So who killed Jane?

On December the 26th 2005 in Toronto Canada Jane Creba became a victim of the Liberal's Policies

While the politicians try to find their balls for the politically correct answer about gun violence in Toronto, an innocent bystander was gunned down by a low-life scumbag 'gang' member. Who is to blame? The current and former Liberal government of Canada. Why?

The Liberal Government is complicit in the Murder of Jane Creba by their Open Border Policy. This Policy has brought in millions of non-assimilated immigrants that have changed the face of Canada from a peaceful lawabiding people to cities full of criminal gang members. It's not GUNS, It's Immigration STUPID!
