

certified that this rule will not have a significant economic impact on a substantial number of small entities. This rule lessens the regulatory impact of the order on dairy farmers and will not affect milk handlers.

The Department is issuing this rule in conformance with Executive Order 12866.

This final rule has been reviewed under Executive Order 12778, Civil Justice Reform. This rule is not intended to have a retroactive effect. This rule will not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with the Secretary a petition stating that the order, any provisions of the order, or any obligation imposed in connection with the order is not in accordance with the law and requesting a modification of an order or to be exempted from the order. A handler is afforded the opportunity for a hearing on the petition. After a hearing, the Secretary would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has its principal place of business, has jurisdiction in equity to review the Secretary's ruling on the petition, provided a bill in equity is filed not later than 20 days after the date of the entry of the ruling.

This order of termination is issued pursuant to the provisions of the Agricultural Marketing Agreement Act and of the order regulating the handling of milk in the Eastern Ohio-Western Pennsylvania marketing area.

Notice of proposed rulemaking was published in the **Federal Register** on March 24, 1995 (60 FR 15523) concerning a proposed termination of certain provisions of the order. Interested persons were afforded an opportunity to file written data, views and arguments thereon. Two comments supporting (and none opposing) the proposed termination were received.

After consideration of all relevant material, including the proposal in the notice, the comments received, and other available information, it is hereby found and determined that the following provisions of the order do not tend to effectuate the declared policy of the Act:

Sections 1036.105 through 1036.122, the undesignated center heading

preceding them, and the reference to these provisions in § 1036.73.

#### Statement of Consideration

This rule terminates the advertising and promotion provisions of the Eastern Ohio-Western Pennsylvania Federal milk order. Milk Marketing Inc. (MMI), Dairylea Cooperative Inc., and Tri-County Producers Cooperative, all associations of dairy farmers whose milk is pooled on the Eastern Ohio-Western Pennsylvania Federal milk order, requested termination of the provisions.

The cooperatives stated that the primary purpose of these provisions, at the time of their implementation, was to increase producer participation in the advertising and promotion of milk and dairy products. However, the Dairy and Tobacco Adjustment Act of 1983 mandated that all dairy farmers contribute to such activities through a national program that includes all Federal order marketing areas (7 CFR part 1150). The cooperatives asserted that the advertising and promotion provisions of the order are redundant and create unnecessary expenses in view of the existence of qualified regional programs that are funded under the national advertising and promotion program. The efficiency and effectiveness of producer funds would be enhanced with termination of the Federal order advertising and promotion provisions. Thus, the cooperatives requested removal of the advertising and promotion provisions to eliminate administrative costs without affecting the integrity of the Federal order program or the national Dairy Promotion Program.

Comments favoring the termination of the provisions were received from National Farmers Organization (NFO) and a dairy farmer whose milk is pooled on Order 36. NFO reiterated the comments made by the three proponent cooperatives. The dairy farmer's comments favored the proposed termination of the provisions.

The advertising and promotion provisions of the Eastern Ohio-Western Pennsylvania Federal order should be terminated. Termination of the aforesaid sections of Order 36 would reduce administrative costs of the Order, while funding for dairy research and promotion would be maintained via 7 CFR part 1150, the Dairy Promotion Program. In addition, producers whose milk is pooled under the order support elimination of these provisions.

Section 608c(16)(A) of the Act authorizing Federal milk orders provides that any order provisions may be terminated separately whenever the

Secretary makes a determination that such provisions obstruct or do not tend to effectuate the declared policy of the Act.

Therefore, the aforesaid provisions of the order are hereby terminated.
