

within two business days of the date the order should have been executed rather than three business days. Claims which involve a lack of comparison of a reported transaction will need to be made within two business days of the original trade rather than three business days.

The CHX's implementation of the proposed rule change will be consistent with the June 1995 T+3 conversion schedule which the National Securities Clearing Corporation has developed for industry use. The schedule is as follows.

Trade date	Settlement cycle	Settlement date
June 2 Friday	5 day ..	June 9 Friday.
June 5 Monday .	4 day ..	June 9 Friday.
June 6 Tuesday	4 day ..	June 12 Monday.
June 7 Wednesday.	3 day ..	June 12 Monday.

If the Commission determines to alter the exemptions currently provided in Rule 15c6-1, CHX may need to undertake additional rule amendments. It is intended that the proposed rule change become effective the same date as Rule 15c6-1.

CHX believes that the proposed rule change is consistent with Section 6(b)(5) of the Act in that it protects investors and the public interest by reducing the risk to clearing corporations, their members, and public investors which is inherent in settling securities transactions. This is accomplished by reducing the time period for settlement of most securities transactions which will correspondingly decrease the number of unsettled trades in the clearance and settlement system at any given time.

The proposed change also is consistent with proposed rule 15c6-1 which requires brokers or dealers to settle most securities transactions no later than the third business day after the date of the contract unless otherwise expressly agreed to by the parties at the time of the transaction.

(B) Self-Regulatory Organization's Statement on Burden on Competition

CHX does not believe that the proposed rule change will impose a burden on competition.

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action
