Immigrant Gangs Target America

RECENTLY, police identified over 500 non-White gangs operating in *one* suburban county alone, and the same thing is starting to happen all across America. Several of these gangs boast memberships in the thousands. Federal authorities—also to blame for our current overload of Third World immigrants, legal and illegal—have tied the hands of local police everywhere in their efforts to combat this growing problem.

sault to kill or maim.

They aren't going to assimilate. They are going to destroy our heritage and replace us—unless we organize for our own interests.

Several of our southwestern states have already been devastated—and had their health and social service infrastructures overloaded and nearly destroyed—by this kind of immigrant 'diversity.' It's time to organize to defend ourselves and to tell our government that we've had enough.

It's time to take our country back.

Say NO to Third World immigration. Say NO to toleration of illegal aliens. Say NO to gangs.
