

# How to Make a Shuriken

Use two square sheets of paper and combine them. Be sure to use different colors!  
Please note: These instructions include directions for folding two sheets of paper, Sheet A and Sheet B.

For both Sheet A and Sheet B.

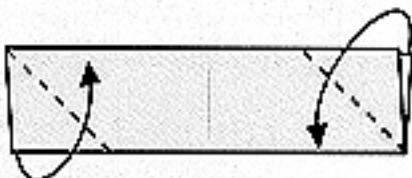

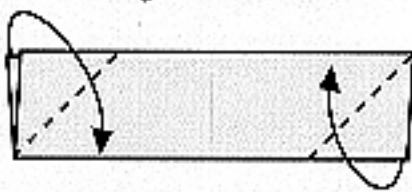

1. Make dotted lines at the top quarter of the page and at the bottom quarter of the page. Fold from the top and from the bottom, along the dotted lines.

2. Fold in half.

For Sheet A

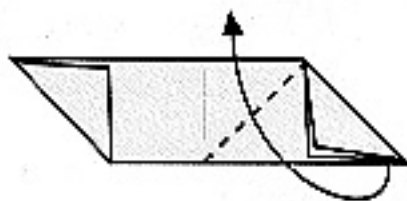

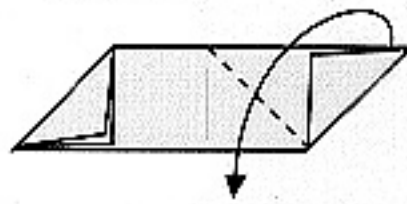

3. Fold the triangles, as shown in the diagram.

For Sheet B

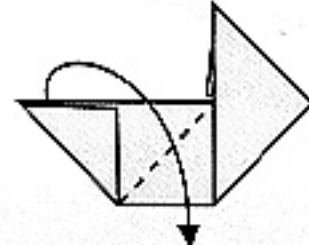

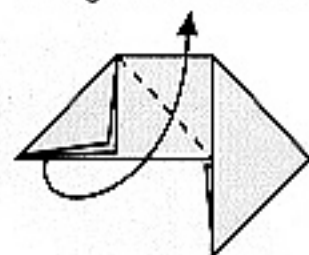

3. Fold the triangles, as shown in the diagram.

4. Fold down along the dotted line.

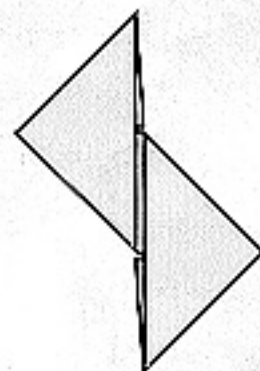

4. Fold up along the dotted line.

5. Fold the edge up along the dotted line.

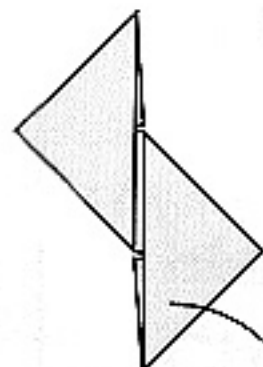

5. Fold the edge down along the dotted line.

To be used when the origami are combined.

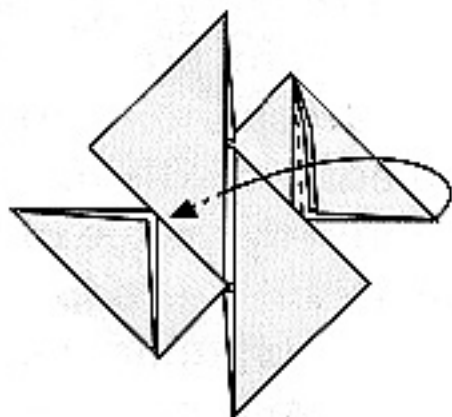

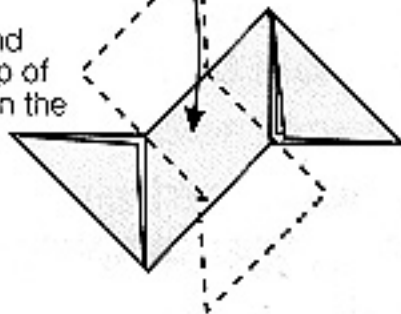

To be used when the origami are combined.

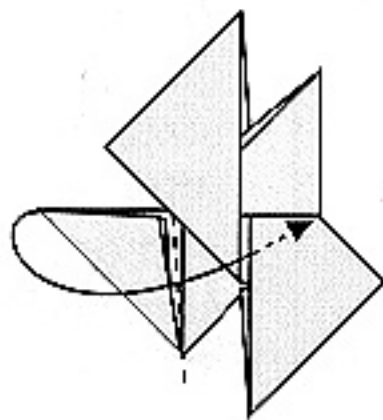

Directions for putting A and B together.

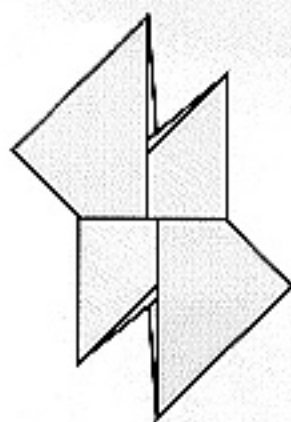

7. Invert B and place A on top of B, as shown in the diagram.

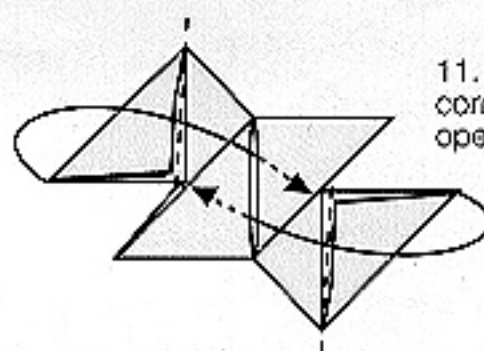

8. Fold the corner into the opening, as shown in the diagram.

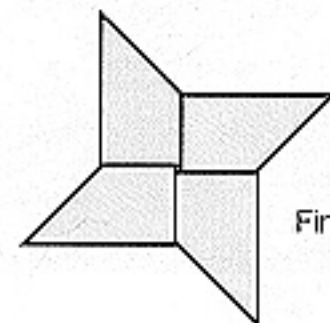

9. Fold the corner into the opening, as shown in the diagram.

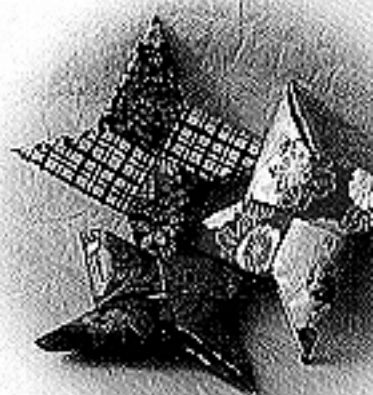

10. Turn over.

11. Fold the corners into the openings.

Finished!

**Note: Please do NOT throw the star knife at other people because this can be dangerous.**
