

that the sales to the first unaffiliated customer would not provide appropriate matches to U.S. sales for reasons of differences in product characteristics, differences in level of trade, or other criteria relevant to our analysis. Therefore, for purposes of our final determination, we believe it is appropriate to require further reporting of the sales to the first unaffiliated customer unless RIH can provide additional reasoning to show that these sales are not appropriate to use in our analysis. Thus, we will send an additional questionnaire regarding these sales to RIH.

Accordingly, for purposes of the preliminary determination, we have included only those sales to affiliated parties that passed the arm's length test. See 19 CFR 353.45(a). To test whether these sales were made at arm's length, we compared the gross unit prices of sales to affiliated and unaffiliated customers net of all movement charges, direct and indirect selling expenses, and packing. See *Final Determination of Sales at Less Than Fair Value; Certain Cold-Rolled Carbon Steel Flat Products from Argentina* (58 FR 37062, 37077, July 9, 1993).

Comparison Methodology

In accordance with section 777A(d)(1)(A)(i), we calculated weighted-average EPs for comparisons to weighted average NVs. The weighted-averages were calculated and compared by product characteristics.

Currency Conversion

For the purpose of the preliminary determination, we made currency conversions based on the official exchange rates in effect on the dates of the U.S. sales as certified by the Federal Reserve Bank. We were unable to obtain the official daily exchange rates as certified by the Federal Reserve Bank of Chicago, according to section 773A(a) of the Act, in time to use for the preliminary determination. However, we are expecting to receive these rates in time to use for the final determination.

Verification

As provided in section 782(i) of the Act, we will verify all information used in making our final determination.

Suspension of Liquidation

In accordance with section 733(d) of the Act, we are directing the Customs Service to suspend liquidation of all entries of circular welded non-alloy steel pipe from South Africa, that are entered, or withdrawn from warehouse for consumption, on or after the date of

publication of this notice in the Federal Register. The Customs Service will require a cash deposit or posting of a bond equal to the estimated amount by which the normal value exceeds the export price as shown below. These suspension of liquidation instructions will remain in effect until further notice.

The weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average margin percentage
RIH Group, including Brollo Africa and Tosa	135.36
All Others	135.36

The all others rate applies to all entries of subject merchandise except for entries of merchandise produced by RIH Group and its divisions: Brollo Africa and Tosa.

ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our determination. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Public Comment

In accordance with 19 CFR 353.38, case briefs or other written comments in at least ten copies must be submitted to the Assistant Secretary for Import Administration no later than February 27, 1996, and rebuttal briefs, no later than March 5, 1996. A list of authorities used and an executive summary of issues should accompany any briefs submitted to the Department. Such summary should be limited to five pages total, including footnotes. In accordance with 19 CFR 353.38, we will hold a public hearing, if requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs. Tentatively, the hearing will be held on March 8, 1996, time and place to be determined, at the U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department

of Commerce, Room B-099, within ten days of the publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. In accordance with 19 CFR 353.38(b), oral presentations will be limited to issues raised in the briefs. If this investigation proceeds normally, we will make our final determination by 135 days after the publication of this notice in the Federal Register.

This determination is published pursuant to section 733(f) of the Act.

Dated: November 21, 1995.

Susan G. Esserman,
Assistant Secretary for Import Administration.

Certain Cut-to-Length Carbon Steel Plate From Canada: Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent To Revoke Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of changed circumstances antidumping duty administrative review, and intent to revoke order in part.

SUMMARY: In response to a request from Sidbec-Dosco Inc., (Sidbec-Dosco) and Canberra Industries, Inc., (Canberra), the Department of Commerce (the Department) is initiating a changed circumstances antidumping duty administrative review and issuing a preliminary intent to revoke in part the antidumping duty order on certain cut-to-length carbon steel plate from Canada, the scope of which currently includes Cobalt 60 free cut-to-length carbon steel plate. See *Antidumping Duty Orders: Certain Corrosion-Resistant Carbon Steel Flat Products and Certain Cut-to-Length Carbon Steel Plate from Canada*, 58 FR 44162 (August 19, 1993). Sidbec-Dosco and Canberra requested that the Department revoke the order in part as to imports of cut-to-length carbon steel plate free of Cobalt-60 and other radioactive nuclides (Cobalt-60 free carbon steel plate) from Canada. Based on the fact that Bethlehem Steel Corporation, Inland Steel Industries, Inc., and U.S. Steel Group, a unit of USX Corporation, (the petitioners) have expressed no interest
