EVERYTHING into the future is about 9-11 ... forever!

Shouldn't we at least peek behind the curtain.

Here is a silly analogy that is a good analysis of the "9-11 Truthiness Movement", as told to a fledgling 9-11 skeptic (paraphrased):

Imagine the facts about 9-11 are a handful of Tic-Tacs. But those Tic-Tacs are buried in a steaming pile of dog manure, called "9-11 Truth Movement". How many times is John Q. Public or Jane Q. Public going to stick their face in the steaming pile of dog manure to dig out the Tic-Tacs of Truth so they can have fresh breath?

What does that mean? (Tic-Tacs CONTINUED)

My original intent was to compile available information on 9-11, which I was sending out via emails. Compiling a flood of info became relatively easy. Editing for relevance and concision, eliminating falsity and ambiguity, far more difficult and time-consuming. Thanks for patience and understanding.

MOST OF 9-11 "TRUTH" is a CIRCUS. The Internet is flooded with a thick slurry of mix-and-match disinformation. The GOOFS are given the widest prime time media coverage. Serious facts are obscured, and details are either ignored or expanded to infinity. Freaks and ridicule is fun.

**Meet the Founder of Al-Qaida**

Zbignew Brzezinski, National "Security" Adviser under Jimmy Carter, intelligence advisor under Ronald Reagan and Bush Sr., advisor to Kennedy and Johnson, and everyone in between and beyond, also co-founder (with Rockefeller) of the Tri-Lateral Commission and also member of the CFR, Tri-Lat's "older sister".

Zbig bragged that he founded "Al-Qaeda" in 1979, PRECEDING any Russian invasion.

DO NOT MISS Brzezinski Quotes (in his own words)

once you understand WHY 9-11, the answers to HOW become moot and irrelevant

Zbig unleashed radical Islamic Terrorists to provoke a Soviet response, to "increase the likelihood" that Russians would invade Afghanistan, using terrorism as a lure to start a war and to trap Russia in a "Nam-style quagmire conflict.

The 2nd goal was to overthrow the LEFT govt in Kabul, which was attempting to modernize Afghanistan in a manner which would have provided less "opportunity" for looting by the Totalitarian Global "Capitalists" like Rockefeller and his cronies.

Al-Qaeda was born as a CIA/National Security covert project of Brzezinski on July 3, 1979? When did Clandestine Services QUIT funding Al-Qaeda? What's that date? I don't believe we've been given one.

(audio: Ed Griffin disputes that these people are legitimate "capitalists" at all. Most Libertarians like the late Murray Rothbard and Lew Rockwell do not count fiscal theivery protected by govt force and cartelization as "capitalism". Cartel: A consortium of companies formed to limit competition)

Zbig BRAGS about launching Al-Qaeda "to induce a Soviet military intervention".

"Regret what? That secret operation was an excellent idea."

He even said he'd do it all over again.

Sen. Orrin Hatch agreed: Al-Qaeda was a good idea.

We're pawns, too... Have You Forgotten 9-11?!

By pure definition, this was/is a criminal conspiracy, thinly veiled by the "legality" of Carter's Executive Order, then by Reagan's continued complicity, Bush, Iran-Contra, and Clinton's Balkans wars, support for Al-Qaeda and Global Terrorism covering five administrations.

More than negligence. Willfully harming America is clearly factually legally TREASON. Agreed?

Taken at face value, the 9-11 attack has been described as "blowback" by official sources and "the Left" like Chomsky and Parenti. This is the theory that a reckless CIA op from the 80's accidentally backfired on America ... 25 years later.

BLOWBACK OUT MY ASS
Blowback might make sense, except for
several key facts:
ongoing complicity with Al-Qaeda after they were declared ‘terrorists’, the unexplainable Standdown of air defense on Sept 11, plans to invade the M.E. for decades, history of false-flag military operations and huge frauds.

America: Freedom to Fascism via planned bankruptcy

Yet, despite ALL THIS COLLUSION AND MORE, these "Islamo-fascist mercenaries" subcontracting thru Pentagon or CIA are still considered an "outside enemy" by most of the American public.
(I do NOT accept all of Dave Emory's anti-fascist-Arab viewpoint at face value, though there apparently are historical links btw Third Reich Nazis and certain Arab leaders. Emory deems the War on Terror as 'legitimate' since it is ostensibly against some Wahabbi Islamic groups which are literally tied to Third Reich fascism. However, Emory presents clear evidence that the Neo-con Cabal staging the GWoT is also rooted in Nazis and linked to Wahabbs. Is Washington waging war on itself? Not yet. (Maybe a few military officers are "in the know" and quietly working to affect change.)
Emory ties fascist-types in the Middle East to the US establishment via their Nazi past (Allen Dulles), and mentions similar historical ties between Zionists and Nazis, but I think he underemphasizes these very real links which de-legitimize the military war. Emory also discounts the Palestinian plight and resistance as wholly a fascist psyop, when there is MUCH obvious info, including from Israeli Jews, that de-legitimizes their cry for Right of Defense.)

HOW THEY MIGHT'A DONE DID IT

WHICH IS A TERRORIST MASTERCIND?

Ali Mohammed, Egyptian Intelli, top Al-Qaeda, Osama's Lt. and tactician, US Army Special Forces, known to FBI/CIA. Convicted, held for sentencing, "disappeared" from Fed prison.

Richard Reid, homeless guy sleeping on the floor of a mosque in England. Tries to board plane and light his shoes on fire.

Pakistan's Inter-Services Intelligence (ISI) worked with our CIA for at least 25 years, training, equipping, coordinating Wahabbi-Islamic Extremists as our covert or overt terrorist "tools". (We select ISI's leadership, they work for us.)

FINANCING TERROR: The FBI quietly confirmed (yes, FBI!) that one of our top 9-11 allies, their top intelligence official wired funds to the (reputed) 9-11 terrorists. This occurred a few days before this very same Pakistani official flew to Washington for red carpet treatment on Sept 4-13, to attend high-level meetings with our top "counter-terrorism" officials --- allegedly for routine consultations to "prevent" terrorism. This one fact alone should be enough for pitchforks and nooses in the streets.

9-11 Commissioners have publicly stated that they did not look into the money trail because it was unimportant.

Pakistan Briبد 9/11 Commission to leave out damaging info.
Despite apparent complicity with terrorism -- on our behalf -- ISI's leader was picked to be OUR ALLY in fighting terrorism, and Gen. Ahmed's American managers and close counterparts were promoted to lead our Intelligence.

see top of Fake-terrorism section or Ahmad section below

(Note: Please remain skeptical, but the facts add up to serious doubts about any Al-Qaeda involvement whatsoever with 9-11. The Al-Qaeda meme sold to the public seems to be a clever rumor, a meme designed as a red herring to distract and to justify a pretext to invade the Middle East. These plans had been discussed in the public media (Harpers Magazine, other) and developing since 1975.

Like it or not, Al-Qaeda itself is clearly, undeniably an Intelligence project of the US Govt, or US "shadow govt" if you prefer.

Remember, we were given zero evidence on Al-Qaeda at first. Since then, most of the govt's Al-Qaeda story has been heavily debunked, and a lot has been shown to be shaky and unable to stand up to scrutiny. There's nothing there except rumor and innuendo.

The conclusion is simple, and terrible: The U.S. government is willing to spend more than $1 trillion to crush Iraq, but can’t be bothered to spend even a tiny fraction to keep Iraq’s 26 million citizens from going without food, clean water, health care ... or work or education. NOR assist desperate Americans. Nor even support our Troops.

Our "massive Soc. Security shortfall" = cost of 1 year destroying Iraq. DEMOCRATS and Tri-Laterals wanted a "MANAGED CHAOS" of the Middle East. Aggressive NEOCONS want wholesale "CREATIVE DESTRUCTION". Civil war in Iraq was praised by Daniel Pipes.

In a Sept. 29 statement, Judicial Watch added that, "This conflict of interest has now turned into a scandal. The idea of the president’s father, an ex-president himself, doing business with a company under investigation by the FBI in the terror attacks of September 11 is horrible." Judicial Watch demanded that President Bush make his father pull out of the Carlyle Group.

DEMOCRATS

"I think Bush's re-election took the steam out of the anti-war movement," said New York activist Michael Letwin.

Which is precisely what Kerry's pied piper, alternative candidacy pretense was intended to achieve. The Kerry presidential bid co-opted anti-war sentiment; diverted resistance from anti-war protest to pro-Kerry canvassing; and then disenchanted the opposition to the war when their 'hero' fell without challenging the "stolen election."

The election wasn't really stolen. It's not theft if you hand your DVD player to friend and fail to report it stolen. That harsh reality is only recently dawning on Kerry's more stalwart supporters. We deserve better than "anyone-but-Bush".

However, voting for Kerry was rewarding in some ways. The sheer size of Kerry's winning margin had the U.S. establishment pulling out all the stops to conceal the actual outcome of the election. And the resulting hoopla forced the election fraud issue onto the floors of the U.S. Houses of Congress and into the political awareness of millions of anti-establishment voters. Why? Even though Kerry offered only more horrible foreign policy than Bush, it was important to keep the lid on Sept 11 in the public venue, by keeping Democrat power out of the White House, for a time. Did bin Laden "mind-meld" the military? Did he drop valium into the coffee pots? Was there a real Al-Qaeda "mole" in the FBI, as Colleen Rowley suggested? Yes. His name is Dave Frasca (see below).

(Standdown.net has a revealing timeline of the events of Sept 11, but friends at B4N included this site on the "CIA Fakes" list, due such things as the "parent" site Loveearth.net containing such idiotic things as a "Crop Circles Calendar", the "In Plane Site" hoax movie, and a zillion other celebrity sites and assorted disreputable garbage. So, I'd say, read the timeline if you want, don't buy the Crop Circles stuff.

But consider just the obvious: For UNEXPLAINED reasons or lame reasons, the entire US Defense network, running on established automated routine protocols, failed to even INTERCEPT even one hijacked plane -- that is, fly up next to -- let alone PROTECT HIGH PRIORITY and VITAL PROPERTIES in NYC or Washington, despite ample time over 15 times the normal response time of 6 minutes. Did the DRILLS get in the way? Gen. Eberhard stated on CSPAN that the drills speeded up their response time. Good thing. Otherwise, it might have been a real disaster.)

Of course these Al-Qaeda guys weren't just ANY Nomads -- they had been heavily funded via various shadowy Intelligence conduits tied to the CIA, and trained at US Military installations in the 80's, 90's and beyond.

The US govt offers SEVERAL CONFLICTING OFFICIAL VERSIONS about "points of failure" woven into the official report --- or left out, depending on the question. For example, FAA vs. NORAD timelines conflict with each other, per Mike Ruppert's careful side-by-side analysis, and Gen. Eberhard contradicts Mayor Giuliani about FEMA arriving in NYC on Sept 10.

Trickery and Treachery - pretexts for other wars

For more than three months, structural steel from the World Trade Center has been and continues to be cut up and sold for scrap. Crucial evidence that could answer many questions about high-rise building design practices and performance under fire conditions is on the slow boat to China, perhaps never to be seen again in America until you buy your next car... Fire Engineering has good reason to believe that the "official investigation" blessed by FEMA and run by the American Society of Civil Engineers is a half-baked farce that may already have been commandeered by political forces whose primary interests, to put it mildly, lie far afield of full disclosure. Except for the marginal benefit obtained from a three-day, visual walk-through of evidence sites conducted by ASCE investigation committee members - described by one close source as a "tourist trip" - no one's checking the evidence for anything.
(Fire Engineering Magazine, January 2002)
Since 'Ground Zero' was, by all accounts, the site of a mass murder, the actions taken collectively by federal officials amounted to nothing less than the willful, deliberate destruction of evidence in a criminal investigation.

Even if we accept the claim that (smoldering office) fires raged in the towers with enough intensity to cause the spontaneous failure of structural steel elements, and even if we accept that those elements failed in a uniform, perfectly symmetrical manner, and even if we simply ignore the fact that the cores of the towers were inexplicably pulverized, we still are left with no explanation of how WTC7 - which did not have an open floor plan that could have rendered it susceptible to 'pancaking,' and which was not hit by a fuel-laden airplane - imploded in essentially the same manner as the towers, and on the very same day.

US Plans for Martial Law, Tele-Governance
The U.S. government and its military and corporate officials are fond of making the pitch to the American public that the U.S. Constitution mandates that their survival, above all others (ours), is absolutely
necessary to ensure that the government that emanates from that document survives a debilitating attack.

It is astonishing that the American public believes such absurdities.

Tony Blair and Vlad Putin and John Howard are doing the same things in London, Moscow, and Canberra, Australia (near Sydney), seizing power for the Executive Branch and placing themselves beyond the law, beyond dissent, beyond appeal and voting, and erecting and expanding domestic spy networks.

Other branches of the establishment, such as Kissinger disagree with imminent war. Richard Perle is also chairman of Rand.

Saudis DID support terrorism ... on behalf of the CIA and on orders from Brzezinski. Rand Corp even agrees that Saudis helped the US by supporting the "mujahideen", "mujahideen" = "freedom fighters" - minus some flimsy distinctions = "Al-Qaeda" -- "a rose by any other name ..." as Shakespeare said.

Operation Northwoods 1962
Extreme Machiavellian interventionist covert plan that involved CIA bombing US cities and other targets and killing Americans, to blame a foreign enemy, Cuba, and launch World War III.

Everyone among the Joint Chiefs, heads of all 4 Armed Forces and Intelligence, signed off on this plan to use Americans as human sacrifices to war ... all except one lonely President. He died. Suddenly. With some "mystery" about who killed him. JFK redux?

The main guy JFK fired over Northwoods, Bay of Pigs, and Operation 40, whose job description included arranging coups and assassinations, was appointed to manage the inquiry into JFK's violent and sudden death. This same guy also arranged financing for Hitler in the 30's: Allen Dulles.

FBI in 1993 WTC bombing - total penetration -- actually, total leadership!

In the February 26, 1993 WTC bombing, which killed 6 and injured 1000, that "the FBI cooked the bomb, trained the driver, recruited some 'retarded' Muslim patsys to carry it out, etc." Alex Jones explained that the 'guilty' had IQ's of 75 and 85, which perhaps is an exaggeration to call them 'retarded', but they certainly wouldn't be "masterminds".

Ralph Schoenman offers a more detailed story on exactly HOW much the FBI was involved in this "sting" operation --- hard to believe, but it was 95% an inside job.

The ONLY part that was NOT run by FBI was the actual parking of the truck ... which the two borderline retarded Arab patsys screwed up. (As you might recall, they parked too far from the pillars.)

EVERY OTHER ASPECT of the 1993 WTC bombing = planning, recruitment, organizing, safe house, procurement, bomb-making instructions, actual bomb-making, etc. --- was all directed by the FBI in this deadly "STING". Orders to use LIVE bombs came from the FBI handlers. FBI rejected suggestions by the infiltrator-informant to substitute FAKE explosives. The truck bomb was going to be planted.

Emad Ali Salem (Egyptian Intell agt) wore a wire and transcribed all meetings for his FBI handlers. He also taped his FBI supervisor admitting they insisted on a live bomb over his objections, and asking him to not tell Washington.

DETAILS IN 15 MIN VIDEO of Schoenman (Windows media)

and note below: (FBI informant tied to Tim McVeigh and Oklahoma City) Lattimore's credit card

Another agent, identified as Nancy Floyd, does not dispute Mr. Salem's account, but rather, appears to agree with it, saying of the 'New York people':
"Well, of course not, because they don't want to get their butts chewed."

(Obviously, the use of the word "sting" is itself an obscene stretch of logic. Patrick Fitzgerald and Michael Chertoff were both leading this prosecution.)

Some suggest that Salem feared he would be "stung" as well by his ruthless handlers, hence the C.Y.A. maneuver.

BUT WHY??!!!  WHY WOULD THEY?
GOTTA ROLL OUT THE FASCISM ON SCHEDULE.  PROJECT DELAYS ARE TO BE AVOIDED.
Hey, the Cold War PSY-OP had just ended.  Gotta develop a casus belli, a pretext for war, lest we fall victim to a "peace dividend".  Now that would truly be a horror.  Think of all the lower taxes, money wasted on public works, wealth redistribution to domestic projects.  Think of all those poor little CIA, FBI, Pentagon, and mil-corp kiddies going to bed hungry every night, all the people losing the sharp mental focus that grows out of patriotic suicide missions.  (This last part is the literal opinion of Michael Ledeen.)

The FBI benefited greatly from the World Trade Center bombing. In particular, the bombing resulted in the proposal of the 1995 Counterterrorism Bill greatly expanding federal authorities' budgets and powers.

Attorney Lynne Stewart has been convicted by Patrick Fitzgerald under the PATRIOT ACT, and is facing 30+ years in prison, for providing rigorous defense for her client in this matter of the FBI-sponsored 1993 WTC attack. Lynne is a political prisoner, of the type we associate with (US-backed) Third World dictatorships.

Jayna Davis had a lot to say about OKC, backed by James Woolsey.

Patrick Briley asks, It is troubling that the man who brought McVeigh’s Iraqi helper to OKC is former CIA director Woolsey, the same man who vetted Jayna Davis book on the OKC bombing, The Third Terrorist.

Not only that,

- Black Muslim Melvin Lattimore (Muslim name is Menepta) also was an FBI informant who encouraged and helped McVeigh and was associated with Muslim Middle Eastern terrorist groups including Al Qaeda, Iraqi agents and Al Fadqra in the US.
- Lattimore also worked at the same time both with Middle Eastern and US domestic terrorists associated with Christian Identity
- Lattimore’s credit card was used to buy the bomb making materials used in the 1993 WTC bombing fully orchestrated by the FBI, as well as the diesel fuel used by McVeigh.

THE TERRORIST MONEYMAN

I wonder what they had for breakfast ...
(this is a slam dunk section)

Pakistan Intelligence (ISI) is our "ALLY" in the War on Terror.
Yet ISI --- the "baby sister of CIA" --- has long been CIA's main conduit for CREATING and OPERATING the Islamic terrorist network .. with help from "Reagan's freedom fighter" Osama bin Laden.

- Pakistan ISI has long supported Al-Qaeda, the "invisible enemy", even according to the CFR (Council on Foreign Relations).
- CIA, in turn, supports and directs Pakistan's ISI.
- DO THE MATH.

It gets worse: Paki officer Lt.General Mahmoud Ahmad --- who "Counter-Terrorism" officials Graham and Goss picked to be our ALLY in the War on Terror --- wired $109,000+ to the "lead terrorist" Mohamed Atta in Venice, FL, before Sept 2 --- via his conduit Saeed Sheikh. Sheikh was later convicted in the throat-slitting murder of Daniel Pearl, WSJ reporter.

India provided intelligence including from cellphone records. FBI confirmed that Ahmad was a key "money man" behind 9-11. (there were other money transfers)

PORTER GOSS THE NEW CIA HEAD LINKED TO FUNDING 911 TERROR ATTACKS
"None of this is news, but it's all part of the finger-pointing," Goss declared yesterday in a rare display of pique. "It's foolishness."

(see: Porter Goss exonerates himself)
Ahmad was having breakfast in Washington on Sept. 11 ... after he paid the terrorists. There, he attended high-level meetings to "prevent terrorism". When this came out, everybody shut off all questions about him. Are alarms going off yet?

Bob Graham, John Kyl, Porter Goss - "counter-terrorism" experts

Top US Intelligence had just met with Ahmad in Islamabad (Pakistan), including CIA Dir George Tenet and Senator Bob Graham (D-FL) and Rep. Porter Goss (R-FL), just days before the money transfer. MORE ON BOB GRAHAM

But Ahmad -- approved for his position at ISI by the CIA -- was invited to Washington for meetings from Sept 4-13. General Ahmad met Colin Powell, CIA Director George Tenet, Deputy Secretary Richard Armitage, Porter Goss (R-FL) (our new CIA director), Bob Graham (D-FL).

Ahmad has links to Colin Powell, and to Mohammed Atta. Hold me, Mommy.

THIS AL–Qaeda FINANCING THING and MOHAMED ATTA ISSUE ITSELF MAY BE A RED HERRING.

There is much evidence which does NOT credibly point to the Arabs, and which is rife with contradictions, and some which strongly points away.

Not your typical picture of an Islamic Martyr.
The relevance of this entire section depends upon whether you believe the official story, but it clearly proves that something is fishy.

MORE info on MONEYMAN ...

Dave Frasca was the FBI chief who blocked repeated pleas by Colleen Rowley to get a search warrant from the Ashcroft Justice Dept. on Moussaoui's laptop, and Frasca also blocked or ignored FBI field agents in Arizona talking about terrorists training at US military bases, and prevented these two field offices from connecting the dots with each other.

(Zacarias Moussaoui fought FOR the CIA in Chechnya, and met with Mohamed Atta in Florida.)

Agent Harry Samit testified under cross-examination at Moussaoui's trial that FBI headquarters refusal to follow up prevented a serious opportunity to stop the 9/11 attacks that killed nearly 3,000 people. FBI supervisors ignored 70-80 warnings and memos he sent.

Question: Why did Dave Frasca -- who blocked these FBI agents attempts to investigate terrorists -- get a promotion too, just like Porter Goss and others?

I WOULD THEREFORE ESTIMATE AT LEAST 150 MEMOS FROM FBI AGENTS TRYING TO PREVENT 9-11 --- AND MORE SINCE THEN TRYING TO TRACK THE CULPRITS OR PREVENT FUTURE TERRORISM -- ALL WHICH ARE BEING IGNORED --- AND FBI AGENTS ACTUALLY SUFFER RETALIATION FOR EXPOSING THIS 'INCOMPETENCE'.

BUT CAN THAT STILL BE CALLED INCOMPETENCE?! I THINK NOT.

Would YOU have gotten a promotion (in Plant Safety at GM for example) if you killed 3000 people, by disconnecting the fire alarms?

How can people shrug this off as mere cronyism and incompetence?

Chossudovsky: *The foreknowledge issue is a Red Herring:* a fallacy in which an irrelevant topic is presented in order to divert attention from the original issue.

Meanwhile, the U.S. media had already coined a new set of buzzwords: "Yes, there were warnings" and "clues" of possible terrorist attacks, but "there was no way President Bush could have known" what was going to happen.

The Democrats agreed to "keep the cat inside the bag" by saying: "Osama is at war with the U.S." and the FBI and the CIA knew something was cooking but "failed to connect the dots."

The suicide hijackers were instruments in a carefully planned intelligence operation. The evidence confirms that Al Qaeda is supported by Pakistan's military intelligence, the Inter-services Intelligence (ISI). Amply documented, the ISI owes its existence to the CIA:

"With CIA backing and the funnelling of massive amounts of U.S. military aid, the ISI developed [since the early 1980s] into a parallel structure wielding enormous power over all aspects of government...The ISI had a staff composed of military and intelligence officers, bureaucrats, undercover agents and informers estimated at 150,000."

The airlift of evil rescuing Al-Qaida from the Mountains

NEW YORK, Nov. 29, 2001  The United States took the unprecedented step this week of demanding that foreign airlines provide information on passengers boarding planes for America. Yet a half dozen or more Pakistani air force cargo planes (always under CIA control) landed in the Taliban-held city of Kunduz (while it was under heavy assault by US-backed Northern Alliance) and evacuated hundreds of soldiers who fought alongside the Taliban and even al-Qaida, against the United States. What's wrong with this picture?

Report says that out of 8000 trapped Taliban, 3300 were captured, meaning 4000 to 5000 were flown out to safety on orders of Donald Rumsfeld.

In the meantime, taxicab drivers and goat herders are kidnapped for US-paid ransom and sent to Guantanamo.

The Oil Pipeline connection covered by Michael Moore is substantiated by members of Congress, like Dana Rohrbacher (R-CA) who was "in love" with the Taliban, and eager to get them legal acceptance in Congress, (based on their nonexistent "support for women's rights"). Read how he sings about how wonderful they are.
The FBI recently named the United States Constitution a potential "terrorist document".
