

principles for the processing of principal and income payments in same-day funds.¹¹ Towards this end, the operational arrangements memorandum incorporates the relevant provisions of the "Standards for Principal and Income Payments Guidelines" established by the U.S. Working Committee of the Group of Thirty. Pursuant to this rule change, the relevant provisions of these principles, as set forth below, will become a part of DTC's income and reorganization/redemption payments standards.

First, all new issues are required to meet depository-eligibility requirements and must be structured so that all payments to depositories of principal and income are made in same-day funds on payment date by 2:30 p.m. Eastern Standard time.

Second, for all depository-eligible issues already outstanding, paying agents must remit to DTC all principal and income payments in same-day funds on payment date by 2:30 p.m. Eastern Standard time according to existing arrangements between the paying agent and DTC. Recognizing that paying agents for certain issues may need to modify their current business arrangements to account for this change, DTC will continue through July 31, 1996, to pay the same rebates it now pays to paying agents that pay municipal interest and municipal and corporate redemptions to DTC in same-day funds on payment date.¹²

However, once DTC converts to same-day funds settlement for all security transactions, DTC will make all payments to its participants on payment date in same-day funds. As a result, DTC will not have funds resulting from overnight investing available to rebate to paying agents. Recognizing that participants will benefit by receiving all their expected payments in same-day funds on payment date DTC will charge participants in proportion to their holdings in each issue for which a rebate applies the funds needed to pay the rebate from the date of the conversion to same-day funds settlement for all security transactions until July 31, 1996. With respect to

¹¹ DTC's operational arrangements were published in a June 1987 memorandum and were updated in both June 1988 and February 1992. For a complete description of the operational arrangements memorandum, refer to Securities Exchange Act Release No. 24818 (August 19, 1987), 52 FR 31833 [File No. SR-DTC-87-10] (order approving the implementation of DTC's operational arrangements for the eligibility of security issues), and Securities Exchange Act Release No. 30625 (April 30, 1992), 57 FR 18534 [File No. SR-DTC-92-06] (order approving modifications to DTC's operational arrangements).

payments made on or after August 1, 1996, these charges to participants will no longer be required. The rebate will not be applied to payments of corporate interest, dividends, and reorganizations for which the paying agents already pay DTC in same-day funds on payment date and which currently are not subject to interest earnings rebates. However, DTC will require that 100% of corporate interest, dividend, and reorganization payments to paid to DTC in same-day funds on payment date by 2:30 p.m. Eastern Standard time.

Third, DTC will require paying agents to provide DTC with the CUSIP numbers for each issue for which payment is being sent as well as the dollar amount of the payment for each issue no later than noon Eastern Standard time on the payment date. Notification of payment details should be made using automated communications.

Finally, if an issuer or agent continually fails to make payment as called for in DTC's guidelines, DTC may decide to systematically prevent the allocation of such payments to participants on the payable date. Eventually, DTC also may elect to deny depository-eligibility to issues brought to market by noncomplying issuers or agents.

II. Discussion

Section 17A(b)(3)(F) of the Act requires that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and to foster cooperation and coordination with persons engaged in the clearance and settlement of securities transactions. The Commission believes that the proposed rule change is consistent with Section 17A(b)(3)(F) because it provides a framework for the conversion of principal and income payments to same-day funds. Making principal and income payments in same-day funds is consistent with the goal of prompt and accurate clearance and settlement because it will give participants same-day access to their funds. Requiring paying agents to provide DTC with the corresponding CUSIP numbers for each issue for which payment is being made will make the processing of such payments more accurate. The Commission also believes that the guidelines for converting to a same-day funds payment standard for principal and interest payments are consistent with the goal of fostering cooperation and coordination among persons engaged in the clearance and settlement of securities transactions. Specifically, in order to allow paying

agents time to modify their current business practices, DTC will continue to pay rebates through July 31, 1996, to those paying agents currently making payments to DTC in same-day funds on payment date for municipal interest and municipal and corporate redemption payments.

III. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular with Section 17A of the Act and the rules and regulations thereunder.

It Is Therefore Ordered, pursuant to Section 19(b)(2) of the Act,¹³ that the proposed rule change (File No. SR-DTC-94-19) be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴
