

(A) Objective data, if available, from the local police precinct or the PHA's or IHA's records on the types, number and sources of drug-related crime in the developments proposed for assistance. If crime statistics are not available at the development or precinct level, the applicant may use other reliable, objective data including those derived from the records of Resident Management Corporations (RMCs), Resident Organizations (ROs), Resident Corporations (RCs), or other resident associations. The data should cover the past one-year period and, to the extent feasible, should indicate whether these data reflect a percentage increase or decrease in drug-related crime over the past several years.

(B) Information from other sources which has a direct bearing on drug-related problems in the developments proposed for assistance. Examples of these data are: resident/staff surveys on drug-related issues or on-site reviews to determine drug activity; vandalism costs and related vacancies attributable to drug-related crime; information from schools, health service providers, residents and police.

(ii) The plan must include a narrative discussion of the applicant's current activities, if any, to eliminate drug-related problems in the targeted developments. Any efforts being undertaken by community and governmental entities, residents of the development, Resident Management Corporations (RMCs), Resident Organizations (ROs), Resident Corporations (RCs), other resident associations, or any other entities to address the drug-related problems in the developments proposed for assistance must be described. The applicant must also indicate how its proposed Youth Sports activities will be operated as, in conjunction with, or in furtherance of the other activities described in the plan.

(8) An estimate of the number of youth involved.

(i) The applicant must provide the total estimated number of youth involved for each proposed activity and participating in youth leadership assignments (for example, team managers, assistant managers, team captains) computed on an annual and, if applicable, a session or seasonal basis (for example, classes or league sports may be organized in sessions or seasons that run for a certain number of weeks or months, or more activities may take place and more youth may be involved on weekends than on weekdays).

(ii) The total estimated number given for each activity must be further broken down by categories of age (e.g., 5-8

years old, 9-12 years old, etc.), sex (male, female, co-ed), and residency in public or Indian housing.

(9) A description of the facilities used.

(i) Facilities to be used for Youth Sports activities must be described in the application with regard to their dimensions, location, accessibility to the disabled, and the number of youth that can be accommodated at one time.

(A) In the case of an Indian housing development, if a facility to be acquired, constructed, or rehabilitated is not located on or adjacent to the premises of the development to be assisted, the application must specify how youth from the Indian housing development will have access to the facility (e.g., transportation will be provided, transportation service is readily available).

(ii) Where applicable, the application must provide a detailed explanation of all facility acquisition, construction, rehabilitation, operation, redesign or modification proposed for funding under this program.

(A) The application must specify what percent of the facility will be used for youth activities (as opposed to, for example, senior citizen or adult activities). This percentage may not be less than the percentage of Youth Sports funding provided for the facility.

(iii) The application must identify the entity that will be responsible for the operation of any facility funded by a Youth Sports grant.

(10) A description of the organization of the applicant's proposed Youth Sports program, which must detail:

(i) The consultations entered into by the applicant with RMCs/RCs, where they exist, and other entities experienced in the design and implementation of the type of proposed youth sports activities;

(ii) The position descriptions, or if the identity of persons who will fill positions is known, the resumes, of the staff that will be responsible for managing and operating the Youth Sports activities must be included in the application; if volunteers are involved, their number, job descriptions, and hours per week of involvement must be included;

(iii) The procedures that will be followed to ensure that the Youth Sports activities or facilities will serve primarily youth from the public or Indian housing development in which the program to be assisted by a grant is operated must be explained in the application.

(11) A description of the extent of involvement of local sports organizations or sports figures.

(i) The applicant must provide documentation of the level of on-site or other participation by local and nationally affiliated sports organizations, except as provided in Section (ii) below, with at least two years of organizational and operational experience. These may include, but are not limited to, strictly sports organizations, such as, Little Leagues, Midnight Basketball, or professional teams. Participation by cultural, recreational, or educational organizations is also permissible. The participation of these groups must be focused on the youth activities for which the application is prepared.

(ii) The applicant may demonstrate the involvement of local or national sports, cultural, recreational or educational figures, such as athletes, coaches, artists, entertainers and teachers in place of, or in addition to, the participation of organizations. The participation of these figures must be focused on the youth activities for which the application is prepared.

(12) A description of plans and resources to continue the Youth Sports activities beyond the grant term under this program, including the commitment of entities (e.g., local and tribal governments, corporations, community organizations) and individuals to continue their involvement in the applicant's Youth Sports activities and facilities.

(13) HUD Form 2880.

IV. Corrections to Deficient Applications

(a) HUD will notify an applicant, in writing, of any curable technical deficiencies in the application. The applicant must submit corrections in accordance with the information specified in HUD's letter within 14 calendar days from the date of receipt of HUD's letter notifying the applicant of any such deficiency.

(b) Curable technical deficiencies relate to items that:

(1) Are not necessary for HUD review under selection criteria/ranking factors; and

(2) Will not improve the substantive quality of the proposal. An example of a technical deficiency would be the failure of an applicant to submit a certification with its proposal.

V. Other Matters

(a) Environmental Impact

A Finding of No Significant Impact (FONSI) with respect to the environment has been made in accordance with HUD regulations at 24 CFR part 50 that implement section
