# WARNING! News

----- Hot-Find Software-----

THOSE THAT ARE A BIT EXPERIENCED IN WAREZ AND KNOW THE RULES WON'T BE NAIVE TO BELIEVE IN FACT THAT HOT-FIND IS THE SOFTWARE THAT ONLY TRACKS "OTHERS" AND SEARCHES FOR "OTHERS" STUFF ON HOTLINE.

IF YOU ARE SUSPICIOUS OF THAT PIECE OF SOFTWARE...YES...YOU ARE TOTALLY RIGHT.

ONCE INSTALLED ON YOUR HARD DRIVE IT WILL SEND ALL THE TRANSACTIONS AND TRANSFERS' INFO RIGHT TO WHERE YOU ALWAYS WERE AFRAID TO SAY AT LOUD...

IT IS A TRUE TROJAN THAT WILL SEND ALL DIRECTORIES OF YOUR ENTIRE HARD DRIVE, NOT ONLY HL FOLDER.

IT WILL SEARCH FOR YOUR PERSONAL INFO AND WILL SEND IT OUT TOO...NOT FOR ONE SECOND USE THAT PIECE OF SHIT!!!

GET RID OF IT EVEN BEFORE YOU TRY IT. TRY OUT VERSION WILL USE SAME PROCEDURE, NOT ONLY FULLY FUNCTIONAL ONE.

THIS IS A PART OF A PROGRAM BEING DEVELOPED TO FIGHT SOFTWARE PIRACY. DONT USE HOT-FIND 1.0 - IT IS FOR REAL !!!

Till Next...
