Pork Promotion, Research, and Consumer Information Act of 1985—Increase in Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: Pursuant to the Pork Promotion, Research, and Consumer Information Act of 1985 (Act) and the Pork Promotion, Research, and Consumer Information Order (Order) thereunder, this proposed rule would increase the rate of assessment of 0.35 percent of market value of porcine animals to 0.45 percent; and adjust the amount of assessment per pound due on imported pork and pork products to reflect the proposed 0.10 percent increase in the assessment rate and the decrease in the 1994 average price for domestic barrows and gilts. The proposed assessment increase and the

proposed adjustment in assessments on imported pork and pork products would increase annual funding of the promotion, research, and consumer information program by an estimated \$10 million to \$12 million over a 12-month period.
