I. Policies and Guidelines

A. Direct Service Time

The Corporation's position has been that in order for programs to have direct and demonstrable results in communities, at least 80% of each AmeriCorps Members required 1700 hours of service (1360 hours) must be spent in direct service activities, with no more than 20% of the required service time (340 hours) spent in training, education, and other non-direct service activities. In general, eligible direct service activities are those service activities that directly relate to a programs Community Service Objectives and may include on-site training, specific instructions related to a service project, developing relevant lesson plans, and imparting specific knowledge through workshops and presentations. Eligible non-direct service activities, including training and education, are those that relate to the fulfillment of a program's Community Building and Participant Development Objectives, and may include meeting with a community-based organization in order to develop a relationship with that organization or having Members attend GED preparation classes.

The Corporation now proposes to refine this policy and apply the "80/20" Rule to the general design of the AmeriCorps program, not to each individual Member. This change allows for variances among the individual Members (some of whom will spend more time performing direct service while others will spend more time in education, training, or other non-direct service activities) and for variances throughout the course of the year (a program may choose to spend more time in training sessions at the beginning of the year rather than at the end of the year). The 80/20 Rule will apply only to the required minimum of 1700 hours,
