NO MORE WAR FOR ISRAEL!

Jewish control of the mass media, NATO, and the U.S. government is leading to disaster.

Israeli war criminal Ariel Sharon and his puppet, George W. Bush, are leading America into perpetual war.

George W. Bush would never have been elected president if he had not previously sold out to Israel, which now effectively controls U.S. foreign policy. Under the domination of Jewish neoconservatives, the U.S. launched an illegal war of aggression against Iraq, a country which never posed a threat to American interests. This war, and its planned extension to Iran, Syria, and the rest of the Middle East, is for the expansion and enrichment of the Jewish supremacist state of Israel.

The Bush Administration's lies that supposedly justified this debacle are being exposed, as no sign has been found of the purported weapons of mass destruction. America is now sinking into the quagmire of a perpetual, un-winnable war. How much money and blood are we willing to spend to advance the imperialistic, genocidal aims of the terrorist state of Israel?

GET US OUT OF THE MIDDLE EAST NOW!
