**Notice of Submission of Proposed
 Information Collection to OMB**

AGENCY: Office of Administration, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for expedited review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and should be sent to: Joseph F. Lackey, Jr., OMB Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.

DATES: Comments must be received on or before February 27, 1995.

FOR FURTHER INFORMATION CONTACT: Kay F. Weaver, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street, SW, Washington, DC 20410, telephone no. (202) 708-0050. This is not a toll-free number. Copies of the proposed forms and other available documents submitted to OMB may be obtained from Ms. Weaver.

SUPPLEMENTARY INFORMATION: This notice informs the public that the Department of Housing and Urban Development has submitted to OMB for expedited processing an information collection package with respect to "Impact of Disaster on Low-Income

Rental Housing: Lessons from the Northridge Earthquake". HUD is requesting a 10 day OMB review of this information collection.

HUD is interested in learning as much as possible from the recent earthquake experience in Los Angeles so that the multifamily rebuilding process occurs efficiently and loss of low-income rental housing can be minimized when the next large-scale disaster strikes. This study will provide HUD systematic information about the impact of the earthquake on low-income rental housing.

The Department has submitted the proposal for the collection of information, as described below, to OMB for review, as required by the Paperwork Reduction Act (44 U.S.C. Chapter 35):

- (1) The title of the information collection proposal;
- (2) The office of the agency to collect the information;
- (3) The description of the need for the information and its proposed use;
- (4) The agency from number, if applicable;
- (5) What members of the public will be affected by the proposal;
- (6) How frequently information submission will be required;
- (7) An estimate of the total number of hours needed to prepare the information submission including numbers of respondents, frequency of response, and hours of response;
- (8) Whether the proposal is new or an extension, reinstatement, or revision of an information collection requirement; and
- (9) The names and telephone numbers of an agency official familiar with the proposal and of the OMB Desk Officer for the Department.

Authority: Section 3507 of the Paperwork Reduction Act, 44 U.S.C. 3507; Section 7(d) of the Department of Housing and Urban Development Act, 42 U.S.C. 3535(d).

Dated: February 1, 1995.

 Development and Research.*

**Notice of Submission of Proposed
 Information Collection to OMB**

Proposal: Information Collection Associated with the "Impact of Disaster on Low-Income Rental Housing: Lessons from the Northridge Earthquake".

Office: Office of Police Development and Research

Description of the need for proposed information and its proposed use: On January 17, 1994, a severe earthquake struck the Los Angeles metropolitan area, causing considerable damage to area housing. Reconstruction presented a major challenge for local, state and federal housing officials, especially reconstruction of low-income rental housing, a segment of the market particularly vulnerable to loss. The study will provide systematic information about the impact of the Northridge earthquake on low-income rental housing. Four data collection instruments will be used: (1) the Property-Owner Survey will be used to address a number issue, including the extent of earthquake damage, the physical and financial characteristics of damaged properties, owner reconstruction plans and financing, and recommended improvements to public assistance programs; (2) the Sample Monitoring Survey will explore major changes in reconstruction plans stated during the initial data collection effort; (3) the Follow-up Surveys will determine progress of reconstruction efforts, and identify major changes in stated reconstruction plans; and (4) the case study interview guide will detail the resources being used for reconstruction and problems being encountered by owners as well as detailed characteristics of the projects before and after the quake.

Form Number: None

Respondents: Property Owners of properties affected by the Northridge Earthquake
