Kern River Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

January 4, 1995.

Take notice that on December 30, 1994, Kern River Gas Transmission Company (Kern River), tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets to become effective on January 29, 1995:

First Revised Sheet No. 93
First Revised Sheet No. 106
First Revised Sheet No. 114
First Revised Sheet No. 818
First Revised Sheet No. 825
First Revised Sheet No. 858

Kern River states that the revised tariff sheets are being filed in order to permit shippers under all of Kern River's Part 284 open-access firm and interruptible transportation service rate schedules to submit monthly nominations for service no later than two business days prior to the beginning of the month, instead of

three business days in advance as required by Kern River's current tariff. Kern River states that this revised nominations requirement will provide Kern River's shippers with added flexibility in arranging their monthly business transactions.

In addition, Kern River states that the two business day nominations requirement will allow Kern River's shippers to compete more fairly with shippers on competing pipelines serving the Nevada and California markets which already have a two business day nominations requirement, including El Paso Natural Gas Company, Transwestern Pipeline Company, and Mojave Pipeline Company. Kern River states that the two business day requirement is also consistent with nominations requirements on pipelines which interconnect with Kern River, such as Northwest Pipeline Corporation. In addition to the nominations deadline revisions, Kern River has also revised §§ 13.1(a) and 13.1(b) of the General Terms and Conditions of its tariff to indicate that nominations should be directed to the attention of Kern River's Transportation Operations department instead of the Volume Coordination department. Kern River states that this revision is necessary to conform the tariff with a recent change in Kern River's organizational structure.

Kern River states that copies of the filing were served upon Kern River Gas Transmission Company's jurisdictional customers.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before January 11, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
