[Project No. 2620 South Carolina]

**Lockhart Power Co.; Notice of Intent To File an Application for a New License**

April 26, 1995.

Take notice that Lockhart Power Company, the existing licensee for the Lockhart Power Project No. 2620, filed a timely notice of intent to file an application for a new license, pursuant to 18 CFR 16.6 of the Commission's Regulations. The original license for Project No. 2620 was issued effective November 21, 1963, and expires March 31, 2000.

The project is located on the Broad River in Union, Chester, York and Cherokee Counties, South Carolina. The principal works of the Lockhart Project include a concrete gravity dam, 1,300 feet long and 16 feet high, with a 862-foot-long spillway; a 300 acre reservoir at elevation 397.35 feet m.s.l.; a canal 7,497 feet in length and averaging 250 feet in width; a 1.5 mile long by passed reach; a concrete and brick powerhouse with an installed capacity of 12,300 Kw; generator leads, 2.3 KV bus, and a 50 foot tie to a transformer in the switchyard; and appurtenant facilities.

Pursuant to 18 CFR 16.7, the licensee is required henceforth to make available certain information to the public. This information is now available from the licensee at 1 River Street, Lockhart, South Carolina 29364.

Pursuant to 18 CFR 16.8, 16.9 and 16.10, each application for a new license and any competing license applications must be filed with the Commission at least 24 months prior to the expiration of the existing license. All applications for license for this project must be filed by March 31, 1998.

**Lois D. Cashell,**

*Secretary.*

[Docket No. RP95-246-000]

**Mississippi Valley Gas Company Complainant v. Southern Natural Gas Company Respondent; Notice of Complaint**

April 26, 1995.

Take notice that on April 24, 1995, Mississippi Valley Gas Company (Mississippi Valley) filed a complaint against Southern Natural Gas Company (Southern). Mississippi Valley states that it is one of the individual Southern customers the Commission concluded in its September and December 1993, RS92-10 Restructuring Orders to be entitled to mitigation of costs unduly shifted to them due to Southern's change to Straight Fixed Variable (SFV) rate design. Mississippi Valley further states that the relationship between winter and summer maximum daily quantity (MDQ) established in Southern's Restructuring proceeding determines the effective rate paid by Mississippi Valley, and thus the rate mitigation received by Mississippi Valley.

In accordance with the terms of its firm transportation (FT) service agreement with Southern, Mississippi Valley asserts that it reduced its winter season MDQ from 42,500 to 20,000, effective November 1, 1994, and timely requested Southern's recognition of the pro rata reduction of Mississippi Valley's summer season MDQ, thereby avoiding any change in the effective rate paid for FT service.

Mississippi Valley complains that Southern has refused to permit the requested pro rata reduction of summer season MDQ. Mississippi Valley asks the Commission to confirm by order that Mississippi Valley's summer season MDQ is reduced on a monthly average level for billing purposes in the same proportion as its winter season MDQ is reduced, that is:

November 1994-March 1995: 42,500 to 20,000 Mcf/day. April-October 1994: 16,234 to an average of 7,630 Mcf/day.

Mississippi Valley states that it has served the foregoing document to the parties on the official service list compiled by the Secretary in this proceeding.

Any person desiring to be heard or to protest said complaint should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 214 and 211 of the Commission's Rules of Practice and Procedure 18 CFR 385.214, 385.211. All such motions or protests should be filed on or before May 17, 1995. Protests will

be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. Answers to this complaint shall be due on or before May 17, 1995.

[Docket No. RP95-242-000]

**Natural Gas Pipeline Company of America; Notice of Proposed Changes in FERC Gas Tariff**

April 26, 1995.

Take notice that on April 21, 1995, Natural Gas Pipeline Company of America (Natural) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, First Revised Sheet Nos. 204 through 208 to be effective May 21, 1995.

Natural states that the purpose of the filing is to establish procedures for the transition to new services on Natural's system to be effective December 1, 1995.

Natural requested waiver of the Commission's Regulations to the extent necessary to permit the tariff sheets to become effective May 21, 1995.

Natural states that copies of the filing are being mailed to Natural's jurisdictional customers and interested state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211. All such motions or protests should be filed on or before May 3, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
