

## SIGNATURE COLLECTION AND VOTER REGISTRATION GUIDELINES

People must be a registered voter to sign the petition to put 'The White People Party' on the ballot.

You may register the person to vote at the time you have them sign the petition, but the voter registration card must be Post Marked or dropped off at the Department of Elections the same day they filled it out.

Only people who are not registered to vote need to fill out a voter registration card.

Always ask people who say they are a registered voter, if they voted in the last Election, anybody who failed to vote in the previous Election has been purged off the Voter registration rolls and needs to re-register

As of October First 2005, there will be a three day grace period for the voter registration to be post marked or dropped off at the Department of Elections, so in the mean time make sure all Voter registration cards are post marked the same day they sign it.

Only one 'county' may be represented on any single petition

All governmental buildings must accommodate signature collectors with a convenient location to reach most people coming in and out of the building.

Please have everybody include their zip code and phone number when signing the petition

Return petitions to:

White Peoples Party PO Box 15151 Las Vegas NV.89114-5151

Or call 702-304-1488 to arrange for pick up
