

# Does This Man Scare You?

Here are some actual quotes from a speech Clinton gave at Portland State University in June:

"I believe it's wrong to deny law-abiding immigrants benefits available to everyone else. I believe new immigrants are good for America. They are revitalizing our cities. They are building our new economy. They are strengthening our ties to the global economy.

"America has constantly drawn strength and spirit from wave after wave of immigrants. In each generation, they have proved to be the most restless, the most adventurous, the most innovative, the most industrious of people.

"Each year, nearly a million people come legally to America. Today, largely because of immigration, there is no majority race in Hawaii or Houston or New York City. Within five years there will be no majority race in our largest state, California. In a little more than 50 years there will be no majority race in the United States."

In fact, today's immigrants from the Third-world are *destroying* the nation our immigrant ancestors from Europe built. Do you believe that an America which is more African, more Mexican, and more Asian will be a better America? If not, contact the National Alliance today.
