

novel issues that are discussed below in this Unit.

To submit electronic comments, persons can either "subscribe" to the Internet ListServe application or "post" comments to the EPA Bulletin Board. To "Subscribe" to the Internet ListServe application for this proposed exception, send an e-mail message to: listserv@unixmail.rtpnc.epa.gov that says "Subscribe RIN-2070-AC69 <first name> <last name>." Once you are subscribed to the ListServe, comments should be sent to: RIN-2070-AC69@unixmail.rtpnc.epa.gov. All comments and data in electronic form should be identified by the docket number OPP-00399 since all five documents in this separate part provide the same electronic address.

For online viewing of submissions and posting of comments, the public access EPA Bulletin Board is also available by dialing 202-488-3671, enter selection "DMAIL," user name "BB-USER" or 919-541-4642, enter selection "MAIL," user name "BB-USER." When dialing the EPA Bulletin Board type <Return> at the opening message. When the "Notes" prompt appears, type "open RIN-2070-AC69" to access the posted messages for this document. To get a listing of all files, type "dir/all" at the prompt line. Electronic comments can also be sent directly to EPA at:

Docket-OPPTS@epamail.epa.gov.

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. To obtain further information on the electronic comment process, or on submitting comments on this proposed exception electronically through the EPA Bulletin Board or the Internet ListServe, please contact John A. Richards (Telephone: 202-260-2253; FAX: 202-260-3884; Internet: richards.john@epamail.epa.gov).

Persons who comment on this proposed rule, and those who view comments electronically, should be aware that this experimental electronic commenting is administered on a completely public system. Therefore, any personal information included in comments and the electronic mail addresses of those who make comments

electronically are automatically available to anyone else who views the comments. Similarly, since all electronic comments are available to all users, commenters should not submit electronically any information which they believe to be CBI. Such information should be submitted only directly to EPA in writing as described earlier in this Unit.

Commenters and others outside EPA may choose to comment on the comments submitted by others using the RIN-2070-AC69 ListServe or the EPA Bulletin Board. If they do so, those comments as well will become part of EPA's record for this rulemaking. Persons outside EPA wishing to discuss comments with commenters or otherwise communicate with commenters but not have those discussions or communications sent to EPA and included in the EPA rulemaking record should conduct those discussions and communications outside the RIN-2070-AC69 ListServe or the EPA Bulletin Board.

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically in the RIN-2070-AC69 ListServe or the EPA Bulletin Board, in accordance with the instructions for electronic submission, into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing. All the electronic comments will be available to everyone who obtains access to the RIN-2070-AC69 ListServe or the EPA Bulletin Board; however, the official rulemaking record is the paper record maintained at the address in "ADDRESSES" at the beginning of this document. (Comments submitted only in written form will not be transferred into electronic form and thus may be accessed only by reviewing them in the Public Response and Program Resources Branch as described above.)

Because the electronic comment process is still experimental, EPA cannot guarantee that all electronic comments will be accurately converted to printed, paper form. If EPA becomes

aware, in transferring an electronic comment to printed, paper form, of a problem or error that results in an obviously garbled comment, EPA will attempt to contact the comment submitter and advise the submitter to resubmit the comment either in electronic or written form. Some commenters may choose to submit identical comments in both electronic and written form to ensure accuracy. In that case, EPA requests that commenters clearly note in both the electronic and written submissions that the comments are duplicated in the other medium. This will assist EPA in processing and filing the comments in the rulemaking record.

As with ordinary written comments, at the time of receipt, EPA will not attempt to verify the identities of electronic commenters nor to review the accuracy of electronic comments. Electronic and written comments will be placed in the rulemaking record without any editing or change by EPA except to the extent changes occur in the process of converting electronic comments to printed, paper form.

If it chooses to respond officially to electronic comments on this proposed rule, EPA will do so either in a notice in the **Federal Register** or in a response to comments document placed in the rulemaking record for this proposed rule. EPA will not respond to commenters electronically other than to seek clarification of electronic comments that may be garbled in transmission or conversion to printed, paper form as discussed above. Any communications from EPA employees to electronic commenters, other than those described in this paragraph, either through Internet or otherwise are not official responses from EPA.

List of Subjects in 40 CFR Part 156

Labeling, Occupational Safety and health, Pesticides and pest, Reporting and recordkeeping requirements.

Dated: January 3, 1995.

Daniel M. Barolo,

Director, Office of Pesticide Programs.
