since the Apostles were speaking, the Lord did not reply that there were too many, but sufficient.

Certainly the one who denies that the temporal sword is in the power of Peter has not listened well to the word of the Lord commanding: "Put up thy sword into thy scabbard" [Mt 26:52]. Both, therefore, are in the power of the church, that is to say, the spiritual and the material sword, but the former is to be administered-for-the Church but the latter-by-the Church; the former in the hands of the priests; the latter in the hands of kings and soldiers, but at the will

and sufferance of the priest": This self grandiosing butchery is espoused in more definitive terms, in the catholic publication: "Toward a Catholic Constitution", 1996, by: Jesuit: Leonard Swidler (professor of catholic thought and interreligious dialogue, Temple University, Philadelphia Pa.): "One need look no further than the now accepted bulwark of orthodoxy (conformity to an established belief or doctrine), Thomas Aquinas, to see how far the prevalent assumptions about the compenetration of religion and politics, with the presumed supremacy of the former, extended at that time. In treating of heretics Thomas views them as common criminals. Their crime is even greater than that of counterfeiters, for "it is much more grievous to corrupt the faith . . . than to falsify money." Therefore, heretics "may not only be excommunicated, but may justly be killed." The church should properly tolerate their existence for a while, so long as there is some reasonable hope for conversion, but when that is gone, then heretics (anyone not catholic) must be cut out like rotten flesh," as Jerome says. They should be handed over "to the secular judge to be exterminated from the world through death." (pg. 58). This edict was included in cannon law until May of 1983: This

should be sufficient to convince you of the militancy of the Vatican, Illuminati and their method of administration [now we know what was behind the raid on Mount Carmel in Waco (pilot program to establish future policy)]. Nowhere is

this policy more obvious than in the Balkans. The "Dogmatic Constitution on The Church" proclaimed by pope Paul VI, 21 Nov 1964: 20. Paragraph 3: "with priests and deacons as helpers, the bishops received the charge of the community, presiding in Gods stead over the flock, of which they are the shepherds in that they are teachers of doctrine, ministers of sacred worship and holders of office in government." Ireland is a typical example of this policy.

"There is none that understandeth, there is none that seeketh after God. They are all gone out of the way, they are together become unprofitable; there is none that doeth good, no not one. Their throat is become an open sepulchre; with their tongues they have used deceit; the poison of asps is under their lips: whose mouth is full of cursing and bitterness: their feet are swift to shed blood: destruction and misery are in their ways: and the way of peace have they not known: there is no fear of God before their eyes." Romans, 3:11-18.

Ironically the jesuits are feared (and highly disliked) among the Catholic clergy more than anywhere else (there is inner-clergy rivalry within the R.C. orders, not unlike that of the upper-echelon of the Third Reich: they know the jesuits for what they really are). Not too surprising since the jesuits answer only to the "Black Pope". The jesuits do for the Vatican what the, jesuit trained, S.S., S.D., S.A. and Gestapo did for the Third Reich.

Frans Von Papen, (jesuit) Hitlers mentor, chancellor of Germany (June 1932 - March 1933) and first vice-

chancellor of the Third Reich, stated in his book: "My Conversations with Hitler": "Hitler has put into practice the high ideals of the papacy". This statement was made in reference to the death camps. As chancellor, von Papen's first act was to dissolve the Reichstag; his second was lifting the ban on Hitler's "Brown Shirts" (SA); he then integrated Catholic youth groups into the "Hitler Youth": setting up the civil and political base for Hitler and the Nazi Party to move into power. "Mein Kampf" was written for Hitler by Jesuit Staempfle. As papal nuncio to Germany (1917-1929), Archbishop Eugenio Pacelli worked with Germany's Illuminati bankers (Chase Manhattan, in New York City, and Bank of England funneled money's through Credit Swiss (Vatican bank) to the Reich's Bank in Berlin) and industrialist's (I.G. Farben), establishing the financial and industrial base for the Third Reich: WW II was in its planning stage while WW I was still in full swing. Thousands of Jews were hidden in the Vatican, as a precaution, in case Hitler lost the war.

"Yea the time cometh when he that killeth you will think that he doeth God service." (John 16:2)

The fact that the Vatican entered into a concordat with Hitler [signed in the Vatican by Von Papen and Cardinal Secretary of State: Eugenio Pacelli (later Pope Pius XII), 20 July 1933], as with Mussolini, Franco and Salazar is no secret. But the Vatican's attempt to seduce Hitler into extending the provisions of that concordat to include every country he raped and pillaged is not so well known, but is recorded in Hitler's own words in his book: "Hitler's Secret Conversations" i.e. "I have shown myself unresponsive to the attempts of the Vatican toward the extension of the provisions of the concordat to embrace the newly acquired territories of the Reich. The Saar, Sudetenland, Bohemia and Moravia, the Reichsgau Danzig-East Prussia, the Warthegau, a large part of Silesia and Alsace-Lorraine have, in fact, no relations with the Roman Catholic Church which are supported by formal international agreement" (page 516). "The attitude of the Bishop von Galen affords just one more argument in favor of terminating the Concordat after the war, substituting for it regional regulations and immediately withholding from the Church the financial support at present guaranteed to it by that treaty" (page 520). Pacelli (negotiating the concordat provisions) insisted, the German State, within the dictates of the concordat, "be bound by any and all proposals of the local bishop regarding teachers of religion, and that the state would be obliged to fire such teachers if the bishop so demanded; meanwhile, the state would be required to meet all financial obligations, and at the same time, guarantee the application of canon law to the faithful"; [Bill Bennett (and his, Jesuit, brother Bob are KNOWN operatives in CIA/MK-Ultra/Project Monarch <http://www.iahf.com/readings/index.html> -extreme trauma induced multiple personality mind control sex deviates and pedophiles), self professed Jesuit, Secretary of Education under Reagan, propagator of Outcome Based Education (OBE), stated: "All children should be taught by Jesuits" (to profligate Americas youth: Joan of Arc was burned at the stake, at age sixteen, after signing her name to a document {unknowingly authorizing her own execution} she could not read, and could only write her name: being a product of a catholic parochial school)]. This makes me very curious of the content of the concordat: "Conciliar Document on Religious Freedom", being pushed in Washington by John Courtney Murray (R.C. Priest).

It becomes apparent that a chain of events of influence by certain people directed R.C. Hitler's life. Leopold Poetsch, his (Catholic) teacher; Mein Kampf: written, for Hitler, by German Jesuit: Staempfle; his "recruitment" into the Thule Society, 1919 (totally racial, religious, ethnic biased and anti-Semitic satanic cult. Read: "The Occult and The Third Reich"), as stated in (web page) "Illuminati Outline of History". All of Hitler's "inner circle" were members e.g. Himmler (Knight of Malta), Goebbels & Hoess etc. (and still good Catholics) which were among the thousands of Nazi and Ustasha fascist war criminals smuggled to Argentina, Bolivia, Paraguay, Australia, Canada and the U.S. (with 10,000+) by the Vatican (using forged documents, with Vatican seal, on stolen Red Cross travel cards with Vatican Visa's). The mass evacuation ("Ratlines") being coordinated by a small cabal of Vatican officials ("Intermarium") such as the infamous Dr. Nix (CIA top secret document: "Illegal Emigration Movements In and Through Italy", declassified: NND 760050: 11 April 90), Giovanni Montini (later Pope Paul VI), Hubal and Dragonovic (worked with U.S. Army's Counter Intelligence Corps (CIC) organizing the escape of Gestapo head and war criminal Klaus Barbie to South America) under the direction of Pope Pius XII (1945-1950) "Unholy Trinity" by: Mark Aarons and John Loftus); "Those who did rescue the mass murderers from the hand of justice were not Peron (Argentine populist dictator) and his secret police but the [Roman] Catholic Church and its emissaries. It was the [Roman] Catholic Church, which, through its priests, church's, monasteries and forged Vatican passports, managed to foil the post-war hunt for Nazi war criminals. Nor was the church's rescue operation inconsistent with the policy it had pursued throughout the Nazi era. Henri du Lubac, a Jesuit theologian, filed a report in 1944, well before the end of the war, on the collaboration of the

[Roman] Catholic Church with the pro-Nazi Vichy (French) regime. Hidden until this month, the report condemns what du Lubac calls the moral and spiritual abdication of Roman Catholic Bishops under the Nazis.

For decade's

French cardinals, monks and nuns had helped one of France's worst war criminals, Paul Touvier, escape justice. It is difficult to imagine that it was possible, in the monolithic [Roman] Catholic Church, for so many to act so uniformly for so long without the knowledge and approval of the highest levels of the Vatican. Israelis have found it difficult to understand why the Vatican has refused to recognize the State of Israel." Jerusalem Post, editorial: "Maxima Culpa" 14 Feb 92; Adolf Eichmann was issued a Vatican visa and passport (in the name of Ricardo Klement, dated: 14 July 1950) by Franciscan monks in a Catholic monastery in Italy, giving him free passage to Argentina. At his trial in Jerusalem, raising his right hand in swearing to tell the truth, Adolf Eichmann gave the hand sign of the Pope. Hitler was backed by Illuminati bankers [the reason Rudolph Hess flew to Scotland (home of the Rothschild's)], in London, New York City and Berlin, after approval by Ivy Lee (probably chosen due to his successful promotion of the image of John D. Rockefeller), who was hired by I.G. Farben for that purpose [I.G. Farben, who fed the notorious "Farben buna soup" to the inmates working at "I.G. Auschwitz" factory (specially formulated to starve them to death in three months) and invented Zyklon B, the poison used to gas the Jews (according to Franciscan, Duns Scotus, Jews were slaves by divine decree), Gypsies etc. and now controls the pharmaceutical industry in the U.S., the A.M.A. and the F.D.A.

That's why Laetrile (more recently called Mega-zyme Forte) was outlawed without ever being tested and not allowed to be tested. It's a food, (not a drug) vitamin B-17, derived from apricot seeds (and other food sources), that has been proven to cure three out of five "terminal" cancer patients. That's also why the F.D.A. "requires" \$210,000,000 and 10 years in research to put a vitamin on the market (effectively stopping all new vitamin company manufacturing).

It really doesn't take much imagination to figure out the annual multi-million dollar income these pharmaceutical companies are raking in (\$29 billion in 25 years) from federal grants, which would come to a sudden stop if their were no more "cancer industry" (read: "World Without Cancer", by: G. Edward Griffen): while treating a congressman, Dr. Francisco Contreras, and the congressman, discussed hopes for an eventual cure: the doctor was told that if he took a total cure to the U.S. President tomorrow, he'd "Probably be killed!" "Cancer is such a big business in the U.S.A."

Now you can see why Dr. Burzynski is being prosecuted in Texas for curing cancer patients. They will put him away because he is too much of a threat to their mega-buck industry] (in 1996 over 600 hospitals merged with Catholic institutions in 19 states, from Portland Maine to Oakland California).

Kernersville N.C : a cancer patient was told, by his doctor, he would have to have half his jaw removed to stop the cancer. The man went to Tijuana (Dr. Ernesto Contreras: Contreras Oasis Hospital, Playas De Tijuana, Mexico) and was treated with Laetrile and the cancer cleared up. The man told his doctor about the treatment and the doctor (by federal law) reported it to the American Medical Association: federal agents came and searched the mans home for the Laetrile. In the U.S: I.G. Farben is BASF, Bayer and Hoechst.

Tampa FL : Dr. James Kimball sentenced to thirteen years, by federal mob, psychopath, judge: Richard Lazzara : Dr. Kimball's crime ? : curing patients of degenerative diseases and slowing their aging processes, using non-pharmaceutical medicines he invented, and the FDA not making any profit from it : having a 100% success rate with his patients, he had to be stopped. Federal vermin Lazzara stated: "he does not have any respect for authority or for the law". Are you starting to get the picture ?

Hitler stated in "Rise and Fall of the Third Reich", page 44: "Regardless of how much room for criticism there was in any religious denomination, a political party must never for a moment lose sight of the fact that in all previous historical experience a purely political party has never succeeded in producing a religious reformation." Compare this with page 486-487: "These peoples looked longingly toward their "mother" countries, Hungary, Russia and Germany respectively, though the Sudeteners had never belonged to the German Reich (except as a part of the loosely formed Holy Roman Empire) but only to Austria". Obviously Hitler saw his Third Reich as a Roman Catholic enterprise ["Center Party" (re-established as Christian Democratic Party) following WWII) Catholic Church political party, who's president was Bishop Ludwig Kaas {one of its political protégés is in Peru with the same name and for the same purpose}], of Germany was

disbanded by Cardinal Pacelli, throwing all of its support behind Hitler]. Hitler was baptized in Linz, paid the German state tax (Kirchensteuer) to the Vatican (still required of every German citizen today), was in communion and carried out canon law and policy until his demise. With this in mind we can see why Hitler stayed true to his other concordat allies: Franco (who was put into power and assisted for his entire reign by Catholic order Opus Dei (founded by José Maria Escriva), who also assisted the Ustasha in Croatia during WWII and still assists Vatican mercenaries in Bosnia and Kosovo today; Sargent Shriver (and his wife, Eunice Kennedy Shriver), who was George McGovern's running mate in 1972, are Opus Dei (Pope's Mafia: Church and State magazine); F.B.I. special agent: Robert P. Hanssen (spied for the Russians for 15 years) and F.B.I. head: Louis Freeh are Opus Dei supernumerary; keep this in mind when you learn the sole purpose of the order is the subjugation of governments to the Vatican) <http://www.mond.at/opus.dei> (an annual mass is celebrated in Hitler's memory in Madrid) (the present day Irish Catholic press is full of flattering illusions to Franco of Spain and Salazar of Portugal) and Mussolini (who was put into power by the Vatican) while breaking every other international treaty. It is significant that Germany, Italy and Spain are together again as they were with Hitler, Mussolini and Franco (with their "Pact of Steel", signed, 22 May 1933).

2 March 1939: Cardinal Secretary of State, Eugenio Pacelli was sworn in as Pope Pius XII; four days later (as Hitler's tanks are rolling into Poland) Pacelli wrote to Hitler: "To the illustrious Herr Adolf Hitler, Fuhrer and chancellor of the German Reich! Here at the beginning of our pontificate we wish to assure you that we remain devoted to the spiritual welfare of the German people entrusted to your leadership. During the many years we spent in Germany, we did all in our power to establish harmonious relations between church and state. Now that the responsibilities of our pastoral function have increased our opportunities, how much more ardently do we pray to reach that goal? May the prosperity of the German people and their progress in every domain come, with God's help, to fruition!" Pacelli maintained a papal nuncio (Archbishop Orsenigo) in Berlin throughout the Third Reich. At Pacelli's express wish (20 April 1939) Orsenigo opened a gala reception for Hitler's 50th birthday, which became a tradition throughout the Third Reich, along with Cardinal Bertram sending "warmest congratulations to the Fuhrer in the name of the Bishops and dioceses in Germany", to which he added "fervent prayers which the Catholics of Germany are sending to heaven on their alters": "Hitler's Pope: The Secret History of Pius VII", by, John Cornwell (all research for this book was done in the Vatican Library).

Chick Publications (<http://www.chick.com>), in Ontario California, prints gospel tracts, storybooks and other Christian literature. This company is very important to this subject matter. As are the names of Joseph McCabe (former Franciscan monk and internationally famous atheist and author of almost 250 books); ex-Dominican monk: Walter M. Montano, author of "Behind the Purple Curtain"; ex-priest: Bernard Fresenborg, author of: "Thirty years in hell" and "Uncle Sams New Fiancee". Chick Publications has, in print, the true story of a former Jesuit who, after many years in the service of the Vatican, came out of the Church of Rome and put his story into print, as did Montano, McCabe and Fresenborg. This former Jesuit (Dr. Alberto Romero Rivera) and Jack Chick, of Chick Publications, have had many attempts made on their lives for publishing these materials, (Dr. Rivera, being poisoned by a dentist breaking off an infected needle in his jaw and systematically fed poison for many years, succumbed 20 June 1997) as have other authors and publishers of like subject matter. The Vatican does not take lightly the exposing of its practices, or of its secret books i. e. "Secret book of instructions for the Jesuits", LCCN: BX3705.A2 M65; "Secret History of the Jesuits": Edmond Paris 1975, LCCN: BX3706.2 .P3713 (these are two books you should definitely read). They expose the unquestionable clear methods and intentions of the Vatican for the future, (their own publications). There are enough books, by such a variety of authors, from different time periods, writing from first hand knowledge, saying the same thing that the evidence is inescapable. Denial of this information can only be done with total bigotry and abstinence of logic, and therefore can only be construed as complicity with its intentions (yes it does bear repeating). It is very true that tyranny can only prevail when good men do nothing e.g. Chamberlain and the Treaty of Versailles.

"Rome's responsibility for the assassination of Abraham Lincoln" (LCCN: E457.5.H316), author: Thomas M. Harris, Late Brigadier General U.S.V. (and a presiding judge over the trial of the conspirators), "The assassination of Abraham Lincoln" (LCCN: E457.5.H28 or .H31), also by Thomas M. Harris; "Behind the Purple Curtain" (LCCN: BX1773.M6); "The Great Conspiracy"; "The suppressed truth about the assassination of Abraham Lincoln" (LCCN: E457.5.M27) by Burke Mccarty; "Fifty years in the Church of Rome" by Charles Chiniquy, ex-catholic priest; "Treason History of the Order of the Sons of Liberty" (LCCN: E458.8.S85) by

Felix G. Stidger; "Washington in the Lap of Rome" (LCCN: BXI770.F9) by Justin D. Fulton; "History of the Plots and Crimes of the Great Conspiracy to overthrow Liberty in America" (LCCN: E310.D983) by John Smith Dye; "The Trial of John Surratt" by: John Surratt [John Surratt hid in Catholic monasteries in Canada (6 weeks); England (4 weeks); became member of Zuaves (personal body guard to the Pope, in the Vatican) before, eventually, being extradited back to Washington D.C. to stand trial where (full row of Jesuits paraded, in file, up to John Surratt, at every break in the trial, to shake his hand and making sure the jury saw them) he got off on a hung jury. John Surratt and John Wilkes Booth studied for the catholic priesthood at the Sulpician Monastery, outside Baltimore]. "Official Records of the Union and Confederate Navies" series II volume III (federal depository library) shows the Vatican's involvement, on the side of the Confederacy, its complicity in the assassination of Abraham Lincoln and attempted assassination of Secretary of State William H. Seward. As well as their planned control of politics, education [Bill Bennett (and his, Jesuit, brother Bob are KNOWN operatives in CIA/MK-Ultra/Project Monarch-extreme trauma induced mind control sex deviates and pedophiliacs), self-professed Jesuit, Secretary of Education, under Reagan (Reagan was shot, 30 March 1981, after balking at assigning Bill Bennett as Secretary of Education: In April of 1982, in a speech made to the National Catholic Education Association:

Reagan made the incredible statement: "I am grateful for your help in shaping American policy to reflect God's will, And I will look forward to further guidance from His Holiness pope John Paul II during an audience I will have with him in June.") propagator of Outcome Based Education (OBE), stated: "All children should be taught by Jesuits"],

immigration [St. Leopold Foundation (Vatican spy network, founded: Vienna Austria, 1828)] and their already, at that time, control of much of the press (which has grown to include every other mode of media communication): "Liberty of the press, the most dangerous liberty, an execrable liberty, which can never inspire sufficient horror, and which

some men very noisily and insistently demand to spread everywhere . . . ": Pope Gregory XVI: (Toward a Catholic Constitution", pg. 59, by: Leonard Swidler.). Pope Pius wrote a letter to Jefferson Davis, with the specific instruction to have it printed in the Richmond newspaper to get the Irish Catholic's in the Union army to desert. He did and they did (144,000+ deserted in one week). When Lincoln initiated a draft for the Union Army, in New York City(1864), Archbishop Hughes instigated the biggest race riot in American history, including the burning to the ground of a black orphanage and trampling to death of its occupants. We know the Illuminati's international bankers supplied Jeff Davis (who's secretary of state: Judah P. Benjamin, was a House of Rothschild agent), J. Wilkes Booth, Sons of Liberty, Knights of The Golden Circle (J. Wilkes Booth was seduced to assassinate Abraham Lincoln by a woman, Ella Turner, and joined Knights of The Golden Circle for the sole purpose of obtaining their assistance to that end; Leon Czolgosz joined Knights of The Golden Eagle and was seduced to assassinate president William Mckinley by the infamous woman anarchist: Emma Goldman), Order of American Knights (Copperhead organizations, still in existance today, with their own quarterly newspaper: "Copperhead Chronicles", with their same old anti-Lincoln and anti-Union rhetoric) etc. with money thru the Bank of Ontario, Montreal Branch, thru Jeff Davis's "Canadian Cabinet", which was planned in detail in the Vatican before Brig. Gen. Beauregard (Catholic) fired on Fort Sumter: "We have the proof that the company which had been selected and organized to murder me was led by a rabid Roman Catholic named Byrne; it was almost entirely composed of Roman Catholics. More than that, there were two disguised priests among them to lead and encourage them. Professor Morse, the learned inventor of electric telegraphy, tells me that recently, when he was in Rome, he found the proofs of a most formidable conspiracy against this country and all its institutions. It is evident that it is to the intrigues and emissaries of the Pope we owe, in great part, the horrible civil war which is threatening to cover the country with blood and ruin." (Abraham Lincoln). All this is in the Library of Congress, along with U.S. State Department record of the U.S. Government breaking off diplomatic relations with the Vatican on 30 June 1867 (for refusing to allow non-catholic religious worship inside the walls of Rome: which should tell you how TBN now has an international religious TV broadcasting station in Rome), which was re-established by Ronald Reagan, 10 Jan 1984. Reagan only authorized the raid on Moammar Gahdafi after Gahdafi's terrorists set off bombs in Rome, even though he knew about Gahdafi's terrorism and counterfeiting activities for years.<http://www.mosquitonet.com/~prewett/holyalliance1of2.html>

According to Alberto Rivera there have been over two thousand Jesuits in U.S. government positions prior to 1980. If this is true, and all indications appear so, there's no telling how many there are now, and how much power they wield in Washington and state governments. The Jesuits control the entire CIA/MK-Ultra/Project Monarch (extreme trauma induced multiple personality: Jesuit/Vatican mind control) program. These

robotic victims are used as sex slaves and to deliver drugs/money and/or encrypted messages to heads of state and/or their drug operatives all over the world. They are also used to carry out murders [Eric Harris and Dyland Klebold (Al Gore and his goons wore black trench coats while he made his speech at Columbine High School: identifying with the "Trench Coat Mafia")].

Operatives within Project Monarch program: Gerald Ford, Ronald Reagan, George Bush, George Bush Jr., Bill & Hillary Clinton, Robert C. Bird, Alan Cranston, Madeleine Albright, Dick Cheney, Bob (drug czar) & Bill Bennett (Jesuits), Alan Simpson, Arlen Specter, Jim Traficant, Governor Mellon, Bob Clement, Pierre Trudeau (Canadian President/Jesuit), De la Madrid (Mexico), Michigan governor: Blanchard, Prince Bandar Ben Sultan, Dr. Steve

Hassen, Dr. Louis Jolyon West (psychiatrist who experimented with LSD for the CIA, and former head of Neurosychiatric Institute UCLA, Los Angeles), Civia Tamarkin, Sue Carper, Joe Casey, William Casey, Dennis Delaney, William Dieh, Lloyd Lindroth, Jimmy Buffett, Rev. Billy Roy Moore, Larry Flint, Charlie Pride, Jack Greene. Country music operatives: Alex Houston, Lee Atwater, Boxcar Willy, Jimmy Dean, Jimmy Walker, Tommy Overstreet, Lee Greenwood, Jerry Reed, Kris Kristopherson, Wayne Cox, Ken Riley, R.C. Bannon. Baseball operatives: Tommy Lasorda, Nolan Ryan. Others: Don & Guy Vanderjagt, Bud Crammer, Steve Hassen, J. Bennett Johnston (Louisiana Senator), David Rorick, Patrick Leahy, George Lucas, Michael Dante' (Michael Viti), Reggie "Mac" McLaughlin, Hal

Meadows, Dick Thornburgh, Mickey Miller, Ray & Regina Myers, Scott Rosenburg, Carlos Salinas de Gortari, H.R. Gibson, Gary Ackerman, Lamar Alexander (ritual Satanist), General Cedras, Lt. Col. Michael Aquino, Jack Valenti, Jose Busto (Puerto Rican drug lord). Catholic priest operatives: Vesbit, father Don, James Thaylen. Centers for mind control experimentation: Branson Missouri Country Music Center, Lords Chapel Church (Brentwood Tenn.), St. Frances of Assisi Catholic Church/Catholic Center high school (Muskegon, Michigan), Jesuit College (Wheeling W.V.), Boys Town Orphanage (incorporated) Omaha Neb.), Mormon Church (Salt Lake City, Utah), Church of Scientology, Andrews A.F. Base, Barksdale A.F. Base, McDill A.F. Base, Offutt A.F. Base, Plattsburgh A.F. Base, Tinker A.F. Base, Warner-Robbins A.F. Base, Ft. McLelland, Ft. George Meade, Ft. Campbell, NASA: Cape Canaveral; Washington D.C.; Marshall Space Flight Center, Redstone Arsenal, Huntsville Al., Harvard University ("Trance-Formation of America", by Cathy O'Brian and Mark Phillips). Advocacy Committee for Human

Experimentation Survivors-Mind Control (ACHES-MC) is an organization dealing with survivor/victims of this heinous Jesuit/CIA program.

Linda Wegen's case is typical: (a loving mother simply trying to raise her children) after finding out her children were victims of SRA (satanic ritual abuse: by her ex-husband and the local day care center), Linda took her children to a psychiatric hospital who (after their examination) told Linda of her children's SRA condition. The federal authorities then confiscated everything Linda owned (home, bank accounts, car, clothing; literally, everything except the clothes she was wearing!): simply because she was trying to help her children: her children were given to her satanic ex-husband: even her children from her former marriage which he had not adopted. Satanic ritual abuse of children through day care centers is very prevalent, especially in Connecticut.

The "Finders" in New York City, is a CIA front organization dealing in kidnapping; international trafficking of children, pedophilia and drugs.

The Vatican bought 26.8 million dollars in gold from the U.S. reserves, at a dollar an ounce under market value (\$34 an ounce) and sold it back to the Government at market value [\$35 an ounce (United Nations World Magazine, Dec.1952)]; With 5500+ schools, colleges and universities (Clinton was educated at Jesuit Georgetown University, where he and Fidel Castro were trained in communist philosophies; Jefferson Davis at St. Thomas Catholic college in Kentucky) all receiving government subsidies. Marymount College in Boca Raton, Florida is typical: Founded in 1963 and having a student body of 350 in 1968, it received, from the government, two million in housing grants, a \$55,000 anti-poverty grant to study migrant children and a \$10,000 education grant; In 1965 in Mississippi a \$7,000,000 government-sponsored program for the retraining of unemployed was run by an agency organized by a Roman Catholic Diocese, the \$7,000,000 was financed by the government via the Hillburton Act (1954, 1964). From 1947 to 1964 7,372 such projects were approved; HUD condemning public lands and giving it to the Catholic Church, along with protestant tax money to develop the land [build Catholic schools or hospitals (since 1961

the Catholic Church has been receiving \$83,000+ a day for such projects)]. HEW should be renamed CPA (Catholic Property Acquisition); Jesuit Fordham University acquired a valuable piece of Lincoln Square in New York City for a fraction of its worth, then got federal aid to develop the property; Manhattan College, famous for its wines and brandy, obtained a large factory and financial assistance from New York's Dormitory Authority; In Chicago HEW donated a sixty-acre, 4.5 million dollar tract at the Hines Veterans Administration Hospital to Jesuit Loyola University. When V.A. general councilman Fred B. Rhodes Jr. balked at the giveaway a devout Catholic replaced him. New York State banking records shows us that in 1962 the Catholic Church owns stocks and bonds in hundreds of corporations. Among others: Baltimore & Ohio R.R., Rock Island, Erie, Sea Board, Missouri Pacific, Pere Marquette, Goodyear Tire & Rubber, Firestone, Fisk, U.S. American Smelting, Commonwealth Edison, Brooklyn Edison, N.Y. Edison, Pacific Gas & Electric, West Penn Power, American Commonwealth Power, Texas Electric, Atlantic City Convention Hall, Louisiana Hotel Company, Squire Building, Lane Bryant, Fox Playhouses, Fox Theater (St. Louis), Denver Joint Stock Land Bank, Savoy Plaza Hotel, National Dairy, Thermoid, Washington Silk, Pillsbury Flour, Yankee Stadium, Watergate, General Motors, General Electric, Shell Oil, Bethlehem Steel, Gulf Oil, IBM, Boeing, Lockheed, Douglas, Curtis Wright, Phillips Oil Co., Creole Petroleum Co. And all tax-free.

In Massachusetts its hard to distinguish between the Catholic Church and the state government, every time a public school closes the Catholic Church buys it for a dollar; The Catholic Church never loses a "sealed" bid on public land auctions. This is done via an open and devious by-passing of the U.S. Constitution, by the hidden Catholic pressure group within the U.S. Government, state and local, by the legal, semi-legal and dubious politico-financial manipulations of sly Catholic dealers relentlessly operating in the legislative, financial and real estate fields on behalf of the Catholic Church. At one time the Catholic Church owned more land area than the entire state of Connecticut. The Catholic Church has been "buying" land and constructing buildings in New York City at a rate second only to the city itself (being all tax exempt: care to take a guess why New York City went bankrupt twice when George "Mr. Cocaine" Bush was in the Whitehouse?) and all thanks to Cardinal Francis "burn-em alive" Spellman ("The Vatican Billions" by Avro Manhattan); [The Popes banker, Michele Sindona, was a very busy boy before being sent to federal prison in New York State for causing the default of Franklin National Bank. It appears he was not only the Popes banker but also the banker for: IOR [Vatican bank (Societa General Immobiliare), Italian Masonic Lodge, P2(Italian Masonic Lodge political arm), Vatican political party, Sicilian mafia and Lacosa Nostra (Sindona set up the system for Sicilian mafia and Lacosa Nostra to launder their drug money thru Vatican owned banks, Credit Swiss, in Switzerland). He, in all likelihood, set up the program of \$900,000,000 in counterfeit bonds for the Vatican, to be pushed in this country. When it was discovered that the Vatican Bank (IOR) and Cardinal Tisserant (second only to the Pope) were the main offenders, and an investigation was certain to follow, Tisserant conveniently died, requesting before his death that his diaries be removed from the Vatican.]; The I.R.S. classifying people who stand up for their rights as non-filers, knowing full well there is no I.R.S. code or law requiring anyone to assess themselves for any tax (article five of the Bill of Rights) and then turning them over to the B.A.T.F. who (by computer program automatically) classifies them as drug smugglers with their semi-secret "T" code system["T5"(I.R.S.6209 manual)], to give them the appearance of legality, to confiscate properties [If you go to court (Title 4(annotated) U.S. Code, Chapter 1: u.S. flags in federal court rooms are military Ceremonial/Parade Flags (gold fringe), AR840-10(b-1): under which the u.S. Constitution is suspended {two gold-knotted-tasseled ropes are admiralty flag: again the U.S. Constitution is suspended}) with the I.R.S. they ask you about your U.S. citizenship and if you don't answer just right they classify you as a citizen of Puerto Rico, Guam, Samoa or the U.S. Virgin Island's [the "other" united states that are owned by the District of Columbia (acquired from the Spanish American War) and run by the Catholic Church]. Care to guess why? (Because that's the only place the I.R.S. & B.A.T.F. have "legal" jurisdiction). The I.R.S. is a department of the Treasury of Puerto Rico. The title heading of the I.R.S. reads: "Internal Revenue Service a Department of The Treasury", it does not tell whose treasury it's a department of. Look in 31 USC under Dept. of U.S. Treasury and look for the agencies they authorize: guess who is missing, that's right, the B.A.T.F. & I.R.S. Why do you make checks payable to the I.R.S. and not the U.S. Treasury? That's how the I.R.S. diverts your money to the international bankers (IMF)]; The names of every member of the jury pool, in a tax case, is given to the I.R.S. by the U.S. Attorney prosecuting the case: securing a partial jury for the I.R.S. If you, or any one you know, is having problems with the I.R.S. contact, tax expert, Ben Houck Ph:(614)532-9669 or Fax: (614)532-3570. Ben knows more about income tax codes than the I.R.S.

The Jesuits own fifty one percent of Bank of America (largest bank in the U.S.) the Vatican owns stock in

hundreds of banks all over the world; Banca Nazionale de Lavoro (the Pope owns controlling interest), through its branch in Atlanta Georgia, laundered over \$5 billion of American taxpayers money from the U.S. Dept. of Agriculture to pay for Saddam Hussein's war machine, including his "super gun"; Railroading Rep. George Hansen (R-Id.) into prison and physical torture ("Diesel Therapy", that left his wrist's crippled for life) by judge Edward Lodge, after Hansen called for a congressional investigation of the Justice Department and wrote the book: "To Harass Our People, The IRS and Government Abuse of Power" (assault on religion) [In this book Representative Hansen exposes the I.R.S.'s practice of selectively prosecuting church's for income tax evasion (Sun Yung Moon, 1981, for not reporting interest on 112,000 in Chase Manhattan bank. Do not be deluded that this has anything to do with a zeal for collecting tax's for the United States Treasury. The tax, fine and penalties combined do not amount to a fraction of what the I.R.S. spent in prosecuting the Moon case. Not three miles from the court house where he was prosecuted, Roman Catholic Archbishop of New York: Terence Cooke, held personally in his own name, assets worth a thousand times that which Moon was charged with evading. In fact Catholic church law requires the reigning ordinary own its property in his own name: known in law as: "corporate sole", for which, of all the hundreds of Catholic Archdioceses reigning Cardinals and Bishops in the U.S., not one has ever been looked at by the I.R.S., much less brought up on any charge, showing conclusively, who the I.R.S. selects and why)]: In the trial of F. Tupper Saussy, <http://www.patshannan.bizland.com/rulerintro.html> prosecuted by (self professing jesuit) John MaCcoon, exculpatory evidence ignored or suppressed, prosecutorial improprieties excused, attempts to avoid consequences of improprieties bring punishment: This prosecutorial/judicial steamrolling people into prison (Saussy with 14 months) is not unique to tax court cases. It is the typical judicial MO of state courts railroading parents (of phony child sex abuse cases) into prison: Kern County (Bakersfield) California is typical (see the docudrama: "Just Ask My Children"); Ruining Rep. Joseph Montoya (D-N.M.) for pushing for reforms of I.R.S. agency crimes exposed by him in Senate hearings in the 1970's; F.D.A., H.R.S. etc. arresting people, ransacking health food stores, confiscating property, killing animals, destroying property, and all without a court order and in deliberate violation of article five of the Bill of Rights, throwing peoples right of habeas corpus (assumed innocent until proven guilty) out the window; with immigration (totally controlled by Jesuits) bringing in Hispanics (all Catholic) by the boat loads (legally and illegally) to feed off our welfare system and further deplete the economy [which explains the planned failure of Nafta and Gat (sending companies and jobs to dominant Catholic countries) thru Vatican controlled Mexico] and influence federal, state, county and city legislation and elections [the unofficial private corporation: News Election Service (NES) has sole physical control of the counting and dissemination of every vote, in our national elections, and does not allow the public to know how it is done] and will be the only ones to receive unending welfare when welfare" officially" comes to an end. At or near every immigration office in the U.S. is a Catholic law firm to give free legal assistance to any Catholic immigrant entering this country. Anyone doubting this should read: "Illegal Emigration movements In And Through Italy", by: Vincent La Vista, declassification no. NND 760050, 4-11-90, National Archives Record Group No. 59, Center For Legislative Archives, Washington D.C: Why else would we have immigration offices in Rome and Mexico City? (It is no coincidence that the only other foreign office of U.S. Department of Immigration is in the worlds second highest volume route for heroine: Bangkok Thailand).

P.S. United States Constitution, Article I, Sec. 9, paragraph 4: No capitation, or other direct tax shall be laid unless in proportion to the census or enumeration herein before directed to be taken.

Article XVI: The Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several States, and without regard to any census or enumeration.

Ronald Reagan and Richard Nixon used the WWII fascist war criminals smuggled into this country (Nazi war criminal, Walter Dohrnberger, sentenced to be hung at Nuremberg, is head of Bell Aerospace Corp. R & D dept.) thru the Vatican "Ratlines" to get the ethnic votes that put them in the Whitehouse. Ronald Reagan, while governor of California, set a day of recognition for the Ustasha of Yugoslavia until the Yugoslavian government protested; on his visit to a concentration camp in Europe: Reagan laid a wreath on the grave of an S.S. officer. "The Church can dispense from a promissory oath. This power belongs to the Pope and Bishops, who exercise it either by themselves or by their delegates." p.203; "The civil laws (of Christendom) are binding in conscience so long as they are conformable to the rights of the Catholic Church." p.278 "Abridged Course of Religious Instruction for the Use of

Colleges and Schools" by: Rev. F.X. Schouppe (Jesuit); federal judges controlling the juries to the extent that they have no choice but to rule the way they say, or overruling them and passing his own judgement on the defendants (which moves sovereignty from the people to the courts), e.g. Walter Smith Jr.(Judge Roy Bean) of Waco Texas. The list of federal agency violations of "citizens rights" is a bottomless pit. Like the threat made on myself by an I.R.S. special agent from Pikeville Ky. in the I.R.S. office in Ashland Ky.(28 April 1995) when he laid a loaded snub nose cal.38 revolver on the desk in front of me, with the barrel pointed at me, while being witnessed by collections agent John T. Yewell.

Then there's Mt. Carmel, with its trumped up charge of a methamphetamine laboratory (never mentioned again after the raid started) to give assistant U.S. attorney Bill Johnston an excuse to get his warrant and special forces training for his B.A.T.F. goons; and with the B.A.T.F. agent Robert Rodriguez having been in Mount Carmel (day before the raid) where he inspected all the firearms and knew what was and was not there, and with further inspection of the weapons "requested" of the B.A.T.F. by David Koresh and "refused" by the B.A.T.F.(which would have left them without an excuse for their murder and mayhem). Five FBI agents rented a house across the road from Mt. Carmel: two of those agents attended bible study classes with David Koresh for a month before they started their slaughter: at the same time other FBI agents were busy printing and handing out leaflets in Waco, degrading the Branch Davidians. I'm sure Bill Johnston was expecting a turkey shoot, and all with 100% support from the controlled (Skull & Bones) media, before, during and ever since ("The Massacre of The Branch Davidians" by Carol Moore, 28 Jan 1994). All of this is a precursor of what is to come.

Ever notice how the media never misses an opportunity to jump on preachers who make statements concerning government policy, screaming: "separation of church and state"? And when the Pope comes to this country making speeches on the same issues their silence is deafening! The only person to voice a negative response to the Popes statements to abortion was Madelin Murrey O'Hair, whose statements have not been published since. Just before O'Hair, and her family, was to go to New York, to protest the Pope, she and her family disappeared without a trace. Again the media silence was deafening. Ever notice the A.C.L.U. in all of its rantings about separation of church and state is stone silent about government (protestant taxpayer) moneys going to Catholic schools? (Federal grants and loans to Jesuit colleges, universities and their programs are in the billions). At the turn of the century Pope Leo XIII was raking in over one and a half million dollars annually from: (1) Peter's pence contribution (over \$415,000); (2) Apostolic Chancellery aggregate (\$520,000); (3) Interest of the vast sum left by Pius IX in the Pontifical treasury, invested chiefly in English Consols (\$625,000). Notice the Pope trusted the securities of a Protestant nation and not a Catholic as France, Spain or Mexico. These figures would hardly make a dent in those of today.

The Jesuits rake in over \$280 million annually. The assets of Grey Nuns of Charity \$3.5 million; Sisters of the Immaculate Heart \$7.5 million; Sisters of Saint Joseph of Newark \$17,899,384; Little Sisters of the Poor \$25 million; Sisters of Mercy \$39,754,132; Sisters of Charity \$66,533,833; Sisters of Charity of Providence \$90,187,000; Sisters of the Sorrowful Mother \$93,636,516; Sisters of the Holy Cross \$110,892,759. There are 539 such orders of nuns and monks. All tax-free! AND THE I.R.S. NEVER LOOKS AT!! "Praise The Lord For Tax Exemption", by: Stanley Lowell and Martin Larson.

If you think my thesis untenable then please prove me wrong. Simply run a background check (personnel file) to see which (if any) Jesuit schools were attended by (or: Knights of Columbus; Knights of Malta; Opus Dei): publishers of public school history books; federal judges: Joyce Hens Green, Manuel L. Real, Tanner, Hodges, Thomas P. Griesa, Milton Pollack, John W. Walker Jr., Kimba Wood, Clifford Weckstein, Richard A. Posner, Richard Maich, Ranck, James F. McClure and definitely Walter "Roy Bean" Smith Jr. of Waco; Assistant U.S. Attorney's Bill Johnston, John Maisto (U.S. diplomat), Leslie Brydon, Herschel Lock, Jeffery Mench, [the previous three, along with Tom

Bowman (personal aid to Skull & Bones Senator Arlen Specter), Richard Medellin, Judges: Rank and James F. McClure being instrumental in the kidnapping (the children were taken without the parents being present or even notified when the charges were presented in court) of the children of Steven and Dawn Ames in the court of common plea's of Northumberland County Pennsylvania. The sole charges being: teaching their children the Bible and the U.S. Constitution], and B.A.T.F.'s: John Magaw, Davey Aguilera and Lloyd "Bilderberg" Bentsen [who was C.F.R. (Illuminati)]; Peter Galbraith: U.S. Ambassador in Zagreb; Bob Bartel of "The Spotlight" newspaper (his political tabloid is anti-Semitic and denies the Holocaust, which was orchestrated in the Vatican); Tom Metzger, who's skinhead organization uses R.C. symbology [the mirror image dragon/bird, used by the Skinheads, is identical to that used by the Nazi's and Albanian K.L.A. (Stash)] and doctrine (with the names changed) and has direct links with skin head/nazi organizations in Germany; US Magistrate: Richard Kop, US Attorney Thomas Taken, FBI head: Nicholas O'Hara, Mickey Mott (the last four being Satan worshipping pedophile of Omaha Nebraska); Frank Liberto (New Orleans godfather/close associate to J. Edgar Hoover (Knight of Malta) and key figure in the assassination of Martin Luther King Jr.). Known Knights of Malta members are: William Casey (CIA head), Jeremiah Denton (Alabama Senator), Pete Domenici (New Mexico Senator), Alexander Haig, William Simon (Treasury Secretary), William F. Buckley, Lee Iacocca.

Every Government official, especially C.I.A., graduate from Yale University is Skull & Bones (which had its origin in the University of Berlin. Founded at Yale by Alphonso Taft and William H. Russell and exists only at Yale University). Some members being: Arlen Specter, Prescott Bush (and other Skull & Bones members robbed the grave of Geronimo in Oklahoma taking the body back to the "Tomb" on the Yale campus), George Bush, George Bush Jr., Franklin Roosevelt, Kellogg, Dupont, Richard Bissell Jr. etc.

Since the Pope has set down, in document, his clear intentions it would be prudent to do a background check on Robert L. Sumner (who spreads lies about fundamental preachers): "Against an elder receive not an accusation, but before two or three witnesses." (I Timothy 5:19), Jim Bakker, Pat Robertson [J. Peter Grace, top man in Knights of Malta (a secret Catholic quasi-religious on the surface/anti-religious at the core organization that dates back to the Crusaders), is godfather to his children], Paul Crouch, Benny Hinn, Billy Graham and Jack Van Impe. These are T.V. preachers pushing the ecumenical whitewash of the "Mother of harlots and the abominations of the earth" (Rev.17:5).

"For such are false apostles, deceitful workers, transforming themselves into the apostles of Christ. And no marvel for Satan himself is transformed into an angel of light. Therefore it is no great thing if his ministers also be transformed as the ministers of righteousness; whose end shall be according to their works" (II Corinthians 11:13-15). The Jesuits have been in control of the National Council of Church's and World Council of Church's for over thirty years.

It is very relevant to remember that the Vatican [Vatican is from the classical Latin root word: Vaticanus, which by definition means: "house of divination" (dwelling of demons); standing in the center of St. Peters Square is an obelisk (symbol of male sex organ in Satan worship) from Egypt] is an independent country with its own dogmatic constitution.

With the Pope (vicar of Christ) being the head of that state. Therefore for a practicing R.C. "not to" adhere to the dictates of the Pope and his encyclicals is to go against God. This is Roman Catholic canon law: "Abridged Course of Religious Instruction for the Use of Colleges and Schools," by Rev. Father F.X. Schouppé (Jesuit) p.203: "The Church can dispense from a promissory oath. This power belongs to the Pope and bishops, who exercise it either by themselves or by their delegates." p.278: "The civil laws (of Christendom) are binding in conscience so long as they are conformable to the rights of the Catholic Church." (Whats this tell you about the U.S. Supreme Court of which at least four are R.C. and ruled to keep the Bible out [while allowing two dirty books: "Of Mice and Men" and "Catcher In The Rye" (of which John Lennons killer {Mark David Chapman} was a student) to be required reading in every high school in the

country] of Public schools and to murder the unborn and calls pornography: "freedom of speech?"). ("The kings of the earth set themselves, and the rulers take counsel together against the LORD, and against his anointed, saying, let us break their bands asunder, and cast away their cords from us. He that sitteth in the heavens shall laugh: the Lord shall have them in derision. Then shall he speak unto them in his wrath, and vex them in his sore displeasure." (Psalm, 2:2-5.) This is very important to remember also when reviewing the events leading up to and during the Vietnam War i.e. secret meetings in the early fifties of certain democratic senators (including John Kennedy) concerning Vietnam; placing R.C. Ngo Dinh Diem in the presidency [after being schooled in the U.S., by Cardinal Francis "Burn-em Alive" Spellman (key figure behind William J. Donovan (Knight of Malta), creator of the O.S.S., forerunner to the CIA; close associate of Dwight D. Eisenhower {who directed American B-17 bombers to avoid I.G. Farben headquarters in Berlin and cut off the gas supply for General Patton's tanks to slow him down, thus extending the war), who's only answer to communism was to burn them alive, and Robert Strange McNamara thru the CIA (Catholic Illuminati Assassin's)] in deliberate violation of a legally constituted (U.N. sanctioned and observed) election, which communism won; Diem's systematic "ethnic cleansing" of all who would not recant of their religion and embrace Catholicism; creating a tax structure that was so oppressive that non-Catholics were starved out, and so favorable to Catholics that it caused a mass exodus of north Vietnamese Catholics to the south and south Vietnamese Buddhists to the north, which was more than even John Kennedy could tolerate, so he had Diem killed (2Nov63), and twenty days later Kennedy was shot by three hit men (Oswald look-alike: William Seymour-school book depository; Manuel Gonzales-Dal-Tex building; Emilio Santana-open manhole on street curb: last two picked from,

FBI Division 5's thirty professional assassins kept on retainer in Mexico City) 22Nov63 (planned and supervised by, two sex deviates: Clay Shaw (Knight of Malta), Solidarist-Catholic priest: David Ferrie and William Seymour: employees of Defense Industrial Security Command (DISC) which is a joint venture of FBI's Division 5 and Defense Intelligence Agency of the Pentagon). Almost all of the orchestration operatives were WWII Nazi's smuggled into this country 1945-1950 on Vatican visa's e.g. Werner von Braun and Walter Dohrnberger. Ferenc Nagy: high level boss in FBI Division 5 and president of Permindex Corp. (money laundering liaison for FBI Division 5 and DISC operatives) was the "umbrella man" in Deily Plaza who opened his umbrella (sunny day) signaling the start of the shooting (closing his umbrella signaled the stop).

Top planners in the assassination cabal: Lyndon Johnson, J. Edgar Hoover, L.M. Bloomfield, Ferenc Nagy, John DeMenil, Carlos Prio Socarras, Walter Jenkins, H.L. Hunt [American Council of Christian Churches (ACCC)], Bobby Baker, Clifford Jones, L.J. McWillie, Werner Von Braun, Roy Cohn, Fred Korth, John Connally and Clint Murchison.

L.M. Bloomfield (answering only to Hoover and Johnson) was in overall charge of the supervisory and working assignment group: Walter Dohrnberger, Guy Bannister, Albert Osborne (ACCC), E.E. Bradley (ACCC), Morris Dalitz (Las Vegas), Major General John B. Medaris, Robert McKeown, Igor Voshinin, George Bouhe, Peter Gregory, Maurice Gatlin, Sergio Arcacha Smith, Lee Harvey Oswald, William Seymour, David Ferrie (Catholic priest), T. Gonzales, Manuel Garcia Gonzales, Layton Martens, Gordon Novel, Walter Sheridan, William Dalzell, Paul Raigorodsky, Joe Bonnano, Dimitri Royster (ACCC), Alex Carlson, George Mandel, Breck Wall, Clay Shaw, Joe Cody, Jake Kosloff, Mike McLaney, Ruth and Mike Payne, Igor Vogonov, Jack Bowen, Mike Ryan, Tammie True, Max Cherry, Patrick Hoy, David Hoy, James Powell and many others with lesser assignments. (Nomenclature of An Assassination Cabal, by: William Torbitt { pseudonym}). This document previously quoted: "Plausible Denial" by, Mark Lane. However, due to more recent revelation, it is obvious that publication is without merit [Mark Lane (personal friend and confidant to the infamous Jesuit: Jim Jones), as attorney for James Earl Ray, sent his key witness to Jonestown the day before the Jonestown massacre. Fortunately, for her, she didn't go].

The Vietnam "genocide" was given a fresh shot in the arm in the 1967 C.I.A. "Operation Phoenix", implemented by, sovereign Knight of Malta: William Casey [known MK-Ultra/Project Monarch pedophile operative (CIA's Laos & Vietnam station chief, egregious mass murderer, Theodore Shackley being the key operative in the

assassination cabal, under George Bush)]. General Westmoreland became a Catholic while in command in Vietnam. Ross Perot wasn't able to contact any POW, MIA's because the C.I.A. kept getting in the way, with their operation of taking over the opium smuggling trade, for themselves and the Sicilian Mafia, out of the "Golden Triangle" [largest buyers of opium in the world are well known top officials in the C.I.A. & D.O.D. (Richard Armatage, no.2 man in the Department of Defense (DOD); Theodore Shackley, no.2 man in the CIA, under George Bush. Bush is on the board of directors of Eli Lilly: the company that produces the precursor chemicals to produce cocaine, heroine and the company that first synthesized LSD for the CIA)]. The U.S. government transports over half the illegal narcotics into the U.S., mostly on military transport, tons at a time with no customs check, then flown on commercial airliners, in cargo containers, to organized crime families, then distributed in cities street gangs, Contra's and motorcycle gangs: <http://www.ciadrugs.com>

Nixon got us out of Vietnam without winning and the Vatican getting control of the southern government, for which he was watergated (the Watergate office building complex was built and is owned by the Vatican). Read: "Vietnam, why did we go?" by: Avro Manhattan. Ten days before his assassination John Kennedy stated in a speech at

Columbia University: "The high office of president has been used to foment a plot to destroy the Americans freedom, and before I leave office I must inform the citizen of his plight". There is evidence of Fidel Castro's involvement in the conspiracy but not conclusively. However Dr. Alberto Rivera's testimony of knowing of Castro's presence in the Vatican while he, and the infamous Jim Jones, were there in school (being trained to destroy church's), and Soldier of Fortune magazine's article on two Jesuits kidnapping Honduran peasant farmers and sending them to Cuba, into

forced guerilla warfare training, along with John Kennedy stopping the B-26 bombers from taking off in support of the freedom fighters during the Bay of Pigs invasion, which they were totally dependant on; leaving Castro's planes to strafe and bomb the raiders {its obvious the raid was designed to fail: all aspects were controlled by the CIA; troop transport deck machine guns malfunctioned, mounts rusted thru, four of six landing craft sink before their even boarded; using Bay of Pigs [which the Cuban Revolutionary Council would never approve (reefs, surrounded by swamp, radio station nearby) so Kennedy has them flown, under false pretences, to a blacked out airfield at Opa-Locka Fla., where their held in isolation, against their will, under armed military guard: Only then do they learn, via AM radio, that the raid has been moved up (putting the initial air strike, using six B-26's, not all fourteen, securing minimal damage and giving Castro ample warning of an impending attack) just before the UN meeting knowing the US would be blamed, giving Kennedy his excuse to ground the bombers (but not the paratroop planes taking off from the same field in Nicaragua) and, had not only already started, but already past the point of no return] guaranteeing the failure of the raid and effectively ending all organized effort to remove Castro}. "This was how the whole thing was going from the beginning", General Lemnitzer: Chairman Joint Chiefs of Staff ("Bay of Pigs, The Untold Story" by Peter Wyden), certainly lends credibility to the assertion that Castro is a Jesuit and was involved in Kennedy's assassination. We do know Castro is Illuminati and indoctrinated in communism at Georgetown (jesuit) University (as was Bill Clinton). Kennedy had stopped borrowing money from the IMF: had issued and signed executive order 11110, abolishing the FED, and had new inflationary money printed at the US Treasury (the bills you see with red serial numbers) which secured the orchestration of his assassination by the Illuminati, Bilderberg's (modern day version of: "Congress of Vienna" who wrote the "Secret Treaty of Verona" 1814-1815: the execution of this edict was assigned to the re-established Jesuits 1814) and Trilateral Commission; he made it known he was going to dissolve the CIA, thereby securing Skull & Bones organizations co-operation; having Ngo Dinh Deim killed, plan of pulling U.S. troops out of Vietnam without getting control of Vietnam for the Vatican secured the co-operation of the Jesuits and the Vatican. Though J. Edgar Hoover set the procedural orchestration in motion, John Connolly, Lyndon Johnson and Louis M. Bloomfield (Canadian lawyer who did the contract operative hiring for FBI's Division 5), the planning of the assassination itself was done by E. Howard Hunt (also an operative in the "watergating" of Richard Nixon), William Seymour, Clay Shaw and David Ferrie (Catholic priest). Financing the entire assassination operation was Vatican banks: De Famaco Astalde Vaduz (Swiss), Leichtenstein (Swiss), Seligman Bank (Swiss), Banca Nazionale de Lavoro (Rome) [this bank, owned by the Pope, through its branch in Atlanta Georgia, laundered \$5 billion from the U.S. Department of Agriculture to Saddam Hussein's war machine, including his "Super Gun"]. Lyndon Johnson sent the USS Maddox and USS C.Turner Joy into North Vietnamese territorial waters (2&4 Aug 64) to draw fire from North Vietnam (the radio message the USS Maddox received, ordering it, and USS C.Turner Joy, into North Vietnamese territorial waters came direct from the Whitehouse). When the plan failed to bring the desired results (knowing why they were there:

Maddox and C. Turner Joy fired on each other in the night out of sheer paranoia) Johnson lied to Congress and the nation, saying the North Vietnamese fired on an American "peace keeping" ship in international waters: giving him his excuse to commit U.S. troops into armed conflict with North Vietnam. Later Johnson realizing "his" war is a non winner and his bombing escalation's bring protest's and riots and not able to back out either (he didn't want to take a ride through Dealy Plaza): simply elected not to run for "another term as your president", thereby escaping: "the poisonous cup"; "the strangulation cord"; "the steel of the poiniard"; "the leaden bullet".

The blanket of corporate stonewalling (by every department of legislative, executive and judicial branches of government, including the media, to all subsequent investigations into the murders of John F. Kennedy, Martin Luther King and Robert F. Kennedy, extending from the local levels all the way to the U.S. Presidency and Supreme Court) culminates into a preponderance of evidence of, not only a cover-up, but complicity in the carrying out of these atrocities ("The

Truth behind The Murder of Martin Luther King, Orders To Kill" by, William F. Pepper). The one common element connecting John F. Kennedy, Martin Luther King Jr., Robert F. Kennedy: all three were working to get us out of Vietnam (militarily) when they met their untimely demise: The executive order President Kennedy issued: ordering all

American troops back home from Vietnam, was reversed by Johnson, before Kennedy's body was in the ground. Cardinal Francis "Burn-em Alive" Spellman (trainer of Ngo Dinh Diem, president and butcher of South Vietnamese Buddhists) was the one person the F.B.I. consulted to persuade the Pope not to have a meeting with Martin Luther King Jr., and Spellman concurred. Project Monarch operative: Gerald Ford was the only member of the

congressional investigative committee to say that Lee Harvey Oswald acted alone in the assassination of John Kennedy (and the only one in the committee to make president: and he made it by appointment). Dorothy Kilgallon ("Whats My Line" game show panelist): upon leaving Jack Ruby's cell, stated: "I'm going to blow this thing wide

open": two days later she was dead: another jesuit/Illuminati convenient "suicide": after this, Louis Jolyon West (psychiatrist and Project Monarch mind control operative) was assigned to "take care" of Jack Ruby.

By LAPD's own SUS file: Sirhan Sirhan was hypno-programmed using hypnotic drugs and torture (by, DISC operative: reverend Jerry Owen, CIA mind-control specialist: William Bryan and others) producing MPD (Multiple Personality Disorder mind control, a product of CIA's MK-Ultra-Project Monarch) at the horse stable, in Santa Anita, where he worked with Thomas Bremer (the brother of Arthur Bremer: who shot George Wallace in 1972). Sirhan Sirhan was used to distract attention while CIA's Thane Eugene Cesar (in the employ of the LAPD) shot Robert F. Kennedy behind the right ear. John Hinckley Jr's (shot Ronald Reagan) brother was George Bush's golf partner. John Hinckley Sr.(owner of Vanderbilt Oil Co.) has been George Bush's neighbor in Texas for years, and contributed to his campaign when he first ran for congress.

John Maisto (U.S. Diplomat to the Philippines) came to Panama to train the "Civic Crusade" (C.I.A. operatives {many of which are trained in the infamous terrorist-revolutionary "School of the America's" at Fort Benning, Ga.}): organizing street campaigns, burn tires, protest march's etc. Archbishop Marcos Mcgrath, Monsignor Jose' Sebastian

Laboa, Priest Javier Villanueva being among the operatives in the destabilization campaign. A repeat of Manila, Guatemala, Nicaragua, Grenada and Haiti's Francois "Papa Doc" Duvalier. Archbishop Mcgrath and his priests ran their own operation of ballot box confiscation and vote counting (having no connection with the Panamanian Voting

Commission) in deliberate violation of Panamanian law (what's this tell you about NES, News Election Service, giving the established press total control of counting and dissemination of national voting and does not allow the public to know how it is done?! What's this tell you about John Kennedy winning the election when Richard Nixon won the vote?). Archbishop McGrath later became guarantor of transition of the Panamanian Government from military to civilian control (the Vatican has \$1.4 billion invested in sundry Panamanian and other "shell" companies) after he, along with Laboa and Villanueva, tricked Noriega into the Vatican Embassy with the promise of diplomatic immunity, then once in the embassy giving him the choice of surrendering to the U.S. Army or they would let the army in to capture (kill) him. The Panamanian raid was concocted by Senator Alan Simpson (R) Wyoming. This is a direct continuance of: "Secret Treaty of Verona" policy of extermination of all representative governments as recorded in the: U.S. Congressional Record-Senate of the 64th Congress, 1st session volume 53, part 7, page 6781, 25 April

1916 and in the: American Diplomatic Code, 1778-1884, vol. 2; Elliott, p.179.

With main accusers like Jorge Canalias, Floyd Carlton Caceres, Cesar Rodriguez, Teofilo Watson (pilots who flew arms to the Contra's and cocaine to the U.S.) and paid convicts (recruited from American prisons) as key witnesses in conjunction with the Classified Information Procedures Act (CIPA, U.S. Code 22) Noriega's fate was sealed as soon as he entered the Vatican Embassy (With legal procedures like this you could convict John Kennedy of assassinating Lee Harvey Oswald). William Kunstler was planning to defend Manuel Noriega in Miami federal court before his (convenient) death prevented his representation.

Now with no Panamanian National Guard [many of which were shot (at Balboa High School concentration camp) with their hands zip tied behind their backs, by U.S. marines (journalist Julio Guerra was murdered by U.S. marines for photographing the bodies)], Panama is now a major stopover point on the opium trail from south and Central America to the U.S. Cocaine is rampant now in George "Mr. Cocaine" Bush's (who's cocaine running boats from his oil well rigs go unchecked by the coast guard) Panamanian narcodemocracy. With drug money's being laundered thru Panamanian banks, e.g. Interbanko, First Inter America's Bank (owned by drug cartel boss Gilberts Rodriguez Orejuela) ("The Memoirs of Manuel Noriega, America's Prisoner" by: Manuel Noriega and Peter Eisner). Now with, RC Priest, Jean-Bertrand Aristide, back in power in Haiti the cocaine trail is complete.

We know from WW II that the Vatican had a highly militant influence in Yugoslavia. War records show the existence of a Vatican organization called "Ustasha" (from the verb: ustati, meaning "to rise up"). The reputation of the Ustasha throughout Yugoslavia is far worse than that of the S.S., S.D., S.A. and Gestapo combined: being created by Ante Pavelic, the head of the Ustasha state of Croatia. Pavelic held many and frequent meetings with Bishops and Archbishops of Croatia and Pope Pius XII. Pavelic was to Yugoslavia what Hitler was to Europe. Pope Pius XII's statement to a group of Croats, on a pilgrimage to the Vatican (lead by Archbishop Aljzije Stepinac), Nov 1939, outlined the Vatican orchestrated atrocities from 1941-1945 and 1991-1995: "The hope of a better future seems to be smiling on you, a future in which the relations between church and state in your country will be regulated in harmonious action to the advantage of both." Catholic priests like Stane Kukavica (Franciscan monk), changed their robes for the uniforms of the dreaded Ustasha killer squads and led the most barbaric, brutal raids upon those people and practiced satanic torture never before known in this century. The entire genocide operations were overseen by the military vicar Archbishop Alojzije Stepinac ("Jasenovac" was the main center for extermination, being the third largest concentration camp in WWII where over 800,000 Serbs, Jews and Gypsies were systematically butchered) working directly with the Nazi's, helping to create the state of Croatia. (read: "Smokescreens" by: Jack Chick; "The Yugoslav Auschwitz and the Vatican" by: Vladimir Dedijer; "Blowback" by: Christopher Simpson). The gold from Holocaust victims jewelry and teeth (what was not used to smuggle WW II war criminals out of Europe) is today held in Vatican banks: for which there is an ongoing lawsuit by the law firms of Easton & Levy, at:

<http://www.remnantofgod.org/Ustashe.htm> <http://www.skolnicksreport.com/vaticanbank.html> ; <http://www.priestofdarkness.com/gold.html> ; <http://www.vaticanbankclaims.com/press.html> . In Bosnia the revived Ustasha movement is called "Croatian Peoples Party" (HSP) and its army, the "Croatian Defence Force" (HOS).

Dobroslav Paraga led HSP. HOS units (Black Legion) comprised of Belgian, Austrian, British and Canadian mercenaries, as well as units from the French mercenary unit: "Nouvelle Resistance". After HOS was dissolved in 1993, by its mentor president Franjo Tudjman (for fear of being exposed for his Vatican connection as too politically obvious units), members were absorbed into other units, later amalgamated into the 108th Bosnian Brigade or the International Brigade. "Front National", "Croatie Libre", and "Slavonie Libre" run by Facci, are also Vatican organizations fronted as Humanitarian Aid. MPRI (shadowy mercenary organization based in Virginia) contracted by the Pentagon to train Ustasha in Croatia, Bosnia and now Kosovo. Who but the Vatican has the power and/or influence to coordinate both sides in a military conflict to annihilate thousands of peoples at a time i.e. using U.S. troops to control Serbs in a (so called) fire free zone while Fascist Croats murder them, while the U.S. troops keep the Serbs defenseless. This policy will continue throughout the

Balkans.

Hitler presented the Independent State of Croatia (NDH) to Pavelic, 10 April 1941, as Greater Croatia which lasted from 1941 to 1945. The original plan was to annihilate one third of the population, force a third to migrate out of the country and force a third to convert to Catholicism. The process was to take ten years. The second half of the plan was completed 1991-1995. U.S. troops now enforce that Croatian state, against the displaced Orthodox Serbs. Today Franjo Tudjman is doing everything to have Greater Croatia presented by Germany (today if you publish anything in the German press about the Vatican Nazi concordat the state prosecutes you) the United States and the Vatican, reconstructed from Bosnia and Serbian lands. While a concerted propaganda campaign is being mounted to frighten small Balkan countries with the spectre of "Greater Serbia" and are being offered a protective "umbrella", behind the smokescreen of the Washington Agreement from 1994 that inaugurated Greater Croatia in which the Muslims are a majority, while the 1995 Split Agreement consolidated the military alliance between Tudjman and Izetbegovi} and was given the blessings by the United States Ambassador in Zagreb: Peter Galbraith. Both of them have been sent teams of U.S. military planners and experts and they have been rendered military and financial assistance. The United States has unilaterally discontinued the control of the arms embargo against Muslims and Croats in violation of the Security Council arms embargo resolution in whose adoption it participated. It is only too obvious that the Vatican plans to continue the Serbian genocide throughout Yugoslavia only now the genocide will be financed by the United States with military assistance, while we can trust the national and international media to continue its lies about Orthodox Serbs murdering Muslims. The Vatican has established its own international court in Rome to try anyone it so chooses with total disregard to the sovereignty and/or autonomy of the country under who's authority the person had acted.

The theme here is unification, the same kind of unification that, Roman Catholic Ngo Dinh Diem so ruthlessly administered in South Vietnam, under the protection of the C.I.A. (and US Army "advisors") using civilian internment camps probably similar to those built by Trudeau (Jesuit) of Canada, see "Civilian Internment Camps", Toronto Sun, 4 March 1982. And with the sole theme of the popes 5 May 95 encyclical: "That They May Be One", being "unification"; Thru Netscape-Altavista: word-search I.G.Farben, click on "The Rockefellers mass murder and the U.N."), leaves no doubt whatsoever, in my mind, what the Vatican, in coordination with the Illuminati, has in store for this country. With the literacy rate in the U.S. being below 50% in 1986 and getting lower every year (Virginia Department of Motor Vehicles), [20% in Ireland (Ireland has no comprehensive public school system)] knowing you can't control an educated populace, and 88%+ in Vietnam (Grolliers Encyclopedia): Who are we trying to kid? Remember Joan of Arc: who signed her name to the document, unknowingly, authorizing her execution (burned at the stake) at age sixteen. Being a product of a catholic perochial school: she was illiterate.

"Sex": There is enough real evidence (past and present) of the Roman Catholic Churches "practice" of child sex abuse that it is without precedence: <http://www.thelinkup.org> : this is worldwide. Sodom and Gomorra could have taken lessons from the Catholic Church. I seriously doubt there is enough paper to record all of the victims (over 400 priests in North America from 1984-1992 and that's just the ones that were reported). Ask any insurance company that sells liability coverage to Catholic Church's and/or orphanages (if you can find one) why they charge the high premium rates. Ask any fourteen year old Catholic girl of the explicit questions about every form of sex imaginable the (so called) celibate priest puts to her ear (by cannon law) every time she enters the confessional, then watch the _expression on her face when she says she is not allowed to say under pain of excommunication: How convenient! Ask a Catholic priest what a "Blessed Creature" is, then watch the _expression on his face. Read: "Why Priests should Wed" by: Justin D. Fulton, 1888 (not on a full stomach) and, March 2001 issue of Newsweek magazine: You should have no difficulty seeing the correlation between the rate of illegitimacy and crime with the Catholic population in any given area. Typical examples of this priestly practice are: priest James Porter, who molested hundreds of boys and girls in who knows how many diocese: for which the Catholic Church did nothing but move him to another diocese (standard church policy) until even the Catholic Church patronizing news media had enough. No formal charges were made until the media made his practices public, for which

the presiding cardinal over the diocese blasted the journalist's from his pulpit. This same cardinal was later promoted; Priest O'Connell of New Hampshire: "ditto"; Priest Brendan Smyth, who's case brought down the Irish government: "ditto" (the Catholic Church now files lawsuits against those exposing the church's child sex abuse, regardless of the accuracy of the charges). Pedophiling priest: Marcial Maciel Degollado, founder of Legionaries of Christ, molested his students in Spain and Italy with full approval from Pope Pius XII; Catholic orphanages are run by pedophiling priests, these sadistic practices being protected by local and provincial governments: Mt. Cashel orphanage in Newfoundland, where 20 priests molested young boys for over 15 years (for which a book was written and a movie made) is typical; See the docudrama: "Where The Spirit Lives" to see the sexual abuse of Indian Children, by Catholic priests and nuns, after being kidnapped from their parents, the Canadian Government has subscribed to for over a hundred years:

<http://www.vheadline.com/readnews.asp?id=14522-59k>; see the docudrama "Rabbit Proof Fence" for accounts of the same abuse's in Australia; Boys Town (incorporated) of Omaha Nebraska sells children into child prostitution and

demonic occult ritual sacrifice: the key operative being Larry King (who sang the National Anthem at the 1984 & 88 Republican National Convention's) of Omaha. King's practice of Reagan, Bush, Contra drug money laundering (used in Nicaragua & Haiti) thru Franklin Community Federal Credit Union (banking system made possible by Nebraska

Senator Bob Kerry) and selling children and drugs at his political parties (George Bush was a regular customer) held in his apartment in Omaha, his Southfork Ranch outside Dallas Texas and his \$5000 a month rented house on

California Ave. off "Embassy Row" in Washington D.C. (where he secretly videotaped politicians sexual acts with young boys he brought in from Boys Town Catholic orphanage, to be blackmailed later) are well documented in: "The

Franklin Cover-Up: Child Abuse, Satanism and Murder in Nebraska", author: Senator John DeCamp.

Monsignor Robert Hupp, head of Boys Town, verified every detail of the authors investigation of the Franklin Cover-up and told of the priest who kidnapped a boy in Elkhorn, Nebraska, raped and murdered him and was immediately transferred to another diocese (probably out of the country) by the head of the Omaha diocese and provided guidance on where to look to develop further proof of the children's stories of abuse by this nations wealthy and powerful (who have been adopting children in Paraguay, bringing them back to the US before sacrificing them to Satan, <http://www.radioliberty.com/stones.htm>. This is acknowledged by the Paraguayan government). Monsignor Hupp was later, unceremoniously, retired from his position as head of Boys Town. The pedophiling group: North American Man-Boy Love Association (who's members buy kidnapped children at auctions held at a ranch outside of Las Vegas Nevada) has been given official status by the United Nations. CIA head, William Colby, was found dead in a river after telling Senator DeCamp he was going to give him information to help his investigation. "Professing themselves to be wise, they became fools, and changed the glory of the uncorruptible God into an image made like to corruptible man, and to birds, and four-footed beasts, and creeping things. Wherefore God also gave them up to uncleanness through the lusts of their own hearts, to dishonour their own bodies between themselves: who changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed for ever. Amen. For this cause God gave them up unto vile affections: for even their women did change the natural use into that which is against nature: and likewise also the men, leaving the natural use of the woman, burned in their lusts one toward another; men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet. And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not convenient; being filled with all unrighteousness, fornication, wickedness, covetousness, maliciousness; full of envy, murder, debate, deceit, malignity; whisperers, backbiters, haters of God, spiteful, proud, boasters, inventors of evil things, disobedient to parents, without understanding, covenantbreakers, without natural affection, implacable, unmerciful: who knowing the judgment of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them." Romans, 2: 22-32.

Another demonic practice, of the Catholic church, is convents. Held within these walls are thousands of young women enticed, while still children, with the belief of living a life of Holiness and purity in service for Christ, for those lost souls (anyone not Catholic). What these little girls never learn (until it is too late) is that they are there for the sole purpose of satisfying the sexual appetites of priest's (drunk most of the time). These girls are fed a cup of black coffee and a slice of bread in the morning and a bowl of soup in the evening (no lunch) 365 days a year. And doing laborious work all day long. It's certainly no wonder why Catholics, who give

their daughters over to this sadistic vermin, never see their little girls again (one can only imagine their emaciated bodies). In the cellar of every convent is a lime pit, where the bodies are thrown. Sometimes their thrown in alive, with their hands and feet bound: if the priest, or mother superior, deems their offense bad enough. For lesser offenses they can be subjected to a dungeon cell chained to a wall, where their bodies decompose hanging from the wall. These are by no means the only forms of torture (they can be strung out on racks for days, hung by their thumbs for days etc.) If you find this too offensive to believe, simply ask the Mexican government why there are no more convents in Mexico. William Casey [Cardinal Spellman protege, sovereign Knight of Malta, George Bush's campaign manager and "authorized" Clintons bid for the White House (being fully aware of Clintons background of a bank robbing sister, drug trafficking brother and murdering mother; his receipt of a bucket of cocaine a month for Reagan's Iran/Contra-weapons/cocaine smuggling/money laundering(\$100 million a month) operation out of the Mena Arkansas airfield (Iran/Contra was the brain child of William Casey and Oliver North)] was named in a class action law suit in Southern California (case no.99-02603) along with Robert Gates, John Deutch, George Tenet, estate of William French Smith, Edwin Meese, Richard Thornburgh, Janet Reno and others; CIA and US Department of Justice] responsible for the 1980's crack cocaine epidemic and resulting social and economic devastation of inner city communities.

The Jesuits have orchestrated the deaths of presidents, heads of state and dignitaries of countries all over the world i.e. C.I.A. [French king: Henry IV issued: "Edict of Nantes", giving freedom of religion for all French citizens, for which he was assassinated (14May1610), by Jesuit: Ravailac; by the "leaden bullet": Presidents: James A. Garfield (2 July 1881), William McKinley (6 Sept 1901), Abraham Lincoln(14 April 1865), John F. Kennedy (22 Nov 1993); "by the poison cup": presidents: William Henry Harrison (4 April 1841), Zachary Taylor (5 July 1850); attempted assassination of James Buchanan by poisoning the tea at the National Hotel, Washington D.C., (Feb 1857) where 50 were affected and 38 died, Andrew Jackson: shot for refusing loans from international banks; Franklin D. Roosevelt: injected with strychnine [(for refusing to acknowledge the newly created catholic state of Croatia) the medical examiners report, of Roosevelt's body, disappeared from the safe in the Bethesda Naval Medical Center (only three doctors had key) the day after the examination] as was WWII General: George Patton. Jesuitism was born in Spain, 1534 (for the express purpose of exterminating the reformation); reared in France; developed in Papal Rome; sanctioned by Pope Paul III, 1540. Expelled from: England,1581; France,1594; Portugal,1598; England again, 1604; France again,1606; Russia,1717; Portugal again,1759; France again, 1762-3; Spain, Genoa, Venice and Sicily,1767; Naples, Malta and Parma,1768. All, except England and Russia, being strictly RomanCatholic states. The order was suppressed 21 July 1773 by Pope Clement IV (for which he was promptly poisoned); continued to exist under other names i.e. "Brothers of the Faith"; re-established by Pope Pius VII, 1814 (to carry out the dictates of the "Secret Treaty of Verona"): In the words of Abraham Lincoln: "If the Protestants of the North and the South could learn what the priests, nuns, and monks, who daily land on our shores, under the pretext of preaching their religion, were doing in our schools and hospitals, as emissaries of the Pope and the other despots of Europe, to undermine our institutions and alienate the hearts of our people from our Constitution and our laws, and prepare a reign of anarchy here, as they have done in Ireland, Mexico, Spain, and wherever there are people that wish to be free, they would unite in taking power out of their hands". "The Jesuits never forsake." (Washington in the lap of Rome, Justin D. Fulton; Fifty Years in the Church of Rome, by: Charles Chiniquy LCCN: BX1770.F9).

Phyllis Schlafly, Reed Irvine, Dusty Rhodes (of National Review), Brent Bozell, Edwin Fulner, Robert Godwin, Richard Viguerie, Sommers White, Foster Friess, Oliver North, Coors family, Roland Hinz, Rush Lembaugh, Tim La Haye, Pat Robertson, Jack Kemp, George Will, Jean Kirkpatrick, William Bennet (Jesuit), Robert Kriehle, Burton Yale Pines, Gary Hofmeister, Clarence Thomas, Ed Meese and Charles Colson are pseudo conservatives who's puppet strings are pulled by Jesuits, Skull & Bones, Council on Foreign Relations or directly from the Illuminati.

"I am not happy about the rebirth of the Jesuits. Swarms of them will present themselves under more disguises ever taken by even a chief of the Bohemians, as printers, writers, publishers, school teachers, etc. If ever an association of people deserved eternal damnation, on this earth and in hell, it is this society of Loyola." (John Adams, 1816).

"I will shew unto thee the judgment of the great whore that sitteth upon many waters. With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication. So he carried me away in the spirit into the wilderness: and I saw a woman sit upon a scarlet colored beast, full of names of blasphemy, having seven heads and ten horns. And the woman was arrayed in purple and scarlet color, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication: And upon her forehead a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH. And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus. And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth. And he sayeth unto me, the waters which thou sawest, where the whore sitteth, are peoples, and multitudes, and nations, and tongues. And the woman which thou sawest is that great city, which reigneth over the kings of the earth. And he cried mightily with a strong voice, saying, Babylon the great is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird. For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies. And the kings of the earth, who have committed fornication and have lived deliciously with her, shall bewail her and lament for her, when they shall see the smoke of her burning, standing afar off for the fear of her torment, saying, alas, alas, that great city of Babylon, that mighty city! For in one hour is thy judgment come. And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise and more: The merchandise of gold and silver and precious stones, and of pearls, and fine linen, and purple, and silk, and scarlet, and all thine wood, and of brass, and iron, and marble, and cinnamon, and odours, and ointments, and frankincense, and wine, and oil, and fine flour, and wheat, and beasts, and sheep, and horses, and chariots, and slaves, and souls of man." (Rev. 17:1b-6a, 9, 15, 18 & chapter 18:2-3, 9-13)

This hardly scratch's the surface of info on the Jesuits and Popery as a whole. If you refuse to see and believe the pattern that is set forth here, you wouldn't believe the rest either.

"If they hear not Moses and the prophets, neither will they be persuaded, though one rose from the dead" (Luke16:31).

Wanta Dealing With Austria Now For Release of Trillions. What Happened to the American People?

Wanta principals say Vatican not involved in behind the scenes control of Wanta trillions. But other researchers disagree, saying the whole story now smells with Vatican/NWO deceit, as Wanta may have good intentions but being used as a patsy.

3 Oct 2006

By Greg Szymanski

According to Michael C. Cottrell, treasurer of the company formed by Ambassador Leo Wanta to distribute \$4.5 trillion in repatriated off shore money, the Vatican is not involved in the behind the scenes shenanigans of blocking the release of the money.

But Eric Jon Phelps, author of Vatican Assassins, strongly disagrees. Phelps claims after researching the story and watching the story mature, every "sign and signal" in the story leads him to believe the Vatican is working hard behind the scenes to control Wanta and working "overtime, in fact, never to release one penny for the betterment of the American economy."

And Phelps accusations need to be taken seriously because ever since the Arctic Beacon started questioning Vatican involvement in the Wanta story, the publication's editor has been the subject of threats, harassment and CIA surveillance.

"Why would Wanta ever allow the money to be put into a Bank of America account or a Citibank account since the BOA is controlled by the Jesuits and Citibank is under Knights of Malta control,," said Phelps regarding the transfer of the \$4.5 trillion in June. "Why did he ever allow the money to be transferred into the hands of a third party when he supposedly has control of the money as legal trustor."

In fact, the Arctic Beacon recently asked the same question publicly, as legally Wanta was declared trustor of more than \$27.5 trillion with supposed signatory power over the money spread in hundreds of foreign banks. Further, if Wanta is legal trustor, asked many readers, why does he have to enter into an agreement with the U. S government in the first place?

But instead of Wanta putting the money in his account after reaching a deal to repatriate \$4.5 trillion, the money was transferred into a third party BOA and Citibank account, where then, according to Wanta and Cottrell, the Bush administration has illegally blocked the transfer, using the money in a nefarious manner to reap monetary benefits while usurping Wanta and the American people's legal right to the money.

"You have to question the Vatican involvement here," added Phelps. "They want to bring this country to its knees and never would they allow this much money back into the economy since we know they have control of our banking system through the CFR and control over the Federal Reserve."

Besides the Vatican being questioned as the real behind the scenes controllers of this story, Wanta has been at odds with the powers that be ever since he was declared legal trustor of more than \$27.5 trillion accumulated as

a result of his financial efforts on behalf of President Ronald Reagan to destabilize the Russian currency at the end of the Cold War.

Furthermore, Wanta was jailed for the better part of a decade for trying to return trillions to the American people, as Reagan had dictated, but later was backstabbed by the following three presidential administrations who instead wanted to illegally pocket the money for their own personal use, according to Wanta.

Previously, Wanta came forward with these allegations, presenting documentation of more \$745 billion in misdirected and stolen money, attributing the thievery to those occupying the White House after Reagan left office.

Upon his release about a year and a half ago from a Wisconsin state prison, Wanta set out on a financial quest to repatriate the money according to Reagan's directives, in May entering into a negotiated settlement with the powers that be to return \$4.5 trillion for the benefit of the U.S. economy.

Phelps added that it's hard to tell what Wanta's real role is in the story, but said either he is being used as a patsy or that the Vatican is in firm control of the entire series of events with the ultimate goal to "agitate the people and destabilize the economy" by creating a smokescreen while the powers that be continue stealing trillions of off shore money.

Although Phelps would like to believe Wanta's version of events, he added the "whole scenario" looks like a "Jesuit operation" to create confusion while further debasing the American government and bringing down the economy.

"You have to remember that the Jesuits and the Vatican control the New World Order and their goal is to destroy freedom and the American economy," added Phelps. "They will never allow anything good to happen and will release trillions into the economy."

On a recent radio show on a Christian station, Phelps said the reason the Arctic Beacon editor became the target of a stepped-up harassment campaign was because he began questioning Vatican and Jesuit control of the story. Szymanski also appeared on the show in order to leave a public record of the strange series of events, leading him to go public for protection and/or protection of Wanta, who has gone into hiding.

Until recently, Wanta has always "gone public" with his accusations and financial details about the repatriation settlement, but of late has been hiding away and staying out of the public eye, citing security reasons.

And it wasn't until last week, after the Vatican involvement was questioned and a strange sequence of events occurred involving the whole Wanta story, that finally prompted the *Arctic Beacon* editor to "go public" in an effort to protect his future, the future of his family and/or the safety of Ambassador Wanta.

As detailed in a recent article, Here is an update and the sequence of strange events that occurred:

According to principals close to the story, Wanta is keeping out of sight and a very low profile, fearing for his safety as the release of the money may only be days away.

According to Cottrell if the money isn't released in the next few days, he is prepared to go public again on Greg Szymanski's radio show, The Investigative Journal on the Genesis Communications Radio Network at www.gcnlive.com.

The following strange sequence of events, occurring after the Jesuit Order and Vatican's motives were questioned related to the Wanta story, took place in the following manner, leading the Arctic Beacon editor to go public in order to protect himself as well as protecting the safety of Ambassador.

The editor also told his story Saturday on a Christian radio network in order that the harassment and threats be immediately chronicled publicly, as and added measure of safety and protection for the parties involved. Here is the sequence of events as they occurred:

---After an article appeared in the Arctic Beacon critical of the Vatican and Jesuits, a call was placed to the landline phone number of the editor on Sept. 21, asking for an unknown individual. The call was obviously placed from an Intelligence Agency since the number was non-existent and was traced to be 489-489-4894.

--- After the editor conducted an interview with former Catholic Bishop of Guatemala, Gerard Bouffard, on Sept. 22, highly critical with eye-witness testimony implicating the Jesuit Order and Vatican as the spiritual controllers of the New World Order, a threatening email was received on Sept 23 essentially telling the editor to leave the country quickly or blood may be shed.

--- After several stories appeared in the Arctic Beacon questioning the Jesuit manipulation of the Wanta story and asking questions why Wanta was not communicating with an "old friend" who essentially verified his story, Wanta left a message on the editor's answering machine asking for a minor change, saying to call Cottrell since he was traveling. The funny thing about the call was that it was placed from a calling card number in a town very near the vicinity of the editor's residence.

--- On Sept. 28, the editor also received a message on his answering machine, saying the story had "created quite a stir" also indicating a minor word correction needed to be made on the story. Later in phone conversations, Cottrell indicated Wanta had called from nearby the editor's location, but was staying out of the public eye since he feared for his life. Cottrell added from what he knew and heard Wanta's life was in danger and the editor was being put under surveillance and harassed, as a scare tactic to quiet down the story and perhaps give a clue to Wanta's location.

--- On Sept. 30 the editor received an email from France or Brussels, where Wanta has people handling his financial affairs, saying Wanta was going to meet with his "old friend", an international financier, as well as meet with the editor, saying "Amb Wanta will be seeing you soonest as well Further, he had never stated he did not want to speak w/you, but he is not in WI presentlyfor security reasons."

--- In the late morning on Sept. 30, the editor received another call from Intelligence, this time from a man with a Middle Eastern accent asking if Ratti was home. The number again was traced as non-existent and was the same 489-489-4894 number used on Sept. 21.

Commenting on the story further, Phelps said it looks like the powers that be want to create further world wide financial confusion by spreading the Wanta story. He added that if the money was released, he might think differently, but it appears the purpose is to spread endless confusion and further deflate the American economy.

Phelps' point is well-taken as many readers have commented that the story appears to be spiraling "out of control with no end in sight." Furthermore, with each passing day the story gets stranger and stranger, creating world wide financial confusion while never ever getting close to really helping the American people.

"That's the Jesuit strategy," added Phelps. "This story looks like a perfect Jesuit tactic to agitate the people while reaching their goal of debasing the U.S. government around the world and destroying the economy. There is a very good chance they have been using this publication as a patsy, but once you called them on it, they realized you were on to them and that is when the harassment began. The Arctic Beacon has always stood for the truth and I applaud your efforts at having the courage to tell this story and try to get to the bottom of it while, at the same time, exposing that trillions of dollars have been stolen from the American people."

To illustrate the continued confusion being fueled here and abroad, Christopher Story, editor of the International Currency Review, one of the few journalists writing about Wanta, printed a story today, leaving the Arctic Beacon's tongue hanging out and wondering:

"Who's who and what is really happening behind the scenes of the "\$27.5 trillion dollar man story?"

The story is reprinted in order for readers to make sense out of it, as frankly we can't, and provide comments to the Arctic Beacon, as this publication thinks the Wanta story is spiraling out of control with no clear end in

sight and no clear benefit to the American economy. The only benefit, however, is that the truth will one day be told and at least we understand how many trillions have been stolen from the American people.

By Christopher Story FRSA, Editor and Publisher, International Currency Review,
London, 3 October 2006

Ambassador Leo Emil Wanta, who is legally a resident of the Republic of Austria, has offered the new Austrian Government the opportunity to charge its standard 50% corporate tax on the entire portfolio of assets, worth originally \$27.5 trillion, and now valued, with ongoing accruals, at in excess of \$70 trillion.

He is legally the Principal of these funds.

This is because the White House and the U.S. Treasury have refused to honour Ambassador Leo Wanta's compromise \$4.5 trillion settlement, which has been the subject of successive postings since June 2006 on this authorised website.

It is now October, and this farce has gone on for long enough.

In addition, the full value of the 2,000 tonnes of gold bullion acquired by Leo Wanta, during his Financial Warfare operations against the Soviet Union, in accordance with the direct instructions he received from President Reagan, will be chargeable to Inland Revenue tax in Austria.

He is also the Principal and owner of this gold.

VIENNA RECEIVES AMBASSADOR WANTA'S OFFER WITH UNDERSTANDABLE ENTHUSIASM

The incoming Austrian Government led by Chancellor Wolfgang Schuessel, and the Austrian Chancellor-designate, Alfred Gusenbauer, and their advisers, have received this offer with understandable enthusiasm, and are already working on arrangements for the payments, which will convert Austria into the richest nation country in Europe, and indeed the world.

Leo Wanta held back making this offer pending the \$4.5 trillion Settlement with the US authorities, on which the US Treasury has repeatedly defaulted since June 2006.

Instead, the White House, Treasury and Federal Reserve have hijacked the funds as collateral for exotic off-balance sheet financial transactions in order to sustain the fiat \$ money carousel from which officials have been enriching themselves in a grotesque abuse of power which may lead to the Second American Revolution.

WANTA ORIGINALLY ORDERED BY THE WHITE HOUSE TO RESIDE IN AUSTRIA FOR OPERATIONAL PURPOSES

Leo Wanta was ordered by the White House to go and live in Austria, from where he conducted extensive international intelligence operations in the 1980s and early 1990s on behalf of the US Government. With effect from June 1988, he obtained authorisation from the Austrian Court – the sole means of obtaining Austrian residency – to reside in Austria, where his business and personal accruals are taxable.

On 7th July 1993, he was kidnapped in Switzerland, while on US Government business and serving as Somali Ambassador (agreed with the White House) to Switzerland and Canada. He was thrown into a stinking, polluted Swiss jail, where Swiss intelligence tried to murder him by feeding him tainted cheese, and was illegally extradited in shackles after 134 days, to New York.

A United States Federal Court in Brooklyn threw out the US Government's case, but Leo was then illegally rearrested on the US Courthouse steps without a warrant, and was illegally extradited to Wisconsin, on trumped-up civil tax charges – where he languished both in jail and under house arrest, for 12 years. The purpose of this cynical, heartless operation was to remove him from the scene so that the funds of which he is

Principal could be diverted, stolen and cynically misappropriated.

INTERNATIONAL CURRENCY REVIEW TO PUBLISH DOCUMENTS EXPOSING THE SCANDA

Full exposure of this travesty, including the text of a letter containing a nexus of demonstrable lies from the FBI to the Wisconsin Assistant Attorney General, Douglas Haag, which was then forwarded by Mr Haag to the Wisconsin County Judge, Michael B. Torphy – thereby perverting the course of justice – will be exposed, along with an unprecedented presentation of related intelligence and documentation about this scandal, in the forthcoming issue of International Currency Review (1).

The FBI's lies conflicted absurdly with the parallel lies perpetrated by the CIA, which maintained to the international financial community and to its own deceived cadres, that Ambassador Wanta was dead. (A dead man cannot (yet) be tried in US Federal Courts, although he can evidently be tried in State Courts. This fiasco shows that the culture of lying, which permeates the US Government, is so crudely applied that the FBI and the CIA cannot even co-ordinate their lies to ensure they match).

Underlying these scandals was the determination of rival US criminal intelligence gangs to grab control of the \$27.5 trillion that Leo Emil Wanta had assembled on President Ronald Reagan's instructions. The funds were regarded as 'fair game', and so a repulsive free-for-all ensued.

ALSO: THE CLINTONS STOLE AMBASSADOR LEO WANTA'S UNITED NATIONS CONTRACT # 4, WORTH \$5.0 TRILLION

Following his successful 'takedown' of the Soviet Union by means of Presidentially authorised Financial and Economic Warfare operations, Leo Wanta was awarded control of United Nations Contract Number 4, worth \$5.0 trillion. This was stolen from him, after he had been 'taken down', by the CIA's operative, President William Jefferson Clinton, and his CIA wife, Hillary Clinton.

OVER 200 PAGES OF WANTA BANKING TRANSACTION DOCUMENTS AND COORDINATES TO BE PUBLISHED

The forthcoming special issue of International Currency Review will display over 200 pages of Leo Wanta's banking and related documents illustrating and identifying banks, account coordinates and other relevant information – including details of bank accounts which have been illegally brought under the control of others, and accounts opened in the personal name or names of American intelligence-related criminal operatives, with the funds placed corruptly in their own personal names. Publication of these documents will throw the international spotlight onto the biggest nexus of banking-intelligence scandals in world history.

SCARED CIA 'LAWYERS' AND INTELLIGENCE OPERATIVES, SEEING WHAT'S COMING DOWN, HAVE PACKED UP AND EMIGRATED

Certain financially compromised US intelligence operatives known to have stuck their corrupt fingers into this banking pie, have recently disappeared – with some, it is now believed, having suddenly taken up residence in the Republic of Ireland, which has no extradition treaty with the United States because of Washington's hypocritical attitude towards Irish terrorists, who are for some reason considered acceptable. (The British have lost over 5,000 people murdered by these terrorists over the years, while more than 25,000 people have been injured).

U.S. OFFICIALS HAVE CYNICALLY WASTED FIVE PRECIOUS MONTHS PLAYING SELF-ENRICHMENT GAMES

The U.S. authorities have wasted five months playing illegal self-enrichment games with the \$4.5 trillion belonging to Ambassador Wanta, which will now be payable in accordance with Ambassador Wanta's instructions into accounts under his control, that will be taxable by the Austrian authorities.

TWO GIANT WALL STREET FIRMS (NAMED BELOW) MUST DISGORGE THE \$4.5 TRILLION – PLUS THE INTEREST DUE

It will be necessary for the two Wall Street financial institutions which have been trading the \$4.5 trillion illegally, to disgorge the full \$4.5 trillion plus all the interest applicable since the beginning of July, for Ambassador Leo Wanta's taxable corporate accounts in Austria and as designated.

The identity of the two large US institutions that have been trading the \$4.5 trillion – in lieu of the funds being credited to Leo Wanta's Virginia-based AmeriTrust Groupe, Inc, as instructed by its Treasurer, Michael C. Cottrell, M.S., in unacknowledged correspondence to the US Treasury – was revealed in a terse communication from Ambassador Wanta to President George W. Bush Jr. on Friday 29th September 2006.

This referred to the fact that economic receipt of the long since formally agreed financial Settlement worth \$4.5 trillion, was 'still unlawfully delayed within Goldman Sachs/Citibank, as clearly acknowledged within our US Department of the Treasury et al'.

DETAILS OF THE ORIGINAL TRANSACTION – FOR THE RECORD

As a consequence of its blatant banditry with Ambassador Leo Wanta's funds [see earlier postings on this website for details], the US Treasury, Federal Reserve and the White House have forfeited the residual respect of the entire international financial community. And the US Treasury has 'lost' \$11 trillion to date by way of tax windfall payments from Wanta's operations, since midsummer 2006.

But such behaviour by the US authorities is nothing new, as will now be explained.

The original (late 1980s) refunding requests, met by a consortium of 200+ international banks, consisted of two tranches, as follows:

** \$12 trillion of 'Fresh Cut' promissory bank Notes earning 7.5% interest annually, for 20 years and one day, with Swiss Bank Corporation and Deutsche Bank being the issuing bank for the funders [Transaction code: DKG0 83188 and JOS-TT-0001].

** \$15 trillion of 'Fresh Cut' Promissory Bank Notes earning 7.5% interest annually, for 20 years and one day, with Banque Romande as the lead Funding Bank [Transaction Code: G.O.C.H. 11 0888].

The Collateral Code for both tranches was EFG JACOBE/ICC400/322/C3416, with Barclays Bank Plc (London) and ABN-AMRO Bank (Amsterdam) being the lead banks handling the collateral.

The purposes of this transaction, which was the largest ever arranged, included buttressing the fragile dollar-based banking system; filling in gaping holes following the criminal ransacking of the US Savings and Loan institutions by criminalised US intelligence cadres; and providing US officials with the financial resources to 'manage' the intended 'post-Cold War' environment. As President Ronald Reagan's most trusted intelligence aide, Leo Emil Wanta was given the responsibility, as Principal, for controlling and managing these funds in accordance with his Presidential instructions.

Promissory Bank Notes (PBNs) are one form of bank instrument that are used by nation states and international institutions for debt-financing purposes. They are also used as the basis for arbitrage transactions, which are illegal in the United States, but not elsewhere. In the original transaction, for an overall face value of \$27.5 trillion, the PBNs were purchased by a consortium of foreign banks, mainly in the Far East and Europe.

The funders agreed to purchase the PBNs at 71.5% of their face value, to be repaid at par in 20 years and one day, plus an annual interest rate of 7.5%. The PBNs were sold by the consortium of 200+ banks at a cost of 61.5% – the 10% difference being made up of bank fees, suppliers' (collateral) fees, funding agents' fees and various commission fees, together with monies targeted for various countries to finance agreed projects.

1991 REPORT CITED SIMILAR FRAUD COMMITTED BY U.S. BANKS, ON U.S. GOVERNMENT INSTRUCTIONS

As noted, the loan transaction was the largest ever put together. By 22nd February 1991, some two-thirds of the overall transaction had been completed. A report of that date on the transaction leaked, to International Currency Review and published in 2003 and 2005(2), contained this statement:

'The remaining monies for disbursement have been held by the US banks, for reasons which can only be described as fraudulent, under the direct instruction of the US Government, for over a year and a half.

In addition, there has been a conspiracy of misinformation, orchestrated at the highest levels of the US Government, regarding the exact whereabouts of these monies, and the timing of the payout. These

monies should have been paid out in June 1989, or shortly thereafter' (3).

A REPLAY OF THE 1989-91 MONEY-MAKING SCAMS – BUT WITH THE SPOTLIGHT SHINING IN THEIR GREEDY FACES

Sounds familiar? A replay of such behaviour has taken place since June 2006, when the formal Wanta Settlement, signed off by the US Supreme Court, the President, the US Treasury Secretary, the Chairman of the Federal Reserve, and senior legislators last December, should have been initiated – prior to taxable business transactions beginning in July 2006 which would have netted the US Treasury some \$11 trillion by now, plus massive windfall tax revenues payable to the cash-strapped states of Virginia and Pennsylvania, as described in our earlier reports.

But instead of honouring their obligations, the seemingly mentally deficient operatives in the White House, the US Treasury and Federal Reserve, and their intermediary associates in the banking and intelligence communities, preferred, predictably, to revert to their usual untaxed off-balance sheet self-enrichment ploys, as in 1989-91 – using the \$4.5 trillion brought across the foreign exchanges from April to June 2006, as 'collateral'.

GRAVE CONSEQUENCES OF THIS OFFICIAL CRIMINALITY ARE NOW ANTICIPATED

This time round, however, the spotlight has been shining in their faces – a fact which does not seem to have deterred those concerned, from their reckless determination to indulge in a frenzied orgy of self-enrichment – without regard for the consequences.

These, however, are now likely to be so severe that the whole world may be rocked to its foundations – unless there is a sudden, belated change of attitude at the highest levels in the US official structures.

It goes without saying that the reputation of the US Treasury, the Federal Reserve and of certain US institutions is suffering, as the international financial community contemplates the prospective fall-out from this latest demonstration of American official arrogance.

And quite apart from what is now very liable to happen in the United States itself at any time, consequent upon the reprobate failure of the US authorities to fulfil their obligations – and to prefer de facto default in order to buy more time for self-enrichment – the banks also face an unprecedented crisis.

Let us consider specifically what this implies.

WHAT 'CALLING THE WANTA MONEY' ACTUALLY MEANS IN PRACTICE: AN EXAMPLE

At a certain bank in Central London, there is a lock box belonging to corporations owned by Ambassador Wanta, and it is open to the Ambassador to walk into this institution at any time, having made an appointment for the purpose, to request to open the lock box in the presence of the Bank Custodian, and to dispose of the real assets contained therein, as he sees fit. The bank must of course implement his instructions. If these assets have been used illegally as collateral for hypothecation purposes, so that their withdrawal from this bank might cause not just the bank in question, but other banks with which it has been merged, to collapse, that is not the Ambassador's problem any longer. Mr Wanta has been leaning over backwards for months to 'provide space' for the American authorities to fulfil their Settlement obligations – so that the banks which have stolen and diverted funds for collateral and hypothecation purposes, could be let off the hook.

But the US Treasury and the White House seem to prefer the prospect of a global financial calamity, to the simple task of ordering the \$4.5 trillion to be transferred to the relevant securities accounts of AmeriTrust Groupe, Inc [see ID and taxation coordinates below].

BANKS HAVE BEEN USING AMBASSADOR WANTA'S FUNDS FOR THEIR OWN BOOKS, AS A MUTUAL SURVIVAL 'FLOAT'

The banks holding Leo Wanta's real assets, while he was so conveniently taken 'out of the way' on trumped-up charges for 12+ years (as it turned out), so that the funds could be diverted and stolen, have been using them for their own books – institutionalising the system of interbank pledges and ledger entries (ledger to ledger).

In other words, the banks are supporting each other, using inter alia the vast float of funds generated from Leo Wanta's real assets, to keep themselves solvent.

Naturally, the institutions concerned are individually and collectively anxious (an understatement) for the Leo Wanta Settlement to be finalised – because they will thereby be 'off the hook', in the sense that the assets will not be called, so that they will not, accordingly, be required to account for their source of funds, and use of funds. That would be anathema for them, since in many cases the funds have been diverted, collateralised, and/or stolen.

U.S. TAX EVADERS MAY STILL FACE A SHOWDOWN, WHILE AMERICANS WILL GO ON PAYING MORE TAX

The US intermediaries who have been generating money and storing their profits in unreported offshore bank accounts, will still remain liable to be indicted for tax evasion, if the US Internal Revenue Service (IRS) – which has been in gross dereliction of its duty of fairness to all US taxpayers – finally gets round to investigating the convoluted financial affairs of the self-enrichment officials and others who have been cynically milking the US dollar fiat money system for their own benefit while occupying official positions.

And following the failure of the Treasury to order the \$4.5 trillion belonging to Ambassador Wanta to be credited to his Virginia corporation's securities accounts with designated US institutions, not only does the Treasury now face the prospect of losing the further trillions in tax accruals that had been intended, but the badly betrayed American people will clearly be condemned to shoulder ever-increasing taxation burdens indefinitely.

This is because the Bush II White House prefers the fiat money carousel, which generates ever-expanding 'hidden' Federal budgetary debts that have been growing exponentially for over a century – but which also enable senior officials to enrich themselves off-balance sheet without paying tax. Over the medium term, the volume of such untaxed US 'funny money' that will have been generated will destroy the dollar – which may even be the intention (for it to be replaced by a world currency).

The United States is going to regret defaulting on Leo Wanta's Settlement: and it is likely that the American people will have something decisive to say on this matter.

THE UNITED STATES' CATASTROPHIC LOSS
WILL BE THE REPUBLIC OF AUSTRIA'S GAIN

But the Republic of Austria, which provided Leo Wanta with hospitality and security in the years before the criminal cadres took complete control in the United States, will become the richest nation in Europe – and indeed, in the world.

Work started on details of the new arrangements with the Austrian authorities and Chancellor-designate Alfred Gusenbauer, on the evening of Sunday 1st October 2006, when it became clear that the US authorities were not interested in the trillions of tax accruals payable under the Wanta Settlement, on which they have reneged.

Quite rightly, the Austrians see this is an opportunity not to be missed: and they will be hastening completion of the formalities with the Ambassador over days and weeks ahead.

And Americans, facing mid-term elections shortly, will be demanding to know why the Bush II White House has let them down so badly.

Cousin of White House Chief of Staff Tells How Illegally Jailed by Bush administration

Andy Card's cousin finally released after year in jail for telling truth about no WMD's in Iraq.

3 Oct 2006

By Greg Szymanski

The frightening story of Susan Lindauer should make every American stand up and take notice about how the U.S. government --gone mad with power -- is jailing innocent citizens who speak out against the policies of the Bush administration.

Lindauer, 42, the cousin of former White House Chief of Staff, Andy Card, was released in September from a New York correctional facility after spending a year in jail, awaiting in horrendous conditions government-imposed psychiatric evaluations.

A former journalist, congressional aide and U.S. intelligence asset in the Iraqi Embassy, Lindauer tried to notify the Bush administration through her cousin that Iraq posed no WMD threat and wanted to cooperate with U. S. authorities to avert a conflict.

For her actions contrary to the Bush administration's policy of "war at any cost without justification," Lindauer was charged with a federal crime for being an Iraqi agent, a charge she has vehemently denies throughout her long and unjustified incarceration.

"After I sent the letter to my cousin, they came down on me hard," said Lindauer recently on Greg Szymanski's popular radio show, The Investigative Journal, on the Genesis Radio Network at www.gcnlive.com. "I was working for the benefit of the people, trying to get out the truth. But the Bush administration wanted no part of that and labeled me a terrorist because they intent on going to war even though there were no WMD in Iraq and, in fact, the Iraqi's wanted to cooperate with weapons inspectors in order to avert war.

"But I found out the hard way that the Bush administration already made up its mind to go to war and anybody who got in their way was going to be stepped on hard. The government charged mw with a serious crime and I was out on bond for more than 18 months, but then about a year ago, without any intention of going to trial, they mandated psychiatric evaluations based on my statements and actions opposing the war.

"First they put me in Carswell Prison, which sits on a military base outside of Fort Worth, Texas. I was there for seven or eight months until being transferred to the MCC New York Metropolitan Correctional Facility. It was such a horrendous experience and I never thought anyone could be treated this way in America."

Lindauer was released last month after Federal Judge D.J. Mukasey of the U.S. District Court, S.D. New York, ruled against the government's motion to keep Lindauer locked away under forced medication, saying "there is simply not enough here to warrant a finding by clear and convincing evidence that Lindauer is substantially

likely to be rendered competent by forced medication and substantially unlikely to suffer effects that will impinge upon a fair trial.

Lindauer still faces espionage charges but after more than year of forced incarceration and unnecessary psychiatric evaluations and forced drugging, she finally walked away a free woman.

However, she still fears repercussions after going public with her story on Szymanski's radio show, saying "that is a sad reality that I must face but I am not going to keep quiet."

Lindauer appeared twice for a total of three hours on the radio shows and the archives of the two shows can be found at www.arcticbeacon.com

Lindauer also provided a written statement of her incredible ordeal, saying she is planning to write a book about her story. Here is her statement sent to friends and colleagues after her release. It should be noted her story has been completely ignored by the corrupt U.S. media, which should be immediately dismantled and labeled nothing more than a propaganda arm of the government.

I was accused of acting as an Iraqi Agent for the purposes of lobbying against the War, (not spying). I am a Democrat. My cousin, Andy Card, is the former Chief of Staff to President Bush. A year ago, the Court ordered me to surrender to Carswell Prison, which sits on a military base outside of Fort Worth, Texas-- one of the most god-awful places I've ever imagined in my life. Truly sadistic staff. Very ugly people.

There I was declared incompetent to stand trial. Please note that I was denied the most basic right to a Competency Hearing, where I could have called long-time friends and associates to testify in my defense.

Since they had no behavioral evidence, or witness testimony from friends and family to support their request for forcible drugging, they told the court that I am "secretly delusional." Nobody knows about it, they said-- not even the court-ordered psychologist in Maryland, whom I was required to see for 18 months after my arrest. (He had no idea).

They pointed to fiction writing, and old religious writings that I had used in my approach to Libya, when we were trying to start negotiations for the Lockerbie Trial in the mid-1990s. Much of that was more than 10 years old. Moreover, they had plucked paragraphs, and spliced my writing all to hell, so that it does not even read like the originals.

That's forensic psychiatry for you, folks! it's a scary business, apparently lacking much in the way of integrity. As "Dr." Vas told me at Carswell. "I'm going to tell the Judge you made it all up. And who do you think he's going to believe-- you or me? I am a doctor."

Yes, truly frightening.

Thankfully, the Judge ruled against the Prosecution last week. I was released after serving 11 months in prison. But who can say if it's really over? For all I know, the Prosecutor is planning a new line of attack right now.

My dear friends--Yes, it's true. I am home after enduring what was truly a nightmare of political deceit and legal manipulations. I have spent several days trying to compose this letter in my head, but there's so much to tell you all -- some professional colleagues, others close friends. I think that all of you need to hear this message. I would be gratified if you would pass it on.

This White House leadership is much more dangerous than you think. But also our democracy is much stronger and enduring than we realize. Chief Justice Mukasey proved that our courts have the capability and wise stewardship to protect us as citizens when the government goes berserk and starts attacking pluralism. I am so profoundly grateful to his overall attack on the case against me, I just can't even tell you. It has been stupefying and totally, totally dishonest. But that's our Iraqi policy today. In many ways, the case against me reflects that chaos. I have been up against some very powerful and ruthless men,

determined to wreak confusion as to my activities before the War, and I have no delusions that I am very small.

There's been so much bullshit flying that I want to clarify certain points for all of your benefit. And I hope that you would share some of this with others who have been confused by the media coverage in the past week.

For starters, you know that I have campaigned hard against this War, in the months before the invasion and after it. I never anticipated that my anti-war letters to my cousin, former White House Chief of Staff Andy Card, would have greater impact than your own. To the contrary, all of us who have spoken against the war appreciate the magnitude of the stonewall opposition we ran up against. Everyone told the White House this war would be a disaster, including some of the Joint Chiefs of the military. They were asked to resign. The White House refused to consider objections from any source.

What made me different was that I had served as one of the very few U.S. Assets covering the Iraqi Embassy at the United Nations. I had done this for almost seven years before the War-- something I would never have been allowed to do if I was actually delusional, as the Justice Dept is suggesting now. Because of my position, I offered to give credible testimony to the Presidential Commission on Iraqi Pre-War Intelligence. On the day that President Bush appointed that Commission in Feb. 2004, I approached Senator Lott's office asking who I should contact on the brand new commission.

Knowing that I was staunchly anti-war and would not put the blame on US intelligence for pre-war failures, within 48 hours, my U.S. file had been turned over to a grand jury--- and I was indicted a month later, thanks to gaping holes in what the grand jury was allowed to know about me. If actions speak louder than words, that should tell you something about what the Administration believed I know about Iraqi Pre-War Intelligence.

Attacking me as delusional, therefore, is just a wee bit curious. But wait, you say. That's a huge jump. How does one become a U.S. Asset covering the Iraqi Embassy in the United Nations? If my case had gone to Trial, several things would have been established rapidly-- And yes, witnesses stood ready to verify this, which helps explain why the U.S. govt could never allow the case to go to trial.

First, it would have been established that I have a long history of working against terrorism-- but not from the traditional hawk perspective. I am now, and have always been, an Anti-War and Anti-Sanctions activist. Huh? you say. (a peace activist who works against violence? ok. but anti-terrorism? And I like Arab culture, I respect Islam? How can that be?)

Yes. Something happened on the way to the Forum, (to mix metaphors here) Back in 1993, as it turns out, I warned about the first attack on the World Trade Center, two days before it happened. Nothing delusional about it. I told a diplomat at the Tunisian Embassy in Washington, DC-- and that hooked me into a network of individuals on the U.S. side who are concerned with all sorts of anti-terrorism activities. (For those who are interested, it was during the investigation of the first attack on the World Trade Center-- and again during part of the Lockerbie talks-- that my house was bugged, something that at times felt excessive, and which I complained about. Something that got stirred up in the latest media reportage, without any explanation from my side.)

After an investigation cleared me of involvement in the first World Trade Center attack, I was approached by liaisons to U.S. agencies. The U.S. invited me to set up a back channel at the Iraqi and Libyan Embassies in order to support U.S. Anti-Terrorism initiatives. The U.S. was totally aware of my opposition to sanctions and war, and wanted to take advantage of the access it could give them. It was very clear that I would be well-positioned to deal with diplomats from those governments, since both were operating under sanctions.

And that's exactly what we did. For example, with regards to Libya, I started talks for the Lockerbie Trial, beginning in 1995. I established contacts at the Iraqi Embassy in 1996. We also worked to close down

Libya's sanctuary for terrorists.

All of this was heavily supervised by contacts for the United States, surveillance provided by the boys at N. S.A.. And let me emphasize that diplomats at both embassies were fully informed of the availability of those American contacts throughout those years. It involved no concealment. From day one, the purpose of the Embassy visits was to encourage those Arab governments to use that back channel for anti-terrorism intelligence so that we could all act on a preemptive basis to thwart violence.

What made it unusual, with regards to Libya especially, was that I have a strong religious foundation in my life. I discovered early on that respecting Islam would accomplish a great deal more than attacking Islam. My approach proved highly successful. Everybody in both camps was very happy. My Arab contacts loved me, and my American contacts loved that my Arab contacts loved me. That's very different than what you have been told. Everybody wants to pretend this was a short effort on my part that took my "poor cousin, Andy" totally by surprise. Or that I was weak and ineffective. Hah!

Nothing could be more wrong. At the time, I was frequently praised by my U.S. contacts as "brilliant and cutting edge" because I could persuade pro-jihadi governments, which traditionally support terrorism, to talk to me and work with us on these greater objectives. So everything that you guys have been reading in the media has been heavily twisted around, based on psycho testimony, which was totally irresponsible and inaccurate. (The psycho crowd declared that nobody could actually do this work, so if I think I did this work, I must be delusional. Yet I have witnesses, whose names and addresses I immediately provided to the Judge, who could have been called to verify everything).

Everything was above board, hands on the table and visible at all times. The U.S. scrutinized every move I made-- which I fully acknowledge was their right to do. Only on the periphery did I get angry, for example, when a particular surveillance team got bored, and started videotaping me in the shower. (Yes they did. I got an apology later on). There's a helluva lot more that they did, which I did not complain about.

Essentially, if somebody visits the Iraqis and Libyan Embassies for 7 years, it should be expected that the NSA is going to monitor those contacts closely. That's just common sense. But there's a whole lot of other bad information, too.

I never called myself "Symbol Susan." The Iraqis sometimes used a symbol with my name, and called me an "Angel." That has connotations in Islam that are very different from Christianity. Essentially, they were saying that I am a highly moral woman with a strong religious faith. I hope that's true.

I love God. I enjoy worshipping God, and I try to be guided by moral values, especially with regards to non-violence and tolerance. In this day and age, society likes to pretend that we're all so advanced that we can ridicule people like me who want to contribute to improving the world.

Go right ahead! Laugh away! Scorn is not a bad thing. It reminds us how small we are, and how wonderful it is to feel and to give, even though we are small. The singer, Jewel, got it right. "My hands are small, I know. But they're not yours, they are my own." The bottom line is that I have enjoyed a marvelous adventure in my life. My experience has been authentic. I could call witnesses to testify to my authenticity. And I have been blessed to be very happy.

Beyond that, the Prosecutor played dirty in his report to the Judge, asking for the right to forcibly drug me. For the record, Carswell testified that I suffer NO hallucinations, NO hearing voices, NO schizophrenia, NO depression, NO bipolar disorder, and NO violent outbursts.

Carswell noted that I experience HYPOMANIA at a constant rate of activity, and stress. In order to seek a justification for forcible drugging, the Prosecutor actually cited my FICTION WRITING to appeal to the Judge. The oldest piece was 17 years old, and described a fictional lover. He also tried to claim that religious experience constitutes delusional thinking. If somebody believes in God or a higher power, they've got to be somewhat crazy. Some of the writing was also part of the sophisticated communications

that I used to approach the Libyans, which uses lots of religious imagery-- I called that the "je ne sais quois" factor, because I didn't really understand how it was working, but there was no question but that it was succeeding. Indeed, afterwards, the Libyan Ambassador urged me to write a book explaining to the Americans how to do Anti-Terrorism work in such a way that embraces Islam, instead of attacking it. He actually told me that if the Americans would just do anti-terrorism my way, everything would be much better, and everyone would want to help us. Oh yes, I was very good at anti-terrorism, friends. Which makes it very interesting that our leadership has no interest in learning how those of us who actually do the work successfully have built innovative strategies. That's because anti-terrorism today is about George Bush. It's not about the society or community welfare. It's about politicians. And press conferences to make politicians look good. Those of us who do this to support a noble cause of non-violence, we're like dinosaurs to these people. We are an oddity. They don't know what to do with us. It bodes very badly for our ability to succeed in the future.

Also, my success would indicate that more liberal-minded approaches can be equally successful. You don't have to use the hawk approach to get results. Conflict resolution works just as well as threatening the Arabs. In fact, there are many ways to do this work, without antagonizing Islamic people at all. The Administration calls that delusional, but I think it's a shame that the ADministration wants to suppress those possibilities. In my humble opinion, we need to cultivate an understanding of Islam, and we need to develop a greater range of approaches now more than ever.

There will be another attack, and when it comes, everyone will wonder why the bureaucracy in Washington failed to identify it, and stop it. The hard reality is that no bureaucrat and no press conference ever stopped a terrorism attack-- that work is done by Assets, who are strictly finite in number. I was proud to be one of those.

And, ah, this government should never have treated me this way.

Arctic Beacon Editor "Goes Public" With Threats and Harassment Over Wanta Story

Editor also goes public in order to protect the safety of Wanta, who is hiding and staying out of the public eye until the \$4.5 trillion is released for the betterment of the U.S. economy. Also, when Vatican manipulation of the Wanta money was questioned, only then did the strange sequence of events and surveillance begin.

1 Oct 2006

By Greg Szymanski

The Ambassador Leo Wanta story gets stranger and stranger with each passing day, as the *Arctic Beacon* editor has been targeted with harassment and threats ever since about a week ago when he began "putting under the microscope" whether the Vatican and Jesuit Order were using Wanta and this publication as patsies.

The series of articles last week did not question Wanta's credibility but whether "something unpredictable" was going on behind the scenes -- events unknown to the principal parties involved in trying to repatriate \$4.5 trillion in off-shore money.

Wanta has been at odds with the powers that be ever since he was declared legal trustor of more than \$27.5 trillion accumulated as a result of his financial efforts on behalf of President Ronald Reagan to destabilize the Russian currency at the end of the Cold War.

Furthermore, Wanta was jailed for the better part of a decade for trying to return trillions to the American people, as Reagan had dictated, but later was backstabbed by the following three presidential administrations who instead wanted to illegally pocket the money for their own personal use, according to Wanta.

Previously, Wanta came forward with these allegations, presenting documentation of more \$745 billion in misdirected and stolen money, attributing the thievery to those occupying the White House after Reagan left office.

Upon his release about a year and a half ago from a Wisconsin state prison, Wanta set out on a financial quest to repatriate the money according to Reagan's directives, in May entering into a negotiated settlement with the powers that be to return \$4.5 trillion for the benefit of the U.S. economy.

However, the money has been blocked by the Bush administration since May and according to Wanta first being held up in a Virginia Bank of America account and now being held illegally in a New York Citibank account.

Besides the \$4.5 trillion supposedly earmarked for the American people with \$1.6 trillion to be paid in federal taxes, Wanta's shocking testimony opens the door to the devious way the last three presidential administrations have been bilking the American people out of trillions of dollars, using the "off the books offshore" money for covert purposes, including funding to the New World/Illuminati's quest to destroy America socially, economically and politically.

Other strange events surrounding the "trillion dollar deal" is that the Bush administration has reportedly put incredibly tight restrictions on the release of the money, recently saying they will release the funds only when "we are God Damn ready."

The Bush administration reportedly also wants the following conditions met before the release of the Wanta money:

They want it done quietly with no press coverage. They want to take credit for the release of the \$4.5 trillion as if they were the "good guys wearing white hats." They want only the principal parties to mention the release by the verification of \$1.6 trillion due in taxes without mentioning the use and purpose of the remainder of the money. And, of course, the administration wants no mention about how many trillions have been stolen in the past or how the trillions are to be used in the future.

Until recently, Wanta has always "gone public" with his accusations and financial details about the repatriation settlement, but of late has been hiding away and staying out of the public eye, citing security reasons.

And it wasn't until last week, after the Vatican involvement was questioned and a strange sequence of events occurred involving the whole Wanta story, that finally prompted the *Arctic Beacon* editor to "go public" in an effort to protect his future, the future of his family and/or the safety of Ambassador Wanta.

Here is an update and the sequence of strange events that occurred:

According to principals close to the story, Wanta is keeping out of sight and a very low profile, fearing for his safety as the release of the money may only be days away.

According to Michael C. Cottrell, treasurer of Wanta's financial company established to distribute the trillions for the betterment of the U.S. economy, if the money isn't released in the next few days, he is prepared to go public again on Greg Szymanski's radio show, *The Investigative Journal* on the Genesis Communications Radio Network at www.gcnlive.com.

The following strange sequence of events, occurring after the Jesuit Order and Vatican's motives were questioned related to the Wanta story, took place in the following manner, leading the *Arctic Beacon* editor to go public in order to protect himself as well as protecting the safety of Ambassador.

The editor also told his story Saturday on a Christian radio network in order that the harassment and threats be immediately chronicled publicly, as and added measure of safety and protection for the parties involved. Here is the sequence of events as they occurred:

---After an article appeared in the *Arctic Beacon* critical of the Vatican and Jesuits, a call was placed to the landline phone number of the editor on Sept. 21, asking for an unknown individual. The call was obviously placed from an Intelligence Agency since the number was non-existent and was traced to be 489-489-4894.

--- After the editor conducted an interview with former Catholic Bishop of Guatemala, Gerard Bouffard, on Sept. 22, highly critical with eye-witness testimony implicating the Jesuit Order and Vatican as the spiritual controllers of the New World Order, a threatening email was received on Sept 23 essentially telling the editor to leave the country quickly or blood may be shed.

--- After several stories appeared in the *Arctic Beacon* questioning the Jesuit manipulation of the Wanta story and asking questions why Wanta was not communicating with an "old friend" who essentially verified his story, Wanta left a message on the editor's answering machine asking for a minor change, saying to call Cottrell since he was traveling. The funny thing about the call was that it was placed from a calling card number in a town very near the vicinity of the editor's residence.

--- On Sept. 28, the editor also received a message on his answering machine, saying the story had "created quite a stir" also indicating a minor word correction needed to be made on the story. Later in phone

conversations, Cottrell indicated Wanta had called from nearby the editor's location, but was staying out of the public eye since he feared for his life. Cottrell added from what he knew and heard Wanta's life was in danger and the editor was being put under surveillance and harassed, as a scare tactic to quite down the story and perhaps give a clue to Wanta's location.

---- On Sept. 30 the editor received an email from France or Brussels, where Wanta has people handling his financial affairs, saying Wanta was going to meet with his "old friend", an international financier, as well as meet with the editor, saying " Amb Wanta will be seeing you soonest as well Further, he had never stated he did not want to speak w/you, but he is not in WI presentlyfor security reasons."

---- In the late morning on Sept. 30, the editor received another call from Intelligence, this time from a man with a Middle Eastern accent asking if Ratti was home. The number again was traced as nonexistent and was the same 489-489-4894 number used on Sept. 21.

Although Cottrell added that he didn't think the Catholic Church was involved in the background of the Wanta story, it should be noted that this strange series of events surrounding the story only occurred after the Vatican and Jesuit Order's manipulation was questioned.

Average Americans Speak Out About Wanta Trillions

Maybe Americans want a piece of the trillion dollar pie, too! If Bush Sr. can have it, why can't we?

30 Sep 2006

By Greg Szymanski

Thousands of emails have flooded into the Arctic Beacon about the Leo Wanta story, making one wonder if everybody is silently thinking: "I want a piece of the trillion dollar action, too!"

Well, that's not so far fetched since the \$4.5 trillion waiting in the wings, according to Ambassador Wanta and the Reagan protocols, is earmarked for the benefit of the American people.

And perhaps distributing all the stolen money equally "man by man" isn't so outlandish since men or better yet beasts like George H. Bush and William Jefferson "Bly" Clinton having been busy dividing it equally amongst their New World Order friends, of course, on strict orders by the real controllers of the Illuminati, the Jesuit Order.

There have been many expert opinions expressed on these pages about the complex Wanta trillions, but many of the more amusing and interesting comments have come from average Americans, pitching in their two cents. Here are just a few of the emails about the Wanta story:

From: Michael

To: Greg:

(Note: L or LW stand for Leo Wanta)

For what this is worth, merely speculating of course, it makes even less sense that L would be released (from jail), unless induced to accept early release in exchange for something perceived to be of extreme value to 'them'. That he was left with heart and lungs in tact is itself a mystery, given that 'they' had at least some of the funds. If obtaining critical encryption codes or account nos. or other info was an issue, and if he was the sole holder as Trustor or Trustee, then they would need him alive to eventually get it out of him. From what I understand hypnosis and advanced pharmacology could more than take care of that issue. So, what is it?

Your hypothesis about the bigger picture of the jes-u-its needing to destroy the American [protestant] republic is likely much closer to the all of it than not. Beyond the isolated fact issue of the 'money' and gaining unfettered access and control of it, is the issue of how to use an orchestrated default on the repatriation of it to bring about intensification of certain conditions inside the states and the U.S., as well as to bring about a 'reasonable cause' action by foreign banks and national authorities to crimp the hose on funds flows into the US in excess of 100M. That limitation on value seems arbitrary and almost laughable to me, because anyone could easily get around it by transacting any number of values at any level beneath it to attain an aggregate amount equivalent thereto.

If L is incommunicado with old friends and associates, it may be to protect them. The less they know, the less likely they are to become a target, and the less susceptible to manipulation, coercion etc. Can't squeeze blood from a stone, so just keep all your old buds dumb as a rock. Whatever his motives and m.o. he is likely only discussing this thing with those on a need to know basis, which brings up the question: Why is he talking to you at all, except that he needs to. The question needs qualified further, as to why he needs you or why does he think he needs you, or why is he led to believe that he needs you?

L W cannot repatriate funds into the US and expect it to have any direct benefit to the People of the states, unless there is [regime] change, and I am not talking about just the current admin. I am talking about the way the U.S. is constructed in law, and how the People have no status or standing any longer as freeman Citizens of the Union of several states. The Bill of Rights pertains only to state nationals [non-citizen US nationals] outside of the United States, District of Colombia and its federal territories [States], which are all instrumentalities thereof. The only absolute right of any US person or citizen is to 'residency' in the US. That is it. Everything operates by waiver, assent, acquiescence, presumption, and assumption. The US is in bankruptcy reorganization since 1933, but was in debt up to its eyeballs since the end of the 'Civil War'. The Rothchilds had carried on a multi-generational effort [war against the USA] to gain official government sanction to establish a private 'federal' central bank of the US, and it took them until 1913 to do it. It operated under Congressional charter for the first twenty years, and when it was to sunset in March 1933, the national emergency under NEW DEAL SOCIALIST FDR was declared, and the US has operated without lawful money or any effective 'general' common law since. 'General common law' means Constitutional law, the Constitution being a common law document [of the land as distinct from the 'sea' and admiralty-commercial-contract-military law]. Rothchilds were interested in penetrating the US so the US could become eternally indebted and brought under their dynastic control. The jes-u-its wanted to bring the US into the Vat empire, and had to find progressive ways to undermine and usurp the efforts of the protestant reformation Founders. They and all other non-catholics are deemed under Vat cannon law to be heretics. In short, the inquisition and a silent crusade to either convert or exterminate has been going on in this nation since its founding.

Why you, Greg? Why now? Why is he still pumping air? Even if his heart and mind are clear and in the right place, there is NO WAY that the cabal would ever patriate funds unless they had exclusive legal authority and control over their disposition and use. As this regime is not about creating peace and prosperity anywhere in the world, and certainly not in the US/USA, if funds were eventually patriated, the legal standing of the People as 'US citizens' would preclude them from having any common law right or benefit from it. The US Treasury and the 'Dept of the Treasury-IRS, Peurto Rico [a US territory and possession]' would be the sole beneficiaries. Anything of value in the UST is automatically liened, encumbered, and subject to seizure and confiscation at the will of the creditors on the public debt, which is now beyond even being able to make 'interest only' payments on, and which payments can only be made in gold. The US federal corp would have to be restructured and recast in a radical manner for the W Plan to ever do more than endow the UST and those who use it as their private piggy bank, along with the office of the president and offices of congress, to create negotiable instruments for new debt called 'appropriations bills'. Once the bills are signed into law, they are immediately monetized and become new public debt in the system. If the UST were to be reloaded with new funds in an immediate upfront lump, and under structured payments based upon projected cash flows from future taxes on certain long term ancillary transactions, the UST would be like a sive holding water. The IMF runs the UST and the Sec of the Treasury sits on the Board of the IMF and has taken an oath of allegiance to it, which supercedes the oath of office as Secretary of the UST. In fact, the Secretary of the UST is the Keeper, Receiver, and chief Trustee on the US bankruptcy to its creditors.

If L is not aware of these things, he needs to play catch-up and spend a few years in a law library.

From: Scott Beach

To: Greg

The U.S. Government's Fiscal Year ends on September 30, 2006. Leo Wanta's trillions will probably be released in early October. The taxes paid to the federal governmnet may then be referred to by Karl Rove as the "October Surprise."

From: Sudan Sterzey

To: Greg

Not only this Wanta story, but what about China taking money out of our economy? Did we go down Alices' rabbit hole?

From: Chris

To: Greg

I have a suggestion for Mr. Wanta.

It is obvious that should the administration acknowledge these funds, the perpetrators are guilty of a wide range of felony violations on a State, Federal, and international level.

Should Mr. Wanta have the proof that these funds were in-fact misappropriated, stolen, embezzled, et cetera, then I think he should file a criminal complaint with the United States Justice Department, United States Attorney's Generals Office, and at the same time send a copy of the Complaint to all the media.

I agree with your summation that Mr. Wanta was kept alive for a purpose. Maybe as you say a patsie. However, this is the only way to turn it around, and in doing so making it public record for all to see.

Close Associate of Wanta Verifies His Story

Good friend and international financier verifies trillions under Wanta's control and his struggle with powers that be. But says after Wanta's release from jail and \$4.5 trillion repatriation effort, the Ambassador has cut-off all contact with former friends and associates.

28 Sep 2006

By Greg Szymanski

A close friend of Ambassador Leo Wanta verified "most of what I've read about his story is true" but added ever since being released from a Wisconsin state prison while attempting to get \$4.5 trillion repatriated, Wanta has not been communicating "with any of his old friends."

"If he doesn't want to talk with me, he doesn't want to talk with anybody," said Wanta's longtime friend, who wanted to remain anonymous for safety reasons, adding the nature and circumstances surrounding Wanta's story could be life threatening.

"Over the years, he has always kept by name out of everything, but I know from firsthand, not second hand knowledge, that what Leo says is true. I even went to the Washington Post to try and publicize his story when he was first arrested in Wisconsin in the 1990's. I never got to speak with Bob Woodward, but I was told by his assistant never to try and talk with Woodward again about Leo."

Wanta's longtime friend, an international financier, said he was unaware of the particulars behind Wanta's release or anything about the recent repatriation of \$4.5 trillion of offshore money intended for the American people but blocked by the Bush administration for the last three months.

"I can't add anything new about his release from jail, the whereabouts of the trillions of off shore money or whether he has entered into a deal or been compromised in any way. All I know is that he has been fighting the powers that be for a long time and I hope everything works out for him since he is a good guy."

Wanta went public about two months regarding the repatriation of \$4.5 trillion with the intent of using the money for the betterment of the American economy, including \$1.6 trillion to be paid in taxes with the remainder of the money to reinvested.

His quest to repatriate the massive amount of money began more than a year after being released from a Wisconsin jail where he spent the better part of a decade, jailed for trying to block the last three presidential administrations from stealing trillions of off shore money he raised on behalf of President Reagan at the end of the Cold War.

Wanta was declared in 2003 the legal trustor of the approximately \$27.5 trillion in offshore money by a memorandum opinion of Judge Gerald Bruce Lee. Since being released from jail, he has been trying to repatriate the money while claiming trillions have been stolen by criminals like George H. Bush and William Jefferson Clinton, who have been using the "off the books" money as their own personal booty.

Wanta's own records, for example, traced \$1 billion of the money under his trustor control, the money instead diverted to an account in Panama in 1989 listed under Pilgrim Investments and Jorge (George)Bush.

Furthermore, Wanta has listed more than \$745 billion in diverted funds under his control, which was made public more than eight months ago by the Arctic Beacon. Wanta claimed he was illegally jailed in order that the criminals in government who took control after President Reagan left office wanted him "out of the way," giving them a clear path to the money by stealing trillions out of accounts under his control.

As a recap, in June, he entered into an agreement to repatriate \$4.5 trillion with the money to be used for the betterment of the American economy while, at the same time, revealing how the powers that be have been scamming the American people and stealing trillions since the end of the Cold War, money used to fuel the New World Order evil agenda.

Bust since June, according to Wanta, the Bush administration has illegally withheld the money, saying it will release it "when we are God Damn ready."

So, that is where the story sits now, as nothing has changed from the White House's arrogant statement of Sept. 14, according to Wanta and Michael C. Cottrell, treasurer of the financial group formed by Wanta to distribute the trillions to the American people.

Although the money has not been released, the way the behind the scenes dealings are working out need to be reported since the American people were the intended beneficiaries of the money, according to Wanta.

Both Wanta and Michael C. Cottrell, the treasurer of the company formed to distribute the money, are taking a "wait and see" attitude, saying they can't say anything since they do not want to upset the applecart.

However, it has been revealed the Bush administration wants the following conditions met before the release of the money:

They want it done quietly with no press coverage. They want to take credit for the release of the \$4.5 trillion as if they were the "good guys wearing white hats." They want only the principal parties to mention the release by the verification of \$1.6 trillion due in taxes without mentioning the use and purpose of the remainder of the money. And, of course, the administration wants no mention about how many trillions have been stolen in the past or how the trillions are to be used in the future.

So, with that said, if the Wanta money is released under these terms, he will have succeeded in forcing the government to uphold the rule of law concerning his settlement, a settlement it should be emphasized structured for the benefit of the American people.

But under the gag order now apparently in place, it is incumbent upon the press to pursue the evidence already put in the public domain otherwise the criminals in government will walk away "scott free", having stolen trillions and able to continue stealing more.

Furthermore, the Wanta story has created up until now succeeded in creating serious agitation among the American people who are expecting to see some "financial light at the end of the tunnel" while creating, at the same time, a financial uproar around the world, attacking the full faith and credit of our nation while adding more fuel to the firestorm and downfall of our economy.

And if you look closely – think hard – isn't that exactly what the Vatican-led New World Order has planned for this country, planning a complete financial, social, political and moral destruction.

The questions regarding the Ambassador Wanta story need to be answered in hopes that the release of his money will help the cause of freedom and not further fuel the diabolical fires of fascism, working behind the scenes to destroy this country.

Wanta \$4.5 Trillion to be Released, But When and Under What Terms?
If Sherlock Holmes were here, he might have all the answers. But in the meantime many questions need answering so Americans can get full accountability of trillions of off-shore money stolen by last three presidential administrations.

26 Sep 2006

By Greg Szymanski

There are many questions surrounding the Ambassador Leo Wanta story that need answering no matter if the \$4.5 trillion is released or not. As Sherlock Holmes would say, "When you think you know the truth, think again!"

If Holmes were here he probably could solve the trillion dollar mystery, but unwrapping the real truth behind the Ambassador Wanta story is like trying to throw jelly against a wall and making it stick.

And just when you think you've got the handle on what's going on something else happens to shake loose the jelly, making the pieces of the puzzle fall to the floor as if the trusted family dog just knocked over the whole darn card table.

To set the record straight, most of the questions surrounding the bilking of America out of trillions of off-shore money since the end of the Cold War do not involve Ambassador Wanta's credibility or truthfulness behind his story.

They involve a myriad of questions involving Wanta's former superiors and his superiors' superiors who actually control the Illuminati/New World Order and who have been using the trillions of off-shore money in an "off the books" illegal banking scheme to bring down the American economy.

However, one of the main questions that must be asked at this late stage in the game is even if the \$4.5 trillion is released is it really going to do any good for the American people under the terms of the release, seeing that these terms are turning out to be strange to say the least.

According the Michael C. Cottrell, who spoke to the Arctic Beacon on Monday, it's not a question of "if the trillions are going to be released but when" in light of the sad fact that the corrupt Bush administration recently said "we will release the money when we are God damn ready!"

With that said, since trillions have been stolen from the American people, it is the right of the people not only to expect a prompt release of the \$4.5 trillion but to also retrieve a full accounting of exactly how many trillions have been stolen, who actually pilfered the money and for what nefarious purposes it was used for since the end of the Cold War.

The reason this is important is that under the Reagan protocols and under his Executive Order 12333, the wheels were actually put into motion after the end of the Cold War with Ambassador Wanta to actually utilize off-shore and off the books banking to protect the interests of the United States while amassing a fortune

which was supposed to be returned to the people of the United States.

However, as we have learned through Ambassador Wanta own statements, instead of the money being returned for the betterment of the U.S., it has been stolen and used by criminals in the last three presidential administrations for their own private use beyond the oversight of the people and their representatives in the U. S. Congress.

And it's no secret Ambassador Wanta has been jailed for the better part of a decade for trying to bring a portion of the trillions stolen back to the American people. And it's no secret he was declared legal trustor of an estimated \$27.5 trillion by a 2003 federal court memorandum opinion by Judge Gerald Bruce Lee.

Further, it's no secret Ambassador Wanta entered into a settlement in June to return \$4.5 trillion to the U.S. and that the Bush administration has been blocking the release of the money, which was originally transferred from foreign banks into a Bank of America account.

After being blocked from distribution into Wanta's account and now reportedly placed in a Citibank account, the only legal question that still has remained unanswered is why was the money transferred here from foreign banks in the first place when a legal trustor has signatory power over his trust account and should be able to transfer the money directly into his own account?

Furthermore, why was the Bush administration given the opportunity intervene by what may have been an unnecessary transfer to a U.S. when a legal trustor, given federal court authorization, has the signature power over his own account?

Although somewhat technical in nature, the American people need straight forward answers to the these types of questions since if the Reagan protocols are to be honored, the American people deserve a full an open accounting.

Further, these questions are not intended to impugn the integrity of Ambassador Wanta but only intended at determining the nature and intent of the beast working behind the scenes since the end of the Cold War, the same beast who illegally jailed Wanta and pilfered trillions of dollars to further the cause of the New World Order.

Just as these questions need answering, so do questions about how the settlement is now playing out.

According to Cottrell the trillions are "going to be released." However, how the money is apparently being arranged to be released behind the scenes is quite strange.

Again, according to Cottrell, the Bush administration wants the following conditions met before the release of the money:

They want it done quietly with no press coverage. They want to take credit for the release of the \$4.5 trillion as if they were the "good guys wearing white hats." They want only the principal parties to mention the release by the verification of \$1.6 trillion due in taxes without mentioning the use and purpose of the remainder of the money. And, of course, the administration wants no mention about how many trillions have been stolen in the past or how the trillions are to be used in the future.

So, with that said, if the Wanta money is released under these terms, he will have succeeded in forcing the government to uphold the rule of law concerning his settlement, a settlement it should be emphasized structured for the benefit of the American people.

However, the question must be asked if a gag order is placed on the Wanta settlement as proposed by the Bush administration, does it actually benefit them more by allowing them to get away "scott free" with the theft of trillions by allowing them to essentially continue under the curtain of silence to do business as usual.

Furthermore, the Wanta story has created agitation among the American people who are expecting to see some

"financial light at the end of the tunnel" while creating , at the same time, a financial uproar around the world, attacking the full faith and credit of our nation while adding more fuel to the firestorm and downfall of our economy.

And if you look closely - think hard - isn't that exactly what the Vatican-led New World Order has planned for this country, planning a complete financial, social, political and moral destruction.

The questions regarding the Ambassador Wanta story need to be answered in hopes that the release of his money will help the cause of freedom and not further fuel the diabolical fires of fascism, working behind the scenes to destroy this country.

Confession No. 16: Former Bishop of Guatemala Claims Jesuits Control the Vatican and Are the Real Spiritual Controllers of the New World Order

Bishop Gerard Bouffard says the Jesuit General, Fr Peter Hans Kolvenbach, gives the marching orders to the Pope. He also backs up the accusations made by the late Fr. Alberto Rivera about the evil Jesuit Order.

25 Sep 2006

By Greg Szymanski

Former Bishop Gerard Bouffard of Guatemala said the Vatican is "the real spiritual controller" of the Illuminati and New World Order while the Jesuits through the Black Pope, Jesuit Gen. Fr. Peter Hans Kolvenbach, actually control the Vatican hierarchy and the Roman Catholic Church.

Bishop Bouffard, who left the Church and is now a born again Christian living in Canada, based his conclusion after working six years as a Vatican priest, assigned the task of passing daily, sensitive correspondence between the Pope and the leaders of the Jesuit Order residing at Borgo Santo Spirito 5 near St. Peter's Square.

"Yes, the man known as the Black Pope controls all major decisions made by the Pope and he in turn controls the Illuminati," said Bishop Bouffard last week on Greg Szymanski's radio show, The Investigative Journal, at www.gcnlive.com where archives of the startling statements can be heard in their entirety.

"I know this to be true since I worked for years in the Vatican and traveled with Pope John Paul II. The Pope takes his marching orders from the Black Pope as the Jesuits also arte the leaders of the New World Order, with the task of infiltrating other religions and governments of the world in order to bring about a one world fascist government and a one world religion based on Satanism and Lucifer.

"People can't imagine how evil and how much destruction they have caused and will cause while, at the same time using the perfect cover of hiding behind black robes and professing to be men of God."

Bishop Bouffard's first hand knowledge of the evil lurking within the hierarchy of the Vatican and particularly the Jesuit Order confirms the testimony of other researchers, including Bill Hughes, author of the shocking books *The Enemy Unmasked* and *The Secret Terrorists*, as well as preeminent researcher of the Jesuit Order, Eric Jon Phelps, author of *Vatican Assassins*.

Besides painting a dark picture of the Black Pope in Rome, Bishop Bouffard claims the evil power of the Jesuits extends throughout the world, including solid infiltration of the U.S. government, the Council on Foreign Relations (CFR) and major religious organizations.

Bishop Buffard claims the Jesuits act like the perfect chameleons, taking on the identity of Protestants, Mormons, Baptists and Jews with the intention of bringing about the downfall of America as well as bringing the country under a one world religion based in Jerusalem and under the control of their leader, Lucifer.

"I know first hand that the Vatican controls and monitors everything in Israel with the intention of destroying the Jews," said Bishop Bouffard, adding the true purpose of the Jesuit Order is to orchestrate and control all leaders of the world in order to bring about a major worldwide conflict which will eventually destroy America, the Middle East and Israel. "They destroy everything from within and want to bring about the destruction of the Catholic Church, as well, in order to usher in a one world religion based on Satanism. This is also seen in the way priests worship in the Mass, actually worshipping the dead. Also, signs of Satanism are seen in many outward symbols, customs and vestments displayed by the Church."

After his service in Rome, Bishop Bouffard spent time in Africa and Guatemala, rising to a position of power within the Church. However, with this religious power came affiliation and membership as a Freemason, becoming a 37 Degree Masonic member, something supposedly frowned upon in the Roman Catholic Church since, according to Canon Law, membership in a Masonic Lodge brings immediate excommunication.

According to Bishop Bouffard, Freemasonry is used by the Church to carry out its secret plans, as many other high-level priest, bishops, cardinals and even popes have joined secret societies along with others in positions of power in other religions and governments, many working together to further the evil Illuminati agenda.

And his statements back up reports which surfaced in Italian and French newspapers in the early 1980's, reporting more than 150 high level priests with membership in Freemasonry, including the P2 Masonic Lodge and other secret societies.

"I finally was born again and denounced the Catholic Church," said Bishop Bouffard, who now is a practicing Christian following the word of God through the Bible. "We must always pray for our leaders by openly denouncing evil and exposing the Jesuits for what they really are."

After leaving the Church, Bishop Bouffard also made amends and asked the late Jesuit priest, Fr. Alberto Rivera for his forgiveness. Fr. Rivera was one of the few Jesuit priests with the courage to expose the evil intentions of the Society of Jesus, coming forward telling how he worked as one of the Jesuit Order's infiltrators in America with the job of infiltrating Protestant and Baptist churches with the intent of destroying them from within.

"When I was a bishop and still loyal to the Church, I once wrote a letter denouncing Fr. Rivera and advocating his death," said Bishop Bouffard. "When I realized the truth, I searched out Frt. Rivera and asked his forgiveness. We became good friends and I know he was telling the truth. He was an honest man who also found God.

"I know the Jesuits tried to change the truth, saying he never was a priest and destroying all evidence backing that up. They have tried to do the same to me, but Fr. Rivera was telling the truth without question. I know that for a fact and even was with him several weeks before his death. He was suffering terribly after being poisoned with acid. Like I said, you can't imagine the suffering and destruction that has been caused and will be caused by the Jesuits"

In an article entitled *Alberto: the Big Brou-haw-haw*, an unknown writer who followed Bishop Bouffard's career and his connection with Fr. Rivera had this to say, including the Vatican's difficulty in trying to cover-up both Rivera and Bouffard's accusations:

"Then there's the corroborating testimony provided by Fr. Gerard Bouffard. He was a high ranking bishop born in Quebec, Canada. He rose from lower levels of his orders to become an assistant for many years to Popes such as Paul VI and John Paul II. He converted to protestantism and claims he was the man who received the order to eliminate Rivera. In a documentary called *Unveiling the Mystery Behind Catholic Symbols*, Bouffard shows a fancy 18-carat gold plated pen containing a special disappearing ink with which the Holy Office authorities sign top secret documents. He claims, "With this pen that I am holding, I signed the order to kill Dr. Rivera". Pretty dramatic cloak and dagger stuff! His previous high profile position would make him an easy target for discrediting... Yet the silence is deafening.

"The Vatican also has its own credibility problems to contend with. From a historical context, Alberto's claims

to be a Jesuit working undercover to destroy protestant churches is not as far flung as it might seem. The Jesuits were created in 1541 by Ignatius De Loyola for that very purpose (although some Jesuits dispute this, naturally). They engaged in countless dirty tricks, assassinations, and treasonous plots during their hay day. The Office of the Inquisition was an out growth of their mission which resulted in the torture and/or murder of millions of innocent people for "heresy". That department has since been renamed The Holy Office, but the Jesuits have never bothered with a name change. How much their goals have changed with time is also a uncertain. Neither organization is very transparent and both serve the interests of the Pope. Bad reputations are not easily forgotten.

"If Alberto's story is a lie, it's brilliant piece of fiction with amazing consistency. There are certainly other conspiracies that have been dreamed up which are equally vivid and intricate. The JFK assassination conspiracy and the UFO /Majestic 12 conspiracy come foremost to mind. But these conspiracies were created and improved by hundreds of people over a long period of time, then pieced together and rearranged until they formed a plausible narrative. After twenty or so years of "public input" and revisions, a semi-"official" version is adopted. If any particular part of it is proven to be false, it morphs into a slightly different version without the disproven parts.

"Alberto had none of these resources. His own story came from him alone. It wasn't revised and honed for decades by committee before Chick published it. On the contrary, it was published in its entirety and then sublimated with additional volumes (five more comics) giving more names and dates but no retractions. If he in fact "made it all up", then he certainly deserves a prize for literary genius. Especially as far as his own biographical intrigues are concerned (move over Baron von Munchausen?).

"After twenty years of investigation, all the Pope's resources have failed to "prove" Alberto was a fake. Of course, Alberto failed to "prove" his allegations against the Vatican as well. So at best, the contest is still a draw. Maybe future developments will yield something dramatic. But don't count on it. We'll probably never know if Alberto was really "real" unless the Pope were to come straight out and confess it. (And that stands about as much of a chance of happening as a flying saucer landing on the White House lawn.) It is definitely delicious food for thought, however, and far more scary than any premise aired on X-files.

Throughout history, the Jesuit Order has been tied together with war and genocide, being formally removed from many countries, including France and England. As researchers claim the Jesuits are the real spiritual controllers of the New World Order, author Phelps has also called for the Order's banishment in this country.

However, with more than 28 major universities from coast to coast, the Order has created a strong political and financial foothold here, including secret control of the CFR and control of many banks like Bank of America and the Federal Reserve banking system, making Phelps' call for banishment a difficult if not improbable task.

Is Ambassador Wanta Being Used as a NWO Patsie?

The delay in releasing the Wanta \$4.5 trillion by the Bush administration forces the story to go to next level of truth. Is the Vatican-led NWO using Wanta as a patsie with the intention of never releasing the money and further escalating the financial destruction of the U.S.?

22 Sep 2006

By Greg Szymanski

It's no secret the Vatican-led New World Order has in its evil eyes on the destruction of America. It's no secret the Jesuit Order is used as Vatican henchmen. And it's no secret they will stop at nothing to achieve their goal of world domination, including total control of America's political, social and financial resources.

If this is case, then how does the does the Ambassador Leo Wanta story fit into the grand scheme of things?

Ambassador Wanta, for those readers who feel the story has fallen off the radar screen, is the former U.S. Treasury agent, assigned by President Reagan, to financially destabilize the Soviet Union at the end of the Cold War.

For his efforts of raising more than \$27.5 trillion in off-shore money, he was subsequently incarcerated in a Swiss jail for 133 days and then jailed on Wisconsin state income tax evasion charges for the better part of a decade.

According to Wanta, during his time of incarceration, instead of the trillions being used for the American people, the last three presidential administrations have decided to line their own pockets with the loot, using it for covert operations directly responsible for the destruction of this country.

On his release more than a year ago, Ambassador Wanta decided to retrace his financial steps and repatriate the trillions, as he was legally declared legal trustor of the massive amount of money.

In June, as reported in the Arctic Beacon, he entered into an agreement to repatriate \$4.5 trillion with the money to be used for the betterment of the American economy while, at the same time, revealing how the powers that be have been scamming the American people and stealing trillions since the end of the Cold War, money used to fuel the New World Order evil agenda.

Bust since June, according to Wanta, the Bush administration has illegally withheld the money, saying it will release it "when we are God Damn ready."

So, that is where the story sits now, as nothing has changed from the White House's arrogant statement of Sept. 14, according to Wanta and Michael C. Cottrell, treasurer of the financial group formed by Wanta to distribute the trillions to the American people.

However, although nothing has changed, it is necessary with such delays to take this important story to the

next level by asking the following important questions based on the fact Wanta and Cottrell appear to be fully credible but based on the fact that the Vatican and the Jesuit Order can never be trusted, especially when it comes to trillions of dollars and a Federal Reserve banking system illegally manipulated by the temporal minions of the Vatican.

Although Wanta and Cottrell appear to be 100 percent legitimate as based on court and settlement documents as well as countless hours of testimony, the question must be asked: Are they being used and manipulated by the Vatican in order to further destabilize the American economy and further debase the credibility of this country since the Vatican has no intention of releasing the trillions while, at the same time, further destroying the full faith and credit of this country?

Further, why would they let Wanta out of jail in the first place unless they wanted to use him for what they considered a greater purpose by baiting the hook with trillions of dollars and knowing full-well they had total control and would never - ever - release the money, using it all along for their evil purposes while accelerating the financial downfall of this country.

Simply put, this story must be taken to the next level - the level where the Jesuits and Vatican reside since it must be questioned whether they have again masterminded another diabolical scheme to steal trillions by using Wanta and Cottrell as patsies and, at the same time, bringing down the U.S. economy which is their main goal in the first place.

Further, ever since this editor took on the challenge of exposing the Vatican and the Jesuit Order, he has been subject to threats and constant character attacks. Although they have not worked, the Wanta story could be just another way, if the right Jesuit trump card falls, to discredit the credibility of this lone reporter who has decided to tackle this story.

However, by exposing this possible duplicity and future "set-up" this now never can happen because the two important questions have now been addressed in an effort to "get at the full truth and nothing but the truth so help me God."

Again, the main questions addressed at the next level of this story are:

Are Wanta and Cottrell being duped and used as patsies while the Jesuits reach further their final goal of financial destruction in the U.S.? And:

Is this editor being set-up by a Jesuit "discrediting campaign" if the trillions are never released and Wanta is made out by Jesuit deceit to be something more than a truth teller?

Whatever they try, the "cat has been let out of the bag", so to speak, as it can be assured by this editor that this story may even go to further levels truth, revealing things that none of us ever thought possible.

So, as they say, let the trillion dollar chips fall where they may and let the truth, no matter how damning and revealing also fall in the proper order that Jesus not Lucifer intended.

Was JFK's "Secret Society" Speech One Reason Why the Vatican Orchestrated His Murder?

Kennedy spoke against any religious leader, including the Pope, from influencing his actions as President. Researchers claim this was one reason he was killed, as the Vatican-led New World Order knew he had uncovered their evil plans.

21 Sep 2006

By Greg Szymanski

On Sept. 12, 1960, President John F. Kennedy spoke to The Greater Houston Ministerial Assoc., saying emphatically that no religious leader, including the Pope, had the right to control his actions and influence the foreign and domestic policies in any way, shape or form.

For his strong words and his speech denouncing secret societies and religious infiltration, some researchers of the JFK assassination claim this speech "set him up for murder by the Vatican/New World Order controllers through the Jesuit Order."

"In that speech, he outlined the exact methodology of the Jesuit Order when he spoke of the global conspiracy and its operation," said Walter Williams, an avid researcher of the Vatican conspiracy and its worldwide orchestration of wars and genocide.

Williams, who has appeared several times on Greg Szymanski's radio show, The Investigative Journal, where he has enlightened Americans about the Vatican and Jesuit connection to the New World Order and the eventual destruction from within of America, added the "Extreme Oath of the Jesuits" administered as the 4th Vow to the evil Jesuit hierarchy clearly indicates why and how Kennedy was assassinated by the evil symbol of "The Leaden Bullet."

Here is reprint of the complete "Extreme Jesuit Oath" as published in 1883. It should be noted that nothing has changed today and according to Jesuit insiders who have flipped, including the late Fr. Alberto Rivera, the exact same evil oath is administered today.

CEREMONY OF INDUCTION AND

EXTREME OATH OF THE JESUITS

[When a Jesuit of the minor rank is to be elevated to command, he is conducted into the Chapel of the Convent of the Order, where there are only three others present, the principal or Superior standing in front of the altar. On either side stands a monk, one of whom holds a banner of yellow and white, which are the Papal colors, and the other a black banner with a dagger and red cross above a skull and crossbones, with the word INRI, and below them the words IUSTUM NECARE REGES IMPIOS. The meaning of which is: It is just to exterminate or annihilate impious or heretical Kings, Governments or Rulers. Upon the floor is a red cross upon which the postulant or candidate kneels. The Superior hands him a small black crucifix, which he takes in

his left hand and presses to his heart, and the Superior at the same time presents to him a dagger, which he grasps by the blade and holds the point against his heart, the Superior still holding it by the hilt, and thus addresses the post.

SUPERIOR.

Among Roman Catholics to be a Roman Catholic, and to be a spy even among your own brethren; to believe no man, to trust no man. Among the Reformers, My son, heretofore you have been taught to act the dissembler: to be a Reformer; among the Huguenots, to be a Huguenot; among the Calvinists, to be a Calvinist; among the Protestants, generally to be a Protestant; and obtaining their confidence to seek even to preach from their pulpits, and to denounce with all the vehemence in your nature our Holy Religion and the Pope; and even to descend so low as to become a Jew among the Jews, that you might be enabled to gather together all information for the benefit of your Order as a faithful soldier of the Pope.

You have been taught to insidiously plant the seeds of jealousy and hatred between communities, provinces and states that were at peace, and incite them to deeds of blood, involving them in war with each other, and to create revolutions and civil wars in countries that were independent and prosperous, cultivating the arts and the sciences and enjoying the blessings of peace. To take sides with the combatants and to act secretly in concert with your brother Jesuit, who might be engaged on the other side, but openly opposed to that with which you might be connected; only that the Church might be the gainer in the end, in the conditions fixed in the treaties for peace and that the end justifies the means.

You have been taught your duty as a spy, to gather all statistics, facts and information in your power from every source; to ingratiate yourself into the confidence of the family circle of Protestants and heretics of every class and character, as well as that of the merchant, the banker, the lawyer, among the schools and universities, in parliaments and legislatures, and in the judiciaries and councils of state, and to "be all things to all men," for the Pope's sake, whose servants we are unto death.

You have received all your instructions heretofore as a novice, a neophyte, and have served as a coadjutor, confessor and priest, but you have not yet been invested with all that is necessary to command in the Army of Loyola in the service of the Pope. You must serve the proper time as the instrument and executioner as directed by your superiors [such as the murder of Cornelius Jansen (1585-1638), Bishop of Ypres, Holland, and father of Jansenism who was a most determined Roman Catholic enemy of the Jesuits and died of a sudden illness - the poison cup - on the 6th of May, 1638 at the young age of fifty-three] for none can command here who has not consecrated his labors with the blood of the heretic; for "without the shedding of blood no man can be saved." Therefore, to fit yourself for your work and make your own salvation sure, you will, in addition to your former oath of obedience to your Order and allegiance to the Pope, repeat after me:

The Jesuits - 1540 Vatican Assassins 92

THE EXTREME OATH OF THE JESUITS.

I, M____ N____, Now, in the presence of Almighty God, the Blessed Virgin Mary, the blessed Michael the Archangel, the blessed St. John the Baptist, the holy Apostles St. Peter and St. Paul and all the saints and sacred hosts of heaven, and to you, my ghostly father, the Superior General of the Society of Jesus, founded by St. Ignatius Loyola, in the Pontificate of Paul the Third [Paul III], and continued to the present, do by the womb of the Virgin, the matrix of God, and the rod of Jesus Christ, declare and swear, that his holiness the Pope is Christ's Vice-regent and is the true and only Head of the Catholic or Universal Church throughout the earth; and that by virtue of the keys of binding and loosing, given to his Holiness by my Saviour, Jesus Christ, he hath power to depose heretical kings, princes, states, commonwealths and governments, all being illegal without his sacred confirmation and that they may safely be destroyed. Therefore, to the utmost of my power, I shall and will defend this doctrine and His Holiness' right and custom against all usurpers of the heretical or Protestant authority whatever, especially the Lutheran Church of Germany, Holland, Denmark, Sweden and Norway, and the now pretended authority and churches of England and Scotland, and branches of the same now established in Ireland and on the Continent of America and elsewhere; and all adherents in regard that they be usurped and heretical, opposing the sacred Mother Church of Rome. I do now renounce and disown any allegiance as due

to any heretical king, prince or state named Protestants or Liberals or obedience to any of their laws, magistrates or officers.

I do further declare that the doctrines of the churches of England and Scotland, of the Calvinists, Huguenots and others of the name Protestants or Liberals to be damnable, and they themselves damned and to be damned who will not forsake the same.

I do further declare, that I will help, assist and advise all or any of his Holiness' agents in any place wherever I shall be, in Switzerland, Germany, Holland, Denmark, Sweden, Norway, England, Ireland, or America, or in any other kingdom or territory I shall come to, and do my uttermost to extirpate the heretical Protestants or Liberals' doctrines and to destroy all their pretended powers, regal or otherwise.

I do further promise and declare, that notwithstanding I am dispensed with, to assume any religion heretical, for the propagating of the Mother Church's interest, to keep secret and private all her agents'

The Jesuits - 1540 Chapter 1 93

counsels from time to time, as they may entrust me, and not to divulge, directly or indirectly, by word, writing or circumstance whatever; but to execute all that shall be proposed, given in charge or discovered unto me, by you, my ghostly father, or any of this sacred convent.

I do further promise and declare, that I will have no opinion or will of my own, or any mental reservation whatever, even as a corpse or cadaver, (perinde ac cadaver), but will unhesitatingly obey each and every command that I may receive from my superiors in the Militia of the Pope and of Jesus Christ.

That I will go to any part of the world whithersoever I may be sent, to the frozen regions of the North, the burning sands of the desert of Africa, or the jungles of India, to the centres of civilization of Europe, or to the wild haunts of the barbarous savages of America, without murmuring or repining, and will be submissive in all things whatsoever communicated to me.

I furthermore promise and declare that I will, when opportunity presents, make and wage relentless war, secretly or openly, against all heretics, Protestants and Liberals, as I am directed to do, to extirpate and exterminate them from the face of the whole earth; and that I will spare neither age, sex or condition; and that I will hang, burn, waste, boil, flay, strangle and bury alive these infamous heretics, rip up the stomachs and wombs of their women and crush their infants' heads against the walls, in order to annihilate forever their execrable race. That when the same cannot be done openly, I will secretly use the poisoned cup, the strangulating cord, the steel of the poniard or the leaden bullet, regardless of the honor, rank, dignity, or authority of the person or persons, whatever may be their condition in life, either public or private, as I at any time may be directed so to do by any agent of the Pope or Superior of the Brotherhood of the Holy Faith, of the Society of Jesus.

In confirmation of which, I hereby dedicate my life, my soul and all my corporeal powers, and with this dagger which I now receive, I will subscribe my name written in my own blood, in testimony thereof; and should I prove false or weaken in my determination, may my brethren and fellow soldiers of the Militia of the Pope cut off my hands and my feet, and my throat from ear to ear, my belly opened and sulphur burned therein, with all the punishment that can be inflicted upon me on earth and my soul be tortured by demons in an eternal hell forever!

The Jesuits - 1540 Vatican Assassins 94

All of which I, M____ N____, do swear by the blessed Trinity and blessed Sacrament, which I am now to receive, to perform and on my part to keep inviolably; and do call all the heavenly and glorious host of heaven to witness these my real intentions to keep this my oath.

In testimony hereof I take this most holy and blessed Sacrament of the Eucharist, and witness the same further, with my name written with the point of this dagger dipped in my own blood and sealed in the face of

this holy convent.

[He receives the wafer from the Superior and writes his name with the point of his dagger dipped in his own blood taken from over the heart.]

SUPERIOR.

You will now rise to your feet and I will instruct you in the Catechism necessary to make yourself known to any member of the Society of Jesus belonging to this rank.

In the first place, you, as a Brother Jesuit, will with another mutually make the ordinary sign of the cross as any ordinary Roman Catholic would; then one crosses his wrists, the palms of his hands open, the other in answer crosses his feet, one above the other; the first points with the forefinger of the right hand to the center of the palm of the left, the other with the forefinger of the left hand points to the center of the palm of the right; the first then with his right hand makes a circle around his head, touching it; the other then with the forefinger of his left hand touches the left side of his body just below his heart; the first then with his right hand draws it across the throat of the other, and the latter then with his right hand makes the motion of cutting with a dagger down the stomach and abdomen of the first. The first then says *Iustum*; and the other answers *Necare*; the first then says *Reges*. The other answers *Impios*. (The meaning of which has already been explained.) The first will then present a small piece of paper folded in a peculiar manner, four times, which the other will cut longitudinally and on opening the name *JESU* will be found written upon the head and arms of a cross three times. You will then give and receive with him the following questions and answers.

The Jesuits - 1540 Chapter 1 95

Ques. From whither do you come?

Ans. From the bents of the Jordan, from Calvary, from the Holy Sepulchre, and lastly from Rome.

Ques. What do you keep and for what do you fight?

Ans. The Holy faith.

Ques. Whom do you serve?

Ans. The Holy Father at Rome, the Pope, and the Roman Catholic Church Universal throughout the world.

Ques. Who commands you?

Ans. The Successor of St. Ignatius Loyola, the founder of the Society of Jesus or the Soldiers of Jesus Christ.

Ques. Who received you?

Ans. A venerable man in white hair.

Ques. How?

Ans. With a naked dagger, I kneeling upon the cross beneath the banners of the Pope and of our sacred Order.

Ques. Did you take an oath?

Ans. I did, to destroy heretics and their governments and rulers, and to spare neither age, sex nor condition. To be as a corpse without any opinion or will of my own, but to implicitly obey my superiors in all things without hesitation or murmuring.

Ques. Will you do that?

Ans. I will.

Ques. How do you travel?

Ans. In the bark of Peter the fisherman.

Ques. Whither do you travel?

Ans. To the four quarters of the globe.

Ques. For what purpose?

Ans. To obey the orders of my General and Superiors and execute the will of the Pope and faithfully fulfill the conditions of my oath.

Ques. Go ye, then, into all the world and take possession of all lands in the name of the Pope. He who will not accept him as the Vicar of Jesus and his Vice-regent on earth, let him be accursed and exterminated. {} 17 [Emphasis added]

(This same identical Oath can be found in Subterranean Rome by Carlos Didier, translated from the French and published in New York in 1843. It can also be found in the Library of Congress, Catalog Card Number, 66-43354.)

A portion of the Oath published in 1894 reads:

"I do now renounce and disown my allegiance as due to any heretical King, Prince or State, named Protestant, or liberals, or obedience to any of their laws or magistrates or officers.

I do further declare that the doctrine of the churches of England and Scotland, of the Calvinists, Huguenots and other of the name Protestant or Liberals, to be damnable, and they themselves to be damned who will not forsake the same.

I do further declare that I will help, assist and advise all or any of His Holiness' agents, in any place where I shall be, in Switzerland, Germany, Holland, Denmark, Sweden, Norway, England, Ireland or America, or in any other kingdom or territory I shall come to, and do my utmost to extirpate the heretical Protestant or liberal doctrines, and to destroy all their pretended powers, legal or otherwise." {} 18

A portion of the Oath entered into the Congressional Record as taken by the Fourth Degree of the Knights of Columbus, published in Feb. 15, 1913 reads:

". . . That I will provide myself with arms and ammunition that I may be in readiness when the word is passed, or am commanded to defend the church either as an individual or with the militia of the Pope . . .

In testimony hereof, I take this holy Eucharist and witness the same further with my name written with the point of this dagger dipped in my own blood [Does this not sound like the oath of the Mafia called 'Omerta?'] and sealed in the face of this holy sacrament . . .

I do further declare that I will . . . do my utmost to extirpate the heretical Protestant or Liberal doctrines and to destroy all their pretended powers, legal or otherwise . . . I do further promise and declare, that I will, when opportunity presents, make and wage relentless war, secretly or openly, against all heretics, Protestants, Liberals and Masons, as I am directed to do to extirpate and exterminate them from the face of the whole earth, and that I will spare neither age, sex, nor condition . . . And that I will hang, burn, waste, boil, flay, strangle, bury

alive, these infamous heretics, open up the stomachs and wombs of their women and crush their infants' heads against the walls in order to annihilate their execrable race . . .

The Jesuits - 1540 Chapter 1 97

That when the same cannot be done openly, I will secretly use the poison cup, the strangulation cord, the steel of the poniard, or the leaden bullet, regardless of the honor, rank, dignity or authority of the person or persons whatsoever may be their condition in life, either public or private, as I at any time may be directed so to do by any agent of the Pope or superior of the brotherhood of the holy faith of the Society of Jesus [Does not this sound like the Jesuit Oath?].

Should I prove false or weaken in my determination, may my brethren and fellow militia of the Pope cut off my hands and feet, cut my throat from ear to ear, may my belly be opened and sulphur burning therein with all the punishment that can be inflicted upon me on earth and my soul shall be tormented by demons in eternal hell forever [Does not this sound like a Masonic Oath?]. That I will in voting always vote for a Knight of Columbus in preference to a Protestant, especially a Mason . . . " [The former Governor of the State of California was Gray Davis, a Fourth Degree Knight of Columbus, who is continued to further disarm the citizens of that State in preparation for the coming massive Chinese invasion of the West Coast after the Company's new "Sword of the Church" first conquers Taiwan, Japan, South Korea, the entire Pacific Rim and then Hawaii. This Chinese naval campaign will apparently be fueled by Unocal's oil from the Caspian Basin because of which the Jesuit Order's war in Afghanistan is presently being fought.]" {} 19

(Dear truth-seeker, the Jesuits not only authored the above Oath of the Knights of Columbus but also, as we shall later see, they wrote the Oaths of Scottish Rite Freemasonry over one hundred years prior to the creation of their new Order of the Knights of Columbus. In 1879 Edmond Ronayne, another Bible-believing hero, converted Romanist and Past Master of the Keystone Lodge in Chicago, gives some of the guidelines from his Masonic Handbook - Hand Book of Freemasonry -evidencing nearly identical Oaths with Freemasonry's supposed enemies and junior Jesuits, "the Knights of Columbus":

"When a brother reveals any of our great secrets; whenever, for instance, he tells anything about Boaz, or Tubalcain, or Jachin, or that awful Mah-hah-bone ('the name of the great Masonic god'), or even, whenever a minister prays in the name of Christ in any of our assemblies, you must always hold yourself in readiness, if called upon, to cut his throat from ear to ear, pull out his tongue by the roots, and bury his body at the bottom of some lake or pond. Of course, all this must be done in secret, as it was in the case of that notorious man [Captain William] Morgan [who was murdered by the Brotherhood for publishing Illustrations of Masonry,

The Jesuits - 1540 Vatican Assassins 98

otherwise known as Exposition of Freemasonry, in 1827, revealing the first three degrees of Masonry including all the signs and grips while functioning in the lodge room which is patterned after Solomon's Temple], for both law and civilization are opposed to such barbarous crimes, but then, you know you must live up to your obligation, and so long as you have sworn to do it, by being very strict and obedient in the matter, you'll be free from sin." {} 20[Emphasis added])

A portion of the Oath published in 1981 by one of our heroes Alberto Rivera, a former Professed Jesuit under this Extreme Oath reads:

CEREMONY OF INDUCTION AND

EXTREME OATH OF THE JESUITS

(Given to a Jesuit of minor rank when he is to be elevated to a position of command.)

Superior Speaks:

"My son, heretofore you have been taught to act the dissembler among the Roman Catholics to be a Roman Catholic, and to be a spy even among your own brethren: to believe no man, to trust no man. Among the reformers, to be a reformer; among the Huguenots (French Protestants) to be a Huguenot: among the Calvinists, to be a Calvinist: among the Protestants (those who protest and disagree with the Roman Catholic institution), generally to be a Protestant: and obtaining their confidence to seek even to preach from their pulpits, and to denounce with all the vehemence (violent emotion) in your nature our Holy Religion and the Pope; and even to descend so low as to become a Jew among the Jews, that you might be enabled to gather together all information for the benefit of your order as a faithful soldier of the Pope.

You have been taught to insidiously plant the seeds of jealousy and hatred between states that were at peace, and incite them to deeds of blood, involving them in war with each other, and to create revolutions and civil wars in communities, provinces and countries that were independent and prosperous, cultivating the arts and the sciences and enjoying the blessings of peace;

The Jesuits - 1540 Chapter 1 99

To take sides with the combatants and to act secretly in concert with your brother Jesuit who might be engaged on the other side, but openly opposed to that with which you might be connected;

Only that the church might be the gainer in the end in the conditions fixed in the treaties for peace, and that the ends justify the means.

You have been taught your duty as a spy, to gather all statistics, facts and information in your power from every source: to ingratiate yourself into the confidence of the family circle of Protestants and heretics of every class and character, as well as that of the merchant, the banker, the lawyer, among the schools and universities, in parliaments and legislatures, and in the judiciaries and councils of State, and to "be all things to all men," for the Pope's sake, whose servants we are unto death.

You have received all your instructions heretofore as a novice (one who has no training), a neophyte (a newly ordained priest), and have served as a coadjutor (worked as a helper), confessor and priest, but you have not yet been invested with all that is necessary to command in the army of Loyola and in the service of the Pope.

You must serve the proper time as the instrument and executioner as directed by your superiors; for none can command here who has not consecrated (made secret or holy) his labors with the blood of the heretic; for 'without the shedding of blood no man can be saved.'

Therefore, to fit yourself for your work and make your own salvation sure, you will in addition to your former Oath of obedience to your order and allegiance to the Pope, repeat after me:

'I _____, now, in the presence of Almighty God, the blessed Virgin Mary, the blessed Michael the Archangel, the blessed St. John the Baptist, the Holy Apostles, St. Peter and St. Paul and all the saints and sacred hosts of heaven . . .

I furthermore promise and declare that I will, when opportunity presents, make and wage relentless war, secretly and openly, against all heretics, Protestants and Liberals, as I am directed to do. That when the same cannot be done openly, I will secretly use the poisoned cup, the strangulation cord, the steel of the poniard (a dagger) or the leaden bullet, regardless of the honor, rank, dignity, or authority of the person

or persons, whatever may be their condition in life, either public or private, as I at any time may be directed so to do by any agent of the Pope or superior of the brotherhood of the holy faith, of the Society of Jesus.' "

Portugal Newspaper Shows Pope John XXIII Was a Practicing Freemason
Other allegations surface showing John XXIII was closely associated with Communists and Freemasons, as he and his followers illegally usurped the papacy from the lawfully elected and true Pontiff, Pope Gregory XVII.

19 Sep 2006

By Greg Szymanski

After the Vatican Bank scandal erupted in the early 1980's, French and Italian news publications listed the names of more than 150 high ranking bishops, archbishops and cardinals who were active members of Freemasonry, including the P2 Masonic Lodge and other dark and sinister secret societies.

The startling information never was publicized in the United States, but the implications should have been devastating to practicing Catholics worldwide since affiliation with Freemasonry is against Canon Law and grounds for immediate expulsion from the Roman Catholic Church.

As damning as the Masonic connections should have been to the Vatican, nothing happened as the allegations were quickly swept under the rug while those high level Vatican priests connected to Freemasonry actually flourished in positions of Vatican power.

However, as bad as it was for high-ranking bishops to be connected with Masonry, now comes even more shocking allegations that Angelo Roncalli, a.k.a. Pope John XXIII was also a practicing Freemason.

The following article, originally published in the Portugal Daily Newspaper on Nov. 12, 2002, and never seeing the light of day in America, proves beyond a reasonable doubt even the highest leader of the Roman Catholic Church was serving a devilish master instead of following and spreading the word of God.

Not only was Roncalli subject to immediate expulsion from the Church for his duplicitous and satanic actions, other recently declassified FBI documents showed Roncalli illegally usurped the papacy by force, at the 1958 Papal Conclave, from the lawfully elected and true Pontiff, Gregory XVII, formally Cardinal Giuseppe Siri of Genoa, Italy.

Here is the 2002 Portugal news article:

The Portugal Daily News

(November 11, 2002)

Fátima International (FI), an historic review organisation with offices in Australia , USA, Paraguay and Portugal, has issued a further press release claiming that Cardinal Angelo Roncalli, who was elected as Pope John XXIII in 1958, was a Freemason. In 1994 the Portuguese newspapers "O Dia" and "Correio de Domingo" published a summary of FI's investigations into the case, which stated that Pope John XXIII [Roncalli] had been initiated into a secret society, the Order of Rosicrucians, whilst serving as the Vatican's Charge d'Affairs in Paris during 1935.

A spokesman for FI told THE NEWS that Virgilio Guito, former head of the Italian Grande Oriente Masonic Lodges, in a statement published by the French newspaper "30 Days", said: "It seems that Pope John XXIII has been initiated in Paris, and participated in the works of the Lodges in Istanbul". The spokesman said that as leader of Italian Masonry, Guito would be in a position to know with certainty if Angelo Roncalli had been initiated into the Order in Paris. "It would be incredibly reckless of him to make such a statement if it were not true" he said.

According to Carpi's book, during his Nunciature in Turkey, Roncalli was admitted "into the sect of the Temple" receiving the name "Brother John" - Prophecies of John XXIII, Pier Carpi, p. 52.

The implications of FI's disclosures are of tremendous importance to Catholics worldwide. Under Canon Law any Catholic who [...] becomes a Mason is ipso facto excommunicated from the Church. The consequence regarding Angelo Roncalli, would have been that as an excommunicate it would have been impossible for him to be elected pope. FI also points out that any decrees issued by Roncalli under the mantle of the Papacy would therefore be null and void, including the convoking of the Second Vatican Council in 1962.

Long-standing suspicions regarding John XXIII's links to Masonry were further aroused in 1977, fourteen years after his death. Of particular interest was an advertisement published in the USA, Boston Pilot Magazine, which was offering for sale replicas of John XXIII's pectoral cross. The cross was decorated with several Masonic symbols and had been authorised for sale by Archbishop Capovilla of Loreto, Italy, with the backing of the Vatican.

The Australian Robert Bergin, a founder member of FI who died in 1996, spent the last years of his life in Portugal, where he financed several publications detailing the facts linking the plight of Roncalli to the prophecies given by the Virgin Mary at Fátima in 1917. His efforts to persuade the Vatican to investigate Roncalli's Masonic connections were unsuccessful.

This was of little surprise, as in 1976 the Vatican had failed to respond to the Italian journal, *Borghese*, which had published a list of over one hundred bishops and cardinals who it claimed were Freemasons. The list was purported to have been taken from the Italian Masonic Register and included the initiation dates and code names assigned to each of the clerics involved.

Furthermore, the "Siri Thesis/Fact," holds that actually Cardinal Giuseppe Siri was elected pope after the death of Pope Pius XII in 1958, but the newly-elected Pope (Gregorius XVII, formerly Cardinal Siri) was threatened [i.e. put under grave duress at the conclave], prevented from taking the Papal Chair and illegally replaced by Roncalli aka "pope" John XXIII.

As reported on **the Immaculate Heart** web site, here is a sermon by Fr. Louis J. Campbell given on the last Sunday after Pentecost on Nov. 23, 2003, addressing the issue of Pope Gregory XVII as well as other problems within the hierarchy of the Church:

His Holiness Gregory XVII

Those who are "filled with knowledge of God's will, in all spiritual wisdom and understanding" (Col.1:9), are able to read the signs of the times. They look for those things spoken of by Jesus in today's Gospel from the twenty-fourth chapter of St. Matthew, by which we may know that His Second Coming is near. Christians have always looked for signs of the Lord's return, although St. Paul says in Second Thessalonians that the proximate signs of His coming are the "the great apostasy" and the appearing of the "man of sin" the Antichrist.

"We beseech you, brethren, by the coming of our Lord Jesus Christ and our being gathered together unto him, not to be hastily shaken from your right mind, nor terrified, whether by spirit, or by utterance, or by letter attributed to us, as though the day of the Lord were near at hand. Let no one deceive you in any way, for the day of the Lord will not come unless the apostasy comes first, and the man of sin is revealed, the son of perdition, who opposes and is exalted above all that is called God or that is worshipped, so that he

sits in the temple of God and gives himself out as if he were God" (2Thess.2:1-4).

To ignore the signs sent by God is to invite disaster. God sent the Blessed Virgin to Fatima, Portugal, in 1917, to warn the world of the dangers threatened by Communist Russia. If her requests for prayer and sacrifice were not heeded, she said that Russia "will spread her errors throughout the world, causing wars and persecutions of the Church. The good will be martyred; the Holy Father will have much to suffer; various nations will be annihilated." Pope Pius XII, the "Fatima Pope," took her message seriously, although he failed to make the consecration of Russia to her Immaculate Heart together with all the bishops of the world, as she had requested.

If the Revolution of which Our Lady spoke, which began in France and was exported to Russia, were to succeed in becoming global, it would first have to neutralize the Catholic Church, the greatest enemy of the Revolution. Popes like Pius XII could no longer be tolerated. At the time of his death in 1958, the Church and the hierarchy were already riddled with Communist and Masonic infiltrators, agents of change ready to move in for the kill.

Pope Pius had promoted as his successor Cardinal Giuseppe Siri, ardent foe of Communism and defender of the true faith, who would no doubt have followed through with Our Lady's wishes. At the conclave that followed the death of the old Pope, Siri was elected both on the third and fourth ballots, and took the name of Gregory XVII, a fact which is attested to even by documents recently declassified by the FBI, and cited in a recent book. ["The Vatican Exposed" by Paul Williams, pgs. 90-92, Notes p. 243, Prometheus Books, Amherst, NY, 2003. In it Williams cites as his sources the Department of State secret dispatch, "John XXIII" , November 20, 1958, declassified November 11, 1974, and "Cardinal Siri", April 10, 1961, declassified February 28, 1994; the book Murder in the Vatican, Manhattan, page 29-32; and by John Cooney in his book The American Pope: The Life and Times of Francis Cardinal Spellman, 1988, Times Books, as well as Louis Remy in his article "The Pope: Could he be Cardinal Siri?" in Sous La Banniere.

According to the writer on the **Immaculate Heart** web page, the following conclusions can be drawn:

"This should finally be enough to convince the skeptics that the so-called "Siri Theory" is no theory at all, but an historical fact. It is the best explanation why for more than forty years under the "conciliar popes" the Church has been revolutionized, and the true Church is now in a state of eclipse."

The following is an AP story documenting the confusion regarding the 1958 papal election:

VATICAN CITY (AP) 1958 A.D. - Cardinals balloted Sunday without electing a pope. A mix-up in smoke signals made it appear for about half an hour that Pius XII's successor had been chosen. For a time 200,000 Romans and tourists in huge Saint Peter's Square were certain the church had a new pontiff. Millions of others who listened to radios throughout Italy and Europe also were certain. They were certain. They heard the Vatican speaker shout exultantly: 'A pope is elected..'

"The scene around the Vatican was one of incredible confusion. White smoke from a little chimney atop the Vatican is the traditional signal announcing the election of a new pope. Black smoke indicates failure. Twice during the day smoke billowed from the chimney. At noon the smoke at first came white but it quickly turned unquestionably black. This was the sign the cardinals had failed to elect on the first two ballots, at nightfall white smoke billowed from the slender chimney for a full five minutes. For all the outside world knew, a new pontiff had been chosen."

"Clouds of smoke were caught in search lights trained on the Sistine Chapel chimney. 'Bianco! Bianco!' roared many in the crowd. 'White, white.'

"The Vatican Radio announced the smoke was white. The announcer declared the cardinals at that moment probably were going through the rites of adoration for a new supreme pontiff. For a long time Vatican Radio stuck to its insistence the smoke was white."

"Even high Vatican officials were fooled. Callori di Vignale, governor of the conclave, and Sigismondo

Chigi, the conclave Marshall, rushed to take up the positions assigned to them. The Palatine Guard was called from its barracks and ordered to prepare to go to St. Peter's Basilica for (the) announcement of the new pope's name. But the guard was ordered back to barracks before it reached the square. The Swiss Guard was also alerted."

"Chigi, in an interview with the Italian radio, said uncertainty reigned in the palace. He added that this confusion persisted even after the smoke had subsided and until assurances were received from within the conclave that black smoke was intended. He said he had been at three other conclaves and never before seen smoke as varied in color as Sunday's. He told newsmen later he would arrange to have the cardinals informed of Sunday's smoke confusion in the hope that something can be done to remedy the situation Monday."

"Priests and others working within the Vatican grounds saw the white smoke. They started to cheer. They waved kerchiefs enthusiastically, and figures of conclave assistants -- cardinal's assistants -- in the windows of the apostolic palace waved back. Possibly they, too, believed a pope had been elected."

"The crowd waited in agony of suspense. Any pope elected would ordinarily appear on the balcony within twenty minutes. The crowd waited a full half hour now wondering whether the smoke was meant to be black or white. Doubt set in swiftly. Many in the vast crowd began to drift away. But still there was confusion. News media had flashed around the world the word that a new pope had been chosen."

"Telephone calls poured into the Vatican, jamming its exchange. As time wore on and doubts increased, the callers all asked one question: "Black or white?"

"After a half hour, radios began to chatter excitedly that the answer was still uncertain. Only well after the time when a new pope should have appeared on the balcony above St. Peter's Square was it certain that the voting would have to resume Monday at 10 a.m. (3 a.m. CST).

Talking about how the papacy was actually "wrestled" from Pope Gregory by Roncalli who was a friend of Communists and Freemasons, here is the continuation of Fr. Louis Campbell's sermon:

The world had watched expectantly as white smoke signaled the election of the new pope, the crowds cheered, the papal guard assembled to welcome him, church bells rang all over Italy, and reports of his election flashed around the world. But a momentous struggle was taking place within the conclave, the outcome of which was already "fixed". Pope Gregory XVII would not be permitted to take his rightful place in the line of the successors of Peter. The papal office was wrested from Siri, and that friend of Communists and Freemasons, Angelo Roncalli, usurped the papal throne as John XXIII.

John XXIII's address at the opening of Vatican II, the instrument which was to bring about Revolution within the Church, are a rebuke for Pius XII, Cardinal Siri, and the Blessed Virgin Mary herself: "In these modern times," he said, "they can see nothing but prevarication and ruin. They behave as though at the time of former Councils, everything was a full triumph of the Christian idea and life. We must disagree with these prophets of gloom. Divine Providence is leading us to a New Order of things" (John XXIII, October 11, 1962).

The Freemasons could not conceal their delight that a pope who would implement their "New Order of things" was finally seated on the papal throne, something for which they had long plotted and conspired. He was immediately labeled "Good Pope John." No friend of Fatima, considering it a hoax, "Good Pope John" would put a stop to it, beginning by refusing to publish the Third Secret of Fatima in 1960, as Our Lady had requested. Fatima would not be allowed to interfere with his grandiose plans for dialogue with Communism, the Great Red Dragon that threatened to envelop both world and Church in its godless ideology.

The dire consequences of ignoring Our Lady's message at Fatima may be understood from the words of Our Lord Jesus Christ to Sr. Lucy at Rianjo in August, 1931: "Make it known to my ministers that given

they follow the example of the King of France in delaying the execution of My request, that they shall follow him into misfortune." Our Lord was referring to the failure of the King of France to consecrate France to His Sacred Heart, as He had requested through St. Margaret Mary Alacoque. The result- Revolution against throne and altar, bloodshed, apostasy, from which France has never recovered. King Louis XVI, the last king of France before the Revolution, was imprisoned and finally executed in 1793. "They shall follow him into misfortune." Misfortune indeed has fallen upon the papacy and the Church. As a result of ignoring Our Lady's pleas we have seen two great world wars and worldwide Revolution, while the "great apostasy" predicted by St. Paul marches through the Church like the grim reaper.

A sad epilogue to these events confirms their reality. The final insult to the Blessed Virgin Mary is that her beloved Shrine at Fatima has fallen into the hands of apostates who plan to convert it into an ecumenical center "where all the religions of the world will gather to pay homage to their various gods," as the recent news release from Portugal put it. Archbishop Michael Fitzgerald, President of the Pontifical Council for Inter-Religious Dialogue has denied the report, but plans are already underway, and a hideous new basilica will be built to house the strange new Fatima pilgrims.

But we are getting somewhere. Gradually, the truth leaks out, and everyone will soon realize that the true Church has been eclipsed by a monstrous deception. The Immaculate Heart of Mary will finally triumph, and Jesus Christ will return to claim His Bride, the Church, purified and made holy and immaculate through present trials. "He who testifies to these things says, 'It is true, I come quickly!' Amen! Come, Lord Jesus!" (Apoc.22:20). [END SERMON]

Confession No. 15: A Look Back at Who Really Killed Pope John Paul I
The evil and devilish hands controlling the Vatican even kill their own when they try to come against the New World Order and Illuminati.

17 Sep 2006

By Greg Szymanski

There is an outdoor café near St. Peter's Square nicknamed La Strada di Puttani (street of the whores) where common-folk drink espresso while men disguised in black robes perform the devil's dirty work inside the walls of the Vatican.

Coincidentally, the street where the coffee shop sits acquired its rather unusual nickname years ago as it was common knowledge that brothels lined the streets, making it an easy walk for the Vatican priests who blatantly disregarded the vow of chastity just as they recklessly disregarded the vow of poverty, considering the Vatican owns 25 percent of the world's gold bullion and enormous land holdings world wide.

Although the "Street of the Whores" now has turned into a religious side show, as the brothels have been replaced by rows of shops where artifacts such as candles, blessed rosaries and holy water are sold for high prices to tourists who flock to take home a lasting remembrance of their trip to the Vatican.

This street and the café, however, have a lasting remembrance in my soul, not for buying a bottle of tap water supposedly turned holy, but for the first time hearing from a visiting Vatican priest (who will remain nameless) that Pope John Paul I was assassinated by the Vatican Masonic/devil worshipping hierarchy on Sept. 28, 1978, after his 33 day papacy was one of the shortest reigns in papal history.

"Who did it?" I remember asking the priest, as he quickly leaned over his espresso saying the "poison cup was given to him" by former Cardinal and Vatican Secretary of State, Jean-Marie Villot, born in Saint-Amant-Tallende, France in 1905 and died only six months after the assassination of Pope.

Besides getting that incredible inside information of the demise of John Paul I while working as a fledging young reporter in Rome from 1979-1986, the café still holds a lasting memory in my soul since it was also the first place I learned the truth about the Vatican real intentions, as well as its hierarchy being devilishly involved in satanic worshipping and child sacrificing, as rather bloody sacrifices reportedly for centuries had been going on inside what many Italians openly called "the belly of the black beast."

"It's the perfect cover," I remember one Italian telling me who also claimed "nothing is what it appears to be. They claim to be men of God, but they are Lucifer's men bringing destruction to Italy and the rest of the world."

The Italian went on to say the Jesuits and Franciscans were to be watched closely, adding that especially the Jesuits should be watched since they had been assigned the gruesome task of being the Vatican's deceitful and cunning henchmen and assassins worldwide.

Although this Confession with the Jesuits No. 15 will not concentrate on child sacrificing and devil worshipping or the Jesuits worldwide underhanded influence, it will focus on the Vatican assassins of John Paul I, who were none other than those filthy members of the Church's hierarchy actually working for Lucifer and who were also active members of Freemasonry.

It is the contention of this Confession writer and many other esteemed researchers that John Paul I was killed for the following reasons:

--He wanted to clean up the Vatican Bank which was later riddled in 1982 with scandals revealing the Vatican hierarchy's filthy connection with Freemasonry, the Mafia, the CIA and its real purpose of bringing financial destruction while advocating wars and genocide worldwide. *Note: Italian and French reports connected and named over 150 high ranking bishops and cardinals who were active members of Freemasonry, including the P2 Masonic Lodge and many other secret and dark societies.*

--He was against passionately against the policies of the New World Order and the Illuminati, as well as wanting to diminish the power of the Jesuit General, better known as the Black Pope, who is the real leader of the Vatican.

For this he was killed on the 33rd day of his papacy, the number 33 being an occult symbol that good will never defeat evil and the disguise and duplicity of the Vatican will never be uncovered.

Although much information during the early 1980's was uncovered and reported in Europe about John Paul's murderers, including Cardinal Villot's connection, very little information ever surfaced in the U.S. Furthermore, the Vatican's control and evil tentacles to this day have kept any serious investigation under wraps and in the realm of only conspiracy theories.

In fact, Cardinal Villot's reputation and legacy has been tightly protected by the Vatican ever since he died, with reports surfacing firmly denying he had ever had any Masonic affiliations.

However, recently this Confession writer was contacted by the former body guard of the Most Reverend Marcel-François Lefebvre C.S.Sp. (November 29, 1905-March 25, 1991), better known as Archbishop Marcel Lefebvre, a Roman Catholic bishop who took the lead in opposing the reforms within the Catholic Church associated with the Second Vatican Council (1962-65). In particular, he also condemned ecumenism,[3] the principle of religious liberty, collegiality] and the replacement of the Tridentine Mass. In 1970, he founded the Priestly Society of St. Pius X (SSPX), an organization which continues in existence to this day.

No friend of Cardinal Villot, Archbishop Lefebvre had a different view of Villot's activities outside of the Vatican:

"I had the privilege to act as bodyguard for Archbishop Marcel Lefebvre who was no friend of the Masons and said Villot was a member which I believe him," said his bodyguard about what the Archbishop told him before he died.

So, knowing Cardinal Villot was connected with the dark side, let's look at what others have found over the years connecting the Vatican hierarchy with responsibility of ordered the death of its own leader. However, first let's briefly look at some of the main characters:

Who was Pope John Paul I?

Pope John Paul I (in Latin Ioannes Paulus PP. I), born Albino Luciani (October 17, 1912 - September 28, 1978), reigned as pope and as sovereign of Vatican City from August 26, 1978 to September 28, 1978. His 33-day papacy was one of the shortest reigns in papal history, resulting in the most recent Year of Three Popes. By contrast, the pontiff who succeeded him and who shared his regnal name, John Paul II, went on to have one of the longest reigns in history.

Having died before he could make a legacy as a pope, he is best remembered for his friendliness and humility, drawing comparisons with "Good Pope John", the widely popular Pope John XXIII.

He was the first pope to choose a double name and did so to honor his two immediate predecessors, Pope John XXIII and Pope Paul VI. He was also the first (and so far only) pope to use "the first" in his regal name.

Who was Cardinal Villot?

Jean-Marie Cardinal Villot (11 October 1905 - 9 March 1979) was a French Cardinal of the Roman Catholic Church, Archbishop of Lyon, and a prominent member of the Roman Curia in Vatican City.

Born in Saint-Amant-Tallende, France in 1905, Jean-Marie Villot was ordained a priest in 1930 and an auxiliary bishop of Paris in 1954.

Villot was named Archbishop of Lyon in January 1965 and was elevated to Cardinal the next month by Pope Paul VI, in the consistory of 22 February, with the title of Cardinal-Priest of SS. Trinità al Monte Pincio. He was later given the title of Cardinal-Bishop of Frascati in 1974. Pope Paul VI appointed him prefect of the Congregation for the Clergy in April 1967 and he would then from henceforth play a very prominent role in the papacy of Paul VI, being named Cardinal Secretary of State by Paul in May 1969. In 1970, Cardinal Villot was named Camerlengo of the Holy Roman Church.

In July 1971 he was appointed president of the newly-formed Pontifical Council Cor Unum. It was a position he held until 1978 when he resigned from it during the reign of Pope John Paul I.

Villot remained Secretary of State for the remainder of Paul VI's reign, and was retained in that capacity by both John Paul I and John Paul II, although there is some speculation that he might have been slated for replacement by John Paul I had the Pope reigned longer.

Cardinal Villot participated as an elector in both the August 1978 Papal conclave that elected John Paul I and the October 1978 Papal conclave that elected John Paul II as Pope. Jean-Marie Cardinal Villot died in 1979 in Rome.

Before looking at some of the others involved in John Paul's untimely demise, let's look at how other researchers, including David Yallop and Father Jesus Lopez Saez, felt about the murder of the Pope, as reported by an unknown researcher on the internet:

The murder of Pope John Paul I

"We will go back, My child, in history, a short history, and remember well what had happened in Rome to John, Pope John, whose reign lasted 33 days. O My child, it is history now, but it is placed in the book that lists the disasters in mankind. He received the horror and martyrdom by drinking from a glass. It was a champagne glass given to him by a now deceased member of the clergy and the Secretariat of the State [Cardinal Villot]." - Our Lady of the Roses, May 21, 1983

Yet another book has been written on the suspicious death of Pope John Paul I, this time by a Spanish priest named Father Jesus Lopez Saez. Building upon the work of David Yallop, Father Saez writes:

*After almost three years of research, David Yallop wrote, in his book *In God's Name* (1984), that the precise circumstances attending the discovery of the body of John Paul I "eloquently demonstrate that the Vatican practiced a disinformation campaign." The Vatican told one lie after another: "Lies about little things, lies about big things. All these lies had but one purpose: to disguise the fact that Albino Luciani, Pope John Paul I, had been assassinated." Pope Luciani "received the palm of martyrdom because of his convictions."*

Sister Vicenza

Sister Vicenza found the Holy Father dead at approximately 4:45 a.m. on September 29, 1978 and was forced to keep silent by the Secretariat of State, Cardinal Villot, who imposed a vow of silence upon her to cover-up the whole affair. The secretaries were likewise forbidden to advise anyone of the events without Cardinal Villot's authorization. A trustworthy person conveyed to Fr. Saez personally that Sister Vicenza had said, "But the world must know the truth."

Sister Vicenza gave two conflicting reports concerning the state that she first found Pope John Paul I. According to her breathless words to a group of French priests that same morning, it was "in his bathroom" that she had "found him dead." Yet another report (no doubt arranged by Cardinal Villot), says that Sister Vicenza entered the room and found the Pope sitting up in

bed, "with an expression of agony" before he died. This discrepancy is very important: if it was determined that Sister Vicenza found the Holy Father dead in the bathroom, still in his papal robes, this would indicate that Pope John Paul I died shortly after his "toast" with Cardinal Villot the night of September 28, 1978.

Cardinal Villot in the hours following Pope John Paul I's murder

David Yallop reconstructs the actions of Cardinal Villot and paints a very suspicious portrait. It is reported that at 5:00 a.m. Cardinal Villot confirmed the Holy Father's death. The Pope's glasses, slippers, and will disappeared, "none of these items has ever been seen again." Speculation is that there may have been vomit on the slippers, which if examined would identify poison as the cause of death.

Cardinal Villot (or an aide) telephoned the embalmers and a Vatican car was sent to fetch them. Incredibly, the car was at their door at 5:00 a.m.! What ensued in the following hour is still a mystery.

It was not until 6:00 a.m. that Dr. Buzzonati (not Professor Fontana, the head of the Vatican medical service), arrived and confirmed the death, without drawing up a death certificate. Dr. Buzzonati attributed the death to acute myocardial infarction (heart attack).

At about 6:30 a.m. Villot began to inform the cardinals, an hour and a half after the embalmers had arrived! Yallop notes that, for Cardinal Villot, the embalmers took precedence over the cardinals and the head of the Vatican medical service.

By 6 p.m. that evening, the Papal Apartments had been entirely polished and washed. Yallop writes that the secretaries packed up and carried away the Pope's clothes, "including his letters, notes, books and a small handful of personal mementos.... By 6:00 p.m., the entire 19 rooms of the Papal Apartments were totally bereft of anything remotely associated with the Papacy of Luciani."

Villot arranged for the embalming to be performed that evening, a procedure as unusual as it was illegal. Why the rush? It is also reported that during the embalming it was insisted that no blood was to be drained from the body, and neither were any of the organs to be removed. Yallop notes that "a small quantity of blood would of course have been more than sufficient for a forensic scientist to establish the presence of any poisonous substances."

An alibi for Cardinal Villot:

As the book *In God's Name* (more than 5 million copies sold) attracted worldwide attention, a disinformation campaign arose in 1984 to discredit David Yallop's conclusions. In a news article quoting Fr. Giovanni Gennari (attempting to defend the Curia against the accusations of investigative journalist David Yallop), Fr. Gennari stated: "John Paul II's predecessor mistakenly took an overdose of tranquilisers... After his conversation with Cardinal Villot, the Pope [John Paul I] mistook the dose he should have taken." (*Ouest-France*, undated press clipping, July 1984) The same article repeats a statement made by Cardinal Villot in 1978, his alibi

Villot: "What occurred was a tragic accident. The Pope had unwittingly taken an overdose of his medicine. If an autopsy was performed it would obviously show this fatal overdose. No one would believe that His Holiness had taken it accidentally. Some would allege suicide, others murder. It was agreed that there would be no autopsy."

So Cardinal Villot's alibi was that Pope John Paul I overdosed on his own medication for low blood pressure (*Effortil*). This alibi intentionally left room for speculation of suicide, to deflect attention away from the real cause of John Paul I's death: poisoning by Cardinal Villot himself.

Pope John Paul I was in good health

According to Dr. Buzzonati, Pope John Paul I's cause of death was a heart attack. Regarding this alleged "heart attack," John Paul I's niece affirmed:

"In my family almost no one believes it was a heart attack that killed my uncle. He never had heart trouble or any illness of that kind." (*San Juan Star*, October 3, 1978) <http://www.thesanjuanstar.com/>

And Pope John Paul I's brother:

"John Paul's brother Edoardo, in Australia on a trade mission, reported that the Pope had been given a clean bill of health after a medical examination three weeks ago. He was frail in health as an infant and as a young priest, but there were no reports of heart trouble." (*San Juan Star*, October 9, 1978)

From *Time* magazine (October 9, 1978):

In an earlier age so untimely a death might have stirred deep suspicions: "If this were the time of the Borgias," said a young teacher in Rome, "there'd be talk that John Paul was poisoned."

But the Vatican replied that such allegations were "irresponsible." (San Juan Star, October 18, 1978)

Enough evidence for any law-respecting state

Fr. Saez notes in his book that the amount of evidence is such that "no judge on earth could disregard it." He also notes that

"the data and the evidence that we already possess would justify a serious judicial enquiry in any law-respecting state. Now, not only does the Vatican refuse to conduct such an enquiry, but it does exactly the opposite: it thwarts and suppresses any research that tries to get to the bottom of this enigma surrounding John Paul I's death. This state of affairs is manifest in the Vatican's refusal to carry out an autopsy (if in fact one was not carried out) or in the clandestine nature of this operation (if it did actually take place). It also reveals itself in the obscurity surrounding the embalming, in the way that information regarding the circumstances of the death and the discovery of the body was manipulated, in the silence imposed on Sister Vicenza, in the pressure brought to bear on individuals and institutions, and in the widespread fear of speaking about this whole affair. This fear, whether conscious or not, runs particularly deep in ecclesiastical circles."

Prior to Pope John Paul I's murder, Our Lady's message of September 13, 1978 warned that there was a "foul plot" against the Holy Father, and that the world would "soon understand" what She meant. According to Fr. Saez, a recent poll reports that 30% of Italians are convinced that John Paul I was assassinated (about 15 million people).

*Fr. Saez's book, *Se Pedira Cuenta*, (143 pages) is published by: Origenes; Plaza del Tuy, 4; 28029 Madrid Spain.*

"But, My children, as I said in the past, I repeat again, that satan and his agents, the band of 666, has entered into the highest places of the hierarchy; and therefore he has captured some of Our formerly noble hierarchy to do his bidding." - Our Lady of the Roses, June 1, 1978

Our Lady of the Roses awesome Bayside Prophecies... <http://www.tldm.org/..Bayside/>

These prophecies came from Jesus, Mary, and the saints to Veronica Lueken at Bayside, NY, from 1968 to 1995.

The murder of Pope John Paul I

"We will go back, My child, in history, a short history, and remember well what had happened in Rome to John, Pope John, whose reign lasted 33 days. O My child, it is history now, but it is placed in the book that lists the disasters in mankind. He received the horror and martyrdom by drinking from a glass. It was a champagne glass given to him by a now deceased member of the clergy and the Secretariat of the State [Cardinal Villot]." - Our Lady of the Roses, May 21, 1983

Furthermore, to help in understanding some of the other evil doers inside the Vatican before and after the murder of John Paul I, a web site entitled Bayside Prophecies provided an analysis of some of the major players, including the aforementioned Cardinal Villot:

For the sake of brevity, we will focus on only four cardinals: Cardinals Villot, Benelli, Casaroli, and Sodano. Three of these Cardinals have held the office of the Secretariat of State, the second highest position in the Catholic Church. Our Lady of the Roses mentioned three of these men by name on September 27, 1975:

"Antonio Casaroli, you shall condemn yourself to hell! Giovanni Benelli, what road have you taken? You are on the road to hell and damnation! Villot, leader of evil, take yourself from among those traitors; you are not unknown to the Eternal Father. You consort with the synagogue of satan. Do you think you shall not pay for the destruction of souls in My Son's House?" (Our Lady, September 27, 1975)

Cardinal Villot

*Fr. Jesus Lopez Saez, in his book *Se Pedira Cuenta*, reports that 30% of Italians are convinced that John Paul I was assassinated (about 15 million people). The convictions of these people are confirmed by Our Lady of the Roses: "We will go back, My child, in history, a short history, and remember well what had happened in Rome to John, Pope John, whose reign lasted 33 days. O My child, it is history now, but it is placed in the book that lists the disasters in mankind. He received the horror and martyrdom by drinking from a glass. It was a champagne glass given to him by a now deceased member of the clergy and the Secretariat of the State [Cardinal Villot]." - Our Lady, May 21, 1983 (Read more...)*

Cardinal Benelli

After the murder of Pope John Paul I, prior to the papal election in October, 1978, Our Lady of the Roses gave this dire message: "My children, a conclave shall start, and without prayers you will receive one on the seat of Peter, one with dark spirits, consorting with the devil." (Our Lady, October 6, 1978)

And Our Lady of the Roses message of June 4, 1977: "Already in Rome, as I gave you in the past, the man called Benelli has come forward to approach the seat of Peter and to bring upon Rome the full reign of 666 on the seat of Peter! I beg you, I implore you, as your Mother, to listen! I have warned you now upon your earth; I have come to you as a Mediatrix between God and man, imploring you to listen to My counsel and My direction. The forces of hell are loosed upon your earth now."

Our Lady of the Roses prophecy fulfilled

The history of this papal election bears witness to Our Lady of the Roses prophecy:

In the first ballot Cardinal Benelli got 22 votes; Siri 18; Felici 17; Baggio 15; Poletti, the Vicar General of the Pope, 6; Cardinal Wojtyla only 2. The remaining 31 votes were dispersed (of the 138 electors, 27 were Italians). 75 votes were required to be elected.

The second vote shortened the field with a big surprise: Cardinal Siri had no votes, but Felici had increased to 30. Benelli had escalated to 40; he needed 35 more to win. Cardinal Wojtyla was astonished to have escalated to 9. Cardinal Koenig was certainly his enthusiastic fan, making proselytes in his favor, especially among the Polish and Germans such as Cardinals Krol and Ratzinger. The other 23 votes were dispersed. The idea of a non-Italian Pope was still hard to digest.

For the third vote there were two big contenders: Cardinal Felici, 38; and Benelli, 46. Cardinal Wojtyla remained immovable at 9 votes.

The fourth ballot was, for many, the end, when they heard that Benelli had got 20 more votes for a total of 60, leaving all other challengers far behind.

So went the fifth and the sixth ballots, except that Cardinal Wojtyla had started to gain ground and his supporters now were 25.

After the seventh ballot, Cardinal Benelli thought he was nearly elected: 70. Five more and he would be the new Pope. Still black smoke poured through the Sistine chimney.

Suddenly, after the eighth ballot, the count had switched: Cardinal Wojtyla, 70; Benelli, 40. All stared at Wojtyla, who went to his room to pray.

Finally, the ninth scrutiny voiced loudly: Karol, Cardinal Wojtyla, from Krakow, had obtained 96 votes. The news was announced by white smoke. Pope John Paul II had become the 266th successor of St. Peter!

Cardinal Casaroli

Our Lady of the Roses gave yet another stern warning to Cardinal Casaroli: "And now, My child, I must ask that you write, that you all write, to Cardinal Casaroli, who is influencing the Holy Father to not listen to this message. His influence shall bring great penance to his soul if he does not come from his course of appeasement, which shall lead to enslavement for many. My child and My children, I do not have to go into a long discourse to tell you of the evils of communism. The world, and its condition, speaks for itself." (Our Lady, June 18, 1987) (Read more...)

Cardinal Casaroli became the Secretary of State in 1979, and held that position throughout the following decade. He was considered the primary practitioner of the Vatican policy of "ostpolitik" (which is precisely the "course of appeasement" Our Lady was talking about) during the years of the Cold War, and in a public address he described his successful efforts to persuade Pope Paul VI to seek accommodations with the Soviet empire-- abandoning the policies of Pope Pius XII, who had refused all forms of cooperation with the communist regime.

Pope Paul VI was torn by doubt about the morality of "ostpolitik," which was administered during his pontificate by the late Cardinal Casaroli. In an interview not long before his death, Casaroli revealed that Pope Paul feared he was not being faithful to the Gospel in remaining silent while Catholics were suffering communist persecution, and that Casaroli had to persuade the Pope "to stay with his (Casaroli's) policy." ["Paul VI had doubts about ostpolitik," CWN news interview, Nov. 24, 1997]

Cardinal Casaroli died on June 9, 1998.

Cardinal Sodano

Cardinal Sodano, once holding the second most powerful position in the Catholic Church (Secretariat of State), has publicly denounced Pope John Paul II as "despotic."

Sodano: praises heretic

In a 1998 speech at the Lateran, Cardinal Sodano praised the heretic Hans Kung as having written "beautiful passages on the Christian mysteries," even though Kung has denied: the divinity of Christ, the miracles of the Gospel, the bodily resurrection of

Christ, the historical founding of the hierarchical Catholic Church, and that the Mass is a re-presentation of the Sacrifice of Calvary.

Cardinal Sodano called Kung "the German theologian," even though Cardinal Ratzinger (by order of Pope John Paul II) had stripped Küng of his theological credentials in 1998. Kung is considered to be the most notorious heretic of the post-conciliar era.

Sodano: receives praise from liberals, heretics and anti-Catholics

Cardinal Sodano has drawn praise from the infamous and heretical organization "Call to Action." Readers may recall that Bishop Fabian Bruskewitz of Lincoln, Nebraska, excommunicated all Catholics in his diocese who attained or retained membership in Call to Action after April 15, 1996 (Read more...). Advocates of Call to Action, elated at what they termed a "Vatican thaw," proclaimed that Cardinal Sodano astonished the worldwide Church by praising the heretical Swiss theologian Hans Kung

The liberal National Catholic Reporter (NCR) also joined the bandwagon. The April 3, 1998 edition applauded Cardinal Sodano's friendly mention of Kung. The NCR promotes contraception, married priests, and acceptance of woman priests, amongst other things.

Hans Kung was happy, too. He said, "I never got much praise from the Vatican ... I think ... it's an indication of change ... coming changes in the general climate of the Church."

Are any Catholics paying attention?

Sodano: supported Germany's collusion in counselling that facilitated abortions

Cardinal Sodano initially supported Cardinal Lehmann's stance that Germany's issuance of certificates used to kill children was a matter for the bishops of Germany to decide. But Sodano was later forced to sign a joint Vatican declaration with Cardinal Ratzinger, insisting that the German bishops' complicity in abortion must cease.

According to The Tablet (April 28, 2001), Cardinal Sodano "had originally supported [Cardinal] Lehmann's position in the controversy over whether the Catholic Church in Germany should continue to provide some of the pregnancy counselling centers there, as Lehmann desired. The question was whether the Church was colluding in abortion by issuing certificates confirming that pregnant women in distress had been given counselling, if these were then used to secure a termination. It had been Sodano's opinion that such matters could be decided by the local bishops' conferences, but eventually he was forced to sign a decree together with Ratzinger which compelled the German Catholic bishops to pull out"

Sodano: honors mass-murderer Gorbachev

At a June 27, 2000 Vatican press conference, Mikhail Gorbachev was given a seat of honor between Vatican Secretary of State Cardinal Angelo Sodano and Cardinal Achille Silvestrini. The subject of this "press conference" (at which no questions were permitted) was the Ostpolitik of the late Cardinal Casaroli, the former Secretary of State. The Vatican's policy of refusing to condemn communist repression of Catholics during the Cold War was lauded by Gorbachev and the two Cardinals. This is the same Gorbachev who, in 1987, told his fellow communists that "There must be no letup in the war against religion because as long as religion exists, communism cannot prevail. We must intensify the obliteration of all religions." This is the same Gorbachev who promotes worldwide abortion and contraception through his tax-free foundations. And this is the same Gorbachev who ordered the bloody invasion and war against Afghanistan, in which between 1.5 million and 2 million Afghans were killed (90% of whom were civilians), and 2 - 4 million were wounded.

Cardinal Sladkevicius of Lithuania, a witness to communist persecution of the Church, has warned, "The West has committed a serious error: it is trusting Gorbachev." The Cardinal also said, "Behind the openings of perestroika, a sham can be hidden: I am truly scandalized by the enormous and gratuitous credit which is given to the Kremlin outside the U.S.S.R."

And the Church has been scandalized by Cardinal Sodano.

Sodano: perpetuates infamous Vatican-Moscow Treaty

This horrendous scandal of honoring a murderer like Gorbachev would not have been possible without the Vatican-Moscow Treaty, the outcome of secret negotiations between the Holy See and the Kremlin in Metz, France in 1962. Cardinal Tisserant, Pope John XXIII's own representative, met with Archbishop Nikodim, the Kremlin spokesman, who at the time was head of the department of the external relations of the Russian Orthodox Church. At this meeting, the Vatican promised not to attack the people or the communist regime of Russia at Vatican II. This agreement enabled Russian Orthodox observers to attend the Council.

This existence of the Vatican-Moscow Treaty explains a great deal. It explains why the petition of more than 200 bishops from 46 countries to discuss communism during Vatican II was blocked. It also explains why the petition of the Spanish and Portuguese bishops to consecrate Russia at the Council was also refused.

This treaty has perpetuated a "communism-friendly" negotiating style amongst the Catholic hierarchy that has, for the most part, silenced the Church from effectively speaking out against the atrocities of this godless and ruthless system. In 1990, the KGB defector Anatoly Golitsyn warned of this mistaken attitude:

"The Vatican should reverse its mistaken support for the renew of the communist regimes.... It fails to understand the greater apparent official tolerance of religion ... is accompanied by a secret drive to increase Party and KGB penetration of the Catholic and other churches and to use agents therein for political and strategic purpose..."

Just what Our Lady of the Roses has warned us about for years, but who listened? Pope Pius XI, prior to Vatican II, issued this crystal-clear condemnation of atheistic communism:

"See to it venerable brethren, that the faithful do not allow themselves to be deceived! Communism is intrinsically evil, and no one who would save Christian civilization may collaborate with it in any undertaking whatsoever. Those who permit themselves to be deceived into lending their aid towards the triumph of communism in their own country, will be the first to fall victims of their errors." (Pope Pius XI, Divini Redemptoris)

Cardinal Sodano continues to uphold the infamous Vatican-Moscow Treaty, the "course of appeasement", and seeks to silence all those who support and encourage the Pope to use God's weapon against worldwide communism: the consecration of Russia by the Pope and all the bishops of the world to the Immaculate Heart of Mary.

*"Go forward, My child, now, and bring this message to the world: satan has entered into the House of God. He rules now from the highest places. The world and the Church of God is in deep darkness. Those who are in command-many have fallen away. Pray, My children, much, for with your prayers and sacrifices they, too, can be recovered."

Confession No. 14: The 9/11 Dead, Speaking In The Midnight Skies, Demand Justice

Any discussion of who are the real perpetrators of 9/11 is incomplete with discussing Vatican and Jesuit Order hierarchy.

15 Sep 2006

By Greg Szymanski

If you listened closely last night, the voices of the 9/11 dead began speaking from the heavens, demanding with a thunderous midnight cry to bring the true perpetrators to justice.

And in the name of the fallen, we begin this Sept. 11 Confession with the Jesuits with a moment of silence and a solemn prayer for the more than 3,000 innocent souls killed by the U.S. government with complicity of the Vatican hierarchy and the evil hierarchy of the Jesuit Order.

Yes, the Mossad was involved. Yes, the CIA played an important role. Yes, the members of the CFR knew what was coming down. And yes they all knew full-well and without a shadow of a doubt that Muslim terrorists were going to be used as scapegoats and that they had the full cooperation of all the Middle East leaders who agreed to play the bad guys in this fake war on terrorism and who together with their corrupted American leaders are all playing on the same New World Order/Illuminati team.

However, even if you nailed every last one of them you still wouldn't have cut off the head of the real snaky perpetrator until the chain of 9/11 legal causation was linked to the Vatican hierarchy and the creepy hierarchy of the Jesuit Order led by the priest known as the Black Pope and the Jesuit General, Fr. Peter-Hans Kolvenbach.

Although prayers or a court of law can never bring back the lives cut short on 9/11, we can at least in the names of those who died, as well as for the sake of their loved ones, dedicate all of America's resources and all of America's waking hours to nail the real killers hiding behind black robes and the thin veil of a free America.

Simply put, five years have passed and the 9/11 criminal investigation has been a joke.

The U.S. has put up a big smokescreen. The media has helped spread more smoke. Hollywood movie and video makers are now profiting from the tragedy by spreading more false propaganda.

And the table is now set like it was in the JFK assassination debate for 30 more years of endless seminars and symposiums among truth seekers who enjoy listening to themselves talk and essentially playing with the tail of the snake instead of having the courage to cut off its ugly head.

As we meet for Confession 14 among the peaks of the Rockies where God's beauty still abounds, we urge the Jesuit Order and the Vatican hierarchy "to finally come clean and give it up," so to speak in the parlance of street criminals, as many good Americans now fully understand who are the true spiritual leaders of the New World Order.

However, those Americans who still only listen to Katie Couric and mainstream media, who are covering for the spiritual controllers, are told the war on terrorism is being caused and 9/11 was caused by Muslim extremists.

For those Americans who don't buy the official government story, now estimated by a recent poll to be 36 percent of the population, they are forced to turn to the alternative media for answers.

And when one turns to the alternative media, they are most likely to hear in unison from most sources in radio, print and internet television, the real perpetrators of the war on terrorism and 9/11 are either the international banksters and the Zionist Jews.

What's most disturbing in the alternative media is that usually the discussion of the real snakes in the grass goes no farther than corrupted politicians, Zionist Jews and international thieves and banksters.

However, after a close examination of distorted and hidden history, as well as modern day realities of the true power of the Vatican and their henchmen Jesuits, we have come to the conclusion that any discussion of who really caused 9/11 is incomplete without a thorough investigation of the above-mentioned entities, both of which are far more than just benign religious organizations.

Knowing this discussion will be silenced on this 5th anniversary of 9/11 by the true spiritual controllers and their temporal co-conspirators in the media, government and other religious organizations, we present the writings of true patriot, Eric Jon Phelps, author of Vatican Assassins, who is one of the few Americans brave enough to speak out and cut off the head of the real snake behind 9/11 and the war on terrorism – the Vatican hierarchy and the hierarchy of the Jesuit Order.

Here are some of Phelps' writings:

Vatican and Jesuit Connection to 9/11

Peter-Hans Kolvenbach, the General of the International Military Order of the Society of Jesus, commonly known as "the Black Pope", ordered the attack on the World Trade Center and the Pentagon on Tuesday, September 11, 2001, with the advice and consent of his General Staff, composed of five assistants (each representing a hemisphere and under whom are many advisory Provincials), an advisor (resembling the likes of a military commander to warn him of any faults or mistakes), and his confessor (to ease his conscience and absolve him of his many sins).

Why? Because the appointed time has arrived for the Jesuit General to destroy both the Dome of the Rock and the Al Aqsa Mosque in Jerusalem, secretly using his CIA/Nazi-trained, Masonic Zionist Mossad in conjunction with his CIA/Nazi-trained, Masonic Islamic Intelligence Agencies, including Osama bin Laden's MAK and Pakistan's ISI, while shrouded in the confusion of a huge aerial war yet to come. This will enable the General's crusading Knights Templars (the present day Shriner Freemasons) to rebuild Solomon's Temple — for the Papal Caesar in Rome's Vatican. And how could the Black Pope destroy these Moslem Mosques, they comprising the third most important Islamic religious site in the world behind Saudi Arabia's Mecca and Medina, without causing an uncontrollable Moslem holy war, called a "jihad", resulting in the destruction of Pope Pius XII's creation of Zionist Israel? (Remember, Israel was admitted into the New York-based United Nations in 1949 through the efforts of Jesuit-trained Francis Cardinal Spellman – the darling of Pope Pius XII who, after his Jesuits carried out the Jewish Holocaust in Europe and then driving the survivors to Palestine, intended, under the guidance of his Jesuit confessor, Augustin Cardinal Bea, to make Jerusalem an international city – while governed by the Papal Caesar's Chaim Weizmann and his Masonic Jewish Zionists.) The Black Pope must cause a war using a country he also wishes to further destroy. Enter the "Holy Roman" Fourteenth Amendment American Jesuit Empire created in 1868 on the ruins of George Washington's Calvinist Republic, the last political stronghold of the Protestant Reformation with freedom of conscience, freedom of speech and freedom of the press.

Here was the "Father General's" plan. In synchronizing his worldwide overt and covert factions to work the Order's evil ends of the Vatican's Counter-Reformation in restoring the Papal Caesar as the absolute Universal Monarch of the World, the Black Pope used his Masonically-controlled, fanatically anti-Jewish Race, Islamic Intelligence operatives under the domestic control of the CIA (Osama bin Laden having been directed, financed and trained by the CIA for at least ten years — just like Jesuit-trained and CIA-financed Fidel Castro before he, like bin Laden, became a false enemy of the CFR-controlled American government) to be openly and notoriously instructed as Islamic pilots at the Venice Airport (a Florida facility used by the CIA since 1948) in order for Archbishop Egan's controlled American Press to spread the prepared news release that the doomed airliners were hijacked by "Arab terrorists" in the employ of Osama bin Laden when in fact, to the horror of the American pilots, the airliners had been taken over and guided to their targets, remotely controlled by American Military Intelligence operatives overseen by the Black Pope's CIA/NSA.

The Mussulmans in training never boarded the airliners involved in the September attacks evidenced by the absence of Islamic names on all four passenger lists. There was no fight between the passengers and the "hijackers" on flight 93, as reported by the deceived wife of the late Jeremy Glick. For flight 93 was shot down by an F-16 fighter, blowing off its wing which landed at least six miles away from the main wreckage! And if the inexperienced "hijackers" had boarded all four airliners, the novices never would have been able to navigate the planes into the targets unless they had been crack fighter pilots according to a group of highly professional, both civilian and military, American aviators. Archbishop Egan's CFR-controlled American Press then placed the blame for these acts of high treason and murder squarely on the shoulders of the Black Pope's Saudi prince and CIA operative, Osama bin Laden, including his al-Qaeda Network secretly working for the Jesuit General's International Terrorist Network. Tens of thousands of "heretic and liberal" Americans perished, thereby justifying a war between the Moslem World and "the Great Satan".

(Has not American technology, developed through the Protestant right of freedom of conscience as applied to science, brought wealth and prosperity to the once poverty stricken, barren wilderness of Saudi Arabia, the cultural center for the religion of Islam? And if so, why would not Saudi Arabia, in a gesture of thankfulness, give economic aid to their brother Moslem Arab Palestinians enabling them to relocate to other surrounding Islamic nations of their choice? Would not this further secure the peace of the Jewish People now in their own land, having been persecuted and mass murdered for the last two thousand years, whose right to the land through the Abrahamic Covenant has never been abrogated by them or disannulled by Almighty God who gave it to this "seed of Abraham" in Genesis 17: 7, 8?

A Papal conspirator in the assassination of Israel's Masonic Prime Minister, Yitzak Rabin, Freemason Shimon Peres, who was educated by Jesuits as a youth in Poland and now the Minister of Foreign Affairs of Zionist Israel, is being welcomed to the Jesuit General's Council on Foreign Relations, based in New York's Harold Pratt House, by its Masonic Chairman of the Board, Peter G. Peterson, and by one of its Directors, Leslie H. Gelb, on September 29, 1993. Shimon Peres also holds shares in the PLO's public phone company, Paltel, in conjunction with the Bin Laden Royal Family of Saudi Arabia and Yassir Arafat! Since there is an obvious Bush/Bin Laden business connection through the CFR's Carlyle Group headed by Edward Cardinal Egan's Knight of Malta Frank C. Carlucci, why should not there be a similar connection between Peres, Bin Laden and Arafat? For they are all in the same Masonic Brotherhood's "Invisible Empire" overseen by the sovereign Grand Master and Commander of all - the Black Pope.

A Papal mass murderer of Jewish People, "Chairman" of the Palestinian Liberation Organization (PLO) and professional agitator, Freemason Yassir Arafat is also being welcomed by the Archbishop of New York's Council on Foreign Relations in the person of one of its "Presiders", Lee H. Hamilton, on January 20, 2000.

Could it be that neither the Masonic Jewish Zionists in the person of CFR-controlled Shimon Peres nor the Masonic Moslem Palestinian Liberation Organization in the person of CFR-controlled Yassir Arafat, both being secret agents for the Black Pope, truly want to resolve this Jesuit agitation? Do not the ongoing and unfair international negotiations, like the historic Treaty of Versailles, always promote more intense resultant agitations, furthering the agenda of Rome's Papal Caesar who intends to rule the world from a

Third Temple in Jerusalem? Indeed, this unceasing agitation is necessary if the Pope is to be the Universal Monarch of the World!)

The Black Pope now has a perfect war between two Peoples he wishes to destroy. For both Peoples, the White and Black Protestants and Baptists along with the Jewish Race of North America, and the Semitic Moslems of the Middle East, are condemned by the Jesuits' evil and wicked Council of Trent, they having been historically the greatest enemies of the Jesuit Order's "infallible" Pope, who, since the days of Innocent III (1215), has claimed to be the one true God on earth. According to Motley's *The Dutch Republic*, it was America's White Anglo-Saxon Protestant-Calvinist Dutch Reformed forefathers, known as the "Wild Beggars of the Sea", who gave religious liberty to Bible-based Western Civilization. These godly and fearless sailors, in stoutly resisting Papal tyranny, wore an Islamic Crescent – not a Cross – on their caps with the immemorial inscription written below:

"Rather Turkish Than Popish".

The institutions to be destroyed on September 11, 2001 were the Banking and Military centers of "the Great Satan" – the Pope's World Trade Center and the Pentagon overseen by his Knights of Malta – supporting and protecting the Pope's Zionist government of Israel. There, the Jewish People, in the midst of whom are the Lord's beloved Jewish Race, known as "the holy seed" with Biblical promises yet to inherit including the fulfilling of the Abrahamic and Davidic Covenants under their returning Messiah, the Lord Jesus Christ, have been set up to be ultimately betrayed, as they are UNKNOWINGLY living under the secret government of the Black Pope, publicly overseen by his Masonic Jewish Zionists in conjunction with certain of his Masonic Talmudic Rabbis, who betrayed their own Jewish People, both racially and religiously, into Hitler's Death Camps during World War II!

Its subterranean storehouse of gold quite possibly having been previously removed to the New York Federal Reserve Bank, the World Trade Center was sacrificed, INTERNALLY IMPLoded, using surgically placed Composition C5 charges detonated by the New York Archbishop, Edward Cardinal Egan, through his unified American Intelligence Community.

Cardinal Egan's American Intelligence Network includes the Central Intelligence Agency, the National Security Agency, the Secret Service, Military Intelligence, the Federal Bureau of Investigation, and the Mafia Commission. Years ago these agencies and criminals all worked together in carrying out the Kennedy Assassination and Cover-up under the control of their former master, Francis Cardinal Spellman.

The World Trade Center's Masonic Twin Towers, Jachin and Boaz, were sacrificed in EXCHANGE for the future destruction of the Dome of the Rock and the Al Aqsa Mosque in Jerusalem. This mass murder has ignited American blind patriotic rage as calculated, that rage being now directed by the Black Pope's CFR-controlled Press, including his CFR-controlled Masonic Jewish Zionists, against the Islamic Middle East Peoples — among whom reside the Masonic Moslem branch of the Jesuit General's International Terrorist Network. This act of secret Papal terrorism has been used to justify a massive foreign war, a secret Papal Crusade, while the tools of the Jesuit Order have tyrannically implemented domestic martial law by means of the "USA PATRIOT Act" in America and the "Bomb Bill C-36 Act" in Canada. Sadly, cooler and more informed, truly patriotic heads have not prevailed. God help us!

This attack was an act of war carried out by the slaves of the Black Pope, both domestic and foreign, thereby enabling the White Pope's American fascist puppet, George W. Bush, to declare a "war on [Islamic] terrorism" – to the exclusion of Roman Catholic terrorism led by secret Jesuits such as Fidel Castro of Communist Cuba and Gerry Adams of the IRA – with no specific enemy nation in sight. (For Washington, D.C. is secretly ruled by Edward Cardinal Egan from St. Patrick's Cathedral in New York. As the country's "Military Vicar" and most powerful American Archbishop, Egan is aided by Georgetown University and Fordham University Jesuits including the learned and seasoned, eighty-two year old, Avery Cardinal Dulles.) This massive retaliation, to last between four to ten years being another Papal Crusade against the Islamic Peoples in rivaling those of the Dark Ages, has now been declared. It will be waged by Cardinal Egan's CFR-controlled Commander-in-Chief, George W. Bush, having been advised of his role to play during his most recent visit with the Baal-worshipping, cannibalistic (believing the unbiblical doctrine of transubstantiation), absolute dictator in the Vatican, Pope John Paul II.

New York's Edward Cardinal Egan, being the "Archbishop of the political Capital of the World", the master of the Council on Foreign Relations and thus controlling all the agencies comprising his unified American Intelligence Network, has used six primary tools in igniting this secret Papal Crusade. They are President George W. Bush, ex-President George H. W. Bush, Vice President Dick Cheney, National Security Advisor to the President Condoleezza Rice, Federal Reserve Board Chairman Alan Greenspan, and CIA Director George Tenet, all being members of the Archbishop's Council on Foreign Relations. The following Bill of Particulars justify our charges:

1. The "terrorist" attacks were predicted and exposed well in advance of September 11, 2001. Dr. Garth Nicholson, Ph.D., a foremost researcher of the Gulf War Syndrome investigators, reported to Pentagon officials that he had confirmed intelligence indicating that on Sept. 11, 2001 a "terrorist" strike against the Pentagon would be made. Their sources included individuals in key intelligence positions, the Mafia, and one high-level African diplomat. The warning was passed on to, among others, the National Security Council (Condoleezza Rice) but it was ignored. Dr. Leonard Horowitz, an award winning author of several tremendous books, also made a valiant effort to alert the government, but to no avail.

2. On Friday, September 7, Florida Governor Jeb Bush, a brother to the President, issued an Executive Order in which members of the Florida National Guard were activated, "for the purpose of training to support law-enforcement personnel and emergency management personnel in the event of civil disturbances or natural disaster." The Bush Dynasty, including the former Director of the CIA and business partner of the Gulf War's Saddam Hussein, Shriner George H. W. Bush, not only knew the attacks were coming but actively participated in them.

3. On Sunday night, September 17, 2001, in the Providence of the risen Son of God, CBS's television program titled "60 Minutes" revealed that President Bush's close associates had suddenly, and inexplicably, sold all their airline stock only a few days before the "terrorist" attacks. The story was subsequently buried by the CFR-controlled Press, which includes CFR-controlled CBS. Again, the CFR/CIA-controlled Bush Dynasty, had a foreknowledge of the coming mass murder and thus stand indicted of high treason being the agents of Edward Cardinal Egan.

4. President and Papal Agent George W. Bush controlling the Federal Emergency Management Agency (FEMA) sent the Urban Search and Rescue Team to New York City THE NIGHT BEFORE the attacks occurred! One FEMA official, Mr. Tom Kennedy, told Press icon, CFR member and player in the Kennedy Assassination, Dan Rather, on September 11, 2001, "We're currently one of the first teams that was deployed to support the City of New York in this disaster. We arrived on late Monday night [that is, on September 10, the NIGHT BEFORE] and went right into action on Tuesday morning."

5. Osama bin Laden and his band of "Terrorists" could not have pulled off the "sophisticated" operation of four simultaneous air hijackings, and precision directed attacks, without the support of one or more "intelligence organizations [which includes the CIA and its Director, CFR member George Tenet]." This was the expert testimony provided by past CIA Afghanistan operations director and bin Laden's intelligence advisor, Milt Bearden, interviewed by Dan Rather on September 12, 2001. In fact, when pressed by Dan Rather to endorse the theory of bin Laden's culpability, Mr. Bearden stated, "If they didn't have an Osama bin Laden, they would invent one."

6. On October 31, 2001, the French daily "Le Figaro" reported that Osama bin Laden had met with a high-level CIA official in July 2000. At that time, bin Laden was already being sought for trial due to his involvement in two U.S. Embassy bombings and the U.S.S. Cole attack. The meeting was held in bin Laden's private suite in the plush Dubai Hospital built by American construction companies for the care of the Order's Masonic royal Moslem families running Islam's unified Middle East Intelligence Community and Terrorist Network on behalf of the CIA. Though he could have been killed – like the CIA's Fidel Castro – according to President Bill Clinton's intelligence findings, on July 14th he was released and left Dubai on his private jet. Osama bin Laden is a creature of the Black Pope's CIA and has remained so to this day.

7. Osama bin Laden took his direction and money from the CIA for ten years. During this time, approximately five (5) billion dollars was funneled to his organization through black op budgets (financed by the Black Pope's International Drug Trade) into a CIA operation known as Maktab al-Khidamar—the MAK. It is clear, as a MAK mercenary army leader, bin Laden's fortune vastly increased during that time. Since, like the Mafia, "Once in the CIA, always in the CIA", bin Laden's MAK is merely an extension of the Black Pope's International Intelligence Community and Terrorist Network. And if the CIA controls the Intelligence Network of Afghanistan, then it controls the Intelligence Agencies of Pakistan, Iraq, Iran, Jordan, Syria, Lebanon, Egypt, Libya and Turkey. Indeed, the words of Taliban leader Mullah Mohammed Omar were correct when he said in an interview contained on page thirty-four in the November issue of Free American:

"America controls the governments of the Islamic countries...It should stop trying to impose its empire on the rest of the world, especially on Islamic countries."

8. Aaron Swirski, one of the architects of the World Trade Center, said they designed the towers to withstand airplane collisions. "I designed it for a 707 hit," he said. The collapse of the buildings came as a complete "shock" to him and his colleagues. Van Romero, a demolition expert, former director of the Energetic Materials Research and Testing Center, and current Vice President for research at New Mexico Institute of Mining and Technology, said that the manner in which the Twin Towers collapsed resembled those of controlled implosions used in planned demolition. "My opinion is, based on the videotapes, that after the airplanes hit the World Trade Center there were some explosive devices inside the buildings that caused the towers to collapse," Romero said. NBC News interviewed people who had escaped "ground zero" on September 11, 2001. One unidentified man said "We were stuck on the stairs for a while. I came down from the 85th floor. When we were just about to leave the building, there was a blast." A woman's testimony followed: "I got stuck on the stairs. When we got to the lobby there was a blast," she said.

Further, the demolition of the North Tower of the World Trade Center, floors 22, 23, and 24, destroyed massive FBI evidence against CFR member James Giffen, the CEO of the CFR's Mobile Corporation, for illegal oil swaps between Iran and Kazakhstan. There was also evidence against CFR member and Shriner Freemason Alan Greenspan – the Jewish Chairman of the Board of Governors of the Jesuit General's Federal Reserve Banking System – involving GOLD PRICE FIXING. Greenspan's Masonic Jewish Zionist partners in crime included the CFR's Morgan Stanley & Company and the CFR's Goldman Sachs & Company. The evidence shows that those floors exploded and were destroyed minutes before the explosions from the airplane, and suggests that the airplane crashes were simply a "ruse of war". Obviously, the Intelligence Community of Archbishop Edward Cardinal Egan IMPLoded the buildings which not only suppressed and destroyed evidence, but also resulted in the death and burial of at least forty-two of his loyal Knights of Columbus and several honest FBI agents. Indeed the Archbishop followed the great Jesuit maxim of "the ends justify the means."

9. On September 11, 2001, President Bush, with the full knowledge of CFR member and the intimate friend of Archbishop Egan, Vice President Richard Cheney, was in Sarasota, Florida (the home of the Venice Airport, a CIA facility, that had openly and notoriously trained Islamic pilots thereby enabling the Black Pope's CIA to blame its contract agent, Osama bin Laden, for the destruction of the WTC). The President was "reading to children in a classroom at 9:05 a.m. when his chief of staff, Andrew Card, whispered [the news] into his ear, according to an Associated Press release of September 12, the day after the attack. The President briefly turned somber before he resumed reading...[Next] President Bush listened to eighteen Booker Elementary School second-graders read a story about a girl's pet goat...before he spoke briefly and somberly about the terrorist attacks." Here we have America's Commander-in-Chief calmly talking for about thirty minutes before he leisurely responded to the country's greatest national security crisis in history along with its accompanying tragedies. And no wonder, for he had been briefed by Pope John Paul II during his visit to the Vatican only weeks prior to our national disaster! CFR member and CIA Director George Tenet had also kept the President advised.

10. Many journalists have reported that the bombing of Afghanistan, allegedly intended to punish the Taliban for affiliations with bin Laden, is simply a cover for the Taliban's destruction of Afghanistan's opium crop thus the curtailing of the Black Pope's International Drug Trade. The Taliban also withdrew its

former support for an oil pipeline to be built by CFR Henry Kissinger and CFR George Shultz's Unocal Corporation through Afghanistan from the vast Caspian Sea oil fields. September 11 provided a great excuse to pursue the Jesuit Order/CFR's illegal drug traffic along with its petrochemical, economic, and "national security" martial law objective. More importantly, this pipeline is necessary for the fueling of the war machine of our future invader, the massive Red Chinese Army, under the command of the Company of Jesus.

We, the American people, thanks to our Popish, prostitute Press, have been hoodwinked into fighting this war even as we were deceived into fighting the Pope's war against the Japanese People during World War II, the consummation of the Jesuit General's Second Thirty Years War waged from 1914 to 1945. For the attack on Pearl Harbor was no surprise to the nation's most visible Shriner Freemason, President Franklin D. Roosevelt, even as the attack on the World Trade Center and the Pentagon was no surprise to the nation's most visible Skull and Bones member, the wicked and evil mass murderer, President George W. Bush.

If the foregoing scenario is true, we believe the American People, deceived by our own Jesuit/CFR-controlled government, will fall into the trap of fighting a lengthy, large scale Middle East War, resulting in at least six things that will further our country's demise including the scrapping of our Reformed Protestant Constitution, while thoroughly benefiting the Jesuit Order's Counter-Reformation. They are:

1. Worldwide anti-Jewish fury on a grand scale, especially in America, as a result of the Black Pope's openly agitating, secretly CFR-controlled, Masonic Jewish Zionists and thus, the beloved Jewish People of Israel being blamed for the Papal Caesar's international Jesuit Crusade;
2. The destruction of both the Dome of the Rock and the Al Aqsa Mosque – blamed on American Military forces – thereby enabling the Pope's Shriner Freemasons to rebuild Solomon's Temple, while simultaneously unifying Islamic fury, coordinated and directed by the Black Pope's Masonic Moslem Intelligence Agencies in conjunction with his Masonic North American Intelligence Agencies, against the "heretic and liberal" American and Canadian Peoples of North America, we having been paganized through the Jesuit Order's Bible-rejecting and deceptive educational systems, controlled Press and demoralizing theater movies;
3. The killing of millions of fanatical Moslems who would otherwise attack Israel when the Dome of the Rock and the Al Aqsa Mosque are destroyed in Jerusalem, not to mention the possible destruction of Mecca and Medina, further securing the peace of the Papal Caesar's Zionist government of Israel. That false peace will be maintained by the united European nations, their unity brought about by the Club of Rome in the person of the Spanish Knight of Malta and Commander of NATO forces during the bombing mass-murder of Orthodox Serbs in Yugoslavia, JAVIER SOLANA. These united, predominantly Roman Catholic, European nations will compose the Pope's revived Holy Roman Empire, the new "Sword of the Church". At this time the Black Pope will have no more need for the drugged, exhausted, bankrupt, amalgamated and demoralized American People of his "Holy Roman" Fourteenth Amendment American Empire;
4. The tyranny of a White American fascist military dictator having arisen out of the "New Right" Republican Party due to anarchy giving way to a race war as a result of Negro and Hispanic rioting in our major cities coordinated by the Black Pope's Masonically-led and racist Black army of the Nation of Islam. He will use America's existing concentration camp system to kill millions of Jews, "heretics and liberals" pursuant to the Jesuits' evil Council of Trent – just as Hitler "the Austrian" and homosexual drug addict destroyed apostate Protestant Germany with the help of FDR's USAF and Churchill's RAF - further justifying our nation's destruction;
5. The betrayal and defeat of our armies fighting a two-front war which we cannot win, one in the Middle East and the other possibly in the Far East against China, just as Napoleon betrayed his army in Russia in 1812, and just like Hitler betrayed his army in Russia one hundred and thirty years later, both treasonous dictators having been under orders from the advisors of the Black Pope;

6. Massive invasion and attack into North America, China and Russia storming the West Coast while China and a united Moslem host march into the Southeast Coast, known as "the Bible belt", using the Bahamas and Cuba as staging bases. Our Jesuit-controlled leaders carrying out the nation's immigration policies, in establishing a huge resident "fifth column" of Chinese, Moslem, Hindu and Hispanic aliens within our borders, have betrayed us Americans. The heart-breaking result will be the subjugation of the last apostate bastion of the Protestant Reformation and will compel Europe to unite reviving the old Holy Roman Empire – under the Papal Caesar.

This scenario is the answer as to Who and Why we were attacked on September 11, 2001, Bloody Black Tuesday. But after all, we apostate, Bible-rejecting White People deserve it, as I have said on this web page and in my book, Vatican Assassins: "Wounded In The House Of My Friends". The Jesuit General's "Holy Roman" Fourteenth Amendment American Empire has been used to fulfill the Papal Caesar's evil Council of Trent by oppressing and destroying "heretic and liberal" Bible believers, peoples and governments of at least eighty nations during the last one hundred years. Called by Jesuit John Courtney Murray and Knight of Malta Henry R. Luce "the American Century", the Knights of Malta and Shriner Freemasons on Wall Street restored the Temporal Power of the Papacy (which Power was destroyed in the glorious Nineteenth Century) by financing Mao Tse-tung's Communism, Stalin's Communism, Hitler's Nazism and the Fascism of Mussolini, Franco and Castro.

We Americans have it coming, and now that we have leapt into this trap of a Middle East war with the Moslem World, advocated by our Pennsylvania Senator and Shriner Freemason, the infamous Arlen Specter (who was "Cardinal Spellman's Jew" having authored the magic single-bullet theory of the Warren Commission and served as President Clinton's defender while on trial in the Senate), apparently the righteous Judgment of the risen Son of God is about to unfold. Our beloved country, the only nation in the history of the world to be founded on the Bible of the Protestant Reformation, will be turned into a nightmarish police state and a Nazi/Soviet concentration camp hell-on-earth because we have forgotten the God of our White American Protestant and Baptist-Calvinist founding fathers, the God of Abraham, Isaac and Jacob Whose Spirit inspired these words:

For God so loved the world, that he gave his only begotten Son,
that whosoever believeth in him should not perish,
but have everlasting life.

For God sent not his Son into the world to condemn the world;
but that the world through him might be saved.

He that believeth on him is not condemned:
but he that believeth not is condemned already,
because he hath not believed in the name
of the only begotten Son of God.

--John 3:16-18

What is the Real Power of New York's Edward Cardinal Egan

The power of the Archbishop of New York has not diminished but rather grown. Today, the man who wields the power of Cardinal Spellman from "the Powerhouse" in New York - St. Patrick's Cathedral (across the street from Rockefeller Center) - and continues to suppress the truth about the assassination of President Kennedy by virtue of his Oath as a Cardinal, is the arch-conspirator, traitor to his American countrymen and master of the infamous, Jesuit-trained agitator, high-level Freemason and CFR member, former President Bill Clinton, and now master of Skull and Bones member, President George W. Bush, (whose father, George H. W. Bush, is also a high-level Freemason, a former Director of both the CFR and CIA, as well as a participant in the Kennedy Assassination),

Remembering that Fr. Kolvenbach is the master of the Pope, Edward Cardinal Egan of New York, and President "elect" George W. Bush (of the Bush crime family descending from England's House of Stuart), as well as the petty military dictators of Communist Russia and China, we would do well to meditate on the

words of Napoleon recorded in his Memoirs - the Emperor having been betrayed into the hands of his captors by his Jesuit masters - while imprisoned on the island of St. Helena in the middle of the South Atlantic Ocean:

"The Jesuits are a military organization, not a religious order. Their chief is a general of an army, not the mere father abbot of a monastery. And the aim of this organization is POWER. Power in its most despotic exercise. Absolute power, universal power, power to control the world by the volition of a single man...

The General of the Jesuits insists on being master, sovereign, over the sovereign. Wherever the Jesuits are admitted they will be masters, cost what it may... Every act, every crime, however atrocious, is a meritorious work, if committed for the interest of the Society of the Jesuits, or by the order of the general."

Cardinal Egan, a staunch supporter of the "infallible" Pope's Temporal Power and the Jesuit General's evil Council of Trent, will continue the Great Jesuit Cover-up, even as his predecessors, Cardinals Spellman, Cooke and O'Connor. This power is exercised through New York's Council on Foreign Relations, as both former Presidential candidates, Albert Gore and George W. Bush are under its control. Both candidates were also present (along with former President Bill Clinton and his wife Hillary) during Cardinal O'Connor's funeral overseen by the Knights of Malta at St. Patrick's Cathedral.

President and Mrs. Clinton were flanked by presidential candidates George W. Bush (left) and Al Gore - none of whom were Roman Catholics - at the funeral Mass for their political boss, John Cardinal O'Connor.

Of this Jesuit power over statesmen through the Pope and his hierarchy, M.F. Cusack wrote in her 1896 masterpiece, *The Black Pope*, on page 106:

"It is here that the tremendous power of the Church makes itself felt. It is through this [Jesuit] 'direction' that statesmen are compelled to act, not for the benefit of the country to which they belong, but for the benefit of the Church, which controls them. It is here that matters of the most secret nature are discussed and decided [like the present Crusade against Islam, the attack into Afghanistan commencing on the anniversary of the naval Battle of Lepanto when the Armada of the Pope's Knights of Malta destroyed the Armada of the Islamic Ottoman Turks on October 7, 1571]. It is here that alliances...are arranged, and political treaties are agreed on."

Hopefully, the Jesuit Order, in control of the Archbishop with his Network of Vatican Assassins, will be brought to justice for the cold-blooded murder of President Kennedy and for continuing the Great Jesuit Cover-up of his death. This includes the most recent murder of John F. Kennedy, Jr. along with his beautiful wife, Carolyn Bessette and her sister, Lauren. Justice will only be done when the Jesuit presence has been purged from the Justice Department in control of the FBI - Rome's Holy Office of the Inquisition within the American Empire.

And why was JFK, Jr, along with his innocent passengers, murdered? According to Tom Kuncel in the August 31, 1999 issue of the *National Examiner*, JFK, Jr. had, "...recently launched an all out investigation, to find his father's real killer."

[For John had said in his own words:]

"I want to know who killed my father. I want there to be absolutely no doubt."

Nicolini, in his *History of the Jesuits* published in 1854, gives us further light, declaring on page 269:

"...one of the most prominent characteristics of Jesuitism, [is] never to forgive an injury, and to persecute the remotest descendants for the offences they may have received from their ancestors."

Therefore, the following chart (go to www.vaticanassassins.org) contained in *Vatican Assassins: Wounded In The House Of My Friends* is humbly given on behalf of the Kennedy and Bessette families.

They must know the same savage Jesuit power that killed President Kennedy, mercilessly murdered their three darlings in the prime of their young lives. The same has been done to Princess Diana; for, the Jesuits would never permit the Moslem offspring of her union with an Arab prince to be an heir to the British throne. That throne may only be occupied by a monarch loyal to the Jesuits' "infallible" Pope of Rome - a loyalty that has been unbroken from the wicked King George III, whose Prime Minister was the Jesuit Lord Shelburne, to the present Queen Elizabeth II. For uniting with Dodi Fayed, the "Moslem dog" or "Moslem wog" as the English nobles would call him, Princess Diana was buried out of public view at Althorp Park in Northamptonshire, on a small island in the middle of a pond, where only pet dogs had previously been buried!

As you examine the chart dear reader, picture in your mind's eye the faces of President Kennedy, Princess Diana, John F. Kennedy, Jr., Carolyn and Lauren Bessette. Then may your heart be strengthened to do you duty in exposing the criminal Papal Knights manning that great Sword of the Jesuit General - the Vatican's International Intelligence Community,

"...whose points are everywhere and whose hilt is in Rome."

Dear fellow soldier in Christ, having been born-again by the will of God, remember the Words of God spoken through the great King Solomon:

"The wicked flee when no man pursueth:
but the righteous are bold as a lion."
- Proverbs 28:1

"The fear of man bringeth a snare:
but whoso putteth his trust in the Lord shall be safe."
- Proverbs 29:25

"The Lord is my light and my salvation;
whom shall I fear?
The Lord is the strength of my life;
of whom shall I be afraid?"
- Psalms 27:1

Remedy

A photo, taken from the November 13th, 2000 edition of Pittsburgh's Tribune Review, depicts the late Leah Rabin in 1995, following her "private audience" at the Vatican, with the greatest accomplice to her husband's cold-blooded murder, the "infallible" Pope John Paul II. The Mossad, an arm of the Jesuit General's International Intelligence Community, carried out the assassination; as, the disobedient Freemason and Prime Minister Yitzak Rabin opposed Rome's policy for Zionist Israel. For the Jesuits will never allow any portion of the old city of Jerusalem to be given to the Moslems, especially the Palestinians controlled by the Order through Arafat. Indeed, "the arm of the Church is long."

In ending, Vatican Assassins: "Wounded In The House Of My Friends", calls for national repentance to all Americans, a return to the Protestant Bible and maxims of the true faith in the Christ of the English Reformation and the expulsion of the Jesuit Order from American Soil.

We American Protestants and Baptists, having inherited the greatest Protestant form of government in the history of the world - our blessed Presbyterian Constitution and Baptist Bill of Rights - will be used no more to enthrone fascist-communist military dictators around the world in restoring and maintaining the Temporal Power of the Jesuits' "infallible" Pope.

If we, the American People, do not bring the real assassins of President Kennedy and his son to justice, (as well as 9/11 victims) and if we do not take back our sovereign federal powers usurped by the Jesuit General on behalf of the "infallible" Pope, if we do not dissolve the Council on Foreign Relations through

which the Jesuit General rules New York, Washington D.C., the American Empire and thus the whole World (while deceptively employing certain notorious Masonic Jews and Gentiles as front men), if we do not expel the Army of the Pope - those odious Sons of Loyola - then our nation is truly lost. For then the Jesuits will use the very peoples our government oppressed (having armed and financed merciless tyrants in submitting them to the "infallible" Pope's Temporal Power), to invade our land, destroy our people and we will deserve it! The peoples we speak of are the Russians who suffered under Stalin, the Romanians who suffered under Ceaucescu, the Bulgarians who suffered under Zhivkov, the Hungarians who suffered under Kadar, the Japanese who suffered under Tojo, the Chinese who suffered under Mao Tse-tung, the Vietnamese who suffered under Diem, the Cambodians who suffered under Pol Pot, the Germans who suffered under Hitler and then Stalin, the East Germans who suffered under Honecker, the Spanish who suffered under Franco, the Italians who suffered under Mussolini, the Yugoslavians - particularly the Serbs - who suffered under Tito (and under American bombers), the Argentineans who suffered under Peron, the Portuguese who suffered under Salazar, the Mexicans who suffered under De la Madrid, the Chileans who suffered under Pinochet, the Haitians who suffered under Aristide, the Panamanians who suffered under Noriega, the South Africans who continue to suffer under Mandela, the Iraqis who continue to suffer under Hussein, and the Cubans who continue to suffer under Castro, just to name a few.

For the Jesuits, in restoring and maintaining the Temporal Power of the "infallible" Papal Caesar, have shed the blood and spent the treasure of this once great Protestant Nation for the entire Twentieth Century. And in so doing Rome, in which is The Sovereign State of Vatican City, has fulfilled these words concerning herself:

"...the great whore that sitteth upon many waters...
arrayed in purple and scarlet...is that great city,
which reigneth over kings of the earth...
and in her was found the blood of the prophets,
and of saints, and of all that were slain upon the earth."

Revelation 17:1, 4, 18; 18:24

We, the betrayed American People, can expect a created national crisis resulting in widespread lawlessness, similar to the Negro rioting of 1968 following the King Assassination. (Possibly the Masonic, Black Muslim leadership, subject to the Archbishops of New York and Chicago, will ignite urban riots across the nation with their private army, "the Fruit of Islam". Their greatest target will be the capital, Washington D.C., eighty percent of its population being easily agitated Blacks, the majority having been taught from their youth to hate all White people. (Remember, the Black "Reverend" CFR member Jesse Jackson, the Jesuits' professional agitator functioning as a Masonic "Yassir Arafat of America" having never pastored a Church, years ago as a waiter used to spit on the food of White people he would serve!) This violent city, which has insanely banned all handguns, holds the "honor" of being "the murder capital of the world". More importantly, it hosts the Empire's most powerful Jesuit presence - the military fortress of Georgetown University. (We know Washington is their target as the Jesuits' major European and Asian revolutions began in capital cities, a few of them being Paris (1789,1848), Moscow (1917), Berlin (1933) and Peking (1912,1949).)

The ensuing anarchy will result in a Jesuit-controlled, right-wing, fascist military dictator (like "Bonesman" George W. Bush, whose President father, George H. W. Bush, is a Shriner Freemason, a drug lord and was a player in the Kennedy Assassination, and whose uncle, Prescott Bush, Jr., is a Knight of Malta and whose grandfather Prescott Bush, Sr., was one of the original founding members of the Jesuit General's Council on Foreign Relations. President Bush is also endorsed by CBN's Evangelical Pat Robertson, who was a friend of the late J. Peter Grace, and whose past consultant and personal friend is another Knight of Malta, Jeremiah Denton who wrote When Hell Was In Session). There will be mass roundups, torture and murder of American Jews in concentration camps (just like in the Jesuits' Nazi Germany). (Codenamed "Rex 84", the camps were established by Ronald Reagan and his Director of the CIA, Knight of Malta, William J. Casey.) There will be foreign war (like "Spelly's War" in Southeast Asia), invasion, occupation and persecution of the American Protestants and Baptists by foreign armies under the command of Jesuit-controlled dictators (like the Grand Inquisitor - Joseph Stalin). The army

presently being prepared to spearhead this massive invasion of the American Empire is that of the Red Chinese in particular.

This will be the final blow, to individual liberty, national sovereignty and the Protestant Reformation.

It will be the greatest victory for the Jesuit General's Counter-Reformation, restoring the Pope's "Holy Roman Empire" - founded on a reunited and rebuilt Germany - and returning the world to the Dark Ages. For then it shall come to pass, with Satan's last attempt to destroy the Lord Jesus Christ's beloved racially Jewish People, having used Rothschild's Masonic Zionists - controlled by Rome's Mossad - to resettle them in Israel for the purpose of rebuilding Solomon's Temple, that the Jesuit General's "infallible" Papal Caesar,

"...which had the wound by a sword, and did live...",
- Revelation 13:14

shall become

"...that man of sin..."
- II Thessalonians 2:4

who, possessed by the devil himself, will be called

"...the beast..."
- Revelation 13:4

The beast will rule all nations from Solomon's rebuilt Temple in Jerusalem for

"...forty and two months..."
- Revelation 11:2 ;13:5

as,

"...the abomination of desolation..."
- Daniel 9:27
- Matthew 24:15

"...he shall exalt himself, and magnify himself above every god..."
- Daniel 11:36

"...so that he as God sitteth in the temple of God, showing himself that he is God..."
- II Thessalonians 2:4

"...he shall speak great words against the most High..."
- Daniel 7:25

"...he shall also stand up against the Prince of princes;..."
- Daniel 8:25

"...until Shiloh come..."
- Genesis 49:10

"...In flaming fire taking vengeance on them that know not God..."
- II Thessalonians 1:8

"...out of his mouth goeth a sharp sword,
that with it he should smite the nations..."

- Revelation 19:15

"...the Lion of the tribe of Juda...shall...roar..."

- Revelation 5:5

- Isaiah 42:13

"...he shall fill the places with the dead bodies;
he shall wound the heads over many countries..."

- Psalms 110:6

"...his feet shall stand in that day upon the Mount of Olives..."

- Zechariah 14:4

"...and there was given him a dominion, and glory, and a kingdom..."

- Daniel 7:14

"...and the Lord God shall give unto him the throne of his father David..."

- Luke 1:32

"...and his dominion shall be from sea even to sea...to the ends of the earth..."

- Zechariah 9:10

"...Of the increase of his government and peace there shall be no end..."

- Isaiah 9:7

"...And he shall judge among many people, and rebuke strong nations afar off;
and...the kingdom shall come to the daughter of Jerusalem..."

White House Said Will Release Wanta \$4.5 Trillion "When We Are G... Damn Ready!"

"We will do it when we are G...damn ready" claims Bush administration as it arrogantly acknowledges existence of Wanta trillions through verification by confidential White House source.

14 Sep 2006

By Greg Szymanski

As pressure is being put on the White House by foreign banks and heads of state to release the \$4.5 trillion Wanta money, Michael C. Cottrell, the treasurer of the company formed to distribute the money for the benefit of the American people, remains "highly optimistic the trillions will soon be released.

"Yes, we are encouraged we will get the money released soon," said Cottrell in a Wednesday telephone conversation. "There is a lot of pressure from around the world being put on the White House. The heat is being turned up and I just found out the Chinese have taken \$5 trillion of the \$32 trillion they are owed from the U.S. government. They are backing Ambassador Wanta and pushing for the release of his money."

Cottrell added that one of his inside sources in Washington D.C. recently notified him that officials in the White House said the following in response to Cottrell and Ambassador Wanta's request for the money:

"We will do it when we are G... damn ready!"

Wanta and Cottrell, who together formed AmeriTrust Groupe, Inc. to oversee proper distribution of the massive amount of money, were hoping the money would be released by the end of the business day on Sept. 7, the same day the Chinese were also to be paid trillions by the U.S. government for prior investment gains.

However, the deadline passed without the Wanta \$4.5 trillion being paid and still being illegally withheld in a Clearing House Interbank Payment System credit account (CHIPS), an account credited to Goldman Sachs and Co. at Citibank.

In what has become known in international financial circles as one of the most important and explosive stories in the history of modern banking, the Wanta settlement has been the subject of a Bush administration cover-up ever since Ambassador Wanta entered into an official written agreement in November 2005 to repatriate money for the betterment of the American economy.

Further, in May Wanta verbally agreed to the distribution of the \$4.5 trillion with President Bush along with the assistance of one Foreign Intelligence Surveillance Court (FISA) court judge and two U.S. Supreme Court Justices.

The settlement, also negotiated with the help of two major U.S. law firms, represents only a portion of the \$27.5 trillion offshore fund established at the end of the Cold War, which is now under the legal control of

Ambassador Wanta, as duly appointed trustor, a position given to him by former President Ronald Reagan.

In other financial ramifications concerning the failure of U.S. authorities to release the Wanta money, Christopher Story, editor of the International Currency Review in London, recently reported:

"Chinese interests, acting independently of Ambassador Leo Wanta and his business colleague Michael C. Cottrell, M.S., have 'pulled' five or six 'CHIPS' already. The Chinese are using the British pound for oil payments purposes. The pound is therefore likely to appreciate over the weeks ahead.

"Can someone please explain to the Editor of International Currency Review why it is that, seven weeks after we first published this information (also published in the Arctic Beacon), which anyone could check for themselves, the U.S. Treasury implemented the fantastic carousel financing arrangements that were described in the Editor's Posting dated 2nd September 2006 [subsequently updated], which use the 'assets' of some GSEs as collateral? It is as though Mr. Paulson (Sec. of U.S. Treasury) went to the cupboard, opened it, found it not only to be bare, but without walls and a floor, slammed the cupboard shut, and then represented to the world that the cupboard is full of food so that we can all eat and be merry for years to come.

"Nor is the phrase 'scraping the bottom of the barrel' appropriate, since the barrel has no bottom to scrape. No wonder the Chinese are using the pound for oil payments."

Cottrell recently said in a recent Arctic Beacon article that in lieu of nonpayment, Ambassador Wanta "has already lowered the hammer," notifying the major banks in Europe, save Deutsche Bank, who have all agreed to put "stop orders" on any transactions with the U.S. government of \$100 million or more.

"Most of the major banks in Europe other than Deutsche Bank have already agreed to the stop orders based on the failure to pay Ambassador Wanta," said Cottrell, including Credit Swiss and UBS. "We have asked the Chinese but I have not heard confirmation that they will go ahead and pull the \$32 trillion owed in CHIPS. However, given that President Bush and Paulson cut a deal with Viet Nam and Taiwan whether the Chinese pull the CHIPS is irrelevant because they now have a cash flow through the system that allows them to stash more money away.

"What is most aggravating to me is that the President of the United States and the Secretary of the Treasury have made a deal with a communist country to circumvent an American company from paying taxes. That is what makes me angry because these guys go over and strike a deal to circumvent the American people. They essentially would rather cut a deal in Hanoi then allow us to pay the \$1.6 trillion in taxes and use the rest of the money for the betterment of the American economy."

"Besides alerting European banks about nonpayment, Cottrell said he didn't want to "tip his hand" on future plans to secure release of the \$4.5 trillion, saying he fears the U.S. government would use this information to circumvent their plans.

Was Rome and the Vatican Responsible for the Lincoln Assassination?
Hidden book written in the late 1800's by Gen. Thomas M. Harris provides startling details, finding all roads lead to Rome when it comes to Lincoln's real killers.

14 Sep 2006

By Greg Szymanski

The investigation concerning whether Abraham Lincoln was killed by the devious and cunning hand of the Jesuit Order with the assistance of the Vatican has been well hidden from the American people.

Although numerous books, long since taken off the library shelves to protect the guilty parties, document the Jesuit and Vatican connection to the Lincoln assassination, it still remains a mystery and something most Americans consider as preposterous.

But if the truth be told and Americans were allowed to read the facts hidden in these books, the proposition forwarded by Eric Jon Phelps, author of *Vatican Assassins*, to banish all Jesuits from American soil wouldn't appear so outrageous.

In fact, if the real history of the Jesuits and the Vatican ever be truthfully told it would also be easy to see why America in the 1860's cut-off all diplomatic relations with the Vatican, not to be reinstated until President Ronald Regan officially reinstated relations during his Presidency.

However, besides most Americans not even realizing the above, has anyone really bothered to ask why diplomatic relations with the Vatican were originally cut-off? Could it have had something to do with many American leaders who actually understood the Jesuit connection to the Lincoln assassination?

Furthermore, has anyone ever asked why Reagan reinstated official diplomatic ties with the Vatican? Was it because high leaders in our government understood the Vatican and Jesuits were going to play a big part in the final overthrow of freedom, leading to fascism and martial law which, by the way, is the government of choice of the Jesuit Order and the Vatican.

In an effort to uncover the veil of secrecy, here is a passage taken from a book well hidden by the Jesuits and written by *BREVET MAJ.-GEN. THOMAS M. HARRIS* in the late 1800's entitled "Rome's Responsibility for the Assassination of Abraham Lincoln.

Listen how the opening passages in the book, dedicated to the memory of Lincoln, are questions that should be asked today, but are strangely kept out of the stream of discussion, indicating how deep the devious power of the Jesuits and the Vatican has infected the free institutions of our country.

The Anti-Catholic agitation that is now so rife in the United States, marks a crisis in our history. Hundreds of intelligent, patriotic, conscientious men are earnestly, laboriously, and courageously devoting themselves to this agitation.

Newspapers have sprung up all over the country to give warning of danger, and to arouse the spirit of American patriotism.

Societies are being organized all over the land to protect and defend American institutions against the aggressions and encroachments of a Foreign political power that has gotten a lodgment in this land of Liberty, and that is evidently bent on the destruction of our free institutions, and substituting for them the Papal despotism; a despotism that lords it over the minds, the consciences, and the actions of its subjects; and thus renders them incapable of loyalty to any other government.

What does it all mean? It is evident that a crisis is even now upon us; a crisis in which the world-old contest between freedom and despotism is to be definitely and finally settled. This is an old fight. The cause of liberty seemed to have achieved the victory when our forefathers achieved their independence through a successful revolution and founded our government on the principles for the first time formally announced in our Declaration of Independence; securing to our people the natural rights of man; freedom of the mind and conscience, freedom of worship, and freedom of speech and of action, and protection in the exercise of these rights.

Here, in the wilds of a newly discovered world, was established a well considered, well understood, and truly democratic government; a government "of the people, by the people, and for the people." The tree of liberty was here planted in a fertile soil, and a congenial clime, and has become a well-rooted, vigorous and fruitful tree, of goodly stature. Its branches overshadow the land, and its fruit is pleasant to the taste. The question now is, shall it be plucked up by the roots, and burned in the fire?

To this question more than twelve million of American freemen, for themselves, their wives, and their children, and in behalf of humanity, return, in the most emphatic manner the answer: "Never!" and stand ready, if need be, to seal that answer with their blood. The fruit of the tree of liberty is so sweet to the taste, so refreshing and so invigorating that we are ready to say with Patrick Henry, "Give me liberty, or give me death."

It is because of a conviction that our government is threatened by a wily and formidable foe; that the cause of human liberty is in danger that we are in the midst of this anti-Catholic agitation. Is all this imaginary, or is there a real danger hanging over us like a cloud? Is the Roman Catholic Church the friend, or the foe of liberty? Is it a branch of the Church of Christ, in common with the various Protestant denominations, laboring in common with them, for the establishment of Christ's Kingdom on earth? If we answer this question in the light of history, in the light of present experience, in the light of the monstrous claims of the Pope, and in the light of the spirit by which it is everywhere and always animated, and in the light of its present efforts in our country, and in all lands, we must say that it does not, in any degree, bear the marks of a church of Christ. It is, in fact, only a compact, well-organized, and powerful political machine, wielded in the interest of the greatest despotism that has ever cursed the earth.

Knowing how so few people get a chance to hear "the dark side of the story" regarding the duplicity and evil cunning of the Vatican, as well as their connection with the Lincoln assassination, here are more pertinent passages from General Harris' book: Please read every word since we have no idea how long we have before the Jesuits figure out a way to take these words off the internet.

The Jesuit plans with the utmost art and cunning, unhampered by any moral restraints, and always with the utmost secrecy; and carries out his plans in the dark. We think, however, that this case, we have succeeded in tracing him through all the devious wanderings of his dark and slimy path, and, in fixing upon him the responsibility for the assassination of President Lincoln.

But we are not done yet. In the early part of September, 1865, these unholy Fathers thought it safe to unload their charge onto their brethren in England; and so made arrangements for sending Surratt across the Atlantic, under an assumed name, and in disguise.

For this purpose they arranged for his passage on a British steamer, the Peruvian, which was to sail from Quebec on the 16th of September, 1865.

A physician with whom Boucher was well acquainted, by the name of McMillen, had just gotten the position of surgeon to this vessel, and they arranged with him to take under his especial charge, a man by the name of McCarthy, who, for certain reasons, wished to cross the Atlantic under an assumed name, and in the most secret manner. The day before the Peruvian was to sail from Quebec, these two unholy Fathers conveyed Surratt, in a covered carriage, to the steamer that was to carry passengers for the Peruvian from Montreal to Quebec. They had disguised Surratt by coloring his hair, painting his face, and putting spectacles over his eyes. Father LaPierre went also in the disguise of a citizen's dress. Arriving on board the steamer, Surratt was immediately stored away in a stateroom, from which he did not emerge during the voyage, LaPierre remaining in his room with him. Reaching Quebec, these two unholy Fathers placed their charge in the care of Dr. McMillen; and then took their final leave of him.

They had consigned him to the care of their friends in Liverpool, by the hands of Dr. McMillen, and through whose aid Surratt succeeded in placing himself under the care of the Roman Catholic Church in a foreign land. Rome is everywhere, and always the same, and he can feel safe as long as he is in the custody of the church. Here he waited for the Peruvian to make another voyage to Quebec and return. He sent by the surgeon, to his rebel employers in Canada, a request to send him some money; but only to receive the answer that they had no money for him. The expense of sending him across the continent, to Italy, thus fell on the church. His rebel friends had now forsaken him; but the church stood by him. He was sent to Italy and was mustered into the army of the Pope. Here he remained safely hidden away for a year or more; but was finally discovered by a government detective who had been sent in search of him, and who went voluntarily, hoping to get the offered reward, and who had enlisted in the same company to which Surratt belonged. This detective informed our government of his discovery; and through the agents of our government the Pope was informed that his soldier, who had enlisted under the name of Watson, was none other than the notorious John H. Surratt, who was a member of the conspiracy that accomplished the assassination of President Lincoln.

With a shrewd show of virtuous innocence, the Pope hastened to clear his skirts, and those of his underlings, by ordering his arrest, and rendition to our government, without waiting for its requisition. He was arrested by the Pope's authority, but was allowed to escape by his guards; and thus given another chance for life and liberty. The story was, that he made his escape by a bold leap over a precipice, at the risk of his life. "Tell this to the marines; the old sailors will not believe it." He was finally captured at Alexandria, Egypt, and was brought home in chains, where he was held to answer for his crime. Let us here pause a moment to consider the relations of the Hierarchy to this crime.

The testimony given on the trial of John H. Surratt, clearly convicts two of its priests, Boucher and LaPierre, of being accomplices in the conspiracy; and by implication, as clearly convicts the Bishop of Montreal, Bishop Bourget. This testimony was spread before the world, and so must have been known to the Roman Catholic Hierarchy, yet it never called any of these priests to accountability, or held them responsible for this crime; the crime of the ages! No one of them was ever held to have forfeited his standing or good character in the church, on account of his connection with this conspiracy; and so, the Hierarchy stands before the world today, as having given its approval to their conduct in this matter.

We now come to the trial of John H. Surratt before a civil court. It is not our purpose to go into a general review of the trial; but only to show the interest taken in it by the Roman Catholic priesthood; the animus of the defense toward the government; and the means resorted to, to make sure of his acquittal. The hand of the Jesuit is everywhere traceable throughout the history of this trial; and by that hand, one of the most important trials that the history of American jurisprudence records, was well nigh turned into a farce by the skill and cunning of the defense. The cunning of the Jesuit was exercised in the preparations made in advance, to make sure of acquittal of the accused. The law of Congress, specifying particularly how juries to try cases in the criminal court, in the District of Columbia, should be secured, and was entirely ignored, in some of its most important and essential particulars. Counsel for the defense had been selected with special care. There were three of these: Mr. Merrick and the two Bradleys, Sr. and Jr. Of these, only one, Mr. Merrick, was a member of the Roman Catholic Church. The Bradleys were Episcopalians; but in their political sympathies, hostile to the government; and in full sympathy with its enemies, and with the assassins.

When the jury that had been drawn for this trial was challenged by the prosecution, and good reasons shown for its rejection, the counsel for the defense made a most vigorous, earnest and persistent effort to prevent its

being set aside by the court. It is evident that they must have had a special reason for being so urgent for its retention, as the failure of the officers, whose duty it was to secure this jury, to observe the requirements of the law, was made so apparent that it could not be controverted. It leaked out, however, that sixteen out of the twenty-four drawn were Roman Catholics, and so, the reason for their determined effort for its retention was made obvious. It was set aside, and a venire was summoned, from which to obtain a jury. A jury was finally obtained, through a two-day effort and as the prosecution desired to remove, as far as possible, all religious and political considerations and influences from the trial, a considerable number of Roman Catholics were accepted on this jury. The trial then proceeded.

The defense proceeded at once to put the government and not the prisoner at the bar, on trial, They arraigned it for the murder of an innocent woman, Mrs. Surratt; and for having secured her conviction through an illegal tribunal, organized to convict, and not to try. By every means in their power they aroused a partisan spirit of political and religious bigotry; and so, surrounded the court with the air and spirit of a political convention, and removed, as far as possible, from the trial, the air and spirit of a judicial procedure. The result was a hung jury. The author was informed by a very intelligent man, who took a prominent part in this trial, that, meeting one of the jurors, who appeared to be a very frank and intelligent man, on the day after the trial, he asked him if he felt free to tell how the jury stood. He replied that they were very nearly equally divided for conviction and acquittal. He then asked him if they did not think that he was proven guilty. "Oh, yes," he replied, "we thought he was proven guilty, but we thought his conviction would be a triumph for the Radicals, and we thought that the hanging of his mother was about enough."

A most noteworthy fact in connection with this trial, as bearing upon the subject of our investigation, was the deep interest manifested by the Roman Catholic priesthood of Washington in this trial; and their sympathy with the accused. There was scarcely a day, during the trial, but what one or more of them was found in the courtroom. They also made it manifest that they were there in behalf of the prisoner at the bar; and that they were ready to aid in his defense was very apparent.

Whenever the prosecution brought a witness on the stand whose testimony was particularly damaging to the accused, a witness was always found to rebut his testimony; and was always a member of the Roman Catholic Church. It was also a very significant fact, that no one of all these witnesses was able to pass the ordeal of Judge Pierrepont's cross-examination unscathed. It looked as though the task of these priests was to aid the prisoner's counsel, by finding the witnesses that they needed; and stuffing them with the needed testimony. It was thus made manifest, during the trial, on more than one occasion, that witnesses had been hunted up and furnished with a cooked up testimony to meet the requirements of the case. It is worthy of note that whenever the prosecution thought it important to rebut any testimony a witness was always promptly found for them: and was always a Catholic. The manner of these witnesses in testifying and the fact that they could never stand the test of Judge Pierrepont's searching cross-examination, justly gave rise to the suspicion that they had been suborned and were delivering a cooked up testimony. And these facts gave rise to the suspicion that it was the special business of someone to find and stuff the witnesses for the occasion.

John H. Surratt had been a student at St. Mary's College for a year or two, at the breaking out of the war. He had commenced a collegiate course, having the priesthood in view. His sympathies were so strongly with the South that he left the college, gave up his priestly aspirations, and engaged actively in the secret service of the Confederate government.

As a student, he was very popular at the college and seemed to have won the favor of the president and faculty. The summer vacation at the college occurred during the progress of the trial, and the president took occasion to spend a day in the courtroom, and sat, all day, at the side of the prisoner in the dock. His presence there was no doubt intended to have its effect on the Roman Catholic members of the jury. It was as much as to say. "You see which side I am on." Many of the students of that college took occasion to visit their former fellow student during the trial; and always manifested their sympathy for him by the warmest friendly greetings; taking their places at his side.

How different was their treatment of his, and their fellow student, L.J. Wiechmann, who has also had the priesthood in view, but finding himself unable to continue at college, turned aside, temporarily, to replenish his pecuniary resources. He first found employment as a teacher in one of the Roman Catholic schools in the city

of Washington; but finding a more lucrative position in one of the government offices, in the military department, he resigned his position as teacher, and became a clerk under General Hoffman, who was Commissary General of prisoners.

Mrs. Surratt rented her property at Surrattsville, and took a house in Washington, and as a means of support, took in boarders. Through his acquaintance with her son, John H. Surratt, at St. Mary's College, Wiechmann became an inmate of her house; and boarded and lodged there for some months before, and up to the time of assassination. In this way he saw many things that occurred in that house in connection with the conspiracy, but without understanding their import; and as he was a very agreeable and obliging young man, bright and intelligent, he seems to have been a favorite with Mrs. Surratt. He frequently escorted her to church, as she was a very devout Catholic; and was used by her on two occasions, just before the assassination, to drive her down to her former home at Surrattsville. The last time was on the afternoon before the assassination. As soon as the assassination was made known, the military police of the city and General Baker's whole secret service force, were set at work to discover the perpetrators of the crime.

It was soon ascertained that it was John Wilkes Booth who had shot the President; and the detectives soon discovered that Surratt was an accomplice of Booth; and that Booth had been a frequent caller, of late, at the house of Mrs. Surratt; and so, within six hours after the assassination, Mrs. Surratt's house was visited by the detectives, and all of its inmates were kept under their surveillance. Wiechman went, voluntarily to the Provost Marshall's office, along with another of the inmates of Mrs. Surratt's house, by the name of Hollohan, and submitted to a honestly and conscientiously, in answer to the questions put to him, narrated all that he knew in connection with Booth's visits to Mrs. Surratt's house. This examination developed the fact that Booth's business there was always with John H. Surratt, and in his absence, with his mother; and that it was always strictly private and confidential in its character.

Wiechmann was thus discovered to be an important witness in the case, and was so held by the government.

After the arrest of Mrs. Surratt and Payne, Wiechmann recognized Payne as a man who had made two visits to Mrs. Surratt's, once under an assumed name and other suspicious circumstances; and remaining there three days on the occasion of his last visit. He left for Baltimore, but returned a few days later, clandestinely, to the city, and occupied quarters that had been provided for him by Surratt, where he was kept hidden away; but had been visited, on one occasion, by Mrs. Surratt, to the knowledge of Wiechmann. All of these things he faithfully related to the examining officer. On the trial of Mrs. Surratt he showed himself to be conscientious witness to the truth. He was placed in a very delicate and trying position, in being called upon to testify in a case where those with whom he had been intimately associated, and trusted as friends, were on trial for the highest crime that they could have committed; and that involved their lives. His bearing before the court made it manifest that he felt very deeply the delicacy and gravity of his position; but that he could not shrink from a frank disclosure of the facts that had come within his knowledge, in connection with the case.

The facts disclosed by this witness, taken by themselves, though calculated to give rise to strong suspicions of Mrs. Surratt's connection with the crime, were not sufficient to have convicted her. It was only when the testimony of Lloyd and of Colonel Smith was made to supplement that of Wiechmann, that her guilt was clearly shown. Because Wiechmann had been thus brought into the case as a witness, and had given an honest and truthful testimony, he was most cruelly followed up with the persecutions of the Roman Catholic priesthood; and was treated, by both priest and layman, as an excommunicated person, only worthy of scorn and contempt; and on no account to be associated with. He was given to know that he would never be allowed to enter the priesthood: and it was only through the good offices of the government that he was allowed to find any employment by which to gain a livelihood. He never met the fact of any priest after that, for many years at least, but to see the deepest expression of hatred and scorn. He was completely boycotted, and ostracized by his church.

He was made a witness again on the trial of John H. Surratt, when every effort was made by the counsel for the defense to cause him to contradict the testimony he had given before the commission; but without avail. To discredit him, much of the cooked up testimony previously referred to was brought in.

In this effort, also, they were foiled. He was badgered on the witness stand for two whole days, and treated

with the most scornful contempt by the counsel for the defense. He was branded by them as a perjured witness, although they had been unable to impeach him by the methods known to the law. He was even charged with having been a member of the conspiracy; and that he had testified falsely, to save his own neck by convicting Mrs. Surratt. It was even charged that he had bought his immunity from the government by consenting to give the testimony which it had prepared for him, in order to convict Mrs. Surratt. This charge had also been reiterated publicly, within a very recent period. Wiechmann was on the witness stand, at the time of the visit of the president of St. Mary's college, and of its students to Surratt, in the courtroom, but could not gain the slightest token of recognition from any of them. They were fast and free to show their warmest sympathy with the man who stood before the world as guilty of the murder of the President of the United States, but would not recognize the man, who, but recently, had stood on equal terms with him at the college, as a fellow student. And why was this? The only obvious reason was that he had been an honest and conscientious witness to the truth.

The same treatment was given by the counsel for the accused to another witness: Dr. McMillen.

It will be remembered that this witness was the surgeon of the Peruvian, and that it was to his care that Surratt had been committed, under the name of McCarthy, by his co-conspirators, Boucher and LaPierre.

The voyage across the Atlantic occupied seven or eight days, and as the doctor was the only man on board in whom Surratt could confide, and as he was carrying in his breast the secrets of a great crime, that was weighing heavily on his conscience, and being all the time haunted by the spectra of detectives, it was natural that he should seek relief in the confidential companionship of McMillen. He became very communicative, and related the difficulties that he experienced and overcame, in making good his escape from Washington, and in getting back to Canada, after the assassination--the parts taken by Porterfield, Boucher and LaPierre, in keeping him hidden away in Canada for five months, and many other things relating to the conspiracy; and finally, he revealed to him his identity. The testimony of this witness was entirely conclusive as to his guilt, and so, he was particularly obnoxious to the prisoner's counsel.

He was treated by them, from the start, just as they would have treated a witness who had been convicted of perjury, although they were unable to discredit him, by the legal methods. They could not look at him, or speak of him, but with the air and language of scorn and contempt. So important did it seem to discredit this witness, that priest Boucher voluntarily came all the way from Canada, to rebut his testimony. His man, DuTilly, was also brought: but notwithstanding the fact that they showed themselves to be swift witnesses, of the most ready kind, they failed to discredit this witness. Under the searching cross-examination of Judge Pierrepont they were made to corroborate the testimony given by the doctor, in all of its most essential and important particulars, and the unholy Father was made to convict himself of being equally guilty with the prisoner. (See report of the trial of John H. Surratt, published in two volumes by the government.)

It would seem that the Jesuits had had it in mind, from the beginning of the war, to find an occasion for the taking off of Mr. Lincoln. Early in the war, they set a paragraph going the rounds of the press, as far as they had it under their control, to the effect that Mr. Lincoln had been born in the Catholic Church, and had been made a member of the church by his baptism into it and that he had apostatized and became a heretic. Mr. Lincoln had seen this statement going the rounds of the press, and believed that such a gross falsehood would not have been published without a purpose. On the occasion of a visit from Father Chiniquy about this time. Mr. Lincoln called his attention to this paragraph, saying he had been greatly perplexed in trying to discover the object of its publication; and asking him if he could give any clue to the motive that had inspired such a falsehood. I will give Father Chiniquy's own account of his interview with the President on this subject.

"The next day, I was there at the appointed hour, with my noble friend, who said, 'I could not give you more than ten minutes yesterday. but I will give you twenty today: I want your views about a thing which is exceedingly puzzling to me, and you are the only one to whom I like to speak on that subject. A great number of Democratic papers have been sent to me, lately, evidently written by Roman Catholics, publishing that I was born a Roman Catholic; and baptized by a priest. They call me a renegade, an apostate, on account of that; and they heap upon my head mountains of abuse. At first, I laughed at that, for it is a lie, thanks be to God. I have never been a Roman Catholic. No priest of Rome has ever laid his hand on my head. But the persistency of the Romish press to present this falsehood to their readers as a gospel truth, must have a meaning: Please tell me,

as briefly as possible what you think about that.' "My dear President:" I answered, "it was just this strange story published about you, which brought me here yesterday. I wanted to say a word to you about it; but you were too busy.

"Let me tell you that I wept like a child when I read that story for the first time. For, not only my impression is, that it is your sentence of death, but I have it from the lips of a converted priest, that it is in order to excite the fanaticism of the Roman Catholic murderers, whom they hope to find, sooner or later, to strike you down, they have invented that false story of your being born in the church of Rome, and of your being baptized by a priest. They want by that to brand your face with the ignominious mark of apostasy. Do not forget that, in the Church of Rome, an apostate is an outcast, who has no place in society, and who has no right to live. The Jesuits want the Roman Catholics to believe that you are a monster, an open enemy of God and of the church, that you are an excommunicated man. I have brought to you the theology of one of the most learned and approved of the Jesuits of his time. Bussambaum, who, with many others, say that the man who will kill you will do a good and holy work. More than that, here is a copy of a decree of Gregory VII, proclaiming that the killing of an apostate, or a heretic, and an excommunicated man, as you are declared to be, is not murder; nay, that it is a good, a Christian action. That decree is incorporated in the canon law, which every priest must study, and which every good Catholic must follow.

"My dear President. I must repeat to you here, what I said in Urbanna, in 1856. My fear is that you will fall under the blows of a Jesuit assassin, if you do not pay more attention than you have done, till now, to protect yourself. Remember that because Coligny was a heretic, as you are, he was brutally murdered in the St. Bartholomew night; that Henry IV was stabbed by the Jesuit assassin, Revaillae, the 14th of May, 1610, for having given liberty of conscience to his people, and that William, the Taciturn, was shot dead by another Jesuits murderer, called Girard, for having broken the yoke of the Pope. The Church of Rome is absolutely the same today, as she was then; she does believe and teach, today, as then, that she has the right and that it is her duty to punish with death any heretic who is in her way as an obstacle to her designs.

"The unanimity with which the Catholic Hierarchy of the United States is on the side of the rebels, is an incontrovertible evidence that Rome wants to destroy the Republic, and as you are, by your personal influence and popularity, your love of liberty, your position, the greatest obstacle to their diabolical scheme, their hatred is concentrated on you; you are the daily object of their maledictions; it is at your breast they will direct their blows. My blood chills in my veins when I contemplate the day which may come, sooner or later, when Rome will add to all her other iniquities, the murder of Abraham Lincoln."

The charge that Rome was responsible for the assassination of Abraham Lincoln was first made, so far as I am advised, by Father Chiniquy; and was founded not only on the facts which I have here given; but the facts that came to him as a result of his own personal research. His charge is distinctly and explicitly made in his book, entitled, *Fifty Years in the Church of Rome.*" He there shows that Mr. Lincoln had incurred the deadly enmity of the Jesuits by foiling and disappointing them in an effort they made to convict Father Chiniquy of a crime, of which they had falsely accused him; and which, had they succeeded in convicting him, would not only have ruined his reputation, but would have secured his incarceration in prison.

Mr. Lincoln defended Father Chiniquy, and being furnished, apparently by a special Providence, with evidence that revealed their wicked conspiracy to destroy him, and convicted them of perjury, he was able triumphantly, to defeat their wicked scheme; and gave them such a scathing as made them tremble with rage, and slink away with vows of vengeance in their hearts.

Father Chiniquy, in making his warm acknowledgements to Mr. Lincoln, could not refrain from shedding tears. Upon Mr. Lincoln's expressing surprise at this, and saying to him that he ought to be the happiest man in the world, Father Chiniquy replied, that it was for Mr. Lincoln, and not for himself, that his tears were falling. He then explained the cause of his emotion, saying that, knowing the Jesuits as he did, and reading a purpose of vengeance in their murderous eyes, he knew that they would never rest until they had compassed his death. This occurred at Urbana, Illinois, in 1856. In the Providence of God, the duty fell on Mr. Lincoln of putting down a most formidable rebellion, and of maintaining the authority of the government by its military arm; and Father Chiniquy, realizing that a state of war would afford the Jesuits the opportunity that they sought, to at once wreak their vengeance on personal account, and give a stab at the life of the government, made three

different visits to the President during his administration, to give him warning of his danger and to put him on his guard. As Father Chiniquy has kindly give me liberty to use his book freely for the purposes of this book, I have given above the result of one of these visits, and shall make still further use of his book, in closing up this inquiry.

In doing so. however, I feel that I ought to commend Father Chiniquy's book to all who desire to inform themselves fully of the character, claims, and wicked purposed of the Roman Catholic Hierarchy. Father Chiniquy had a long, varied and cruel experience in the Roman Catholic Church; spending twenty-five years of his life in its priesthood. By the grace of God he was led to see and abjure the errors of the church in which he had been reared, and so, becoming a Christian, he has spent nearly another fifty years as an able and honored minister of the Protestant church, and in warning the nation of its danger from the Roman Catholic Hierarchy, and especially from the Jesuits. Would that every American citizen could read his book! It would prove to him an eye opener.

We have now traced the history of this assassination as revealed by the testimony given before the Military Commission, and before a civil court, two years later; and we find ourselves coming in contact with the Roman Catholic Church, at every point, and always as a deeply interested party, thus showing its relation to the crime. Its sympathy was always with the assassins wherever we came in contact with it. Its animus toward government was always seen to be that of the bitterest hatred and scorn. Its manner that of a lion robbed of its prey. Its every effort was to shield, and give aid to those on trial; and when it failed in this, to cast obloquy on the government, and to bring it into contempt. Thus the history of this great crime reveals to us Rome's responsibility for the assassination of Abraham Lincoln, not as an individual man, however much of personal hatred on the part of the Jesuits might have led them to plan for his death, but as the head of the nation they desired to destroy. But we shall now proceed to give the most positive and unequivocal proof of the complicity of the Romish Hierarchy in, and its responsibility for, this crime.

Father Chiniquy was so well satisfied that the priests of Rome were at the bottom of this plot, that he spent a great deal of his time in investigating the matter, to see if he could not find convincing proof of the fact. The result of his investigations will be best given in his own words.

"Murder will out" is a truth repeated by all nations from the beginning of the world. It is the knowledge of that truth which has sustained me in my long and difficult researches of the authors of the assassination of Lincoln, and which enables me, today, to present to the world a fact, which seems almost miraculous, to show the complicity of the priests of Rome in the murder of the martyred President.

"Some time ago, I providentially met the Reverend F. A. Conwell of Chicago. Having known that I was in search of facts about the assassination of Abraham Lincoln, he told me he knew one of those facts, which might perhaps throw light on the subject of my researches.

"The very day of the murder, he said, he was in the Roman Catholic village of St. Joseph, Minnesota State, when, at about six o'clock, in the afternoon, he was told by a Roman Catholic of the place, who was a purveyor of a great number of priests who lived in that town, where they have a monastery, the State Secretary Seward, and the President, Lincoln, had just been killed.

"This was told me," he said. "in the presence of a most respectable gentleman, called Bennett, who was not less puzzled than myself As there were no railroad lines nearer than forty miles, nor telegraph offices nearer than eight miles, from that place, we could not see how such news was spread in that town. The next day, the 15th of April, I was at St. Cloud, a town about twelve miles distant, where there are neither railroad nor telegraph. I said to several people that I had been told in the priestly village of St. Joseph, by a Roman Catholic, that Abraham Lincoln and the Secretary Seward had been assassinated, the very day before, which was Friday the 14th, at 10 o'clock p.m.

"But how could the Roman Catholic purveyor of the priests of St. Joseph have told me the same thing, before several witnesses, just four hours before its occurrence? I spoke of that strange thing to many, the same day and the very next day I wrote to the St. Paul Press, under the head of "A Strange Coincidence."

"Some time later, the editor of the St. Paul Pioneer having denied what I had written on that subject, I addressed him the following note, which he had printed, and which I have kept. Here it is; you may keep it as an infallible proof of my veracity.

"To the Editor of the St. Paul Pioneer: You assume the non-truth of a short paragraph addressed by me to the St. Paul Press, viz.:

"A STRANGE COINCIDENCE!

"At 6:30 p.m., Friday last, April 14th, I was told as an item of news, 8 miles west of this place, that Lincoln and Seward had been assassinated. This was three hours after I had heard the news."

St. Cloud, 17th April, 1865.

"The integrity of history requires that the above coincidence be established. And if anyone calls it in question, then proofs more ample than reared their sanguinary shadows to comfort a traitor can now be given.

Respectfully,
F.A. Conwell.

"I asked that gentleman if he would be kind enough to give me the fact under oath, that I might make use of it in the report I intended to publish about the assassination of Lincoln. And he kindly granted my request in the following form:

"STATE OF ILLINOIS,
COOK COUNTY.

"Reverend F. A. Conwell, being sworn deposes and says, that he is seventy-one years old; that he is a resident of North Evanston, in Cook County, State of Illinois; that he has been in the ministry for fifty-six years, and is now one of the chaplains of "Seamen's Bethel Home," in Chicago; that he was chaplain of the First Minnesota Regiment, in the war of the rebellion. That on the 14th day of April, A.D., 1865, he was in St. Joseph, Minnesota, and reached there as early as six o'clock in the evening in company with Mr. Bennett, who, then and now, is a resident of St. Cloud, Minnesota. That on that date, there was no telegraph nearer than Minneapolis about 80 miles from St. Joseph; and there was no railroad communication nearer than Anoka, Minnesota, about 40 miles distant. That when he reached St. Joseph on the 14th day of April, 1865, one Mr. Linneman, who then kept the hotel of St. Joseph, told affiant that President Lincoln and Secretary Seward were assassinated; that it was not later than half past six o'clock on Friday, April 14th, 1865, when Mr. Linneman told me this. Shortly thereafter, Mr. Bennett came into the hotel, and I told him that Mr. Linneman said the President and Secretary Seward were assassinated; and then the same Mr. Linneman reported the same conversation to Mr. Bennett in my presence. That during that time, Mr. Linneman told me that he had charge of the friary, or college for young men, under the priests, who were studying for the priesthood at St. Joseph; that there was a number of this kind at St. Joseph at the time. Affiant says, that on Saturday morning, April 15th, 1865, he went to St. Cloud, a distance of about 10 miles, and reached there about 8 o'clock in the morning; that there was no railroad or telegraph communication to St. Cloud. When he arrived there he told Mr. Haworth, the hotelkeeper, that he had been told that President Lincoln and Secretary Seward had been assassinated, and asked if it was true. He further told Henry Clay Wait, Charles Gilman, who afterwards was Lieutenant Governor of Minnesota, and Reverend Mr. Tice, the same thing, and asked them if they had any such news; and they replied that they had not heard anything of the kind.

"Affiant says that on Sunday morning, April 16th, 1865, he preached in St. Cloud, and on the way to the church, a copy of a telegram was handed to him, stating that the President and Secretary were assassinated on Friday evening at about nine o'clock. This telegram had been brought to St. Cloud by Mr. Gorton, who had reached St. Cloud by stage; and this was the first intelligence that had reached St. Cloud of the event. Affiant says further, that, on Monday morning, April 17th, 1865, he furnished the Press, a paper of St. Paul, a statement that three hours before the event took place, he had been informed, at St. Joseph, Minnesota, that the President had been assassinated, and this was published in the Press.

(Signed) FRANCIS ASBURY CONWELL.

"Subscribed and sworn to by Francis A. Conwell, before me, a Notary Public of Kankakee County, Illinois, at Chicago, Cook County, Illinois, the 6th day of September, 1883.

STEPHEN R. MOORE
Notary Public."

Father Chiniquy adds,

"Though this document was very important and precious to me. I felt that it would be much more valuable if it could be corroborated by the testimony of Mr. Bennett and Mr. Linneman, themselves, and I immediately sent a magistrate to find out if they were still living, and if they remembered the facts of the sworn declaration of Reverend Mr. Conwell. By the good Providence of God, both of these gentlemen were found living, and both gave the following testimonies:

"STATE OF MINNESOTA,

STERNS COUNTY,
City of ST. CLOUD,

"Horace B. Bennett, being sworn, deposes and says, that he is aged sixty-four years; that he is a resident of St. Cloud, Minnesota, and has resided in this county since 1856; that he is acquainted with Reverend F.A. Conwell, who was chaplain of the First Minnesota Regiment in the war of the rebellion; that on the 14th day of April, 1865, he was in St. Joseph, Minnesota, in company with Mr. Frances A. Conwell; that they reached St. Joseph about sundown of said April 14th; that there was no railroad or telegraph communication with St. Joseph at that time, nor nearer than Anoka, about 40 miles distant. That affiant, on reaching the hotel kept by Mr. Linneman went to the barn, while Reverend F.A. Conwell entered the hotel; and shortly afterward, affiant had returned to the hotel, Mr. Conwell had told him that Mr. Linneman had reported to him the assassination of President Lincoln; that Mr. Linneman was present and substantiated the statement;

"That on Saturday morning, April 15th, affiant and Reverend Conwell came to St. Cloud and reported that they had been told at St. Joseph about the assassination of President Lincoln; that no one at St. Cloud had heard of the event at this time: that the first news of the event which reached St. Cloud, was on Sunday morning, April 16th, when the news was brought by Leander Gorton, who had just come up from Anoka, Minnesota; that they spoke to several persons of St. Cloud concerning the matter, when they reached there, on Sunday morning, but affiant does not now remember who those different persons were, and further affiant says not.

HORACE P. BENNETT.

"Sworn before me, and subscribed in my presence, this 18th day of October. A.D., 1883.

ANDREW C. ROBINSON,
Notary Public.

In regard to Mr. Linneman, Father Chiniquy says:

"Mr. Linneman having refused to swear on his written declaration which I have in my possession, I take only from it what refers to the principal fact, viz.: that three or four hours before Lincoln was assassinated at Washington, the 14th of April, 1865, the fact was told as already accomplished in the priestly village of St. Joseph, Minnesota.

"He (Linneman) remembers the time that Messrs. Conwell and Bennett came to his place (St. Joseph, Minnesota) on Friday evening, before the President was killed, and he asked them if they had heard he was dead, and they replied they had not. He heard this rumor in his store from people who came in and out. But he cannot remember from whom.

October 20th, 1883. J.H. LINNEMAN."

We have now before us positive evidence that these Jesuit Fathers, priests of Rome, engaged in preparing young men for the priesthood away out in the village of St. Joseph, in far off Minnesota, were in correspondence with their brethren in Washington City, and had been informed that the plan to assassinate the President had been matured, the agents for its accomplishment had been found, the time for its execution had been set, and so sure were they of its accomplishment, that they could announce it as already done, three or four hours before it had been consummated. The anticipation of its accomplishment so elated them that they could not refrain from passing it around, in this Romish crowd, as a piece of glorious news.

It is plain from this testimony that Good Friday had been set, as the time for its accomplishment; and that ways and means had been planned, and that there was to be no such word as fail.

At the time that this news had been transmitted to these Fathers, it was not known that President Lincoln would attend Ford's theatre; and so, it is plain that had not this opportunity been afforded to Booth and his co-conspirators, they would still have attempted it in some other way; that their purpose had been fixed; and so desperate was their determination that they would not have been foiled in their attempt by any difficulties that they might have had to encounter.

The word had been passed to this Jesuit college in St. Joseph, Minnesota. and no doubt to all other Jesuit institutions in the United States, in Canada and in the Confederacy, that, on that Good Friday, Lincoln was to be slain.

That this was to be done to overthrow our government is to be seen in the fact that Secretary Seward was also to be taken off that day.

This news could only have been communicated to these Jesuits by their Jesuit friends in Washington, who, under the protection and hospitality of our government, were thus, in the hour of its sore trial, and extreme peril, planning and plotting for its destruction: and ready, for this purpose, to resort to their favorite policy of assassination. I feel, however that I must give my readers Father Chiniquy's own construction of this evidence. He says.

"I present here to the world a fact of the greatest gravity, and that fact is so well authenticated that it cannot allow even the possibility of a doubt.

"Three or four hours before Lincoln was murdered in Washington, the 14th of April, 1865, that murder was not only known by some one, but it was circulated and talked of in the streets, and in the houses of the priestly and Romish town of St. Joseph, Minnesota. The fact is undeniable; the testimonies are unchallengeable, and there were no railroad or telegraph communication nearer than 40 or 80 miles from the nearest station to St. Joseph. Naturally every one asked: 'How could such news spread? Where is the source of such a rumor?'

"Mr. Linneman, who is a Roman Catholic, tells us that, though he heard this from many in his store, and in the streets, he does not remember the name of a single one who told him that. And when we hear this from him, we understand why he did not dare to swear upon it, and shrunk from the idea of perjuring himself.

"For everyone feels that his memory cannot be so poor as that, when he remembers so well the names of the two strangers, Messrs. Conwell and Bennett, to whom he had announced the assassination of Lincoln, just seventeen years before. But if the memory of Mr. Linneman is so deficient on that subject, we can help him

and tell him with mathematical accuracy.

"You got the news from your priests of St. Joseph! The conspiracy which cost the life of the martyred President was prepared by the priests of Washington in the house of Mary Surratt, No. 541 H Street.

"Those priests of Washington were in daily communication with their priests of St. Joseph; they were their intimate friends.

"There were no secrets amongst them, as there are no secrets among priests. They are the members of the same body, the branches of the same tree. The details of the murder, as the day selected for its commission were as well known among the priests of St. Joseph, as they were among those of Washington. The death of Lincoln was such a glorious event for those priests! The infamous apostate, Lincoln, who, baptized in the Holy Church, had rebelled against her, broken his oath of allegiance to the Pope, taken the very day of his baptism, and saved the life of an apostate! That infamous Lincoln, who had dared to fight against the Confederacy of the South after the Vicar of Christ had solemnly declared that their cause was just, legitimate and holy! That bloody tyrant, that godless and infamous man was to receive, at last, the just chastisement of his crimes, the 14th of April. What glorious news! How could the priests conceal such a joyful event from their bosom friend, Mr. Linneman?

"He was their confidential man; he was their purveyor; he was their right hand man among the faithful of St. Joseph .

"They thought that they would be guilty of a great want of confidence in their bosom friend if they did not tell him all about the glorious event that great day. But, of course, they requested him not to mention their names, if he would spread the joyful news among the devoted Roman Catholics, who, almost exclusively, formed the people of St. Joseph. Mr. Linneman has honorably and faithfully kept his promise never to reveal their names, and today we have in our hand the authentic testimonies, signed by him, that though somebody on the 14th of April told him that President Lincoln was assassinated, he does not know who told him that!

"But there is not a man of sound judgment who will have any doubt about the fact.

"The 14th of April, 1865, the priests knew and circulated the death of Lincoln four hours before its occurrence in their Roman Catholic town of St. Joseph, Minnesota. But they could not circulate it without knowing it, and they could not know it without belonging to the band of conspirators who assassinated Abraham Lincoln."

Our case is now before the jury of our countrymen. What say you, gentlemen? Is the charge that the Roman Hierarchy was implicated in the assassination of our martyred President sustained by the evidence which we have presented; or, has it been unjustly made?

We have no doubt of the verdict of the American people when all of this evidence, both circumstantial and positive, shall have been duly considered and weighed.

The case is too plain to admit of a reasonable doubt; and the charge of being sustained, we have before us matter for the gravest consideration, and calling for the wisest, firmest and gravest consideration, and calling for the wisest, firmest and most heroic treatment. That same foe to our liberties, secured to us in our Constitution and Governmental institutions, that so insidiously and malignantly sought to take advantage of our civil war, which it had had a great hand in fomenting, to overthrow and destroy our government, is still in our midst; and under the guise of friendship for and love to our governmental institutions, is gaining position after position, to be used, finally, for their destruction. There is an impending crisis, an irrepressible conflict, before us. The history of the assassination of our martyred President, which we have now before us, reveals the desperate character of the foe that we are called to face. It is unwise to shut our eyes to the situation that confronts us. It may not be a pleasant task to contemplate the greatest of possible dangers; but it will be wiser to do so than to shut your eyes and cry peace! peace! when there is no peace. Rome will never let go her hand, nor relax her efforts to establish her despotism until she shall have been completely despoiled of her power.

Then let the trumpet be sounded throughout the length and breadth of the land, to marshal the hosts of

freedom for the conflict. Let us agitate, agitate and agitate; and then let us organize for the conflict. Let this be a war of discussion and agitation for the peaceful settlement of the great issues involved, that it may not have to be settled on the field of carnage and blood.

If it fails of the former, and much to be desired settlement, then there is but the other dread alternative left. It can never be a drawn battle; it will be a fight to the finish. Rome seems now to have the advantage in the contest: but it is only because the hosts of freedom are not fully awake to the issues involved. A wily Jesuit Arch-bishop has had the ear of the President recently elected; and has endeavored to control his cabinet and other appointments in the interest of his church; and the patriotic people, who voted for McKinley, have expressed great disappointment at the freedom of access which the wily Jesuit has to the executive head of our nation. They have felt mortified and grieved to see him take up his quarters in Washington, and for months giving his attention to the political, rather than to the spiritual interests of his church. They have felt that it was ominous of no good to see this Arch-bishop and Cardinal Gibbon cultivating such friendly relations with the President, evidently for the purpose of securing certain very desirable appointments. And they have felt disposed to censure the President for allowing this to be.

But they have no reason to find fault with the President. The Arch-bishop got the party down at St. Louis, when he caused the committee on platform to reject the resolutions offered to it by the representatives of the American Protective Association; the party having made this surrender to him, he felt himself to be master of the situation, and expected, of course, to have the President in his power, just as it has turned out that he has.

Neither would the case have been different had Bryan been elected. The party that nominated him would not have entertained these resolutions had they been offered in the Chicago convention; and the candidate could not have taken higher ground than his party.

It would only have been another Archbishop that would have taken him in charge, and the result would have been the same. We have, however, grounds for encouragement in the fact, now well known, that States, which the wily Jesuit had thought he had well fixed, have been smashed by the volume of protests that came to the President from all parts of the country. The patriotic orders were weak in the convention. but strong in protests.

It becomes us now to consider the cause of their weakness in the convention. Their weakness did not lie in lack of numbers, but in the want of an organization. The vote of the various patriotic orders in the United States outnumbers the Roman Catholic vote by at least three to one; and yet it was the Roman Catholic vote that could command the consideration of the political leaders of the land. It is easy to see why this was the case. The thorough organization of the forces of the Hierarchy is well understood. It is known that this vote can be wielded, virtually, as a unit by the priesthood, and that it can be secured by whichever party makes the highest bid for it. It is thought to be a balance of power vote in a presidential election, and the priests desire to have it so considered, in order to secure the highest price for it; not in cash, but in place and power. This is the secret of Rome's power with the politicians.

And now the question of prime importance is, how is this power to be broken?

It can only be done by a compact and thorough organization of the entire patriotic vote of the country. This vote is sufficiently large to control the entire situation; but is powerless in its present disorganized condition. It is vain to think of gaining the victory over Rome through either of the two dominant parties. They have gotten so demoralized, through long subservience to Rome, and know so well the power of its organization, and have so little dread of the patriotic organizations in their present scattered and disjointed condition, that nothing short of a crushing defeat will ever cause them to follow the dictates of patriotism. It will take a new party. The flame of patriotism must be aroused to the height of a sublime endeavor. Men must be taught to follow the flag, rather than party. We must have a party that will boldly take its stand on a platform of American fundamental principles. It must declare for the immediate incorporation of the XVIth Amendment into our National and State Constitutions. This will settle, for good, the question of the appropriation of public funds to any sectarian purposes whatever, and secure the complete separation of the Church and State.

It must also declare for such amendments to our emigration laws as will exclude all undesirable classes from

coming to our shores: such as criminals, paupers, illiterates, vicious, and all who are in any way disqualified for making good and desirable American citizens. Then, to those admitted, the limit of their probation must be extended to such a length of time as is necessary to enable them to become acquainted with the nature and to catch the spirit of our institutions. The right to vote must be based upon a qualification of intelligence. The rightful jurisdiction of the civil power must be exercised over all private institutions in which people are held under surveillance and control for the preservation of the rights and liberties of their inmates. No property held by any religious society, other than actual houses of worship, should be exempt from taxation. Now, whatever party can rise to the highest of these requirements for the protection of our institutions, and will incorporate these measures in its platform, should receive the undivided support of the American Protective Association, and of all of the other patriotic organizations, and individual citizens; provided, that in connection with these, it shall embrace all other reforms in our policy that are essential to the prosperity of our country. A party that is sound in its Americanism, and patriotic in its purposes, may be safely trusted to find, ultimately, the right side of all other questions.

The People's party ought in addition to its other reform measures, to be able to arise to the height of these requirements; but it will perhaps be found to be too much under the influence of the politicians, who seem to think that to set themselves against the Romish Hierarchy would be fatal to the success of any party. It will, in all probability, be found necessary to organize the patriotic forces into a new party, that will have the courage to accept, and to meet the issues presented fairly and squarely; and to take the name that logically presents itself: "The Protestant American Party."

They are but the garnered fruit of the tree of the Reformation. The foe we have to fight is the same that they had to contend against. The contention is in a part, at least, over the same issues; for it is the civil claims of the Papacy, and not its religious dogmas, that we are, in the present field of operations, called upon to resist. These latter we accord to it the right to hold, and to teach; believing with Jefferson that "error is harmless whilst truth is left to combat it;" so, that, however erroneous, and soul-destroying we may think its dogmas to be, they must still be held to be under the domain of reason, and to be overthrown by truth; and so, not under civil control. But the claim of the Papacy to supreme civil jurisdiction must be met, according to its nature, in the field of politics. To admit this claim is to surrender all human rights, and human liberty, to the keeping of a fallible fellow-mortal; and to enthrone him as a despot. This is what is done in theory by every loyal son of the church of Rome; and to bring all mankind into the same bondage with himself is ever to be his supreme endeavor.

Every Roman Catholic priest, of whatever grade, believes the Pope to be Christ's vicar on earth, and to stand to the human race, in all matters, spiritual and temporal, in the place of God. This places him in the position of supreme authority; so that all civil power must be dispensed under his direction and control. Every priest not only believes this, but is put under the obligation of his oath of ordination to use all the means that may at anytime be in his power to bring the whole world into the acceptance of this dogma, and to submission to the Pope's authority.

This is what the whole body of the Romish priesthood in the United States are engaged in today; and it means the subjugation of our Protestant civil institutions, and the surrender of our liberties. Here we have Romanism pitted against Protestantism, and its success simply means the destruction of our government, and the enthronement over us of the Prince of all Despots.

Let us then have the courage to take a name that immediately suggests the issues involved in the contest, and the nature of the contention, and thus raise a banner that will draw to its support every lover of liberty, and foe of despotism. Nothing would more alarm the foe we have to fight than this party name, that would so clearly indicate the real matter at issue; and nothing would more cheer and encourage the hosts of freedom.

I am aware that this proposition will be met with the objection that it would be unwise and dangerous to introduce the element of religious differences into our political contests, and especially, to make this the basis of party organizations.

But it is sufficient to meet this objection with the simple truth, that it is the civil claims of the Romish Hierarchy that we resist; and these come clearly under the domain of politics. In this resistance we do not

interfere with, or even call in question, the Papal system of religion. Every American citizen, who had had his mind expanded with the Protestant ideas of civil and religious liberty, will ever stand ready to accord to his Roman Catholic fellow citizens the same right to protection in their rights of conscience, in matters of religion, that he claims for himself; but he will at the same time see to it, that under the guise of religion, he shall not be allowed to undermine the very foundation of these privileges.

Our country must be maintained as it is now, the land of liberty, under the protection of Protestant institutions. Let us then declare to the world this purpose, by bringing it under the control of a "Protestant American Party."

The Hierarchy has never had to encounter anything in this country that has given it so much concern as does the present patriotic awakening. It affects, however, to regard it with contempt, but at the same time redoubles its efforts to tighten its grasp on the politicians. It is to them that it looks for help, and appeals for aid. It tries to hide the real issues, by its usual resort to misrepresentation and falsehood. It represents it as a revival of know-nothingism. In this it is not so far wrong. The A.P.A. is, however, built on a broader foundation, as a result of a wider knowledge, and more extended experience of the deadly hostility of Rome to our civil institutions; and so upon a better comprehension of the safeguards that are necessary for the protection.

It represents this, and all the other patriotic organizations as founded on bigotry and for the purpose of religious persecution, and so, as being un-American and unpatriotic. And all this is to throw chaff into the eyes, that they may be closed to the threatened danger.

But in this way many well meaning people and true friends of our institutions. and lovers of our country's flag, are being deceived, and lulled to sleep. Now, why does Rome resort to this line of defense? It is because all of the facts are against her, and so, as they cannot be denied or controverted, her policy is to hide them out of sight, by changing the line of vision. Rome knows; and every American citizen ought to know, that these anti-Catholic agitators are unearthing her purposes, and uncovering her plans to get hold of all the departments of our Government; and then give to the Pope all that he claims as Christ's vicar; supreme control over our civil institutions; that he may wield the civil power for the upbuilding of the so-called church. We have only to turn to the pages of history to learn how he would use this power. We want no more of his interference with our God-given rights. We want no more union of church and state; and the danger lies more than anything else, in the seeming incredibility that there should be any persons found at this late day, and in this land of ours, who would favor a return to the rack, the thumbscrews, and other instruments of inquisition torture, for the promotion of the glory of God, and the salvation of souls.

Let the incredulous look at Rome's boasted declaration: *Semper eadem*. (Always the same.) Let them also scan the declarations made by Romish priests of every grade, in recent years, in the Roman Catholic Journals and Periodicals, and they will learn that all that Rome wants is the power to enable her to revive these mild methods of propagating her version of the Gospel of Christ. Why doesn't she meet the charges that are made against her openly and fairly? When it is charged that she is storing away arms in the basements of her churches, why does she not proffer the keys, and invite inspection? When it is charged that she is restraining helpless females of their liberty, for the basest purposes, and inflicting upon them untold cruelties to bring them under subjection to a lecherous, drunken priesthood, why does she not open her doors, and appeal to the civil magistrates to make the most rigid inspection and examination, that they may thus show the charges to be false? This she has never yet done, and never will do; neither will she permit it to be done as long as she can find means for successful resistance.

In the name of liberty, in the cause of humanity, let us compel her to submit to such inspections. In the name of Protestant Americanism, let us set up our banners for complete subjugation of this corrupt, unscrupulous, and dangerous foe to liberty, and murderer of human rights.

Let it be known to the world that American freemen will ever stand on the watch tower, and will compel the submission of all within the domain of our government to submit themselves to its rightful authority--that there can be in this country in civil affairs no power greater than the State.

Former White House Chief Of Staff Andy Card's Cousin Released After Being Jailed for One Year For Having Information "No WMD Existed In Iraq."

A NY federal judge finally ruled and released Susan Lindauer, saying the government had no grounds to forcibly medicate her and keep her locked away.

By Greg Szymanski

Political prisoner Susan Lindauer, held in a New York federal correctional facility for more than year under psychiatric evaluation, was released Friday after a federal court judge ruled the U.S. government had no legal grounds to keep Lindauer locked away.

Federal Judge D.J. Mukasey of the U.S. District Court, S.D. New York, ruled against the government's motion to keep Lindauer locked away under forced medication, saying "there is simply not enough here to warrant a finding by clear and convincing evidence that Lindauer is substantially likely to be rendered competent by forced medication and substantially unlikely to suffer effects that will impinge upon a fair trial."

Better late than never but after more than year of forced incarceration and unnecessary psychiatric evaluations and forced drugging, Lindauer walked away a free woman but still faces charges stemming from urging the U.S. government in March 2001 not to attack Iraq since it had no weapons of mass destruction.

She was released Friday from the MCC NEW YORK METROPOLITAN CORRECTIONAL CENTER, 150 PARK ROW, NEW YORK, NY, held under the inmate number of 56064-054.

Lindauer, 43, a former journalist and U.S. congressional aide, wrote a March 2001 letter to he cousin, Andrew Card, former White House Chief of Staff, saying an Iraqi delegation was urging the U.S. to send weapons inspectors into Iraq in order to avert war and prove categorically there existed no weapons of mass destruction.

According to observers close to the Lindauer case, the letter sparked on "all out attack," leading to charges still pending, including four counts with conspiring to act and acting as an unregistered agent of the government of Iraq, in particular the Iraq Intelligence Service ("IIS"), from October 1999 until February 2004, and engaging in various forbidden financial transactions with that government during that period, apparently in connection with her alleged role as agent of that government.

Lindauer denied involvement as an Iraqi agent who took payoffs totaling \$10,000, saying she was just trying to "do the right thing" by alerting the government that she learned through credible sources that no WMD existed in Iraq, making the war unnecessary.

However, according to Lindauer and other observers, the Bush administration viewed her as a threat to the administration's illegal intentions of going to war with Iraq at all costs by lying to the American people

about Iraq's nuclear capabilities.

Mark Bilk, a friend and activist following the case, said Lindauer first drew the ire of the Clinton and Bush administrations when, as a reporter, she uncovered evidence that Libyan terrorists were not behind a bomb that exploded aboard Pan Am flight 103 over Lockerbie, Scotland, killing 270 passengers and crew.

"She had information it wasn't Libyan terrorists as claimed by the U.S. and Israeli governments, but actually Syrians in complicity with the CIA who placed the bomb on the plane," said Bilk Friday on Greg Szymanski's radio show, The Investigative Journal, at 4-6pm central time on www.gcnlive.com

"She was essentially imprisoned for trying to do the right thing and alert her government of the facts she learned about Lockerbie and the fact there wasn't WMD in Iraq. Instead of listening, the Bush administration wanted her out of the picture, essentially labeling her as a terrorist."

Besides the Iraqi connection regarding sensitive WMD information, Lindauer became embroiled with former CIA agent, Dr. Richard Fuisz, who claimed Libya was not responsible for the Lockerbie bombing.

In 2000, a gag order was placed on Dr. Fuisz by the U.S. government under state secrecy laws, as he faced 10 years in prison if he revealed any information about the terrorist attack.

According to a Sunday Herald article one month before a court order was served on him by the US government gagging him from speaking on the grounds of national security, he spoke to US congressional aide Susan Lindauer, telling her he knew the identities of the Lockerbie bombers and claiming they were not Libyan.

The 2000 article, appearing in London but not here, went on to say:

"In her affidavit, she goes on: "DrFuisz has told me that he can identify who orchestrated and executed the bombing. Dr Fuisz has said that he can confirm absolutely that no Libyan national was involved in planning or executing the bombing of Pan Am 103, either in any technical or advisory capacity whatsoever."

"Fuisz's statements to Lindauer support the claims of the two Libyan accused who are to incriminate a number of terrorist organizations, including the Popular Front for the Liberation of Palestine-General Command, which had strong links to Syria and Iran."

The article went on to say that Lindauer said Fuisz told her he could provide information on Middle Eastern terrorists, and referred to Lockerbie as an "example of an unsolved bombing case that he said he has the immediate capability to resolve".

Lindauer also said that Fuisz told her CIA staff had destroyed reports he sent them on Lockerbie. Lindauer also refers in her affidavit to speculation that the USA shifted any connection to Lockerbie away from Syria to Libya in return for its support during the Gulf war.

"She added that Fuisz told her: "If the [US] government would let me, I could identify the men behind this attack today. I could do the right thing ... I could go into any crowded restaurant and pick out these men ... I can tell you their home addresses ... You won't find [them] anywhere in Libya. You will only find [them] in Damascus. I was investigating on the ground and I know."

The following is Judge Mukasey's full opinion on the Lindauer matter dated Sept. 6, 2006:

United States District Court,S.D. New York.

UNITED STATES of America

v.

Susan LINDAUER, a/k/a "Symbol Susan", Defendant.

No. S2 03 CR. 807(MBM).

Sept. 6, 2006.

Michael J. Garcia, Esq., United States Attorney for the Southern District of New York, Edward C. O'Callaghan, Esq., Assistant U.S. Attorney, New York.

OPINION AND ORDER

MUKASEY, D.J.

*1 Susan Lindauer is charged in four counts with conspiring to act and acting as an unregistered agent of the government of Iraq, in particular the Iraq Intelligence Service ("IIS"), from October 1999 until February 2004, and engaging in various forbidden financial transactions with that government during that period, apparently in connection with her alleged role as agent of that government. At least a half dozen mental health professionals, including a psychologist and a psychiatrist retained by the defense, and several psychologists and psychiatrists employed, and one psychiatrist retained, by the government, have found her mentally incompetent to stand trial, due principally to delusions of grandiosity and paranoia that make her unable to assist meaningfully in her own defense and understand the nature of the proceedings she faces. Defendant, but not her lawyer, has refused to accept the diagnosis and has refused to take psychotropic drugs that government physicians wish to administer in aid of rendering her competent to stand trial. The government has moved pursuant to *Sell v. United States*, 539 U.S. 166 (2003) for an order compelling administration of such drugs. Lindauer, through and with the approval of her lawyer, opposes the motion.

Sell is discussed at greater length below, but in summary it requires that in order to obtain such relief, the government show that important government interests are at stake in prosecuting the particular case at issue, that administration of psychotropic drugs is substantially likely to render the defendant competent to stand trial and substantially unlikely to have side effects that will interfere with her ability to assist in presenting a defense, that involuntary administration of such drugs is necessary to advance the government's interests because less drastic measures will not suffice, and that administration of such drugs is in defendant's best medical interest in light of her over-all medical condition. See *id.* at 180-82. Our Court of Appeals has held that it is the government's burden to establish each of these criteria by clear and convincing evidence. See *United States v. Gomes*, 387 F.3d 157, 160 (2d Cir.2004).

Based on the evidence presented at a *Sell* hearing on May 4 and May 9, 2006, for the reasons explained below, the government has failed to carry this burden with respect to one, and possibly two, of these criteria-possibly as to the importance of the government's interest and certainly as to the likelihood that the proposed medication will succeed. Accordingly, the motion is denied.

I.

A. The Indictment

Count One of the indictment charges Lindauer with participating in a conspiracy with two other named defendants, Raed Noman Al-Anbuke and Wisam Noman Al-Anbuke, to act in the United States as agents of the government of Iraq without notification to the Attorney General, in violation of 18 U.S.C. § 951 (2000). The two defendants bearing the name Al-Anbuke are sons of a former Iraqi diplomat who have already pleaded guilty, been sentenced to time served, and left the United States, I believe for Iraq. Their charged conduct, as explained by the government in pretrial submissions, involved principally obtaining the names of expatriate Iraqis in this country who were acting against the interest of the Saddam Hussein regime, and turning them over to IIS. It bears emphasis here that it was never the government's theory that Lindauer participated in such conduct, or indeed that she even knew the Al-Anbuke brothers. Rather, she and they were charged together only because both allegedly conspired with IIS.

*2 Although it is concededly a risky business to judge the thrust of underlying charged conduct from the overt acts set forth in an indictment, the acts attributed to Lindauer in the indictment are the following: meetings in 1999 and October 2001 with IIS officers, at the latter of which she accepted an unspecified task; acceptance in January 2002 of \$232.77 and on two dates in February of \$311.10 and \$270.00, respectively, for travel, lodging and meal expenses; travel from February 23 to March 8, 2002, to Iraq, via Jordan, and meetings there in venues that included the Al Rashid Hotel in Baghdad, where she accepted \$5,000; a meeting in Manhattan where she accepted \$200.00 for travel, lodging and meal expenses; delivery on January 8, 2003, to the home of an unspecified government official, of a letter in which she conveyed "her established access to, and contacts with, members of the Saddam Hussein regime, in an unsuccessful attempt to influence United States foreign policy." (Indictment 3n) Thereafter, she is alleged to have engaged in a series of acts involving an undercover FBI agent posing as a member of the Libyan intelligence service, all apparently directed at supporting what are referred to as "resistance groups in post-war Iraq" (Indictment 3o), by which I conclude is meant groups resisting the United States and its allies and the post-war Iraqi government.

Lindauer has been reported in numerous news articles to be a cousin, to a remote degree of consanguinity, of Andrew Card, a former White House chief of staff in the current administration. E.g., David Samuels, Susan Lindauer's Mission to Baghdad," New York Times Magazine, Aug. 29, 2004, at 25. Although Lindauer is reported in the cited article to have contacted Card during her period of contact with Iraqi officials, it is uncertain whether he is the unspecified "government official" referred to in the indictment.

The substantive counts of the indictment charge defendant with acting as an unregistered agent of the Iraqi government in violation of 18 U.S.C. § 951 (Count Two); accepting about \$10,000 from IIS as payment for "various services and activities," including her trip to Baghdad in violation of 18 U.S.C. § 2332d (Count Five); and engaging in financial transactions with the government of Iraq in relation to her trip to Iraq in violation of 50 U.S.C. § 1701 et seq. (Count Six).

From these charges, it appears that the high-water mark of defendant's efforts to act as an unregistered agent for the Iraqi government was her delivery of a letter in January 2003 to the home of an unspecified government official, in what is described even in the indictment as "an unsuccessful effort to influence United States foreign policy." (Indictment 3n)

The maximum sentence on the conspiracy count is five years; the maximum sentence on each of the substantive counts is ten years.

B. Defendant's Mental Status In Relation to This Case

1. Procedural Background

*3 At the instance of her attorney, Lindauer was examined initially in January 2005 by Sanford L. Drob, Ph.D., a psychologist. Thereafter, in May and July 2005, she was examined by Dr. Stuart B. Kleinman, a government-retained psychiatrist. In September 2005, she agreed to go voluntarily to the Federal Medical Center, a Bureau of Prisons facility in Carswell, Texas, to undergo examination and, if necessary, treatment. There, she was examined and/or her records and other documentation reviewed by at least two psychologists and two psychiatrists on the staff of that facility. In addition, her records and other documentation were reviewed by Dr. Robert L. Goldstein, a psychiatrist retained by the defense. Whatever their differences in diagnosis, or as to the efficacy of forced medication, all agreed that Lindauer suffers grandiose and paranoid delusions.

At the Sell hearing, the court heard testimony from Dr. Collin J. Vas, a staff psychiatrist at the Carswell, Texas facility where defendant was evaluated; Dr. Stuart B. Kleinman, a psychiatrist retained by the government; and Dr. Robert L. Goldstein, a psychiatrist retained by defendant. In addition, eight reports from mental health professionals were received in evidence at the hearing pursuant to stipulation, including reports by the witnesses who testified. These were the following: (i) Report of Sanford L. Drob, Ph.D., February 28, 2005; (ii) Report of Stuart B. Kleinman, M.D., September 13, 2005; (iii) Report of James A. Shadduck, Ph.D., (reviewed by Robert E. Gregg, Ph.D.) December 13, 2005; (iv) Report of Collin J. Vas, December 19, 2005; (v) Report of James A. Shadduck, Ph.D., (reviewed by another psychologist whose signature was indecipherable), December 28, 2005; (vi) Report of William M. Pederson, M.D., December 29, 2005 (supplemented by Letter of William M. Pederson, M.D. to the Court, January 19, 2006); (vii) Report of Robert Lloyd Goldstein, M.D., March 20, 2006; (viii) Report of Stuart B. Kleinman, M.D., April 7, 2006.FN1

FN1. Regrettably, these exhibits were not marked separately for identification, and accordingly will be referred to herein by the name of the reporting expert and the date of the report. In addition, various exhibits that were marked were received in evidence during the witnesses' testimony and will be referred to by their exhibit designations.

Of the witnesses who testified at the hearing, the parties plainly placed principal reliance on the two outside retained psychiatrists-the government on Dr. Kleinman and defendant on Dr. Goldstein. Both are well credentialed and highly accomplished. (Compare 5/4/06 Tr. 53-55 with 5/9/06 Tr. 3-4)

Post-hearing submissions concluded on June 13, 2006.

2. Diagnoses

Most of the reports referred to above, and some of the testimony at the hearing, dealt with the defendant's diagnosis, using categories from a publication known as the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, or DSM-IV-TR. There was disagreement as to the diagnosis but, so far as I can discern, no material controversy. Thus, those arrayed on the government side agreed on a diagnosis of psychotic disorder, not otherwise specified (e.g., 5/4/06 Tr. 9-10), whereas Dr. Robert Goldstein,

defendant's retained psychiatrist, offered a diagnosis of delusional disorder, mixed type (5/9/06 Tr. 6; Goldstein Report 3/20/06, p. 2). A psychologist at Carswell wrote that defendant's "inability to fully acknowledge and discuss her current symptoms of mental illness limits the accuracy with which she can currently be diagnosed." (Shaddock Report 12/13/05 at 4) However, the focus of the hearing, and of the court's concern, was rather on the symptoms that make defendant incompetent to stand trial, and to what degree those symptoms are amenable to treatment by forced psychotropic medication. (See 5/4/06 Tr. 35 ("[T]he name of the disorder is important, but the symptoms are what we're treating.") As to the symptoms that make defendant incompetent to stand trial, there was no disagreement, and no testimony suggesting that the label attached to the syndrome of which they may be a part matters at all in determining whether they will yield to medication, forced or otherwise.

*4 Dr. Kleinman, the government's retained psychiatrist, testified to three groups of symptoms that led him to his diagnosis of psychotic disorder not otherwise specified: (a) hallucinations, defined as distorted sensory perceptions, of three types: auditory, visual and tactile; (b) delusions, defined as false fixed beliefs, of two types: grandiose and persecutory; and (c) mood disturbances, hypomanic or manic. (5/4/06 Tr. 59) However, as he explained, it is only the delusions-false fixed beliefs-that interfere significantly with defendant's ability to assist in her own defense; it is not the hallucinations or the mood disorder. (5/4/06 Tr. 66)

Here, it may be useful to examine at least briefly the delusions the doctors perceived so that their effect on defendant's ability to assist her defense can be appreciated. Dr. Kleinman describes a history of psychotic phenomena and episodes going back to defendant's childhood, possibly as early as the age of 7, including purported gifts of prophecy and spiritual visitations (Kleinman 9/13/05 Report at 8-11; 5/4/06 Tr. at 93) as well as mood disturbance (id. at 12-14) and three varieties of hallucinations (Kleinman 9/13/05 Report at 14-21). He then cites five examples of Lindauer's own writings as reflecting delusions of grandiosity: she suggests that she reported 11 bombings before they occurred, suggests that she speaks with divine inspiration, places herself at the center of events in the Middle East, and declares herself to be an angel. Further, he cites seven of her writings as evidence of paranoid delusions: that she was under government surveillance from hidden cameras inside her apartment; that the CIA and FBI were after her because of difficulties in this country's relationship with Syria; that the Egyptian government had made an attempt on her life; that the intelligence community was subverting her, including by blowing up the modem on her computer; that men next door had videotaped her on instructions of President Clinton; and that other threats and surveillance had been carried out against her (id. at 26-32). As a further example of both grandiosity and paranoia, he cites evidence that Lindauer has believed that objectively neutral environmental stimuli-such as lights going on or off, or a statement by a radio announcer-refer specifically to her (id. at 32-33).

Although Dr. Kleinman testified at the hearing that he usually likes to conduct personal interviews of people whose mental state is at issue in legal proceedings, he added that he is aware that such people are motivated to either exaggerate or minimize symptoms, and so he relied on what he called "collateral data," which I take to mean journals and correspondence and other pre-existing statements by the subject that were made before there was any intent to influence the outcome of a legal proceeding. (5/4/06 Tr. 61) His initial report relied almost exclusively on such data.

Dr. Drob, the defense psychologist, based his conclusions solely on interviews with Lindauer, and reported only grandiose delusions, although he did report her claim that the government fabricated documents in connection with the current case. (Drob Report 2/28/05 at 7) He noted that defendant is adamant that she is in fact "an important government operative and that all her actions were in fact sanctioned by the intelligence branches of the United States government." (Id. at 5) She was, she claimed, a "back door channel between the U.S. and Iraq." (Id. at 6) He said that she insisted also she is owed and was cheated out of millions of dollars for negotiating with Libya, apparently to secure reparations in connection with the 1988 bombing of Pan Am flight 103 over Lockerbie, Scotland. (Id. at 5, 6) Although Dr. Drob was resolutely agnostic even as to claims by Lindauer about her involvement in the Lockerbie negotiations, her

role in getting weapons inspectors into Iraq, and her involvement in getting President Clinton to prevent a nuclear terrorist act in the United States in 1995, characterizing such claims only as "extremely unlikely" (id. at 13), he did conclude that "when Ms. Lindauer begins to speak about her psychic powers it becomes eminently clear that she is delusional, and that the grandiose claims she makes about her participation in government affairs (although they may contain kernels of truth) are in all likelihood largely the product of her own psychotically disturbed imagination." (Id. at 14) He dismissed her claim that she had prophesies about the Iraq war when she was a little girl, and knew days in advance of every specific target in Iraq and every assassination, as "delusional on its face." (Id.)

*5 Dr. Goldstein, the defense psychiatrist, was somewhat less tentative, dismissing as "classic examples of the grandiose variety" her claims that she was "a preeminent government operative who was not sufficiently appreciated" and had contact with high-level government figures, and was possessed of psychic powers. (Goldstein Report 5/20/06 at 3) He reported also that "many of Ms. Lindauer's delusions are classic examples of the persecutory type". (Id.)

Dr. Drob's report explained that defendant's delusions interfere in two ways with her ability to assist counsel in her defense. First, because her delusions relate at least in part to the crime with which she is charged, they generate endless and perforce futile requests that her lawyer contact witnesses who she claims would support her description of the underlying events, and otherwise follow leads that exist only in her imagination. Second, her delusions make her resistant to the idea of pursuing a defense based on mental illness. (Drob Report 2/28/05 at 14-15)

Dr. Kleinman teased out in somewhat greater detail the way in which defendant's delusions interfere with her ability both to understand the case and to assist in her own defense. He pointed out that her assessment of the evidence and of the likelihood she will prevail at trial is based on her own view of reality, including that she was a Defense Intelligence Agency and Central Intelligence Agency "asset"; that she has gathered witnesses, including people from outside the United States, to testify to her value as an intelligence and anti-terrorism "asset"; that jurors are more likely to think negatively of the government than of her if they see evidence that she accepted payment from Iraqi representatives; and that the government may avoid confronting her for fear of what she might disclose. (Kleinman Report 9/13/05 at 28-43) He pointed out also that her view of plea negotiations is influenced by her delusions insofar as she believes the government will withdraw the charges against her when prosecutors realize those charges are based on "bad information" and in order to avoid embarrassing disclosures she could make (id. at 44-45)

All of the mental health professionals who treated the subject agreed that defendant has resisted the idea that she suffers from any mental illness. Thus, Dr. Kleinman noted her insistence "that she does not suffer from mental illness, and that she categorically rejects using a defense based on" such illness (id. at 46); Dr. Drob stated that defendant "denies that she suffers from or has any history of mental illness" (Drob Report 2/28/05 at 4). The psychologists and psychiatrists at Carswell said that although defendant cooperated initially, she became angry and uncooperative when it was suggested that she was mentally ill. (See Shadduck Report 12/13/05 at 3; Pederson Report 12/29/05 at 3) Dr. Goldstein reported that such denial is characteristic of delusional patients. (Goldstein Report 3/20/06 at 5) This presents obvious obstacles to enlisting her assistance in framing a defense based on her mental condition.

*6 Although defendant denies she is mentally ill, she is plainly aware of what others think, and so, as Dr. Kleinman noted, she "is disposed to dissimulate, i.e., minimize the presence and extent of her psychiatric difficulties, especially to mental health professionals-whom she distrusts and generally dislikes." (Kleinman Report 12/13/05 at 8) She acknowledged to him that if she testifies at her trial she will have to avoid touching on such subjects as her psychic powers, but "also noted that when (metaphorically) attacked by others she has spontaneously uttered prophesies." (Id. at 46)

There appears to be no dispute that defendant's delusions are of long duration. As noted, Dr. Kleinman found in his initial report that her writings suggest they go back to childhood, perhaps as early as age 7. (Kleinman Report 9/13/05 at 8-11; 5/4/06 Tr. at 93; see supra at 9) Dr. Shadduck, a psychologist at the Carswell facility, relying principally on interviews with defendant and the reports of Dr. Drob and Dr. Kleinman, concluded that "Ms. Lindauer appears to have developed increasingly severe symptoms of mental illness over the past several years." (Shadduck Report 12/13/05 at 1, 5)

It appears from Dr. Kleinman's initial report that even lay people can perceive that Lindauer is not mentally stable. A neighbor reported that Lindauer seemed "mildly schizophrenic." (Kleinman Report 9/13/05 at 35) However, the uniform view of those who addressed the subject of dangerousness was that whatever may be her mental condition otherwise, Ms. Lindauer is not a danger either to herself or to others. (See Pederson Report 12/29/05 at 6, reporting "no evidence of dangerousness" (emphasis in original)); Shadduck Report 12/13/05 at 4; 5/4/06 Tr. 39)

C. Proposed Medication

As noted, the dispute here concerns whether, having refused voluntary medication, defendant should be forced to take medication so as to render her competent to stand trial. That decision turns on whether the requirements of *Sell v. United States*, supra, have been met. Before any discussion of the evidence in this record relating to the issue of forced medication, it would be useful to review in some detail the requirements of *Sell* and *Gomes*, supra.

1. Legal Prerequisites to Forced Medication

As noted, *Sell* establishes a four-part test for determining whether a defendant may be forced to take antipsychotic medication. "First, a court must find that important governmental interests are at stake." *Sell*, 539 U.S. at 180 (emphasis in original). The Court found that prosecution of a defendant charged with a serious crime is such an interest. *Id.* However, *Sell* admonishes courts to "consider the facts of the individual case in evaluating the Government's interest in prosecution. Special circumstances may lessen the importance of that interest." *Id.* As an "example" of such a circumstance, the Court hypothesized a defendant whose refusal to take drugs voluntarily "may mean lengthy confinement in an institution for the mentally ill-and that would diminish the risks that ordinarily attach to freeing without punishment one who has committed a serious crime." *Id.* Of course, that is not the case here, where Lindauer has been found not to present a danger either to herself or to others (see supra at 15) and would not be so confined. But again, the hypothetical defendant discussed in *Sell* is only an example of "special circumstances"; by definition, an example does not define the universe of "special circumstances."

*7 "Second, the court must conclude that involuntary medication will significantly further those concomitant ... interests." *Id.* at 181 (emphasis in original). This requires a finding "that administration of the drugs is substantially likely to render the defendant competent to stand trial. At the same time, it must find that administration of the drugs is substantially unlikely to have side effects that will interfere significantly with the defendant's ability to assist counsel in conducting a trial defense, thereby rendering the trial unfair." *Id.* No further explanation is provided or example offered of what might constitute "substantial" likelihood of success, "substantial" unlikelihood of adverse results, or "significant" interference with conduct of a trial defense.

"Third, the court must conclude that involuntary medication is necessary to further those interests. The court must find that any alternative, less intrusive treatments are unlikely to achieve substantially the same results." *Id.* (emphasis in original). The court here is directed to "consider less intrusive means for administering the drugs, e.g., a court order to the defendant backed by the contempt power, before considering more intrusive methods." *Id.*

"Fourth,... the court must conclude that administration of the drugs is medically appropriate, i.e., in the patient's best medical interest in light of his medical condition." *Id.* Here, the Court suggests consideration of the type of drug to be used and its projected side effects and level of success. *Id.*

Consideration of the factors relating to this fourth element may differ from the consideration necessary to resolve the second element, which also involves weighing likelihood of restoring competence against likelihood of adverse side effects, in that the second element focuses on favorable and unfavorable outcomes only insofar as they affect a trial, whereas the fourth element focuses on the defendant's medical well-being in the large.

The defendant in *Sell*, a one-time practicing dentist who had been treated, apparently successfully, with antipsychotic drugs before he became ensnared in the case that bears his name, 539 U.S. at 169, was charged with submitting fictitious insurance claims for payment, and money laundering. *Id.* at 170.

Sell did not prescribe the standard the government must meet in establishing each of these four elements. That gap is filled by *United States v. Gomes*, 387 F.3d 157 (2d Cir.2004), where our Court of Appeals endorsed a requirement that the government prove its case by clear and convincing evidence. See *id.* at 160.

Gomes also fills a couple of other gaps in *Sell*, albeit with much less explicit direction. In *Gomes*, it appears that the only witnesses were mental health professionals employed at the facility where the government proposed to treat the defendant, and they projected "a 70 percent chance that he could be rendered competent through treatment with anti-psychotic medication." *Id.* at 158. It is not clear whether that projection was particular to the defendant in *Gomes* because later in the opinion the Court found "not clearly erroneous" the District Court's reliance in part on "the BOP's [Bureau of Prisons'] 70 percent success rate in restoring defendants to competence through treatment (voluntary or not) with anti-psychotic medication." *Id.* at 161-62.

*8 Coincidentally, the defendant in *Gomes* was reported to be suffering from the same delusions that afflict Lindauer: "delusional disorder of grandiose and persecutory type." *Id.* at 159. However, as noted, it appears that the only mental health professionals to present evidence in *Gomes* were a psychologist and a psychiatrist employed by the government; certainly, there was no mention in *Gomes* of any contrary testimony as to the amenability of such delusions to treatment of any kind, forced or otherwise. Because the case before this court must be decided on the record before this court, I draw no conclusions whatever from the apparent conclusion in *Gomes* that such delusions can be treated with whatever medication was proposed in that case. The only possible lesson I can draw from this portion of *Gomes* is that if one could project, based on clear and convincing evidence, a 70 percent likelihood of success in treating Lindauer, that would be sufficient.

The *Gomes* Court also analyzed the strength of the government's interest in bringing the defendant to trial as follows:

Gomes faces trial for a serious felony—possessing a firearm as a felon. Both the seriousness of the crime and

Gomes's perceived dangerousness to society are evident from the substantial sentence Gomes faces if convicted. Because he has committed at least three prior felonies or serious drug offenses, Gomes faces a possible statutory minimum of fifteen years' imprisonment.

Id. at 160.

For all the Supreme Court's focus in *Sell* on standards for coercing antipsychotic medication, the Court does acknowledge the principle, arising from the Court's own precedents, "that an individual has a constitutionally protected liberty 'interest in avoiding involuntary administration of antipsychotic drugs'-an interest that only an 'essential' or 'overriding' state interest might overcome." *Sell*, 539 U.S. at 178-79, (quoting *Riggins v. Nevada*, 504 U.S. 127, 134 (1992)). Such an essential or overriding interest was found, for example, in *Washington v. Harper*, 494 U.S. 210 (1990), where the Court permitted forcible administration of drugs "to inmates who are ... gravely disabled or represent a significant danger to themselves or others." 539 U.S. at 226. But when such interests are absent, as they are here, certain questions present themselves, and the *Sell* Court made it plain that this court must keep them in mind:

Why is it medically appropriate forcibly to administer antipsychotic drugs to an individual who (1) is not dangerous and (2) is competent to make up his own mind about treatment? Can bringing such an individual to trial alone justify in whole (or at least in significant part) administration of a drug that may have adverse side effects, including side effects that may to some extent impair a defense at trial? We consequently believe that a court asked to approve forced administration of drugs for purposes of rendering a defendant competent to stand trial, should ordinarily determine whether the Government seeks, or has first sought, permission for forced administration of drugs on these other Harper-type grounds; and, if not, why not.

*9 Id. at 183 (emphasis in original).

Although the Court's discussion of a defendant's interest in avoiding forced psychotropic medication seems at times curiously anodyne, I think it is not inappropriate to recall in plain terms what the government seeks to do here, which necessarily involves physically restraining defendant so that she can be injected with mind-altering drugs. There was a time when what might be viewed as an even lesser invasion of a defendant's person-pumping his stomach to retrieve evidence-was said to "shock[] the conscience" and invite comparison with "the rack and the screw". *Rochin v. California*, 342 U.S. 165, 172 (1952). The Supreme Court's rhetoric seems to have toned down mightily since then, but the jurisprudential principles remain the same.

2. Evidence Bearing on Disputed Issue of Forced Medication

All the mental health professionals at the Carswell facility endorsed in their reports the idea of prescribing antipsychotic medication for defendant. Indeed, even Drs. Shadduck and Greg, who hold Ph.D. degrees and accordingly are not, so far as I am aware, authorized to prescribe medication, nonetheless opined that "[a]ntipsychotic medications are the best treatment for symptoms of psychosis" (Shadduck Reports 12/13/05, 12/28/05 at 5) (see Vas Report 12/19/05 at 2; Letter of William M. Pederson, M.D. to the Court, Jan. 19, 2006, at 1)

Dr. Vas submitted the above-referenced two-page report, in which he concluded that it is medically necessary to treat defendant with antipsychotic medications, that they are "substantially likely" to render her competent, and that the side effects listed in his letter are rare and can be dealt with through "treatment strategies," and that in any event defendant does not to his knowledge suffer from any medical condition

which would place her at substantial risk of developing any severe side effects.

Dr. Vas also testified at the hearing, and did so with the same bland assurance and utter lack of substantiation. He stated in conclusory form his professional belief that "antipsychotics are medically necessary and appropriate and that, although there is a risk of various side effects, the risk of the side effects are rather rare and fairly easily managed" (5/4/06 Tr. 24), and specifically as to defendant, answered in the affirmative to the question, "[i]n your opinion, is involuntary administration administration of antipsychotic medication medically appropriate to treat Ms. Lindauer for her mental condition?" (Id. at 28) He recommended what are referred to as second generation or atypical antipsychotic medications that "are much more easily tolerated by patients, and we have some evidence that they have a less deleterious effect on cognition and help people think more rationally." (Id. at 23)

In the same broad fashion, he testified to experience with "people that ... might complain of a side effect, and we try to alleviate side effects as much as we can and try to meet the treatment goals at the same time." (Id. at 25)

*10 Similarly, and without elaboration, he testified that it was "extremely likely" that defendant would respond positively to antipsychotic medication, and added that "[t]here have been a few studies done that have been published in the literature which would indicate a restoration to competency that is above 80 percent, anywhere from 80 to 95 percent and that has included patients from various diagnostic categories and their response to particularly antipsychotic treatment." (Id. at 29)

The government appears to have placed principal reliance on the testimony of its retained psychiatrist, Dr. Kleinman. He submitted an extensive initial report, cited above, that focused entirely on the diagnosis of defendant's condition. However, he submitted a later report that discussed treatment, and testified as well on the issue of forced antipsychotic medication.

His second report described why he prefers his diagnosis to that of Dr. Goldstein, but stated also that even if defendant is diagnosed as suffering from delusional disorder, "second generation, i.e., 'atypical', antipsychotic medication would reasonably likely-safely-help her." (Kleinman 4/7/06 Report at 10) Although the report supports that conclusion by quoting four studies that are optimistic as to the potential effectiveness of second generation antipsychotic medication in treating delusional disorder, all are anecdotal, which is to say none report on controlled studies. The most optimistic, dated in 1995, reports an overview of the literature that suggests " 80.8% of patients show total or partial recovery" (id. at 15), but that conclusion is hemmed in with qualifications, as follows:

The authors are well aware that the outcome of this delusional disorder treatment overview is tentative. The existing literature has been investigated thoroughly, but its quality is extremely diverse, nomenclature is highly variable, and extended-case series are rare. The simplest details are often missing, such as dosage schedules, side effects, duration of drug use, etc., as well as reasons for choosing or changing drugs. Duration of follow-up is extraordinarily variable.

Another confounding factor in looking at outcome results with different treatments is that pimozide has generally become the first-choice treatment in recent years. Therefore, other neuroleptics tend to be employed in somewhat older studies. This may make their direct comparison even less reliable than otherwise.

(Id.)

At the hearing, Dr. Kleinman came bearing a later report, published in February 2006, that reviewed the literature dating back to 1994 dealing with treatment of delusional disorder. (5/4/06 Tr. 79; GX 2) According to Dr. Kleinman, the new report concludes that the literature indicates "an effectiveness overall of various types of antipsychotic medication to be approaching 90 percent, in the high 80 percent." (Id. at 80) (emphasis added) The word "overall" here is significant, because Dr. Kleinman testified further as follows:

*11 Q. And with respect to persecutory and grandiose types of delusion [the two types with which defendant is afflicted], what are the results as reported in the article?

A. Well, there is a total of 15 reported cases of persecutory delusions and there are a little bit more than 50 percent, eight [of] fifteen, are reported to be improved. None are reported to be recovered entirely, and there were no patients specifically with grandiose delusions.

Id. at 81

Moreover, Dr. Kleinman acknowledged a substantial ambiguity even in the "overall" figure, when he noted that the report showed elsewhere that a "positive response to medication treatment occurred in nearly 50 percent." (Id. at 81) He speculated that the apparent contradiction between the 50 percent and 90 percent figures could have occurred because at one point recovered and improved patients had been lumped together to generate the 90 percent statistic, but the author did not explain what was meant by "positive response" in nearly 50 percent of the cases. Dr. Kleinman conceded that this explanation was "not an entirely satisfactory one." (Id.) He offered for guidance also an article describing a single success in treating delusional disorder with Risperidone (GX 3), a second generation or atypical antipsychotic medication (5/4/06 Tr. at 83-84). However, the last sentence of the conclusion in that article reads as follows: "A controlled clinical trial of Risperidone in the treatment of patients with delusional disorder is warranted." (Id. at 85)

Dr. Kleinman explained the absence of evidence from controlled clinical studies by pointing out that delusional disorders are generally rarer than schizophrenic disorders, and accordingly it is difficult to obtain data with respect to delusional disorders and resources are directed more at the schizophrenic disorders. (Id. at 86) Later, he agreed that controlled studies are a "more desirable source of data for making treatment decisions." (Id. at 90) Despite the absence of controlled studies, and the "critical eye" with which case studies must be approached, he answered "Yes" to inquiries as to whether "involuntary administration of antipsychotic medication [is] medically appropriate to treat Ms. Lindauer's symptoms" and whether such treatment would "improve Ms. Lindauer's chances to be restored to mental competency to stand trial." (Id. at 87)

That was as strong an endorsement as he gave to involuntary medication. It bears mention here that initially, when he was not responding to leading questions, he testified simply that "there is only one type of treatment that holds any promise of diminishing ... the psychotic disorder not otherwise specified and that is antipsychotic medicine." (5/4/06 Tr. 63) That testimony says nothing about the likelihood that such treatment would succeed, but only that it is the sole treatment that could succeed in treating what he characterized as "a condition very much worthy of treatment ." (Id. at 89)

*12 Dr. Goldstein, defendant's retained psychiatrist, explained his preference for the diagnosis of delusional disorder, mixed type over psychotic disorder not otherwise specified (5/9/06 Tr. 6, 32-33), but readily noted that from the standpoint of treatment, the two defined "a distinction without a difference." (Id. at 28)

He reviewed the weaknesses of the paper Dr. Kleinman had brought to the hearing, GX 2, including not only that there were no controlled studies but also that,

there aren't many articles where someone says I treated six patients with this illness and none of them got better. Those kind of papers are generally not published. So there's a kind of skewing of the literature towards only writing about things where you have a favorable outcome.

(5/9/06 Tr. at 14; see generally *id.* at 13-16) Dr. Goldstein himself is working on an article about the Sell case and the issue of forced medication, in which he will take the position that some conditions are responsive to forced medication, but that delusional disorder is not among them. (*Id.* at 16)

Drs. Kleinman and Goldstein differed as well on the likelihood of undesirable secondary or side effects from forced administration of psychotropic drugs, starting with a paranoid patient's likely response if the drugs do not abate paranoia. Dr. Kleinman spoke principally of the likely effect of unsuccessful treatment on defendant's relationship with her lawyer, and said it was by no means certain that relationship would deteriorate because the relationship continued intact at the time of the hearing (5/4/06 Tr. at 68), although he conceded that an "extreme" reaction would be for her to "become very angry at him and reject him." Dr. Goldstein, on the other hand, testified to "a general consensus that compelling a paranoid delusional patient to undergo any coerced medication or other forms of treatment will have a high likelihood of intensifying their delusions, their agitation, their mistrust, their feelings of being persecuted and attempts to harm them and so forth." (5/9/06 Tr. at 17) In particular, he said, "it would have a highly adverse impact [on defendant's ability to function within the criminal justice system] because she'd be much more paranoid, so whatever distrust, and I'm sure there is some already, she has of the system and her lawyers and perhaps the judge, as well, would be intensified to the point where her cooperation and her level of ability to participate in the proceedings would be greatly compromised, I think." (*Id.* at 17) He said that conclusion is "just a matter of common sense that sometimes is exercised by doctors with clinical experience who know that a paranoid patient who is forced to do things that they view as particularly harmful to themselves are only going to get worse." (*Id.* at 43)

As to physical side effects, Dr. Kleinman agreed that certain of such side effects were possible, but emphasized that monitoring and screening of patients could mitigate or prevent the onset of such symptoms (5/4/06 Tr. 71-73, 92), although he agreed that a physician charged with monitoring a large number of patients would have a harder time monitoring each patient effectively (*id.* at 92). Dr. Goldstein relied on a pharmacology text (DX D) to project various percentages of physical side effects, principally including EPS, or extrapyramidal syndrome, which encompasses various degrees of muscular disorder and pseudo-Parkinsonism, with tremors, rigidity, and other involuntary muscular phenomena. (5/9/06 Tr. at 21) Such phenomena became more likely as the dosage increased, reaching 25 percent for Risperidone at a 16 mg level (DX D), which he said is considered a high incidence. (5/9/06 Tr. at 22; see also DX C) He testified that the recorded incidence of neurologic malignant syndrome, or NMS, in patients taking these medications is 2 percent, with 20 percent mortality in patients suffering NMS, a death rate of 4 per 1,000. (4/9/06 Tr. 24)

*13 As to defendant's own experience with medication, she reported having been treated in the past for mood disorder with Depakote, which is not an antipsychotic but rather a mood stabilizer. (5/4/06 Tr. 64) The government has argued that defendant was treated successfully in the past with olanzapine for hypomanic or manic symptoms, which are among the symptoms of what Dr. Kleinman has diagnosed as psychotic disorder not otherwise specified, and therefore that she has already had a successful experience with an antipsychotic drug. (Letter of Edward C. O'Callaghan, Esq. to the Court, June 2, 2006, at 1) However, those symptoms are not the ones that render her incompetent to stand trial, and that medication has not been suggested by anyone as a treatment for the delusional symptoms that do render her incompetent.

II.

I think there is no dispute here that the government has presented clear and convincing evidence with respect to the third element under Sell-that means other than forced medication will not suffice to treat Lindauer, who rejects the very notion that she needs treatment and who has refused to take medication. Notwithstanding an attachment to defense counsel's March 27, 2006 submission wherein defendant offers to take medication on condition, inter alia, that she be released on her own recognizance, that the court appoint its own expert, in Maryland, who is to be "agreeable to me and to my attorney", and that the defendant will nominate her own candidate whose office location is convenient for commuting purposes subject to the court's approval. (Letter of Sanford Talkin, Esq. to the Court, March 27, 2006, Ex. D) That is not a workable set of conditions, and simply confirms defendant's unwillingness to submit to medication. Nor has any mental health professional suggested a course of therapy that can mitigate defendant's delusions, which is not surprising when one considers that defendant rejects the notion that she needs treatment.

As to the fourth Sell element, that administration of antipsychotic drugs be found to be in the patient's best medical interest in light of her medical condition, the parties have not addressed Lindauer's particular medical history in detail, and in view of the other findings in this opinion I see no need to address the issue.

However, as to the first and second Sell elements, I believe for the following reasons that the government has failed to prove its case by clear and convincing evidence.

With respect to the first element, the government argues that acting as an unregistered agent of a foreign power inimical to this country's interests is a serious crime, as indeed it is, and that in assessing the government's interest in prosecution the court should look no further than the 10-year maximum sentence that Lindauer faces if she is convicted, drawing from the reference in Gomes to the penalty that defendant faced. For the reasons set forth immediately below, I disagree.

*14 As noted above, the Supreme Court has directed that I consider "the facts of the individual case in evaluating the Government's interest in prosecution." 519 U.S. at 180. The dentist in Sell could commit the crimes with which he was charged-submitting false medical claims and money laundering-without interacting personally with anyone. The defendant in Gomes, charged as a felon in possession of a weapon, could do that and more without interacting personally with anyone, except insofar as he might threaten or shoot someone. Lindauer, on the other hand, could not act successfully as an agent of the Iraqi government without in some way influencing normal people. I recognize that it is only with great diffidence that a court should examine a case before it has been tried, but the Supreme Court has said in essence that I must consider whatever reality is presented to me, fragmentary though it may be. That is what I take the Court to mean by "consider the facts of the individual case." Appropriately diffident though I am, there is no indication that Lindauer ever came close to influencing anyone, or could have. The indictment charges only what it describes as an unsuccessful attempt to influence an unnamed government official, and the record shows that even lay people recognize that she is seriously disturbed. See supra at 15. As is also noted above, Lindauer has been found to pose a threat neither to herself nor to others. (*Id.*) The government's interest here in prosecuting this defendant is significantly weaker than it was in either Sell or Gomes; it would be a denial of reality-of "the facts of the individual case"-to find otherwise.

As to the second Sell factor, the government's case as proved before me was neither clear nor convincing. First, although I do not dispute the sincerity of Dr. Vas's testimony, or denigrate his qualifications, his testimony was formulaic and conclusory. The principal witness for the government was Dr. Kleinman, and

his unguided testimony was not that forced administration of antipsychotic drugs was highly likely to succeed, but rather that it offered the only possibility of success. Those are two very different standards. Even under the leading examination of the prosecutor, his most emphatic endorsement of forced medication was that such treatment would "improve Ms. Lindauer's chances to be restored to mental competency to stand trial." (Id. at 87) The most forceful recommendation for antipsychotic medication contained in his April 7, 2006, report was that second generation or atypical medication "would reasonably likely-safely-help her." (Kleinman 4/7/06 Report at 10) Even that statement, which, as noted, was supported solely by studies reflecting anecdotal evidence, seems to fall short of the high likelihood required by Sell. Further, even if one were to read that statement, standing alone, as consistent with the requirements of Sell, one must recognize also that it does not stand alone. It is contradicted by Dr. Goldstein's view, and mitigated substantially by Lindauer's lengthy delusional history. Dr. Drob pointed out that delusions of long standing "are very difficult to treat, in large measure because the individual has built his/her entire identity around the belief in their validity." (Drob Report 2/28/05 at 15)

*15 In sum, the gaps in the medical literature and experience pointed out by Dr. Goldstein as described above, including the unreliability of anecdotal evidence and the absence of controlled studies; Dr. Goldstein's own view that medication is unlikely to help, which is supported by the length of this defendant's delusional history; and the reasonable possibility that forced medication would simply strengthen Lindauer's paranoid tendencies and distance her still further from her lawyer (see supra at 28-29), all demonstrate that there is simply not enough here to warrant a finding by clear and convincing evidence that Lindauer is substantially likely to be rendered competent by forced medication and substantially unlikely to suffer effects that will impinge upon a fair trial.

For the above reasons, the government's motion is denied.

Wanta Confident \$4.5 Trillion Will Be Released As Corrupt U.S. Authorities Backing Themselves Into A Corner

Ambassador Leo Wanta hoped the money would be released by Sept 7 but has "dropped the financial hammer," notifying major European banks of U.S. government's nonpayment. In turn banks are placing stop orders on all transactions with the U.S. government of \$100 million or more. Further, U.S. Treasury does corrupt deal with Vietnam and Taiwan to delay Wanta payment.

8 Sep 2006

By Greg Szymanski

According to Michael C. Cottrell, treasurer of the financial group waiting to distribute \$4.5 trillion to the American people, Ambassador Leo Wanta assured him on Thursday the money eventually will be released, as corrupt U.S. authorities withholding it illegally are "backing themselves into a tighter and tighter corner."

Wanta and Cottrell, who together formed AmeriTrust Groupe, Inc. to oversee proper distribution of the massive amount of money, were hoping the money would be released by the end of the business day on Sept. 7, the same day the Chinese were also to be paid trillions by the U.S. government for prior investment gains.

However, the deadline passed without the Wanta \$4.5 trillion being paid and still being illegally withheld in a Clearing House Interbank Payment System credit account (CHIPS), an account credited to Goldman Sachs and Co. at Citibank.

In what has become known in international financial circles as one of the most important and explosive stories in the history of modern banking, the Wanta settlement has been the subject of a Bush administration cover-up ever since Ambassador Wanta entered into an official written agreement in November 2005 to repatriate money for the betterment of the American economy.

Further, in May Wanta verbally agreed to the distribution of the \$4.5 trillion with President Bush along with the assistance of one Foreign Intelligence Surveillance Court (FISA) court judge and two U.S. Supreme Court Justices.

The settlement, also negotiated with the help of two major U.S. law firms, represents only a portion of the \$27.5 trillion offshore fund established at the end of the Cold War, which is now under the legal control of Ambassador Wanta, as duly appointed trustor, a position given to him by former President Ronald Reagan.

"Well the news is, so far, we have not been paid and the reason they don't want to make a pay-out is they do not want it to show up on the books," said Cottrell in a Thursday evening telephone conversation. "We have heard, though, through one of the people working for the government that they have not said they won't pay us just that they can't pay us now."

Concerning an estimated \$32 trillion payable to the Chinese on Sept. 7 and the Wanta \$4.5 trillion, Cottrell

added that Secretary of the Treasury Henry M. Paulson, Jr., went to China for an Asian/Pacific Economic Conference and, on directions of President Bush, cut a deal with Vietnam and Taiwan China to essentially "buy more time" in an effort to delay release of the Chinese and Wanta money.

"Last night they struck a deal to essentially buy more time which allows them to use Fanie Mae and Ginnie Mae as a cover," said Cottrell. "They are also using 1933-1934 U.S. dollars held in a repository of Taiwan Central Bank that were given to China from 1933-1945. Now each box of cash in the repository is worth \$100 million and that is to be repatriated. In 2000, a bank law was passed allowing for a five percent repatriation fee and we believe they are using part of that as actually money being traded.

"Now the Fanie Mae and Ginnie Mae's are used as a front and they use the cash from the boxes from the repatriation. To cover all of that they have been given loans both to Vietnam and Taiwan and those loans allow them to do trading through Deutsche Bank similar how they are trying to use our Chip worth \$4.5 trillion in Citibank to turn over tremendous profits like I explained earlier.

"Now they are using this cash and the cover of loans for Taiwan and Vietnam. They still have not paid us, but we learned there are going to be funds paid out tomorrow apparently via CHIP, however, we rather doubt at this point if we are going to be paid.

Cottrell added that in lieu of nonpayment, Ambassador Wanta "has already lowered the hammer," notifying the major banks in Europe, save Deutsche Bank, who have all agreed to put "stop orders" on any transactions with the U.S. government of \$100 million or more.

"Most of the major banks in Europe other than Deutsche Bank have already agreed to the stop orders based on the failure to pay Ambassador Wanta," said Cottrell, including Credit Swiss and UBS. "We have asked the Chinese but I have not heard confirmation that they will go ahead and pull the \$32 trillion owed in CHIPS. However, given that President Bush and Paulson cut a deal with Viet Nam and Taiwan whether the Chinese pull the CHIPS is irrelevant because they now have a cash flow through the system that allows them to stash more money away.

"What is most aggravating to me is that the President of the United States and the Secretary of the Treasury have made a deal with a communist country to circumvent an American company from paying taxes. That is what makes me angry because these guys go over and strike a deal to circumvent the American people. They essentially would rather cut a deal in Hanoi then allow us to pay the \$1.6 trillion in taxes and use the rest of the money for the betterment of the American economy."

Besides alerting European banks about nonpayment, Cottrell said he didn't want to "tip his hand" on future plans to secure release of the \$4.5 trillion, saying he fears the U.S. government would use this information to circumvent their plans.

Although Wanta and Cottrell have been trying to get paid since June, he still felt optimistic the money will be released.

"I was just talking to Leo tonight and he said we will get paid and that there is no question or doubt about that," added Cottrell. "But what they are doing is boxing themselves into a tighter and tighter corner because this is truly a fraud against the United States of America. The more they try to circumvent the more violations of federal law keep adding up."

In related matters, one week ago Cottrell learned James R. Wilkinson, deputy national security advisor for communications, signed off on the release of the \$4.5 trillion being held in the Clearing House Interbank Payment System credit account (CHIPS), an account credited to Goldman Sachs and Co. at Citibank.

Wilkinson and Paulson are the only two officials with signature approval over the \$4.5 trillion Wanta money, but both have failed to comment publicly.

Wilkinson assumed his post in 2003 after serving as Director of Strategic Communications for General

Tommy R. Franks. In his present position, he reports directly to the National Security Advisor and the White House with the specific task of crafting long-term messaging for the National Security Council.

However, according to Cottrell, after Wilkinson officially "signed-off" on the \$4.5 trillion, disturbing twists and turns began to take place as the funds never were properly directed into Ambassador Wanta's account.

"We tried calling Paulson a week ago, but his secretary told us, point blank, never expect a call back from him - ever," said Cottrell Wednesday in an extended telephone conversation about the reluctance of the highest officials in the land to release trillions that would benefit the American economy.

Instead, after repeated inquiries, Cottrell learned the Bush administration had deviously devised an illegal plan to defraud Ambassador Wanta and, in turn, the American people by diverting the CHIPS account first to the Deutsche Bank/Berlin and then to two other banks.

Cottrell added this method of "signing-off and then transferring credit accounts" is used by less than scrupulous individuals as a financial smokescreen, giving the appearance the money is being released when, in fact, it is being illegally diverted for other purposes.

"They have been lying to everyone and it is clear they never want to release the \$1.6 trillion into the U.S. Treasury. They are simply trying to steal the money and it appears they really want to bring down the economy and the country," said Cottrell, referring to the \$1.6 trillion to be paid by Ambassador Wanta in federal taxes generated by the massive \$4.5 trillion settlement.

Regarding the trillions of offshore money generated by Wanta at the end of the Cold War, it was always the intention of President Reagan and Ambassador Wanta to use the money for the benefit of the American people. But after Reagan left the political spotlight, Wanta was indiscriminately and illegally jailed by operatives working for the last three presidential administrations, who have instead pilfered trillions for their own agenda and personal gain.

After Wanta's release from a Wisconsin jail in 2005, he was instructed in a 2003 memorandum opinion by Federal Judge Gerald Bruce Lee of the U.S. District Court, Eastern District of Virginia, to try and return the \$27.5 trillion to U.S. coffers according to President Reagan's instructions.

The \$4.5 trillion settlement is a culmination of his efforts after finding a dark and ominous financial trail of theft, bribery and deception, discovering in his quest to retrace the whereabouts of the offshore money that much of it had been stolen or diverted for private use by the last three presidential administrations.

Wanta also discovered to his dismay that a CIA disinformation campaign had been waged, spreading false rumors of his death, making it easier for those criminals inside the government to abscond with trillions.

To date he has provided the *Arctic Beacon* with documentation of more than \$745 billion in stolen funds, including accounts leading to Bush. Sr., Neil Bush and former President Clinton.

Wanta added that at the time he entered into the settlement in May he had further identified upwards of \$2 trillion in stolen funds from accounts under his control, keeping the documentation as financial leverage in case the \$4.5 trillion settlement falls through.

And since President Bush was notified in writing of the settlement in July, observers claim his "false American colors" have come shining through as he placed an immediate illegal hold on the money in an effort to protect the "financial dike from exploding" and the criminals in government being exposed instead of doing the right thing and injecting an immediate trillion dollar boost into the American economy.

After learning of the Wanta settlement and the fact the Ambassador was still alive, the Chinese set the Sept 7 due date for the return of their investment money, long since frozen by U.S. authorities in what has become known as the "China Foundation Money."

"The link between Ambassador Wanta and the \$32 trillion owed the Chinese goes back to the days of World War II-Cold War and connections with his Chinese business partner, Howe Kwong Kok," said Cottrell. "Out of loyalty and respect, the Chinese have thrown their support behind Ambassador Wanta and have applied added pressure so that U.S authorities release the money.

Ohio Attorney Jailed Again For 16 Days In Nazi-Like Fashion Without Charges Being Filed

Attorney Elsebeth Baumgartner still sits in an Erie County jail in Ohio and is being treated like a political prisoner locked away in a gulag without her constitutional rights even being recognized.

7 Sep 2006

By Greg Szymanski

A disbarred Ohio attorney who uncovered massive state and federal corruption has been illegally jailed again for allegedly practicing law without a license.

Elsebeth Baumgartner has been held in the Erie County jail for 16 days without charges being filed, a proper arraignment or even the right to a bail hearing. She was put away without her due process and constitutional rights even being recognized similar in style to way political dissidents were treated in Nazi Germany and the old Soviet Union.

Called the ultimate travesty of justice by court observers and by her husband, Joe Baumgartner, this most recent jailing of Baumgartner illustrates the kangaroo court-like atmosphere present in Ohio, as her case also clearly illustrates a total breakdown of the rule of law and respect for the rights of an individual.

Held in jail as nothing more than a political prisoner based on 'judicial discretion gone haywire', Baumgartner was unavailable for comment. This most recent jail term adds to more than 244 days spent illegally behind bars for trumped-up crimes, including a recent 45 day jail stint for contempt of court, numerous days behind bars for unnecessary psychiatric evaluations and months in jail for merely speaking out at a city council meeting.

"This latest jailing is the worst thing I ever witnessed," said Baumgartner's husband, Joe, in a Wednesday telephone conversation. "There were never any charges filed and Judge David Knepper just decided to jail Else for illegally practicing law or giving out legal advice to a friend she met while in jail. It's simply ridiculous but she still is sitting in jail without any rights or even a proper arraignment."

Baumgartner said his wife's recent run-in with a corrupt Ohio judiciary came after prosecutors called a hearing, accusing Baumgartner of intimidating a witness in another related felony charge, as well as practicing law without a license.

"What was strange," added Baumgartner's husband, "was that Judge Knepper ruled against the prosecutors, saying he didn't want to even go there with their accusations. He then recused himself from Else's case. That occurred on a Friday. Then out of the blue she was subpoenaed to be at a Monday hearing as a witness in another trial of her friend, Beth, who Else had befriended in jail.

"What happened after that was completely ridiculous as Knepper talked with Beth and the next thing you know, he orders Else to jail for practicing law without a license without any charges being filed. I think it

was a set-up, but as we speak she still is sitting in jail."

Baumgartner's husband will appear on Greg Szymanski's radio show, the Investigative Journal, at www.gcnlive.com at 5pm central on Thursday to talk about the details of his wife's illegal jailing and how she has been persecuted by corrupt Ohio authorities for exposing massive judicial corruption leading all the way to the White House.

Regarding all her charges trumped up by the state as outrageous as it sounds, Baumgartner faces a total of more than 109 years in jail on other felony charges stemming from speaking out about corruption at a city council meeting, including emailing a high ranking Ohio judge and running a controversial web site accusing high ranking Ohio officials with serious crimes.

Observers who have been following her case said it sadly illustrates just how far down the fascist road America has gone in a relatively short period of time, especially since 9/11.

Angela Caputo, a close friend of Baumgartner, recently said the respected Ohio attorney is being held and muzzled by high-ranking state officials due to the sensitivity of Baumgartner's allegation first made public two years ago at a Cuyahoga County city council meeting.

Baumgartner's strong allegations of wrongdoing, including judicial misconduct and drug running by a top Cuyahoga County prosecutor, led to an attack on Baumgartner's personal liberties as officials twisted the law to keep the allegations from the public.

"My first amendment rights have been violated and officials twisted the law to keep me in a legal matrix," said Baumgartner prior to being jailed for contempt back in June on Greg Szymanski's radio show, The Investigative Journal.

Baumgartner's story provides a sad glimpse at the clamp down of freedoms in America, as she has already spent more than 244 days in jail, including 10 days "locked in a hole" without right to counsel, clergy or even phone calls.

The Arctic Beacon has covered the story extensively because of its importance as media outlets have ignored the case especially in Cleveland where the press, Baumgartner claims, is complicit in covering up for crooked politicians.

In earlier Arctic Beacon stories, Baumgartner, who graduated first in her class from the University of Toledo Law School, said: "I was essentially put in a hole for 10 days and held incommunicado as a domestic terrorist. I wasn't allowed legal counsel, the right to clergy and even the opportunity to make a phone call."

And if anyone thinks Americans don't already have two feet buried deep into the mud of fascism, pay close attention to how and why Baumgartner was originally jailed for 234 days on a misdemeanor charge.

"I basically was jailed for standing up and speaking at a city council meeting," said Baumgartner in recent Arctic Beacon interviews about the night in 2001 leading to arrest five days later on technical charges of Falsification.

The charges stemmed from statements she made questioning a huge ferry boat contract awarded to an Ohio businessman, citing affidavits from some of her clients alleging the boats were being used for illegal drug running with full knowledge of state politicians, law enforcement and federal officials.

Further, she questioned the legality of awarding the lucrative Lake Erie contract since it amounted to nothing more than "a political favor" as another company was overlooked who was more competent and provided the same ferry boat service for less money.

"All I did was speak out and use my right as a citizen to question our government," said Baumgartner, adding that she must have struck a nerve that night, leading to corruption at the highest levels of

Washington, as well as the Ohio Governor, the Chief Justice of the Supreme Court and the Ohio Attorney General.

Baumgartner said five days after the city council meeting she was arrested, the state twisted the law to say she falsified statements at an official public hearing.

However, legal observers say the technical law used in her "illegal arrest and incarceration" was never intended for mere statements made at open forum city council, but rather the Falsification misdemeanor law was intended for official government hearings when witnesses are placed under oath.

"They just twisted the law and I was jailed," said Baumgartner. "As a lawyer, respected in my community, I never thought this could happen in America, but I am living proof it can and it's not over yet."

Wanta Story Not Over By A Long Shot; \$4.5 Trillion Still To Be Released Into U. S. Economy

U.S. officials know they have their dirty hands caught in the trillion dollar cookie jar. Court documents of Ambassador Wanta's 2005 Wisconsin appeal of a bogus income tax evasion conviction reprinted below.

6 Sep 2006

By Greg Szymanski

The continuing saga of Ambassador Leo Wanta is not over by a long shot. It's not over until 'the Fat Lady sings', as they say, even though U.S. authorities are trying hard to make the story disappear, acting like a bunch of second rate magicians in a cheap Las Vegas night club act.

In what has been called by influential financial observers the single-most important story facing the American people, what is most disturbing about the Wanta affair is having to be subjected to the across the board complicity from U.S. lawmakers and the corrupted media barons, both hiding the fact that trillions are being diverted, stolen and hidden from the American people in offshore "off the books" accounts.

Thousands of emails and phone calls have flooded into the Arctic Beacon demanding accountability, but still the entire corrupted Congress and Senate remain quiet as church mice while they allow trillions to flow to their treasonous friends to destroy America.

And, furthermore, while the thievery continues, they have the audacity to do this and still call themselves Americans while the people are left to suffer the evil effects of a coming Luciferian one world government, standing ready to replace American freedom with a Nazi-like fascism.

With the Wanta story bringing out the worst in the corrupted Federal Reserve banking system and the corrupted officials benefiting illegally from it, the following conclusion can be drawn: since of the Congress and Senate do nothing, every last one of them are treasonous traitors and should immediately be removed from office, as they serve Lucifer not God and the good American people.

Although God may be the only one that can stop Lucifer's Illuminati controlling the U.S. government, the cold hard facts show the Wanta story puts a gigantic stumbling block into the New World Order plans to rip apart America morally, socially and financially since it uncovers the means in which this evil group has been financing their evil plans since the end of the Cold War.

It must be reiterated Ambassador Wanta's righteous quest to repatriate more than \$27.5 trillion has been thoroughly documented over the course of more than a year by the *Arctic Beacon* and Greg Szymanski's radio show, *The Investigative Journal* at www.gcnlive.com from 2pm-4pm central time. Also the story has matured into a recent \$4.5 trillion settlement between Wanta and U.S. authorities.

The money, earmarked for the American people, however, has been the subject of a Bush administration

cover-up ever since Ambassador Wanta entered into an official written agreement in November 2005 to repatriate money for the betterment of the American economy.

Further, in May Wanta verbally agreed to the distribution of the \$4.5 trillion with President Bush along with the assistance of one Foreign Intelligence Surveillance Court (FISA) court judge and two U.S. Supreme Court Justices.

The settlement, also negotiated with the help of two major U.S. law firms, represents only a portion of the \$27.5 trillion offshore fund established at the end of the Cold War, which is now under the legal control of Ambassador Wanta, as duly appointed trustor, a position given to him by former President Ronald Reagan.

Furthermore, it was always the intention of President Reagan and Ambassador Wanta to use the money for the benefit of the American people. But after Reagan left the political spotlight, Wanta was indiscriminately and illegally jailed by operatives working for the last three presidential administrations, who have instead pilfered the trillions for their own agenda and personal gain.

After Wanta's release from a Wisconsin jail in 2005, he was instructed in a 2003 memorandum opinion by Federal Judge Gerald Bruce Lee of the U.S. District Court, Eastern District of Virginia, to try and return the \$27.5 trillion to U.S. coffers according to President Reagan's instructions.

The \$4.5 trillion settlement is a culmination of his efforts after finding a dark and ominous financial trail of theft, bribery and deception, discovering in his quest to retrace the whereabouts of the offshore money that much of it had been stolen or diverted for private use by the last three presidential administrations.

According to Michael C. Cottrell, treasurer of AmeriTrust Groupe, Inc., the corporation formed to distribute the money to the American people, James R. Wilkinson, deputy national security advisor for communications, last Thursday signed off on the release of the money being held in a Clearing House Interbank Payment System credit account (CHIPS), an account credited to Goldman Sachs and Co. at Citibank.

However, according to Cottrell, after Wilkinson officially "signed-off" on the \$4.5 trillion, disturbing twists and turns began to take place as the funds never were properly directed into Ambassador Wanta's account.

"We tried calling Paulson a week ago, but his secretary told us, point blank, never expect a call back from him - ever," said Cottrell Wednesday in an extended telephone conversation about the reluctance of the highest officials in the land to release trillions that would benefit the American economy.

Instead, after repeated inquiries, Cottrell learned the Bush administration had deviously devised an illegal plan to defraud Ambassador Wanta and, in turn, the American people by diverting the CHIPS account first to the Deutsche Bank/Berlin and then to two other banks.

Attempts by the *Arctic Beacon* to contact Wilkinson and Paulson have been ignored, following a pattern since the story of the settlement broke more than a month ago of every single top ranking American lawmaker or official remaining silent, refusing to ignore the elephant sitting right in the middle of the living room.

Although the Wanta story has been well-documented in the courts, most importantly Wanta himself holds the key documentation of account numbers and names which literally nails to the wall high ranking officials in the last three presidential administrations, including Bush Sr. and Clinton, who have been ripping off the American people to the tune of trillions of dollars.

And it is when Wanta wouldn't play ball with the powers that be, they decided to jail him first in the early 90's for 133 days in a Swiss dungeon and then on a Wisconsin state income tax evasion conviction, where he was subjected to less than due process and a kangaroo court-type atmosphere.

Wanta was accused of not paying \$14,000 in state income taxes and sentenced to 22 years even though he hadn't resided in Wisconsin for years and proved he had paid the alleged tax arrears.

Further, why such a long sentence for such a trivial matter unless some powerful people wanted him put away for a long time?

Although Wanta has obtained his release about a year and a half ago after many years in jail, in an effort to fill in some of the legal gaps here is a reprinted copy of a 2005 appeal he made to the Court of Appeals of Wisconsin, District Three, which concluded "that that claim preclusion bars re-litigation of Wanta's tax assessment for 1988 and 1989 and other issues he attempts to raise are outside the [*2] scope of these proceedings, we affirm the (original) judgment. (It should be noted that claims preclusion is a term used to denote a procedural rule used to deny rehearing of the facts of a previously litigated case.)

Here is the 2005 appeal:

LEO E. WANTA, PETITIONER-APPELLANT , v. WISCONSIN DEPARTMENT OF REVENUE AND WISCONSIN TAX APPEALS COMMISSION, RESPONDENTS-RESPONDENTS.

Appeal No. 2005AP266

COURT OF APPEALS OF WISCONSIN, DISTRICT THREE

2006 WI App 1; 288 Wis. 2d 658; 707 N.W.2d 580; 2005 Wisc. App. LEXIS 993

November 15, 2005, Decided

November 15, 2005, Filed

NOTICE: [*1] : PURSUANT TO RULE 809.23 OF APPELLATE PROCEDURE, AN UNPUBLISHED OPINION IS OF NO PRECEDENTIAL VALUE AND FOR THIS REASON MAY NOT BE CITED IN ANY COURT OF THIS STATE AS PRECEDENT OR AUTHORITY EXCEPT TO SUPPORT A CLAIM OF RES JUDICATA, COLLATERAL ESTOPPEL OR LAW OF THE CASE.

SUBSEQUENT HISTORY: Review dismissed by Wanta v. Wis. Dep't of Revenue, 2006 WI 3, 708 N. W.2d 696, 2005 Wisc. LEXIS 1080 (2005)

PRIOR HISTORY: APPEAL from a judgment of the circuit court for Chippewa County: RODERICK K. CAMERON, Judge. Cir. Ct. No. 2004CV340.

State v. Wanta, 224 Wis. 2d 679, 592 N.W.2d 645, 1999 Wisc. App. LEXIS 134 (Wis. Ct. App., 1999)

DISPOSITION: Affirmed.

JUDGES: Before Cane, C.J., Hoover, P.J., and Peterson, J.

OPINION: P1 PER CURIAM. Leo E. Wanta appeals a judgment upholding a decision of the Tax Appeals Commission that Wanta's challenge to the Department of Revenue's personal income tax assessments for 1988 and 1989 is barred by the doctrine of claim preclusion. Wanta argues that (1) claim preclusion does not apply to some of the issues he raises; (2) he is entitled to an accounting for revenues the Department received from the foreclosure sale of his property; (3) the Department should be bound by a letter from a revenue agent; and (4) Wanta should benefit from the Department's release of claims against Wanta's ex-wife under the innocent spouse provisions of WIS. STAT. § 71.10(6). [n1] Because we conclude that claim preclusion bars relitigation of Wanta's tax assessment for 1988 and 1989 and other issues he attempts to raise are outside the [*2] scope of these proceedings, we affirm the judgment.

----- Footnotes -----

[n1] All references to the Wisconsin Statutes are to the 2003-04 version unless otherwise noted.

----- End Footnotes-----

P2 A jury convicted Wanta of tax fraud for 1988 and 1989 by concealing income. It also convicted him of four counts of concealing properties to evade collection or tax assessment. On June 3, 1996, the sentencing court ordered restitution of over \$ 14,000, representing the tax and penalties owed for Wanta's 1988 and 1989 unpaid taxes, less \$ 14,129 Wanta paid in June 1992. Wanta unsuccessfully appealed his convictions. In these proceedings, the Department of Revenue seeks enforcement of the restitution order.

P3 The Commission properly concluded that Wanta's challenge to the tax assessment is barred by the doctrine of claim preclusion. Under the doctrine of claim preclusion, a final judgment is conclusive in all subsequent actions between the same parties as to all matters that were litigated or could have been litigated in the former proceeding. [*3] See Northern States Power Co. v. Bugher, 189 Wis. 2d 541, 550, 525 N.W.2d 723 (1995). Claim preclusion applies if there is identity between the parties to the two actions, claims that arise from the same transaction, incident or factual situation, and an earlier adjudication by a court of competent jurisdiction. The parties, Wanta and the State, are the same, and Wanta does not contest the identity of parties. The criminal litigation and restitution order and the present litigation apply to the same underlying facts. The criminal court is a court of competent jurisdiction. Therefore, Wanta's defenses that he was not a resident of Wisconsin, did not owe the tax or had already paid the tax are barred because they could have been litigated in the criminal proceeding and restitution hearing.

P4 After the Department's motion for summary disposition before the Commission, Wanta changed attorneys, and his new attorney attempted to interject numerous additional issues into the proceedings. As the Department's briefs repeatedly indicated, the sole issue before the Commission was the propriety of the Department's calculation of Wanta's personal income taxes due [*4] from 1988 and 1989. Wanta seeks a declaration that he is not responsible for the taxes generated by one of his businesses, Falls Vending Services, Inc. [n2] If Wanta's personal tax liabilities for 1988 and 1989 included assigning him responsibility for taxes owed by Falls Vending Services Inc., any challenge to that assessment should have been raised as a defense at trial or at the restitution hearing before the sentencing court. If they were not included in that calculation, they are outside the scope of the present litigation.

----- Footnotes -----

[n2] Much of this argument is based on Wanta's assertion that charges raised in the initial complaint regarding Falls Vending Services were dismissed in an "amended complaint." The document he describes as an amended complaint is actually an Information. The Information appears to charge the same six crimes charged as the initial complaint. As is typically the case, the Information does not have a probable cause section and therefore does not provide details regarding the nature of the underlying charges. The documents Wanta filed with the Commission do not establish that any specific accusations in the complaint were withdrawn or dismissed.

----- End Footnotes----- [*5]

P5 Wanta also seeks an accounting for \$ 60,000 generated from the foreclosure sale of his property. Documentary evidence shows that a \$ 44,000 payment was credited against unpaid fees in connection with other assessments that pre-dated the assessments at issue here. Wanta's belated attempts to secure an accounting regarding all of his tax liabilities raise issues that are outside the scope of these proceedings. He has presented no evidence that funds received by the Department after the date of the restitution hearing

were or should have been applied to his 1988 and 1989 personal tax assessments.

P6 Wanta also submitted a February 18, 1999 letter to the Commission from a revenue agent to Wanta's attorney stating "The Department of Revenue has no record of a delinquent tax account issued to Lee E. Wanta." Wanta argues that the Department should be precluded from contradicting the letter. He contends that the letter is admissible without authentication and should be construed to say that Wanta has no outstanding taxes owed to the State of Wisconsin. The Commission properly refused to consider the letter for several reasons. First, the Department reasonably contends [*6] that the words "delinquent tax account" should not be construed to indicate that no tax is owed. A tax account is not considered delinquent if the matter is still in litigation. Second, the letter refers to Lee, not Leo Wanta. Wanta argues without any evidence that the letter refers to him because it utilizes his social security number, and the revenue agent who authored the letter could not have been referring to a record search involving "Lee E. Wanta." In the absence of evidence presented by the letter's author, its meaning is subject to dispute, and it is not self-authenticating or exempt from authentication under WIS. STAT. § 909.01. In addition, Wanta offers no authority for the proposition that the Department can be estopped from collecting taxes based on one unclear sentence in a letter from one of its agents.

P7 Finally, Wanta also seeks to take advantage of a letter addressed to his ex-wife releasing her from further obligations regarding these tax assessments under the innocent spouse provisions of WIS. STAT. § 71.10(6). Nothing in that letter suggests that the assessment has been paid or that the guilty spouse [*7] should benefit from the Department's decision not to pursue penalties against the innocent spouse.

By the Court.-Judgment affirmed.

This opinion will not be published. See WIS. STAT. RULE 809.23(1)(b)5.

Terry Lee Is Back Again Telling Us How To Be Free Men Not Corporate Slaves
Lee's system is the best and most concise way to opt out of the corrupt U.S. system
without getting into long and drawn out legal battles. His concise and informative CD will
soon be available on the Arctic Beacon.

5 Sep 2006

By Greg Szymanski

Terry Lee of Spokane, Wa., has devised the "perfect plan" or the ultimate way to opt out of the American slave system, telling the U.S. authorities, in essence, "thanks but no thanks I'd prefer living a free man instead of a corporate, indentured servant of the rich."

Lee has spent countless hours and more than 10 years perfecting a way to "opt out of the system" while at the same time living, working and traveling without encumbrances - without a license - in the country he loves very much.

As Lee pointed out in his three radio interviews on Greg Szymanski's radio show, The Investigative Journal, now on the Genesis Communications Radio Network (www.gcnlive.com) at 4-6pm central time, becoming a "free man among the masses of corporate slaves" takes due diligence and a lifetime commitment to truth and honesty while at the same time using the legal system in a proper manner.

By a proper manner, Lee means a person must spend as much time breaking the chains binding a person within the system as he spent getting himself locked into it. According to Lee, this means by starting from the beginning and getting the court to recognize "legally" that a free man no longer wants to be recognized or called by his corporate name given to him at birth and sanctioned by birth records by the state.

After the name change, Lee reminds people who are serious about opting out of the corporate system and becoming a person abiding by the laws of God and the U.S. Constitution "every other contract entered into with the state, including social security and driver's license, for example, needs to be properly dealt with not in an adversarial nature in the court but strictly on a basis of notice and recognition of Constitutional rights."

Lee provides a step-by-step proven method with instructions on how to file court documents and legal briefs ready to be used in court on a CD he has made, but has yet to publicly distribute. His CD also instructs a person how to create an individual or joint religious foundation to protect assets after one has satisfactorily opted out of the system.

"This is a lifetime commitment not just a quick fix," said Lee recently on the Investigative Journal radio show. "Besides going through all the necessary legal steps, there comes with it a great feeling of satisfaction by stepping-out and becoming a free man and not just a slave of the state. I have spent years researching all the patriot programs out there trying to do the same thing and I think I have incorporated the best of all the plans, as well as some new methods in breaking the chains that it has Americans locked in."

After Lee's appearances on The Investigative Journal, one as recent as July, hundreds of people have contacted The Arctic Beacon, requesting a copy of Lee's CD. To date the CD is not available for purchase, but is in the process of being released. When this occurs, Lee has promised to provide the Arctic Beacon with copies for same and distribution as he does not have a web site, preferring to communicate in the old fashion method by telephone and not by email.

However, in the mean time an article about Terry Lee first appeared in the Arctic Beacon on Oct. 7, 2005. It is reprinted here for your reading pleasure. Please also check the archives of www.rbnlive.com or www.gcnlive.com for past Terry Lee interviews, which give a good foundation on what it really takes to become a free man and not just one in theory.

Here is the article:

Don't Buy Into American Slave System; Washington 'Free Man' Shows How To Opt Out

Terry Lee of Washington was tired of being a slave. Since the American system is voluntary, he decided to become a sovereign citizen by using the U.S. Constitution, common sense and a lot of legal hard work.

7 Oct 2005

By Greg Szymanski

Terry Lee is a man with conviction and a sense of dignity, a hard working American who has had it up to his eye-balls with being a slave to the Corporate Republic of America.

And make no mistake about it, whether you like the term slave or not, most Americans are exactly that to a system created to benefit the rich while taking advantage of the poor.

It's a system geared at using the labor and talent of many to benefit a select few, a system that Lee, who calls himself a "true patriot and free man," decided years ago he no longer wanted to be a volunteer.

A wise old man once said: "Son, if you wanna get ahead in this world, never work for another man as long as you live." Although Lee says that's sound advice, he adds it's imperative to go one gigantic step farther by never working or selling your life's blood into the "corporation as long as you live."

But before understanding how Lee, a homebuilder and land developer by trade who lives near Spokane, Washington, figured out how to buck the system, he says first it's vitally important to comprehend that each and every America volunteers his servitude to the system from birth, albeit volunteering without full knowledge or consent.

And just as a citizen impliedly and implicitly volunteers, according to Lee, he has the same ability to release the chains and bondage by following a method he is perfecting, Lee admits, however, his method is no "overnight fix" but is difficult, time consuming and more like a total lifestyle makeover instead of a quick fixer-up course in being a so-called free man.

Although there are many patriot movements taking place all over the country, Lee says he has taken the best from each, while adding more detailed legal steps and procedures, in order to help others effectively work and live outside the jurisdiction carved out by the corporate government, rights he claims fundamentally protected by the constitution.

"I've been a hard working man all my life and when you go through life accumulating things and then don't know how to protect yourself, it makes you stop and think," said Lee this week in an extended conversation from his home in Spokane, where he now lives free from the bondage of what he calls a controlled and manipulated corporate-driven slave system.

"When I finally realized I had been lied to and technically I was not a free man but a slave, I decided to do something about it. I also realized that the rich men of the world really want to capture all the living beings and take 50 percent of their labor for their own benefit. The system is designed to control and dominate the people and I didn't want any part of it."

Lee said it's important for a person deciding to leave the system to understand what's going on in the world as well as fully understand what a person's birth right really means and what he can become if he truly believes freedom is more important than being a slave to the government.

"We are created by our creator to be free with inalienable rights as long as we do not harm our neighbor. There are really only two basic rules to follow, being no trespass and love thy neighbor as thy self," said Lee. "In Isaiah 45, God created good and evil. But in my case I realized a long time ago being honest wasn't good enough.

"I realized I had to gain more knowledge to protect against evil and to protect myself from not becoming evil myself. This is our major goal in life and once this is mastered it is our responsibility to teach our young the same beliefs in order to stop evil from being passed on from generation to generation."

With these high moral standards to attain, Lee said out to free himself from the jurisdiction of being under the thumb of the U.S. government, starting out by first getting judicial acknowledgement from the court he was no longer volunteering his services to the system.

Lee said the process of confronting the system head on needs to be carefully thought and worded, as it is necessary to make it clear to the court system the real purpose for taking up the court's time.

He added that the real purpose for filing the initial court papers isn't adversarial like most court proceedings, but merely a legal venture into admitting errors were made in entering the corporate-driven government system and that these errors need correcting in order to get out.

"This distinction is important because the law says it can correct errors but not a mistake," said Lee, adding the first thing he wanted the court to acknowledge was that he wanted to be known as simply Terry Lee instead of the name listed on his official birth certificate.

"I presented a five page brief and 50 pages of supporting evidence proving that I can carry a name of my choosing as long as I don't use it fraudulently and, of course, it's not necessary to have your name legally changed. The judge agreed and I still carry the court order with me, which now replaces any type of ID card or driver's license issued by the state."

Lee said the court order recognizing the right to carry a name of his choosing, free from the state recognized name, is only the first step in a myriad of legal maneuvers needed in order to break the contract with the state, a contract binding most men to a life of servitude and government slavery.

No Release Yet of \$4.5 Trillion of Wanta Funds Earmarked for the Benefit of the American People

According to London-based financial writer "everyone" stands to benefit from implementation of The Wanta Plan except Illuminati and New World Order

3 Sep 2006

By Greg Szymanski

With the immediate implementation of what has been called "*The Wanta Plan*" everyone benefits except the Illuminati and New World Order, according to London financial writer Christopher Story in his latest article.

And this is exactly why, Story adds, \$4.5 trillion has been illegally withheld by the corrupt Bush administration instead of releasing the agreed upon settlement to Ambassador Leo Wanta and the American people.

To verify Story's analysis, Michael C. Cottrell, treasurer of Ambassador Wanta's financial group waiting to distribute the massive settlement for the benefit of the economy, said the current powers that be "appear to want to bring down the economy as well as the country."

In what has become known in international financial circles as one of the most important and explosive stories in the history of modern banking, the Wanta settlement has been the subject of a Bush administration cover-up ever since Ambassador Wanta entered into an official written agreement in November 2005 to repatriate money for the betterment of the American economy.

Further, in May Wanta verbally agreed to the distribution of the \$4.5 trillion with President Bush along with the assistance of one Foreign Intelligence Surveillance Court (FISA) court judge and two U.S. Supreme Court Justices.

The settlement, also negotiated with the help of two major U.S. law firms, represents only a portion of the \$27.5 trillion offshore fund established at the end of the Cold War, which is now under the legal control of Ambassador Wanta, as duly appointed trustor, a position given to him by former President Ronald Reagan.

Furthermore, it was always the intention of President Reagan and Ambassador Wanta to use the money for the benefit of the American people. But after Reagan left the political spotlight, Wanta was indiscriminately and illegally jailed by operatives working for the last three presidential administrations, who have instead pilfered the trillions for their own agenda and personal gain.

After Wanta's release from a Wisconsin jail in 2005, he was instructed in a 2003 memorandum opinion by Federal Judge Gerald Bruce Lee of the U.S. District Court, Eastern District of Virginia, to try and return the \$27.5 trillion to U.S. coffers according to President Reagan's instructions.

The \$4.5 trillion settlement is a culmination of his efforts after finding a dark and ominous financial trail of

theft, bribery and deception, discovering in his quest to retrace the whereabouts of the offshore money that much of it had been stolen or diverted for private use by the last three presidential administrations.

Earlier this week, Cottrell appeared on Greg Szymanski's radio show, The Investigative Journal, detailing the whereabouts of the \$4.5 illegally held up by the Bush administration and why the money has not been distributed to the American people through Wanta's AmeriTrust Groupe, Inc.

Cottrell said James R. Wilkinson, deputy national security advisor for communications, last Thursday signed off on the release of the money being held in a Clearing House Interbank Payment System credit account (CHIPS), an account credited to Goldman Sachs and Co. at Citibank.

However, according to Cottrell, after Wilkinson officially "signed-off" on the \$4.5 trillion, disturbing twists and turns began to take place as the funds never were properly directed into Ambassador Wanta's account.

"We tried calling Paulson a week ago, but his secretary told us, point blank, never expect a call back from him - ever," said Cottrell Wednesday in an extended telephone conversation about the reluctance of the highest officials in the land to release trillions that would benefit the American economy.

Instead, after repeated inquiries, Cottrell learned the Bush administration had deviously devised an illegal plan to defraud Ambassador Wanta and, in turn, the American people by diverting the CHIPS account first to the Deutsche Bank/Berlin and then to two other banks.

For a full account of the Cottrell story go to the archives of www.arcticbeacon.com and for the radio interviews of Aug. 31 go to the archives of www.rbnlive.com and www.gcnlive.com.

Furthermore, in Story's latest financial dissection of "The Wanta Plan," the experienced London financial writer provides an excellent analysis of the "huge benefits" to the entire world if the \$4.5 trillion is immediately released and the "horrific global consequences" if it is thwarted.

Story's in depth financial analysis can be found at www.worldreports.org and is reprinted here in its entirety due to the importance of the Wanta story called by some observers as the most important story facing the American people today.

Here is Story's report:

THE WANTA PLAN: HOW IT WILL TRANSFORM AMERICA'S FUTURE A SOBERING MACROFINANCIAL AND ECONOMIC CHECK LIST

By Christopher Story, Editor and Publisher, International Currency Review.
World Reports Limited, London and New York:

The following Notes contrast the truly massive long-term and immediate benefits of implementation of The Wanta Plan, with the likely catastrophic consequences of the US authorities' cynical game-playing and bad faith by delaying/renegeing on the accord:

THE MASSIVE BENEFITS OF IMPLEMENTING THE WANTA PLAN:

Prompt implementation of The Wanta Plan Settlement will have the following minimum consequences:

- The United States Government's finances will be transformed within a matter of no more than a few years. Within a decade or less, depending on how the incoming windfall tax accruals are allocated, the US Federal Government will have paid down its 'background' debt.
- Banks in the United States and abroad which are currently teetering on the brink of insolvency due to the severe financial knock-on effects of the US authorities' duplicity in failing to fulfill their solemn

undertakings and obligations concerning the Wanta Plan, will not go to the wall, after all.

Under The Wanta Plan, transactions blocked due to the behavior of the White House, the US Federal Reserve and their co-conspirators in the international and domestic financial communities, will be released and the pressure on the several banks that currently face bankruptcy, will unwind.

- The \$4.5 trillion Settlement with Ambassador Leo E. Wanta represents a compromise, which leaves the remaining original \$23+ trillion, now worth about \$58.5 trillion, uncollected – and lets the co-conspiratorial institutions in Europe and elsewhere that have long since assumed these funds to be uncollectible and usable as collateral for their own purposes, off the hook.

Under The Wanta Plan, these funds will not be collected and the corrupt banks can heave a belated sigh of relief that they will not be held to account, and their executives will not be arrested, after all. There will cease to be any further need for bankers fearing exposure to jump out of their high-rise office or city apartment windows any more.

- Therefore, in the banking sector, EVERYONE WINS – which is why foreign bankers are clicking their heels in New York waiting to know why these long-sanctioned arrangements have not been finalized. It also explains why they are all lined up waiting to do above-board, taxable, on-balance sheet financing business with Ambassador Leo Wanta and Michael C. Cottrell, whose financial record, experience and expertise is unrivalled and whose joint and individual reputations for integrity are genuinely appreciated worldwide by the powerful parties that matter. These INCLUDE the Chinese, the Russians, the French, the British and all the foreign partners of importance who have recognized the significance and benefits of The Wanta Plan.

- The Republican Party – which actually deserves what will befall it if The Wanta Plan is not executed – will gain a sudden new lease of life, because it will become free to offer the jaded electorate whatever bribes it fancies, starting with the abolition of the much loathed Inheritance (or 'death') Tax, reductions in Income and in Corporation Tax, and whatever further electoral inducements may be considered appropriate, given that a fresh Government will be in a far better overall financial position than its predecessors.

This assumes that the Republicans are not relying exclusively on rigging the election using the vote-tampering methods available to US political parties due to electronic voting and the vulnerability of the equipment and software to unscrupulous interference, such as occurred during the General Election in 2004. (It is possible that the cynical and jaded GOP may be so confident of its ability to rig all elections electronically that it prefers the comforts of the prevailing off-balance sheet, tax-free corruption self-enrichment system to the above-board benefits that will accrue from implementing The Wanta Plan as agreed but so far deceitfully reneged upon).

- The deficit-financing model will become obsolete. It has hobbled the United States with ever more onerous taxation burdens which, left 'untreated' by the beneficial consequences of The Wanta Plan, will reach insupportable and intolerable levels within the lifetimes of current working US taxpayers, whose prospects are becoming progressively gloomier.

- The US Treasury will cease to be controlled by the Federal Reserve, which is the situation at present, since the CHIPS are controlled by the Federal Reserve Bank of New York (FRBNY). Of course the Treasury should be in control of the Fed, not the other way round. And since the Fed is largely owned by foreigners, this state of affairs actually means that the Treasury is de facto controlled by foreign interests, as well. This scandal should be anathema to all Americans.

- The US Treasury will resume its ascendancy as the primary financial institution in the United States, and the most powerful one in the world. Its 'need' for the Federal Reserve will dwindle to vanishing point; hence:

- The corrupt Federal Reserve can be nationalized, converted into a central bank under the control of the US Treasury with appropriate independent policy making safeguards, or abolished. There is massive resistance to this of course; but these are the objective facts of the matter. Alternatively, US policymakers can simply opt to leave things as they are, which would be unwise: but it's up to them.
- Infrastructure projects financed by financial flows arising from The Wanta Plan can be embarked upon without creating any new debt, as is currently intended*, and from taxation revenues. The rotting infrastructure of the United States can thereby be renewed in the space of less than a decade.
- A properly funded back-stop welfare system can be devised to ensure essential living standards for all without incurring debt obligations.
- Economic stimulation can be achieved, if necessary, in a sound and balanced manner, free of debt creation.
- Because over time the US dollar will be strengthened, the permissive deterioration of the US balance-of-payments that has become so notorious under the Bush II Administration, continues. But under The Wanta Plan, domestic manufacturing and prosperity gathers such positive, sustainable momentum, that the United States' dependence on foreign sourcing can be sharply reduced over time by import substitution (as is routinely prescribed for struggling Third World countries by the International Monetary Fund). Further, although US external deficits certainly need to be curbed, their significance as a source of instability is reduced because the beneficial on-budget, on-balance sheet self-financing of the US Treasury's operations has reversed the deadening impact of endless deficit financing, which has become obsolete, so that the overall Federal Budget is constantly improving.

This is because:

- The Wanta Plan harnesses legal dimensions of the fiat money system for the benefit of the US Federal Budget. By contrast, the prevailing corrupt, exotic off-budget, off-balance sheet tax-evasive arrangements are guaranteed progressively to destroy the residual integrity of the US dollar and of both the USD and the international financial systems, while also depriving the Treasury of vast tax accruals – a reality to which the perpetrators of these serial financial crimes are blinded only by their own stupendous greed.
- The stranglehold and power of financial institutions that have grown fat on a full century of US official deficit-financing *short-termism* will be diminished and ultimately broken.

Thus the interests of the big financial institutions diverge from those of the US Federal Government (if it were to be directed by honorable people, which is not the case) – with the parasite financial institutions flourishing by selling and managing the US Treasury's vast and burgeoning indebtedness, which is constantly expanding for arithmetical reasons and because corrupt politicians are interested only in short-term electoral considerations.

It is from this sector that the real underlying opposition to The Wanta Plan stems; for, in order to retain their privileged official debt-management franchise, the big financial institutions routinely co-conspire with corrupt office-holders and officials to devise exotic off-balance sheet self-enrichment mechanisms. This fickle community of interests between the finance houses and the corrupt office-holders and officials contrasts with the divergence of interests between the finance houses and the Government sector itself, which would apply if the Federal and lesser governments and their agencies were not perpetually in the hands of corrupt operatives and officials.

THE GRIM CONSEQUENCES OF ABORTING THE WANTA PLAN:

Not implementing The Wanta Plan will have the consequences indicated below, among many others. The primary assumption underlying what follows is that a wholly irrational and by now *shambolic*, terminal free-for-all has developed in which the myriad competing parties seek their own advantage, without regard for the broader consequences – or if they have

any regard for them, place them on one side while they cynically pursue their own interests first.

This was the prospect at the beginning of September 2006, on the assumption that, as a result of the Chinese having AGAIN been deceived, double-crossed and lied to by the US Treasury [see separate NEW posting: check the ARCHIVE button], they take the drastic action indicated. The US Treasury Secretary, Henry M. Paulson, was reported to be en route to China, doubtless on a damage limitation mission.

So the following Notes, which summarise the 'worst case scenario' arising from any non-settlement of The Wanta Plan which must be paid out with the China payments, assume that the Chinese (both components) will have been double-crossed by the US Government again on 7th September, with the funds that are due to them on that date remaining, as usual, diverted and unpaid:

- To begin with, the entire mass of the international financial community knows about this crisis – and that the American authorities have just lied, double-crossed and deceived from the outset, that the Full Faith and Credit of the United States and the Rule of Law in America have collapsed, and that Bush II Administration officials are behaving like a bunch of arrogant Chicago gangsters who believe that because the intimidated 'mainstream' media have failed to pick this story up, they are protected from the consequences of their serial criminality and duplicity.
- Therefore, the consequences of blocking The Wanta Plan itemised below are NOT dependent, as the White House may have presumed, upon the continued suppression of this crisis by the controlled US and UK 'mainstream' media. On the contrary, the 'mainstream' media, which is being constantly updated on the crisis, is liable to be caught off-balance by the devastating global consequences of the Bush II White House continuing to block this beneficial Settlement. Put another way, 'they won't know what has hit them', and they will have to scramble to catch up.
- Institutions in the United States and abroad which are currently teetering on the brink of insolvency due to the severe financial knock-on effects of the US authorities' duplicity in failing to implement their undertakings and obligations concerning the Wanta Plan, will go to the wall. To the extent that these institutions are enmeshed in financial operations using Leo Wanta's funds or CHIPS credit, he will have a lien on their assets and will be entitled to lodge appropriate claims in the courts.
- Deceived just once too often by the duplicitous US officials, both the Communist and the Taiwanese Chinese – who are now, due to US official ineptitude, working together – order all payments via the Clearing House Interbank Payment System (CHIPS) in New York to cease (on 14th August, one of the Chinese parties had already cancelled all its CHIPS payments, having earlier threatened to do so).
- The Communist Chinese increase the volume of oil traded in currencies other than the US dollar, following reports from New Delhi and elsewhere in late August that such transactions had already started. With the failure of scheduled payments by the American authorities, implying clearly that the US dollar payments system has ceased to function and cannot be relied upon, the Chinese Communists decide that they have nothing to lose by switching from the US dollar for oil payments to other currencies. The Chang-Kai Shek (Taiwanese) Chinese, who have likewise been deceived, throw all caution to the winds, and follow suit, in a chaotic, irrational environment in which their former enemies in Peking are now their friends and the United States has become their implacable enemy (a development with momentous regional political repercussions, of course).
- Since President Putin has not been paid the \$30 billion he is owed by Ambassador Wanta under the Reagan Protocols, and has likewise been deceived, he coordinates oil-trading policy with the Chinese and agrees to accept currencies other than the US dollar in exchange for exported Russian energy products. This relaxation is soon applied to all Russian oil and gas exports, which the Europeans now start to pay for in Euros and sterling.
- The rest of the Trilaterals (Germany/France, Japan and probably Italy and Spain) progressively abandon the dollar standard and start buying and selling energy products using currencies other than the US dollar.

- The US dollar collapses by 50% or more. Since other key currencies are now in greater demand, because they are needed for oil payments purposes, their massive appreciations reflecting the US dollar's steep devaluation are, if anything, exacerbated further, given this sudden new demand.
- Since many US imports, including of course oil, continue to be in demand domestically, US price inflation escalates sharply, followed by interest rates. Indeed interest rates chase inflation upwards.
- The US housing sector, already in implosion mode, shifts into free-fall, housing starts collapse, and large swathes of the US economy follow downwards into unknown territory.
- Unemployment rises steeply, placing added burdens on the welfare sector which have further cumulative adverse financial consequences.
- Although the countries and blocs that have experienced steep appreciations in terms of the US dollar can continue for a time to trade reasonably satisfactorily between themselves, they all encounter increased competition from dirt-cheap American exports, which now assume the characteristics hitherto associated with the Chinese 'junk' that the United States has been ravenously importing from the 60,000+ factories that Western firms have established in China in recent years (and from the huge continuing Chinese GULAG, which spews out goods at rock-bottom prices for international markets, given that the labour employed there is free of charge).
- The steep devaluation of the US dollar boosts US exports over time, in due course bringing about sharp reductions and then the disappearance of the country's \$800 billion+ annual trade deficit. This process, however, is subject to the so-called J-curve effect, whereby the US trade deficit worsens sharply to begin with, given that essential imports in the pipeline cannot be cancelled and still have to be paid for with steeply devalued dollars. It is only when these overhang transactions have been unwound, which can take years, depending on the volume of forward import contracts placed, that the beneficial effects of the dollar's massive devaluation start to rebalance the country's external accounts.

The deficit on the current account takes longer to eliminate because the outstanding debt continues to exist and has to be paid off with steeply devalued dollars when surpluses appear on the balance-of-payments, which again may take several years. The immediate impact of the steep devaluation is therefore greatly to exacerbate the US domestic recession or depression brought about by the other adverse knock-on effects mentioned.

- Within a short space of time, Western economies, in particular, find that their exports cannot compete, and their steep currency appreciations, while curbing inflation and probably delivering price deflation over time, leave exporting companies unable to compete, forced to lay off staff or to close down altogether because their overall operations have become loss-making or uneconomic. There will be much blood on corporate boardroom carpets.
- The US and all other stock markets experience a slump with no historical precedent, which triggers bankruptcies throughout the business and personal sectors, throwing very large numbers of families into distress and inducing a sharp jump in the suicide statistics both in the United States and abroad. Foreclosures escalate, as do factory and corporate closures and failures.
- The stock market slump and knock-on consequences in related financial markets spread like a malicious contagion worldwide, with unpredictable outcomes universally conducive to an initial global slump.
- As reiterated above, the \$4.5 trillion Settlement with Ambassador Leo Wanta

represented a compromise, which would have left the remaining original \$23+ trillion, now worth about \$58.5 trillion, uncollected – and would have let the co-conspiratorial banks in Europe, Israel and elsewhere that have long since assumed these resources to be uncollectable and usable as collateral for their own purposes, off the hook. But since The Wanta Plan has not been implemented, the entire original \$27.5 trillion (now worth about \$70+ trillion) is collectable; and since so much of this money has been stolen, Ambassador Leo Wanta will wind up owning a sizeable number of large financial institutions, if the funds are not disgorged as will be required. Alternatively, sizeable banks will go to the wall, and their supervisory central banks will be obliged to pay Wanta what these banks owe him, to authorise control to be passed to Leo Wanta, or else to nationalise the banks in question.

- Chaotic currency realignments proliferate. If one underlying globalist intention had been to use this contrived crisis to 'call for' a world currency, this project, like all such globalist forward planning and conspiracies, turns out to be a monumental failure.

Instead, what has been achieved is that:

- The world currency, financial and trading systems rapidly disintegrate, leading to the worldwide imposition of foreign trade tariffs and to a parallel ferocious, no-holds-barred, ruthless scramble for global energy resources (far more intense than the current scramble) and thus to the Third World War – if this has not already been triggered as the panic-stricken Bush II White House has rushed to cover its tracks by swamping them with an orchestrated global crisis of its own making.

POSTSCRIPT

It is possible, of course, that Henry M. Paulson travelled to China at the beginning of September not to apologise for his past lies, but rather to warn the Chinese of the financial and economic consequences if they retaliate – as was planned in the event of their not being paid out. The consequences of the dollar's collapse following non-implementation of The Wanta Plan will necessarily be especially severe for China, which will suddenly find that the vast US market for its junk goods dries up.

So the rug have been tugged brutally away in a hasty manner that cannot be controlled. Since Mr Paulson is reported to have lied to the Chinese, it was hard, at the end of August, to imagine what he could possibly have had to say to them, during his visit. It is a key mark of the refinement of China's ancient civilisation that in business dealings, one fulfils one's good faith undertakings, and that a pledge or agreement cannot be unilaterally reneged upon, without severe consequences.

US officials may have assumed that their gangland culture would travel, on the assumption that there is a certain honour among crooks and thieves. But since the West, and especially Britain and the United States, have made such an unspeakable mess of their international dealings in recent years, and Washington has compounded its ham-fisted errors in Iraq and elsewhere by lying and deceiving its international partners more than has regrettably been the norm ever since the US military-intelligence complex acquired its hegemony as a wayward 'state within the state', Mr Paulson will have had to choose his words carefully, to put it mildly.

Whether he travelled to China to plead for more time to 'restore' the funds which have been illegally diverted from the relevant CHIPS credits, or else to tell the Chinese bluntly that even though their funds have been pillaged, implementing their unspoken threat to abandon the dollar as their energy payments currency will trigger the Third World War, the meeting will no doubt have been poisonously unpleasant – judging from the way it looks today.

* In one of the more extraordinary twists of this crisis, The Times, London, published by the globalist Rupert Murdoch, carried a prominent report in its business section on 21st August 2006 entitled 'British Groups Stand By as US Starts to Rebuild', which stated, all of a sudden, that 'British construction and engineering companies are sizing up an emerging market in Private Finance Initiative (PFI) projects in the United States thought to be worth \$1.6 trillion'.

This 'just happened' to be the same \$1.6 trillion that is payable direct to the US Treasury by way of tax prepaid at 35% on the \$4.5 trillion Wanta Settlement.

It also 'just happens' to be in violation of the Economic Espionage Act of 11th October 1996 [HR 3723], given that it precisely mimics proprietary information belonging to Ambassador Wanta, and Michael C. Cottrell M.S., the Executive Vice President and Treasurer, AmeriTrust Groupe, Inc., which provides as follows [see also the second NEW posting: check Archives button]:

'Whereas, the President of the United States, having signed H.R. 3723 on October 11, 1996, has protected this transaction, by allowing corporations the right to declare their Contracts, Clients, Internal Procedures and Information, and the transactions they engage in as a Corporate or Trade Secret fully protected under Economic and Industrial Espionage Laws of the United States of America and the International Economic Community'.

'Inasmuch, the names, identities, bank coordinates and other identifying information of persons or entities that are party to this transaction, contained herein, or learned hereafter, shall be a Corporate Trade Secret that shall not be disseminated other than as provided for herein, or as allowed under applicable law. Any unauthorized Disclosure of this private Transaction, parties to, or other material fact of, shall subject the violators to Criminal Prosecution'.

Adjacent to the article was a large photograph of a downtown Houston freeway. Enquiries made it clear that the projects in question appeared to have been generated from Texas, the headquarters of the Bush Family, and that such infrastructure projects in Texas alone would be worth an initial \$187 billion. The American Society of Civil Engineers had estimated that \$1.6 trillion needed to be spent over the next five years just to maintain the United States' infrastructure.

The fact that the aggregate amount being touted here 'just happened' to be identical to the \$1.6 billion windfall tax payment initially due to the US Treasury under The Wanta Plan suggested that the objective had been not only to steal the funds but to cover the thefts by means of duplicating 'smoke and mirrors' lies representing that the exact same amount will have been accounted for 'on the books' in Private Finance Initiative projects leased to private sector investors, which will pay the same aggregate amount to the States for the franchise to manage the projects (such as highways with road tolls) for, say, 99 years. In other words, the \$1.6 trillion would be doubled – another way of saying that it would be 'accounted for', after the initial \$1.6 trillion had been 'diverted', i.e., as usual, STOLEN. ENDS.

Editor's Note: It is appalling that the Arctic Beacon and The International Currency Review are the only two news outlets covering this story. However, the truth will prevail despite the sell-out of both media barons and government crooks now in control.

Disturbing Twists and Turns in Release of Wanta Money and \$4.5 Trillion for American People

James R. Wilkinson, deputy national security advisor for communications, and U.S. Treasury Secretary, Henry M. Paulson, Jr., involved in illegal scheme to divert Wanta funds to Deutsche Bank/Berlin, according to Michael C. Cottrell, treasurer of AmeriTrust Groupe, Inc.

31 Aug 2006

By Greg Szymanski

Ambassador Leo Wanta's righteous quest to repatriate \$4.5 trillion back into the U.S. economy has taken a twisted and disturbing turn for the worse, according to Michael C. Cottrell, treasurer of AmeriTrust Groupe, Inc., the corporation formed to distribute the money to the American people.

Cottrell said James R. Wilkinson, deputy national security advisor for communications, last Thursday signed off on the release of the money being held in a Clearing House Interbank Payment System credit account (CHIPS), an account credited to Goldman Sachs and Co. at Citibank.

Wilkinson and Henry M. Paulson, Jr., secretary of the Treasury, are the only two officials with signature approval over the \$4.5 trillion Wanta money, but both have failed to comment publicly.

Wilkinson assumed his post in 2003 after serving as Director of Strategic Communications for General Tommy R. Franks. In his present position, he reports directly to the National Security Advisor and the White House with the specific task of crafting long-term messaging for the National Security Council.

However, according to Cottrell, after Wilkinson officially "signed-off" on the \$4.5 trillion, disturbing twists and turns began to take place as the funds never were properly directed into Ambassador Wanta's account.

"We tried calling Paulson a week ago, but his secretary told us, point blank, never expect a call back from him - ever," said Cottrell Wednesday in an extended telephone conversation about the reluctance of the highest officials in the land to release trillions that would benefit the American economy.

Instead, after repeated inquiries, Cottrell learned the Bush administration had deviously devised an illegal plan to defraud Ambassador Wanta and, in turn, the American people by diverting the CHIPS account first to the Deutsche Bank/Berlin and then to two other banks.

Cottrell added this method of "signing-off and then transferring credit accounts" is used by less than scrupulous individuals as a financial smokescreen, giving the appearance the money is being released when, in fact, it is being illegally diverted for other purposes.

"They have been lying to everyone and it is clear they never want to release the \$1.6 trillion into the U.S. Treasury. They are simply trying to steal the money and it appears they really want to bring down the

economy and the country," said Cottrell, referring to the \$1.6 trillion to be paid by Ambassador Wanta in federal taxes generated by the massive \$4.5 trillion settlement.

Concerning the specific details of how officials are planning to illegally divert the Wanta money, Cottrell added:

"The process involves applying the credit of the Goldman Sachs chip to Deutsche Bank/Berlin's books. And then Deutsche Bank, through its subsidiaries, using that credit, which is illegal, begins doing a buy and sell on bank instruments, deriving a substantial profit which would eventually come back to one of several U.S. banks, for example, Wachovia.

"To verify this we have been contacted by three different credible sources telling us that this is exactly what's going on behind the scenes with Ambassador Wanta's money.

"But the main thing to remember is that the credit chip (\$4.5 trillion) at Goldman and Sachs that's under Wilkinson and Paulson's signatures is specifically tagged for AmeriTrust Groupe, Inc., /Ambassador Leo Wanta and not for any other purpose which would be highly illegal."

In what has become known in international financial circles as one of the most important and explosive stories in the history of modern banking, the Wanta settlement has been the subject of a Bush administration cover-up ever since Ambassador Wanta entered into an official written agreement in November 2005 to repatriate money for the betterment of the American economy.

Further, in May Wanta verbally agreed to the distribution of the \$4.5 trillion with President Bush along with the assistance of one Foreign Intelligence Surveillance Court (FISA) court judge and two U.S. Supreme Court Justices.

The settlement, also negotiated with the help of two major U.S. law firms, represents only a portion of the \$27.5 trillion offshore fund established at the end of the Cold War, which is now under the legal control of Ambassador Wanta, as duly appointed trustor, a position given to him by former President Ronald Reagan.

Furthermore, it was always the intention of President Reagan and Ambassador Wanta to use the money for the benefit of the American people. But after Reagan left the political spotlight, Wanta was indiscriminately and illegally jailed by operatives working for the last three presidential administrations, who have instead pilfered the trillions for their own agenda and personal gain.

After Wanta's release from a Wisconsin jail in 2005, he was instructed in a 2003 memorandum opinion by Federal Judge Gerald Bruce Lee of the U.S. District Court, Eastern District of Virginia, to try and return the \$27.5 trillion to U.S. coffers according to President Reagan's instructions.

The \$4.5 trillion settlement is a culmination of his efforts after finding a dark and ominous financial trail of theft, bribery and deception, discovering in his quest to retrace the whereabouts of the offshore money that much of it had been stolen or diverted for private use by the last three presidential administrations.

Wanta also discovered, to his dismay, that a CIA disinformation campaign had been waged, spreading false rumors of his death, making it easier for those criminals inside the government to abscond with trillions.

To date he has provided the *Arctic Beacon* with documentation of more than \$745 billion in stolen funds, including accounts leading to Bush, Sr., Neil Bush and former President Clinton. Wanta added that, at the time he entered into the settlement in May, he had further identified upwards of \$2 trillion in stolen funds from accounts under his control, keeping the documentation as financial leverage in case the \$4.5 trillion settlement falls through.

And since President Bush was notified in writing of the settlement in July, observers claim his "false American colors" have come shining through as he placed an immediate illegal hold on the money in an effort to protect the "financial dike from exploding" and the criminals in government being exposed,

instead of doing the right thing and injecting an immediate trillion dollar boost into the American economy.

Regarding the possibility of a release of the much needed Wanta funds, Cottrell pointed to Sept. 7 as a date to watch. He said this date is important as the Chinese government has verbally backed Wanta's repatriation efforts, linking it together with earned investments owed the Chinese by the U.S. in the amount of \$32 trillion.

After learning of the Wanta settlement and the fact the Ambassador was still alive, the Chinese set a Sept. 7 due date for the return of their investment money, long since frozen by U.S. authorities in what has become known as the "China Foundation Money."

"The link between Ambassador Wanta and the \$32 trillion owed the Chinese goes back to the days of World War II-Cold War and connections with his Chinese business partner, Howe Kwong-Kok," said Cottrell, who also will appear on Greg Szymanski's radio show, The Investigative Journal, on Thursday at 1pm central at www.rbnlive.com and 2pm central at www.gcnlive.com to discuss the financial details of the Wanta story. "Out of loyalty and respect, the Chinese have thrown their support behind Ambassador Wanta and have applied added pressure so that U.S authorities release the money.

"It is also interesting that Treasury Secretary Paulson is on his way to China Thursday and we will have to wait and see if the administration does the right thing."

In other related financial shenanigans of an estimated \$300 trillion in offshore money at the disposal of Bush Sr. and others intentionally diverting it from the American economy, Cottrell reported that \$25 trillion of related offshore funds has been illegally sent to India in order to remove the funds from the immediate spotlight being shone into the eyes of the criminal gangs operating at the very heart of the U.S. Government and its structures.

The India connection, previously reported by Christopher Story of the International Currency Review of London, detailed the sophisticated money laundering scheme aimed at defrauding Ambassador Wanta, foreign governments owed money under the Reagan Cold War protocols and, of course, the much maligned American people.

"Specifically, the proceeds of these fund-washing operations are placed back onto the books from which funds were diverted, with the self-enrichment profits being transferred to India in the form of bonds. The key perpetrators of these continuing frauds include the President and Vice President of the United States, George W. Bush and Richard Cheney, the Chairman of the Federal Reserve Board, Dr Ben Bernanke, the Secretary of Defense, Mr. Donald Rumsfeld, and also two successive Secretaries of the Treasury (John Snow and Henry M. Paulson).

Story continued: "Without going into excessive detail, the illegal operations have the effect of laundering U. S. dollars, including American taxpayers' funds of course, off the books, in collaboration with corrupt foreign officials and elected leaders with the crooked, illegal proceeds being placed back onto the books where 'holes' created by previous organized financial scams need most urgently to be plugged.

"These ongoing frauds, sanctioned at the highest levels, enable past giga-financial scams to be covered up while holders of high office participate in successive fraudulent transactions off the books with corrupt foreign counterparties lodging their illegal untaxed profits offshore. The attitude of the criminals involved is that the purpose of holding high office is self-enrichment, rather than serving the US nation and the abused American people."

Besides the Wanta settlement and Chinese money owed, under the Reagan protocols Canada, France, Germany, Greece, Italy, Mexico and Spain are involved, having a special interest in the way U.S. authorities handle the Wanta settlement and the offshore money since they are due to be paid \$5 billion each. In addition, \$30 billion is payable to the Russian Federation.

Asked about the impending worldwide ramifications if the U.S. fails to meet its commitments, Cottrell said:

"The ramifications are, one, that the Chinese will pull the plug on all their credit chips and, two, that all the banks will also withhold or not deal with any transactions that involves the U.S. government.

"In other words, the long term financial ramifications are that the U.S. would become insolvent and go into bankruptcy as the economy comes tumbling down unnecessarily on the American people."

Greg Takes a Vacation; Reprints Transcript of Favorite Radio Interview With Alan Watt

Don't work too hard, reminds Greg, as good adventure, good music and good wine are also important.

23 Aug 2006

By Greg Szymanski

When I lived in Italy, it was customary to take the entire month of August off, spending some wonderful time just wandering around, looking for good adventure, good wine and good music. It was a habit I could never get over.

So, as I take this week and part of next week off to wander around the mountains of the West, I have reprinted the transcript of one of my radio favorite interviews conducted May 8, 2006, with Alan Watt for your reading pleasure.

Remember, don't work too hard and enjoy the rest of the summer. Here is the Watt interview:

Greg: All right, we're back in the first hour of The Investigative Journal and my guest is named Alan Watt and this should be an interesting interview. Alan Watt was born in the UK. Spent years researching the forces behind the terrific changes occurring in the world economically, sociologically and geologically. He knew long before Europe was turned into a united front, a united country 20 years before that. He knew it was going to occur and talked about it and he has been discussing the same patterns happening now in America. His research the powerful foundations and the higher Free Masonic associations which are bringing this about.

Alan is an expert on ancient religions, cultures and people. He's been on many, many radio shows and many of my listeners have said please get Alan on so that's what I did today. He also understands how the new age movement was created to bring in the New Age – the New System along with the New World government. You can find Alan's cutting edge work on cuttingthroughthematrix.com and with that I wanted to say hello to my guest Alan Watt. How are you today Alan?

Alan: Oh I'm fine yes.

Greg: So where do you start with a subject like this especially on a Monday morning when I'm still kind half way through a cup of coffee and getting over the weekend. Where do you start with something like this and someone with such vast research knowledge as you I'm going to leave it up to you and then maybe ask a few questions on top of that. Go ahead.

Alan: Sometimes it's best to try and forget everything we've been taught including the culture or country that you're raised in and look upon the whole world and the movements that go on simultaneously within every government and you'll find that the same laws generally are passed in different countries at the same time and it's not by magic. It's by cooperation at very high levels beginning with the economic systems of every country because every country is totally dependent on the economic banks and the system which really run the governments and that's why when **Rothschild** was asked when he **took over the Bank of England he said** – he was asked about would he also like to run the legal system. He says, "**no give me the money system and I don't care who makes the laws.**" The reason being that all laws must follow from the economic system and sure enough all your laws revolve around your economics of your country. So he understood that perfectly well.

Greg: So you say forget about everything that you've been taught. Okay start my education all over again.

Alan: Well we've all been raised in little pigeon holes and I always say if we're in a pigeon hole which is your culture and it's a [pop] thing going back so many hundreds of generations even though it's different within every 100 years or so. There's major changes made but we're born into our own time and so we have a limited with an overall picture of how things came around and we accept the system we're born into and it's been quite natural simply because it exists as such and all mammals you'll find the parents of mammals warn the young offspring of dangers and what is dangerous. Well if you have one generation of parents who've been brainwashed into a particular reality they don't know to tell their children to watch for so the children think that everything is quite natural and just evolved that way into their own era basically.

Greg: I assume you're going back to our parents working now. Why don't we discuss that. Has the New World Order brainwashed our parents?

Alan: They plan centuries ahead and this is not a recent thing. It's widely written about by those involved. They always plan at least 100 years on a lower level for the public to know about if they want to and you'll find it in the writings of guys like Lenin who was trained by some of the best Swiss bankers on the planet. He wrote about it "***The Next Hundred Years***," and changes that would take place including the changes of the west when they would become blended with the Soviet system towards the millennium he said in his own writings and those books were put out in the 1920s then when you take the supposedly opposite side of communism which was capitalism in London and the British Elite **Lord Bertrand Russell** a life long [pier] as were his ancestors he wrote a book to about that at the same time as Lenin with the same agenda saying that the New System for the New World would come about the millennium and the big changes would take place. So these guys were obviously in comunicado with each other and then realize there are no sides here. They create opposition to make the changes occur.

You can't make changes with one side. You've got to have an opposition and then you get your synthesis coming through between the two oppositions and sure enough we find that in the history books that capitalism and **mainly London and New York finance the whole Russian Revolution** and we fed the Russians right through their Soviet system. Canada and the U.S. supplied them with most of their grain and so on. They couldn't even feed themselves. So it was a phony opposition to create the major changes necessary to change the world and Sovietism is the quickest way to amalgamate many – dozens and dozens of small countries into a one singular type system of economics, politics, bureaucracy and law. It's the fastest way to do it.

That's what Vietnam was for to. Vietnam had over 200 warring tribes and the fastest way to unite them you need a common enemy. You bring in America and all those factions suddenly become communist and then they end up being one. That's what it was all about you see. The fastest way to unify a people into one country with a centralized government for control.

Greg: So anyway you're taking us back to basically and telling us the Cold War and everything else was a fraud controlling both sides of this war so to speak to reach their goal. Your website is called **Cuttingthroughthematrix.com**. How do you cut through everything? Give us a grounding of what to do. First how our parents were brainwashed and how we can overcome this ourselves once we realize it?

Alan: When you realize that you've got to go back into history into time to realize how this was put about and how it came about and you go into the time when all of this really began in the west at the time of the Norman invasion of Europe and the takeover of the Norman nobility all over Europe and at that time **when they'd taken over Europe there were NO REAL BORDERS** as such. You had a united system run by these overlords called Normans who gave allegiance to the Vatican and after time they found it was hard to keep control of the people they ruled over and these were foreigners remember who came in and they're still the aristocracy of Europe today.

Greg: Yes, take us through this knowing that much of our history has been taken from us in this country. Take us through this process.

Alan: Well they came into Europe around the 11th Century and we're talking about battles that lasted for over **25 years to take over Europe and they also had incredible funding from some source to do so.** They had logistics, supplies and all the rest of it. They used some of the islands off England as supply depots. They built pre-fabricated wooden forts. Some which were maybe 100 acres wide and they towed them across the English Channel and erected them on the other side.

This is massive planning and knowledge and funding with a common head it's obvious to keep it all coordinated on a bigger scale than **World War II** and then these overlords were implanted all over **Europe as the nobility, the aristocracy and with them came the Vatican backing them** and of course the money system they all went together. It's a complete system, an economic system that came with them of rulership and they no sooner taken over England than within the 50 years that was the last one to take over they couldn't get Scotland but they took over England and then they recruited the people from England and the rest of Europe that they'd taken over and started the Crusades and went back to the Holy Land to take over Israel or Lebanon. So this is a formulated plan put into effect incredible knowledge of warfare and strategies and logical supplies. Totally military campaign that was never seen as I say until World War II.

Greg: You know going into this break we have about a minute then we'll come back. How did you get involved doing all of this research? I know you have been around a long time researching this and trying to trump it to wake up the American people and what's really happening. How did it all start for you?

Alan: Watching the effects on parents of my own parents and the parents around me of friends just growing up watching what the arguments were and every home it was arguments about finances and paying rent and very basic stuff but I thought this is an empire supposedly. The end of an empire. Well where did all of the money go? Who got it all and then you find that it was about 200 families in London basically raped the world. Used the peasantry for soldiers and cannon fodder and the rest of the people had nothing at that time.

Greg: And America is involved in this struggle also, correct?

Alan: That's right. America was setup to take over from Britain and Francis Bacon and John Dee even talked about this in the 1500s that they would pass the torch on to another country.

Greg: Well listen we're going to continue on. I'm talking to Alan Watt. The number to call in is 800-313-9443 if you have a question. We'll be taking calls back in three minutes on the Investigative Journal. All right back on the Investigative Journal. In this period of time that we're in it leaves me kind of in this state where my stomach is constantly upset. There's a feeling of helplessness. A feeling that something is going on that isn't right and you just can't put your finger on it but you know it's there and you start grasping for straws. You start grasping at everything looking at who did it. Why's it happening but let me read something here by my guest Alan Watt and he's going to lend a little bit of – I'll tell you what. He's going to try to give you some solutions to what we can do but anyway he's grounded well in history and his thoughts and his thinking is clear about what's happening and I think he's a good guest for you people to listen to and then call and maybe you have a lot of questions and we can have a really good discussion period. But anyway let me read something that Alan has written and he said:

"We are truly into the Age of Chaos long in the planning and written about openly by the big movers and shakers who lord over us. Some of them such as Brzezinski have described the coming effects on world wide societies as akin to the vast population movements which occurred at the beginning of the industrial revolution. After the unification of Europe was to follow the unification—listen to this Americans. The unification of the Americas with the resulting class of cultures. Sound like something going on right now and the initial mayhem produced. People were sleeping that's us. We were sleeping while the Free Trade Agreement and the subsequent (NAFTA) North American Free Trade Agreement were discussed with deliberate minimum coverage by that feared group the Council on Foreign Relations and of course this absurd controlled media."

This has been in the planning a long time to and boy I could get off on a discussion about that for hours but I won't. But that's what my guest wrote. Alan I know we're in an age of chaos and we're going to get back to the historical underpinnings of this. But tell me how do you feel personally about what's going on and what you are doing? I mean how do you cope with it? What are your plans? Just so people under you.

Alan: Well I think when you realize how old this agenda is and how long it's been rolling forward here and you're only born into one little part of it the first thing is not to panic because people when they catch up on something that is happening to their own life they tend to panic and I tell them don't panic just carefully and quickly make up for lost time and find out the real historical data here as to what's been going on. Where it's going to. It's not over and done yet.

I always them it's not over until the fat lady sings and you do as an individual have a right to alter things for your own life and I encourage individualism. This whole movement ultimately is to eliminate individualism completely from the works. The mass man they admit to themselves they can handle through psychology. They understand the mass movements and the mass mentality as the occasional individual can stand up and clearly and succinctly say that the king has no clothes and dispel the myth here that pops like a bubble that's who they fear and they want to destroy individualism. That's what political correctness is all about where you're given your opinions and you better parrot them or else. That's what it's all about in this new sovietized system.

Greg: And even in the most liberal shows that are mainstream media they don't cross over the line. They stay within a certain boundary almost as if they were playing a game with the American people and they know what's been told to them to keep their jobs on the air. They can't go on the other side where maybe the truth lies which they're good at.

Alan: Absolutely. This whole system runs on licensing and even journalists are licensed. Everyone is licensed and you are penalized and you have your license withdrawn if you don't go along or as the Masons say "tow the line," and that's what happens. They all know that's the penalty for not towing the line.

Greg: Now go back to I guess what we're talking about. You're dealing with this and you say don't panic.

Alan: Uh-huh.

Greg: All right well put us into perspective now or put it into perspective of where we are at in this plan?

Alan: Right now, you're about the same stage Britain was at around 1990 where – you see Britain since World War II and it was only released in 1999 after the unification of Europe it was only released to the public the secret documentation that's now revealed that they signed the agreements at the end of World War II to de-industrialize Britain and start to gradually regulate laws to match up with those of Europe. The economic system was to match up with Europe. The pound was to fall to match it up and you are now at the same stage as that only a few years from unification now.

Greg: Okay we're going to be back. Take a break now. Back in three minutes and continue with Alan Watt if you want to call him. 800-313-9443. Back after this break. Okay, back for the second half hour on the

Investigative Journal. My guest is Alan Watt. Basically Cuttingthroughthematrix.com like his website says. Alan, an interview like this sometimes is tough because it's such a broad subject. Lets just boil it down to this. The New World Order plan you've discussed the program. One world government. The one world religion. This plan to understand it you have to go back in history and understand how they have done this for a long, long period of time and you said something really important. We're only born into it for a short period of time and we need to first understand it and then deal with it. Lets get to the point here with who are these people in your estimation with all this research you've done over the years. Who's the enemy and what can we do to maybe solve the problem?

Alan: Well the enemy is like most things. It's sort of multi-layered. We have the operative ones on the ordinary common ground side which are loosely called Freemasonry and that's through everything. That's through all churches including the Catholic church as well all working towards this agenda of oneness.

We're all to become one for the New Age and then above them you have the noble orders that allow people into them like *Paul McCartney* for doing **his drug thing in the music business** and promoting Eastern mysticism. That was to take off from theosophy and blend it with Christianity for the New Age and **he did a good job so he was knighted** and then you have the higher noble orders above them that the aristocratic bloodline noble orders of Europe and most of them can be traced back to Venice when Venice in the Middle Ages was the banking capital for the world the fact the Venetians' supplied all the shipping for the Crusades for taking all the knight across back and forth during the centuries of the Crusades and then they moved into Europe.

A lot of them BOUGHT their Royal TITLES so they weren't necessarily of European nobility. They bought the titles beginning in Germany and Prussia and so the ones in power today at the top of the tree can all trace their history at least back to Venice and Venice is an interesting name because **it's a play on Venus** and people in the ancient times who were the big bankers and merchants who ran the ancient world were the Phoenicians – [Phoenic] is a play on Venice. It's the same thing and it's no coincidence and of course the Phoenix rises from the ashes and is born anew so this is the same bunch down through time for maybe 3,000 odd years at least. I don't doubt much, much older who understand culture creation and culture takeover and all the strategies involved with economics et cetera. I have no doubt about that at all.

Greg: Okay move us a little bit into present day. How do our leaders fit into this?

Alan: Well you do know that your leaders are really not your leaders. They're just the front men. The real work and this was discussed by **H.G. Wells who was a FRONT MAN** and he admitted it **for the British government**. A propagandist. He admitted it. When they signed the League of Nations LON is lion. It's another term for lion and when they signed the League of Nations he said really governments are now defunct because every government who signed on had to send one representative who represents the country and by parties or the political officials. Today bureaucracies who are not elected by the public and they're interbred by – most bureaucrats in all federal governments are simply intermarried with themselves for the last few hundred years. They know their agenda in those bureaucratic agencies and they have their formats. They work there all their life and they go straight to the United Nations for most of their rules and regulations and implementation on a global level. So politics is almost really irrelevant to an extent. Their just front men to sign in local laws. That's really what their function is.

Greg: That goes all the way up into the White House according to you?

Alan: Absolutely yes.

Greg: Okay. How does the Zionist movement – how does the Vatican influence? How does it all fit together with the banksters this whole world order network throughout the world? And through your research how does it all work?

Alan: Well I saw there was so many similarities between them all and when you realize how long they've all been going and the fact is you could not keep anything secret and you could help from being infiltrated

which tells you they are one in the same thing. They're all factions of opposition which are necessary to create the changes. That's really what their job is. As I say you can't--

Greg: Specifically get into how it's playing out right now in your mind? Start maybe with World War II and work your way through.

Alan: World War II Carroll Quigley, **Professor Carroll Quigley** he said that **wars are primarily designed to create social change within all warring parties** because governments take over all areas of industry, agriculture and increase their bureaucracy on a massive level and that's quite correct. That's what World War II was for. **Winston Churchill's** own personal secretary during the war years has now released a book and it's called "**Fringes of Power**" and in there he has the private conversations with Churchill and his own peer group, his own aristocracy and he said – Churchill said this is the best thing that ever happened because we'll get a united Europe out of this. So it wouldn't have mattered if Hitler won or Churchill won because they were both after the same goal a united Europe and that's how this game is played.

Greg: And at that point they were there to of course – involved in communism correct and in Russia?

Alan: Yes and I've got the books from the meetings of the members meetings of the Council on Foreign Relations and the Royal Institute of International Affairs which is the main British branch from the 1930s and in the 1938 one held in Melbourne, Australia they said right in there we must save the Soviet Union at all costs in the upcoming war with Germany. So this was a must be type thing. They had to save the Soviet System. They had a bigger job for the Soviet Union after the war played out.

Greg: As we saw creating this enemy against the United States. Now we've talked about this on this show before but would you agree with that that enemy of course the Soviet Union was an enemy that they created in order to move this agenda.

Alan: Yes as I say it's the fastest way to amalgamate dozens and dozens and dozens of small countries and cultures and languages with government systems customs et cetera into a common system for merger. It's the fastest way to do it.

Greg: Now you said something and we'll get back to this thing and bring us up to date. But you said something that was really interesting. You said to defeat this global takeover now perhaps is not going to happen to a unification of the people. It could be just something just so unexpected that the planners of this hadn't expected and that is done through basically your life long goal of trying to out these people. Trying to do something they didn't expect and sometimes that can have an effect correct?

Alan: There's no doubt you can have an effect. In fact sometimes you'll say something on the odd comment even on the radio show and it's picked up by so many shows across the globe and that comment starts people thinking off in a different direction. So things snowball and it's not a matter of being long winded or bringing the fantastic into it. It's sticking to the basic facts and saying it simply and that's how people will get the message. You keep it simple.

Greg: And I guess what I'm getting at is I want to go to a question here that somebody asked you once and you provided a great answer for it. It's a question I'd like to ask you again and I'll paraphrase this from the person who asked you. He said:

Do you have any advice for me in approaching my Christian friends and relatives some who have a basic understanding of the New World Order but still think God is ultimately in control and Jesus will return to save us all from this mess and they will be raptured before it gets too bad?

Alan: Generally, I tell people that the chances of a person waking up are probably 1 in 5,000 and so the chances of two people in the same family waking up are very remote and I tell them try and use all your energy on people who are trying to wake up. Who have taken the first step and are asking questions and

this is the real meaning. See this is an ancient system and that's the real meaning in the New Testament where it says, "***let the dead bury their dead.***" What it was meant by most generations people are never really alive. They're never conscious really of what's running their system and so you can't expend all your energy in trying to save those that you naturally love first. It's better to look for someone who's trying to get up from the ground from being dead and then you can fill them in with the information that you know. That's the best and I tell them around your relatives and friends don't cause dissention. Try and live inside your head as best you can with the knowledge you have and keep it there. Don't cause conflict. It doesn't do any good.

Greg: Yes and you're correct because this kind of information for example when you come forward with this is that it's shocking to many people and it's hard to accept. You can't expect the person to accept it overnight if they're blind to what's happening before them. Now you are basing your stuff on a historical perspective. You've been talking about this for years and years and years. What position are we in right now as far as a population understanding what's really happening to us or is most of our population still in the dark?

Alan: Most are still in the dark. They truly believe – you see **Brzezinski** in one of his books, "***Between Two Ages***" talks about the **upcoming system** which is here now and he said the public are being trained into a certain way of looking at the world by the media and he said in fact they've given over their ability to reason for themselves to the media. ***They believe that the media is there to inform them of everything*** they should know ***and so they've stopped reasoning or thinking for themselves.***

So for the average person it's impossible that that media and those familiar faces you see every night on television could be possibly lying to you. If it's on TV it must be true and if you're telling them something that's not on television well you must be crazy and he talked about this system of psychological techniques in his own book. ***They KNEW they WERE creating a PUBLIC that WOULD NOT THINK or REASON for THEMSELVES.***

In other words they've been well managed. Most people now are socialized in a socialized system that Lenin talked about. They're now well managed and most of the accept that they're being managed by some superior types of intellects and it's all correct.

Greg: Lets talk about this massive mind control and these people who understand it so well. They've been working it taking over our media for a long time. They just recently reached a point where they felt they could get away with lets just say murder at the **WORLD TRADE CENTER** which they have. That shows you how deeply affected this country is by this propaganda. Lets talk about it in real terms. How have they turned people like us into automatons ***into people who think they're free*** when in fact we're probably less free than the same as people living in communist Russia when we were talking about that as being so evil.

Alan: The Soviet System was a perfect test bed. That's what it also was a big laboratory that was going to be used with techniques they would use on the rest of the world and if you go back to **Lord Bertrand Russell** in his book called "***The Impact of Science on Society***," and remember he was a big player for the Tavistock Institute which is a department really of psychological warfare and he also was a high member of the Royal Institute of International Affairs. He said that the public are being trained into a system where they are being well managed and we shall present them with experts for every topic on radio and television et cetera until they get to a stage where a woman wouldn't know how to change the diapers on a child – her own child without being shown and that's already happened. So the creation of a world with experts for everything, expert opinions and of course if you're not the supposed qualified expert from something then no one is going to listen to you.

Greg: Yes and is that a bunch of garbage. I'll tell you what. I was a journalist for a long time and I've said this and I have no qualms about saying it now over 30 years I've been saying the same thing. I learned most of everything that I hold dear from people that are just normal people. Experts bore the hell out of me most the time. I mean some of them say good things but they just don't reflect what's really going on. People need to think on their own. I mean it doesn't take an expert to tell you what happened at the World Trade

Center.

Alan: That's right. That is correct.

Greg: I mean just look at it folks. They killed 3,000 people--

Alan: And **they wrote about it before it happened**. Brzezinski said, the project for a New American Century this little private club with Chaney and Wolfowitz and Pearl and all the rest of them they printed that two editions in the '90s that they wanted to takeover Afghanistan first, then Iraq then Iran then Syria and then Brzezinski wrote it a member of the same group in his book, ***The Grand Chessboard*** the same agenda. Afghanistan, Iraq, Iran, Syria and then he said we'll need something to happen in America on the same scale as a Pearl Harbor attack to motivate the people with the public opinion behind us and low and behold they get the very thing they need. This is impossible. It's like basing everything on winning the lotto.

Greg: Yes and they're getting away with it because they've got the media controlled and all these people get up and they just follow along the premise that the terrorists brought down the World Trade Center. That's when they started the news broadcast so I mean it's amazing to me.

Alan: We just don't have that kind of luck. All that planning hinging on one event that's such a long shot. It's like getting hit with a meteorite and it happens.

Greg: You know one thing interests me today. We've got a minute before the break. Maybe give me a quick answer on this. I've been dealing with it most the morning. You know Iran's been put up to this nuclear battle. Now the leader of Iran came up and said he wants to work out a deal now with Bush or something. How are they playing that? I didn't expect that to happen but I know they still want to have a nuclear war there. Now the Iranian leaders are throwing an olive branch out I guess. Did you hear about that and if so how does it play? What do you think they're doing now?

Alan: Well I'm sure the guy who is the leader there has been one of their boys from the beginning. Every time he opened his mouth he said everything that Bush wanted him to say. The Iranian people I'm sure were quaking each time his mouth opened because he wasn't speaking for them and this is a play to eventually amalgamate them into the system. It's to get it up to a fever pitch of tension and then come out with the solution and they all breath a sigh of relief and they've lost everything.

Greg: So you think he's now throwing out this olive branch out which is fake--

Alan: It's all pre-planned. It's pre-planned. You would never get a leader of a country trying to commit suicide the way this guy has.

Greg: Right. Okay we'll be back in three minutes with Alan Watt on the Investigative Journal. Okay we're back on the Investigative Journal our last segment in this hour and this interview is too good. We're going to keep Alan on over for another hour and take questions and just delve into some things regarding this propaganda machine that's controlling our minds in this country. Controlling the world order's movement to basically unify the Americas. Take freedom away from America as we've know it.

You know what's interesting is on this show I try not to give people false illusions of how we can defeat these guys. I've always felt in my heart that they have all the power. They have all the control at this point. They have all the things lined up over hundreds of years of planning and we just drop into this world just for a few short years. How can we expect to overcome them? Many people jump over to the other side but I think what you said in all the writings I've read about you one of the things that's really stuck with me is this real thing that you say you can disrupt them with something they didn't consider. They never thought of. They think they're the ultimate planners but something so weird so strange you can't even put your finger on it. Can't delay it and maybe even change it and with that I want to follow-up on that. What do you mean by that? I mean I think of it something like to just say something for a minute.

For example the other day I wrote an article and I was kind of joking but I was really kind of messing with them and I was playing this Italian card game called Scopa and it's a game that's played over there and I was making a fake game saying I had three dummy hands. If I win this game they don't win and take over America. If they do then we're lost. Well anyway in my article I actually did play the game and I won. So you know what? In my heart I felt better whether that has any effect or not but when you're talking about something so unrealistic something they didn't plan about what do you mean by that?

Alan: They really don't expect people – we're so controlled and conditioned. You see we are domesticated. That's the key. They talk about us as though we're animals and to them we have been thoroughly domesticated and the symptom of **domestication** is when **you ignore things around you** and you're self-preservation facilities they don't work. Their faculties don't work anymore. That's **total domestication and that's success to them** when they thoroughly domesticate us and we don't see the signals around us the **danger signals**.

There are always some people in every generation who squeak through and are aware and can put it across very simply when they can get a voice anywhere and the worst that they see never fade away. They stick in people's minds and they start to almost reprogram them again into thinking and surviving for themselves. **That's their primary enemy right now.**

IT'S FREE THOUGHT and the **WILL** to **PUT OUT** the **FREE THOUGHT** that ignites something within the individual because groups and movements are generally controlled by them or started off by them and if not started off then they're infiltrated and taken over so quickly by them and so **IT'S THE INDIVIDUALS who will END UP BRINGING this DOWN. NOT THE GROUPS.**

Greg: I want to get into that a little bit more. We're going to take a break. Be back and a short break by the way two minutes. Back to the Investigative Journal with Alan Watt. Okay, now we're getting down to it on the Investigative Journal in the second hour. Alan Watt. We're going to open him up a little bit more and I tell you what. He said in a very few short words really the key to this whole thing it isn't movements, organizations isn't groups banning together because they will infiltrate those groups. They've got all the power. They've got all the money. How do we expect to ever get through it but when they create like Bob Dylan said confusion amongst everyone trying to get at the truth. **IT'S THAT FREE WILL. IT'S YOUR OWN THOUGHTS.** It's not clinging to anybody but your own gut feeling how to beat these guys and that's what it will eventually do if you get a lot of people thinking on those terms and understand it. Lets talk about the propaganda movement. Lets talk about how they infiltrate things. I mean down to the levels where you wouldn't even expect it. Why don't we talk about that for a moment Alan.

Alan: Well there was a good book put out years ago called "**You Can Always Count on the Communists.**" and it's printed in the U.S. I can't remember the author's name but he gave you the techniques of infiltration and what happens is someone and volunteers their time and they put more work in than anyone else until they're indispensable and before you know it they're basically like a top secretary running the whole thing and then when it comes to reelection for the next head of the organization they naturally get the position and then they steer you off into a different course. This is standard technique of infiltration.

Greg: And they keep it going and going and going and never get to any conclusions correct?

Alan: That's correct.

Greg: It's a waste of time for the people doing it.

Alan: Absolutely. And what I tell people I say the world over we're given this ideal that's given to us a thing called **DEMOCRACY** is **something which is NEVER REALLY DEFINED** because it's **different every 100 years**. The democracy of England was totally different from the one they gave to the people in the 1900s and it's still flexible and elastic and I say **if you're going to vote anybody in even to a local school board or a local council or anything which gives power over you that's the key to it.** You're

giving them the right to make laws over you, you better find out every agency they belong to. Every organization they've sworn alliance to and these strange religion loosely called Masonry under all the different names they both belong to both male and female you find out what they are and what they've sworn oaths to and then you'll start unlocking this whole box here.

Greg: Yes good point. I mean what about looking into the Knights of Malta finding out that many of our leaders are involved in that group and what that group is all about. It's about finding out why the **PRIESTS and the VATICAN were INVOLVED IN MASONRY** and why one pope John Paul I wanted to get rid of them and he was killed. I mean these are the questions we must ask. I see no problem in asking all of them.

Alan: It's your right to do so because you are being asked to give up all your rights once this person is voted in they make laws over you.

Greg: Right, but immediately when you start asking tough questions they attack you on levels like oh you're anti-Jewish. You're anti-Catholic. You can't ask those questions. They immediately - what it shows listeners is this. **THEY DON'T WANT PEOPLE TO THINK ON THEIR OWN ANYMORE.** They want **someone to control the group** that's supposedly liberal that supposedly gets at the truth and only ask the politically correct questions. Correct Alan?

Alan: That's right. When you look at Masonry with it's – see **Babylon was called** Mystery Babylon because **it had a thousand faces** . A thousand faces that often seemed on a low level in conflict with each other.

Greg: Interesting. Well lets take a break and get back into that Mystery of Babylon with my guest Alan Watt with Investigative Journal. Okay Alan we're talking about the mysteries of Babylon and also Freemasonry. Just pickup where you left off.

Alan: That was part of the whole confusion of the Mystery of Babylon. A traveler to Babylon would say well it's those priests over there and they say no it's the guys over on the other side that's doing it and at a low level they kept the world in confusion by having all opposing sides on bottom levels whereas the top guys, the higher priesthoods controlled all of the lower sects and they were all one at the top you see.

Greg: Well lets take that premise and lets just say you're just an average American trying to figure out who these guys are. Where is this New World Order. What's their address? What's their main headquarters? Who do you look to because they always get you to look everywhere. In your research what would you do?

Alan: They find that **the biggest sect of Freemasonry for males anyway in the United States** is the **Scottish Rite of Freemasonry** also called the **Rite of Perfection** and people think it's from Scotland but it's not from Scotland at all. It was given it's charter by the **GRAND ORIENT LODGE OF FRANCE.** Another one is the Jewish sect which is the B'nai Brith. That's also a member of the **Scottish Rite of Freemasonry.** They were given their charter by the

Scottish Rite of Freemasonry so people actually think they're Jews but they're not. Once you join these sects you join an **international brotherhood** of all nationalities and cultures and peoples and you may lead your own people in other capacities but you really belong to this higher sect that you've been drafted into and that's what people should really understand. There's far more to the masonry than just some little fraternal business.

They **ADMIT** in **THEIR OWN WRITINGS** they've been behind all major revolutions in the world and they have a common goal as to where they are going.

Greg: Take us back to that famous name Adam Weishaupt.

Alan: Yes, Weishaupt was an interesting man because he was only one member of illuminati. He didn't

create it at all. If you look at the Oxford Dictionaries you'll see the name illuminati cropping up from about the 12th or 13th century onwards down through history. He was one sect that sprung up in Germany to help further the next step of the revolutionary phase and his logo for the illuminati his own order was called the **Beenan Order** of Germany. **That's the BEEHIVE Order.** You see that same thing on the famous portrait of Washington the beehive down below him. That's their perfect system where everything runs in harmony.

So Masonry appears to oppose each other at the bottom with the Catholic versus the Protestant but it's the same capstone above them that knows what's going on and that's the key to it. **THEY MUST CREATE CHAOS IN ORDER TO BRING OUT RESOLUTION** and that's a simple technique really is to create the chaos and then offer the solutions over and over.

Greg: Anytime you start talking about the Freemasons you get a barrage of them. Any time when I write articles about them I get the barrage emails from lower level masons that tell me they know nothing about anything of this. They are basically doing good. I've even recently been invited to be a Mason by one of them so that he can prove it to me. He wants me to go to Georgia or something. I have time to go but anyway that's where the argument gets to. What do you say to that?

Alan: Well **Albert Pike** in his own book, "**Morals and Dogma**" where he **ADMITS** it **IS A RELIGION** even though they try to deny it. Albert Pike said that the lower masons are no different than the profane. They provide an outer cover a portico he called it between the public and the real higher masons above them. So they don't know the agenda. However --

Greg: Right, a cover for the top guys?

Alan: Yes they do a fantastic cover. That's why they go under the guise of charity. It's very hard to attack mom's apple pie.

Greg: I sometimes look at the Jesuit war the war of priests in the Catholic church and the same thing goes on there. There are over 20,000 of them in the world but maybe only a small percentage one to two percent know really what's going on. The rest of them – most of them provide a good cover.

Alan: That's what they do but the one thing about masonry I think everyone should know they make sure that everyone does know this about them. They'll keep the secrets to themselves but they make sure that everybody down to the local level know that if you join them you'll get **SPECIAL FAVORS GRANTED TO YOU** that **ARE NOT GRANTED to the GENERAL PUBLIC.** That's the hook to get in. You'll get favored promotion at work. You'll get off with traffic tickets. You might even skip a waiting line to get into a hospital. A lot of freebees the public won't get.

Greg: Yes, okay. Now what is the difference between the creator God and the god of Masons and other religions?

Alan: Well the **Masons** go by – on a lower level again this is quite interesting how they do it because they want people of all faiths to join on a lower level they'll tell them to keep their religion. However, **once you go past the 3rd degree** they're **gradually BROUGHT into a FORM of ATHEISM** and those who can handle that part of it and they're tested along the way in at a social level to and brought back into the lodges. **They're tested all the time then they're brought into the REAL RELIGION BEHIND IT** and that's where **Albert Pike** goes into the **LUCIFERIAN ANGLE.** Lucifer standing for intellect to dominate the lesser. The right of those who have intellect to **DOMINATE the LESSER MAN** and Pike said that in his own book **Morals & Dogma.**

Greg: There's still a statue of Albert Pike in Washington for those of you out there who don't know that so I'm sure there's a lot of **Albert Pike followers in our government right now.**

Alan: Oh absolutely. Absolutely and that's not the end all at the 33rd Degree. **MASONRY IS A 360 DEGREE CIRCLE.**

Greg: Now explain that to me.

Alan: Well they have everybody caught in their little box and they'll tell you according to the lodge you join they've got so many degrees and THE KEY IS that a THIRD GENERATION MASON.

In other words if you're a first generation Mason you can't go beyond the 32nd degree. If you get introduced to your wife who's an Eastern Star because it's a EUGENICS PROGRAM that goes along with Masonry. They don't like to talk about that part of it then you offspring the next generation he can go even further and up to the 40th Degree you third generation can go all the way. THAT THE KEY TO THAT.

Greg: So you get to the third generation you can go all the way to what degree now?

Alan: 360.

Greg: What happens up there?

Alan: THAT'S WHERE YOU BECOME GOD IN A SENSE.

Greg: That's what I was getting at in this question. They consider themselves to be gods.

Alan: Yes, oh they do. They write about it quite openly at the top.

Greg: Now would you put Clinton and Bush in that category?

Alan: No. I would say they are probably around the 60s.

Greg: They're up in the 60th?

Alan: At least Clinton is. Yes.

Greg: So he's working his way up to that god like creature?

Alan: Yes. **Bush, Sr.** when he got in the first photo op was taken when he wore a football shirt on some team for a PR photograph and HE HAD THE NUMBER 33 ON HIS JERSEY. So I don't know how high he is. He's probably at least the 40s anyway. 40's to 50s.

Greg: Wow Clinton has moved his way up. Can he go any higher?

Alan: It's possible. If we knew all of the story between his mother and his father – you see this goes back to Benjamin Franklin. **Benjamin Franklin** gave the little doll, the little toy doll to the world from France and in Masonry in his time they had prostitution circles attached to their lodges but these weren't ordinary prostitutes. These were SPECIAL BREEDERS with carriers of LINEAGES in them and if you work towards the GREAT WORK and put a lot into it you were given the privilege of perhaps producing an offspring by this high prostitute. They called them DOLLIES. They were carriers. A dolly was something you carry.

THEY CARRY THE GENE and the woman in the **Hellfire Club** that he was allowed to be selected with was called Madam Bouvier and there are two Bouvier's left today. The **other** one descendant was JACQUELINE KENNEDY. These are the carriers of specific genes and that's the reward you get if you work really well towards the Great Work. There's a definite EUGENICS PROGRAM here of breeding in what they claim are higher quality genetic material into the families. And so when the **Grand Master** introduces you to your wife at a dinner party then that's an ORDER. It's not a suggestion if you're wise as they say.

Greg: Now back in the late '70s there was a list of archbishops, cardinals that were pinned in Masonic Lodges in Italy codes names the whole works. How does that fit it? Why would they even want to join?

Alan: I think – here's the odd thing. If you understand religions in Latin and Greek and go into even the Sumerian and so on you'll find that the system has always been here and those who clue into the system are the ones with access to the old books and the tongues and languages and so every priest who gets to the Vatican has access to stuff which has got them started thinking along certain lines that there's far more to the system than they've been told and so they're already part way there when they understand that and then of course they'll be tested out and tried and then gradually brought into the mystery sects.

Greg: Very, very, very interesting. Before we go into this break did you ever during this whole process – I guess I only have a minute here I just want to get this said. Do you think right now we have a chance of ever turning these guys around? I mean seriously in the next year?

Alan: Not just like that unless you expose them for who they are, what they've joined and THE AGENDAS of these ORGANIZATIONS.

Greg: Okay, we're going to be back in three minutes. Take a couple of calls on the Investigative Journal. Back in three minutes. Okay, we're back with my guest Alan Watt. You've given us a pretty good idea of how these ultra high level sects have controlled the course of history and to get to a pre-determined goal of one world order – the New World Order and they're still in power now all over the world. Do you believe that they control almost every major religion and government and they're orchestrating this next huge war in the Middle East?

Alan: There's no doubt on that. There's no doubt. Even H.G. Wells when he wrote "Shape of Things to Come," laid out the world wars with the final one being fought beginning in Iraq and then the new world police force or army was to be based in Iraq and it's interesting to see all the American bases going up there and Air Force bases and so on. So yes--

Greg: Analogous to a script. I mean I've had retired generals on this show other people saying basically it's a program like you'd go to a theater. They've laid it out for you. Just figure it out and they're so arrogant they think there's nobody that can stop them.

Alan: Oh they do because this is the key to it. THIS IS THEIR SYSTEM THAT WE LIVE IN. Everything in this system belongs to them. THEY GAVE IT TO US.

They gave us the computer as well to bring about a common world culture and for TOTAL OBSERVATION OF EVERY INDIVIDUAL. They wrote about it. Brzezinski wrote about it back in the '60s so whatever they give us in society is to HELP THEM not to HELP US and we are dependant on their system. In fact they've closed all the loop holes for being independent even growing your own food. Living on your own. You've still got to get money to pay taxes which means you must enter the workforce somehow to get the money to pay them. This is their system and they know it. Although THEY WANT you to BELIEVE IT'S REALLY your SYSTEM and to GO ALONG with the FRAUD OF VOTING THEM IN.

As I say if you're truly were to expose the people that you're voting in as to who they really are THEIR WHOLE GAME WOULD BE OVER.

Greg: I think it's important to at least have as many people out there thinking on their own. Realizing how powerful these people are. How they can control the system and even down to the Internet. THEY CREATED the INTERNET FOR A REASON. They just didn't put it out their for dissents to talk and to criticize them. They have a reason to want to do this. In your mind what's the reason behind the world wide internet?

Alan: Well Brzezinski said that it would be given to the public and the public would take as way of communication. However, he said that initially they'll put so much on there for the youngsters for the young people to get into it and using it as an indispensable tool so that they'll be addicted to it.

Greg: They are.

Alan: And that gets them into the **next step towards ultimately the BRAIN CHIP**. They had a **meeting at Loyola University** the Royal Science Meeting **funded by the U.S. Department of Commerce and Newt Gingrich--**

Greg: And was this in California?

Alan: It was I think in Louisiana it was and Gingrich kicked off the meeting and gave the opening speech and the scientists they brought over from Japan said that **THE CHIP IS READY TO BE INSERTED**. It's been well tried and tested. They said **WHEN this is INSERTED THERE WILL BE NO SUCH THING AS INDIVIDUALISM**.

ALL THE PEOPLE will be HOOKED UP to regionalized computers which are **ALREADY IN PLACE** and he said that you'll hear the whispers of other peoples thoughts going through your head. He said **THIS WILL BE THE END OF INDIVIDUALISM AS WE KNOW IT** and the picture that I got out of that is what they showed us on the Star Trek movies the Borg. That's exactly what they're talking about here.

That will be the end. **THEY won't NEED the MEDIA anymore to CONTROL THE PUBLIC** and he said the only problem they have now was to **CONVINCE THE PUBLIC TO ACCEPT IT** so they'll promote it as a positive thing through cartoon, kindergarten schools, novels. They'll pay writers to put this into their novels and their movies and now sure enough we're seeing movies coming out with this idea in it.

Greg: That's amazing.

Alan: So the **ID card is just one step towards** it you see.

Greg: Yes, we get back to this whole idea of propaganda how they're just basically using the media now to use propaganda as a wedge and using it as a last step before they get into this more sophisticated way of control.

Alan: Yes. Their **THOUSAND YEARS OF PEACE** that **THEY keep talking about** is when they've completed the mission of totally **subduing their opposition which is the general public**. They won't need to give us media or entertainment or even allow us to even use this silly money. **MONEY IS ONLY A TOOL TO THE BIG BOYS**. We'll all work and serve to the state. The world state. That's what they said in their own writings. So that's where they hope to go once this is done.

Greg: And what are you working on lately?

Alan: I'm hoping to start the next book and do a whole series of them going into this whole mystique of higher level Freemasonry to show the public just how deeply its entrenched in all the things you take for granted including your police chiefs down to you deputy down to your local council or school board. I recently was unpacking a box and went to a newspaper from the '60s and there's an obituary for a woman in Ontario a small town who was on every board in her county and she belonged to over a dozen Freemasonic female organizations.

Greg: Well lets continue with that and take a couple of calls. If you want to call us in the last half hour 800-313-9443. We'll be back in three minutes. Okay we're back at the Investigative Journal and if you are out there and you are a high level member of the New World Order we know who you are and we know what you're doing and we're going to cause as much trouble as we can over the next year to make sure we delay

your plans because it just isn't going to happen like you think it is and my guest today Alan Watt is living proof of that. Before we get back into this give us a little preview of Freemasonry in your new book. You say something here that's interesting. I just want to get your comment on it. It's very interesting. Tomorrow on I believe ABC, NBC or CBS they're putting out this movie called The Flu or "The Avian Flu Pandemic" and that's a movie showing millions and millions of American people dying and they bill it as one step ahead of the news type of propaganda piece and let me just read this and get your comments about the Avian Flu.

You say this. "You can see how the deadly Spanish flu virus was resurrected in the 1990s by scientists who dug up corpses buried in 1918 in the permafrost in Northern Canada. The coming Avian Flu is no doubt a weaponized form of this virus to be used in the **DEPOPULATION PROGRAM** widely publicized by the Royal Institute of International Affairs, Bertrand Russell Society, The Fabian Society, The **United Nations Department of Population Control**. The only antidote is prevention. So everyone emails these societies and the Rockefeller Foundation and tell them you know what they're up to. Give me a comment on that.

Alan: Yes, I mean that's the way to go is you tell them we know what you're doing. We know what you're up to. We know your agenda. You've already said it. They have a **Department of Population Control at the United Nations** and I keep telling people that what do you think they mean by that? Why would they have a couple of thousand bureaucrats sitting on their hands all day. Well they're not. They're not making up wish lists. They're actually putting it into effect. They have their plans and they want to **CULL OFF ALL THE USELESS EATERS THEY DON'T NEED** in a post industrial society and they've written about this widely.

Charles Galton Darwin who wrote "*The Next Million Years*," that's quite the boast for an aristocratic member. The Next Million Years. The man who also said "*we are creating a more sophisticated form of slavery*" in that book is worth a read because he talks about culling off all the lesser peoples the useless eaters and methods to do it through inoculations to releasing diseases and so on and that was published in the 1950s by the grandson of Charles Darwin.

Greg: When that movie comes out tomorrow and I'm sure they'll be millions of Americans watching it that will have no clue. If you're one of the people that do have a clue listening to this program call ABC, NBC. Tell them we know this is a fraud. We know what you're trying to do. You're trying to depopulate America along with Africa and other places and then maybe we can at least slow it down. What do you think?

Alan: Absolutely. We've got to **ALWAYS BE AHEAD OF THEM** and watch where they're going. Now they used the same technique on Britain and **Professor Carroll Quigley** who was the **historian for the CFR** went through their records and he realized that the whole **drumming up of the war fear** before World War II in Britain was **drummed up BY THE TOP NEWSPAPER OWNERS IN ENGLAND who are ALL MEMBERS OF THE ROYAL INSTITUTE OF INTERNATIONAL AFFAIRS** and they had meetings where they decided to terrorize the public and tell them they're going to get gassed by Hitler on a national scale. This led to the evacuation of all the children out of the big cities. I mean they totally upset the country and it was to terrorize the public so that after three or four years of daily terrorization they would breathe a sigh of relief when they actually went to war.

Greg: Let me tell you how this works. Lets take a movement like 9/11. For example I was in New York one time and watched this whole movement and it's going no where. It's spinning its wheels for four years. Lets call it what it really is. I mean there are many good people out there but it's been controlled and I'll tell you what caused – I was sitting in a meeting with the family members of 9/11 and **Timothy Roma one of the 9/11 commissioner's was speaking and just lying**. I mean his speech was so – I'm not even going to get into it but anyway afterwards I went up to him along with a couple of other people and just tried to ask him some tough questions you know like get at the truth Tim and he ran out of there like a scared rabbit.

That's what they hate. They don't want to be confronted and when they find somebody that knows and not going to be bullied and not going to go along with the flow boy you know you're getting on a hot trail as a journalist so to speak and getting closer to the truth but that's what I recommend people doing. Call

everybody. I'll tell you what. There's no holes barred here. If you think somebody's a top level member contact them. Let them know you know and I'm doing that right now with the top level Jesuit. I'm not afraid to talk to him. I'm getting all these responses from the lower level guys but I just said, I want to ask you a question. **Do you know anything about Satanic worshipping in the Vatican?** I mean why not ask it. Boy but I'll tell you what. You catch a lot of flack when you start doing that and that's interesting.

But anyway let me get to some of my callers that really want to talk to you. We have a number of people on the line. California, Wisconsin, Pennsylvania. Mona in California you on The Investigative Journal.

Mona: Hi Greg. This is Mona the grandchild and child of three 32 degree Masons.

Greg: Okay.

Mona: And I object to the war and I object to our controlled media and the hate speech laws but I see these problems as coming from the House of Rothschild not from Freemasonry. In fact, because Freemasonry is actually the white Anglo Saxon power structure, I see all of these attacks on Freemasonry as communist inspired. My question to your guest is. You criticize the Freemasons for elevating intellect to such a high level and I wanted to point out that the reason the Masons did that is because they were protesting against the papacy that burns you at the stake if you didn't worship a god who tortured his own son to death to satisfy his need to punish sinners. Now why would you not agree that intellect should be elevated above such superstition? And another question is do you believe that there's no evolution and do you not believe in a population explosion?

Greg: Go ahead.

Alan: Okay. Number one. Your name is just a scrambled Amon so I know you're the daughter of Masonry and what's also interesting is you say that people are being given intellect. They're not being given intellect at all. The school system is not turning out intellectual people. They're turning out zombies at the moment and it's run by Masonry at the top.

Mona: I agree, but I don't think it's run by Masonry although it is in a sense because I think that Masonry has been twisted by communism which says that everyone should be equal. We shouldn't give our different education to gifted children that we give to.

Alan: Well if you read Trotsky his own book it's called "My Life" he tells you that he joined Masonry and that all the TOP COMMUNISTS WERE FREEMASONS.

Mona: Yes and I agree with you that the Jews did infiltrate Masonry which tried very hard to keep them out.

Alan: Not at all. Not at all because MASONRY IS AN INTERNATIONAL BROTHERHOOD THAT TAKES EVERYBODY IN. Hirohito of Japan you'll find in Freemasonic books was initiated into the Knights of the Garter by British Royalty before World War II.

Mona: I'm not saying they didn't make exceptions but Freemasonry is a Protestant organization.

Alan: No it's not. No it's not. No it is not.

Greg: Okay what is it then? Go ahead.

Alan: They give a branch to everybody. Even the Chinese have a branch of it and there all at the top head. They're all controlled by the CAPSTONE and that's what the capstone stands for. If you're on one side of the pyramid you can't see the other three sides.

Greg: So you're saying American Freemasonry and Protestant Freemasonry there's--

Alan: There's a Catholic one yes.

Greg: A Catholic one. A Hindu one. I mean as we go on and you find these guys – you have to trace it. You can find that there are Freemasons in all—

Alan: John Dewey all these boys were Freemasons. They gave you the educational system. Yeah.

Greg: Mona?

Mona: Well first of all there are not three sides to a pyramid. There are four.

Alan: There's actually more.

Mona: And a—

Greg: I'm lost there. What do you guys mean?

Mona: Well he said that there were three sides to a pyramid that appear--

Alan: No. I said if you're standing on one side you don't see the other three.

Mona: Oh yeah right.

Alan: But there's also another one below it the base.

Mona: What I'm saying is that it was clear in my upbringing that the Masons did not allow Catholics or Jews in because they didn't want to be infiltrated with superstitious nonsense. They certainly did put intellect above everything else. Although they have a great affection for the ancient Egyptian traditions because as you may not know ancient, ancient Egypt that built the first pyramid was built by Anglo Saxons and—

Alan: Well I think you swallowed an awful lot of the nonsense that comes with this really. You really have. That's just all later propaganda that was put out in the last hundred odd years.

Mona: And so have the Jews and the Blacks and the Catholics—

Greg: And the Polish people too.

Mona: Only been allowed in Masonry in the last 50 years since the second world war when all of the racial barriers were torn down.

Alan: That's not true. The Rothschild's were allowed into the British English one when they took over the Bank of England.

Mona: Exactly and that is where I think our problems began as I think I said. I think our problems comes from the House of Rothschild not the rich white guys who simply formed a group in response to the King's oppression to say hey we are going to gather together as Masons – stonemasons builders of houses and walls and we're going to decide for ourselves. It was the first union that was ever formed.

Alan: Ancient Egypt was a socialist run system.

Mona: I'm not talking about ancient Egypt.

Alan: And the stonemasons there were all paid by the top guy of the state. The state paid them their wages.

Mona: I'm talking about Freemasonry which started in England and as the first union is standing up against the King who was running a feudal system and they said we're going to decide for ourselves what our standards are and we're going to be so good that you're going to have to pay us-

Alan: This is the propaganda you've read since then. They came in the 1500s. They were preaching the same stuff then. The Rosicrucian movement gave you the Blue Lodge.

Mona: I don't know what the Blue Lodge is. I do know that Rosicrucians believe that if you go into a meditative state you can communicate with spirits and I don't see anything intrinsically evil about that.

Alan: Well that's fine. You see, you're allowed to believe the propaganda that's given on a lower level and what you've told me so far is a lower level propaganda.

Mona: Yes and you have to prove that my propaganda is false.

Greg: Well lets just start if I could break in here. Let me just ask both you the question and I'm asking myself the question. Greg, do you want to stop the New World Order? Yes, I don't think I'd like to see a one world government. I don't think I'd like to see a one world religion and I don't think I'd like to see my free will and free thought taken away. Now, lets go with my guest – well Alan what do you feel about that question?

Alan: That's correct and that's why you can't have people who join organizations and swear oaths to keep secrets from everyone else and then put them into officialdom over the top of you.

Greg: Now Mona, I'm going to ask you the same question. Do you believe – do you want to stop the New World Order. Do you believe in free will and free thought?

Mona: Yes, but I do not that precludes people from joining clubs and having secrets.

Greg: Okay.

Alan: Well there's your problem.

Greg: Because we could go on for a while.

Alan: That's your problem right there.

Greg: Okay Mona thank you so much. You can call anytime. Lets move on. Joyce in Wisconsin you're on The Investigative Journal.

Joyce: Yes, thank you for your program.

Greg: Thank you.

Joyce: While you were speaking to the lady that was just on I just wanted to add before I ask my question. My father was a member of the Blue Lodge of the Scottish Rite and he read a book that a friend had given him before he died. I would say maybe it was about eight years before he died and the author's last name was Streeter. I was young and I wasn't paying too much attention but I do remember a little bit about what was going on and the book was entitled, "*In High Places*" and my father was never the same. He was the secretary/treasurer for a lodge in a suburb of a city I grew up in and he never did support going to the meeting or anything about Freemasonry. He just gave it up. He never attended anymore meetings and I was

so thankful for that friend whoever he was to straighten my father out but my question is in reading the Bible I observe the war like nature of the god of the Old Testament and what is the difference in the all mighty Yahweh who just seemed to come on the scene when British Israelism came into this country and Jehovah.

Greg: Alan?

Alan: Yes. I mean the British Israelism movement was taken over actually. It was a crazy guy who started it initially who wanted to dethrone the throne of England because he thought he was a closer tie to the ancient aristocracy of Israel but they took the idea in Britain and created the British Israel Association. Now it has two names. The other name and at the same office actually is the **World Federalists Society**. They were setup to integrate the world – a united world. So it's one in the same thing the British Israel movement. It's part of the Cecil Rhodes Foundation for World Government and it goes under different guises but that's the guises primarily pushes out there by using religion because religion is a fantastic tool for creating an new order of things. So that's correct, yes.

Joyce: Okay. Yahweh is not the almighty?

Alan: No. Yahweh there's 72 names contained within Yahweh and each name is an important aspect of this system. If you notice Yahweh is nothing more than the human attributes of an oriental despot really. It's someone who might be happy one day and furious the next. An unstable dad you now. So that's how the old kings were.

Joyce: Thank you so much.

Greg: Okay Joyce thanks a lot. Lets move on. Joe in Pennsylvania. Joe?

Joe: Hi.

Greg: Hi. You're on The Investigative Journal.

Joe: Yes. I wanted to ask Mr. Watt why he believes that – you believe [] is a Freemason right?

Alan: I know that he was on Hehpsehboah show and he refused to answer her.

Joe: Okay. Well do you believe he's disinfo is what I mean?

Alan: What I do know is that the British Intelligence Service setup a branch of MI6 in the Cotswald area of London. It's a special little place where they train people to go out into the world and create mysticism and confusion. In other words to create gurus for the world. **Aleister Crowley was one of their first man that was sent out to create the Ordo Templi Orientis** and they haven't stopped. I do know that he is following the same route as Aleister Crowley because he comes out taking the real information that what they call intelligence that's been gathered about the bankers and all these guys behind the movers and shakers once he's got these followers he adds in the reptilian agenda, UFOs and everything else and the average reader will then discredit all of the real authors that he mentions in his books and that's called counter-intelligence. That's how you ridicule intelligence and so he's also going the same route in South America of being initiated under drugs into channeling.

Greg: We're going to take a break Joe. You can stay on the line. We have one more segment. Back in three minutes on The Investigative Journal. Okay back to our final segment on The Investigative Journal and Joe from Pennsylvania are you still with us?

Joe: Yes, I wanted to ask one more question. I didn't get to listen to the whole show but I was wondering if you Mr. Watt have ever talked about the idea of a scientific dictatorship?

Alan: Oh yes.

Joe: You want to get into that a little?

Alan: Yes the scientific – that was first discussed by **H.G. Wells** who was an official propagandist for the British government in "*The Shape of Things to Come* ." In fact in that novel that he wrote with the third world war beginning in Iraq he said, "*we shall create a Freemasonry of scientist – a scientific elite,*" and then **Lord Bertrand Russell** talks about the same thing and then on my website you'll see you can download Huxley's speech – Aldous Huxley the grandson of Professor Huxley and he says in it, "*I can see no reason why a scientific elite can ever fail* ." He said, "*that Rome failed because it could not produce enough bread and circuses for the people but with today's technology we can supply it.*" So they are creating a scientific elite of intellectuals to run the lesser peoples, yeah.

Greg: And Joe?

Joe: Just one more comment.

Greg: We've got about two minutes.

Joe: Okay. Since you brought up **H.G. Wells** I think he wrote a book actually "*A Blueprint for the New World Order*," I believe it was. Am I correct?

Alan: Yes, he called it "*The Open Conspiracy*."

Joe: Right, right.

Alan: Because they do publish what they're going to do and put them in the libraries.

Joe: Right okay. Thanks. That answered my question.

Greg: Okay thanks Joe and we have about a minute or so Alan. Is there anything you wanted to finish up with?

Alan: That shows you the pigeon holes that people are in where you have daughters of Masons – in my first book they should read that because I photocopy right out of their own charter books from the Grand Lodge of England that tells you that the female sects are there simply for show and they're never given the real secrets and I print it all up for them. They're being used.

Greg: And when's this new book coming out?

Alan: That should be hopefully out in say a month.

Greg: Give us a little preview?

Alan: A continuation into the deeper mysteries behind all of the associations that run the world including Zionism and all the other isms that are used today.

Greg: Okay, look forward to that. Give us the website where people can find your writings and more about you and some of your other interviews.

Alan: Yes. It's called cuttingthroughthematrix.com and there's a lot on there you can download for free.

Greg: Okay and one last thing. You said something important throughout the show. You said people can make a difference if they're aware, if they understand history, if they understand what's going on and they

don't allow these disinformation groups or the infiltrators to led them astray. Any advice?

Alan: Always remember that Albert Pike said, "*We always supply the people with leaders*" and that's what some of the pied pipers are.

Greg: Okay well listen Alan we're all out of time but thank you so much and we'll get together again.

Alan: It's a pleasure.

Greg: That was Alan Watt. We're all out of time on The Investigative Journal. I'll be back tomorrow same time, same place. Until then good afternoon.

Confession No. 13: Americans Have Never Confronted 'The Real Enemy'
Listen to Abraham Lincoln's words as he warns America against the power of the Vatican.

20 Aug 2006

By Greg Szymanski

"So we in our mad pursuit of wealth and pleasure and of our own special interests, have neglected the great heritage, which has come down to us from our fathers; a heritage of a free government, and of free institutions; and these we have abandoned, because of our neglect, to our enemies, who are doing their utmost to destroy our Constitution and our Laws and free institutions, which we ought to hold so dear."

Luther S. Kauffman, 1922.

Freedom is a fleeting concept. One minute it rings out loud and clear and the next it's wrapped around the shackles and barbed wire fences of a concentration camp.

And the reason freedom is here one minute and gone the next is because Americans have never really confronted its true enemy. In fact, Americans have been shadow boxing with its real foe for centuries, instead of landing a solid right punch directly in the face of the Jesuit Order and The Vatican.

In an effort to no longer side-step the truth, we again pick up our *Confessions With The Jesuits*, no longer by the banks of Brushy Creek but somewhere high among the mountain passes and rushing fresh water streams, a heavenly place where the birds fly free and elk still graze without man's incessant and diabolical interruptions.

In fact, it is a place where no evil-minded and duplicitous high-ranking Jesuit priest would dare to venture for fear of being struck-dead by lightning or eaten by a hungry black bear who realized the devil himself had just entered the peaceful forest.

However, it must be mentioned in recognition of those who may consider the hungry bear to be a "biased eater of good human flesh," identifying the Vatican and Jesuits as the true enemy of the American people is not based on conjecture or biased opinions, but based on solid facts presented in history books over the ages, many of which have been hidden out of sight by none other than the Jesuits themselves.

Although we shall delve into a little of that suppressed history by following up the words of Mr. Kauffman, presented above, let's remember the key to the Vatican's fascist role is to deflect all negative attention to Jewish-Zionist leaders who have sold out their own people and have been strategically put into positions of power and wealth in order to trick Americans into believing Israel is the real enemy.

However, nothing is further from the truth, as many historians who have commented in the previous 12 *Confessions* have shown.

In fact, it is this stepped up effort in recent months to blame everything on the Jews, without even mentioning the Vatican, that leads any reasonable minded American into seeing through the duplicity -- duplicity carried out by high-level politicians, the mainstream media and even the members of the so-called alternative media, many who are bought and paid off whether through ignorance, cowardice or outright treasonous and complicit misdirection of withholding facts.

It further should be noted that the Vatican and Jesuit Order's intention is to destroy Israel, the Middle East and America, instituting a One World Government and religion, dedicated to fascism and dedicated most importantly to Satan himself.

If you have the slightest doubt, ask why the Vatican owns title and ownership to the sacred Temple Mount in Jerusalem (*purchased in 1992) as well as ownership of most of East Jerusalem? In fact, there are many questions the Vatican through its cowardly minions in America don't want asked for fear the real enemies, bound with loyalty to Rome, will finally be exposed.

Eric Jon Phelps, author of *Vatican Assassins*, has for a long time called for the expulsion of the Jesuits from American soil. And after careful consideration, his words should be taken to heart, considering the Society of Jesus' long and sordid past, revealing a road of destruction and killing unprecedented throughout the course of history.

Historians Who Know the Truth

Those historians who know the truth have known since the beginning of America the dark cloud of the Jesuits and the Vatican has been hanging ominously over the country.

Although the dark cloud is even more ominous in 2006, most Americans remain like deer in the headlights, when the subject of the Vatican and the Jesuits is mentioned. And it's not because Americans are ignorant, it is because they have been misled by a strategic campaign of misinformation, coming from the highest level officials and media members to the lowest level alternative purveyors of misinformation hiding to the truth from even those most intent on finding it.

To prove this point, here are some passages from a suppressed book called *Romanism as a World Power*, written by Kauffman in 1922, showing how far back and deep the Vatican

and Jesuit Order's duplicity really goes.

Besides pointing out how the Jesuits and the Vatican's bloody hands were all over the Abraham Lincoln assassination (conveniently left out of the history books by the Jesuits who control education here with more than 28 major universities, including Georgetown) the former 16th President pointed out how the Vatican and Jesuit Order would one day be as the real culprits spreading death and destruction throughout America and the world.

Is the Country in Peril?

Is the Country in Peril, wrote Kauffman, from the machinations of its foes? He continued:

"I firmly believe that never in its history was it in such great peril as it is today. If I did not so believe, I would not, at my age, be devoting myself to the task of arousing my fellow-countrymen to the dangers of the situation in the hope that I may be able to induce them to action in defense of these priceless liberties before it is too late.

"I believe that the prophetic words of Lincoln are being fulfilled today. Rev. Charles Chiniquy, in his autobiography, on page 715, in describing an interview with President Abraham Lincoln, in Washington D. C. in June, 1864, thus quotes the President: 'You are almost the one I speak freely on the subject (the Jesuits). But sooner or later, the nation will know the real origin of those rivers of blood and tears, which are spreading desolation and death everywhere. And, then, those who have caused these desolations and disasters will be called to give an account for them.

'I do not pretend to be a prophet,' continued Lincoln to Rev. Chiniquy, 'but through not a prophet I see a very dark cloud is coming from Rome. It is filled with tears of blood. It will rise and increase, till its flanks are torn by a flash of lightning, followed by a fearful peal of thunder. Then a cyclone such as the world has never seen, will pass over this country, spreading ruin and desolation from north to south. After it is over, there will be long days of peace and prosperity: for Popery, with its Jesuits and merciless Inquisition, will have been swept from this county. Neither either nor you, but our children will see those things.'

Have these days so predicted by Lincoln arrived?

Editor's Note: In an effort to stop the desolation and destruction which is being orchestrated on America from Rome by Jesuit leader Fr. Hans Peter Kolvenbach, the Arctic Beacon is beginning a petition, the first of its kind in this country, which is a petition to banish the Jesuit Order from this country before Lincoln's words, based on fact not prophecy, come true.

If you want to rid the Jesuits from this land, do not be afraid to send your rightful name and a comment, as do not let these followers of Lucifer destroy this land for your children. Note: send name and comment and it will be included on a special page in the Arctic Beacon. Further, someone please send this article to the Jesuit headquarters located in Washington D. C. Thank You.

**Twenty-Five Trillion Diverted to India by Bush Sr. American Mob
U.S. officials and bribed banksters illegally profiting from trillions owed Ambassador Leo
Wanta and the American people.**

18 Aug 2006

By Greg Szymanski

Since November 2005 a massive fraud, estimated at \$25 trillion, has been funneled to India by corrupt American officials in one of the largest fund-washing and money-laundering schemes ever devised in the history of the world, according to Ambassador Leo Wanta, and as reported Thursday by London financial writer, Christopher Story.

The massive money laundering scheme has come to light as a result of the brash and arrogant actions of President Bush and the Federal Reserve Board, who have been unscrupulously blocking a \$4.5 trillion settlement due Ambassador Wanta and earmarked for the American people and the betterment of the economy.

The settlement is a portion of the \$27.5 trillion offshore fund established at the end of the Cold War, which is now under the legal control of Ambassador Wanta, as duly appointed trustor under direction of former President Ronald Reagan.

It was always the intention of President Reagan and Ambassador Wanta to use the money for the benefit of the American people, but after Reagan left the political spotlight, Wanta was indiscriminately and illegally jailed by operatives working for the last three presidential administrations, who have instead pilfered trillions for their own agenda and personal gain.

Regarding the \$25 trillion diverted to India in matters related to the Wanta settlement, Story added:

"In a massive, officially sanctioned, illegal money-laundering carousel that has been ongoing with the full knowledge and participation of the corrupt US Federal Reserve ever since November 2005, an estimated \$25 trillion of related funds has meanwhile been diverted to INDIA by the American authorities and others, in order to remove the funds from the immediate spotlight being shone into the eyes of the criminal gangs operating at the very heart of the US Government and its structures," said Story in his Thursday report at www.worldreports.org.

"Specifically, the proceeds of these fund-washing operations are placed back onto the books from which funds were diverted, with the self-enrichment profits being transferred to India in the form of bonds. The key perpetrators of these continuing frauds include the President and Vice President of the United States, George W. Bush Jr. and Richard Cheney, the Chairman of the Federal Reserve Board, Dr Ben Bernanke, the Secretary of Defense, Mr. Donald Rumsfeld, and also two successive Secretaries of the Treasury (John Snow and Henry M. Paulson).

"Without going into excessive detail, the illegal operations have the effect of laundering US dollars,

including American taxpayers' funds of course, off the books, in collaboration with corrupt foreign officials and elected leaders – with the crooked, illegal proceeds being placed back onto the books where 'holes' created by previous organised financial scams need most urgently to be plugged.

"These ongoing frauds, sanctioned at the highest levels, enable past giga-financial scams to be covered up while holders of high office participate in successive fraudulent transactions off the books with corrupt foreign counterparties – lodging their illegal untaxed profits offshore. The attitude of the criminals involved is that the purpose of holding high office is self-enrichment, rather than serving the US nation and the abused American people."

Story's detailed financial update on the much talked about Wanta settlement, as approved by Ambassador Wanta due to the financial sensitivity of the story, has tracked the exact location of the \$4.5 trillion illegally being held up by high-level U.S. officials as of August 14 in a non-depletion, non-callable Secured U.S. Treasury Securities Account at Goldman Sachs and Co.

Further, it was reported that the chairman of Bank of America, where the funds were originally tagged and stored, "became so alarmed at this stark reality that he demanded that the Treasury take the \$4.5 trillion belonging to Ambassador Wanta off his books, so that he and his institution would no longer appear to be implicated in the fraud."

For a more in depth look at the financial intrigue, the violations of law committed by the perpetrators and the international implications and foreign governments involved, Story's entire article has been reprinted below but can also be referenced at www.worldreports.org.

- *U.S. OFFICIALS AND CRIMINALISED BANKS ENGAGED IN A FRAUDULENT 'FREE-FOR-ALL'*
- *INSTITUTIONS IN BREACH OF BASIC FIDUCIARY DUTIES TOWARDS AMBASSADOR LEO WANTA*
- *INTERNATIONAL FINANCIAL SYSTEM IN JEOPARDY AS FOREIGN POWERS DEMAND PAYMENT*
- *INTERNATIONAL CURRENCY REVIEW CALLS CERTAIN BANKS AS CRIMINAL ORGANISATIONS*
- *'GOLD BADGES' ACTIVATED AS THE FINANCIAL CROOKS BRAZENLY FLOUT U.S. STATUTES*
- *SECURITIES AND BANKING REGULATIONS TREATED WITH CONTEMPT BY THESE CRIMINALS*
- *U.S. TREASURY ORDERED TO TRANSFER \$4.5 TRILLION TO WANTA'S CORPORATION*

The \$4.5 trillion belonging to, tagged and earmarked for Ambassador Leo E. Wanta as his agreed Settlement formally approved by the US Supreme Court, the White House, the Federal Reserve, the US Treasury and senior legislators, as previously reported, is now authoritatively understood to be deposited in a non-depletion, non-callable Secured US Treasury Securities Account with a major Wall Street institution.

For the past several months, the \$4.5 trillion have been FRAUDULENTLY AND ILLEGALLY TRADED by US domestic and international banks – exploiting the funds available in the form of a Clearing House Interbank Payment System (CHIPS) credit at a US domestic bank – and by the US Federal Reserve and the US Department of Defense, without the permission of the owner and principal, Ambassador Leo Wanta. All the parties concerned are engaged in organised criminal operations.

The \$4.5 trillion have been traded with financial sector counterparties that have themselves been trading the funds illegally, in dereliction of their duty to perform Due Diligence in accordance with banking and securities industry regulations. Any such Due Diligence would have revealed that the funds are not the property of the institutions placing them for overnight gains, and are therefore being traded fraudulently – and that the originating institutions are in breach of their fiduciary duty towards Ambassador Leo Wanta.

It follows that all the financial institutions concerned, including the domestic and foreign counterparty institutions, are criminal organisations.

IF THIS SCANDAL CONTINUES, EVERY ONE OF THESE INSTITUTIONS WILL BE EXPOSED.

The reason this has not happened yet is that the Editor of International Currency Review does not wish to be the person who actually triggers the collapse of the international financial system, which is built upon reputational considerations and confidence. But it can hardly continue to function well if the criminal gangs, which control the US and other leading governments, retain the upper hand.

100% of the accruals derived from these illegal trades are the property of Ambassador Leo Wanta, upon which tax is payable. However the deviant financial organisations and officials engaged in this organised criminal activity are stashing the resulting accruals offshore, deploying them to 'fill holes' in accounts, or to rectify gross miscalculations such as the monumental 'unanticipated' costs of financing the Iraqi and Afghanistan conflicts.

And all of a sudden, the head of the Congressional Budget Office (CBO), Donald Marion, has today announced that the projected 'visible' Federal Budget deficit will emerge at \$260 billion, some \$400 billion lower than previously estimated. This neatly covers up the grotesque consequences of the US budgetary profligacy of recent years. According to Mr Marion, the main reason for this suddenly favourable Federal Budget development is that wealthy individuals and corporations – for example, AmeriTrust Groupe, Inc., which is to pay over tax at 35% of full value – will be paying 'more tax than expected'; but the real reason is that the official parties will have diverted funds from off-balance sheet sources, including the assets belonging to Ambassador Leo Wanda, to 'cook the books'.

GLOBAL FINANCIAL SCAMS BRAZENLY PERPETRATED BY THE HIGHEST U.S. OFFICIALS

In a massive, officially sanctioned, illegal money-laundering carousel that has been ongoing with the full knowledge and participation of the corrupt US Federal Reserve ever since November 2005, an estimated \$25 trillion of related funds has meanwhile been diverted to INDIA by the American authorities and others, in order to remove the funds from the immediate spotlight being shone into the eyes of the criminal gangs operating at the very heart of the US Government and its structures. Specifically, the proceeds of these fund-washing operations are placed back onto the books from which funds were diverted, with the self-enrichment profits being transferred to India in the form of bonds. The key perpetrators of these continuing frauds include the President and Vice President of the United States, George W. Bush Jr. and Richard Cheney, the Chairman of the Federal Reserve Board, Dr Ben Bernanke, the Secretary of Defence, Mr Donald Rumsfeld, and also two successive Secretaries of the Treasury (John Snow and Henry M. Paulson).

Without going into excessive detail, the illegal operations have the effect of laundering US dollars, including American taxpayers' funds of course, off the books, in collaboration with corrupt foreign officials and elected leaders – with the crooked, illegal proceeds being placed back onto the books where 'holes' created by previous organised financial scams need most urgently to be plugged.

These ongoing frauds, sanctioned at the highest levels, enable past giga-financial scams to be covered up while holders of high office participate in successive fraudulent transactions off the books with corrupt foreign counterparties – lodging their illegal untaxed profits offshore.

The attitude of the criminals involved is that the purpose of holding high office is self-enrichment, rather than serving the US nation and the abused American people. The senior figures concerned, both domestically and abroad, need to be subjected to A FULL NET WORTH TEST – not least so that appropriate tax demands and associated penalties can be levied on their ill-gotten gains, and other appropriate sanctions imposed against them, as provided for by national legislation.

WANTA PLAN CALLS FOR 100% TRANSPARENCY

Hence, The Wanta Plan, which provides for full transparency and for all transactions to be properly taxed and conducted on the books, threatens to expose all these untaxed illegal past and ongoing transactions – with devastating consequences for the perpetrators under the present and the past three US Administrations.

As the net has closed in upon the criminal gangs, they have panicked and have intended, with a degree of arrogance not observed since Adolph Hitler's era, to continue their cooperative financial scamming operations for as long as possible – on the assumption that their crimes would never be exposed and that they will survive (if they all hang together) with impunity.

As one anxious US intelligence operative associated with George Bush Sr. put it, in an unsolicited telephone message left on the Editor's New York voicemail in May 2003: 'We need to talk. None of this must ever come out, you understand'. Thereafter, the Editor determined that, come what may, this is precisely what needed to happen.

Some of these parties, and others, have also been fraudulently using Ambassador Wanta' funds, illegally borrowed without his consent, to generate overnight windfall accruals – thereby becoming co-conspirators and accessories to the fact of fraud committed against Ambassador Wanta, and his oration, the US Treasury, eight foreign powers, and the American people who stand to benefit from the proper disposition of the \$4.5 trillion in accordance with with the underlying legal documents and President Reagan's instructions to Ambassador Wanta and the relevant Presidential Protocols.

The windfall accruals that have been earned by overnight trading of these funds are the property of Ambassador Leo Wanta and do not belong to the criminal institutions which have been illegally and fraudulently pocketing the profits.

AMBASSADOR WANTA'S TREASURER ORDERS THE \$4.5 TRILLION TO BE CREDITED

On 14th August 2006, Mr Michael C. Cottrell M.S., the Executive Vice President and Treasurer of Ambassador Wanta's corporation, instructed in writing that the Secretary of the Treasury, Hank M. Paulson, order the immediate transfer of the \$4.5 trillion for the Securities Account of Ambassador Wanta's corporation (AmeriTrust Groupe, Inc.) at another major Wall Street securities firm – where, in response to Due Diligence documentation submitted by Mr Cottrell, it has qualified for, and is in possession of, the necessary US Securities Account Number with the major institution concerned. Copies of Mr Cottrell's instructions were conveyed to Mr James R. Wilkinson at the Treasury, and to President George W. Bush.

At 1.52pm Eastern Standard Time on 14th August 2006, Mr Cottrell was able to reconfirm that the funds are held in the said non-depletion, non-callable Secured US Treasury Securities Account at Goldman Sachs and Co., and would be available on 15th August 2006. These assurances turned out, as is now commonplace given the breakdown of integrity and trust, to be false.

LEADING FOREIGN POWERS DEMAND IMMEDIATE PAYMENT OF 'SET-ASIDE ALLOCATIONS'

As a direct consequence of the Status Report posted by the Editor of International Currency Review on 13th August 2006, Ministers and Ambassadors from Mexico, France and the Russian Federation contacted the US authorities to ask angrily why their 'set-aside' allocations have not been paid to them, and why they are being defrauded of these funds. The countries which are due to receive remittances under the Reagan Protocols are: Canada, France, Germany, Greece, Italy, Mexico and Spain, which are due to be paid \$5.0 billion each. In addition, \$30 billion is payable to the Russian Federation. President Putin wishes to know why he has not been paid.

Chinese parties who are also due very substantial funds under separate agreements with the US Treasury and Mr Paulson, that were triggered by the Wanta Settlement, also indicated on 14th August that they will be taking drastic punitive action against the US financial establishment and structures as a direct and imminent consequence of having been defrauded of the payments that are legally overdue to them, and which remain illegally in default. This may well turn out to be the domino which brings the entire international financial house of cards cascading into chaos.

If what is expected to occur does take place, absent the necessary settlements, the US authorities will unfortunately have only themselves to blame for the probably devastating global financial and economic consequences that will ensue.

It is understood that the Ministers and Ambassadors from Mexico, France and Russia, and several other interested national representatives as well, are 'beyond' furious that their allocations remain outstanding, and have demanded immediate settlement by Ambassador Leo Wanta without further ado. However Leo Wanta has been prevented from making these remittances, which he is legally bound and committed to do, by the current President of the United States, the Chairman of the US Federal Reserve, the Secretary of the Treasury and the other parties to this scandal – which is now threatening to escalate to the point at which the entire international financial system, constructed on confidence, may be irreparably damaged.

CRIMINAL GANGS OPERATING INSIDE THE U.S. STRUCTURES THREATEN GLOBAL STABILITY

The criminal cadres operating inside the US Government structures, at the highest levels, are on the verge of throwing the world into chaos because they are hooked into patterns of interlocking fraudulent transactions from which they dare not extricate themselves, for fear of exposure and indictment. 'Gold Badges' – meaning powerful, high-level U.S. Treasury investigators who will take no nonsense from anyone holding even the highest offices – have been working overtime to get to the point at which they will be ready to bring out the handcuffs, which are grossly overdue.

Meanwhile, the following issues are the subject of grave concern internationally:

- *The 'Full Faith and Credit of the United States', upon which the integrity of the US dollar system, and of the entire international financial framework depends, has been fatally compromised because the White House, the Federal Reserve, the US Supreme Court, the US Treasury and the other high-level parties concerned, have repeatedly demonstrated that they cannot be relied upon to meet their financial obligations. Discipline, integrity and the Rule of Law have collapsed.*
- *Very large Wall Street-based financial institutions have wilfully mishandled, misappropriated, and diverted Ambassador Wanta's funds illegally, thereby perpetrating fraud against Leo Wanta as sole owner and principal – and against the US Treasury itself, the American Government generally, the eight foreign powers that have not been paid, and of course the neglected American people, whom these people despise. These institutions are therefore criminal organisations.*

At one stage earlier, the Chairman of Bank of America became so alarmed at this stark reality that he demanded that the Treasury take the \$4.5 trillion belonging to Ambassador Wanta off his books, so that he and his institution would no longer appear to be implicated in the fraud.

- *The official perpetrators of these crimes have, by their actions, confirmed that they hold high office NOT in order to serve the people, but as criminal co-conspirators intent upon personal self-enrichment. If the full scale of their financial crimes and of their crimes against humanity were to be comprehensively divulged, as is in prospect, there will be a Second American Revolution – since, once they have become aware of them, the American people will not tolerate the gross abuses that these criminal gangs operating inside the US official structures have committed and continue to commit, so far with impunity, given the criminal complicity of the US military-intelligence complex.*
- *By specifically impeding the payment of tax by Ambassador Leo Wanta (an initial \$1.6 trillion to the Treasury, followed by amounts estimated at \$96 billion per banking day thereafter, and an estimated \$270 billion to the State of Virginia), the President of the United States and the Treasury Secretary have signalled to taxpayers throughout the United States that the US tax system is grossly unfair.*

Hence it can only be a matter of time before US tax activists, hauled before Tax Commissioners, will refuse to remit taxes on the grounds that since the President of the United States has prevented Ambassador Wanta from paying taxes that he is legally bound to pay, there is no reason why anyone in the United States should pay any tax at all.

In short, the confused US authorities, pushed into a corner by their incompetent mishandling of this situation, have inadvertently set the precedent for a de facto tax amnesty.

THE OBVIOUS REMEDY IS TO HAND

The mess that the US authorities find themselves in, as a consequence of their confused and ever more desperate attempts to obfuscate other financial crimes of international scope which they fear might be comprehensively exposed when Ambassador Leo Wanta's Settlement has been finalised, can be resolved by Henry M. Paulson fulfilling his legal obligation to release the long delayed \$4.5 trillion for the Authorised Securities Account of Leo Wanta's corporation at the relevant major Wall Street Securities House. At the time of this posting, he had scandalously failed to do so.

It is not, and has never been, the intention of Ambassador Leo Wanta to 'take revenge' upon the cowardly and criminalised structures responsible for this crisis – and for having tried to put him away for 22 years so that, in collaboration with their corrupt co-conspirators among the financial institutions, they could divert, misappropriate and otherwise illegally dispose of and trade the trillions of which he is the Trustor and sole principal and owner, on Presidential instructions.

At various stages, attempts were made to poison him, to murder him inside the US prison Gulag, to have him certified insane, and otherwise to abuse, scam and illegally detain this great American patriot – who saved President Reagan's life on one or more occasions. There is no question that Ambassador Wanta's perseverance, his will, determination and inspiration will prevail, and that the interests of the American people will finally be met – and that the criminalised official and financial sector globalist conspirators who are behind this crisis will be decisively defeated.

A TOP GLOBAL CONSPIRATOR CONFIRMS THE GLOBAL CONSPIRACY

For the benefit of knee-jerk 'smart fellows' whose minds are befogged by 'slides' and who will be inclined to accuse the Editor of International Currency Review of being a 'conspiracy theorist', the following statement by one of the leading globalist strategists, Mr David Rockefeller, published in 2002, will no doubt come as a shock:*

'For more than a century ideological extremists [sic] at either end of the political spectrum have seized upon well-publicised incidents such as my encounter with Castro, to attack the Rockefeller family for the inordinate influence they claim we wield over American political and over economic institutions. Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as "internationalists" and of conspiring with others around the world to build a more integrated global political and economic structure – one world, if you will. If that's the charge, I stand guilty, and I am proud of it'.

As will be seen, David Rockefeller acknowledges that he is part of a secret cabal (synarchy) which works against the best interests of the United States. Why has he not yet been indicted, then, for conspiring against the United States under Section 371 of the United States Code, Title 18, 'Crimes and Criminal Procedure', which states that 'if two or more persons conspire either to commit any offense against the United States, or to defraud the United States, or any agency thereof in any manner or for any purpose, and one or more of such persons do any act to effect the object of the conspiracy, each shall be fined under this title or imprisoned not more than five years, or both'?

DRASTIC LEGAL OPTIONS AND APPLICABLE STATUTES

This stipulated penalty is, however, as nothing compared to the remedies available to Ambassador Leo Wanta/AmeriTrust Groupe, Inc and Executive Vice President and Treasurer Michael C. Cottrell, M.S., should they finally determine that the frauds and abuses to which they have been endlessly subjected, have exceeded even the bounds of the infinite patience that the patriotic and kindly Ambassador has exhibited to date.

Although the Rule of Law has collapsed due to the egregious serial felonies and frauds committed by holders of high office and their financial sector co-conspirators, including major institutions and certain broker/dealers, the relevant US statutes remain applicable and ready to be enforced. Under the Racketeer Influenced and Corrupt Organizations Act (RICO), enacted by Section 901(a) of the Organized Crime Control Act of 1970, and codified as Chapter 96 of Title 18 of the United States Code, a person 'damaged in his business or property' can sue one or more racketeers.

Racketeering activity covers murder and commission of murder-for-hire (relevant in this case), robbery, bribery, extortion, counterfeiting, theft, embezzlement, fraud, obstructions of justice, racketeering, money laundering, fraud in the sale of securities, and any act which is indictable under the Currency and Foreign Transactions Reporting Act (The Bank Secrecy Act of 1970).

Under the Hobbs Act 1946 [Title 18 USC, Section 1951], any actual or attempted robbery or extortion affecting interstate or foreign commerce is prohibited. This statute is in frequent use in connection with cases involving public corruption, with which we are dealing here, and commercial disputes.

The Hobbs Act prohibits actual or attempted robbery or extortion affecting interstate or foreign commerce 'in any way or degree'. The stipulated extortion offence covers both the obtaining of property "under color of official right" by public officials, and the obtaining of property by private actors with the victim's "consent, induced by wrongful use of actual or threatened force, violence, or fear", including fear of economic harm.

Significantly, extortion "under color of official right" does not require that a US public official take steps to induce the extortionate payment. And a violation of the Hobbs Act may be part of a "pattern of racketeering activity" for the purposes of prosecution under RICO.

Other American statutes to which the criminalised official and financial sector co-conspirators and accessories to the fact are variously vulnerable include, of course, the Securities Exchange Act of 1934, enacted so as to oversee both the registration process and the antifraud provisions of the Securities Act of 1933; the Bank Secrecy Act of 1970, a.k.a. the Currency and Foreign Transactions Reporting Act, which seeks to deter criminal activity and to aid criminal investigations by requiring financial institutions to report large cash transactions and the transportation of instruments now exceeding \$10,000; the Money Laundering Control Act of 1986, which made all money laundering a Federal crime, corresponding to the previously approved Organized Crime Control Act of 1970; the Anti-Drug Abuse Act of 1988, which detailed undercover operations involving money-laundering; the Annunzio-Wylie Anti-Money Laundering Act of 1992, which enlarged the definition of "financial transaction", making all money-transmitting, without reporting, a US crime; the Money Laundering Suppression Act of 1994, which required that "any person who owns or controls a money services business" must register with the Secretary of the Treasury; and the Terrorism Prevention Act of 1996, which added terrorism-related crimes as predicates for money laundering. Additionally, the National Association of Securities Dealers, Inc. (NASD), created under the Maloney Act of 1938, as an amendment to the Securities Act of 1933, provided inter alia for the enforcement of Securities and Exchange Commission (SEC) rules and regulations, and for coordination and cooperation with the SEC, States and other interested US Federal agencies.

Section 35 of Title 18, 'Crimes and Criminal Procedure' ('Imparting or conveying false information') is also, of course, applicable – providing inter alia that 'whoever wilfully and maliciously conveys or causes to be imparted or conveyed false information, knowing the information to be false, concerning an attempt or alleged attempt being made or to be made, to do any act which would be a crime prohibited by this Chapter or Chapter 97 of Chapter 111 of this Title, shall be fined under this Title, or imprisoned not more than five years, or both'.

Further, as previously reported, all parties, not least Alberto Gonzales, the US Attorney General, who is bound by his oath of office to uphold the Rule of Law which has collapsed, are vulnerable under Title 18, Part 1, Chapter 1, Section 4, derived from English Common Law, labelled 'Misprison of Felony', whereby 'Whoever, having knowledge of the actual commission of a felony cognisable by a court in the United States, conceals and does not as soon as possible make known the same to some judge or other person in civil or military authority under the United States, shall be fined under this Title or imprisoned for not more than three years, or both'.

Additionally, Under USC Title 18, Part 1, 'Crimes, General Provisions', it is laid down under the heading 'Accessory after the Fact', that: 'Whoever, knowing that an offense against the United States has been committed, receives, relieves, comforts or assists the offender in order to hinder or prevent his

apprehension, trial or punishment, is an accessory after the fact'.

'Except as otherwise expressly provided by any Act of Congress, an accessory after the fact shall be imprisoned for not more than one-half the maximum term of imprisonment or [else] fined not more than one-half the maximum fine prescribed for the punishment of the principal, or both; or if the principal is punishable by life imprisonment or death, the accessory shall be imprisoned not more than 15 years'.

HIGH-LEVEL PARTIES EXPOSED TO VERY SEVERE CONSEQUENCES

The following parties are vulnerable to some or all of the above, notwithstanding (in some cases) inapplicable misconceptions to the contrary: President George W. Bush Jr; Dr Ben Bernanke, the Chairman of the Federal Reserve Board; Alberto Gonzales, Attorney General of the United States; Supreme Court Judges; senior officials at the US Treasury and the Internal Revenue Service [see below]; certain senior US legislators; the Chairmen and senior responsible executives of the Wall Street and other financial institutions, and of their trading counterparties, that have been engaged in fraudulent and illegal trading of those funds that belong to Ambassador Leo Wanta and to no-one else; and all brokers and other intermediaries working for the corrupt military-intelligence complex who have been engaged in off-balance sheet financial operations both domestically and offshore without declaring the resulting accruals for US tax, as is required under the Tax Equity and Fiscal responsibility Act of 1982 (TEFRA) et seq., under which the US Internal Revenue Service taxes the global income of all American citizens – which means that all off-balance sheet accruals are taxable.

In this connection, the US Internal Revenue Service (IRS) has failed in its duty to tax all American citizens equally, by evidently turning a blind and probably corrupt eye to the vast untaxed accruals of officials, broker/dealers, intermediaries and others that are stashed offshore. Some of these operatives may claim 'transactional immunity', but this can never apply to someone knowingly engaged in fraud or other felonies.

The crisis facing the IRS is all the more critical because, as noted, the President of the United States and other holders of high office have wilfully prevented Ambassador Wanta from paying the taxes that he is legally bound to pay to the Treasury, so that a de facto tax amnesty situation has arisen. The prospective breakdown of orderly tax collection in the United States is therefore another possible and ominous consequence of the lawless behaviour of all those concerned.

THE GEOPOLITICAL DIMENSION: A REAL THREAT OF WORLD WAR

But most ominously of all, diplomatic Chanceries, central banks, Cabinets and government officials around the world, especially Prime Ministers and Heads of State of the Governments that attended the G-8 Summit Meeting at St Petersburg in July, where The Wanta Plan was the primary topic of conversation behind-the-scenes, are seething at the appalling arrogance, blatant criminality and recklessness of the US Government and its senior officials, who seem hell-bent on inducing the collapse of the international financial system as a consequence of their illegal activities.

The fact that the indolent 'mainstream' media have failed so far to wake up to the millennial gravity of this transnational crisis (which is as expected). does not mean that the worst possible outcome may not ensue – since the entire international financial community is fully aware of what is going on, while the foreign governments concerned are beside themselves in the face of Washington's blatant organised criminal behaviour.

Of particular concern is the fact that President Putin and his Government are owed \$30 billion under the Wanta Settlement, which the Ambassador is being illegally prevented from remitting because of the buffonery of the US authorities. Since it is understood that US Air Force Generals are pushing for Iran to be bombed in the near future – the devastation wrought in Lebanon being considered a 'warming-up exercise', to sensitise the American people to what is being planned – these people may be courting a nuclear holocaust.

The reason for this is that the senior Military Intelligence (GRU) officer, Vladimir Putin, does not appreciate being double-crossed by his erstwhile colleagues in American intelligence; and so, since he has

not been paid the \$30 billion due to him, he cannot be relied upon to remain inactive should the US Air Force Generals get their way.

Therefore, the illegal, greedy, short-sighted and reprobate behaviour of the US authorities over the Wanta Settlement could literally be the fuse that precipitates the global nuclear catastrophe which these unfettered criminal gangs operating inside the US structures evidently consider to be appropriate – unless the parties concerned come to their senses.

White House Still Not Talking about \$4.5 Trillion Wanta Settlement
Fate of America hangs in the balance on outcome of Ambassador Leo Wanta's pursuit of the truth and the exposure of trillions of dollars of offshore money being used by Bush Sr. and others to subvert and destroy America.

17 Aug 2006

By Greg Szymanski

The White House continues to stonewall repeated attempts to uncover *who, what, when where and why* the \$4.5 trillion Ambassador Leo Wanta settlement has been unscrupulously and illegally blocked.

Repeated attempts by the *Arctic Beacon* to get to the "absolute bottom" of what has been called "a story that will determine the fate of the American Republic" have been totally ignored by those holding the highest offices in the land without even the courtesy of a "standard denial" or mentioning "the case is under further investigation."

Furthermore, the total lack of accountability by President Bush and others in high positions, including the Secretary of the Treasury, the U.S. Attorney General and the House and Senate Finance Committee chairmen, indicates tacit and silent affirmation the Wanta claims are true simply by applying the old legal maxim that silence can be construed as a recognition of guilt.

Even more if the Wanta letters sent to the White House were not true, why hasn't he been charged with falsification and other serious felonies, as it is serious crime to misrepresent himself concerning \$4.5 trillion?

And what is even more troubling than the legal niceties is that even though the Wanta settlement has been documented and validated through public records and settlement letters forwarded to the White House, U. S. officials and their compliant media friends continue to try and hoodwink the public by arrogantly ignoring the story like the proverbial huge white elephant sitting smack dab in the middle of the living room.

Although Ambassador Wanta has chosen to keep his eye on the "financial ball" while downplaying the personal hell he has lived through by standing up for "what is right," Michael C. Cottrell, treasurer of the corporation formed to handle the \$4.5 trillion, said recently, the Wanta story and how it plays out may determine if America remains a free Republic or is finally turned into a dictatorship by the criminals now running the country who are arrogantly pilfering trillions of dollars through complicated offshore financial schemes.

Cottrell added that "make no mistake about it," everything happening in the world wide financial community, including the Lebanese conflict, is related somehow to the Wanta settlement and trillions more hidden behind the scenes which eventually will come to light when the Wanta settlement is finally honored.

What makes the Wanta story explosive on an international level is that the *Arctic Beacon* has learned that contained with the Wanta settlement there exists, as reported by financial writer Christopher Story, "set-aside payments promised to certain governments that assisted the Reagan administration in procuring the beneficial changes in the Soviet Union, remain unpaid, to the distress and mounting anger of the governments concerned."

The amounts that remain unpaid, as verified by Ambassador Wanta, include \$5 billion each to the governments of Canada, France, Germany, Greece, Italy, Mexico and Spain and \$30 billion to the Russian Federation.

Besides the \$4.5 trillion negotiated settlement in May, Wanta has been declared legal trustor of more than \$27.5 trillion in offshore funds amassed when he was instructed by President Ronald Reagan to destabilize the Russian currency at the end of the Cold War, which turned into a highly successful financial program beyond Wanta and Reagan's wildest dreams.

But instead of using the money to strengthen America after Reagan was out of the picture, Bush Sr., Clinton and others devised a plan to use the money for their own underhanded purposes, jailing Wanta in the process, as they then created phony front companies and illegal trusts to use the money illegally.

And now, according to Wanta, the same people are trying to undermine the latest deal signed, sealed and delivered between Wanta, his AmeriTrust Groupe, Inc., and U.S. authorities after negotiating the deal through influential law firms in New York and Georgia, as well as with the assistance of two federal court judges.

Wanta claims the \$4.5 trillion has been diverted and stolen with the complicity of high level officials, including the President of the United States, Secretary of the Treasury, Henry M. Paulson, Jr., the U.S. Attorney Gen. Alberto Gonzalez, the Supreme Court and other high level officials.

Furthermore, he claims financial institutions are illegally trading the vast sum of money with up to \$200 billion a day being illegally earned instead of the money being used to better the American economy.

On Sunday Ambassador released a financial report of the progress or lack thereof through financial writer, Christopher Story mentioned above, indicating in general terms those responsible in a criminal diversion of the funds which has delayed the settlement from being honored.

Story's report appeared Monday in the Arctic Beacon and this publication has learned Ambassador Wanta is preparing to release in specific detail, details including banks, names and accounts, showing point blank the behind the scenes financial shenanigans taking place, as well as detailing specific SEC regulations and federal laws being violated by those holding some of the highest offices in the land.

So far the Wanta story and the illegal withholding of the \$4.5 trillion provides the following shocking ramifications:

oo COLLAPSE OF THE RULE OF LAW AND 'FULL FAITH AND CREDIT OF THE UNITED STATES'

oo WHITE HOUSE, FEDERAL RESERVE, SUPREME COURT, TREASURY AND SENIOR LEGISLATORS ARE ALL CO-CONSPIRATORS AND ACCESSORIES TO THE FACT OF HISTORICALLY UNPRECEDENTED FRAUD AGAINST AMBASSADOR WANTA, FOREIGN GOVERNMENTS, TWO U.S. STATES, AND THE NEGLECTED AMERICAN PEOPLE

oo INSTITUTIONAL AND OFFICIAL UNDERTAKINGS ARE WORTHLESS

oo MENTALITY AND BEHAVIOUR OF THE CHICAGO MOBSTERS PREVAILS

oo AMBASSADOR WANTA PREVENTED BY AUTHORITIES FROM PAYING TAX, SO WHY SHOULD OTHER AMERICANS PAY TAX?

oo UNINTENDED DE FACTO TAX AMNESTY NOW OPERATIVE.

Human Interest Element of Ambassador Leo Wanta Story as Important as \$4.5 Trillion Earmarked for American People

Corrupt officials in government working off two sets of accounting books, one legal and one a hidden stash of offshore money, as trillions continue to be stolen behind the backs of the people. Wanta story brings the 'real truth' out in the open, something the Illuminati never thought would happen.

16 Aug 2006

By Greg Szymanski

The human interest element of the Ambassador Leo Wanta story is every bit as intriguing and important as the financial aspects of the \$4.5 trillion settlement waiting to be used for the best interests of the American people.

Ambassador Wanta recently entered into a written agreement with high level U.S. authorities to repatriate the vast sum of money, estimated to be only a small portion of the \$27.5 trillion had been trying to protect as legal trustor.

However, the \$4.5 trillion settlement, finalized in May through two large law firms (one in New York and one in Georgia) with the assistance of two federal court judges, has been illegally blocked by the Bush administration, causing shockwaves throughout the international financial community since not only are Ambassador Wanta and the American people being deprived of the money but so are eight other foreign countries.

The *Arctic Beacon* has learned that contained with the Wanta settlement there exists, as reported by financial writer Christopher Story, "set-aside payments promised to certain governments that assisted the Reagan administration in procuring the beneficial changes in the Soviet Union, remain unpaid, to the distress and mounting anger of the governments concerned."

The amounts that remain unpaid, as verified by Ambassador Wanta, include \$5 billion each to the governments of Canada, France, Germany, Greece, Italy, Mexico and Spain and \$30 billion to the Russian Federation.

As background, the \$27.5 trillion was raised in a financial campaign authorized by President Ronald Reagan when Wanta was given the task to destabilize the Russian currency at the end of the Cold War.

Wanta's efforts were highly successful, exceeding all of Reagan's expectations, but it must also be emphasized Reagan and Wanta's intentions were always to use the vast sum of money for the benefit of the American people.

But instead of that happening after Reagan left the political landscape, Bush Sr. and Clinton devised a plan to use the money for their own underhanded purposes, jailing Wanta in the process, as they then created phony front companies and illegal trusts to use the money illegally.

And now, according to Wanta, the same people are trying to undermine the latest deal signed, sealed and delivered between Wanta, his AmeriTrust Groupe, Inc. and U.S. authorities.

Wanta claims the \$4.5 trillion has been diverted and stolen with the complicity of high level officials, including the President of the United States, Secretary of the Treasury, Henry M. Paulson, Jr., the U.S. Attorney Gen. Alberto Gonzalez, the Supreme Court and other high level officials.

Furthermore, he claims financial institutions are illegally trading "the tagged money" with up to \$200 billion a day being illegally earned instead of the money being used to better the American economy. In financial jargon, "tagged money" means it can be traced to its rightful owner despite financial misdirection and foul play.

Although he remains extremely optimistic the settlement will be honored in a relatively short period of time, it is not only the financial aspects of this story that deserve attention, as behind the scenes, Ambassador Wanta's incredible journey for truth and justice has pitted him against enormous odds and a powerful Illuminati banking under world system with a war chest estimated at more than \$300 trillion.

Regarding Ambassador Wanta, the man behind the money, it is important to note he is extremely honorable, God-fearing and extremely loyal to his country and its institutions. Furthermore, he has never once waived from his original orders given by Reagan to return the massive amounts of money to the rightful beneficiary, the American people.

And with strict observance of the Ambassador's wishes, he has asked the emphasis of the story for the time being be placed not on his personal suffering and illegal jailing, but directly on retrieving the \$4.5 trillion now being illegally diverted by corrupt high level officials.

He has indicated after the money is recovered there will be plenty of time to explore the many aspects of the human interest side of the story, including his illegal jailing in a Swiss dungeon, his bogus Wisconsin state income tax conviction originally carrying a 22 year sentence, his relations with former White House Counsel, Vince Foster, his relationship with Yitzhak Rabin and other important world leaders, his order to arrest Marc Rich, the strange death of his good friend and Chinese business partner and many other aspects of highly complex and intriguing financial mystery where murder, bribery and corruption seemed to be lurking around every corner.

However, while the financial maneuvering continues as we speak, lets look at how some average Americans have reacted to the story, revealing the very "human side" of the Wanta story that has reached millions and is being talked about at dinner tables and beside water coolers:

From **Bill Loboda**

Keep up the great work on this STORY OF THE CENTURY OR ANY OTHER CENTURY!!!

I am telling as many people as possible and encouraging them to contact their local, church, state, and national leaders to do the right thing about OUR MONEY!!! WE WANT THIS MONEY!!! AND WE WANT IT RIGHT NOW!!!

From **Richard Seamans**

Dear Greg,

Thank you for the work you are doing on this very important story. I'm sure you are inadvertently placing yourself in harms way by chasing the truth with this crowd.

On today's show your guest stated more than once that if the settlement was not quickly made, they would expose the culprits in the worldwide scheme (banks and names). He also stated that they (the culprits) were

in a panic and ultimately had to pay off because the whole world would be on to their thievery. Obviously this was not a quote, but the message as I got it. This brings me to my point of contention.

We as a nation and society have had decades of pinning down crooked politicians, financiers, insurance executives and the like only to cut a deal and let them go virtually anonymously. Of course the end result of this is that they get to stay in business or position only to do further harm to people. If we are really on a march to right the wrongs, it is imperative that not only the banks but the individuals must be exposed before they can crawl back under a rock. Timing is, as always, crucial.

This being said, let me reiterate the need for candor in this and every situation where we can prove that people in positions of trust have violated and or taken advantage of that trust. If the exposure comes simultaneously and from multiple sources, retribution can't be taken on everyone. I keep hearing calls for the patriot community to work together to expose the truth. Well here is a perfect opportunity.

Don't let anyone associated with the crimes go unexposed!

From **Rich Brandeis**

Hi Greg....I finally got the chance to listen to the complete recording in the RBN radio archives of your last show with Christopher Story. I have to admit towards the end of the piece it became a head scratchier.

Mr. Wanta as per Mr. Story looks to win a battle, but why would he walk away from the war? I'm making reference to the part of the story where it was stated that Mr. Wanta would be happy with the 4.5 trillion getting past the gates so to speak, but you intimated that it would be up to the American people to put pressure on our elected officials to get the rest and demand changes to the system.

No doubt that by now, millions around the world have taken notice of this story, but does Mr. Wanta truly believe that the American people will have any impact on a government that is rotting from the head down? It would seem that the entire government is in on this scandal, and to date, not one official is willing to comment on this matter. What hope then is there that we the people could possibly effect change when we can't even get the story out to the country through any main line media outlets?

A friend of mine is a pilot, and after reading about the Wanta matter said the following. If this turns out to be true, we could have millions of flyers printed and in the dead of night, drop them over several major cities. That might get people motivated.

At first, I looked at him like he was nuts, but then the wheels began turning and I wondered to myself if his concept might have any credibility? Maybe someday, the humanitarian program I'm involved in like Ryan from Oregon may come to fruition. But I just find it amazing that Mr. Wanta would just walk away from the trillions left behind in the hopes that a brain dead society will pick up where he left off.

Maybe my friends idea isn't so crazy??

PS.....I don't know about you Greg, but I have this sinking feeling that as we get closer to a resolution of the Wanta matter, Bush will find some excuse to declare marshal law and close the boarders. Where the hell are the true patriots in our military? Do we have any left?

From **Chris**

Dear Greg:

*I thought I should mention to you that, in my opinion, **THEY** spent years designing the current political system to shield them from penetration. Every election gets worse and worse with our choices. By the time the primaries are over, you are again faced with two candidates whom swore an oath to protect their brethren agenda instead of the American people. In addition, if that does not work, many years ago we did an investigation about electronic vote counting. What we came up with, now this is at least 15 years ago,*

was that there were only four companies that leased the computers for elections.

Dig a lot deeper going around the shell corporations, and we found that the same owner(s) owned all four companies. Of course, these owner(s) were part of THEM. Therefore, we surmised that there is this guy in a warehouse somewhere that housed the computer main-frame, watching the tally board, and it was his decision who got elected, not the actual vote count. If I remember correctly, the New Yorker magazine did on story on it.

In other words, what I'm saying is that, nothing is going to change the present system.

HOWEVER, the only thing that will make them nervous, I mean really nervous, is if what I suggested about the use of the American money Wanta is holding, to be used for Americans to buy the media, and back a President that is for the people.

I remember when Ross Perot ran as a vote splitter to keep Bush out because he hated him. Of course, Perot had his own agenda besides keeping Bush out and get Clinton in. NAFTA. But, Perot had a chance of winning if he was sincere.

Ambassador Leo Wanta Provides Key Update On \$4.5 Trillion Earmarked for American People

Criminal diversion of Wanta funds continues, as high level U.S. officials and banks implicated.

14 Aug 2006

By Greg Szymanski

According to Ambassador Leo Wanta in direct communication with London financial writer, Christopher Story, a "blatant and scandalous" diversion of the \$4.5 trillion settlement entered into by Wanta and U.S. authorities has taken place, blocking the vast sum of money from being used to revitalize the American economy.

Ever since President Bush and the Federal Reserve Board, without legal justification, blocked the settlement and then failed to honor a July 31 deadline imposed by Wanta, the Ambassador, who is legal trustor of the money, hoped for a quick resolution.

However, after receiving no cooperation from the Bush administration and no receipt for the money, he decided to come forward Sunday with a "status update" regarding the progress of repatriating the \$4.5 trillion earmarked for the American people.

Besides the \$4.5 trillion negotiated settlement in May, Wanta has been declared legal trustor of more than \$27.5 trillion in offshore funds amassed when he was instructed by President Ronald Reagan to destabilize the Russian currency at the end of the Cold War, which turned into a highly successful financial program beyond Wanta and Reagan's wildest dreams.

But instead of using the money to strengthen America after Reagan was out of the picture, Bush Sr. and Clinton devised a plan to use the money for their own underhanded purposes, jailing Wanta in the process, as they then created phony front companies and illegal trusts to use the money illegally.

And now, according to Wanta, the same people are trying to under-mind the latest deal signed, sealed and delivered between Wanta, his AmeriTrust Groupe, Inc. and U.S. authorities after negotiating the deal through influential law firms in New York and Georgia, as well as with the assistance of two federal court judges.

Wanta claims the \$4.5 trillion has been diverted and stolen with the complicity of high level officials, including the President of the United States, Secretary of the Treasury, Henry M. Paulson, Jr., the U.S. Attorney Gen. Alberto Gonzalez, the Supreme Court and other high level officials.

Furthermore, he claims financial institutions are illegally trading the vast sum of money with up to \$200 billion a day being illegally earned instead of the money being used to better the American economy.

Wanta's financial revelations were first revealed Sunday evening by Story on his London web site at www.worldreports.org. Story also revealed that his web site as well as the *Arctic Beacon* and its editor, Greg Szymanski, have been the target of ruthless and criminal intelligence attacks, aimed at discrediting the writers bringing the truth to the world as well as Wanta himself.

The following is *Christopher Story's* status update of the Wanta saga, as provided on his web site listed above:

STATUS REPORT

Note: The following report summarizes the status of The Wanta Settlement at the time of posting.

It represents the position as officially approved and authorized by Ambassador Leo Wanta. All Wanta-related reports posted on this website are PRIMARY reports. All others are SECONDARY.

The blatant and scandalous diversion of Ambassador Leo Wanta's Treasury-tagged \$4.5 trillion, earmarked for the benefit of the Ambassador Leo Wanta, his corporation, the US Treasury, the State of Virginia, and the American people, continues. Specifically:

o Financial institutions are brazenly and illegally trading these tagged funds, that they do not own, overnight between each other, with up to \$200 billion per day being earned and pocketed - such accruals being by definition exclusively the stolen property of Ambassador Leo Wanta. The identity of some of the institutions, which can now be regarded as criminal enterprises, is known.

o Top US officials and office-holders, including the President of the United States, the Chairman of the Federal Reserve Board, the Supreme Court, the Attorney General, the US Treasury Secretary, the head of the Internal Revenue Service and others, are de facto accessories to the fact of the diversions and felonies in question - including conspiracy to defraud Ambassador Leo Wanta, his corporation and/or any corporation he may designate, the US Treasury itself, and the American people, of the funds and the benefits that they were officially assembled to provide.

o The 'Full Faith and Credit of the United States' has been destroyed - and the integrity of the US Presidency, the Federal Reserve System, the Supreme Court, the US Department of Justice, the Treasury, and the Internal Revenue Service has been shattered, as have the reputations of firms of lawyers that currently appear to have negotiated, like their official peers, in bad faith - creating legal documents for apparently cosmetic purposes and perhaps as a device to cover the intended theft or diversion of the funds. The accords were agreed in November 2005, signed and approved by the Supreme Court, the President of the United States, the US Treasury, the Federal Reserve and high-level signatories last December, and updated by the relevant parties in June 2006.

o Set-aside payments promised to certain Governments that assisted the Reagan Administration in procuring the beneficial changes in the Soviet Union, remain unpaid, to the distress and mounting anger of the Governments concerned. The amounts outstanding, which Ambassador Leo Wanta has reiterated he will honour from his scandalously overdue Settlement are:

o\$5 billion each to the Governments of Canada, France, Germany, Greece, Italy, Mexico and Spain; o\$30 billion to the Russian Federation.

These payments were authorized under and by President Reagan's original Protocol Agreements, controlled exclusively by Ambassador Leo Wanta and by no-one else, but were frustrated when Ambassador Wanta was illegally seized and incarcerated and held under house arrest from 1993 onwards in the context of a criminal conspiracy that was dramatically exposed when Wanta was freed with effect from 14th November 2005.

o Renegade and ruthless US criminal intelligence cadres - and intelligence-related foreign officials who are being lied to and misled - are continuing to lay false and spurious claim to the Wanta funds by bombarding Christopher Story, Greg Szymanski and the few other patriotic and honest reporters with

spurious allegations concerning the alleged ownership of some or all of the Wanta funds. In one case, such a fantastic allegation was accompanied by an explicit and mob-style e-mailed death threat - revealing the presence in this crisis, of course, of the criminalised intelligence underworld.

o The notorious criminal intelligence discrediting and disinformation apparatus has been activated, with US radio talk-show hosts who have done no research and have no inside knowledge, casting doubt upon the integrity of The Wanta Plan and its Reagan-appointed Trustor - as well as feebly and counterproductively attempting to denigrate the work and websites of Christopher Story and Greg Szymanski, which have successfully publicised the truth about this crisis to the world - to the annoyance and frustration of the official and financial sector criminal perpetrators involved.

[The model for such cynical disinformation coordination campaigns is known in intelligence circles as the 'sib' technique. Classic examples of the application of this ploy include BCCI and Enron - the reputations of which were deliberately blackened by intelligence disinformation specialists, so that they could be exploited for covert purposes. In the Enron case, the establishment of offshore, off-balance sheet partnerships diverted vast flows of funds from Enron's legitimate trading.

These stolen funds could then be annexed for use in high-yield offshore investment programs calculated to generate far larger returns, all untaxed, than Enron could ever generate on-balance sheet - rendering Enron disposable and redundant. The current objective is to try to discredit the few honest information outlets, so that the many perpetrators will no longer have to put up with the inconvenience of having the truth about their criminality disseminated worldwide. Of course this is not working, and cannot succeed].

o International developments, notably the Israel-Hezbollah-Lebanon crisis and the sudden airliner terrorism scare, which was triggered by information passed from US official sources to the British authorities late on 8th August, appear to have been leveraged so as to blanket the 'mainstream' media with diversionary wall-to-wall coverage - one intention being to preclude criticism of the high-level criminals on both sides of the Atlantic, who are in real fear of their lives, of being indicted or arrested, or all of the above.

Correspondence from Ambassador Leo Wanta to the White House and other official recipients confirming details of the Settlement, reflects underlying legal agreements which, as noted, have been approved inter alia by the Supreme Court. Reckless talk-show hosts and media producers who have no access to these documents are in danger of libel suits in the British Courts - where the laws of libel are considerably more stringent than those that are applicable in the United States - following groundless denunciations of the integrity and reliability of this website.

All Wanta-related intelligence published here is approved beforehand by the Ambassador and by Michael C. Cottrell, M.S., the Executive Vice President and Treasurer of Leo Wanta's corporation. The Editor has spent days in the presence of both men and is of course fully satisfied as to their impeccable integrity and honesty - and, correspondingly, of the spurious nature of all assertions, including many crude ones, seeking to cast doubt on the integrity of the Wanta Plan and its terms and purposes. These cannot succeed either. Those concerned have made their points, but have failed to carry any conviction, given the thefts and diversions concerned.

As previously reported, \$4.5 trillion was assembled and brought across the exchanges in May and June 2006, in fulfilment of the accords referenced above. This represented a compromise which would help to get a substantial number of vulnerable banks and criminal intelligence operatives and cadres prospectively off the hook - given that Ambassador Leo Wanta is the legal sole principal and owner of the \$27.97 trillion assembled in 1989-92 on US President Ronald Wilson Reagan's explicit instructions, to provide new cash funds for the management of the post-Cold War 'global security environment'. The locations of these funds, and the institutions holding them, are known.

George H. W. Bush Sr. was not present at, and nor was he involved in, the provision of the relevant instructions given to Ambassador Leo Wanta by President Ronald Reagan, and had no knowledge at the time of what was instructed and intended. Suggestions to the contrary are lies.

Instead of being deployed for the purposes for which these funds were assembled (whatever one may think of the stated objective), the criminalised cadres inside the vast US military-intelligence complex - a 'state within the state', which controls the Presidency and the Government and serves its own interests to the exclusion of all other considerations, including the urgent interests of the American people - set about ransacking, diverting, misappropriating and stealing the earmarked funds, like the Chicago gangland Mafia crooks they resemble.

In order to be 'free' to do so, they first procured the abrupt removal from the scene on trumped-up charges, of Ambassador Leo Wanta, who was 'intended' to have been put out of action for 22 years, that is, until the year 2015. That would have been three years after the principal \$27.5 trillion that was originally raised, had been repaid. The funds were procured at a deep discount for a 20-year period at 7.5% annual interest, from over 200 international banks.*

Attempts were made to poison Ambassador Wanta while he was falsely incarcerated in a stinking Swiss prison for 134 days in 1993. The water there was polluted, and a co-prisoner ate his cheese, and died almost immediately. A contract doctor who knew that the Swiss authorities were engaged in such murders, warned him what not to eat, and identified several precautions that he ought to adopt, to stay alive. Later, three attempts were made to murder him by assault in US prisons, and four false 'lunacy tests' were attempted on him, without success. A close child member of his family was murdered this February.

With Ambassador Leo Wanta out of the way, illegally incarcerated and subject to poisonings and assault etc, the criminal intelligence cadres and their de facto financial sector co-conspirators thought they were free to divert, steal, rifle, ransack, collateralise, cross-collateralise, hypothecate, and otherwise misappropriate, misuse and misplace the funds for which Leo Wanta, as the Trustor specifically appointed for the purpose by President Reagan, was and remains solely responsible.

A number of large financial institutions duly made use of the portions of the funds they held, for purposes not authorised by the Trustor. When required to disgorge these funds, the institutions concerned will find themselves in liquidity or systemic difficulties, and will either have to be absorbed into other institutions, or else will be in danger of insolvency.

Ambassador Leo Wanta has and reserves the right to proceed immediately with the collection of all these funds, and is understood to be making arrangements accordingly.

In the meantime, the US Treasury, now thought to control the tagged funds directly and illegally, is losing an immediate on-balance sheet tax prepayment of approximately \$1.6 trillion (35% of \$4.5 trillion), while the State of Virginia has not been paid the \$270 billion of tax due to it under the Settlement (6% of \$4.5 trillion). The State of Pennsylvania, where Mr Cottrell is resident, is also forfeiting badly-needed windfall tax remittances.

The US Treasury is further losing an estimated \$96 billion of tax per day arising from agreed and planned transactions to be masterminded on-balance sheet by Leo Wanta, as previously reported, plus the same amount again arising from secondary taxable transactions with US counterparties with which Leo Wanta's corporation will be doing business. In addition:

o The parties listed above are co-conspirators and accessories to the fact of preventing Leo Wanta paying tax, which is an egregious felony.

o American taxpayers have therefore been afforded a precedent for not paying their taxes, either. The reason for this is that since the President of the United States, the Chairman of the US Federal Reserve, the Attorney General, the Supreme Court, the Treasury Secretary, the head of the Internal Revenue Service et al are conspiring with others and are accessories to the fact of preventing Leo Wanta from paying the taxes that he is committed by binding legal agreement to pay, there is now no reason in Common Law why any further taxes should be paid by any American taxpayer, since the listed parties have de facto sanctioned a tax amnesty.

o The co-conspirators and accessories to the fact of these felonies and crimes are colluding in the wholesale collapse of the Rule of Law in the United States which, if not promptly rectified, will manifestly lead to undesirable consequences for the whole of humanity. This is an international, not just a US national, crisis.

And since all the facts of The Wanta Plan summarised in correspondence between Leo Wanta, the White House et al are of course 100% accurate - otherwise the author of the documents would be liable for the crime of fabrication - it follows that the financial institutions which are illegally trading the tagged \$4.5 trillion, and which are probably duplicating or triplicating its value, are prima facie criminal co-conspirators that cannot be relied upon to handle and dispose of other people's funds in accordance with universally accepted ethical banking principles and procedures.

The allegedly recent or currently offending institutions, in addition the US Treasury and the Federal Reserve, may or have allegedly included very large and well-known money center names.

It follows that any foreign or US domestic institution dealing with these entities risks doing so at its own peril. ENDS

** The original amount raised from the 200+ international banks was \$27.5 trillion. With accruals, this total is now estimated to be worth, in the aggregate, some \$70 trillion. The figure of \$27.97 trillion arises because we understand that some interest has been added to the original principal.*

Ambassador Leo Wanta is entitled to claim repatriation of the full \$70 trillion and it is understood that he will proceed, in accordance with his lawful instructions, to do so - given that the official parties concerned have reneged, as of this date and posting, on their formal, approved and legal undertakings, and manifestly, on the basis of their record to date, cannot be trusted to fulfill their legal obligations.

Next Few Days Critical In Whether \$4.5 Trillion Wanta Money Repatriated For Americans

While government big shots argue over Wanta settlement, average Americans speak out about the trillions of offshore money used illegally by treasonous leaders within the U. S. government.

13 Aug 2006

By Greg Szymanski

The Ambassador Leo Wanta story has been ringing in the ears of high level officials all over the world for the last two weeks ever since President Bush and the Federal Reserve Board refused to honor a \$4.5 trillion written agreement to release the money for the betterment of the American economy.

Wanta had previously entered into an agreement with high level U.S. authorities and a number of world wide banks to repatriate the massive amount of money.

But his efforts have been blocked by officials who are afraid to open up a "financial can of worms," leading to the misuse of trillions of offshore funds by Bush Sr., Clinton and many other high level U.S. officials.

Wanta has been declared legal trustor of more than \$27.5 trillion in offshore funds amassed when he was instructed by President Ronald Reagan to destabilize the Russian currency at the end of the Cold War, which turned into a highly successful financial program beyond Wanta and Reagan's wildest dreams.

But instead of using the money to strengthen America after Reagan was out of the picture, Bush Sr. and Clinton devised a plan to use the money for their own underhanded purposes, jailing Wanta in the process, as they then created phony front companies and illegal trusts to use the money illegally.

Once Wanta was released from jail, he began a quest to recover the money against enormous odds and a level of corruption called by financial observers as the "biggest bank heist in the history of the world."

Although the incredible details of Wanta's patriotic search for trillions is too long and complicated for this short article, the story supposedly had a quasi-ending when the written settlement in May, assisted by two federal court judges, was entered into for the repatriation of \$4.5 trillion.

However, when Wanta became alarmed by long delays, he gave officials until July 31 to release the money, saying this publicly on Greg Szymanski's radio show, The Investigative Journal, and confirmed by Michael C. Cottrell, treasurer of his AmeriTrust Groupe, Inc., the company established to return the money to the people in the form of an immediate \$1.575 trillion in federal tax money and the balance of the money set aside for improving the bewildered American economy.

Furthermore, when the July 31 deadline came and went, Wanta vowed to take all steps necessary to recover the money and as this story went to publication, Cottrell said "we are moving forward," remaining

confident in the final goal, which is full and final receipt for the money due Ambassador Wanta .

Besides the \$4.5 trillion settlement, financial observers claim the Wanta saga is the tip of the ice berg, revealing a vast war chest of more than \$300 trillion used by the New World Order, headed up in America by Bush Sr.

Coincidentally, this amount was even confirmed by Bush Sr. in the federal court room of Judge Deborah Batts in 1989 when arrogantly stood up in front of lawyers and said when confronted with the possibility of the exposure and elimination of his illegal cash cow, the Federal Reserve:

"Over my dead body will this ever happen and I have a \$300 trillion dollar war chest to fight it."

Although no firm time frame has been set for the resolution of the Wanta matter, observers claim next week is a critical period to watch.

Further, observers say to watch for "the bigger picture" as the Wanta's exposure of the misuse of trillions of offshore money could have reverberations worldwide leading to a possible shake-up in the Federal Reserve banking system and a round up to justice of many high level officials who have been illegally using trillions of dollars behind the backs of the American people and the people of the world.

However, while the officials do their financial wrangling, let's look at a sampling of emails, only a handful of thousands sent to Arctic Beacon by average Americans made aware of what has been called one of the most important stories in American history:

From **Windsong** in California:

I have been following this closely because of some mention of it on a forum I read quite often. I admire Ambassador Wanta for standing for truth and not being moved by people that have the power and influence on their side. It seems he is up against impossible odds. So I suppose my question is this, in light of the government's refusal to sign off on this, what is Wanta able to do? I hope all are exposed that are to blame for this, but other than that what leverage does he have. My prayers are with him.

From **Loretta Weston** in Arkansas:

I am editor for a small independent family-oriented newspaper in Arkansas USA interested in reporting on the Leo Wanta story. We are an all-volunteer staff where all funds go directly to printing/postage costs. However, we want to help spread the word to our over 4000 loyal readers in the US & Costa Rica. How can we get access to the full articles on your web site?

From **Garrett Seick** in Washington state:

For my part, I have contacted several journalists, editors and elected officials (WA) and Senate & Congressional Committees (Budget, Finance, etc). The responses/replies received from media-types indicated personal agreement that this issue needs exposure, but that it was outside the "scope" of the publication, or that it was too big to handle. On the elected official side - mostly standard-fare like this from Washington State Senator Patty Murray: (note: my reply to her response appears first)

Senator Murray

, All due respect, Ma'am. Thoughtful deliberation?... How about action on this issue! Come on, Senator! Get educated about it & bring this to the public eye. If not, you've been duly informed & will go down in history as complicit! Please, take action on this issue & help save America - land of the free (?) & home of the BRAVE.

Dear Mr. Seick:

Thank you for contacting my office. Your thoughtful comments regarding Leo Wanta are greatly

appreciated. Representing the state of Washington in the United States Senate is a solemn responsibility, and matters which come before this body must be decided not in haste, but through thoughtful deliberation. I believe that one of the most cherished aspects of this process is the regular exchange of hopes, thoughts, ideas and dreams between elected officials and their constituents. These relationships of participatory democracy make up the best parts and are often the fondest memories of a public servant's career. Please be assured that I will keep your views in mind. Again, thank you for your comments. I hope you will stay in touch. Sincerely, Patty Murray United States Senator

From **Jeanette Woodward-Partridge**:

I wrote you the other day about my fear that if this government got a hold of \$27.8 trillion dollars the world would be a nuclear graveyard in short order. I had an idea and I was wondering if you could run it by Ambassador Wanta next time you speak to him. Could these funds be divided among the LEGAL citizens of the US? That is every U.S. citizen, native or naturalized would get an equal share. Can you imagine how that would effect the economy of the world?! I'm so concerned about that money falling into the clutches of the powers that be that as I said I'd rather see it destroyed than to help fund the annihilation of the planet.

From **Don DeHaven**:

I have been e-mailing this story to my e-mail list and I have asked that they do the same. My list covers many states and in turn as it gets passed on many more states. I have also e-mailed Congressional reps as to my demands. I know that many on my list have done like wise. Keep up the work and please tell Mr. Wanta that he is not alone. The revolution has started and as many more Americans wake up to the criminal elements in government many more will be involved.

Vatican Lawyers Claim Nazi Regime Violated No Laws in Genocide of 500,000 Serbs and Jews

A November hearing is set in Federal Court in the ongoing lawsuit of Alperin v. Vatican Bank. The Vatican Bank stands accused of post war laundering of genocide profits.

10 Aug 2006

By Greg Szymanski

Vatican lawyers, including Pope Benedict's personal attorney, recently argued that genocide committed in Croatia during the Second World War by a Nazi regime with complicity by the Papacy was permissible under international law.

The outrageous argument was part of a motion in the ongoing lawsuit of *Alperin v. Vatican Bank* set for a hearing in November in Federal Court in San Francisco.

Vatican attorneys are seeking a dismissal, saying the Vatican Bank is immune because the Nazi backed Croatian regime did not violate international law by slaughtering 500,000 of its own citizens - Serbs, Jews, and Roman in an ethnic cleansing campaign.

"The Vatican Bank stands accused of the post war laundering of the profits of genocide, including dental gold taken from the victims of the Nazi backed Croatian regime known as the Ustasha," said Jonathan Levy, attorney for the victims.

"We are outraged that the Vatican Bank suggests that genocide and plunder are permissible acts under international law."

Levy further questions whether the Pope is even aware of what defense the bank's attorneys are proposing, adding:

"On the one hand the Vatican is quick to condemn Israel and Serbia in recent years but in essence says it's OK to butcher 500,000 people, steal their belongings and stash it in the Vatican Bank. Pope Benedict should be concerned that the moral integrity of his Papacy is being undermined in a Federal Court."

According to Levy, *Alperin v. Vatican Bank* was originally filed in Federal Court in San Francisco in November 1999. The plaintiffs are concentration camp survivors of Serb, Jewish, and Ukrainian background and their relatives as well as organizations representing over 300,000 Holocaust victims.

The plaintiffs also seek an accounting and restitution of the Nazi Croatian Treasury that according to the U. S. State Department was illicitly transferred to the Vatican bank and other banks after the end of the war.

Named defendants currently include the Vatican Bank, Franciscan Order, and the Croatian Liberation Movement. Levy said these defendants combined to conceal assets looted by the Croatian Nazis from concentration camp victims, Serbs, Jews, Roma and others between 1941-1945.

Levy is also quick to point out the heart of the Vatican Bank lawsuit is based on information chronicled in the book, *The Secret War Against the Jews*, co-authored by John Loftus who also serves as the plaintiffs expert witness in this case.

He added that from the authors of the bestselling, *The Secret War Against the Jews*, comes another explosive work, *Unholy Trinity*, exploring links between the Vatican and the Nazis, featuring startling new information that redefines the Catholic Church's role in twentieth-century history.

"I have filed another lawsuit, *Levy v. CIA*, filed under the Freedom of Information Act, seeking release of U.S. Intelligence agency files regarding the notorious Vatican spymaster, Fr. Krunoslav Draganovic. New records on Draganovic were released as a result of that lawsuit in 2001," said Levy.

Levy, who has appeared several times on Greg Szymanski's radio show, The Investigative Journal, is licensed in California and the District of Columbia, as well as having represented organizations and individuals in a variety of Holocaust and World War II related lawsuits including banking, insurance, and slave labor matters. Levy is also a member of the International Criminal Bar in The Hague.

Ohio Case Has Potential To Dismantle Bush Money Machine
Bill Maloof, former owner of Level Propane Co., being muzzled by corrupt Ohio and Bush officials.

7 Aug 2006

By Greg Szymanski

This explosive court case, the court pleadings which appear below, has the potential to dismantle the state and federal courts in Ohio, as well as Bush Sr. and Jr.'s money machine in Ohio. An evidentiary hearing set for Tuesday in front of Ohio Chief Judge Randolph Baxter seeks to strike and seal the evidence in the case of Bill Maloof, former owner of Level Propane.

Corrupt Ohio officials are now trying to cover-up the validity of Maloof's case, Simply put, his company was on the verge of exposing massive consumer fraud in the propane industry. He found that propane distributors had a deal with Oil refineries to sell propane contaminated with ethane, a by product of the refinery process that the industry can't sell and is expensive to dispose of in an effort to bypass pollution laws and contaminate the people.

"Anyway his company also had a technological advantage in distribution due a satellite based system which was proprietary," said a person close to the explosive case. "In 2001 Ohio's then Attorney Gen. Betty Montgomery initiated a consumer case against level for billing practices that Maloof implemented on advice of his counsel Squire Sanders and Dempsey.

"Malooof then settled those claims but it made his lenders nervous. He further was also falsely charged with child sexual abuse by Cuyahoga County prosecutor Bill Mason. He beat that charge when evidence arose that the case was fabricated against him (now expunged and sealed).

"Bill then sought advice from Benesch Friedlander Coplan and Aronoff a law firm in Cleveland to file a Chapter 11 to stave off the bank group that was getting nervous. Bill had two buyers for his company wherein he would have netted about \$150 million in 2002.

"Benesch unbeknownst to Bill was working with the Bank Group to take over the company. The Banks wanted level out of business due his marketing advantages (on verge of cornering propane market) and more importantly the massive exposure to their big Oil customers with the looming exposure of massive consumer fraud in the propane industry due selling of contaminated propane.

"Bill knew there was fraud in his case but could never really prove it. The Bankruptcy court appointed an Examiner in 2003 to inquire but that investigation was controlled."

However, recently Maloof filed a Motion to Vacate the bankruptcy case and a \$6,000,000,000 (Billion) fraud case against the Bank group in US Bankruptcy Court ND Ohio and US District Court ND Ohio.

Chief Judge Randolph Baxter then denied his Motion to Vacate in June 2006. Maloof then filed additional

evidence of fraud and evidence of collusion. The lawyers then filed a Motion for Sanctions saying its frivolous and asking Baxter to strike the evidence and seal it. That goes down on Tuesday.

His lawyer, however, says he expects the judge to seal this evidence because the judge is implicated along with the U.S. Trustee. His lawyer also claims Maloof can beat the system by posting the pleadings on the internet prior to the hearing.

The Banks in this case include the worlds largest Deutsch Bank and ABN Ambro. Similarly key law firms such as Greenberg and Taurig (Abramahoff's firm) are involved in this case.

Here are the pleadings for your legal-reading pleasure:

Americans and "People in the Know" Speak-Up About The Wanta Plan
Documentation abounds verifying \$4.5 trillion settlement; Arctic Beacon editor subject of veiled death threat by Bush Sr. camp.

7 Aug 2006

By Greg Szymanski

The *Leo Wanta* story has caused a flood of emails to the *Arctic Beacon* numbering in the thousands, from all parts of the globe, like a raging windstorm of financial shock and awe, disrupting business-as-usual among top heads-of-state and international bankers.

Let there be no mistake about it, *The Wanta Plan* is on the lips of the "people in the know" all over the world. The financial plan top officials are discussing represents the release of \$4.5 trillion in repatriated off-shore funds tampered with illegally by high-level U.S. authorities.

But it also must be emphasized the \$4.5 trillion owed to Wanta and his AmeriTrust Groupe is only the tip of the iceberg of a deeper problem involving trillions more in looted off-shore money, as well as shake-ups in the Federal Reserve banking system and the *Bretton Woods* system of international monetary management, which established the rules for commercial and financial relations among the world's major industrial states.

As one top financial onlooker who knows the importance of the implementation of *The Wanta Plan* said:

"If it is not honored shortly, it spells a total collapse of the worldwide banking system and, in turn, a collapse of economic proportions far worse than anything ever seen before."

While officials and bankers this week scramble to get their "financial ducks in order," let's look at what thousands of citizens from America and around the world have said in their emails.

More than 90 percent of the emails were supportive of Wanta's efforts to return trillions to the American economy while, at the same time, applauding his efforts for exposing massive financial corruption by Bush Sr. and Clinton.

Although impossible to print the text of all the emails, here is a typical example of someone backing Wanta's efforts:

I commend you on your hard hitting and excellent articles in an effort to get the Leo Wanta Story out to the public. I have sent your links and headlines to at least 40 people, and most of them have sent it on to their friends and relatives. I have also sent emails to every financial newsletter I get as well as our local media editors and reporters and asked why I have not seen this in their publications on the web or in print, or reported on their news broadcasts on TV and radio.

My next effort is in progress to get everyone I know to flood their Senators and Congressmen with letters, faxes or phone calls and DEMAND they answer for their part in this complicity

of silence to the American People. Thank You Again...and may you and Mr. Wanta be safe and protected through this whole cleansing of America about to happen! Enough is enough after 9/11, the "Patriot Act" bull and smearing our Constitution with their arrogance, it is a blessing to have Mr. Wanta lead the way to do what is right.

It is time for a massive change in this country's direction...and the media and Congressional body better sit up and take notice because their credibility is ZIP!! May every American get along side of him and pick up their pen or phone.

Keep up the great reporting!!

Like previously mentioned in the positive and negative Wanta response category, about 10 percent of those who emailed expressed disbelief, citing the extraordinary amount of money as being the biggest stumbling block in putting Wanta's story in the truth category.

Regarding a whole different batch of emails, categorized as the 'documentation category," about 70 percent of the people emailing were satisfied with the amount of documentation presented pertaining to the Wanta story, documentation found either on the internet or in other pertinent federal and state court documents available in the public record.

However, for the 30 percent expressing interest for more "docs," as they say, several emailers helped in that regard, bringing attention to the validity of the filing of the AmeriTrust Groupe, Wanta's incarceration in Wisconsin and a 2003 federal court case filed, verifying Wanta's legal trustor status of approximately \$27.5 trillion, a large portion of which has been documented by Wanta as stolen by operatives working for the Bush and Clinton anti-nationalist gang.

Further, the importance of Wanta's story lies in the meticulous documentation kept by Wanta himself, documents citing important bank accounts and offshore companies, including names of the individual parties involved in the massive bribery and theft ring.

For those, seeking that sensitive documentation, a portion of the stolen accounts amounting to \$743 billion has already been published in the *Arctic Beacon* archives in past stories. But the remainder of the evidence is in Wanta's possession, and that of other trusted members of his group, all standing ready to release it at the proper time, if necessary, to prove his case.

However, regarding the validity of the corporation, the *Arctic Beacon* has access to and has seen the incorporation papers of AmeriTrust Groupe, Inc. It is as follows:

AmeriTrust Groupe, Inc. (with a capital 'T' and an 'e' in Groupe) was registered in the Commonwealth of Virginia by the State Corporation Commission, Richmond, on 20th May 2004, as attested by the Clerk of the Commission, Joel H. Peck. Its Registered Offices are at Old City Hall, Suite 350, 1001 East Broad Street, Richmond, VA 23219, USA.

For those wondering about the illegal incarceration of Wanta in Wisconsin, the Arctic Beacon has in its possession many of the pertinent court documents verifying Wanta's accusations of illegal arrest and subsequent jailing. Further, a Wisconsin resident and former Viet Nam vet who personally contacted the Wisconsin state Corrections Dept. provided this proof of the case, as well as other interesting comments.

Prior to my contacting you, I confirmed a couple of facts about Leo Wanta/\$27.5 trillion case. I am a resident of De Pere, WI (just outside Green Bay, home of NFL Packer football team). A computer friend of mine tracked down Mr. Wanta's birthday of June 11, 1940 (Mr. Leo Emil Wanta exists); I personally called State of Wisconsin/Department of Corrections (Victim's Advocate confirmed). Mr. Wanta was incarcerated in 1995, paroled 2001 and discharged in 2004. I have a copy of State Bar of Wisconsin (2004?), Docket #96-I-888/Ruling Order, Leo E. Wanta/Chippewa Falls/WI v. WI Dept. of Revenue---Tax Appeals Commission. All confirms part of Mr. Wanta's association with Wisconsin. I plan a PR campaign in my area (simple format to reach residents, businesses, etc.). I used it in a local 2005 election. I cannot

afford a lot.

I am a 62 year old citizen and honorably discharged Vietnam-Era veteran who is not known for lying, etc. My question, since I have read many of your recent articles on this case, is there any other info other than what you published for my very soon PR door to door campaign could use or add. I plan to KISS (keep it simple stupid). My targets that should be targeted for inquiries are political: my US Congressman, Mark Green (running against Gov. Jim Doyle), and two Senators, Mrs. Kohl (up for re-election this year) and Feingold (Presidential candidate, 2008?) along with Gannet News Corp. (Green Bay-Press Gazette). My facts and this story implicates former Gov. Tommy Thompson (in bush's cabinet in Dept. of Health) is also implicated in this story. Thank you for your coverage, I hope all of us can make a contribution to return these funds to the rightful owners, the American people, and put forth to vitally needed infrastructure projects such as education, transportation. etc.

For those looking for documentation regarding the 2003 case by Federal Judge Gerald Bruce Lee, it has already been referenced in previous **Arctic Beacon** articles, acknowledging Wanta's legal trustor status of the \$27.5 trillion in a memorandum opinion. Although the case was dismissed on sovereign immunity issues for the defendants, which Wanta understood he couldn't overcome, he was smart enough to file the case in order to get official court verification of his status as legal trustor.

Again, an emailer helped out with the documentation of the federal case:

04/25/2003 17 ORDER AND JUDGMENT in accordance with the accompanying memorandum opinion, it is hereby ORDERED that defts the United States of America, et al.'s motion to dismiss is GRANTED, ORDERED that pltf Ambassador Leo Wanta's motion to amend complaint is DENIED. The clerk is directed to ENTER JUDGMENT in favor of the United States of America, John Ashcroft, Attorney General of the United States, Paul O'Neill, former Secretary of the Treasury, and George Tenet, Director, Central Intelligence Agency and against Ambassador Leo Wanta pursuant to FRCP 58. (signed by Judge Gerald B. Lee) Copies Mailed: yes [EOD Date: 4/28/03] (make) (Entered: 04/28/2003)

04/25/2003 18 JUDGMENT pursuant to the order of this court entered on April 25, 2003 and in accordance with FRCP 58, JUDGMENT is hereby entered in favor of the defendants USA, John Ashcroft, Paul O'Neill, George Tenet against Leo Wanta Copies Mailed: yes [EOD DATE: 4/28/03] (mcke) (Entered: 04/28/2003)

In the email category of "experts or insiders in the know," as well as those making contact by mysterious phone calls, they have come from two camps. As distinguished by Michael C. Cottrell, treasurer of AmeriTrust, there are at least two other trusts or groups like Wanta's seeking money that are legitimate, and at least two others of known record fraudulently posing as legitimate but actually "fronting" for Bush or Bush Sr., trying to use the money for nefarious purposes.

One such email or phone contact from what appears to be the legitimate group has contacted the **Arctic Beacon** and has provided what appears to be a wealth of inside information of the behind-the-scenes workings of how **The Wanta Plan**, as well as other monies, are being handled.

Another set of emails, which even appear to include a veiled death threat to the Arctic Beacon editor, has been determined and verified to a high degree to be from the illegitimate camp, fronting for Bush Sr., who has already ripped-off some of the offshore funds and is still in the process of trying to sway things in their dirty direction.

The following email, received with a batch of others from this dubious camp, is reprinted for the editor's safety, as well as to let readers understand the real dangers looming behind this story. It should be noted the names of those sending the emails, as well as copies of those emails, have been sent to three separate sources for independent investigation, as well as preparation for a lawsuit if the threats continue.

GREG, YOU ARE A VERY BRAVE MAN, I AM SURPRISED YOU ARE STILL WALKING AROUND, AND BEFORE YOU ARE POSSIBLY ELIMINATED, WOULD YOU SEND ME LEO WANTA'S EMAIL

ADDRESS OR HAVE HIM CONTACT ME ASAP. I HAVE A GOOD FRIEND IN RICHMOND, VA., WHO WILL COME AND SEE HIM HIS NAME IS (Blank), OR I WILL BE GLAD TO VISIT HIM MYSELF AND HIS GROUP. I WOULD LIKE TO KNOW HOW HE GOT TO BE THE TRUSTOR FOR (Blank) TRUST ACCOUNTS? AGAIN, ASK HIM TO CALL ME OR ASK HIM IF HE WILL EMAIL ME. YOU CAN GIVE HIM MY CONTACT EMAIL AND PHONE NUMBERS BELOW.

In the "media contact" category, The *Arctic Beacon* has been contacted by a handful of sincere journalists wanting to follow up on the story, including Michael Herzog, Jeff Rense, of course Christopher Story who has been working on the story for years, Lenny Bloom and an anonymous major network television reporter who wants to follow up in a sincere fashion, admitting the Wanta story "is explosive" and is the "real deal."

There of course have been a couple of pesky radio broadcasters and propagandized reporters, whose names will go unmentioned in order not to give them any unnecessary exposure or credence in a story above their capabilities, who have actually tried to stir the pot with unfounded accusations like "I have been researching the story for two days and it goes nowhere," as well as asking things like "Do Wanta and Cottrell really exist?" and adding there are "holes" in the founding of the corporation.

Others, in a more slanderous fashion (again their names will go unmentioned as they likely crave negative exposure) have called the story a "fraud and a scam," of course without proper investigation, indicating hasty and unfounded conclusions for ulterior motives yet to be determined.

In fact, one CNN entertainment producer, Todd Leopold, was so brash and arrogant, choosing to send libelous emails while saying the parties involved were "untrustworthy." However, later in a phone call with the *Arctic Beacon*, Leopold quickly apologized and recanted his statements, admitting he never researched the story or the parties involved before making such libelous statements.

Furthermore, the Arctic Beacon is providing the original documents of the AmeriTrust \$4.5 trillion settlement letters recently sent to President Bush and Henry M, Paulson, Jr., putting them on notice, as well as minutes of a recent AmeriTrust meeting detailing the intent to use \$4.5 trillion to benefit the American people.

Here are the letters and documents recently sent to Bush and Paulson. It might be added that if the letters were representing false settlements and demands, Wanta and the AmeriTrust Groupe would be subject to criminal and legal penalties of falsification, which has not been the case. Instead, the higher-ups involved understand full-well the validity of the AmeriTrust settlement, but they remain publicly silent while, at the same time, feverishly working behind the scenes on what has been called The Wanta Plan. However, the final outcome is yet undetermined but should be followed closely, for the future of America is at stake.

Some Said The Old "Wanta Horse" Couldn't Run But An Old Horseman Dropped Odds To 8-5 That He'll Cross The Finish Line First

Odds are dropping like flies in a hot summer Texas night that the Wanta money will be released before George W. has a chance to wipe the sweat from his brow while vacationing at his Crawford ranch.

5 Aug 2006

By Greg Szymanski

The Leo Wanta story draws the line between the good and the bad, the rich and the poor, drawing the proverbial line in the sand between the forthright adventurers searching for the truth and those underground rascals of Satan who just can't stand a good story when they read one.

And Leo's story has it all from CIA shenanigans, Daddy Bush stealing \$1 billion into a Panama account under Pilgrim Investments, Marc Rich escaping justice with the help of Wiley Coyote 'Billy Boy' Clinton, Vince Foster getting murdered in a Washington D.C park after delivering \$250 million to First Witch Hillary, Yitzhak Rabin trying to rescue Leo from a Swiss dungeon and being assassinated in 1995 and much, much, much, much more where greed fighting good is exposed every day, every hour, every minute of every blasted second until either hell really and truly freezes over or America and its beauty returns to a semblance of normality where people can go to a ball game not worrying whether the world is going to blow up or not.

Leo's story provides a colorful tapestry, a delightful American tale where all the cards get laid out on the table. Good cards, bad cards and all the bloody cards, even the one where Leo's partner in business died mysteriously 10 days after getting into a verbal scuffle over money in a Singapore Hotel with none other than Daddy Bush.

In fact, Leo's story is not only Daddy Bush's worst nightmare but a typical Las Vegas casino owner's nightmare since it's a story where the people actually win the money and the corrupt owners go home without even a pair of boxer shorts and a shirt on their back.

It's simply a story where everybody has to stop, take a deep breath and thank the good Lord above that there still exists a person like Leo, a honorable man in this crazy world who is still willing to fight the pocketbook of corruption instead of being just another dollar bill locked up in Bush's wallet having to smell his dirty farts every single night.

And with that thought, let's be glad we can still throw slings and arrows at our leaders without being thrown in jail because the intent and purpose of all the underhanded financial dealings Leo uncovered was to keep his fellow Americans from the globalist chains that are beginning to surround the beautiful American pastures where those who draw their milk from the udders of truth want to live in peace.

But in an effort to unravel the importance of the \$4.5 trillion pre-Christmas package about to be opened by the American people, of course, with the caveat of "God willing and the crick don't rise" let's view the

essentials to be understood in the Wanta story:

Repatriated Wanta Trillions

As we speak, \$4.5 trillion sits in a Bank of America account in Richmond, Va. according to credible financial sources close to the World Court, including Michael C. Cottrell, treasurer of Wanta's AmeriTrust Groupe, Inc.

June 30, 2006, Letter to President George W. Bush (full documentation in hands of Arctic Beacon)

The letter confirming, as reported by the International Currency Review "in writing that 'the U.S. Department of the Treasury, with the full working knowledge of the Chairman of the Federal Reserve Board, Dr Ben Bernanke et al [had] completed the necessary internal joint/compliance documentation, to release the \$4.5 trillion directly to AmeriTrust Groupe, Inc. [ATG]' to enable ATG 'to meet our corporate commitments in a timely manner'.

"The letter confirmed at the same time that despite the fact that the formal official paperwork had long been completed, the corporate Settlement funds had not been released. None of the parties concerned has ever disputed any of the documented facts of this matter, or the validity of the high-level signatures appended to the relevant documentation. Moreover the \$4.5 trillion was clearly earmarked for the benefit of Leo Wanta/ AmeriTrust Groupe, Inc. at all stages of the process."

The Intent of the Leo Wanta Settlement

For the direct benefit of the American people in the following manner:

Agreed by all parties negotiated on behalf of two federal court judges, Mr. Wanta and two rather obese and fatty law firms from New York and Georgia to the private settlement to prepay corporate taxes at 35% of \$4.5 trillion, netting the US Treasury clean funds worth \$1,575,000,000,000, and to prepay corporate taxes to the State of Virginia at the rate of 6% on the \$4.5 trillion, equating to \$270 billion, followed by regular corporate tax payments direct to the U.S. Treasury estimated by Leo Wanta at \$96 billion per banking day, once start-up operations have been executed. Secondary trading operations with U.S. counterparties would be likely to raise the total new inflow to the Treasury to \$200 billion per banking day.

The status as of today Re: Leo Wanta settlement:

Leo is moving forward to secure the funds despite 'Baby Bush' ordering the Fed, both failing to meet a July 31 deadline imposed by Leo after more than a 45 day delay when Bush evidently started scratching the underside of his Texas hot ass levis wondering what to do.

To read the specifics of this aspect of the story go to archives of www.arcticbeacon.com

The veracity of Leo Wanta

The real truth behind Wanta is the documentation of accounts and bank corruption which pins the tail on the donkey to high level officials and world wide bankers, all part and parcel of ripping off the American people. Here is just a smattering of more than \$2 trillion ripped off by Illuminati bankers and American politicians, including Daddy Bush and Clinton.

The following is summary of receipts identified in handwritten analytical notes performed by the distinguished US Secret Service Treasury agent, Leo Wanta, on some of the transactions involved in the giga-financing operation involving a colossal loan to the Illuminati from 200+ international banks of \$27.5 trillion, to finance the "Global Security Environment", a.k.a. the New Underworld Order, which is to be enforced by the United States as the sole enforcement, a.k.a. for the project. Sufficient funds were raised to bribe every policymaker, intelligence officer, ruler, Prime Minister, President and senior official for the

whole of the 21st century. This fund is now worth \$60-\$70 trillion at a minimum -- and with collateral leverage, probably far more.

Future of Wanta story

Leo is moving forward to secure funds needed for the betterment of the American people despite odds an old-time horse player put two weeks ago at 35-1 but now have dramatically dropped to 8-5 in worldwide financial circles, who never really thought the old Wanta horse could run.

Editor's Note: The ***Arctic Beacon*** has always and will always be at the forefront of the truth, in fact, fronting the truth for those Americans and those people abroad who rely on good people to stand up and speak.

Further, we applaud the few news people and loyal citizens who have stepped across the line and are willing to give Leo a fair shake. Those include Christopher Story, Jeff Rense, Michael Herzog, Lenny Bloom, Sherman Skolnick (deceased) and a correspondent of a major network who wishes to remain anonymous since this is his first lick at New World Order crap.

Also, when the money is released, which we are confident it will be shortly, we can all have a beer together and say a prayer that things continue to improve in the future.

As always, thanks for reading and this Editor is going to a Cubs game next week. Also, the Arctic Beacon's hero of the week, unrelated to news stories, is former Cubs third baseman Ron Santo, whose lifelong struggle against diabetes far outweighs his five Gold Gloves and his many All Star appearances, as well as making this boy's dream come true when we actually played catch together before an old time Chicago Cub game. Thanks Ronnie, and we will the pennant and World Series next year. Your loyal fan, Greg.

A Recap of the Explosive Leo Wanta Story and the Road to Find \$27.5 Trillion Dollars

Shockwaves heard in Embassies around the world as Globalist Trillion Dollar Slush Fund finally seeing the light of day despite U.S. media and government black out.

3 Aug 2006

By Greg Szymanski

Trying to get the *Leo Wanta* story published in an American newspaper or broadcast on a television station is like trying to fight a grizzly bear with pocket knife. And trying to get top U.S. officials to talk, those high ranking officials caught with their scummy hands in the trillion dollar cookie jar, is like trying to get a cheating husband to admit he used the mortgage money on a hooker.

But what's even more disturbing than watching the guilty parties squirm is that every member of the U.S. Congress, including the so-called friends of the patriot movement, are not even bothering to help the American people recover trillions and nab the criminals when, all of them know all too well, the Wanta story holds the key to the Illuminati's \$27.8 trillion dollar financial treasure chest.

Simply put, if they know about the Wanta story, they should do something about it. And if they say they don't know, they are either on the take or should leave Congress for being a blubbering idiot not capable of representing the people in a true and honest fashion.

So, in a nutshell, the sad story in America is highlighted extremely well by Wanta's efforts to repatriate \$4.5 trillion to revitalize the economy. And as incredible as it sounds it's a rather simple story of how Americans from the very top levels of power to the lower echelon covert idiot-operatives are selling out their country and their people for a piece of the illegal trillion dollar pie uncovered by Ambassador Wanta, a honorable man who refuses to bow down to the likes of the Bush and Clinton crime families.

Before updating the latest in the Wanta trillions, remember every reader and every citizen has one choice when it comes to this story, a story that is true, verifiable and correct beyond normal legal standards of truth. The one choice is as follows:

Be a true patriot and help America or be complicit in taking or allowing the criminals to steal trillions from the American people.

Now the latest in the Wanta story from at home and abroad:

▫ *Michael C. Cottrell and Ambassador Wanta* are pulling out all the stops and going after the full \$27.8 trillion after U.S. authorities have not honored a written settlement, fashioned by two federal court judges, to release \$4.5 trillion earmarked for the people on behalf of Wanta's AmeriTrust Groupe, Inc. There is no official word on Wanta's course of action to retrieve the money, leaving open all options including a federal law suit.

▫ **President George W. Bush**, Attorney Gen. Alberto Gonzalez, U.S. Treasury Secretary Henry M. Paulson, Jr., the entire Federal Reserve Board (controlled by foreign interests), Sen. Chuck Grassley, chairman of the Senate Finance committee, and Rep. Michael Oxley of the U.S. House Committee on Financial Services are all remaining with their thumbs sucking in their mouths, not saying a word.

▫ **Former President George H. Bush and President William Jefferson Clinton** are hoping the story goes away quietly as financial documents in Wanta's possession shows clearly they have embezzled billions from the American people, making them eligible for felony charges.

▫ **The entire propaganda fortress** of the American media, including quasi-alternative sources strategically located in Washington D.C. and elsewhere, are blocking the story with a Nazi-like fascist fist. Todd Leopold, a *CNN* entertainment producer, the only mainstream member commenting on the story in a widespread email, saying the government said Wanta is not who he says he is and there also exists a lack of trust worthiness involved in the **International Currency Review** and **Arctic Beacon**, the two main web sites covering the story. When confronted *via* telephone, Leopold backed off his comments, indicating he had never researched the story and was basing his opinion on government lies and false misconceptions about the truthfulness of many internet reporters. Further, he was told point blank to have people in the news department contact, the **Arctic Beacon** but the phones have remained silent perhaps because credible sources near the Wanta trillions have said some of the stolen trillion has actually been funneled to *CNN*.

▫ **Marco Saba**, an Italian financial investigator involved with the Organized Crime Observatory (OCO) in Switzerland, knows the validity of the Wanta story and had this to say after hearing Bush is blocking the \$4.5 trillion settlement: "I see a link between the Vatican (OPUS DEI) and the strange behaving of BOA. I see the OPUS DEI behind the BOA behavior. Two weeks ago a banker from OPUS DEI, Mr. Roveraro, was found dead - QUARTERED. Do you remember Sindona and Marcinkus? When the Vatican feared for the communists to gain power in Italy, they disinvested here and invested in the U.S. - also in many shares of BOA. See the story about the dead banker from Richard Owen in Rome <http://www.timesonline.co.uk/article/0,,3-2280543,00.html>.

▫ **Sources from around the globe** say the Wanta story is the hottest potato in every foreign embassy from Singapore to Paris, as the French are very interested in the story as they are due an estimated \$5 billion of the Wanta funds held up by Bush, who still must be convinced, like a card player caught cheating, the trillion dollar Illuminati booty and the **Wanta Plan** are now common knowledge amongst "the people in the know."

▫ **Finally, Christopher Story**, the only British financial journalist covering the explosive Wanta story, has provided this August 2, 2006, a most revealing commentary, which strikes a hard-hitting and resounding note being heard worldwide about the implications of President Bush's criminal act of withholding the trillion dollar Wanta settlement. Story has appeared numerous times on Greg Szymanski's radio show, The Investigative Journal, and his most recent commentary on the Wanta story is reprinted below for convenience or can be found at www.worldreports.org.

ON 1ST AUGUST, TWO ATTEMPTS WERE MADE TO STEAL THE \$4.5 TRILLION OF FUNDS DESTINED FOR ACCOUNT OF AMBASSADOR WANTA AND HIS AMERITRUST GROUPE, INC.

A NUMBER OF EARLIER ATTEMPTS WERE REPORTEDLY MADE TO STEAL THE FUNDS FROM 14TH JULY ONWARDS. NONE OF THE ATTEMPTS HAVE BEEN SUCCESSFUL.

ALL ATTEMPTS TO STEAL THE \$4.5 TRILLION SO THAT IT 'DISAPPEARS' ARE BEING MONITORED BY THE U.S. DEPARTMENT OF JUSTICE, AND NOTIFICATION OF THESE SUCCESSIVE ATTEMPTS IS BEING MADE DIRECT TO PRESIDENT GEORGE W. BUSH.

THE FUNDS HAVE NOT BEEN STOLEN, AND CANNOT BE STOLEN: BUT THESE REALITIES ARE NOT PREVENTING ATTEMPTS BEING MADE TO STEAL THEM.

ALL HIGH-LEVEL U.S. GOVERNMENT AND CABINET OFFICIALS, FROM THE PRESIDENT OF THE UNITED STATES, THE CHAIRMAN OF THE FEDERAL RESERVE BOARD, THE U.S. ATTORNEY GENERAL, AND THE HEAD OF THE INTERNAL REVENUE SERVICE (IRS) DOWNWARDS, WHO ARE AWARE OF THESE CRIMINAL DEVELOPMENTS, ARE DE FACTO ACCESSORIES TO THE FACT

AND ARE VULNERABLE TO MISPRISION OF FELONY AND CO-CONSPIRACY CHARGES.

PREVIOUSLY, THE CROOKS CONCERNED WERE ACCUSTOMED TO STEALING FUNDS IN WHAT THEY THOUGHT WAS PITCH DARKNESS, WITH NOBODY WATCHING THEM.

NOW THEY ARE DOING IT WITH THE SPOTLIGHT TRAINED ON THEM, IN BROAD DAYLIGHT - A SURE SIGN OF ARROGANCE AND DESPERATION.

The Bush White House, the US Federal Reserve, the US Attorney General, the Internal Revenue Service, the Supreme Court, senior US legislators, and the corrupt US intelligence community - a self-financing 'state within the state' which is impervious to criticism, contemptuous of democracy and the American people, and both in control and out of control - have also jointly and severally destroyed what remained of the concept of the 'Full Faith and Credit of the United States'.

U.S. OFFICIAL UNDERTAKINGS NOW REGARDED ABROAD AS BEING WORTHLESS

The Rest of the World has now finally understood that no undertaking by any of these parties has any validity, in the same way that Leninist agreements were worthless because Lenin taught that all agreements with 'the Bourgeoisie' could be reneged upon whenever it suited the World Revolution to do so. The United States is now a Leninist state, following Leninist principles of state deception to the letter. Leninist behaviour typically devolves ultimately to outright criminal activity: that is the condition to which the US Government and its structures have sadly descended.

In November and December last year, lawyers acting for the authorities on the one hand, and for Ambassador Leo Wanta on the other, reached a compromise agreement under which this great American patriot was to receive \$4.5 trillion from the vast store of funds of which he is the Trustor, corralled at the end of the Cold War on Presidential instructions.

Under the accord, Leo Wanta's corporation, AmeriTrust Groupe, Inc., registered on 20th May 2004 in Virginia (1), would pay 35% of these funds direct to the U.S. Treasury, a further 6% to the State of Virginia, and very substantial ongoing windfall payments to the Treasury - arising from on-balance sheet trading operations, and projects intended for the benefit of the American people.

The Wanta Plan would accordingly reverse the pernicious escalation of off-balance sheet trading indulged in by the 'state within the state', which enriches large numbers of dubious intelligence and financial intermediaries, a large proportion of whom are engaged in systematic tax evasion.

At the same time, The Wanta Plan would assist compromised international financial institutions, which have annexed, collateralised, cross-collateralised and hypothecated Wanta's funds for their own benefit, as co-conspirators with crooked US intelligence cadres - having accepted as valid the CIA's deliberate lie that Ambassador Leo Wanta was dead, so that the funds would never be called [see preceding reports at www.worldreports.org: Home Page/Archive].

U.S. PARTIES APPEAR TO HAVE NEGOTIATED IN BAD FAITH

The Wanta Plan was scheduled to have entered into operation many weeks ago. But instead of meeting their legal obligations, the official parties concerned revealed that they negotiated in bad faith and have failed to deliver.

After the funds were illegally transferred by the Federal Reserve, which had itself been holding them illegally, into the hands of the Chairman of Bank of America, who is not the owner of the funds, it became clear that criminalised elements of the Government, intelligence and banking structures seemed intent on continuing to play fast and loose with these monies - risking the integrity of the U.S. Government itself, and thereby jeopardising the viability of not only the U.S. dollar system, but also of the entire world financial infrastructure.

International finance and therefore global economic welfare depend crucially upon confidence. By reneging on their obligations in respect of the crucial Wanta Settlement, the White House and its co-

conspirators have signalled to the entire financial world that they all prefer to scam like common Chicago gangsters, rather than to behave with appropriate integrity and regard for the stability of the international financial system.

Not surprisingly, the price of gold rose sharply as soon as it was realised around the world that the deadline for the Wanta Plan Settlement - close of business on 31st July - had passed, and that the US Government had annexed the funds and reneged on its undertakings.

The gravity of this situation and its adverse implications for the US dollar and the international financial system cannot be overemphasised.

SETTLEMENT OF 'THE WANTA PLAN' HIJACKED BY THE PRESIDENT

Already, by the third week of July 2006, it had been confirmed that elements of the U.S. structures had, as is usually the case, dealt treacherously with Ambassador Leo Wanta, using him as bait in that the formal agreement, approved by President George Bush, the U.S. Treasury, the Supreme Court, senior legislators, the Federal Reserve System and other prime parties, had been hijacked by the President himself, aided and abetted by the Chairman of the Federal Reserve, Dr Ben Bernanke - who, according to The Wall Street Journal [26th July 2006] saw fit suddenly to publish details of his assets, which he gave as just \$2.5 million at the end of 2005.

Since Dr Bernanke is/has been a co-conspirator and an accessory to the fact of gigantic financial, fraud 'as we speak', the publication of this 'information' was considered by informed observers, shall we say, to be extraordinary. For when it transpires (see below) that Dr Bernanke may have himself accumulated vast off-balance sheet profits which could hardly be reported for taxation purposes without exposing his part in the rackets described herein, there will be a benchmark on the record, against which his hidden accruals can be measured. How stupid is that?

The Wanta Plan represented a compromise which was intended to meet outstanding obligations to Ambassador Leo Wanta dating back to the early 1990s, while sidestepping the obstacles that would arise if the full principal, which the US Treasury has verified as amounting to \$27.97 trillion (excluding accruals), were to be disgorged plus accruals by the international banks holding them offshore - in favour of Leo Wanta and his corporation.

Pursuant to the Settlement agreement, reached in principle in November 2005 after Leo Wanta had resurfaced and signed off in December, then finalised this year, monies totalling \$4.5 trillion were duly transferred across the exchanges and delivered to a central institution in the United States during May and June 2006, directly causing the financial market disturbances so widely reported upon and discussed at the time.

Financial journalists all failed to identify the cause of the disturbances, and typically engaged in uninformed and idle speculation as to the factors concerned. Even as late as early August, not a single financial journalist from the Financial Times or from any other outlet had bothered to contact the Editor of International Currency Review for assistance with what can only be described as the biggest public domain financial story, and crisis, in world financial history. Without exception, these journalists and media are in dereliction of their duty to report what is happening.

PRIVATE FUNDS BELONG TO AMBASSADOR LEO WANTA, AND TO NO-ONE ELSE

The private funds that were repatriated, taken from the \$27.97 trillion, do not belong to the Bank of America or its Chairman, do not belong to the US Government, do not belong either to the Federal Reserve, do not belong to the American Treasury, and do not belong of course to the President of the United States or to any other party whatsoever, other than to Ambassador Leo Wanta and to his financial business corporation AmeriTrust Groupe, Inc.

Moreover on 30th June 2006, Leo Wanta, in a letter to President George Bush Jr., confirmed in writing (not that this was even necessary) that 'the US Department of the Treasury, with the full working knowledge of the Chairman of the Federal Reserve Board, Dr Ben Bernanke et al [had] completed the

necessary internal joint/compliance documentation, to release the \$4.5 trillion directly to AmeriTrust Groupe, Inc. [ATG]' to enable ATG 'to meet our corporate commitments in a timely manner'.

The letter confirmed at the same time that despite the fact that the formal official paperwork had long been completed, the corporate Settlement funds had not been released. None of the parties concerned has ever disputed any of the documented facts of this matter, or the validity of the high-level signatures appended to the relevant documentation. Moreover the \$4.5 trillion was clearly earmarked for the benefit of Leo Wanta/ AmeriTrust Groupe, Inc. at all stages of the process.

'FULL FAITH AND CREDIT OF THE UNITED STATES' JEOPARDISED BY RECKLESS BEHAVIOUR
By appearing to renege on the agreement, the President of the United States and the Chairman of the Federal Reserve had therefore called into question the reliability of ANY undertaking signed by any of the parties concerned, from the President of the United States, the Chairman of the Federal Reserve Board, and the Treasury Secretary, down. The 'Full Faith and Credit of the United States' has been jeopardised and called into question. The Federal Reserve has in any case acquired for itself a dubious reputation for corruption and for unreliability, ever since it played similar cynical games with the original \$27.97 trillion in 1989-92.

Because of that experience, most institutions around the world recognise that the Federal Reserve is an institution which cannot necessarily be relied upon to meet its legal obligations.

Ironically, Hank M. Paulson Jr., the highly qualified and newly appointed Secretary of the Treasury - successor of the previous Secretary, John Snow, who appeared to have been unable to 'take the heat in the kitchen', and may also have allowed himself to be compromised - has done everything he could from the moment of his appointment to pressurise his colleagues at the Fed and also at Cabinet level to fulfil their undertakings and to complete the Settlement.

Not only had Mr Paulson found himself, all of a sudden, at the receiving end of unprecedented domestic and global pressure for the compromise Wanta accord to be consummated, but he will also have realised that he, as head of the U.S. Treasury, might prospectively have become an accessory to the fact and a co-conspirator to defraud Ambassador Leo Wanta, AmeriTrust Groupe, Inc., the United States, the Treasury itself, the American people, etc - an unpleasant situation for such a distinguished man to find himself in, after a successful career at one of the world's leading financial institutions.

One can imagine his chagrin at having had the ground so savagely cut from beneath his feet by the President who enticed him from his lucrative Wall Street post, only to hand him such a poisoned chalice immediately upon taking office.

ALBERTO GONZALES, ATTORNEY GENERAL, IS DEAF AND DUMB: MISPRISION OF FELONY
Another of Mr Paulson's colleagues, Alberto Gonzales, the U.S. Attorney General, who is fully informed about this combined financial and constitutional crisis, had remained, by late July, both deaf and dumb, and was failing to fulfil his oath of office, which requires him to uphold the Rule of Law. To begin with, this official is glaringly in breach of the USC Title 18 [Part 1, Chapter 1, Section 4] provision, derived from English Common Law, labelled 'Misprision of Felony', whereby 'Whoever, having knowledge of the actual commission of a felony cognisable by a Court of the United States, conceals and does not as soon as possible make known the same to some judge or other person in civil or military authority under the United States, shall be fined under this Title or imprisoned not more than three years, or both'.

So here we have a United States Attorney General who has full ongoing knowledge of high crimes and misdemeanours (see below) who, as of late July, was conspicuously failing to enforce the law, was not standing up to his boss, and lacked the guts to resign his post - which, to be frank, was the only course open to him if he, too, wished to avoid ultimately being 'taken down', to use the cynical standard U.S. intelligence jargon for the consequences of criminality.

In fact all those responsible for this state of affairs were allegedly conspiring to defraud not only AmeriTrust Groupe, Inc., and Leo Wanta, but also the Treasury, the United States, and therefore the

American people. The penalties for such conspiracy to defraud in the United States are extremely severe, with RICO penalties ranging from three times to seven times damages (in some instances).

ACCESSORIES AFTER THE FACT AND CO-CONSPIRATORS TO DEFRAUD

Under Title 18, Crimes and Criminal Procedure, Part 1, Crimes: Chapter 1, General Provisions, it is laid down under the heading 'Accessory after the Fact' that: 'Whoever, knowing that an offense against the United States has been committed, receives, relieves, comforts or assists the offender in order to hinder or prevent his apprehension, trial or punishment, is an accessory after the fact. Except as otherwise expressly provided by any Act of Congress, an accessory after the fact shall be imprisoned not more than one-half the maximum term of imprisonment or [else] fined not more than one-half the maximum fine prescribed for the punishment of the principal, or both; or if the principal is punishable by life imprisonment or death, the accessory shall be imprisoned not more than 15 years'.

All concerned, including prospectively the new US Treasury Secretary, were and are actually or prospectively vulnerable to prosecution under this and associated Statutes. For his part, the new U.S. Treasury Secretary was, of necessity, working conscientiously day and night, to resolve the situation, in order to avoid falling into this trap himself - and also because of his understandable desire for the Treasury to reap the genuine cash on-balance sheet benefits which were to accrue from the delayed Settlement, now known (since the G-8 Meeting) as The Wanta Plan.

Mr Paulson, too, was prospectively caught by the 'Misprision of Felony' law [USC Title 18, Part 1, Chapter 1, Section 4], and will further have been cognisant, naturally, of the Provisions of the Organized Crime Control Act of 1970, and of the looming threat of RICO indictments.

These and other provisions of law, including the felonious implications of conspiring to prevent a taxpayer from paying the taxes he is required by law to remit, are applicable to holders of the highest offices, past and present, from the current President of the United States down.

FALSE 'TRANSACTIONAL IMMUNITY' AND TAX EVASION

Some smart fellows have erroneously alleged that those engaged in trading the \$4.5 trillion which should long since have been credited for the account of Ambassador Leo Wanta and AmeriTrust Groupe, Inc., were protected in some way or another by some form of 'transactional immunity'.

This is a concept applicable to a person who is required to testify before a Grand Jury and who may consider, or whom his lawyers may consider, might be placed in jeopardy should he/she have been obliged, for instance, to conduct illegal transactions while performing his/her duties in accordance with a superior's instructions. However 'transactional immunity' can never apply to someone who is knowingly engaged in fraud or other felonies.

For the little local difficulty that these 'smart fellows' appear to have collectively overlooked is the fact that, under the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) et seq., the US Internal Revenue Service taxes the global income of all American citizens, which of course means that off-balance sheet accruals are all taxable. Failing to declare such accruals to the Internal Revenue Service is tax evasion, for which the statutory penalties are exceptionally severe, including long imprisonment, a requirement to pay the tax evaded, and massive additional penalties.

And all the illegal transactions that have typically been conducted off-balance sheet behind the scenes, and that were taking place with Leo Wanta's \$4.5 trillion as this issue went to press, were all taxable. Nor will the crooks and conspirators concerned have been intending to pay any taxes.

Whatever immunity, therefore, these people might have thought that they may somehow enjoy - and Christopher Story, the Editor of International Currency Review is advised that it is either legally unreliable, non-existent, or all of the above - they enjoy no immunity in respect of their serial failure to pay tax on off-balance sheet operations. And it is in this context that all concerned are liable to be charged with tax fraud - on a scale with no historical precedent.

Nor of course will any of the high-level and intelligence criminals, traders, individuals and crooked lawyers be inclined to divulge their off-balance sheet transactions, in order to meet their taxation obligations - since not only did they never intend to pay any tax at all to the U.S. Government, but divulging such operations would expose them immediately to criminal charges for stealing funds belonging to another party for self-enrichment purposes, as well as for tax evasion. Therefore, the writing is well and truly visible on the wall, in full Technicolor, for these crooks.

And yet, despite these storm clouds gathering over the crooks' heads, the position in early August was that Leo Wanta's funds had been hijacked and were being traded illegally under the control initially of the Chairman of the Federal Reserve Board, Dr Ben Bernanke, and President George Bush Jr. Later, when it got much too hot for Dr Bernanke, they were allegedly transferred into the custody of the Chairman of Bank of America, who does not own the funds either.

Quite incredibly, people 'working for' George Bush Sr. had even approached Michael C. Cottrell M.S., Executive Vice President and Treasurer of AmeriTrust Groupe, Inc., to express their urgent desire for The Wanta Plan to be implemented without further delay. This suggested that there is a split between Bush Sr. and Bush Jr., and that Bush Sr. may even be prepared to sacrifice his son in order to provide himself with some degree of protection against the wrath to come (too late). Or else Bush Sr. has been engaged in his usual sophisticated 'smokescreen' deception tactics.

DEALING HONESTLY AND TRANSPARENTLY IS FOREIGN TO THESE OPERATIVES

The details of the Settlement were reconfirmed at a joint intelligence meeting under which Leo Wanta agreed to prepay corporate taxes at 35% of \$4.5 trillion, netting the US Treasury clean funds worth \$1,575,000,000,000, and to prepay corporate taxes to the State of Virginia at the rate of 6% on the \$4.5 trillion, equating to \$270 billion, followed by regular corporate tax payments direct to the U.S. Treasury estimated by Leo Wanta at \$96 billion per banking day, once start-up operations have been executed. Secondary trading operations with U.S. counterparties would be likely to raise the total new inflow to the Treasury to \$200 billion per banking day.

So, instead of dealing honestly and in an above-board manner, as Michael C. Cottrell M.S. and Leo Wanta have invariably done (to the Editor's certain knowledge and satisfaction), the President of the United States, the Chairman of the Federal Reserve and the other official co-conspirators and accessories to the fact of this giga-corruption scandal, were reported in late July to be presiding over the illegal trading of the \$4.5 trillion, with a view to duplicating or triplicating the funds.

Given the fantastic fiat money techniques being exploited off-balance sheet, it was possible for those concerned to do this very rapidly, earning an initial, say, \$300 billion a day, and soon arriving at another \$4.5 trillion. Those concerned would then bank on keeping these funds, either to back-fill black holes in, perhaps, the accounts of the already ransacked U.S. Government-Sponsored Enterprises, and then probably 'creating' a further \$4.5 trillion, which they would then keep and on which, they would intend, no taxes would ever be paid.

When the pressure for consummation of The Wanta Plan became insupportable, they would then authorise delayed settlement, or not as the case may be. In the case of settlement, they would hope that the bad publicity that was swamping them, would 'dissipate' and 'go away'.

SPOTLIGHT TRAINED ON THE CRIMINAL CADRES, TO THEIR COLLECTIVE AMAZEMENT

Unfortunately for these serial crooks, this is not going to happen. This is because the spotlight is now well and truly trained on these people. On 26th July, the Editor commented to Leo Wanta that he could not understand how the perpetrators of these financial crimes had the gall to continue trading illegally with funds that did not belong to them, while the spotlight was pointed straight in their faces. He replied that certain of those concerned may have been unaware of the spotlight; while a comment heard separately from another source was that the arrogance of these people is so great, that they are contemptuous of anyone who is 'not one of them'.

They are also, many of them, now extremely alarmed. On the very same day, your correspondent took part

in a conference call with one of the past perpetrators of such frauds, and formed the impression, from the cynical and listless tone of this man's voice, that he may be in fear of his life.

And that may apply to a considerable number of these crooks, who may at long last come to regret their serial greed, carelessness and complacency over the years.

U.S. TREASURY FULLY AWARE OF THE WHEREABOUTS OF THE ORIGINAL \$27.97 TRILLION
Another extraordinary irony of this crisis was that the Treasury was authoritatively reported to have full knowledge of the whereabouts of Ambassador Leo Wanta's original financial assets, plus the vast accruals. According to the impeccable source in question, the aggregates were as follows:

o \$4.5 trillion, identified as belonging to Leo Wanta/ AmeriTrust Groupe, Inc., was 'on the books'. This amount was characterised as 'equitable' by way of settlement, given the quite extraordinary magnitude of the services rendered to humanity by Leo Wanta, and the scale of his operations and work for the United States in the past.

o \$8.7 trillion was 'in the US dollar system', i.e. on the dollar books at the big banks. The locations of all the amounts adding to this total were known. And the funds were reportedly not being moved.

o \$14.6 trillion remained offshore, to be collected. Much of this has been collateralised, cross-collateralised, and otherwise tied up by institutions that believed the CIA's lie that Leo Wanta was dead - and will be liable to cause the holding banks severe liquidity, if not solvency, problems, when called, as was scheduled to start happening from the beginning of August.

These amounts total to \$27.8 trillion, but this is a rounded figure, and the aggregate, minus the accruals, as noted, is authoritatively stated to be \$27.97 trillion, taking account of some accrued interest. The estimated total current value of the funds is of the order of \$70 trillion.

WANTA'S CORPORATION HAS NOT TAKEN ECONOMIC RECEIPT: FUNDS HELD ILLEGALLY
But because Leo Wanta/ AmeriTrust Groupe, Inc., had not, as of 2nd August 2006, taken economic receipt of the \$4.5 trillion specifically assigned to them by legal contract and by the authority of the President of the United States, the Secretary of the Treasury, the Supreme Court, the Chairman of the Federal Reserve, and senior US legislators, the funds were being held illegally, and the rightful owner(s) of the funds were being prevented from paying the taxes which Leo Wanta agreed and is contracted to pay direct to the Treasury - and which the high-level authorities concurred that he and AmeriTrust Groupe, Inc., must pay, under the Settlement.

By definition, those holding up the Settlement were therefore accessories to the fact of fraud and theft, and were also co-conspirators against the owners of the funds, the U.S. Treasury, and the American people - and were increasingly vulnerable, with every single day that passed without the Settlement being consummated, to the most severe consequences.

Further, given confirmed knowledge that the \$4.5 trillion owned by Leo Wanta and his corporation were being illegally traded, and furthermore that the primary operative doing the trading, when requested by the Treasury to cease and desist, had point-blank refused to do so, the fraud was being compounded because illegal profits were being booked off-balance sheet with no intention on the part of the perpetrators to pay taxes on the accruals generated from the trading.

This represented an additional layer of fraud - against the Treasury; and since such transactions were being monitored, not least by the U.S. Treasury itself, the perpetrators were vulnerable to parallel fraud actions, as we have seen, for tax evasion. It is up to the Internal Revenue Service to follow this up; and if it fails to do so, its own senior officials will likewise become accessories to the fact and co-conspirators in respect of the fraud against the Treasury, the U.S. taxpayer, and on this count as well, the American people and the United States generally.

'THEY SEEM TO RELISH EXTENDING THE ROPE BY WHICH THEY ARE HANGING THEMSELVES'

Leo Wanta/AmeriTrust Groupe, Inc, are separately in a position to take legal action for gargantuan damages against the President of the United States, the Chairman of the Federal Reserve Board, the U.S. Treasury (despite Mr Paulson's conscientious good offices) and all the other high-level parties to the Wanta Settlement - not least because under the Law of Reliance, Leo Wanta and his corporation were entitled to rely upon the parties to the Agreement to fulfil their undertakings so as to enable them in turn to fulfil their legal commitments as taxpayers to the U.S. Treasury.

In other words, the more closely the legal position is considered, the more devastating did the remedies becoming available to the Ambassador and his corporation appear to be.

And considering that the Internal Revenue Service was well aware of the frauds that were being committed against the IRS in respect of the non-payment of tax chargeable on the hidden off-balance sheet accruals that were being generated illegally using the Ambassador's funds, the prospects of a quiet life for ALL those concerned - from the President, the Director of Central Intelligence, the head of the National Security Agency, the Chairman of the Federal Reserve Board, the Attorney General, and the various senior officials and legislators, and their intelligence co-conspirators, downwards - was vanishing day by day, the longer this scandal continued.

As several knowledgeable sources told the Editor in late July: 'They seem to relish extending the length of rope by which they are in the process of hanging themselves'.

PENALTIES FOR SUCH CRIMES IN WARTIME ARE HISTORICALLY EXTREME

Moreover, the United States is at war. In wartime, the penalty for such illegal operations is much more severe than is the case in peacetime. U.S. penalties, for tax evasion, for instance, are brutally severe whether in time of peace or war, and are much more so than in the more benign United Kingdom. During the Second World War, aberrant U.S. bankers were taken out and shot.

Hence the Editor was being advised in late July that it was no exaggeration to suggest that the perpetrators of these frauds might face the extreme penalty. It was also being said that when President Bush ceases to be President, the problems he will face will be horrendous - perhaps tempting him to try to implement the idea that was clearly at the forefront of his mind during the 2000 election campaign, when he said that it would be so much easier if the United States were a dictatorship, so long as he was the dictator.

The misuse and theft of funds is quite rightly considered to be a crime for which the most severe penalties are mandatory. In fact the way our precarious so-called civilisation is structured, every aberrant and reprobate sin under the sun is 'permitted' - the bearing of false witness, murder, lying, deception, you name it: but the one sin that is NOT permitted is stealing money, and fraud.

The deep irony here is that money nowadays represents electronic pulses of a nanosecond's duration. Thus the emerging geofinancial crisis which the President of the United States was recklessly exacerbating in July and early August, was - ludicrously - all about electronic pulses.

U.S. WARS FINANCED BY 'STATE WITHIN THE STATE' USING EXOTIC FINANCING TECHNIQUES

Ordinary Americans do not yet begin to understand that the wars in which America is engaged are financed by exotic off-balance sheet trading operations involving the Department of Defense, the National Security Agency, the Central Intelligence Agency, the Defense Intelligence Agency, the White House, the Federal Reserve, NATO in Brussels, and other parties with access to the Federal Reserve's Federal Open Market Committee (FOMC) facilities.

Nor are most ordinary Americans yet aware of the vast off-balance sheet, untaxed profits routinely made by crooked intelligence intermediaries, bent firms of lawyers and others - or that the major proportion of these accruals never reaches the U.S. Department of Defense or other parties, but is stashed off-balance sheet and probably offshore, in defiance of the tax rules and regulations that apply to other Americans who are obliged by law to pay their taxes.

Other related scams spring to mind. For instance, an estimated \$15 billion was stolen from the former U.S. Administrator of the Coalition Provisional Government in Iraq, Ambassador L. Paul Bremer III; while corrupt US operatives stole the gold from the Iraqi Central Bank - an episode in which an estimated 100 special operatives died in a bitter firefight to secure the Central Bank and its vaults: operatives who would have been selected because they were expendable. Another purpose of that assault in April 2003 was to secure direct control over Rafidain Bank, the London Branch of which was reported to hold assets worth \$17 trillion. By acquiring full control over the Central Bank of Iraq, US intelligence operatives were then able to change the management at the Baghdad Head Office of Rafidain Bank, and thus prospectively to manage the disposition of the trillions of dollars accumulated from high-yield trading programmes in the London, UK, branch - a Financial Warfare dimension over which a veil of secrecy has remained tightly drawn ever since.

NEGROPONTE GIVEN POWERS TO EXCUSE CORPORATIONS FROM ACCURATE REPORTING

Perhaps to facilitate scams surrounding Leo Wanta's overdue Settlement, which on the evidence available appear to have been preplanned, President Bush provided Mr John Negroponte, whom he had recently appointed to be his intelligence czar, with broad authority - in the sacred name of 'national security', as always - to excuse publicly traded American corporations from their usual accounting and securities disclosure obligations. Notice of this odd development surfaced in an obscure entry in the Federal Register, and was dated and signed by the President on 5th May 2006.

The overt effect of this reckless innovation is that from that date forward, the financial accounts and securities disclosure information provided by public companies in the United States cannot be relied upon - just as the undertakings of the U.S. Federal Reserve, which is allegedly engaged in fraudulent transactions and does not necessarily meet its obligations, cannot be relied upon, either.

Since passage of the 1934 Securities Exchange Act, U.S. Presidents have in fact had the authority to exempt corporations working on certain top-secret defence projects from compliance with parts of the Act. But U.S. Administration officials told BusinessWeek that they believed that this was the first time that a President had ever delegated this authority to someone outside the Oval Office.

A White House spokeswoman, Dana M. Perino, stated that the timing of the relevant Presidential Memo had nothing to do with the sudden resignation of Porter Goss, the Director of Central Intelligence, on the same day.

William McLucas, the former enforcement chief for the Securities and Exchange Commission (SEC), made the predictably relevant comment that the clear ability under such a dispensation to conceal financial information in the name of national security, could lead some corporations 'to play fast and loose with their numbers'. Speaking from his office in Washington, where he is now a partner in the law firm of Wilmer Cutler Pickering Hale & Dorr, Mr McLucas elaborated: 'It could be that you have a bunch of books and records out there that no-one knows about'.

The Memorandum that President G. W. Bush signed on 5th May 2006, published seven days later in the Federal Register, was entitled: 'Assignment of Function Relating to Granting of Authority for Issuance of Certain Directives: Memorandum for the Director of National Intelligence'. In the document, President Bush addressed Mr Negroponte - said by British intelligence to 'report' to George Bush Sr., who has been identified as the alleged head of Deutsche Verteidigungs Dienst, the 'Black' German Nazi Continuum agency in Dachau, near München - as follows:

'I hereby assign to you the function of the President under Section 13(b)(3)(A) of the Securities Exchange Act 1934, as amended'.

The Statute Books show that the amended version of the 1934 legislation states that 'with respect to matters concerning the national security of the United States', the President or the Head of an Executive Branch Agency may exempt companies from certain critical legal obligations. These obligations include keeping accurate "books, records, and accounts" and maintaining "a system of internal accounting controls sufficient" to ensure the propriety of financial transactions and the

preparation of financial statements in compliance with "generally accepted accounting principles".

U.S. CORPORATE ACCOUNTS CAN NO LONGER BE RELIED UPON

Since John Negroponte, the Director of National Intelligence (DNI), has a proven reputation for amoral ruthlessness and deception, there was henceforth nothing standing in the way of this extremely dangerous character granting licence for U.S. public corporations to:

- o Keep inaccurate books, records and accounts with impunity.*
- o Conduct improper financial transactions riddled with improprieties, with impunity.*
- o Present financial statements for public and official consumption that depart in any way they chose from "generally accepted accounting principles" - again, with impunity.*

Furthermore, it may reasonably be presumed that, once granted, such formal licence may never be rescinded. For the President to have delegated such powers to his intelligence supremo was an act of reckless financial irresponsibility without historical precedent.

With such 'on-balance sheet' abuses now officially sanctioned, and the power to promulgate such dispensations in the hands of the unscrupulous Mr John Negroponte, it is hardly surprising that officially sanctioned giga-fraud is taking place off-balance sheet in connection with the de facto theft, manipulation, illegal use and trading of the financial assets which the President, the Chairman of the Federal Reserve, the U.S. Treasury Secretary, the Supreme Court and senior legislators have jointly affirmed to be the rightful property of the Ambassador Leo Wanta, and his designated and fully-owned private Virginia-registered corporation, AmeriTrust Groupe, Inc. This exists for the sole purpose of financing projects and operations for the benefit of the American people.

FULL FAITH AND CREDIT IS DE FACTO NULL AND VOID

So what has transpired, not least, is that when any of these holders of the highest American offices append their signatures to a formal, official contract or other form of legal document, or signify their concurrence to any agreement, they reserve the unspoken freedom at any time to renege on their legally binding undertakings, or else to vary the terms of the contract unilaterally without consulting the counterparties concerned. In other words, the phrase 'full faith and credit of the United States' is today null and void, and of no effect (2).

By extension, the U.S. States can no longer rely upon the integrity of the undertakings of the President of the United States and of holders of high office at the Federal level, which implies an underlying Constitutional crisis that goes much deeper even than the appalling spectacle of the U.S. Treasury Secretary being unable to enforce his own will against the Chairman of the privately-owned Federal Reserve Board - and being double-crossed by the President who had only just lured him from his lucrative and powerful Wall Street position. ENDS.

Notes:

(1). AmeriTrust Groupe, Inc. (with a capital 'T' and an 'e' in Groupe) was registered in the Commonwealth of Virginia by the State Corporation Commission, Richmond, on 20th May 2004, as attested by the Clerk of the Commission, Joel H. Peck. Its Registered Offices are at Old City Hall, Suite 350, 1001 East Broad Street, Richmond, VA 23219, USA.

(2). The United States Supreme Court explained in Franchise Tax Bd. v. Hyatt, 538 U.S. 488, 494 (2003): The [United States] Constitution's Full Faith and Credit Clause provides: "Full Faith and Credit shall be given in each State to the public Acts, Records, and judicial Proceedings of every other State. And the Congress may by general Laws prescribe the Manner in which such Acts, Records and Proceedings shall be proved, and the Effect thereof". The Full Faith and Credit Clause was primarily intended to provide for the continuity between States and enforcement across State lines of non-Federal laws, civil claims and court rulings. Without this clause, enforcement of State-to-State extradition, portability of court orders, nationwide recognition of legal status, out-of-State taxation, spousal and child support, and the collection of fees and fines, would all be impossible without separate Federal action, or a similar action by the other States.

Bush and Fed Fail to Honor \$4.5 Trillion Wanta Deal to Better American Economy

Ambassador Leo Wanta now ready to pull out all the stops and repatriate entire \$27.5 trillion being ripped-off by Bush and Clinton crime families

1 Aug 2006

By Greg Szymanski

U.S. authorities failed to meet Ambassador Leo Wanta's July 31 deadline to release \$4.5 trillion into the economy, forcing Wanta and his AmeriTrust Groupe, Inc., to try and repatriate \$27.5 trillion in offshore funds.

Michael C. Cottrell, treasurer of AmeriTrust, said Tuesday authorities were given "ample time" to make good on the agreed written settlement negotiated by two federal court judges, Wanta and two large law firms from New York and Georgia on behalf of U.S. authorities and overseas bankers.

The \$4.5 trillion settlement, earmarked for the American people through private funds controlled by Wanta, was hammered out several months ago as the partial repatriation of trillions of offshore funds in Wanta's control and subsequently transferred to a Bank of America account in Virginia during May and June.

However, instead of the money being put under AmeriTrust control, President Bush unexpectedly and without legal authority ordered the private funds blocked, preventing a legal corporate U.S. entity from paying approximately \$1.6 trillion in taxes, placing himself in direct violation of federal law with felony consequences.

Further, Attorney Gen. Alberto Gonzalez, aware of the violations of federal law, has failed to take steps to rectify the enormous financial scandal, making him complicit in the crime.

"We are now moving full steam ahead to repatriate the entire amount," said Cottrell Tuesday in an extended conversation with the Arctic Beacon. "I can't be specific exactly what we are going to do as I wouldn't want to tip our hand, but if they want a fight, they've got one."

Cottrell, who has extensive experience in complicated worldwide financial methods, has spoken numerous times in last several weeks, including a guest radio appearance on Greg Szymanski's radio show, The Investigative Journal, saying the story was the "biggest financial story in the history of the world" and all the big political and financial players around the world were fully aware of dire consequences if the Wanta settlement wasn't honored.

He added that Ambassador Wanta's status as legal trustor of the entire \$27.5 trillion gives him authority to round up and repatriate the entire aggregate amount, meaning worldwide financial chaos since much of the money has been illegally used, as well as opening up a Pandora's Box of embezzlement, bribery and murder.

The massive amount of money circulating in more than 190 worldwide banks remains a huge problem for the Bush administration, as it clearly shows how much of the Wanta trillions has been improperly used by many higher-ups in the last three Presidential administrations, including President George H. Bush and President William Jefferson Clinton.

Instead of the money being properly taxed and used for American interests, as prescribed by President Reagan when Wanta was assigned the task to amass the rather large sum of money at the end of the Cold War, criminals in the government, better known as the Illuminati, decided to use it for their own personal Globalist agenda which was far removed and beyond the scope of proper governmental oversight.

Documents meticulously gathered and audited by Wanta himself, reveal more than \$743 billion diverted illegally, including illegal transactions by Bush I. According to overseas investigators, articles appearing in several overseas financial journals including The International Currency Review, listen to what may only be the tip of the iceberg regarding the massive corruption involving the Wanta money:

In the case of the unprecedented giga-funding operation on behalf of the Illuminati, which was presided over by President George W. Bush Sr., the crooks helped themselves and their friends -- including Opus Dei, via an entity calling itself the Francis X Driscoil Trust -- to 2.7% of the total intended giga-loan, namely \$742.5 billion. A new breakdown of how the allegedly embezzled funds were distributed was given on page 144 of the magazine, and is reproduced here on page 9.

When these alleged giga-embezzlements were taking place or had been spotted, the biggest crisis in the history of the international financial system developed. Specifically, given that the funds were to be paid out in US dollars, the transactions were all necessarily handled by the Federal Reserve, under the supervision and control of Dr Alan Greenspan. But although the giga-funding started in 1989, the transmission of funds from the Federal Reserve suddenly ceased (we are not, in the available public domain documents, told to whom the funds were to have been transmitted, but the primary recipient was a nexus of accounts loosely referred to as the Global Security Fund, based in Belgium, which is traditionally the financial centre for the Illuminati, and Chicago, where some of the funds may subsequently have been intermingled in the vortex of the derivatives industry).

Available public domain documentation shows that the Netherlands Bank and some other central banks, together with various very large commercial institutions, embarked upon legal proceedings against the Federal Reserve when the payouts ceased in 1991. In other words, the international financial system was on the verge of effective collapse, since payments were not being implemented.

The documented information we have published relates an extensive, seemingly never-ending, litany of excuses that were made by the US authorities while the payments were being stalled. All trust between certain European central banks, financial institutions and the Federal Reserve was corrupted to vanishing point. And why were the payouts stalled? Because the massive embezzlement that we document were in the process of being undertaken, way beyond the scrutiny of the international financial community generally.

While the financial payments were suffering from internal constipation, no-one had a clue what was going on; so the Dutch authorities (who are very litigious) started the ball rolling by instituting legal proceedings, given the scale of the monies that had been provided and were suddenly not being paid out. The Netherlands Bank also demanded to take up its vacant seat on the Federal Reserve Board, which is to a considerable extent owned by European financial powers and forces. After the alleged embezzlements, the payouts were finally resumed in 1992 (but on the basis of exchange rates, where foreign currency had been provided, prevailing on the dates of the suspensions).

THE WORLD'S BIGGEST-EVER BANKING HEIST

This was nothing less than the biggest bank heist in the history of humanity. No less than \$742.5 billion of funds -- admittedly raised for what we consider to be thoroughly evil New Underworld Order purposes -- was misappropriated. Wanta, a servant of the US Presidency, was engaged in the fund-raising and speaks

German when telephoned. This is the language of the high-level Illuminati. However Wanta is a technical operative, working, or so he always assumed, for the President of the United States. Moreover we know that is loyalty to the presidency was exploited by the Illuminati, probably without (as is often the case with technicians) him understanding the broader picture, because he told your correspondent in May 2004 that the funds had been raised to support the "Global Security Environment", which, judging by the tone of his comments, he did not consider to be a worthy project. As a patriotic American, he was disparaging about the "New World Order" generally

The United States is the designated enforcement arm of the Illuminati and their associates, who are engaged in the Judaic masonic programme to impose the New Underworld Order. That is why the United States has 700 bases worldwide which require massive continuing injections of liquidity and why Britain is constantly reducing its armed forces. This is part of the meaning of Leo Wanta's phrase "Global Security Environment". The Germans are surreptitiously doing the opposite to the British with their military as they have a special status in the New Underworld Ordnung. But that takes us into territory beyond the scope of this update on the geofinancial impasse surrounding Leo Wanta, a brave and loyal intelligence officer and servant of successive Presidents of the United States.oo

2.7% OF 527.5 TRILLION CREAMED OFF THE GIGA-FUNDING OPERATION

The following is summary of receipts identified in handwritten analytical notes performed by the distinguished US Secret Service Treasury agent, Leo Wanta, on some of the transactions involved in the giga-financing operation involving a colossal loan to the Illuminati from 200+ international banks of \$27,5 trillion, to finance the "Global Security Environment", a.k.a. the New Underworld Order, which is to be enforced by the United States as the sole enforcement, a.k.a. for the project. Sufficient funds were raised to bribe every policymaker, intelligence officer, ruler, Prime Minister, President and senior official for the whole of the 21st century. This fund is now worth \$60-\$70 trillion at a minimum -- and with collateral leverage, probably far more.

These data are collated from the handwritten analytical notes accompanying the print-out sets shown on pages 150-160 only of International Currency Review, Volume 30, Numbers 2 and 3, which were made available and placed in the public domain by US intelligence. The Editor itemised the entries in the handwritten notes, gauging them to represent transactions which diverged from the intended destinations of the giga-funds. In summary, what happened was that 2.7% of the proceeds of the Illuminati's unprecedented gigantic loan were creamed off for the benefit of the parties shown. Since we are dealing with international criminal intelligence operations, it is no surprise at all that the crooks concerned should have helped themselves to a proportion of the funds. Notice the destinations, which include Opus Dei (Francis X. Driscoll Trust), which is in the driving seat in Vatican affairs -- all 31 cardinals appointed by the late Pope being Opus Dei members. It should be noted that those data illustrate only one component of the financial scandal. Funds belonging to the US Government and lodged in accounts of Title 16 Section 6

intelligence corporations are hidden offshore all over the world.

The biggest, most brazen alleged organized embezzlement operation in world history.

Here is a breakdown of the negotiated **Wanta Plan** not honored by U.S. authorities, indicating a healthy injection of liquid funds are right around the corner if the American people wake-up before it's too late:

The agreement provides for the prepayment of taxes to the US Treasury, at a rate of 35% of the \$4.5 trillion, equating to \$1,575 trillion, together with prepayment of taxation to the State of Virginia at 6%, amounting to some \$270 billion.

In addition, Wanta through his AmeriTrust Groupe, Inc., has put financial mechanisms in place for the further generation of corporation tax deposits payable to the U.S. Treasury Department/Internal Revenue Service of about \$96 billion per banking day.

Because of financing transactions which will consequently be carried out by other U.S. financial institutions, estimated total windfall accruals to the U.S. Treasury are likely to exceed \$200 billion per banking day, from the moment of start-up. This is now running nearly three months late.

However, President Bush and the Fed are still illegally blocking the money with Wanta now being forced to try and recover the entire \$27.5 trillion, saying he will take every legal step necessary to protect the American people.

Although the story has been called the "biggest financial in the history of the world" due to the connected corruption by the Bush and Clinton crime families who have back stabbed Ambassador Wanta by not returning the money to the American people as President Reagan had directed.

To illustrate how Wanta was back stabbed, records and court documents reveal he was illegally jailed for his efforts for the better part of the 14 years while Bush Sr., Clinton and the current Bush administration continued to use the trillion dollar offshore money for their own private shadow government agendas instead of strengthening U.S. interests at home and abroad.

Although the mainstream press, the White House and the entire U.S. Congress have remained hush-hush since Wanta's story reveals deep corruption of all the above parties, the Ambassador endured against unlikely odds, including death threats, 133 days in a Swiss dungeon and years in a Wisconsin jail to negotiate with the help of federal court judges the \$4.5 trillion dollar settlement, now be ignored.

However, for the last 14 years Wanta's steadfast determination not to be corrupted by the likes of former President George H. Bush and President William Jefferson Clinton has taken the criminals by surprise, sending a financial electric-shock through the corrupt Illuminati underworld banking community, the likes of which their criminal minds never expected.

And this is exactly why all of them, including President George W. Bush. U.S. Treasury Secretary Henry M. Paulson, Jr., the entire Federal Reserve Board (controlled by foreign interests), Sen. Chuck Grassley, chairman of the Senate Finance committee, and Rep. Michael Oxley of the U.S. House Committee on Financial Services are all remaining with their thumbs sucking in their mouths, not saying a word.

Furthermore, the Wanta story trumpets loud and clear how the likes of the Illuminati, including Daddy Bush and Clinton, has their hand in the trillion dollar cookie jar for their own benefit and now, if anybody cares to pursue the matter in this country, how they can finally be indicted for defrauding the people

For example, the Wanta story goes back to August of 1989 when Daddy Bush wanted him to illegally transfer \$1 billion in U.S. money to an account in Panama for Bush's own person use.

When Wanta refused, citing violations of criminal statutes for anyone to personally benefit, including a President, from public funds, he was taken out of the picture with a bogus 22 year jail term.

Wanta was even told at the time by high ranking official, James Baker, it was useless to try and block the matter since people like Bush were above the law, saying it would be better to just turn a blind eye.

However, Wanta refused, keeping records of the transaction and his communications with Baker, the \$1 billion, however, eventually making its way to Bush despite Wanta's objections in an account listed under Pilgrim Investments/Jorge (George) Bush.

But according to Wanta, who has proven to be an honest and loyal American, the \$1 billion is only the tip of the ice berg of stolen funds diverted by the Illuminati from an estimated \$27.5 trillion to \$70 trillion raised at the end of the Cold War by Wanta on behalf of then President Ronald Reagan.

Besides the \$1 billion, Wanta has documented at least \$743 billion diverted and used by the Bush and Clinton crime gang, saying this is a conservative estimate since tracing the funds has been a difficult task after spending years in jail and even being declared dead by the CIA in order that private Illuminati interests could use the trillions amassed for their own personal use.

It's important to remember Wanta's efforts on behalf of President Reagan amassed huge sums of monies when he set out to destabilize the Soviet currency at the end of the Cold War. The original plan was bankrolled with \$150 billion of American taxpayer money, the financial fruits of which President Reagan had always intended to be returned to the American people and not ripped-off by Illuminati bankers on behalf of Daddy Bush and Clinton.

When made aware that he may have been working for an Illuminati banking scheme all along, Wanta said at the time the Soviet financial destabilization was initiated, he had no idea any nefarious or underhanded actions were taking place.

However, once Daddy Bush and Clinton's evil and back stabbing intentions were made known, Wanta tried to do the right thing by turning over the money to the American people, as he was then and still remains today the legal trustor of the vast sum of money, a position he was given by President Reagan and a position in 2003 affirmed by Federal Court Judge Bruce Lee.

But instead of the money coming back for infrastructure and other improvements in American society, Bush and Clinton jailed Wanta illegally, first in a Swiss dungeon for 133 days in the early 1990's and then railroaded in Wisconsin on a bogus \$14,000 income tax charge in which he was given a 22 year sentence, conveniently due to expire in 2015, three years after the financial maturation of the original \$27.5 trillion.

And if the 22 year sentence had been served or Wanta caved under Illuminati pressure from three prison assaults, perhaps the big boys wouldn't be shaking their heads today and perhaps they all wouldn't have their thumbs in their mouths as the \$4.5 trillion suits in a Richmond Bank of America account, drawing financial dust instead of \$200 billion a day for the American people.

However, since Wanta remains strong, never diverting from President Reagan's intentions, America stands now at the precipice of regaining its pride, honor and financial strength. Further, if Americans remain strong perhaps we can put a stop to the Illuminati's goal of financially destroying the country.

Bush Stalling 'At 12th Hour' Wanta \$4.5 Trillion Deal To Improve American Economy

Negotiations expected to end Monday night with word coming Tuesday whether trillions of repatriated offshore money will be returned to the American people

31 Jul 2006

By Greg Szymanski

Last minute negotiations were underway late Monday night between the White House and Ambassador Leo Wanta to release \$4.5 trillion in repatriated funds into the American economy, according to Michael C. Cottrell, Wanta's financial consultant and AmeriTrust Groupe Inc., treasurer.

Wanta earlier had given U.S. authorities until the close of business on July 31 to honor a written agreement and release the massive sum of money to his AmeriTrust Groupe on behalf of the American people.

The trillion dollar deal, which would immediately revitalize and give the American economy a needed boost, however, amounts to only a portion of the \$27.5 trillion in offshore funds Wanta accumulated after the Cold War when he was assigned by President Ronald Reagan to devalue and destabilize the Russian currency.

"Apparently, the White House is using California time as a deadline to release the money and it should be a long night," said Cottrell, who said the main parties of AmeriTrust, including Ambassador Wanta, were waiting to hear directly from the White House, as President Bush appears to be the only one standing between "a done deal" or backing out of the written agreement fashioned by two federal court judges.

Cottrell added he has always remained positive the money would be released before Wanta's deadline expired, saying in case it isn't AmeriTrust is prepared to file a federal law suit against governmental interests illegally blocking the deal and blocking them from paying \$1.6 trillion in U.S. and state tax money, as well as using the balance of the "quasi public" money to immediately improve basic needs and infrastructure improvements.

Asked about the release of the money late Monday afternoon, Christopher Story, editor of the *International Currency Review*, a London based financial publication following the explosive international story, said a Florida contact in the financial community aware of the worldwide ramifications gave the chances of the money being released "a nine on a scale of 10."

Both Story and Cottrell will be appearing Tuesday on Greg Szymanski's radio show, The Investigative Journal, to explain the final outcome of the Monday night Wanta negotiations, either reporting the money had been released with proper receipt or to explain Wanta's plan to recover the money earmarked for the American people.

Wanta and Cottrell both previously stated if the money isn't released by the end of business on July 31, they planned to file a federal law suit and to further seek recovery of the entire offshore funds estimated at

between \$27.5 and \$70 trillion.

Here is a breakdown of the negotiated **Wanta Plan**, indicating a healthy injection of liquid funds are right around the corner if the American people wake-up before it's too late:

The agreement provides for the prepayment of taxes to the US Treasury, at a rate of 35% of the \$4.5 trillion, equating to \$1,575 trillion, together with prepayment of taxation to the State of Virginia at 6%, amounting to some \$270 billion.

In addition, Wanta through his AmeriTrust Groupe, Inc., has put financial mechanisms in place for the further generation of corporation tax deposits payable to the U.S. Treasury Department/Internal Revenue Service of about \$96 billion per banking day.

Because of financing transactions which will consequently be carried out by other U.S. financial institutions, estimated total windfall accruals to the U.S. Treasury are likely to exceed \$200 billion per banking day, from the moment of start-up. This is now running nearly three months late.

Wanta, the legal trustor of more than \$27.5 trillion dollars in offshore funds illegally diverted by the last three Presidential administrations, recently entered into a \$4.5 trillion settlement with U.S. authorities on the direction of two federal court judges.

However, President Bush and Fed have illegally blocked the money for over a month with Wanta now losing patience and giving authorities until the close of business on July 31 to fork over the money or saying he intends to file a federal lawsuit, as well as proceed after the entire \$27.5 trillion which may have matured over the years to \$70 trillion.

Although the story has been called the "biggest financial in the history of the world" due to the connected corruption by the Bush and Clinton crime families who have back stabbed Ambassador Wanta who all along wanted to return the money to the American people as President Reagan had directed.

Wanta, however, was illegally jailed for his efforts for the better part of the 14 years while Bush Sr., Clinton and the current Bush administration continued to use the trillion dollar offshore money for their own private shadow government agendas instead of strengthening U.S. interests at home and abroad.

Although the mainstream press, the White House and the entire U.S. Congress have remained hush-hush since Wanta's story reveals deep corruption of all the above parties, the Ambassador endured against unlikely odds, including death threats, 133 days in a Swiss dungeon and years in a Wisconsin jail to negotiate with the help of federal court judges the \$4.5 trillion dollar settlement to revitalize the American economy against enemies within trying to do otherwise.

For the last 14 years, Wanta's steadfast determination not to be corrupted by the likes of former President George H. Bush and President William Jefferson Clinton has taken the criminals by surprise, sending a financial electric-shock through the corrupt Illuminati underworld banking community, the likes of which their criminal minds never expected.

And this is exactly why all of them, including President George W. Bush. U.S. Treasury Secretary Henry M. Paulson, Jr., the entire Federal Reserve Board (controlled by foreign interests), Sen. Chuck Grassley, chairman of the Senate Finance committee, and Rep. Michael Oxley of the U.S. House Committee on Financial Services are all remaining with their thumbs sucking in their mouths, not saying a word.

Furthermore, the Wanta story trumpets loud and clear how the likes of the Illuminati, including Daddy Bush and Clinton, has their hand in the trillion dollar cookie jar for their own benefit and now, if anybody cares to pursue the matter in this country, how they can finally be indicted for defrauding the people

For example, the Wanta story goes back to August of 1989 when Daddy Bush wanted him to illegally transfer \$1 billion in U.S. money to an account in Panama for Bush's own person use.

When Wanta refused, citing violations of criminal statutes for anyone to personally benefit, including a President, from public funds, he was taken out of the picture with a bogus 22 year jail term.

Wanta was even told at the time by high ranking official, James Baker, it was useless to try and block the matter since people like Bush were above the law, saying it would be better to just turn a blind eye.

However, Wanta refused, keeping records of the transaction and his communications with Baker, the \$1 billion, however, eventually making its way to Bush despite Wanta's objections in an account listed under Pilgrim Investments/Jorge (George) Bush.

But according to Wanta, who has proven to be an honest and loyal American, the \$1 billion is only the tip of the ice berg of stolen funds diverted by the Illuminati from an estimated \$27.5 trillion to \$70 trillion raised at the end of the Cold War by Wanta on behalf of then President Ronald Reagan.

Bush 'Preparing the Way' to Release \$4.5 Trillion in Repatriated Offshore Funds to AmeriTrust

American economy ready to receive a trillion dollar plus shot in the arm, according to AmeriTrust Treasurer, Michael C. Cottrell. According to Cottrell, he has heard there is 'considerable movement' by Bush administration to 'quietly' release trillions, as Arctic Beacon broadcasts and articles with Leo Wanta and Cottrell heard around the world by important heads of state are forcing Bush's hand.

30 Jul 2006

By Greg Szymanski

According to sources close to the recent G-8 Summit in St. Petersburg, Russia, pressure from financial big shots and foreign heads of state has 'put the heat' big time on the Bush administration this weekend to release \$4.5 trillion dollars earmarked for the American people, funds held up illegally by President Bush and the Federal Reserve Board in a Bank of America account in Richmond, Va.

"We have heard this weekend that the administration is preparing a way to release the funds," said Michael C. Cottrell, treasurer of AmeriTrust Groupe, Inc., the recipient of the massive offshore repatriation settlement along with Ambassador Leo Wanta, the former Treasury agent for President Ronald Reagan who has spearheaded the trillion dollar windfall for the betterment of the American economy.

"The impact has been felt and there is considerable movement within the Bush administration to release the money. We have heard there is a lot of pressure from G-8 members (a group of eight industrialized nations) to release the funds by the end of the business day on Monday (July 31)."

Wanta, the legal trustor of more than \$27.5 trillion dollars in offshore funds illegally diverted by the last three Presidential administrations, recently entered into a \$4.5 trillion settlement with U.S. authorities on the direction of two federal court judges.

However, President Bush and Fed have illegally blocked the money for over a month with Wanta now losing patience and giving authorities until the close of business on July 31 to fork over the money or saying he intends to file a federal lawsuit, as well as proceed after the entire \$27.5 trillion which may have matured over the years to \$70 trillion.

"If they turn over the money Monday," said Cottrell, "I think it will be done quietly with no public announcements."

Although the story has been categorized the "biggest financial in the history of the world" due to the vast amount of money and the connected corruption by the Bush and Clinton crime families who have back stabbed Ambassador Wanta who, in turn, since the end of the Cold War wanted to return the money to the American people as President Reagan had directed.

Wanta, however, was illegally jailed for his efforts for the better part of the 14 years while Bush Sr.,

Clinton and the current Bush administration continued to use the trillion dollar offshore money for their own private shadow government agendas instead of strengthening U.S. interests at home and abroad.

Although the mainstream press, the White House and the entire U.S. Congress have remained hush-hush since Wanta's story reveals deep corruption of all the above parties, the Ambassador endured against unlikely odds, including death threats, 133 days in a Swiss dungeon and years in a Wisconsin jail to negotiate with the help of federal court judges the \$4.5 trillion dollar settlement to revitalize the American economy against enemies within trying to do otherwise.

Here is a breakdown of the *The Wanta Plan*, indicating a healthy injection of liquid funds are right around the corner if the American people wake-up before it's too late:

The agreement provides for the prepayment of taxes to the US Treasury, at a rate of 35% of the \$4.5 trillion, equating to \$1,575 trillion, together with prepayment of taxation to the State of Virginia at 6%, amounting to some \$270 billion.

In addition, Wanta through his AmeriTrust Groupe, Inc., has put financial mechanisms in place for the further generation of corporation tax deposits payable to the U.S. Treasury Department/Internal Revenue Service of about \$96 billion per banking day.

Because of financing transactions which will consequently be carried out by other U.S. financial institutions, estimated total windfall accruals to the U.S. Treasury are likely to exceed \$200 billion per banking day, from the moment of start-up. This is now running nearly three months late.

And according to Cottrell Monday, July 31, looms as one of the most important days in American history, even though it's being treated by the media and the government like ignoring "the big elephant sitting in the middle of the living room" because this story, due the vast amount of diverted U.S. funds, separates the true patriots who want to revitalize America from the real criminals who actually want to destroy America from within.

"This story really boils down to whether you want to do what's right and help America or whether you want to side with the criminals and get a piece of the pie," said Cottrell.

As essential background, it must be mentioned that even though \$4.5 trillion in repatriated U.S. money remains blocked by the corrupt Federal Reserve Board in a Bank of America account in Richmond, Va., a great victory has already been achieved over the Illuminati banksters, as they have been blindsided by the recent developments concerning true patriot, Ambassador Wanta.

For the last 14 years, Wanta's steadfast determination not to be corrupted by the likes of former President George H. Bush and President William Jefferson Clinton has taken the criminals by surprise, sending a financial electric-shock through the corrupt Illuminati underworld banking community, the likes of which their criminal minds never expected.

And this is exactly why all of them, including President George W. Bush. U.S. Treasury Secretary Henry M. Paulson, Jr., the entire Federal Reserve Board (controlled by foreign interests), Sen. Chuck Grassley, chairman of the Senate Finance committee, and Rep. Michael Oxley of the U.S. House Committee on Financial Services are all remaining with their thumbs sucking in their mouths, not saying a word.

Regarding the Wanta money, look how the above officials have responded since the vast sum that could turn around the economy arrived more than a month ago while depriving the American people of an immediate \$1.6 trillion dollar windfall and more the \$200 billion in lost revenues each and every banking day the money is withheld:

Bush has illegally blocked the release of the money, making him liable for preventing a private in paying taxes owed to the American people in the amount of approximately \$1.6 trillion. This also makes Bush guilty of criminal charges.

The Federal Reserve Board has illegally complied with Bush's order to block the funds even though the Fed has no authority to intervene in such matters, making them also an accessory to criminal charges.

Paulson, U.S. Treasury Secretary, has blindly followed Bush's criminal order with Paulson refusing to return or issue a statement about the *The Wanta Plan* after repeated calls by the *Arctic Beacon* .

Sen. Grassley and Rep. Oxley have remained silent on the matter, evening though they chair the two most important financial committees in government. And, in what is one of the most important financial stories in the history of America, both top ranking officials have refused to even issue a statement and have refused to return calls from the *Arctic Beacon*.

In fact, the Illuminati big boys have not uttered as much as a peep since Wanta's \$4.5 trillion dollar settlement became official on June 12 and the money finally transferred from numerous foreign bank accounts, causing fluctuations in the financial markets during May and June but, more importantly, signaling a hopeful end to the corrupt Illuminati banking system and their plan to financially destroy America.

Furthermore, the Wanta story trumpets loud and clear how the likes of the Illuminati, including Daddy Bush and Clinton, has their hand in the trillion dollar cookie jar for their own benefit and now, if anybody cares to pursue the matter in this country, how they can finally be indicted for defrauding the people

For example, the Wanta story goes back to August of 1989 when Daddy Bush wanted him to illegally transfer \$1 billion in U.S. money to an account in Panama for Bush's own person use.

When Wanta refused, citing violations of criminal statutes for anyone to personally benefit, including a President, from public funds, he was taken out of the picture with a bogus 22 year jail term.

Besides the \$1 billion, Wanta has documented at least \$743 billion diverted and used by the Bush and Clinton crima gang, saying this is a conservative estimate since tracing the funds has been a difficult task after spending years in jail and even being decalred dead by the CIA in order that private Illuminati interests could use the trillions amassed for their own personal use.

It's important to remember Wanta's efforts on behalf of President Reagan amassed huge sums of monies when he set out to destabilize the Soviet currency at the end of the Cold War. today the legal trustor of the vast sum of money, a position he was given by President Reagan and a position in 2003 affirmed by Federal Court Judge Bruce Lee.

But instead of the money coming back for infrastructure and other improvements in American society, Bush and Clinton jailed Wanta illegally, first in a Swiss dungeon for 133 days in the early 1990's and then railroaded in Wisconsin on a bogus \$14,000 income tax charge in which he was given a 22 year sentence, conveniently due to expire in 2015, three years after the financial maturation of the original \$27.5 trillion.

However, since Wanta remains strong, never diverting from President Reagan's intentions, America stands now at the precipice of regaining its pride, honor and financial strength. Further, if Americans remain strong perhaps we can put a stop to the Illuminati's goal of financially destroying the country.

That in a nutshell is why the Wanta story is one of the most important stories in the history of our country as the \$4.5 trillion indicates a clear victory over the New World Order since it is sending shockwaves through their criminal community, giving them a strong and clear financial message that certain individuals in this country remain strong, as well as certain press outlets (*International Currency Review* and *Arctic Beacon*) whose efforts have now reached millions of people around the world about the \$27.5 trillion dollar Illuminati rip-off.

AmeriTrust Treasurer Verifies Docs Behind \$4.5 Trillion Wanta Deal
U.S. officials remain silent as church mice over financial deal exposing Illuminati banksters and officials within government silently trying to destroy America.

27 Jul 2006

By Greg Szymanski

Michael C. Cottrell, treasurer of the AmeriTrust Groupe, Inc., verified all previous statements made by former Ambassador Leo Wanta concerning the \$4.5 trillion dollar settlement earmarked for the American people and being illegally withheld in a Bank of America account in Richmond, Va., by President George W. Bush and the Federal Reserve Board.

"There's no going back on the deal now. The money for the American people is in a Bank of America account," said Cottrell in an extended telephone conversation with the *Arctic Beacon* Wednesday. "I know the U.S. Treasury is working on getting the money released as the banks are getting nervous. But I don't think it will happen until July 31."

Cottrell, a savvy financial whiz and true patriot, will appear today on Greg Szymanski's radio show, The Investigative Journal, detailing the particulars of the delicate financial arrangement that could revitalize the American economy, as well as exposing and perhaps ending the corrupt reign of Illuminati banksters who have stolen trillions from the American people.

Cottrell also stands ready with documents in hand to verify the settlement between Wanta/AmeriTrust and with law firms from New York and Georgia representing official U.S and financial interests entered into on June 12.

He also stands ready to provide documentation of the bank transfers from overseas accounts to the Bank of America account in Richmond made during May and June, deposits totaling \$4.5 trillion dollars.

The basics of the deal have been previously outlined in the *Arctic Beacon* but remain as follows:

The agreement provides for the prepayment of taxes to the U.S. Treasury, at a rate of 35% of the \$4.5 trillion, equating to \$1,575 trillion, together with prepayment of taxation to the State of Virginia at 6%, amounting to some \$270 billion.

In addition, Wanta through his AmeriTrust Groupe, Inc., has put financial mechanisms in place for the further generation of corporation tax deposits payable to the U.S. Treasury Department/Internal Revenue Service of about \$96 billion per banking day.

Because of financing transactions which will consequently be carried out by other U.S. financial institutions, estimated total windfall accruals to the U.S. Treasury are likely to exceed \$200 billion per banking day, from the moment of start-up. This is now running nearly three months late. Finally, Wanta has given U.S. authorities until the close of business on Monday, July 31, to release the funds.

Cottrell has been working with Wanta for more than two years to recover a vast sum of money diverted by the Bush and Clinton crime families, money estimated at more than \$70 trillion.

The trillions were first raised by Wanta at the end of the Cold War when he was bankrolled by \$150 billion of taxpayer money and appointed by President Ronald Reagan to devise a financial plan to destabilize the Soviet currency and use profits for the betterment of the American economy. He still remains legal trustor of the money spread out in more than 190 overseas banks, a position given to him by President Reagan and a position affirmed by Federal Judge Bruce Lee in 2003.

In fact, Wanta efforts were so successful he raised an estimated \$27.5 trillion by the late 80's early 90's, thinking all along the money would be returned to the people as President Reagan had intended. However, in a turn of events contrived by former President George H. Bush and William Jefferson Clinton, he was backstabbed and jailed in an effort to keep him quiet as legal trustor, a move calculated so they could use the trillions for their own private agenda and not the agenda of the people.

Cottrell and Wanta both said they have solid documentation and evidence of illegal transactions of more than \$743 billion (a conservative estimate), including a \$1 billion transfer of American taxpayer money into a Panama bank account under Pilgrim Investments/Jorge (George) Bush in August of 1989.

Insiders watching what has been dubbed *The Wanta Plan*, considered by some to be more important than *The Marshal Plan* of World War II, claim the \$4.5 trillion settlement signal an end to "business as usual" for the criminal banksters, as the settlement acts as an important symbol of ending a reign of "Bush corruption" and letting Americans know they still remain a financial superpower and not a nation controlled by the foreign interests in the corrupt Federal Reserve banking system.

"It is really pretty simple and like the situation that existed in the American Revolution," said Cottrel, adding it's everyone choice to remain a patriot and nationalist or side with the criminals who are trying to destroy America.

"Once you realize the facts and see the documentation, you can either side with being a true patriot and American or you can side with the criminals. I know W. (President Bush) isn't too happy with me, but, oh well, that's the way it goes. And I know for a fact I am on the top 10 list of people they want to silence, but the only way to stay safe is stay public."

It is important to remember for the last 14 years, Wanta's steadfast determination not to be corrupted by the likes of Daddy Bush and Clinton has taken the criminals completely by surprise, sending a financial electric-shock through the corrupt Illuminati underworld banking community, the likes of which their criminal minds never expected.

And this is exactly why all of them, including President Bush. U.S. Treasury Secretary Henry M. Paulson, Jr., the entire Federal Reserve Board (controlled by foreign interests), Sen. Chuck Grassley, chairman of the Senate Finance committee, and Rep. Michael Oxley of the U.S. House Committee on Financial Services are all remaining with their thumbs sucking in their mouths, not saying a word.

Regarding the Wanta money, look how the above officials have responded since the vast sum that could turn around the economy arrived more than a month ago while depriving the American people of an immediate \$1.6 trillion dollar windfall and more the \$200 billion in lost revenues each and every banking day the money is withheld:

Bush has illegally blocked the release of the money, making him liable for preveting a private in paying taxes owed to the American people in the amount of approximately \$1.6 trillion. This also makes Bush guilty of criminal charges.

The Federal Reserve Board has illegally complied with Bush's order to block the funds even though the Fed has no authority to intervene in such matters, making them also an accessory to criminal charges.

Paulson, U.S. Treasury Secretary, has blindly followed Bush's criminal order with Paulson refusing to return or issue a statement about the The Wanta Plan after repeated calls by the *Arctic Beacon*.

Sen. Grassley and Rep. Oxley have remained silent on the matter, evening though they chair the two most important financial committees in government. And, in what is one of the most important financial stories in the history of America, both top ranking officials have refused to even issue a statement and have refused to return calls from the *Arctic Beacon*.

In fact, the Illuminati big boys have not uttered as much as a peep since Wanta's \$4.5 trillion dollar settlement became official on June 12 and the money finally transferred from numerous foreign bank accounts, causing fluctuations in the financial markets during May and June but, more importantly, signaling a hopeful end to the corrupt Illuminati banking system and their plan to financially destroy America.

Furthermore, the Wanta story trumpets loud and clear how the likes of the Illuminati, including Daddy Bush and Clinton, has their hand in the trillion dollar cookie jar for their own benefit and now, if anybody cares to pursue the matter in this country, how they can finally be indicted for defrauding the people

For example, the Wanta story goes back to August of 1989 when Daddy Bush wanted him to illegally transfer \$1 billion in U.S. money to an account in Panama for Bush's own person use.

When Wanta refused, citing violations of criminal statutes for anyone to personally benefit, including a President, from public funds, he was taken out of the picture with a bogus 22 year jail term.

Wanta was even told at the time by high ranking official, James Baker, it was useless to try and block the matter since people like Bush were above the law, saying it would be better to just turn a blind eye.

Editor's Note: The *Arctic Beacon* thanks its loyal readership for following this most important story. If you want a copy of the documents proving the Wanta settlement, email us from our website and we will send a copy by email which will be received as an efax document. Born Into The Illuminati, A Friend Fears For Svali's Safety As She Has Come Up Missing

After going public with details of her lifelong experience in the Illuminati, including childhood torture and brainwashing, Svali has disappeared.

26 Jul 2006

By Greg Szymanski

In January, a woman named Svali told an incredible story about being born into the Illuminati and witnessing a young child being sacrificed in the catacombs of the Vatican.

Her eyewitness testimony was verified by an Italian woman named Maria, who said she suffered through the same type of gruesome ceremony, telling her story to this reporter only weeks before she reportedly took her own life jumping from the Vatican roof in the early 1980's.

Having interviewed both women, the details of the Vatican child sacrifice were remarkably similar right down to the detailed description of the room where the ordeal took place, as well as the details about the particulars of the satanic ceremony.

Details of both stories can be found in the *Arctic Beacon* archives under a four part series entitled "The Secrets of the Dangerous Illuminati."

Although Maria was found dead on the cobblestones of St. Peter's Square under suspicious circumstances, Svali remains alive, giving an exclusive interview on Greg Szymanski's radio show, The Investigative Journal, in January 2006.

However, recently on the word of a reliable source, Svali has come up missing, as all attempts to contact her have turned up empty. Further, her rather detailed website has been taken down and her telephone number disconnected.

One of her close friend's, who wanted to remain anonymous, fears something serious has happened. With that in mind and in an effort to keep her publicly protected and her story alive, the *Arctic Beacon* is reprinting a transcript of her lengthy interview from her appearance with Greg on the Investigative Journal radio show of January 17, 2006.

Svali's startling comments, as well as the Arctic Beacon series on child sacrificing, should serve as a reminder how the evil intentions of the New World Order knows no bounds or limits.

***Transcript of Illuminati Survivor Svali's Appearance
on Investigative Journal with Greg Szymanski***

January 17, 2006

GS: You're listening to the Investigative Journal. I'm your host, Greg Szymanski. Two hours - two hours with great interviews all the time. We get into the news behind the scenes that the mainstream media refuses to cover. What a shame.

Let me just update some things before I tell you who my guest is today. I've been promo-ing it all week, and we're going to get deep inside the Family, the Order, the Illuminati today, for two hours. And you've got to stay with us from the beginning to the end of this interview.

I just wanted to mention we had Dr. Martini on earlier in the week. A big aspartame vote, to ban aspartame in New Mexico, is going on today. I called her last night. They held it over until today. So we'll know later this morning whether aspartame is banned in New Mexico. That could have a chain effect that could really save a lot of lives.

Also, I wanted to mention the bulldozing in New Orleans. Now this is a story on my website. You can go to www.arcticbeacon.com, and you're going to see this story. This is an incredible story we've been following, with Brandon Darby from Common Cause Relief down there. A New Orleans federal judge, a crooked order here, folks, last Friday quashed all hopes for Ninth Ward residents to get their day in court as he indiscriminately canceled a January 17th hearing to hear evidence on why the city has no right to demolish homes under eminent domain laws.

Basically what he did is that there was supposed to be a hearing this week. There was a restraining order to stop the indiscriminate bulldozing of over 44 thousand homes in the Ninth Ward, many of which, Brandon says, are in good shape. Needless to say, they do not need to be demolished. But the people are a long, long, long way away from New Orleans, kept away by these FEMA programs that we've documented.

Brandon says now what happened is the judge called the lawyers in, canceled the hearing, and said, "Listen, you're going to take my orders, which are this. Both lawyers are going to adhere to this. You can demolish the homes as long as you give the people notice." So it doesn't matter if they object, apparently, just as long as they know their home is going to be bulldozed down, and that's what the city is doing right now. So we'll keep track of that story as it goes on this week.

Now, on my website all week, I've been running this series on the feared Illuminati. That word started to be used back in the 18th century. There are other words - the Family, the Order, for people that are inside this group. So let's not get hung up on the words. What this group does is amazing.

As I documented in my series which is going on now, part three is on today, so if you want to go to Arctic Beacon and get that, and it's talking about Svali, who was a member of the Illuminati, the Family, the Order. She is with us as our guest today, and after this break we're going to find out the whole story from beginning to end about Svali's involvement, and then about how she decided to get out and what she's doing now. And I might add, it's a great thing what she's doing now, alerting people and also helping many, many people in America understand exactly what this group is all about.

So anyway, we'll be back with Svali on the Investigative Journal. I'm your host, Greg Szymanski.

[commercial break - resume 8:30]

GS: Okay, we're back. It's eight minutes after the hour, and we're going to get deep inside the Illuminati, the Family, the Order. We have a guest who was involved with this group, born into it, for over thirty years. Her name is Svali. Svali, are you with us?

SV: Uh, yes I am.

GS: Well, it's nice to have you here. I know you don't give radio interviews, and I really want to thank you, because I think it really does help the American people understand about this secret organization that you were born into. So I guess we can just start from the beginning. Tell us - right from the beginning you were born into this, from wealthy parents. Tell us about your training in this group when you were a young child and then up until your orientation at the Vatican. Go ahead.

SV: (surprised, laughing) Well, that's a pretty broad area, Greg! That could take hours, if you know what I mean.

GS: Yes, but do it, you know, if you could just outline it for us.

SV: Yeah. I mean, I was born in the group, I was born in Germany, and came to the US very young. I basically went through all the training that the group... all members of the group do undergo training to various degrees, depending on the role.

By the time I was a teenager, I was a youth leader, and by the time I was 22, I became the youngest member of Leadership Council in San Diego County . At that time I was a head trainer. I was the sixth trainer and eventually moved up to the second position.

GS: Mm hm.

SV: When I was twelve, I had mentioned with you the ceremony at the Vatican...

GS: Right.

SV: ...that they really do make all leadership in the group undergo at some point.

GS: Now basically when you were growing up, I remember you told me that you were instilled at a young age. You were born to a very wealthy, well-to-do family.

SV: Yes.

GS: You moved back to the States. You were told at a very young age you were special, you were "chosen." Correct?

SV: Well, they tell everyone in the group that they are special and chosen, and that's one of the things that made me very cynical when I was older. You will never meet a person who is an Illuminati who has not been told or programmed for years that they're special, they're the only one that can do things for quote-unquote "Family".

But I was told, yes, I would do great things for Family one day. The reason why I can filter some of this with an objective view is that I know what my role in the group was. It was over quite a significant number of other people. So I don't evaluate my role or specialness within the group so much by what I was told, but by what I did.

(regretful downturn in voice on "what I did")

GS: So you reached the age of 12, and then you're told by your parents you're going to an induction ceremony in the Vatican.

SV: Yes.

GS: Can you tell us how that happened and what occurred at that ceremony when you went there?

SV: (deep breath, voice becomes stressed) Okay. Um, this isn't easy to talk about, as you know.

When I was twelve, I was flown over to Germany. And I was at, I'll call them the German Fathers' house, over there. And, there was some preparation for a few days, beforehand, and I was told that there would be a very important ceremony. And it was considered a sealing ceremony at that point. And basically I was told a little bit about what I was expected to do during the ceremony.

When we got there, we went through the Vatican. Underneath the Vatican there is a large room that I described to you when we talked before. It has 13 catacomb chambers leading into it. And what they do is as you go down these steps into the room, you can see that it's circular, so they're all rounded. They bring out the mummies from the catacombs. And they set them beside each one [each of the 13 catacomb chambers], and they say "That's the spirit of the Fathers watching over the ceremony."

During the ceremony, there was a large table in the center of the room. It was on top of this huge golden pentagram. They had a ceremony there.

GS: So how many kids, how many other children were with you being inducted into the Family or the Order, as they call it?

SV: There were two other children at that point. But there were several adults too.

GS: Okay.

SV: See, the Church also brings in adults to swear their allegiance, too, just so you know. I was told, and I don't know if this is true, that if you want to rise to a certain position within the Catholic Church hierarchy, you do have to go through that ceremony as well.

GS: Okay, so you're down in this room. Your parents weren't present.

SV: No. No. The German Father and the French Father were.

GS: Okay, and at that point tell our listeners what you witnessed.

SV: (pause, additional voice stress) Well, there was a table. It looked like dark glass in the center of the room. It was made out of a stone, but it was very shiny and darkened black. It may have been something like obsidian or onyx, I'm not sure. This was the only time I've seen stone like that.

Around the corners it had these gold channels that, you know, collect fluids. A little boy was placed in the center of the table and drugged. I think he was drugged, because he was very quiet. He didn't move or say anything.

GS: This was a little three or four-year-old boy, right?

SV: Yes. Yeah. Yeah.

GS: Then they continued to do a child sacrifice.

SV: Yes, they did. Yes. I told you about that before. Yeah.

GS: Now afterwards, quite, what an unbelievable experience for a youth, a 12-year-old. What went through your mind when that happened?

SV: I was terrified! I mean, I was absolutely horrified. I... I... I... I can't describe the terror you feel when you go through something like that.

GS: And do you remember the words they were saying as this was going on?

SV: (pause) The man was in scarlet - he was speaking in Latin. And basically he was saying, "Please accept the sacrifice on this day." And then he said, "This sacrifice will seal the ceremony." And then he did it.

Again, I was so terrified that... (sighs) Have you ever been in a situation where your heart's racing, but you can't do anything? You're just kind of sitting there, and you're kind of fading in and out?

GS: Well, I can remember as a youth being frightened, but I don't think I've ever...

SV: (crosstalk) No. All right.

GS:... had anything quite like what you've had.

SV: Imagine your heart rate going up to about 220. You can't move. You're kind of shaking, but you're trying not to show it.

GS: Mm hm.

SV: It was horrible. Actually, I keep thinking inside, "I can't wait 'till it's over. I can't wait." You don't say

this, but inside you're just saying over and over, "I can't wait 'till this is over. I can't wait 'till this is over. I can't wait 'till it's over."

GS: Mm hm.

SV: Afterwards, the man in scarlet, he had a huge golden ring on his hand. He came over to the center of the room. Each of the people that were swearing that day had to go forward and kneel before him and kiss his ring, and swear my allegiance to the New Order, to the New World Order for all... until my death.

GS: Hm. Now at that point you were escorted out.

SV: Yes. Yeah. After the ceremony was all over. I mean, the other people also did theirs as well. They had to swear their allegiance too.

GS: And they were the same age as you?

SV: The two children were, but there were also three adults that went forward and did the same. And afterwards, we were told, (slowly and precisely): "May the same to you or worse occur should you ever break this oath."

GS: Hm. So it's basically... whew! Imagine at that age, what [this would do]. And you weren't really prepped for this, were you? You were told there was a ceremony, but you didn't expect anything like this, from what I've gathered talking to you.

SV: It was very difficult to go through, just because the sense of horrific oppression down there was the worst I've [ever felt.] I've gone through some ceremonies in my life in the Illuminati, you do go through them. But I have to say that in my experience this was the worst, just because... I can't explain the amount of darkness in that room. It was just pure evil. And unless you've ever been in a... seen a person... it was just horrible.

It wasn't just what happened, but just... I mean, the oppression. And I'm a Christian now, and I know the difference between when there is evil present - oppression - or when God's love is present, which is joy and peace. That's the exact opposite of what there was in that room.

GS: Now you know what I find quite interesting about this? About 25 years ago, I was a reporter and a freelance writer in Rome, and I spent six years there. I walked through the Vatican many, many times... hundreds of times. I covered the papal addresses, things like that.

During that time I was there during a Vatican scandal, which involved the Church bank and other things... members of the Illuminati, the Freemasons. I was approached by a woman, Maria Vendital (ph), and I'll never forget this. Rome's a small town. People knew I was covering stories about the secret societies, things like that. I had to ask people.

Well, this woman came up to me and told me similar stories. She wasn't quite as specific because she couldn't handle it without breaking out crying, and tried to commit suicide twice because she couldn't get out of the Illuminati. She was a member, born into it from a very wealthy northern Italian family. She told me basically the same ceremony took place with her.

And so, when I started talking to you, I wanted to relay that to you, and also to relay to my listeners that I also heard about this, 25 years ago, from a woman by the name of Maria, and several other people in Italy that I talked to. I was never able to locate or really, probably for my own safety, ever find out what happened.

But again, Svali's corroborating a story that I heard about 25 years ago. We'll get back after the break with this incredible story of a member who is now out of the Illuminati, out of the group and safe, on the Republic Broadcasting Network.

[commercial break - Resume at 23:15]

GS: Okay, we're back on the Investigative Journal. I'm your host, Greg Szymanski. We're talking to Svali, a member of the Family, the Order, the Illuminati, for thirty years.

Svali, you leave the induction ceremony. You walk out into the Vatican courtyard with one of the fathers, I believe. What did he tell you then?

SV: At that point he just told me to never forget. He told me that I had performed well during the ceremony because I didn't scream or pass out or anything like that. He said "You did very well," and he was pleased. Then we stayed at a home nearby. It must have been a local person. I didn't know them. We spent the night there before we went back to Germany.

GS: Okay, and what about the other people during the ceremony. How did they handle themselves? Do you remember?

SV: (sighs) I'm going to say, unfortunately, I was so... when you're in that kind of situation, the last thing you're thinking about sometimes is what the other people are doing. (Laughs) I was just so trying not to lose it myself. I do know that no one screamed or shouted or anything like that. Everyone was quiet. I think to say 'dead silence,' is, unless the person was spoken to, true - or unless they had to go forward and kiss the ring.

GS: All right, let's move on. I think we've, uh...

SV: Yeah.

GS: A question I've wanted to ask you, and this is such a wide subject. I've had a chance to talk to you for a number of days, and I've done some stories about it.

You go back home, you're twelve years old. You say you were schooled in the twelve disciplines.

SV: Yes.

[12 disciplines, from Svali's online book:

1. To not need. 2. To not want. 3. To not wish. 4. Survival of the fittest. 5. The code of silence. 6. Betrayal is the greatest good. 7. Not caring. 8. Time travel: " The child will be taught spiritual principles of "traveling" both internally and externally, with set ups, role playing, and guided exercises reinforced with trauma. The goal will be to reach "enlightenment", an ecstatic state of dissociation reached after severe trauma."

9,10,11: "Sexual trauma, learning to dissociate and increase cognition, decrease feeling." (Details of these 3 steps vary according to child's future role in the cult. These roles include Informers, Breeders, Prostitutes, Pornography, Media personnel, Preparers, Readers, Cutters, Chanters, High Priest/ Priestess, Trainers, Punishers, Trackers, Teachers, Child Care, Couriers, Commanding Officers and Behavioral Scientists.)

12. Coming of age ceremony (Vatican underground sacrifice).]

GS: So your life begins, and you know now you're in some type of organization that is very different than what most people experience. Tell us... I guess what I want to do is leave it open to you to begin. You've written so in-depth on this story. I'm just going to give you the microphone and let you begin. Tell the listeners what you think is important about your original training, about the group and about many things that I know people want to know about the Illuminati. Go ahead.

SV: Okay. Well Greg, first I want to say that my purpose in talking about this is not to glorify evil. There are very wicked people out there, very powerful people. I don't want to at all magnify their power, but I do want people to know that this is real. These people exist. People who say there are people out there that are involved in these activities... it really happens.

I also, because I know that there are children being hurt in the group every day, and that's my motivation for coming forward.

I don't like giving interviews for obvious reasons. I am willing this one time to lay aside my privacy and personal safety because these people need to be stopped. They need to be stopped.

GS: Okay. SV: Okay? GS: Go ahead.

SV: Normally children in the group are born into it. The Illuminati very rarely does outside recruitment. That's not their main method. It's just passed down generally, generationally from father to son, and mother to daughters to children. And so the whole family line has been in it.

Throughout the centuries people have tried to escape, but a lot of times they were either poisoned, murdered or set up to look like a suicide. They don't like it when people leave, and they try to make it very difficult - simply because it looks bad. (slight laugh)

They go through an enormous amount of training, from the time they are an infant. You undergo indoctrination. And when I say indoctrination, I don't just mean like cult programming so much as watching your parents and seeing what they do.

My parents modeled their behavior. To them the group was very important for growing up. I saw that three times a week, everything was dropped to tend to the activities. Okay?

GS: Okay.

SV: Basically the training process is designed to help you take on your adult role in the group. The Illuminati cover so many levels there too. It goes all the way from what most people think of as a satanic coven type thing, at the very low local level, all the way through... it's a huge, enormous business corporation.

At the mid-levels, you have people overseeing finances and administration, who are overseeing... I mean, these people are making a LOT of money through gun running, through white slavery, prostitution, pornography. They have links and ties to the Mafia, left and right. And, in fact the mafia are afraid of them. (Laughs)

GS: Hm.

SV: Yeah. (Laughs): Well, think about it! Because they know that you don't cross the members of the group. They have a very spiritual orientation. They are not satanic, though; they are Luciferian, which is different.

The ultimate goal of their spiritual philosophy and their sense of discipline is they believe that should you complete all of your training, you become a god. That is their actual end goal. They believe in the achievement of Godhood - of Illuminist philosophy - through what they call Enlightenment, or Illumination, which is how they got their name.

GS: Mm hm.

SV: They are international. In Europe there are twelve fathers who sit, who represent the different nations of Europe. They are very expectantly awaiting He Who Is To Come, and during that ceremony in the Vatican, (bumper music starts) on my knees I had to swear my allegiance to serve He Who Is To Come. They believe that the coven...

GS: Svali, can you, uh, I have to take a break.

SV: Sure.

GS: We'll continue with the massive organization, your role as a mid-level person in the Illuminati on the Republic Broadcasting Network.

[commercial break - resume 33:27]

GS: Okay, we're back on the Investigative Journal, and I'm talking with Svali. Svali, why don't we just pick it right up where we left off at the break. You were telling us about this hierarchy that starts with twelve fathers. Can you just run that down for us so people know exactly how this group is organized?

SV: Sure. At the top levels, it's in Rome. That's the power center or the heart of the Illuminati, where the power base is. And that's why all leadership must swear fealty in Rome, because that's considered the core of, the spiritual center of the Universe. That's how they view it.

From there, in Europe there are twelve fathers - one for each country in Europe. When I was younger I had to also meet with the fathers at one point and kiss the ring, and go through another ceremony of allegiance to them as well.

In the Illuminati, the European Fathers rule over what are called the different houses. For instance, if you are from Germany then you belong to the German House, if you are from France you belong to the French House - they call them Houses. UK, Russia, Poland, Belgium, Spain, Italy and others.

From there, America was considered a mission field for them. In the 17, actually in the 1600s, Pittsburgh became the first port of entry for them. That's where they first settled. That's why it's still considered a spiritual power base for the group on the East Coast in the US.

GS: You know, I did want to mention one thing. A caller / listener / reader of your stories sent me an email, and said, "Greg, check into the reason why President Bush, right after being elected, went into and talked to a Masonic group there." I found that quite interesting.

SV: Oh yeah.

GS: Go ahead.

SV: It's the spiritual power base for the group. From there, it spread out across the Atlantic seaboard, and then throughout the nation. The nation is divided into many regions, multiple regions but seven main regions. The East Coast region has its spiritual power base in Pittsburgh, but the administrative power base is in Alexandria, Virginia. That's where they administer the finances during the day to day operations.

The West Coast, or the West region, west of the Mississippi, has its power base in the San Diego area.

GS: And that's where you spent a lot of time, correct?

SV: Yeah. Yes. I was sent from, the Alexandria Council sent me to San Diego to help them out.

GS: Okay, go ahead.

SV: Those are the two, of course, main regions. And then each of those regions are divided into sub-regions.

So then you have your Regional Councils sitting over those, and overseeing activities. If you can think of the structure of a large multinational corporation, that's really how the Illuminati is structured. Then beneath each of the regional councils are your local councils. They call them sister groups or sisters, or your local councils. Then you have your local groups under those as well, or what they call the sister groups.

Any major metropolitan city could have anywhere from five to fifteen groups, depending on the size of the population base. Or more.

GS: Now you were saying that, how many people are in this group in America now, from your estimate, of knowing a lot of this stuff? Go ahead...

SV: Pure Illuminati, I would say about one percent, give or take, based on population.

GS: So it's a fairly huge... big organization, correct?

SV: Yes.

GS: Now their goal, basically. Just give us the broad overview goal, and then I want to get into some of these, you know, your role in it, and some of these ways that the Illuminati makes money that you learned

about.

SV: Yeah.

GS: Go ahead.

SV: You know, when you say "To rule the world," it almost sounds laughable - like "yeah, right", you know. I think people get ideas of thinking or wanting to rule the world. But really, that is their goal. They believe that they are the intelligent leaders, and they believe that the rest of the world are sheep that need wise... They see themselves as wise leadership. So they believe that their goal is to rule the world.

GS: Mm hm.

SV: But at the same time, they have occult ways of doing that. Their main way of doing that is behind the scenes. They believe in infiltration of the media, of education and of government - those are the three areas - and of the financial system. And they have successfully done quite a bit of all four throughout Europe and the US, as well as other countries.

GS: Now you said that they, basically the Illuminati is divided into about six or seven groups, and everyone is born into a group. Could you outline what those groups are?

SV: Well no, it's all one group, there are just different levels.

GS: Yeah, that's what I mean. Like the Sciences, the Government, or...

SV: Oh. Oh. Okay. The Illuminati is divided into different branches of learning. These branches include Sciences, Military, Government, Leadership, Scholarship and Spiritual. Those are the six branches of learning. And while all children need to undergo some training or teaching in each area, as they get older... They begin profiling you from infancy, and they know where your activities and abilities are. Then you're, you really go into... Most people specialize in one branch or possibly two branches of learning.

GS: And you were involved in what branch?

SV: I was heavily involved in Sciences, and also to some degree I did some Spiritual as well - but mainly Sciences.

GS: Just to backtrack one minute, these twelve disciplines. As a child, you were rigorously trained in this, correct?

SV: Yes.

GS: Okay. And what were those disciplines?

[1. To not need. 2. To not want. 3. To not wish. 4. Survival of the fittest. 5. The code of silence. 6. Betrayal is the greatest good. 7. Not caring. 8. Time travel. 9,10,11: Sexual trauma, learning to dissociate and increase cognition, decrease feeling - details of these 3 steps vary according to child's future role in the cult. 12. Coming of age ceremony (Vatican underground sacrifice).]

GS: I mean, if... You don't have to go through each one of them, but what primarily were you taught?

SV: (pause) I think the best way would be to give you an example of just one type of training that they do.

GS: Okay.

SV: I was two years old. I was left in a room for probably a 24-hour period. When you are that age it is hard to estimate, but it was a long time. I know that the sun did go around (laughs) at least once, and it wasn't just like a few hours.

At that age, when you are two and you are left alone without food and water, you are terrified. And at the end of the time, I was just dying of thirst. My morale was just... I have never been so thirsty in my entire life.

My mother walked into the room. A lot of times they have the children, you know, or the parents train the children at these early ages. There was a table in the middle of the room and I was sitting at it. She brings in this cold pitcher of water and she starts pouring it. I said, "Mom! I want a drink of water," and she slapped me out of the chair. (pause)

GS: Hm.

SV: And I remember crying! And as I'm crying, she's drinking the water in front of me, and she leaves! She takes the pitcher of water. And a couple of hours later, she came back in and did the same thing. And I said, "Mom, Mom, I want water!" And she slapped me! I mean, across the room.

After this had happened about three times, luckily I was bright enough that by the third time she came in, I mean, I remember crying silently, but I just looked at her. I didn't ask.

After she got up and left with the pitcher, a man came into the room. He said, "You did very well that time." And then he gave me a drink of water.

GS: Hm.

SV: That was part of the "learning not to want" stage. Looking back on it, I realize now as an adult that the part of that training was to teach me not to recognize my own physiological needs and respond to them, but to look to outside people to tell me what I wanted or needed. Which is what...

GS: Now you basically, you told me you led a dual life in the Illuminati. That's basically how they function.

SV: Oh yeah!

GS: You have a day job, and then at nighttime you're quite busy sometimes with the cult activities, correct?

SV: Yes.

GS: Okay. What I wanted to get into... you were talking about these groups. I remember I mentioned to you, you said you had these meetings three times a week. I said, "Well, what about if I wanted to go and visit, and maybe do a story about them?" What would happen, or how could... would I be able to find one of these meetings that were going on, in your area of Escondido?

SV: Well no, because of the security measures. And A), you really don't want to show up unannounced at a meeting if you could get through their security, because the chances are you would never make it out alive. Let's just say that a certain auto accident would occur, and be reported in the papers: "Unfortunate accident - man accidentally runs into tree." (Laughs) I mean, I'm serious!

The security that they have during group meetings is so intense that it would be very difficult. They have security at the one-mile perimeter, the three-mile perimeter and the five-mile perimeter. They have three people assigned. Usually one is up in a tree where you can't see him at the five-mile perimeter.

GS: Mm hm.

SV: And then you have one person who is standing, looks like a security guard for the estate, because these are often large, wealthy estates, which is appropriate. He is dressed in a uniform. The third person is standing hidden behind a tree. As cars come through, and they come through the gates - remember these are gated estates.

GS: Mm hm.

SV: So if it's not someone on their approved license checklist, they will stop the car. It's just like at a military installation. They will say, "Can I help you? Are you lost?" Their goal is to delay the person. Now if a person is saying, "Oh, this is blah blah blah," and they are just asking for directions, they will give them directions, be very pleasant and send them on their way, to where they are supposed to be going.

But if they are acting as if they want to go further into the estate, and this is not an okay person, then they will say, "Uh, all right, well HE'S NOT EXPECTING YOU." That's a code word. That tells the person either behind, up in the tree, or hidden further back - they radio ahead and they say "UNEXPECTED VISITOR."

At that point, everyone has been trained to pick up and leave immediately, within five minutes - with no traces of the activity.

GS: So this is some of the methods they go through so you don't get caught. I know that you wrote an article about why the cult doesn't get caught.

SV: Oh yeah.

GS: It's pretty specific. You have so much stuff here, and we can't get into it all in two hours, so please pick and choose what you think is most important. But I find that to be interesting - why the cult doesn't get caught. Is there anything in just a brief time you could explain to us... that?

SV: Well, their security, their money, their influence. Some of these people even own newspapers. Imagine trying to get a (laughs) article published, you know, disclosing... There's a lot of reasons why they don't get caught. That's the first thing people ask.

Then my next question is, "Well, how many child pornographers are there out there, that the police have been chasing for years, and have never found or caught?"

GS: Correct.

SV: And they're not even members of a secret organization. They're just trying to hide, you know. So when you consider that...

GS: Now you...

SV: Okay.

GS: Yeah. You were a mid-level person in this organization, a head trainer. We're going to get into those specifics in the next hour. But you know, what did you learn about the infiltration of this group into all our different areas of government and media? They are basically at the high levels of most of our financial institutions also, correct?

SV: Yes.

GS: And that is a great way to pursue their goal. I guess I've got to ask you this. How come things are moving a little bit faster in America now? I remember back in the 80s when I was confronted with this, when I came back home I didn't really see this kind of New World Order movement... all this different symbolism that you see now. What is going on, just for our listeners, right now? Why are things stepped up since 9-11?

SV: I believe it's because they can see the fulfillment of their goal... See, I'm going to sound very cynical now, and please forgive me for this, okay? Their goal is to rule the world, and personally I believe that they do - it's just not open yet.

GS: Mm hm.

SV: And they say they're now preparing people for when they disclose themselves openly. Does that mean that they can't be stopped? I believe they could. I believe it would take a miracle, because of the amount of infiltration I see at all levels of society, and the world. These guys, these people have a lot of money. They have a lot of influence. And your average person has no idea of how much is going on behind the scenes that no one understands.

But, with that said, I think that they're already there, they just aren't open. These people just don't know where they're going! (Laughs) If they did, I think the average person would be horrified to know how much is going on behind the scenes that people really don't know.

GS: Yeah, and the point of this interview, one, I had two goals...

SV: But... But you see, I don't want to sound disparaging, because I am also a strong Christian. I have faith in God, and I believe through prayer, and through people knowing... I mean, I would like them to be stopped. I just don't know, at this point, how do you take on the financial institutions of the world, the major oil enterprises of the world, you know? (Laughs) That's the question! (Laughs) You know?

GS: Yeah! You know, it is a difficult question. Now you're in the mid-level of this group. You worked your way up to a head trainer, correct?

SV: Yeah... Yeah.

GS: Now what did you learn... Before we get into specifics, you outline some in of your writings, the big money-making... the ways this group makes its money. Can you go over and outline some of those methods?

SV: Again, if you can think of an illegal activity, they're probably involved at some point. Maybe not overtly, at the point of where the actual money is first shaking hands - but when you have child pornography, prostitution, white slavery, gun running, gambling, then at some point where the money is changing hands, buffered by about four layers of people, there's going to probably be someone from the Illuminati involved at that point. These guys have their fingers in everything.

GS: Now...

SV: Uh...

GS: Go ahead.

SV: But they also use legitimate means. They launder their money. When you have a lot of money, you have to do something with it. And so, these men don't come in and say, "Hi! I'm a member of the Illuminati and I want to run your bank." What they'll do is they'll quietly come in and become a quiet investor, start buying up shares. And over a period of maybe, almost a lifetime, they will get a controlling interest in the bank, or become a very... you know. Or maybe in their son's lifetime.

That's the other thing about the Illuminati. The Illuminati do not see it as "This is what must happen now, in my lifetime." These people have goals that last for centuries, for two centuries. They are very, very patient.

GS: And that's why the specific training of the children is so important, correct?

SV: Yes. It's to teach you PATIENCE. Everyone knows, growing up in the group, we may not see the coming order disclosed or open or revealed in our lifetime, but our children or our grandchildren may. So they will spend their entire life trying to bring about the goals of the organization.

GS: (Chuckles) Hm. Incredible. So now you're in the mid-level. I can see now where they used these programming techniques, the different mind control techniques. We have a minute before the break. Just kind of whet our interests about how you... what your specific role was.

SV: Well, they did a lot of what you might call human experimentation. And they had a lot of research protocols going on. So one thing I did was to supervise the research going on. I was teaching the younger trainers and head trainers how to do things more efficiently, how to do their job well, but also reviewing their research reports for errors or problems.

Eventually I became kind of a consultant. If a problem occurred, or they didn't know how to install something, or if they needed assistance, I would help them with problem solving as well.

GS: Okay, Svali, I'm going to have to take a break. We'll be back in three minutes. We'll continue, on Republic Broadcasting Network.

[commercial break - resume 54:24]

GS: Okay, we're back on the Investigative Journal. I've got a short four minute segment here, then we'll take a break and come back with Svali for a whole [additional] hour. We're talking about jobs in the Illuminati, the practical daily jobs that these members of this group, who are infiltrated in America heavily... what they do. Now one thing I find interesting, Svali, knowing the media... I'm not going to name names or anything, because I don't have any specific information. But I find it interesting.

Doing some background checks on a lot of the top media people in our country, they all come from these very wealthy families. (Laughs) Now that's not the typical MO for a journalist. A journalist is somebody who grows up on the street, wants to talk to people, I can think of Jimmy Breslin, guys who never went to college, didn't know how to type, and just got in there, took their tie off and started writing stories.

But you know, as you look at the media now, there are all these silver spoon kids - growing up with silver spoons. I find that quite interesting. How deeply infiltrated, from your knowledge, are they in our media?

SV: Wow. Pretty... I do know, uh, fairly deeply. I remember that when I was in San Diego on Leadership Council during meetings, they would laugh about how people had no idea of how much they were being influenced and didn't even know it. They found that kind of amusing, which is... I mean, that's the mindset of people in the group, though. They're like, "The sheep have no idea that they're being led by the hand."

And they find it amusing, because they show it as evidence of... I mean, I'm just describing what they say, I don't agree with it now, but they saw as evidence of the stupidity of the m... of the average person - that they have no idea.

I'm not saying that every news story or every newscaster is a member of the group... by no means. But, they specifically do teach and train and educate children that show an aptitude for the media, because they want that. And if the person has a bright, charismatic personality, and presents well, then that child will go into that, if they have their verbal communication and other skills required.

GS: Well, you know, that could explain why a lot of our stories really never get covered, outside of the influence they have financially and the ownership of the media.

SV: (crosstalk) That's absolutely not by coincidence.

GS: What's that?

SV: Not at all a coincidence.

GS: Yes. That's a good idea, folks, why you're not getting the news from those outlets. Not only in our government. It explains a lot of things. Look at the war in Iraq. Look at the evidence there that shows what is wrong. Look at what they're doing in Iran right now. I mean, it's incredible. All this stuff is pretty obvious, people. There's something behind it. Svali is here trying to explain this organization from her knowledge, and it is quite, quite a story.

I know this idea. You were involved as a trainer of mind programming? I mean, this is just, I'm looking at some of the chapters in a book you have yet to publish [in paper book form]. We're talking about brainwave, color control, metal, jewel programming, programming link to stories and movies... I mean, it goes into suicidal programming.

In just a minute here before our break, can you kind of break down what you learned about the importance, well, oh! We've got to take a break, Svali, sorry. We're going to do that quickly, then we'll get back to you. We're talking to Svali, regarding her role as a head trainer in the Illuminati, the American Illuminati. We'll be back, on the Republic Broadcasting Network, in two minutes.

[END OF FIRST HOUR]

GS: Okay, we're back on the Republic Broadcasting Network. One more hour. We're talking to Svali, and she was a head trainer in the Illuminati.

Svali, what type of programming do they actually teach you, and how do you learn these different techniques?

SV: Well, you're taught from childhood on. My training in how to be a programmer started very young. I was mentored by another programmer at the age of 5, by a doctor at George Washington University. Not only did he do the programming on me, but also taught me how to do it to others. The types of programming... again, that could be a whole ten-hour segment to go into depth. From the time a child is an infant, all through their life basically, they are tested, they are profiled. Trainers can create a psychological profile, and then they update it frequently.

Basically, they are trying to install in this child the ability to obey, loyalty to the group, and the ability to do their job within the group.

Now those jobs vary in complexity. You may have on one side a child trained to be a prostitute. On the other end you may have a child trained to become a governmental figure, which is a lot more complex programming.

But as long as the loyalty to the group is instilled, and that is the first and foremost programming always installed, then no matter what their eventual role is, they will remain loyal. And that becomes their first loyalty. Whatever nation, whatever their public role in life is, their first and foremost loyalty will be to the group, and to serve its goals - whether they know.

A lot of times, the goal is [also] to be able to help the child create that complete division between their day role and their night role. So a pleasant, charming, wonderful, kind person in the daytime could be an absolutely cold, ruthless person at night - or during the day, you know, it's also during the day they do it.

Then you may have a housewife with children who goes out and completes a courier job for the group. And no one would ever suspect her. Who is going to suspect [that] this lovely-looking little housewife with a baby in a car seat is actually carrying some valuable documents?

Again, the first and foremost other thing was to instill loyalty, and they want to discourage people from questioning orders. They really don't want you questioning that, and they want you to obey their directives. Should people show signs of not doing that, then they go on for tune-ups. Actually people are being programmed all through their life. We used to call them tune-ups. It's a lifelong process for members of the group.

GS: We have a minute here before our break, and we'll get back and get in depth into some of these areas. But what went wrong with you? I mean, the dropout rate probably is very low...

SV: Extremely low. (laughs)

GS: ...considering the number of, considering the training. But what went wrong with you? They somehow missed something.

SV: When I was very young I absolutely believed in the goals of [the group]. You never saw a more loyal group member. I thought that they were saving the world. I thought that we were doing a wonderful thing. But the older I got, I started to see the methods that were being used for so long, and that the ends do not justify the means. I became increasingly cynical, partly because I saw what I was doing to people. I was lying to them. I was manipulating them. I was telling them things that weren't true. I remember questioning this, thinking, "I was told lies as a child too, then. I was manipulated."

GS: Wow.

SV: And finally you start to question, as an adult, the things you were taught. (bumper music starts)

GS: Okay. We're going to take a break, Svali, we'll be back in three minutes on the Republic Broadcasting Network.

[commercial break - resume 8:27]

GS: Okay, we're back on the Investigative Journal. Svali, I wanted to ask you a question. Before we get into how you finally left the group, and what happened to you afterwards in your life now - tell us. You wrote an article that is very interesting - A Day in the Life of a Trainer for the Illuminati. Tell us what you went through in a normal day in your role at the Illuminati. Go ahead.

SV: Okay. Basically I would get up. At the time that I described in that article, I was teaching at a Christian school. And so I would get up, I would get my two children dressed and ready for school. Just like a normal mom, you know, go through the day, come home. We'd have little friends over and play, and stuff like that. Then, you know, have dinner. I was a good mom. I was your average American housewife - on the surface.

But underneath the surface, then my husband and I would remind each other on nights when there was a meeting. And then what we would do is when we would go to sleep, I had programming in place that would allow me to wake up within ten minutes of the specified time. If I knew there was a meeting that night, I would wake up ten minutes before it was time to get ready and go. A lot of times we would even go to bed with our clothes on. And I never really thought that was abnormal, you know?

GS: Mm hm.

SV: I thought everyone went to bed with their clothes on. I didn't even question it, you know, on nights when we had meetings. I thought, "Oh, it's warmer." (Laughs)

GS: Okay.

SV: And then we'd get up and go, and drive to the meeting. I was also very involved in Military in San Diego. In fact the group has a lot of military orientation. So on top I would take the kids to their area, there was an area where the kids would go and change. They had a room and we would have like baskets of clothes, and we would change our clothing. You'd pick out your clothing, it had your name on it, and put on your uniform. Or whatever you wore that night. The kids would wear these little miniature military uniforms.

Then they would go out and do their training exercises. They were learning how to march, how to shoot. All kids in the Illuminati, at least in that area, know how to take apart a gun, put it together and shoot with deadly accuracy by the age of eight years old. Martial arts, there's a lot of martial arts training. Sometimes I'd help supervise that, or fill in if there's a military trainer [who] was [absent]. Everyone had to be - there was a lot of cross training. But most of the time I supervised the training. I would be working on implementing programming, or what we'd call tuning up - reinforcing previously installed programming in adults.

At that point I was normally supervising the younger trainers. They would be doing it, and I would be there watching and making sure they did it correctly. Or I would be also evaluating whether - sometimes every once in a while we'd be working on something that was somewhat experimental, and then I would be taking a more active role, assessing the person's responses to the new protocol, recording it and if there was any difference between established parameters for that protocol or expected responses, I would be flagging that.

GS: Give me an example of someone you were working on. What... how would they be introduced, what would be the reason? Would they be military, what is, how does someone get sent to you?

SV: No, these were all members of the group!

GS: Oh, okay.

SV: Oh! I can tell you that in San Diego, twenty percent of the active members of the group were active military.

GS: Okay.

SV: Okay? And think of military intelligence. Think high-ranking officials, colonels, (laughs), commanders. My ex-husband was a lieutenant commander in the Navy, getting ready to become a commander, okay?

GS: All right.

SV: These are not stupid people.

GS: So you were basically working on the programming of the members involved.

SV: (crosstalk) Yes. Oh yeah. Yeah.

No, we didn't program people who were not members of the group. You CANNOT install significantly traumatic mind-control programming in a person who is not a member of the group.

GS: (crosstalk) Good.

SV: Now there are certain... what you can do is what we call passive programming, which is basically through media means. If someone's watching a television program, they go immediately into alpha state. Everyone in the group, even a baby in the group knows that, because these people are very much into behavioral psychology. That's a trance state, almost, a very relaxed state where messages can be implemented.

And that's why I very strongly suggest people be very careful about the TV shows they watch! That's all I will say about that.

But no, you cannot take an adult who is not a member of the group and do what we did to them. They would go psychotic, or they wouldn't survive it, probably. They wouldn't be able to psychologically handle it.

GS: Tell us some examples of what you were doing. Program techniques.

SV: (sighs) Sometimes, (sigh) it would involve, normally we would start with a hypnotic induction or even sometimes we would inject a medication. A lot of times especially young children have a lot of fear when they are going into programming, but adults do too. We want them to relax. We give them a very short-acting medication to relax them.

We would then invoke a hypnotic state in them. If it was an older person I would be checking that the codes are already installed. If I was getting ready to install programming in like a young child, I would tell them, explain to them very patiently exactly the behavior expected. I'd say, "I want you to do this, and this, and this." I break it up into steps. Then I'd say, "First we're going to practice this."

I would show the child what I want them to do - I would model it. I would then tell the child, "DO IT." The child would then do it, okay? But, normally they won't do it well the first time, so she would... she or he would get shocked. That was called, because the group very much uses what they call positive and negative reinforcement. Okay?

If a child did not do it perfectly the first time, they are shocked. That's the negative reinforcement.

Then I would say, "DO IT AGAIN." They would show me the behavior.

Now at this point we start associating the behavior with an external stimulus or cue, too. Now a lot of times a child... If this is a behavior, though, that we want associated with a specific code, the child will often then traumatize very heavily first, to create a fragmentation in their personality. Then the behavior and the associated cue are given.

You might hear a tone, like "ding ding ding." [I say,] "All right, I want you to do this." Ding ding ding. The child hears the tone, they get up and they do the behavior. Once they can perform it perfectly, they are rewarded with praise. Good job, or a hug. Children like hugs, or something like that.

Then you do it over, and over, and over. That's why trainers have to be very patient people. Because then maybe after the child has done it fifty times, then they hear the cue, they get up, [and] they do it. It's not even a conscious [decision]... it's reflexive. At that point it's considered installed.

For very, very important programming, I'm talking about like end-level assassin programming, because we did train people how to assassinate people, and that's a whole other topic I don't want to go into here...

GS: Okay.

SV: We would then do a ritual to seal the programming afterwards.

GS: (Final-sounding) Okay.

SV: Okay?

GS: Just something, I was looking at some of your articles. One was "Christmas in the Cult." Just to get off on a different subject here...

SV: Sure.

GS: You say this is quite different for you, when you were growing up, than it is for most children. Can you just kind of briefly tell us what you meant by that?

SV: Yeah, um... (sighs) I mean, we had trees and presents and things like that. But for most children, Christmas is just happy time, you know, lots of presents. But in the group, there are some very high ceremonies that are celebrated. Several times, in fact many times, I flew into Germany. And there, there wasn't a Santa Claus. They had a figure called Father Yule...

GS: (crosstalk) Mm hm.

SV: ...who represents Christmas there. But he is not the kind of benevolent Santa that you see here. This is a man with a golden scepter dressed in a white robe and a golden sash around.

I was once at the German Father's house, where there was a gathering with children and adults, and Father Yule was present. He raises the scepter and basically strikes down a child in front of everyone.

GS: (laughs in disbelief) Oh my God!

SV: I know!

GS: (shocked) He strikes down a CHILD? I just...

SV: I know. Yes. He struck down the child with his, his scepter. And that... that is not what you call a happy Christmas, you know?

GS: No. (sighs)

SV: And at the same time, yes, we did have a tree, you know, and fruitcake and all that, and decorate the house, but there is another side to Christmas. It's, it's...

GS: (in shock) You know, I'm just listening and I just can't believe, you know, we're, you know, we have leaders in our country that have probably gone through this kind of stuff. I mean, uh, it's just incredible, this group. I know they've been around for a long, long time, thousands of years, and gone through it, came here. George Washington was a 33rd degree Mason...

SV: (crosstalk,) Oh, YEAH!

GS: ...and we go on. Uh, the quest... you know, I just, I want you to understand, just from my point of view, I just wonder how... you know, you write a story, "The End of the Illuminati." How do we get rid of these people? I know, you're out of it. You couldn't take it any more. You think we can inspire more mid-level people to just LEAVE, like you, so they have no one to DO this kind of INSIDIOUS... CRAZY... PROGRAMMING and lifestyle! What do you - what do you think?

SV: Well, I believe that, as strongly as a Christian, that it's a spiritual warfare as well as an emotional and psychological warfare. I believe that, by the grace of God.

But I will also say that when I was in the group, a lot of the members are not happy. You have people in the group that are there because they love it, because they believe in our goals, they are totally dedicated. But to be honest, a lot... I often knew as many people who would have left in a minute if they

thought that they could get out, and make it.

GS: You know, about your husband, uh, just to break in and then go back into that. Do they marry you to somebody in the group, or is that forced on you?

SV: (crosstalk) Yeah. Yeah. No. In the group, the marriages are always arranged, in my experience. In my 38 years in the group, I never knew of a couple, in the Illuminati, that did not have an arranged marriage. It can't be...

GS: (crosstalk) You just mentioned a couple that I, I suspect. Clinton and uh, Bill and Hillary.

SV: Oh, well, YEAH! (Laughs)

GS: (Laughs)

SV: YES! Definite. Definite.

GS: Yes. Bill?

SV: Yeah.

GS: Go ahead.

SV: Yeah. A lot of times, these marriages are arranged for compatibility, but also for bloodlines - to bring the right bloodlines together.

GS: Okay, good. We're going to be back in three minutes. I want to continue this, and then we're going to get into Svali's life after the Illuminati, on the Republic Broadcasting Network.

[commercial break - resume 23:17]

GS: Okay, we're back on the Investigative Journal. I'm your host, Greg Szymanski. And let me tell you, as an interviewer, and someone who has researched the Illuminati for a long time... it started way back when, when I was a young reporter in Rome...

It's a whole different ballgame when you're actually talking to someone with experiences like this. It takes it out of that realm of what is quasi-fiction fact, into the realm of reality. It's - it's really shocking.

And, uh, I'll be honest with you. This is a story, uh, that folks, you have to listen to - because this is going on in our country. All the things you're seeing regarding our rights being taken away, the police state, the war in Iraq, 9/11 - all these things have to do with this powerful group.

Svali, you know, we're talking about mid-level people. Now we're going to talk about some of the lower-level people. I'm interested in who they are. But you said they weren't happy, but a lot of them probably stay because it's very... I mean, this is a... it's a very lucrative way to live, I imagine.

SV: Oh, yeah!

GS: ...families?

SV: Oh, yeah! That's the main thing, that's one of the factors that keeps people in. The reason more people don't leave is because leaving means giving up your husband, your children, your entire family on both sides, your money. And basically, for a lot of people, leaving the group means giving up everything, and starting out penniless and alone.

Not only that, but you're combating child programming to recontact, to go back, to be loyal, to be a good member.

GS: Mm hm.

SV: And I know many people have tried to leave and went back, because they just couldn't take it.

GS: Do you, uh, do you want to take a phone call right now? Break it up?

SV: Sure!

GS: Okay. Marilyn, in California. You're on the Investigative Journal. Marilyn?

Marilyn (ML): Yes, I've been a part of this. I lost part of it, I've been listening on the Internet. I didn't quite catch it. How did this woman become involved in this Illuminati training?

GS: Uh, go ahead, can you explain that, Svali?

SV: I was taught it from early childhood. I was mentored into it. Trainers in the group are mentored. You work with older adults and they show you, and you are given increasing responsibility. And so by the time you are in your teens, you are basically doing adult training responsibilities. You've been taught for years.

ML: Your parents put you in it, or... ?

SV: Yes, they were members.

ML: Oh, I see, so it comes down through the parents - one parent to another.

SV: Yeah. Or from both.

ML: (shocked) Are they private SCHOOLS?

SV: Through what?

ML: Are these private SCHOOLS?

SV: Well, my children were schooled at private Christian schools. They were all Illuminati. (Laughs) Okay?

ML: (surprised, "Now I get it" voice tone) Oh, you're saying that the CHRISTIAN schools are Illuminati!!

SV: SOME of them are. Not all - but some.

ML: Yeah, obviously.

SV: No, no. The ones that my children in were, specifically. But no, there's a lot of good Christian schools that have nothing to do with the group, but some can be. Now I went to a public school, but what's interesting is, out of three public schools I went to as a young child, two burned down. (sadly): So there's no access to any school records.

ML: (completely shocked) I'll be DARNED.

GS: Marilyn, just to get you up to speed. You're born into this, then you're trained as a young child. You go through an induction ceremony in the Vatican. And this is going on with one to two percent of our population, according to Svali. Very serious, in all levels. Government, and everything else. Go ahead, Marilyn, do you have another question?

ML: Yeah. When you said the Vatican, now that is not a Christian religion, okay? Now I'm a Christian. Catholics is a Christian religion, we look at them as the precursor of the New World Religion. So...

GS: Well, you know, if I may just break in. I grew up a Catholic. I don't get involved in the splicing of the religions. I'm basically stating that when I started researching the Illuminati as a reporter in Rome, and I realized there was a bad portion of the Church, I looked at it. I had to deal with the evil and the good. So that's the way I reconciled it. The evil WITHIN the Catholic Church, at the high level of the Vatican, which seeps down into many, many areas. Go ahead.

ML: Okay, well I won't argue that point.

SV: (crosstalk) Now... Now... Now...

ML: I won't agree with it, but it sounds like you have become possibly Born AGAIN to get out of this? Would I be correct in that?

SV: Yes. Yes. Now I very much... Now first, I do want to say I am not slamming the Catholic Church or the average Catholic. I have many good friends that are Catholics, that are strong Christians. I became a Christian, and that was the only way I could get out. But just so you know, too, a lot of card-carrying Illuminists, well we don't really carry cards, but I'm using that term...

ML: Yes.

SV: ...are members of the Baptist church, are members of Pentecostal churches. It... This... I was on a worship team for a Wesleyan church in San Diego ... in my day life. Okay?

ML: Oo-kay. Uh, yeah. Very, very confused. I mean, I, uh, I think this is interesting. Many people say that the Catholic Church will be the forerunner of the New World Religion. There's some very good books out. In fact, I think you may have interviewed one of these men - the Grand Plan Design by John Daniels?

GS: Uh huh.

ML: You remember that?

GS: Uh...

SV: But, but...

GS: Go ahead.

SV: The average Catholic has no idea of what's going on in the Vatican.

ML: Yeah, yeah. I think that's interesting that, that the average Catholic would not know what's going on. That's just my take on it. (laughs)

GS: Well, I'll tell you something. As an average Catholic going to Rome my first time in 1980, I didn't know what was going on, and I grew up as a Catholic, went to Notre Dame High School. It was quite a learning experience for me.

ML: I think the Catholics, when they find out how evil the church is, stay in it! I mean, they really... why would they want to stay in it? That's what bothers me. I know some good people who are like that. And I don't get it! (Laughs)

GS: Well, the only answer is... it doesn't... (bumper music starts) (laughs) I don't know. There are many Catholics who aren't actively practicing.

ML: Yeah. Thank you!

GS: But anyway, we'll leave that for another time. Thanks, Marilyn. We'll be back on the Investigative Journal in three minutes, with Svali.

[commercial break - resume 33:20]

GS: Okay! Uh, you know, they're not going to get me. That's for sure. My house is anti-Illuminated. It's not going to happen, folks. Just to end that, Svali, before I get back to you, just to end that conversation we had with Marilyn about Catholicism. I look back at it, and I really thank my dad. And I do it in kind of a way, I'm just thinking about it now. I didn't know what the Church was about.

But you know, something strange did happen when I was young. My mom died, and I was ten years old. My brother was six months old at the time she died of leukemia. It was a very, very tragic affair - left my dad and me and my brother alone. And I remember my dad literally took a priest, a head Monsignor in our parish. And I won't even tell you where. Saint John Rebove (ph), right outside of Chicago.

This man came into our house, I'll never forget it. He said that he was going to put ME and my little BROTHER in an ORPHANAGE. My dad literally picked him up and threw him out the door! Literally.

SV: Wow.

GS: And from that point on, my dad never went back to church again. My brother never went to a Catholic school. I of course asked if I could finish, only because I had friends there. But you know, who knows what would have happened, you know, looking back on the craziness that goes on in the Church.

But anyway, Svali, you were talking about, uh, you know something? These people that are too... that do not want to get out because of the financial ties. But let's go back to when you were in the Illuminati. How did this happen? How did you finally leave? Tell us this whole story about you leaving the Illuminati. We haven't touched on that yet.

SV: Sure. Well, I do want to say one thing that I agree with Marilyn on. Without faith in God, I couldn't have done it. I became a Christian, and that was for me revolutionary. It made me question again more of what I was being taught, or had believed all my life. I, for the... I began to realize that what I was doing was wrong. I became increasingly cynical.

I also then started standing up to the head trainer in the county who despised me. He would do things that were just blatantly cruel for no reason whatsoever. I'd say, "You're wrong". Well, people don't like that. (Laughs)

He took it out on me in a lot of horrible ways. I finally made the decision to run. I ran to this... to another state, because I knew that my chances of getting out while still staying in that area with people I knew, surrounded by people who were in the group, was not going to be very good. So I went to another state.

GS: You had to leave your family and everything, right?

SV: Everything. Well, my children were with their grandparents. At that point I thought that was better than them being with my husband. I was going to go get my kids. But my husband then called and he said, "I want to reunite with you." And I said, "Okay, that's wonderful." And I said, "But you have to get help. You have to get some treatment, because we can't go on. You've got to get out of the group." He said, "Okay. Help me get the kids and I'll meet you in a week."

So the day before, he called and said, "I'll be there tomorrow," blah blah blah. And so I was excited, thinking, "Oh, he's getting out, he's getting out, that's wonderful!" Instead, he went... he had gotten the kids several days before. He was lying to me, and I didn't know it. He had gone to a judge.

And the day that he was supposed to arrive, there was a knock on my door. It was a policeman serving me DIVORCE papers, and also a restraining order, saying that I could not come within a hundred yards of my husband or my children.

And at that point, I felt slightly punished (sigh) for leaving the group.

I fought that, and it... (sighs) I fought for four years with a court system that said things like this didn't occur, because my husband would go into court and say, "This woman is psychotic. She's making it all up. There's no way. Ha, ha, ha. This stuff doesn't happen in this day and age." And the judge would say, "You're right." Slam. Full custody to their father. And I had to have supervised visitation for four years with my own children, so that... because I was considered a kidnap risk.

Through a lot of prayer, I had my whole church praying for me here in Texas, and through Lambley Research and miracles, my children were finally allowed unsupervised visitation with me, after four years. During that time, I said to my daughter, who was fourteen, I said, "I want so badly for you to get out". And she looks at me, and she starts going...

(hyperventilating, extremely terrified): "Oh! You shouldn't have said that, Mom! You shouldn't have said that, Mom!" You know? She just... she just freaked out. She just totally lost it.

GS: Mm hm.

And I realized that it was her programming cycling, because she was just terrified. You know, she's like, (terrified, very rapid): "Why did you say that, why did you say that", and I said, "It's okay, it's okay, honey, calm down, calm."

And the following... she was just shaking and shaking. And then finally she said, "Well, I don't want to go back and get hurt." And then I said, "YOU DON'T HAVE TO."

And at that point I faced several prison sentences, but I called my ex and I said, "I will face... I will not let those children go back and get hurt again."

GS: Okay.

SV: And he flew out to get them, and he could have put me in prison at that time, because I was breaking the custody visitation. And you know how strong the courts are on that!

GS: Mm hm.

SV: And I said to him, "Please... Look." Because it was so nice. My daughter and son both said, "We don't want to go back, Dad. We don't want to get hurt. We don't want to do this anymore."

He looked at them, and he said, "I want to go think about it." He went home, and I was praying for him at the time.

And then that night he called me, and he said, (delirious, hyperventilating): "Oh my God. Oh my God." I said, "What is it?" He said, "We've gotta get out! We've gotta get out!" (Laughs) And I said, "YES! You do!" And then he said... and then he made the decision to get out.

At that point he went to a Notary Public. He gave me... he did a legal case document giving me full custody of my children. And then he said he was so sorry for, he put me through, the H, E, L, L he had put me through for years.

GS: Now, have you had any reprisals from people in the group since you were leaving, or any warnings?

SV: Yes.

GS: To keep quiet, or anything like that?

SV: (crosstalk) Yes. Oh, yeah! Oh... yeah, of course! There's one time when I did write one article that named some specific dates and times. I got hurt afterwards, and it made me very cautious. That's why I don't give a lot of radio interviews, and why I don't do a lot of this. That's one reason why...

GS: Well, I appreciate this, because you know, the number of people you're going to help, by... maybe, maybe waking up the American people to what is really going on. Sometimes you can wake up many more people by a person like you, than talking about a hundred million different generalities.

Let me take a call. Chris, in Washington, you're on the Investigative Journal.

CH: (calm, relaxed cadence): Hi. Svali, I just want to say how much I appreciate your bravery, in presenting this information in the way that you are. I've read your website recently. And my question is very simple. Based on the information that you're presenting, I'm wondering what timeline the organization of the larger Family that you're describing has for implementing the New World Order?

SV: Okay. I was told it would occur during my generation. I was told that by the year 2050 that they would be revealed. Now again, their timelines change, though. In fact, I jokingly referred to them as being like the Soviet Union, because you know how they had their five and ten year plans, and then things always got changed? In my own lifetime I saw several different timelines for things that were supposed to occur and change.

But as Greg noted, I've also heard of, from different people, that actually there is a HUGE push in the last few years. It's like, "It's CLOSE. It's CLOSE. Let's make things happen more quickly."

CH: Mm hm.

SV: So I couldn't begin to guess whether that's an accurate timeline or not. I know what I was told.

CH: I have a follow up question and that's it...

GS: Go ahead.

CH: ...and this will be it for me. I have recently, against my own resistance to doing so, investigated, started to investigate fringe matters, if you will. Among them, the upcoming date on the Mayan Calendar of 2012.

SV: Uh huh.

CH: And as I've done this research, I've allowed myself just to be open to this information without believing anything I'm reading. One of the ideas that is presenting itself is that around 2012, not just according to the Mayan Calendar but many other theories out there, that we will be undergoing, as a planet, a revolutionary shift, if you will, of some kind or another.

And I'm wondering in the back of my mind if there might be any kind of race against the clock on THAT scale, if you will - especially if we're talking about a potential spiritual warfare...

SV: Oh, yeah.

CH: ...using your words in play here. Do you see a possible relation there?

SV: Yes, I do. And, 2012 IS an important year. But again, I was not told that the final Revealing would occur then. But I believe that probably... what will happen is that there will be events taking place that will help to set the stage.

CH: Okay.

SV: But it's going to be... I was told... again, I'm telling you what I was told while a member of the group, so please take it with a grain of salt. As I know, these people aren't always honest or trustworthy - they are deceptive. But I was told that there would be an enormous economic collapse prior to the Revealing. That basically the stock market would destabilize.

CH: Well, that appears to be already happening.

SV: Yeah. Yeah. And I was told it would make the Great Depression look like Sunday school. And at that time, it's going to... they're going to really be manipulating finances to bring about chaos, confusion, warfare, and then...

But see, I don't like to be so negative. But I am telling you what I was taught when I was in the group, you know?

CH: Well, I so appreciate it.

SV: Yeah.

CH: And I'm sure we all do.

SV: Yeah. I...

CH: You're a great voice.

SV: Well, thank you! I appreciate that very much. But out of this chaos they said would come order. You see, the group believes that out of chaos comes order.

CH: Well, I don't want to take any more time...

GS: (crosstalk) Well, as far as I'm concerned, I'd rather, you know, let things... Svali, these guys want to bring down this country financially, in whatever way possible. And right now, your voice is important in that.

And Chris, I really appreciate you saying that, because we want to stop these guys! I mean, come on! Let's get the American people to get together and just put an end to this. We have a powerful group in numbers. We may not have the money, but we can take it back. And I don't want to be bullied by these kind of people. That's my feeling.

SV: Yeah.

GS: Let me take another call. Uh, Harper in Canada. Harper? Go ahead.

HP: Great, thanks Greg. And Svali, I read your expose when it came out on Suite101.com a few years ago, and I always wondered what happened to you, because you vanished from Suite 101. So it's great to hear about you. A couple quick questions, I'll make them real fast. First is the term Moriah Conquering Wind. I'd never heard that before or since I read it in your expose. I wondered if you could elaborate on that term a little bit.

I also wanted to ask you if this cult, as far as you know, claims to or believes to derive any of its heritage from Atlantis or any other lost civilization. Okay?

SV: I'm not sure about the reference to Moriah (pronounced like "Mariah" Carey) you're describing, because Moriah is... is our name.

But I certainly can address the second question. The Illuminati completely believe that Atlantis is real. They teach it to their children as part of the oral history. They believe that it was one of the greatest civilizations that ever existed, and one of the most advanced.

What they teach... their take on it is that Atlantis was a great race of highly intelligent people who had a highly advanced faith, and who were highly enlightened.

But what they teach the Illuminati children is that then this prophet of the enemy, who was a prophet of God, came and foretold their destruction if they didn't change their ways.

They were definitely Occultists. They were Luciferians on Atlantis. That was the religion. And in fact, a lot of the advances that Atlantis enjoyed was passed down to them through supernatural means... that is what I will say.

So they laughed at the prophet. In fact they killed him. And, he... I guess sometime afterward, we were taught that a few inhabitants escaped, but that tragically the great city was lost.

The Illuminati to this day mourn the loss of Atlantis, because they feel that these were... that the few survivors that left were among the great people who helped found the Free... what you would call the precursors of Illuminism.

HP: One more quick question, if I may.

GS: Go ahead.

HP: And I wanted to ask you if you have any reason to believe that people, men and/or women at the top of the pyramid, so to speak, practice a kind of magic where they are kind of skipping through time, in other words...

SV: (excited crosstalk) Oh! Oh! YES! Oh, without even being at the top... Oh, yes!

HP: ...their body leaving, their soul or spirit leaving one body and coming and being born into another one, and therefore, you know, living through time.

SV: (excited crosstalk) Oh yeah! Yeah! Oh, yes! Yes, All the time. In fact, see, now this, now I didn't go

there in this interview. You start telling wackos, you start discussing things like that. But in the spiritual side, they very much teach things like time travel, traveling out of body, you know, psychic battling, things like that - things that cannot be explained by logic.

And I saw things that I cannot explain through human intellect or reasoning, that were highly supernatural, and involved all of that... and more.

[Svali has reported in 2-3 different articles seeing a group of people levitate an animal and choke it to death, though here she seems to refer to more than just that.]

HP: Okay, great. Pleasure to speak with you, Ma'am, and God bless you.

SV: Okay, God bless you too.

GS: Okay, I think we have Dave Wilcox called in. I think you know Dave through emails, Svali.

SV: Yes.

GS: Dave, uh, you want to say hello? And do you have a question for Svali?

DW: Sure. Uh, Svali, it's great to have you on the air, and I'm really glad you decided to do it. So thank you very much.

SV: Oh thank you, Dave. It's good to talk with you. Yeah.

DW: Yeah, I feel like you're an old friend. I've been reading your stuff for so long, and you share so willingly and openly about yourself. It's a real honor to be able to speak with you in person like this.

SV: Well, thank you!

GS: All right, well Dave, you may have something you want to say to Svali. Go ahead. You have a question?

DW: Sure. I think one of the things I'd really like to have covered here is [this]. You shared with me in an email recently about these stages of enlightenment that they try to guide people through?

SV: Yes.

DW: I would like you to try to sketch out for people how the behavioral conditioning that's coming through the media, the movies and so forth might have affected them.

In other words, what personality characteristics would you see in a person when they have been influenced by these teachings? How would the average person, who is not really a bad person, start to be leaning, if the Illuminati teachings were actually having an effect on them? What would they be like? What would start happening?

SV: Well, again, as I said, the average person is not going to be a member of the group...

DW: Right.

SV: ...so the influence would be much less. But the media, I believe that... well, I KNOW. I don't believe, I KNOW that some of the media that we're seeing nowadays is specifically targeted towards teaching people their philosophy or goals. All you have to do is watch the children's cartoons on Saturday morning, and almost across the board you'll see morphing, power battles, occult. And that's intentional.

Movies coming out. Basically, if a person is being influenced by their teaching, that person will learn to not trust their own instincts, their own feelings, their own body, their own perceptions. They will be looking outside for guidance.

Second of all, they will be moving towards a heavily occultic worldview - that leaning upon the occult is heavily encouraged. All you have to do is watch Harry Potter! (Pause - laughs) You know?

DW: Yeah, I mean, the whole idea that...

SV: (crosstalk) I mean, not to slam one of those Potter movies, or the Matrix.

If you want to know pure Illuminist philosophy, the Matrix shows it. Definitely. The entire philosophy.

DW: Oh yeah. Right down with Morpheus being broken down with the injections, and they said that it's like hacking a computer. (bumper music starts)

SV: Yeah! That's an excellent [example...]

GS: (crosstalk) Okay, let's take a break. We'll come back with our final segment. A big finish on the Investigative Journal, with Svali, on the Republic Broadcasting Network.

[commercial break - resume 54:21]

GS: Okay, we're back with our final segment with Svali. She's telling us about her experiences... thirty years with this insidious group called the Illuminati, how deeply penetrated and infiltrated they are in our culture and our country.

Svali, we talked about the higher levels, the mid-levels you were involved in as a head trainer. How low do they go? I said all along they're involved in gang stalking, the MK-Ultra program, infiltrating truth organizations, infiltrating groups that are trying to do good. How far down DO they go?

SV: Well, they go down to the sister group levels I mentioned. The sister groups have anywhere from, usually roughly around 30 members. And those are what a lot of people would consider the... what you would consider the satanic cults, with a high priest and priestess. That would be the local level, the lower level.

But those people are also very active in their community. And so, they WILL be involved in intricate infiltrating activities when possible. Because to them, it's not infiltrating... it's helping. They think they're helping the group, or helping people by becoming a member and spreading the influence.

GS: Let me squeeze in one more caller, Roger, a faithful listener. Roger, you're on the Investigative Journal.

RG: Uh, yes. Thanks. I had so a big question and so little time that maybe I'll just squeeze it in...

GS: We've got a couple minutes. Really try to work it in, Roger.

RG: Yeah, uh, well, you will enjoy this first, and that is that I recall when Charlotte Izerbie (ph) was here on the local Clear Channel radio show. The host was, of course, dismissive of an Illumi-Nazi agenda. It was great to hear Charlotte say, "You're telling me? My own father was a high-level"... and she, of course, was a first or second-fiddle secretary at the department of Ed. And she said, "You're telling me my own father on his deathbed was telling me, "You go get 'em, girl," and he was one of 'em."

GS: (Laughs)

RG: So that was great. Anyway, my question was towards the philosophical / religious motivators, if you will, which you have been dwelling on. I've been trying to form it up into a more cohesive, integrated...

GS: Try to make it quick, we're running out of time. Go ahead.

RG: Yeah. To expose the ethos of the, you know, it's like the Neocons serve as the pseudo-intellectual rationale for the Illumi-Nazi agenda. And I don't presume that it turns on such fine distinctions, so much as it is a bare-knuckled lust for power. But, everybody has sort of a worldview that they use to justify their actions. And of course, it's a most un-conservative, humanistic social engineering agenda on a far larger scale.

Now you mentioned about these people, basically, and it's as rare as hen teeth...

GS: Quick, Roger...

RG: ...yeah, to find somebody that's not oxymoronically both a spiritualist and an occultist, and also a, what do you call, a hardcore rationalist. Or maybe that's just [a] Republican assumption, right?

SV: (sighs)

GS: (slight laughing in delivery): I know there was a question in there somewhere, Roger...

RG: Yeah.

GS: But anyway, thanks for calling. Let me, I've only got a minute. I've got to finish with Svali.

Svali, tell us in your own words, you've got about a minute or two left here. You went forward, you came forward, (bumper music begins) you're now living a life completely away from them. What's your hopes of the future in our country right now?

SV: My hope is that people will realize that this is happening, and that they will start doing something about it - that they will start looking at it. Now again, we're talking about people who are mentally wealthy, but it won't be easy. But if people could rise up in prayer, and just say, "THIS ISN'T OKAY"...

If people would become informed enough to learn more about it, be aware they exist... and then, possibly, PRAY. Pray that people will take action against the things that are happening. Because these people...

GS: Okay, Svali, I'm...

SV: Okay. All right.

GS: We're all out of time. We're going to end on that prayer. I really thank you for coming forward. You're very courageous. We'll talk again, and I'll be back tomorrow on the Investigative Journal. Same time, same place.

SV: Goodbye.

Finance Chairmen In House And Senate Refuse To Comment On The Wanta Plan

As the corrupt Illuminati members of the U.S. government remain silent on \$4.5 trillion waiting to be injected into American economy, George H. Bush has been caught red-handed stealing \$1 billion from the American people.

25 Jul 2006

By Greg Szymanski

The biggest U.S. and international financial story in world history is being treated by the media as a second rate dog and pony show and being totally ignored by high ranking U.S. Congressmen and Senators.

Further, the story in question brings to the forefront the stark and ongoing battle between the Illuminati/ New World Order and U.S. nationalists, one group trying to destroy the country while the latter trying to save it.

However, in light of the magnitude and importance of the trillions of dollars in question there has been a virtual black out about the story, save coverage by the *Arctic Beacon* state side and *The International Currency Review* in England.

Before discussing important details and new events concerning the whereabouts of more than \$70 trillion in diverted U.S. funds and what has been called *The Wanta Plan*, it must be mentioned that even though \$4.5 trillion in repatriated U.S. money remains blocked by the corrupt Federal Reserve Board in a Bank of America account in Richmond, Va., a great victory has already been achieved over the Illuminati banksters, as they have been blindsided by the recent developments concerning true patriot Leo Wanta.

For the last 14 years, Wanta's steadfast determination not to be corrupted by the likes of former President George H. Bush and President William Jefferson Clinton has taken the criminals by surprise, sending a financial electric-shock through the corrupt Illuminati underworld banking community, the likes of which their criminal minds never expected.

And this is exactly why all of them, including President George W. Bush. U.S. Treasury Secretary Henry M. Paulson, Jr., the entire Federal Reserve Board (controlled by foreign interests), Sen. Chuck Grassley, chairman of the Senate Finance committee, and Rep. Michael Oxley of the U.S. House Committee on Financial Services are all remaining with their thumbs sucking in their mouths, not saying a word.

Regarding the Wanta money, look how the above officials have responded since the vast sum that could turn around the economy arrived more than a month ago while depriving the American people of an immediate \$1.6 trillion dollar windfall and more the \$200 billion in lost revenues each and every banking day the money is withheld:

Bush has illegally blocked the release of the money, making him liable for preventing a private entity in paying taxes owed to the American people in the amount of approximately \$1.6 trillion. This also makes

Bush guilty of criminal charges.

The Federal Reserve Board has illegally complied with Bush's order to block the funds even though the Fed has no authority to intervene in such matters, making them also an accessory to criminal charges.

Paulson, U.S. Treasury Secretary, has blindly followed Bush's criminal order with Paulson refusing to return or issue a statement about the The Wanta Plan after repeated calls by the *Arctic Beacon*.

Sen. Grassley and Rep. Oxley have remained silent on the matter, evening though they chair the two most important financial committees in government. And, in what is one of the most important financial stories in the history of America, both top ranking officials have refused to even issue a statement and have refused to return calls from the *Arctic Beacon*.

In fact, the Illuminati big boys have not uttered as much as a peep since Wanta's \$4.5 trillion dollar settlement became official on June 12 and the money finally transferred from numerous foreign bank accounts, causing fluctuations in the financial markets during May and June but, more importantly, signaling a hopeful end to the corrupt Illuminati banking system and their plan to financially destroy America.

Furthermore, the Wanta story trumpets loud and clear how the likes of the Illuminati, including Daddy Bush and Clinton, have their ugly hands in the trillion dollar cookie jar for their own benefit and now, if anybody cares to pursue the matter in this country, how they can finally be brought to justice for defrauding the people

For example, the Wanta story goes back to August of 1989 when Daddy Bush wanted Wanta to illegally transfer \$1 billion in U.S. money to an account in Panama for Bush's own personal use.

When Wanta refused, citing violations of criminal statutes for anyone to personally benefit, including a President, from public funds, he was taken out of the picture with a bogus 22 year jail term.

Wanta was even told at the time by high ranking official, James Baker, it was useless to try and block the matter since people like Bush were above the law, saying it would be better to just turn a blind eye.

However, Wanta refused, keeping records of the transaction and his communications with Baker, the \$1 billion, however, eventually making its way to Bush despite Wanta's objections in an account listed under Pilgrim Investments/Jorge (George) Bush.

But according to Wanta, who has proven to be an honest and loyal American, the \$1 billion is only the tip of the ice berg of stolen funds diverted by the Illuminati from an estimated \$27.5 trillion to \$70 trillion raised at the end of the Cold War by Wanta on behalf of then President Ronald Reagan.

Besides the \$1 billion, Wanta has documented at least \$743 billion diverted and used by the Bush and Clinton crime gang, saying this is a conservative estimate since tracing the funds has been a difficult task after spending years in jail and even being decalred dead by the CIA in order that private Illuminati interests could use the trillions amassed for their own personal use.

It's important to remember Wanta's efforts on behalf of President Reagan amassed huge sums of monies when he set out to destabilize the Soviet currency at the end of the Cold War. The original plan was bankrolled with \$150 billion of American taxpayer money, the financial fruits of which President Reagan had always intended to be returned to the American people and not ripped-off by Illuminati banksters on behalf of Daddy Bush and Clinton.

When made aware that he may have been working for an Illuminati banking scheme all along, Wanta said when the Soviet financial destabilization was initiated, he had no idea any nefarious or underhanded actions were taking place.

However, once Daddy Bush and Clinton's evil and back stabbing intentions were made known, Wanta tried to do the right thing by turning over the money to the American people, as he was then and still remains today the legal trustor of the vast sum of money, a position he was given by President Reagan and a position in 2003 affirmed by Federal Court Judge Bruce Lee.

But instead of the money coming back for infrastructure and other improvements in American society, Bush and Clinton jailed Wanta illegally, first in a Swiss dungeon for 133 days in the early 1990's and then railroaded in Wisconsin on a bogus \$14,000 income tax charge in which he was given a 22 year sentence, conveniently due to expire in 2015, three years after the financial maturation of the original \$27.5 trillion.

And if the 22 year sentence had been served or Wanta caved under Illuminati pressure from three prison assaults, perhaps the big boys wouldn't be shaking their heads today and perhaps they all wouldn't have their thumbs in their mouths as the \$4.5 trillion sits in a Richmond Bank of America account, drawing financial dust instead of \$200 billion a day for the American people.

However, since Wanta remains strong, never diverting from President Reagan's intentions, America stands now at the precipice of regaining its pride, honor and financial strength. Further, if Americans remain strong perhaps we can put a stop to the Illuminati's goal of financially destroying the country.

That in a nutshell is why the Wanta story is one of the most important stories in the history of our country as the \$4.5 trillion indicates a clear victory over the New World Order since it is sending shockwaves through their criminal community, giving them a strong and clear financial message that certain individuals in this country remain strong, as well as certain press outlets (*International Currency Review* and *Arctic Beacon*) whose efforts have now reached millions of people around the world about the \$27.5 trillion dollar Illuminati rip-off.

Here is a breakdown of the The Wanta Plan, indicating a healthy injection of liquid funds are right around the corner if the American people wake-up before it's too late:

The agreement provides for the prepayment of taxes to the US Treasury, at a rate of 35% of the \$4.5 trillion, equating to \$1,575 trillion, together with prepayment of taxation to the State of Virginia at 6%, amounting to some \$270 billion.

In addition, Wanta through his AmeriTrust Groupe, Inc., has put financial mechanisms in place for the further generation of corporation tax deposits payable to the U.S. Treasury Department/Internal Revenue Service of about \$96 billion per banking day.

Because of financing transactions which will consequently be carried out by other U.S. financial institutions, estimated total windfall accruals to the U.S. Treasury are likely to exceed \$200 billion per banking day, from the moment of start-up. This is now running nearly three months late.

Lastly, Wanta has given U.S. authorities until the close of business on Monday, July 31, to release the funds or he plans to pursue collection of the total aggregate amount outstanding, estimated at more than \$70 trillion.

Bush Illegally Blocks The Wanta Plan And \$4.5 Trillion Settlement On Behalf Of Americans

Sources close to story say corrupt U.S. officials trying to steal vast sum of money now held in Bank of America account in Richmond, Va., as Fed and Bush committing conspiracy to defraud the American people.

24 Jul 2006

By Greg Szymanski

With the Federal Reserve Board illegally blocking *The Wanta Plan*, overseas financial sources are reporting today that U.S. authorities are preparing a plan to hi-jack the \$4.5 trillion dollar settlement collecting dust in a Bank of America account in Richmond, Va.

This is the reason, sources say, President George W. Bush personally instructed the Fed to block the transfer of money, involving a vast sum of money earmarked for the U.S. Treasury, AmeriTrust Groupe, Inc. and former Ambassador Leo Wanta.

Financial observers informed the Arctic Beacon corrupt "high level" American officials are planning to steal the full sum of money, even though the money belongs to the people and protected by Wanta as the legal trustor.

A Suspicious Activity Report (SAR) that was to have been filed with the Bank of America, Richmond, has meanwhile mysteriously gone missing," said the editor of an influential London currency review, adding if such actions were taken it would involve a crime to defraud the rightful owners of the money.

The \$4.5 trillion in The Wanta Plan were recently signed pursuant to the accord an agreement between Leo Wanta/AmeriTrust Groupe, Inc., the US Treasury, the Secretary of the Treasury Henry M. Paulson, Jr., and other key high level players who all decided this partial settlement would be better than Wanta's original idea of pursuing the entire amount estimated at between \$27.5 and \$70 trillion.

It is important to remember the funds belong to Wanta as trustor and his trading corporation and are not the property of Bank of America, the Federal Reserve, the Treasury or any other party.

The signed agreement was finalized June 12 after Wanta, a former Treasury and Secret Service agent, was released from a long and unwarranted jail term, including 133 days in Swiss dungeon. Further, Wanta suffered tremendous hardship since the late 1980's, including a character assassination by the CIA as operatives even falsely pronounced him dead in order to loot the vast sum of money.

Wanta's ordeal began after refusing to "play ball" with President George H. Bush and President William Jefferson Clinton who reportedly used the vast sum of public money, estimated at more than 27.5 trillion, for their own personal benefit.

According to Wanta, who has appeared numerous times on Greg Szymanski's radio show, The

Investigative Journal, the smear campaign and illegal jailing began after he refused demands by Bush and Clinton for the wrongful diversion of \$1 billion into an Panama bank account for Pilgrim Investments/ Jorge (George) Bush in August 1989.

Wanta has identified this transaction as being illegal, but also has traced more than \$750 billion of the booty as being diverted, stolen or misused by the Bush and Clinton crime families, monies which should have been properly returned to the American people.

Christopher Story, a financial writer from London, following the story, said: "The reappearance of this upright Treasury/Secret Service financial agent after years of absence, after the CIA had lied for years that he was dead, delivered a high-voltage electric shock to the criminal gangs operating inside the US structures.

"These are led by arrogant and powerful intelligence 'barons', and their compromised intelligence, banking and legal associates. Such people now understandably fear that they are all going to be exposed, arrested and indicted for their serial corruption crimes over the years."

Under The Wanta Plan, considered bigger and more important than The Marshall Plan of the World War II era, Wanta himself outlined the specifics of the deal recently as a guest on The Investigative Journal (find background and more articles at www.arcticbeacon.com):

"Under the plan," explained Wanta, "the US Treasury is to receive \$1.575 trillion in tax payments from the \$4.5 trillion, representing tax payable at 35%, and then at least \$96 billion per banking day following the delayed start-up of prearranged AmeriTrust Groupe, Inc. trading operations."

Wanta added another similar aggregate tax amount per banking day will be payable to the U.S. Treasury/ IRS arising from a similar transactions with other U.S. parties, generating an estimated aggregate \$200 billion every banking day for the Treasury.

In addition, the State of Virginia is to receive an initial windfall tax remittance amounting to \$270 billion since Wanta's group was incorporated there, ensuring windfall tax remittances to Pennsylvania, as well.

When Wanta appeared on The Investigative Journal last week, he said he was miffed why the Fed would illegally hold up the transaction since it was costing the American people \$200 billion every banking day the money remains dormant.

Further, he officially gave the Fed until July 31 to release the money, saying the agreement would then be null and void as he planned to then go after the total aggregate amount of offshore money estimated at \$70 trillion.

"I don't think they want that to happen," added Wanta. "It could be devastating to some major worldwide financial as they would collapse since they do not have the liquidity to return the full amount of the money."

As a capsule summary, the vast sum of money used illegally by corrupt insiders inside the U.S. government, was originally amassed by Wanta as part of a plan he and several other financial whizzes devised on behalf of President Ronald Reagan to destabilize the Soviet currency, bringing a quick end to the Cold War.

However, after Reagan left office, he was back stabbed by the Bush I and Clinton sadministration, leading to a long and unwarranted jail term to "get him out of the way," including 133 in a Swiss jail and years behind bars on a bogus Wisconsin state income tax charge.

Released more than a year ago, Wanta has been trying with limited resources and no cooperation from the government and the media to return the money to the American people.

During his many years in jail, much of the money has been diverted to numerous private overseas accounts and, according to Wanta, essentially looted by the corrupt Bush and Clinton crime families.

But in an unexpected move in 2003 Wanta filed a federal court case to recover the money. Although the case was dismissed under sovereign immunity, he received verification from the court that his legal trustor status was valid, the judge telling him to use the federal collections courts as a recovery process.

During the last year, Wanta has been trying to retrace his financial tracks and Monday emailed the *Arctic Beacon* for being one of the only news outlets to follow the story, saying 1.2 trillion is a good first step at lowering the national debt.

"Thank you and your staff for their kind assistance to recover said corporate/repatriation funds with full disclosure to the United States Department of the Treasury, et al," said Wanta Monday in an email to the *Arctic Beacon*.

Regarding the illegal blockage of money authorized by President Bush and the Fed Reserve, The International Currency Review had this to say, reminding the American people it's imperative to follow the Wanta money before it is stolen by the corrupt criminals controlling the White House:

"Preventing a taxpayer from paying tax is a felony. A taxpayer has a duty to pay tax, and anyone impeding a taxpayer from meeting his obligations to the Internal Revenue Service is committing a crime. It is understood that no-one who commits this felony is immune from prosecution. Hence this even applies to holders of the highest offices, including the Presidency and the Chairmanship of the Federal Reserve Board.

"In other words, by freezing the funds belonging to the Trustor/AmeriTrust Groupe, Inc, those responsible for this scandal are not only liable to racketeering and conspiracy charges, but are also committing a felony for which no claim of privilege is applicable.

"Just as a taxpayer is obliged to pay his taxes, on pain of severe penalties for not doing so, anyone who prevents a taxpayer from paying tax is liable in the eyes of the law: and this, as noted, applies to everyone, without exception, including the President of the United States.

"To make matters much worse, there appears to be a blatant conspiracy to defraud AmeriTrust Groupe, Inc. and Leo Wanta of \$4.5 trillion - with all who are involved in this conspiracy becoming more vulnerable, as each day passes, to the most dire consequences. The \$4.5 trillion were released illegally to the Bank of America, Richmond, itself, even though they are earmarked and labelled for the benefit of the account there of Ameritrust Groupe, Inc and Leo Wanta."

Who Gets Last Laugh In Wanta Story

Trillions Waiting For American People As Idiots In American Press Show True Colors.

23 Jul 2006

"Do not fear the enemy, for your enemy can only take your life. It is far better that you fear the media, for they will steal your HONOR. That awful power, the public opinion of a nation, is created in America by a horde of ignorant, self-complacent simpletons who failed at ditching and shoemaking and fetched up in journalism on their way to the poorhouse." --Mark Twain

By Greg Szymanski

A person might as well spit on the sidewalk, write the story with left over saliva and then go have a stiff drink because no one in the land of the spineless writers and the home of the gutless news broadcasters is ever going to alert the America people about the importance of the Leo Wanta story before it is too late.

Twain had it right when he called the American press ignorant and self-complacent. He had it right when he wrote an article entitled *Advice to Youth*, saying: "The history of our race, and each individual's experience, are sown thick with evidence that a truth is not hard to kill and that a lie told well is immortal."

Wanta told the truth to the American people for the better part of 30 years, but the American press is poised and ready to kill it once and for all. In an effort to head them off, listen to this:

Wanta's truth telling over the years resulted on June 12 with an agreement to repatriate 4.5 trillion to the American economy. The money now sits in a Bank of America account in Richmond, Va., illegally held up by the Federal Reserve Board so they and the idiots in the press have time to spin the story and concoct some gigantic lie about the origins of the trillions, which most of America will eventually believe anyway.

But in the absence of Twain's insights, let's set the record straight so everyone can understand the truth about the origins of the Wanta money before the barrage of lies permeates the landscape, taking over as truth.

The story begins with Wanta, a trusted servant of Ronald Reagan who amassed large amounts of cash at the end of the Cold War, trying to put more than 27.5 trillion back into the U.S. Treasury more than 14 years ago. However, he was back stabbed by Bush Sr. and Clinton, who wanted the booty for themselves and their rich friends.

Records, in fact, link Daddy Bush to taking at least 1 billion illegally, making him liable for criminal charges for depositing the money for his own private use in a Panama bank.

Further, banking records compiled by investigators in Europe, with account names and numbers, show almost 750 billion pilfered for the Bush and Clinton's crime family's own use, including records showing Vince Foster, special White House counsel, was given 250 million two weeks prior to his untimely murder in a Washington D.C. park, the money never being accounted for or even mentioned.

The killings and the rip-offs didn't stop with Foster, mounting like dead flies over the years and over the trillions of dollars made by Wanta and his group of financiers, including Wanta's Chinese business partner killed 10 days after the pair met with Bush Sr. in a Singapore hotel when Bush was President.

Simply put, the whole sad story revolves around a good man like Wanta wanting to return the money to the American people and the Bush and Clinton gang wanting the trillions to remain offshore for their own personal use.

And for Wanta's service to the people in this supposed God-faring country, the spineless idiots in the press ignored his story, allowing the gutless idiots in the government, like Bush and Clinton, to humiliate and jail him for the better part of the last 10 years, including a wretched stay in a Swiss dungeon for 133 days.

Further, he was nearly killed in jail several times by CIA operatives, trying to get him to cut a deal so crime bosses, Bush and Clinton, could get their dirty hands on even more of the money, money put into accounts by Wanta in order to return it to the people not the neo cons.

Wanta then got out of jail about a year and a half ago and since has been trying to recover what has been estimated to be more than 70 trillion dollars. He recently entered into a 4.5 trillion settlement being illegally stalled by the Fed, the details of which can be found in the *Arctic Beacon* archives.

He also said he is giving the Fed a July 31 deadline or he plans to go after the entire booty, a move the powers that be will never let happen since they have either stolen it or plan to continue using it illegally.

One thing for sure, though, the Wanta story neatly pins the tail on the real 'donkey-criminals' in this country. It also clearly reveals how the American people still remain a financial super power, the only problem being the people let a select few donkeys steal their money.

Further, the Wanta story reveals how the jackasses in the American press remain jackasses.

It also reveals how Wanta himself had to accept a smaller deal, fearing he'd get a bullet in his head if he didn't.

But most importantly the whole story is about to reveal how Americans just don't care anymore. It's about to reveal how the Bush and Clinton gang can be caught red-handed stealing trillions from the American people and still live another day to rape, pillage and kill even more.

And finally it's about to reveal how the human race has really one effective weapon and that weapon is laughter. And it will be interesting, as the Wanta story unfolds, to see who gets the last laugh this time.

President Bush Aware Of 4.5 Trillion Wanta Settlement But Arrogantly Hides Deal Indicating Complicity In Hi-Jacking Trillions From The People

Former Ambassador Leo Wanta giving Fed's illegal blockage of settlement until July 31 to release money or he will pursue the entire 70 trillion stolen by Bush and Clinton crime families. Money now being held in Bank of America in Richmond, Va., as media continues to cover-up story of the century which could turn around the American economy.

22 Jul 2006

By Greg Szymanski

President George W. Bush received a letter on July 14 from AmeriTrust Groupe, Inc. and former Ambassador Leo Wanta, advising him of a massive 4.5 trillion dollar settlement earmarked for the U.S. Treasury.

The letter was addressed to Secretary of the Treasury, Henry M. Paulson, Jr., asking him for his prompt attention in releasing the repatriated offshore funds. Wanta on June 12 entered into a negotiated settlement with U.S. authorities ending his quest to recover an estimated 27.5 trillion in funds first generated by Wanta on behalf of President Ronald Reagan at the end of the Cold War.

After Reagan left office, the money was earmarked for the American people with Wanta as legal trustor, but instead he was backstabbed and the money hijacked by President George H. Bush and President William Jefferson Clinton in an elaborate offshore banking scheme to enrich their own pockets and the pockets of a select group of elite friends

The Arctic Beacon is one of the only news outlets covering the explosive Wanta story, which if followed up properly, could lead to indictments to Bush and Clinton, as well as many other co-conspirators who have defrauded the American people out of trillions of dollars while, at the same time on paper, supposedly bankrupting the country.

In England, the International Currency Review has been the only British outlet following the story. Here is what this British internet source had to say about the Wanta story, which also has been reported and verified by the Arctic Beacon:

"Leo Wanta, an honourable and upright man (rare in the intelligence environment), refused to accommodate demands from two US Presidents for Trustor funds to be diverted for their own ultimate personal benefit, and annotated a Federal Reserve transactions print-out to the effect that George (Jorge) Bush Sr. is in breach of crucial US statutes in connection with a transfer of \$1.0 billion from a bank in Malaga, Spain, to Panama, in August 1989.

"Instead of being supported by his peers, as would be expected in an ethical environment, Wanta was framed, arrested, flung into a stinking Swiss dungeon for 133 days, extradited to the United States (after an intervention by Yizhak Rabin), arraigned before a US Judge in New York, released when the judge threw the case out, rearrested without a warrant on the US courtroom steps, extradited illegally to Wisconsin on a trumped-up tax charge, suffered false witness, jailed for 22 years, experienced three

attempts to murder him in prison plus unsuccessful official efforts to have him certified insane, released into house arrest in Wisconsin where he languished for many years, and **falsely reported by the lying CIA to be dead.**"

Although Bush and the mainstream press have not uttered a peep about the massive amount of money headed for U.S. coffers, in the letter the President was made aware of the particulars of the deal, including an estimated 1.6 trillion to be placed in the U.S. Treasury as taxes paid by AmeriTrust.

Further, as noted by the International Currency Review, the deal provides for the following arrangements made between Wanta's organization and the U.S. Treasury, all made known to Bush:

1. Pay 35% tax direct to the Treasury, amounting to **\$1,575,000,000,000** prepaid.
2. Pay 6% state tax to the State of Virginia amounting to approximately **\$270,000,000,000** prepaid.
3. Generate windfall tax payments to the US Treasury worth at least **\$96 billion per banking day**.
4. Generate secondary tax windfalls arising from related financial transactions by US counter-parties and others worth at least the same amount again, so that total daily tax windfalls accruing to the Treasury/Internal Revenue Service will aggregate an estimated **\$200 billion per banking day** [3 + 4].
5. As a consequence, rehabilitate the US Federal Government's finances, reversing the decades of financial decadence, and providing resources for infrastructure and other projects, tax reductions (including a possible outright abolition of Inheritance Tax, and income and corporate tax cuts), plus additional resources for the vulnerable segments of society.

Presently, the 4.5 trillion is being held by Bank of America in Richmond, Va., as the Federal Reserve Board is illegally blocking the release of the money to the U.S. Treasury, the American People, AmeriTrust and Wanta.

Further, according to Wanta, who appeared again Friday on Greg Szymanski's radio show, The Investigative Journal, "everyday the money is being tied up" illegally by the Fed, "the American people are losing 200 billion a day."

Wanta added there was no justification to hold up the settlement and has given the Fed until July 31 to release the money or he plans to pursue all legal avenues to gain control of the total 27.5 trillion.

However, financial observers claim if Wanta proceeds after the total amount it could bankrupt many large worldwide financial institutions, lacking the liquidity to meet Wanta's request, as much of the money has been illegally diverted or stolen by corrupt U.S. officials like Bush and Clinton.

Dubbed the Wanta Plan by financial onlookers, analysts suggests the massive settlement if used properly could once again turn around the U.S. economy, erase the Bush-orchestrated 8 trillion plus National Debt and again put the needs of the American people and its faltering infrastructure at the forefront instead of in the background, as planned by the New World Order's plan to destabilize the economy and destroy America from within.

Since President Bush is fully aware of the settlement and the particulars behind the whole Wanta story, as well as being complicit in the theft of trillions, he should be publicly forced by the fess up instead of being protected by a corrupted media, a media also on the take like a bunch of back alley criminals being handed a paper bag full of money in order to keep their mouths shut.

Although there have been many attempts to outlaw and disband the Fed, the Wanta settlement should be the story that breaks the camel's back, giving Americans a clear-cut example of how foreign, private interests are controlling the destiny of their country.

The Wanta story shows a crisis has peaked since it is clear the Federal Reserve is sabotaging the finalization of the deal cut between the U.S. Treasury and Wanta, the former distinguished U.S. Secret

Service/Treasury financial expert and agent

Since it is now out in the open that the Fed is blocking transfer of trillions owed the American people, financial analysts close to the case say it's time the U.S. Government disband and seize the Fed, replacing its underlying statutes with new ones creating a national central bank on behalf of the people, with appropriate policy independence safeguards protecting the people's interests not private foreign entities.

As a recap, according to Wanta, the repatriated funds now sitting in a Virginia bank represent only a small fraction of the original **\$27.5 trillion** which was raised in 1989-92 from more than 190 international banks at a deep discount for a 20-year period at 7.5% *per annum*.

The long-term Trustor of these funds, by Presidential instruction dating from President Reagan's era, Wanta further believes the total funds are now worth approximately **\$70 trillion**.

And if the funds aren't released to the American people, Wanta again wanted to remind President Bush, the Fed and other higher-ups he will take action as trustor to organize the collection of the full \$70 trillion from offshore accounts of the Title 18, Section 6 USG intelligence corporations, and their closure, as has been advised by U.S. Judge Gerald Bruce Lee in a Memorandum Opinion signed in April 2003.

Documents verifying the 4.5 trillion AmeriTrust deal will be forthcoming when converted to PDF's.

Fed Reserve Board Dubiously Blocks 4.5 Trillion In Funds Due U.S. Treasury Called the Wanta Plan, former Ambassador enters massive settlement that could turn around the American economy. The settlement also reveals massive corruption and trillions stolen from the people by the Bush and Clinton crime family.

21 Jul 2006

By Greg Szymanski

The corrupt Federal Reserve Board is now standing in the way of 1.575 trillion in repatriated offshore funds earmarked for the U.S. Treasury in what is now being called in worldwide financial circles as the *Wanta Plan*.

An agreement was reached June 12 between U.S. authorities and Wanta, the legal trustor of more than 27.5 trillion in lost or stolen U.S. assets from the Cold War era, to return 4.5 trillion of the looted money by the Bush and Clinton crime families, less money for taxes and other related expenses.

However, the Arctic Beacon, one of the only news outlets in the country covering the hush-hush story, has learned the Federal Reserve Board has acknowledged the Wanta settlement and is now without sufficient public justification, blocking the return of the money which could turn the bewildered American economy around overnight.

Wanta made his first public statement on the massive settlement Wednesday on Greg Szymanski's radio show, The Investigative Journal, at www.gcnlive.com archives, as well as appearing with Greg on the Jeff Rense Radio Show at www.rense.com the same evening.

In one of the major stories of the century, Wanta provided details of a massive 4.5 trillion dollar settlement reached as a way to get the stolen money back into U.S. coffers, a settlement now being dubiously blocked by the Federal Reserve Board.

The vast sum of money, used illegally by corrupt insiders inside the U.S. government, was amassed by Wanta as part of a plan he and several other financial whizzes devised on behalf of President Ronald Reagan to destabilize the Soviet currency, bringing a quick end to the Cold War.

Wanta, jailed illegally for over a decade, began trying to recover the money when released on house arrest more than a year ago. The settlement reached on June 12 precludes him from trying to recover any more of the stolen money, which some financial observers estimate to be more than 70 trillion while calling it the biggest bank heist in the history of the world.

Regarding the Federal Reserve Board's action to black the Wanta Plan, an overseas financial watchdog group called Global Analysis Limited provided with a July 20 report about the inner-dealings taking place behind the scenes of the massive 4.5 trillion dollar settlement.

The following are excerpts of the exclusive report by Christopher Story forwarded to the Arctic Beacon, explaining the blockage of the Wanta Plan by the Federal Reserve Board:

In so doing, the Federal Reserve, which under the Economic Espionage Act of 1996 [H.R. 3723] "protecting proprietary economic information, and for other purposes", is not even entitled to knowledge of the agreements and intended transactions, is in breach of a large number of statutes - -rendering the Fed's Chairman, Dr Ben Bernanke, an American of German extraction, and senior Fed officers, liable to severe consequences, not excluding being picked up in front of TV cameras by Federal Marshals.*

At the G-8 Meeting in St Petersburg, one subject dominated the discussions behind-the-scenes: The Wanta Plan. This is the new name for the long-awaited Settlement with Leo Wanta, the distinguished US Treasury/Secret Service financial genius chosen by President Reagan to develop and implement financial strategies for the transformation of the USSR under Gorbachëv.

Under a revised agreement reached with the White House and the US Treasury, finalised in November 2005 and signed in December, Leo Wanta, the Trustor of giga-funds raised internationally and held offshore, agreed to implement a financial strategy to rehabilitate the finances of the US Federal Government.

The Wanta Plan is of greater relative importance, by an order of magnitude, even than the Marshall Plan, under which war-torn Europe was rehabilitated in the later 1940s.
