

latchkey children, children at risk of abuse or neglect, preschool children eligible for services under the Head Start Act, children at risk of dropping out of school, children at risk of becoming adolescent parents, and children who do not attend school and who are at risk of being unemployed.

Applicants from communities characterized by high levels of poverty and other forms of socio-economic distress; who are engaged in a community strategic planning process as evidenced by the preparation or submission of an Empowerment Zone/Enterprise Community application to the U.S. Department of Housing and Urban Development and the U.S. Department of Agriculture; or who provide services to communities that have been designated as Empowerment Zones or Enterprise Communities.

Applications From Community Based Organizations

◆ Eligible Applicants.

Modules A and B: Public and private non-profit organizations e.g., units of State or local governments, community-based organizations, universities, hospitals, colleges, and Indian Tribes/Tribal organizations.

Module D: In order for CSAP to fully inform the public on what type of prevention programs work among high risk youth, it must assess the program's replicability. Five projects were selected for replication because, on the basis of an initial evaluation, these projects appear particularly promising for preventing ATOD use among high risk youth. Self-replication is limited to only those 5 CSAP projects selected for replication. This is to permit a comparison of the project as implemented by the original and new project leadership in order to ascertain whether the positive outcomes are a function of the prevention strategies employed or the designers and leadership of the project. Replication of any one of these 5 programs by other investigators is open to the same categories of eligible applicants identified above for Modules A and B.

◆ Grants/Amounts.

Approximately \$19.6 million will be available to support approximately 60 awards in FY 1995 under this program as follows:

Module A. High Risk Youth.

Approximately 36 awards averaging about \$300,000 for a total cost of about \$11.478 million

Module B. Adolescent Females.

Approximately 13 grants averaging about \$300,000 for a total cost of about \$4.079 million.

Module D. Replications. Three (3) awards for self-replication of any one of the CSAP designated replication models, averaging about \$330,000, for a total cost of about \$1 million; Nine (9) awards for the replication of any one of the CSAP designated replication models by another investigator, averaging about \$330,000, for a total cost of \$3 million.

Assistance Number: 93.144.

◆ Program Contacts:

Module A: F. Tommie Johnson, Deputy Chief, High Risk Youth Branch, (301) 443-0353

Module B: Ulonda B. Shamwell, M.S.W., Chief, Perinatal Addiction Prevention Branch, (301) 443-4564

Module D: Judy Coulter, High Risk Youth Branch, (301) 443-0353

Address: Division of Demonstrations for High Risk Populations Center for Substance Abuse Prevention Rockwall II Building, Room 9B-03 5600 Fishers Lane Rockville, Maryland 20857

4.1.3 Community Prevention Coalitions Demonstration Grant Program

◆ Application Deadline: May 10, 1995.

◆ Purpose: To ascertain the feasibility and effectiveness of establishing and developing coalitions of multiple community partnerships that would work effectively to develop, implement, and coordinate programs directed toward: reducing the incidence and prevalence of ATOD use and abuse in their communities as well as the problems accompanying such behavior such as violence, adolescent pregnancy, infants born with FAS/FAE, drug related mortality and morbidity, HIV/AIDs, drug related injuries in the workplace, substance abuse related crime, mental illness, and in general, improve the health and safety of the communities under the aegis of the coalition.

◆ Priorities: In making award decisions, CSAP will consider applications recommended for approval by the IRG and the CSAP National Advisory Council. Other award considerations will include: applicants from communities characterized by high levels of poverty and other forms of socio-economic distress; who are engaged in a community strategic planning process as evidenced by the preparation or submission of an Empowerment Zone/Enterprise Community application to the U.S. Department of Housing and Urban Development and the U.S. Department of Agriculture; or who provide services to communities that have been designated as Empowerment Zones or Enterprise Communities.

◆ Eligible Applicants: Public agencies such as local, State and Tribal Governments; community-based or state-wide private non-profit organizations/agencies. In either case, the applicant must be part of an existing community partnership and must be designated to act on behalf of the larger evolving coalition of multiple partnerships proposed in the grant application.

◆ Grants/Amounts: Approximately \$33 million will be available to support approximately 100-125 awards. CSAP generally will expect grants not to exceed \$300,000 (for both direct and indirect costs). Actual funding levels will depend upon the program design and availability of appropriated funds.

David Robbins, Chief, Community Prevention and Demonstration Branch, (301) 443-2068

Dan Fletcher, Chief, Western Section, (301) 443-5660

Adrienne Terry Goode, Chief, Eastern Section, (301) 443-0532

Address: Division of Community Prevention and Training, Center for Substance Abuse Prevention, Rockwall II Building, Room 9D-18, 5600 Fishers Lane, Rockville, Maryland 20857.

4.1.4 Faculty Development Grants for Preventing Alcohol, Tobacco, and Other Drug Abuse

◆ Application Deadline: May 10, 1995.

◆ Purpose: To support training in substance abuse prevention for health care professionals (faculty fellows) located in academic institutions.

◆ Priority: The recruitment of minority faculty candidates and women and the inclusion of ethnic and cultural diversity issues in the training curriculum.

◆ Eligible Candidates: Because previously developed alcohol, tobacco, and drug abuse curriculum guidelines and materials can be readily adapted for use by the following health professions training programs, CSAP is limiting potential applicants to: accredited schools of medicine, osteopathy, public health, nursing, and dentistry; schools or departments of social work offering accredited master's/doctoral programs; university based departments or schools of psychology with appropriate accreditation for doctoral level training in clinical and/or counseling psychology. These materials were developed through (1) the joint National Institute on Alcohol Abuse and Alcoholism and the National Institute
