

BY PRESIDENTIAL DECREE

IS BLACK HISTORY MONTH

In April of 2001, blacks went native in Cincinnati, setting fire to more than 100 homes and business, and looting countless others. Dozens of whites were pulled from their vehicles and beaten senseless.

Blacks are likely to riot whenever there is a large number of them together in one place. They will go on an anti-white rampage *the moment circumstances make it safe to do so.*

WARN YOUR CHILDREN: A KNOWLEDGE OF BLACK HISTORY COULD SAVE THEIR LIVES
