- 10. Maintaining the [MAJESTIC] security has been successful in part because of compartmental function of classified activities of the level achieved by the security system of the Manhattan Project, and new legislation protecting nuclear weapons development.
- 11. In protecting the security operations of [MAJESTIC], it has been necessary to [redacted] individuals who would compromise the intelligence efforts. While distasteful [redacted] at times, the use of [redacted] measures have been executed. The untimely death of [Secretary Forrester] was deemed necessary and [redacted].
- 12. General Statement: If such a crisis in [redacted] were to occur and assure the public's trust against an invasion from another planet, [redacted] that the following would occur: "The pattern is familiar—employment of subversive agents; infiltration tactics; incitement of disorder and chaos to disrupt normal economy and thereby to undermine popular confidence in government and leaders; seizure of authority without reference to the will of the people."
- 13. Referenced REPORT TO THE PRESIDENT [redacted] 1947, PAGES 1-7, dated 19 September 1947, mentions: "In compliance with your directive . . . of 9 July 1947, the attached 'REPORT ON FLYING SAUCERS' is respectfully submitted. In consonance with your instructions, advisors from State, Treasury, War and Navy Departments participated in a broad-based fact finding mission concerning the reality of other-world visitation. The principle areas were visited. Successful efforts were made to reach all levels of scientific [redacted] work in classified [redacted] held with [redacted] 1,200 memoranda and reports from intelligence and security individuals were received and considered. The report presents against a global background my estimates of the situation, current and projected, in U.S., and U.K., and recommendations deemed to be sound sources of action for formulating plans and policies concerning defenses of allied countries of the United States."
- 14. As a result of the Flying Report, the President was compelled to sign into law the National Security Act of 1947 which came into effect on 19 September. This did not help the DCI in carrying out the directives of the NSC in matters of intelligence collection concerning the flying saucer problem. The Intelligence Advisory Board was not allowing the new CIA to function as the primary collector of critical flying saucer data.
