

**"Then he drew forth the silver key, and made motions and intonations whose source he could only dimly remember. Was anything forgotten? He knew only that he wished to cross the barrier to the untrammled land of his dreams and the gulfs where all dimensions dissolved in the absolute."**

***THROUGH THE GATE OF THE SILVER KEY***  
**by H.P. Lovecraft**

Apocalypse is the Greek word for Revelation, and the purpose of this ritual is to reveal to the student every aspect of the psyche from the innermost to the outer, and transform the student into a vehicle for the Light. Upon completing this ritual in its entirety, the student is an Ipsissimus whose work on themselves is completed. The term for this is Transcendence. This is the highest point that a soul can evolve to while still incarnate in a physical body. It is complete identification with that part of the consciousness that survives what we call death.

It is advised that the student have been practicing the [LBRP](#) (revised version), Ritual of the Middle Pillar, and Circulation of the Body of Light for at least a week or so before undertaking this ritual. The amount of time spent with the rituals is not crucial, but the student must be proficient in them and have memorized them before performing this one. The ritualist should also be proficient at Meditation.

If you have physical ailments that you have previously ignored, they may be agitated after the calling of the Governors of ZAX (The Abyss). The ritualist should do what he/she can to deal with the problems but not stop the ritual. The negative effects will end when the ritual is completed.

The result is a complete understanding of the psyche and the individual's place in the world. The ritualist may also notice synchronicities occur in their life during the ritual and well after. **It is very important to perform this ritual *exactly* as written unless otherwise directed.** This working is not to be undertaken lightly. Once it is completed, the ritualist will have reached the state known as Transcendence. This is possible without the aid of any order, individual, or other outside agency.
