Expiration Date: 10/31/97.

Estimated Annual Burden: 257,616 total annual hours; .25 - 600 hours per response.

Description: Title III of the Communications Act of 1934, as amended, 47 U.S.C. Sections 301 et. seq., governs the licensing of all communications services which operate through the use of radio frequencies. Part 22 of the FCC Rules contains the technical and legal requirements for mobile radio stations which are classified as common carriers. The services covered by Part 22 are: Air-Ground Radiotelephone Service; Cellular Radiotelephone Service; Offshore Radiotelephone Service; Paging and Radiotelephone Service; and Rural Radiotelephone Service. In CC Docket No. 92-115, the Commission revised in its entirety Part 22 of its rules. The revisions were made to improve the organization and clarity of the Commission's rules by eliminating outdated provisions and unnecessary information collection requirements, streamlining and expediting licensing and processing procedures, and affording licensees greater flexibility in providing services to the public.
